IK LLC, mutual funds and Garnat LLC DM, which at that time was purchased by QBF Group employees with instructions from Munaev Zelimkhan (August 2020). Munaev Zelimkhan asked him to become the owner and CEO of "Marketplace My Finance" JSC, justifying this position by the fact that the company is opened for his (Amerov R.F.) project, and he will be able to quickly conclude agency contracts with service providers and add them to the Marketplace site, sell them online and through partners in the future, as well as eventually make a licensed product line of trust management in LLC Management Company "Granat", which was later renamed to LLC Management Company "My Finance". To start this project, in addition to developing the website, it was necessary to develop software for the product design process of external service providers, to find and attract service providers and potential partners to sell their product line. In order to finance these tasks, Munayev Zelimkhan organised the transfer of funds with further crediting to the settlement account of Marketplace My Finance from QBF LLC in the amount of RUB 3,350,000 and from QBroker LLC in the amount of RUB 540,000. According to these agreements, by the end of 2021, the company JSC Marketplace My Finance was to provide full advertising of the services of the above companies: advertising of DM products (IIS) from IK QBF LLC, advertising of the structured product VOD from QBroker LLC. In addition to these payments, Munaev Zelimkhan said that he would also receive funds for the development of the company, but after 25 May 2021, the cash flow stopped. Thus, it was not possible to complete the development of the website and provide advertising services, in view of which "Marketplace my Finance" JSC had accounts payable to the above mentioned companies under both contracts. The transferred funds were spent on renting a new office (from March 2021), where QBF's employees - approximately 15 people and only 2 employees of Marketplace Moi Finansy, a.s. - were actually located. The funds were also spent on buying furniture for the new office, laying cables, connecting and paying for internet, and several payments were made for the development of the website, but the development was not finalised. Due to the fact that the funds on the current account ran out, and Munaev Zelimkhan and other employees of the group stopped contacting me, since August I have surrendered the premises to the landlord, cancelled the lease agreement, the amount of debt to the landlord is currently about 1 million rubles, including penalties for overdue payments. The company has had no legal address since August. The landlord has several times sent pre-trial demands, which he cannot fulfil due to the balance on the current account of less than 10,000 roubles. He, as an individual, purchased a share in LLC MC "Granat" (later LLC MC "Moi Finansy") through a loan from LLC "QBroker" - according to other participants of LLC MC "Moi Finansy". He does not remember the loan agreement itself and does not remember whether he put his signature there. The shares were purchased through the company FG QBF JSC, according to the information in the payment order and documents. Then, on the instructions of the legal department in the person of Rossieva Evgenia, he sold his share to JSC "Marketplace Moi Finansy" - sale and purchase agreement, but he has not received any money from this transaction as an individual. LLC Management Company "Moi Finansy" was actually acquired for the money of Roman Valerievich Shpakov, who is one of the beneficiaries of "QBF", as Pakhomov V.S. and Munayev Z.V. Shpakov R.V. on behalf of "QBF", concluded a loan agreement on his (Amerov R.F.) name, with this organisation. In fact, he did not receive these funds and did not actually dispose of them. He did not personally pay the loan, and at the moment he does not know whether it has been written off or not. When talking to Z.V. Munayev, he (Z.V. Munayev) explained to him that the entire amount would be repaid by R.V. Shpakov. He knows that the QBF group of companies includes the following legal entities: QBF IK LLC, QBF Management Company LLC, QBF FG JSC, possibly Q-BROKER LLC. Legally only these three are part of the group. In fact, in addition to K - Consulting, VI - Consulting may have been part of it. On his work email rinat.amerov@qbf.world, there was a newsletter about products containing information about foreign investments and there was a logo of "White lake", and the products were offered by "VI - Consulting". Munaev, one of the leaders of QBF group, from whom he (Amerov R.F.) received tasks and reported to him. Munayev also introduced him to Nikolay Padalko, General Director of VI - Consulting. Zelimkhan introduced Padalko to him and informed him that Nikolay was involved in investments in Western markets and asked him to discuss the possibility of selling such products through banks. During the conversation with Padalko, Padalko explained to him that VI - Consulting was not a professional participant, namely it did not have licences for brokerage and asset management activities. He does not know the legal address, but he knows that VI - Consulting is actually located in the Capital City Tower, South Block, 9th floor, Moscow. He knows that VI - Consulting does not possess any licences. As a person with an economic education and as a person who understands financial market instruments, he assumed that VI - Consulting could be used to attract investments and carry out brokerage activities without having a licence for this type of activity, as a consulting agent.

He was also aware that VI - Consulting sold its services through QBF Group managers, who in turn sought clients. He did not know anything about the "White lake" company, but he read on the Banki.ru portal, a review about the company. In the article it was stated that clients do not get their money back in time, also managers do not pick up the phones. He heard about the firm "SIMTELLIGENCE COMPANY LIMITED" from colleagues in direct sales, that it exists and refers to the international market, possibly as a company - intermediary. "QCCI Ltd." is a company registered in Cyprus that represents investment in Western markets. QBF has previously offered the services of "QCCI Ltd" to its clients. The messages about "White lake" appeared on the corporate mail when the messages about "QCCI Ltd" disappeared. Explained that the following persons performed duties in the group of companies "QBeeF": Ruslan Valeryevich Spinka - director of sales management, he leads a team of financial advisors, about 40 people, also he concluded contracts with clients, could represent "VI - Consulting", other firms; Grigor Razmikovich Erzikyan - knows that he communicates with clients, but who exactly by position does not know; Nikolay Sergeevich Padalko - general director of "VI - Consulting"; Yuri Nikolayevich Orlov - manager of "QBroker" company, more of an IT specialist; Vladislav Olegovich Plitin - previously worked about a year ago, was engaged in client support; Andrey Vasilievich Korzh - deputy of R. Spinka.B., functional as the latter; Zaitseva Yulia Sergeevna - works with agents who attract clients to the branches; Frolov Vladimir Georgievich - around 2017 was the CEO of QBIF LLC, who was later replaced by Matyukhin Stanislav; Pakhomov Vladimir Sergeevich - shareholder, manages the branch network as well as direct sales; Maxim Stanislavovich Yudin - Group Chief Operating Officer, managed two IT departments; Roman Valeryevich Shpakov - manages the whole company, co - founder of JSC QBF and similar organisations under the QBF brand; Zelimkhan Visaitovich Munaev - responsible for the Moscow office. The employees perceive R.V. Shpakov as the main person in QBF, and Z.V. Munaev and V.S. Pakhomov are also shareholders of the business. Matyukhin Stanislav Anatolievich - General Director of QBIF LLC, signatory in all contracts; Rossieva Evgenia Anatolievna - Director of Legal Department; Gorobets Elena Vyacheslavovna - I have never seen her, she was a signatory in the labour contract when she was employed; Lepeshkin Dmitry Sergeevich - works in the company "NOA", which provides consulting for legal entities and individuals, possibly a co - founder; Athanasiadou Linda - consulted on western products, something related to Cyprus; Vlasov Pavel Yurievich - manager on work with clients; Sobolev Kirill Sergeevich - previously worked in the company, what he was doing does not know; Golubev Alexey Sergeevich - heads a branch in St. Petersburg. Smirnova Yaroslava Gennadyevna - was the General Director of QBF Management Company; Shaban Yuri Vasilyevich - is a partner, deals with real estate, attracts real estate for the fund; Vozhzhov Alexander Fedorovich - designer, does website layout; Kozyreva Ekaterina Yurievna - his (Amerov R.F.) subordinate, manages projects of the fund; Kozireva Yurievna - his (Amerov R.F.) subordinate.) subordinate, manages office projects, is responsible for reporting and procurement of IT projects, works in "K - consulting"; Kharina Ekaterina Nikolaevna - productologist, deals with product development; Grabareva Elena Anatolievna - his former subordinate in sales through agents; Timokhin Oleg Yurievich - head of back office of IC QBF LLC. In early 2021, Z.V. Munayev was instructed to select a candidate for the position of General Director of Q-BROKER LLC (TIN 9703003668) and the execution of the above instruction fell to the HR department, and he was asked to additionally recommend a potential candidate. Around February 2021, the HR department had a final candidate in the works, but the latter declined employment at the last minute. Due to the events described above, Y.N. Orlov, who was planned for the position of project manager in the part concerning the mobile application, was appointed to the position of company manager at the very last moment with the wording from Z.V. Munayev that Y.N. Orlov could be entrusted with more responsibility. Yuri Orlov repeatedly flew to UAE, Dubai, to the beneficiary of Q-BROKER LLC Roman Valeryevich Shpakov. He does not know what they talked about in the UAE, however, Yuri Orlov repeatedly mentioned that he travelled there together with Evgenia Rossieva on the instructions of R.V. Shpakov on business matters;

- The testimony of Afanasyeva Y.S

- The testimony of Afanasyeva Y.S., given to her as a witness, according to which approximately in November 2019, she received a phone call from an earlier acquaintance, Ornella Chisluk, who worked at QBF and invited her to work at QBF in the personnel training department. She (Y.S. Afanasyeva) agreed with Ornella's proposal and at the appointed time came for an interview at the following address: Moscow, Nab. Presnenskaya d.8, she does not remember the number of the office, the Capital City building of the Moscow City business centre. She was interviewed by Tatyana Novikova, Head of the Training Department, and Anastasia Zaripova, Hr Specialist. After passing the interview in November 2019, the exact date she does not remember, she was hired as a specialist of the training department in the HR department of QBF. Her duties as a specialist of the training department included: conducting training games with employees, testing employees, teaching the rules of etiquette when communicating with the company's clients, adaptation of employees in the team. QBF was a group of companies, but she does not know how many organisations were part of this group of companies. The office of QBF was located at the following address: 8, Presnenskaya Nab. Presnenskaya 8, Moscow City business centre, Capital City building, she does not remember the office number. The principal activity of QBF Group of Companies was attracting clients for the sale of investment products and trust management of funds invested by clients on the Russian and international markets. Roman Shpakov and Zelimkhan Munayev were the managers of QBF Group. She also remembers that one of the managers of QBF was Vladimir Pakhomov, but to the best of her knowledge he worked in St. Petersburg. She did not personally know these managers and had never had any contact with them in her work. Her direct supervisor was Tatiana Novikova, but about 2 months after her employment, Novikova left the company and there was no department head. Tatiana Novikova reported to Valeria Gubanova, Director of Human Resources at QBF, in her activities. After Novikova's dismissal, all employees of the training department reported directly to Valeria Gubanova. In turn, Gubanova Valeria was able to interact with Shpakov and Munayev in her line of work because she was the head of the department. In addition to Novikova, Vartanov Avetis and Chepurkova Anastasia worked in the training department as business trainers. Her salary was approximately 85,000 roubles per month. She received her salary in cash from Tatiana Novikova, and after Novikova's dismissal, her salary was given to her by Valeria Gubanova, and she did not sign for her salary on any statement. The amount of salary under her labour contract was less than the amount she actually received, but she does not remember the amount under the contract. She does not know how the company management calculated the difference in wages between what was stipulated in the contract and what was given to the employees, as well as how the management reported to the tax authorities, and she was not interested in this issue. She worked for QBF until approximately June 2021. She resigned from QBF at her own request because by the time of her resignation, the company had started to "fall apart", many employees had left and there were delays in wages. She is aware that law enforcement officers conducted investigative actions in the QBF office, but she was not present at the workplace at the time of the investigative actions. At the beginning of her employment with QBF, she did not suspect that the company's management could have been engaged in fraudulent activities with clients' money, as the company had a number of licences from the Central Bank of the Russian Federation to carry out professional activities in the financial sphere. She began to have doubts about the legality of QBF management's actions after investigative actions were carried out in the company's office. During her employment with QBF, she had to communicate with various employees, some of whom she remembers, such as: Matyukhin Stanislav - General Director of LLC "IC QBF"; Spinka Ruslan - Head of Sales Department; Korzh Andrey - was Deputy Head of Sales Department; Javid Isaev - Head of Sales Department, developed iPO; Balayan Ara - Head of Sales Department; Padalko Nikolay - head of sales department, supervised foreign investments; Murashov Alexey - senior financial advisor; Fedorov Maxim - vice - president of the company (financial advisor); Linda - was engaged in Cyprus direction; Chentsov Alexey - financial advisor in Tellerov's department; Alexey Trunyaev - financial advisor; Alexander Trutnev - financial advisor in Ara Balayan's department; Valentin Samoilov - financial advisor; Ekaterina Dorokhina - financial advisor in Tellerov's department; Vladislav Orlov - junior financial advisor in Tellerov's department; Burshtein Marina - client support department in Zavyalova Tatiana's department; Kopylova Maria - head of Middle Office; Zaitseva Yulia - financial advisor, partnerships, agents; Baranova Olga - head of reception; Bogdanova Kristina - payroll. She knows nothing about the whereabouts of R.V. Shpakov;

Then from about 2017 or 2018 he was promoted to the deputy head of the sales department, his tasks included forming a team consisting of financial advisors, counselling clients, training financial advisors in applying in practice the theoretical knowledge they received in the "Training" department. He is familiar with the names of such organisations as: QB Capital LTD, "White Lake Menedgment", Simtelligence company LTD, at the moment he cannot remember the exact names of the agreements concluded on behalf of these organisations. He explained that an agreement was concluded between the client and QB Capital LTD. QB Capital LTD provided an opportunity to participate in international markets, also an agreement was concluded with IC QBife, within the framework of which IC QBife LLC managed the client's account opened with QB Capital LTD. He himself was not involved in the re - signing of contractual relations concluded between the clients of QB Capital LTD to contracts with White Lake Menedgment;

- The testimony of Bashkirov D.A

- The testimony of Bashkirov D.A., given by him as a witness, according to which he has an acquaintance, Ruslan Dynda, who in January 2021 offered him a job at QBF. At that time he (D.A. Bashkirov) worked in "MOSENERGOSBYT", as an engineer - inspector. As he was interested in Dynda R.'s proposal, he decided to try to get a job at QBF. After he left "MOSENERGOSBYT", he sent his CV to Dynda R. Then, some time later, he received a call from a girl who introduced herself as Yulia and said that she represented the interests of QBF. In the course of communication with him, she invited him for an interview in the company. On 21.01.2021 he came for the second time to the office of the company at the address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, for an interview. 1, for an interview. On his first working day he started training, which lasted about one week. During the training he was told about the company, the company's financial products, sales training and other things. On or about 02/02/2021, he was officially employed by K - Investment LLC as a financial advisor. At that time, he was aware that he would not be employed by Q - Investment LLC as he did not have

an economics background. As a financial advisor, he had the following job duties: attracting clients, selling the company's products, supporting transactions with clients, consulting clients. In addition, one of the requirements of the heads of departments was that each financial advisor must raise a total of at least 3,000,000 roubles of client money for the company per month. In the department in which he worked, the head of the department was Isaev Javid, and in addition to him (Isaev Javid) and himself, the following other employees worked in the department: Khmylev S., Murashev A., Manaenkov V., Treiman A., Pirogov A., Chernysheva V., Dynda R., Lazarev A., Lopukhova A., and Ilyin A. All of his clients wished to participate in the IPO. In order to conclude a contract for the provision of brokerage services, the client had to provide a passport of a citizen of the Russian Federation, SNILS, e - mail details, and details of a current account for withdrawal of funds. The client sent these documents to his QBF work email. After that, he entered the client's data through the Nabix programme. This programme would then generate a package of documents and send them to the client via email. These documents were sent to the client for review. At the same moment, the client received a sms - message with a code to confirm the signing of these documents, which he (Bashkirov D.A.) was informed by the client. He entered this code into the programme and after that the signed copies of the agreement, both from the side of QBIF Ltd. and from the side of the client, were sent to the client. On the side of QBF LLC the contract was signed by the general director Matyukhin S.A. with an electronic signature. After the contract was concluded with the client, the client was assigned a personal account on the QBF website, where the client could track his funds and reports on the client's brokerage account. The client transferred funds to the brokerage account opened to him. To participate in the IPO, the client had to sign a master agreement. As Murashev A. explained to him, the funds were transferred to the settlement account of QBroker LLC so that QBroker LLC could dispose of the funds as instructed by the client. The counterparty that works with QBroker LLC was not disclosed, citing commercial secrecy. In May 2021, law enforcement officers searched QBIF LLC. - The testimony of Blik S.N.,

- The testimony of Blik S.N., given by him as a witness, according to which, previously, in the period of time from 2016 to 02.12.2020, he worked for LLC IC QBF in the position of deputy head of department and as a financial advisor. However, he was not formally employed until 2018 at KF Estate - SPb LLC, in the position of deputy head of department and subsequently as a financial advisor. He explained that around September 2016 he was contacted by Alexei Golubev, as he was looking for a job at the time and had placed an advert on the HandHunter website. In the course of the telephone conversation, they agreed to meet in Kaliningrad for his interview. So in September 2016 he met with Golubev A. in Kaliningrad, in the course of communication Golubev A. presented to him the financial activities of the company, and also informed him that the company had a licence to participate in tenders. As he was satisfied with everything, he decided to take up employment with the company in question. He was then invited to Moscow for a conference, where he met Vladimir Pokhomov, Rima Rutinsh. R. Rutinsh and V. Pokhomov agreed on his candidature for employment with the company. Having returned to Kaliningrad, he first started working as an agent, his duties included attracting clients and accompanying them. Meetings with clients took place in an agreed place, as there was no office in Kaliningrad. However, from January to June 2017, the company rented an office in Kaliningrad at 4 Pobedy Square. At the same time, there were no meetings in the said office. Before the meeting, if the client said that he was ready to deposit money to the current account in cash, he informed Golubev A., who, in turn, flew from St. Petersburg to Kaliningrad on the day of the meeting with the client. Then, at the meeting, Golubev A. handed the client a package of documents, and the client handed over money, which Golubev A. accepted. The client received a receipt signed by the accountant (Gorobets). At the specified time, he worked on the territory of Kaliningrad together with Gubanov Vadim. Gubanov V. was interviewed by both Golubev A. and Pokhomov V. In June 2017, the company opened a new office in the "Marine Business Centre" at the address: 35 Teatralnaya Street, Kaliningrad, office 807. The opening of this office was attended by R. After the opening of the office, Golubev A. became the head there, he (Blik S.N.) also became the deputy head of the department. There was also another deputy head of the department, Sergey Tetyuev. There was a safe in their office, the keys to which only Tetyuev S. had. In the said safe, they mainly kept mobile phones and headsets for them. However, on one of the days Tetyuev S. was not in the office and it was necessary to take the phone from the safe, and he had the key. He opened the safe and saw in it, in addition to the

phones, the seals of the following companies: one "WhiteLake", four "QBF" companies, one "WLM" company, one "QCCI", one "Simtelligence", one "VL - Consulting" and the facsimile signatures of the heads of these companies. The clients primarily entered into trust management agreements with QB Capital during the time period from 2016 to 2018. There were five clients during this time period. Then in 2018, the clients began to renegotiate contracts with the company "White Lake Management Ltd". On this fact Golubev A. explained it by the fact that the company "QB Capital" Cyprus regulator is tightening the regulation of activities in Cyprus and it is necessary to renegotiate contracts with "White Lake Management Ltd" in the Cayman Islands, that this broker also has a licence. These justifications were also mentioned by Gevorg Gevorgyan and Pokhomov V. Since 2018, he started to advise his clients about participating in the IRO through the company "QCCI". Reports on concluded trust management agreements with clients' funds were sent to his email from Ekaterina Martsenyuk. The reports were prepared by Orlov Y. Until 2019 Orlov Y. worked as a programmer in the company QBIF LLC, later he (Orlov Y.) became the General Director of Q-BROKER LLC. Since 2019, clients of QBIF LLC began to experience delays in withdrawing funds. On this fact Golubev A. and Pokhomov V. explained that the client did not provide full documents for withdrawal of funds, also explanations were on the fact of problems with banks. At that time he began to suspect that there was something wrong with these companies, the managers of which began not to answer his questions about the deposited funds, clients, as well as to avoid answering in every possible way regarding the terms of withdrawal of funds. However, he was not fully convinced that the company was embezzling money from customers. Subsequently, in January 2021, he learnt that the company had embezzled funds from its clients, and therefore he concluded that it was a fraudulent scheme. At that time he was no longer an employee of the company, having resigned on 02 December 2020. To his testimony he attached the following documents received from Golubev A., Gevorgyan G. and Pakhomov V.: a list of clients, the scheme of work of the investment holding "QBF", a memo "Reliability Guarantees" of the company "White Lake Management Ltd", a memo "Reliability Guarantees" of the company "QBF", a copy of electronic correspondence of Golubev A. with the client, a proposal for cooperation;

- The testimony of Boltova L.N.,

- The testimony of Boltova L.N., given to her as a witness, according to which, from 01.12.2020 to 12.07.2021 she was officially employed at K - Investment LLC as a manager of the Russian market support department. She got this position through the Headhunter search engine. One of the managers who interviewed her was Ruslan Spinka. When she was employed by the above - mentioned company, her direct supervisor was Tatiana Zavyalova. In fact, her job duties included accompanying clients, informing them about the company's news, the profitability of the client's portfolio, requesting orders from QBIF LLC or QBIF Asset Management LLC to buy or sell. The main activity of QBIF LLC was trust management of clients' funds within the framework of securities purchase and compilation of securities portfolio from the offered strategies. She was aware that the clients she accompanied had the following financial products in their portfolios: stocks and bonds, trust management, over - the - counter option contracts. She has advised approximately over 100 clients. She did not offer anyone the Structured Product, namely the "OTC option contract" for IPOs, but accepted requests from clients for an order for a specific IPO, she also explained that clients had previously used this instrument at QBF LLC, so she did not need to explain the structure of this product to them. All she can explain about the mechanism and structure of the IPO option contract is that the buyer of the option was QBF LLC and the seller of the option was the legal entity Q-BROKER LLC. She is aware of the fact that Q-BROKER LLC was an affiliate of QBIF LLC. Stanislav Anatolievich Matyukhin performed the duties of the General Director of LLC IC QBF. As far as she is aware, QBIF LLC has obtained all necessary licences in accordance with the current legislation of the Russian Federation, namely, four licences of the Central Bank of the Russian Federation were obtained at different periods of time: depositary, securities management, broker and dealer licences. Also, LLC MC QBF Asset Management had a licence to manage investment funds, unit investment funds and non - state pension funds. Information on the licences held by the above companies was also posted on the official website of the Central Bank of Russia. Any client or employee of the organisation at any time could independently check the actual validity of the licence in real time.

The office of the organisation in which it operated was located at the following address: 8 Presnenskaya Naberezhnaya Street, Moscow, bld. 1 Moscow City IMDC, on the 9th floor of the Capital City building, in the northern block. The sales department employed approximately 60 employees. Her salary consisted of a salary and a performance bonus based on the number of meetings she had with current clients during the month, namely 16, and she was required to make at least 20 calls per day, depending on the number of clients on follow - up, which varied every month. She explained that the client, being on brokerage service, could perform trading operations on his account in the following ways: by signing a personal order to purchase the selected asset in the office of the company (the order form is available on the official website of the company, in the section "information disclosure"), by submitting a handwritten signed order from his authorised e - mail to the e - mail of the company (broker), specified in the contract. VL - Consulting Ltd and White Lake Management Ltd were international market companies, what exactly they did, she does not know. She knows R.V. Shpakov as the head of the group of companies, she knows Ruslan Spink as a manager, however, she does not know in what direction he was a manager;

- Testimony of V.G. Butkovskaya

- Testimony of V.G. Butkovskaya, given to her as a witness, according to which in 2017, at the suggestion of Stanislav Matyukhin, she was employed as a controller at KBF.ua LLC. Her job duties included: checking and compiling reports for the Bank of Russia, also compiling internal reports of the controller, compiling reports to Rosfinmonitoring, coordinating transactions with the property of Mutual Funds with special depositaries in accordance with Federal Law No. 156 "On Investment Funds". She worked in this position until 2020. Her duties included the following: checking and preparing reports for the Bank of Russia, preparing responses to the Bank of Russia's requests and sending them as an executor, writing and amending documents involved in the company's internal document flow due to changes in the Federal Law "On the Securities Market", preparing responses to appeals received from the company's clients, preparing internal reports of the controller. She checked the reporting form on "bank accounts" OKUD No. 409. These reports included the following information: a table containing information on bank account numbers, details of the organisation where bank accounts were opened, cash turnover for the reporting period for each account, incoming and outgoing account balances, the possibility of using cash in one's own interests, account types, account currency, as well as information on accounts opened with superior brokers and clearing centres. OKUD No. 415 "On Securities" this form included tables with the following indicators: information on the name and number of securities held in trust by the company and owned by the company, as well as information on securities held in the company's depository and their movement during the reporting period. OKUD No. 417 "On OTC transactions" this form included information on OTC transactions concluded during the reporting period, information on which is not subject to transfer to the repository. This form consists of the following indicators, namely: the date of the transaction, the counterparty to the transaction, the name of the security, its quantity or value, and the type of settlement of the transaction. This reporting form included information on over - the - counter securities transactions, most of the transactions consisted of investment units under the management of KBF.ua LLC. She was also responsible for reviewing the "Loans and Credits" form. This form included figures on loans and credits received or granted by the company, their amount and repayment dates. She recalled the following names of the main creditors of LLC IC QBF at the moment: JSC FG, where the beneficiary and general director was Roman Valerievich Shpakov; loans were also granted to Stanislav Anatolievich Matyukhin as an individual. She explained that the mechanism of attracting clients' funds under the option agreements concluded with Q-BROKER LLC and the brokerage services agreement with QBIF LLC was as follows: the client, namely an individual or a legal entity, initially submits information for AML/CFT verification before concluding a brokerage services agreement with QBIF LLC. Further, after the verification, QBIF LLC concludes a brokerage service agreement with the client, the client opens an internal accounting account with QBIF LLC, the client transfers funds to the special brokerage account of QBIF LLC opened either with NSD, Sberbank PJSC, Alfa Bank JSC. The client then submits an order to QBIF LLC to purchase an option, QBIF LLC accepts the order from

the client as a seller. Further, QBIF Ltd. accepts the order from the client acting as a buyer and receives a counter order from Q-BROKER Ltd. acting as a seller. Further, QBIF Ltd acts, on the basis of the client's order, as the buyer of the option and acts on its own behalf in the interests of the buyer. On the other hand, IC QBF LLC, on the basis of an instruction and power of attorney of Q-BROKER LLC, acts as the seller of the option. Subsequently, information on the concluded transaction is entered into the company's internal accounting system and transferred to the repository. Thus, on the basis of the concluded option contract, the client (buyer) receives the right to claim a lump sum payment calculated in accordance with the contract specification. This lump sum claim is made by submitting an order to QBIF Ltd. for early termination of the option contract or the client, upon expiry of the option contract, receives funds in the amount of the lump sum payment according to the specification of the option contract. According to the terms of the option contract, QBIF LLC accepts the specified instructions of the client (buyer) and calculates the amount of the lump sum payment according to the change in the quotations of the underlying asset and submits the claims to the option seller, namely QBroker LLC. In accordance with the terms of the option agreement QBIF LLC, without any additional instruction from QBIF LLC, fulfils obligations under the presented claims at the expense of QBIF LLC funds accounted on the internal accounting account opened with QBIF LLC within the framework of the concluded agreement of brokerage services with QBIF LLC. The fulfilment of Q-BROKER LLC's obligations under option contracts is performed by crediting funds to the internal accounting account opened with QBIF LLC to the client (buyer) under the brokerage services agreement. Approximately at the end of 2020 or at the beginning of 2021, LLC IC QBF started to receive orders of a new type, namely "Framework Agreements". The essence of a framework agreement was to provide the buyer of an option in the future with the possibility to conclude option contracts on standard terms and conditions defined by the framework agreement. In this case, the client (buyer) under the framework agreement makes a security payment in favour of LLC Q-BROKER (seller), these funds, made as a security payment by the client (buyer) are received on the internal accounting account opened in LLC IC QBF in the name of LLC Q-BROKER under the agreement on provision of brokerage services. In this case QBroker LLC has the right to dispose of the funds received under the framework agreements at its own discretion. Olga Vasyukova is the chief accountant of LLC IC QBF, whose subordinate was the accountant Filina Daria. She explained that she knows Ekaterina Gramza, she (V.G. Butkovskaya) knows her as an accountant, but she does not know in which companies she was engaged in accounting. She also explained that she did not interact directly with clients or representatives of Q-BROKER LLC, but she knows that the general director was Yuri Orlov, who directly executed documents on updating the data of Q-BROKER LLC on updating the data of providing brokerage services, also received and transmitted correspondence related to the activities of Q-BROKER LLC. She also knows that the beneficiary of Q-BROKER LLC was Roman Valeryevich Shpakov. She knows that a young man named Dmitry, Evgenia Rossieva and a girl named Madina, assistant of Evgenia Rossieva, were engaged in preparation of documents on behalf of Q-BROKER LLC. She contacted Madina about requesting documents on Q-BROKER LLC in terms of legal support. She did not communicate directly with Dmitriy, however, he was engaged in the preparation of orders from Q-BROKER LLC. In the period of time from 2019 to 2021, funds were transferred to the settlement accounts of Q-BROKER LLC, part of the funds were invested in the securities of Argento, these funds were transferred on behalf of Q-BROKER LLC. Argento organisation is known to her, QBF LLC requested documents both directly from Argento and through Q-BROKER LLC. On Argento's part, documents were provided electronically, from the company's email account. Argento is an issuer of securities, namely "Bonds", according to S.A. Matyukhin. Argento is interested in Q-BROKER LLC due to the possibility of receiving coupon payments to the internal account of Q-BROKER LLC, in accordance with the Argento bond purchase agreement. She also knows that Q-BROKER LLC issued promissory notes, she does not remember the names of the counterparties. Timokhin Oleg was the head of the BEC - office of QBIF LLC, responsible for keeping internal records of all operations and transactions within the framework of professional activities. The profile of the Back Office includes interaction with clients and counterparties, including Q-BROKER LLC. Interaction involves receiving orders from Q-BROKER LLC, and the BEC - office also maintains internal accounting of QBIF LLC clients' funds and QBIF LLC's own funds within the framework of dealer activities;

- Vlasov P.Y.'s testimony - Vlasov P.Y.'s Testimony given by him as a witness,

according to which from 2014 to 2019 he worked at IC QBF as Vice President. From 2019 to the present time at F - Experts LLC as a Vice President. After he took a job at QBF EC, he was in the position of Counsellor for the first three months, i.e. during his probationary period. His job duties as Vice President included client attraction (inviting new clients on favourable terms), client support (consulting, discussing reports). At F - Expert LLC, his job duties as Vice President included client referrals (inviting new clients on favourable terms), client follow - up (consulting, discussing reports). He explained that QB Capital LTD is a Cyprus company, whose shareholder is Roman Valeryevich Shpakov, as well as Zelimkhan Visaitovich Munaev and Vladimir Sergeyevich Pakhomov. He is not personally acquainted with the General Director of QB Capital LTD, but in the documents he saw the name of the General Director Elena Gorobets. QB Capital LTD is registered and actually located in Cyprus. The main activity of QB Capital LTD is trust capital management. He suspected that QB Capital LTD does not have licences to carry out brokerage and investment activities. He once wondered about this issue, but he learned from Zaitsev Alexander (former head of the sales department) that the Russian licence of IC QBF was sufficient for them. He explained that he personally signed the agreement on granting access to the securities market and the agreement on trust management with QB Capital LTD, i.e. together with QB and only in such a set. By other means, he did not provide interests to QB Capital LTD. He signed an agreement on providing access to the securities market and a trust management agreement with IC QBife with clients with QB Capital LTD only with individuals. At present he remembers that he signed the above agreements with Alexey Yuryevich Ivanov, Alla Evgenievna Ivanova, Alexander Viktorovich Petrovichev, Andrey Borisovich Skvortsov, Oleg Nikolayevich Boyarentsev, Yakov Dmitrievich Kahn, Konstantin Viktorovich Poklonsky, Sergey Vladimirovich Krivoruchenko, Evgeny Viktorovich Venitsianov, Boris Vladimirovich Rozhivin, Natalia Nikolaevna Musatova, Andrey Vladimirovich Vlasov. On the settlement of debts of QBF Group to individuals, he communicated with clients Ivanov Alexey Yurievich, Ivanova Alla Evgenievna, Petrovichev Alexander Viktorovich, Skvortsov Andrey Borisovich, Boyarentsev Oleg Nikolayevich, Poklonsky Konstantin Viktorovich, Krivoruchenko Sergey Vladimirovich, Rozhivin Boris Vladimirovich, Musatova Natalia Nikolaevna, Vlasov Andrey Vladimirovich. He was also involved in communication with Borzenkov Ilya Alexandrovich, who was the father of Borzenkov's client M.I. He communicated with these persons on the terms of withdrawal of funds. He is not personally acquainted with Mendzebrovsky Igor Vadimovich, but he heard about him, the latter was also their client. In 2019 - 2020, Shpakov R.V. asked him to join negotiations with Moscow lawyers of Mendzebrovsky I.B. The list of documents provided to a client of QBF Group of Companies wishing to participate in trading on international stock markets includes an agreement on providing access to the securities market with QB Capital LTD and a trust management agreement with QBF IC. The trust management agreement was entered into with the client on behalf of QBIF, but whether it had the force of a "Trust Deed", he could not explain exactly. Among the services provided to clients QB Capital LTD wishing to participate in the trading of international stock markets, provided access to the securities market, he cannot explain more precisely because he does not know. He knows that reports on behalf of QB Capital LTD were sent to clients automatically, but he does not know by whom they were formed and by what indicators. A personalised trading account in the name of the client was not opened in QB Capital LTD. He does not know who provided accounting support to QB Capital LTD and where QB Capital LTD activity was administered from. All decisions were made by R.V. Shpakov. The third - party partner of R.V. Shpakov was Athanasiadou Linda, a citizen of Cyprus, and in the past a citizen of Ukraine - Kovalenko (Athanasiadou) Linda Alexandrovna. She was the co - founder and CEO of Constant Investments (until 2016 QB Investments was a Cyprus licensed brokerage company). Clients made bank transfers to the account of QB Capital LTD (in 80% of cases) and in cash (in 20% of cases) in the office, receiving in return a receipt from QB Capital LTD with the signature of Gorobets E. The money transferred in the office was given to the management represented by Zaitsev A., After the client signed the notification on withdrawal of funds from his trading account, based on the clauses of the agreements concluded on behalf of "QB Capital LTD", "White Lake" "SIMTELLIGENCE COMPANY LIMITED", "QCCI LTD", "White Lake Management LTD", these companies are obliged to return the funds within 20 working days, but only after the client signs the notification on withdrawal, only after a month the client can sign the application on withdrawal of funds. There was no such thing as dividends. There was a partial or full withdrawal at the decision of clients. Clients were given funds in cash only at the request of the client. There was also a non - cash form of withdrawal. For what reason QB Capital LTD was liquidated, he does not know reliably. As he understood, the liabilities from QB Capital LTD

were transferred firstly to "QCCI Ltd" and later to "White lake", "SIMTELLIGENCE COMPANY LIMITED", "White lake Management Ltd". The beneficiary of QBF Company was R.V. Shpakov, who was the manager. Pakhomov V.S. was responsible only for regional offices. The signatory of "SIMTELLIGENCE COMPANY LIMITED" was Munaev Z.M., and the signatory of "White lake" was Padalko Nikolay. - The testimony of Gadirli T.R.o., given by him as a witness, according to which since 2014 he was employed at KF - Finance LLC as a trader. The interview with him was conducted by Dmitry Kipa. In the QBF group of companies he was also employed at 702 LLC, F - Experts LLC. In fact, he performed the functions of an analyst of shares of foreign companies listed on stock exchanges. He analysed foreign companies that could be attracted for further investment. These were mainly companies from the American, Canadian, European and Chinese markets. To a greater extent, of course, he worked with the American market. His direct supervisor was R.V. Shpakov and Z.V. Munayev. He received tasks for analysing specific companies from various top managers, but always Shpakov's instructions were the priority, which had to be fulfilled as soon as possible and in the first place. The analyses took a long period of time, the results of which were prepared in Excel format and then passed to Shpakov R.V. After some time the data on analytics, with the permission of Shpakov R.V., were passed to the sales department. These investment ideas were offered to 20 clients of "White Lake" group of companies. Sometimes, on the instructions of R.V. Shpakov, specific information of some clients was received from the back office of WL to the general mail, to whom his (Gadirli T.R.O.) division subsequently sent e - mail responses on the created investment ideas of the American stock market. There were no more than 20 such clients in all, all of whom were clients of either WL or WL Management. After he emailed his reports, the client would then make his own decision whether or not to further invest or not to purchase listed securities. Between 2018 and August 2020, he sent his reports to about 5 clients, after August 2020, the number increased to 20, about 10 of whom called him back on the reports. About 6 - 7 people decided to invest in US companies based on his reports. From approximately August 2020, at the direction of R.V. Shpakov, he headed the advisory brokerage department, which included Alena Rudakova, Nikita Nesterenko, and Artur Meinhard. Since the mentioned period, he and his department carried out analyses of the companies, which were further placed on the stock exchange. These reports were sent only to R.V. Shpakov;

On social media, he publicised QBF's business principles and promoted the financial products sold by QBF. He mainly covered the company's "IPO" product on social media. He was paid a salary of 80,000 roubles per month for his work. He received his salary in cash, mostly from Isayev Javid, or from the girls who worked in the sales department, Christina or Tamila. He did not engage in any activities other than advertising the company's financial products on social networks, but he had to communicate with certain employees of the company, mainly financial advisors of QBF's sales department, who sold QBF's financial products that he advertised. He communicated mainly with Isayev Javid, Lopukhova Anastasia, Dynda Ruslan, Lazarev (Sybikin) Anton, Murashev Alexei, and Zaitseva Yulia, who could also cover QBF's activities on social networks. He knows that the head of the sales department was Ruslan Spinka and the head of QBF was Roman Shpakov. He did not have to communicate

directly with these people, he mainly worked with Isayev Javid. QBF consisted of several companies, which formed the QBF group of companies. The main activity of QBF group of companies was attracting clients for sale of investment products and trust management of money invested by clients. He worked at QBF until May 2021, as the company started to "fall apart" and he did not see further development of the company's activities. At that time, the Central Bank of the Russian Federation revoked the company's licence to carry out professional financial activities and the company's clients were no longer able to withdraw their investments or funds;

A.S. Golubeva's testimony

- A.S. Golubeva's Testimony given to her as a witness, according to which on 13.01.2020 she was employed at LLC "K Investment" as a specialist. In February 2021 she was transferred to LLC IC QBF to the position of a specialist of the department of support and maintenance of clients, where she worked until 16.06.2021. Her workplace both at LLC K Investment and LLC IC QBF was located at the following address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, multifunctional complex "City". 1, Capital City multifunctional complex, Moscow Tower, 11th floor. She found employment by posting her CV on the HH.ru website. Anastasia Zaripova, a member of the HR department, called her and offered her an interview. She was interviewed on the 9th floor of the southern block of the multifunctional complex "City of Capitals". The interview was conducted by Maria Vladimirovna Kopylova (Head of Client Support and Support Department of QBIF LLC), who was later her direct supervisor. Stanislav Anatolyevich Matyukhin was the General Director of LLC IC QBF. Her direct supervisor and workplace (location of her desk and office equipment) did not change in the above companies. She performed the same duties in LLC K Investment and LLC IC QBF. Her job was that after the sales department attracted a client, the manager entered the client's identification data and attached photocopies of these documents to the database. She did not know the names of the legal entities of the sales department. The said personal information of the client was entered into the NABICS programme. On the basis of the templates available in the programme and the data entered by the manager, the programme prepared an application for joining and a client questionnaire. Then it had to check the data about the client, indicated in the application for accession and questionnaire with the photocopies of the client's personal documents. Having made sure that the information was correct, she pressed the button to confirm the data correctness check, after which the programme put an electronic digital signature (EDS) of the General Director Matyukhin S.A. on the accession application. Then the programme sent the accession application with the EDS and company data (details for transferring rubles and currency, payment purpose) to the client's e - mail address. In the NABIS programme she worked both with trust management and brokerage services. Her activities did not involve personal contact with the client. She was also engaged in preparation of orders (client orders for withdrawal of funds, changes of data - profile and client details). Preparation of orders was based on the request of the manager who provided consulting services to the client. She sent the prepared order to the manager and the manager subsequently sent it to the client. M.V. Kopylova's workplace was located at 8 Presnenskaya Naberezhnaya Embankment, bldg. 1, Moscow, multifunctional complex "City of Capitals", Moscow Tower, 11th floor. The workplace of A.S. Golubeva, as well as three other specialists of the sales and customer support department, was also located in the office of her immediate supervisor, M.V. Kopylova. The number of employees of the department under the leadership of M.V. Kopylova was 4 employees. Roman Valeryevich Shpakov and Zelimkhan Visaitovich Munaev are known to her as shareholders of QBF Group. Stanislav Anatolievich Matyukhin was the General Director of IC QBF. Evgenia Rossieva was a lawyer of which company she does not know. She was not related to the above persons in any way by her work, had no contact with them in the working process, and did not maintain personal relations;

I.S. Gorsheneva's Testimony given to her as a witness,

according to which, around 2014, she was employed by the QBF group of companies as a manager of the economic and administrative department. She was offered employment in this company by her sister Margarita Sergeevna Gorsheneva, who had been working in this company for a long time and held the position of development director. She worked in this position until 2017 and performed her job duties on a part - time basis. Her duties included administrative and housekeeping functions, ordering stationery, water and other necessary goods. Gorsheneva M.S.'s main activity was PR and marketing. Gorsheneva M.S. resigned from the company around 2017. The head of QBF Group was Shpakov R.V. Due to graduation from university in 2017, she resigned from QBF Group and got a job at FGBU FMC Rosimuschestvo in Moscow. Around the summer of 2019, she received a phone call from R.V. Shpakov and suggested that she come to his office in Moscow City. He did not explain the details of the visit to her over the phone; she assumed that he wanted to hire her again. She agreed and went to the office of Shpakov R.V. In the office Shpakov R.V. offered her to sign a contract. She does not remember what the agreement was about, who was the second party. She did not read the agreement itself. She does not remember what exactly Shpakov R.V. explained at that moment. Later, at the request of R.V. Shpakov, she came to the QBF office in Moscow City a couple of times to re - sign the contract, and the date of the contract was changed. When this contract was being prepared, she informed Shpakov R.V. of the details of her account in Sberbank PJSC, assuming that the account details were necessary for the preparation of the contract. Some time later, R.V. Shpakov called her on her mobile phone and informed her that money would be transferred to her account specified when signing the agreement. According to R.V. Shpakov, the money was to come from LLC "QBF Management Company", but he did not tell her the exact amount. A little later she received a little over 10 million roubles on her account. After that, R.V. Shpakov called her and told her to transfer these funds in full to his account, which she did. Shpakov R.V. gave her the details of his account over the phone. After this case she told Shpakov R.V. not to involve her in similar transactions, as such large sums frighten her. After this case, they did not meet and did not communicate with Shpakov R.V.;

E.A. Grabareva's Testimony

given to her as a witness, according to which she held the position of director of the agent network in LLC K - Consulting. K - Consulting LLC was a partner of QBF OJSC and was engaged in attraction of partners and agents for further attraction of clients for QBF IC. The actual address of this company was in Moscow in the building "Capital City Tower" Moscow City on the 9th floor. Her duties as a director of the agent network included: recruiting and organising the work of agents, attracting and organising the work of lead generators (websites that directly transfer clients to QBF's website), as well as training agents and employees of QBF's partners. Personally, she was responsible for soliciting partners by finding brokerage firms (partners) that would then solicit clients to invest in QB&EF Investment Company. She searched for partners through personal acquaintances and through the Internet. Through the Internet, she usually looked for companies that sold banking products (credit cards, RCO accounts and instalment cards). Through personal acquaintances, she attracted partners because she had already encountered brokers before, after which she contacted the managers of the brokerage companies directly or obtained the managers' contacts through someone else. In "K - Consulting" LLC she worked with only one product, namely individual investment account, it was a state programme as safe as possible for attracted clients. She knows that the founder of QCCI LTD and White Lake LTD was Shpakov R.V. The script of dialogue with the client was discussed with Munayev Z.V. The scheme included how to start a dialogue with the client, how to offer him to open an IIS, how to fill in the questionnaire together with him, to enter these actions into the program on the part of the partner, and then an employee of QBF calls the client to open an IIS and depending on his reaction further actions. In February - March 2020, she was approached by Z.V. Munayev with a proposal to become the general director and sole founder of JSC "Moi Finansy" on the type of "market place", i.e. an internet platform for the purchase of financial and other products of various

directions for individuals. Z.V. Munayev explained that this was necessary in order to unite the sales of QBF products and partner companies on a single platform on the Russian market. She refused this proposal because she had never specialised in this type of activity and did not understand its essence, i.e. she understood that they wanted to put her in the management of the company as a nominal manager. According to feedback from partner companies, there was negative information about QBF's work, which consisted in the fact that clients' funds on the Russian stock market were returned with a great delay, and she also heard rumours about withdrawal of clients' funds through companies on the international stock market. After she refused the offer of Z.V. Munayev, conditions were created for her dismissal, as she understood on Munayev's instructions. Subsequently, she knew that Amerov R.F. headed JSC "Moi Finansy", it was he who was in charge of organising sales and concluding contracts with clients through Bank Vostochny. In her opinion, her dismissal from K - Consulting LLC was provoked by her refusal to co - operate with Munayev and Shpakov;

- M.V. Danilenko's testimony,

given by him as a witness, according to which in early 2018, after an interview at the QBF office, which is located at: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, 9th floor, South Block. 1, 9th floor, South Block, he was hired. He was interviewed by Yulia Zaitseva and Nikolai Padalko. Nikolay was the head of the department, Yulia was the team leader. Since at that time he was not a citizen of the Russian Federation and was not a resident of the Russian Federation, an agency agreement was concluded with him. He went to work in the above office from about mid - February 2018. At the end of 2018, he resigned because the figures for 2018, Q4, were poor. After that, he worked at Zerich Capital Management as a client manager. In September 2019, Nikolay Padalko offered him to return to QBF. He (Danilenko M.V.) agreed, and from October 2019 he rejoined QBF. He did not have proper documents at that time, an agency agreement was concluded with him from K - Investment LLC. The company provided training for new employees, several seminars on market knowledge. The training was conducted by Avetis Vartanov, who was the head of the training department. He (Danilenko M.V.) was a member of the sales department. His supervisor was Yulia Zaitseva. Apart from him, she had 3 - 4 people in her subordinate: Ilya Shakhov, Liya Vlasova - these were those who worked steadily. The rest worked for a short time. Yulia Zaitseva was the head of the sales team. Yulia reported directly to Nikolay Padalko, who was the head of the department. In addition to Zaitseva, Padalko had Spinka Ruslan and his team. The most important head of the sales department was Yudin Maxim. His (Danilenko M.V.) job duties included communicating with clients, selling the company's products, calling in reports with existing clients, and meeting in the office. Zaitseva's job duties included supervising client managers. She also took part in meetings with clients on her own initiative. Zaitseva also had her own clients. At the planning meeting, Yulia handed out current responsibilities, as well as general plans - the number of client meetings to be held per week; calls to report - a client had to be called at least once a month; daily calls - to potential clients and current clients. Yulia provided the employees of her group with a contact database - electronically it was a database in the programme "CRM", which contained information - full name and phone number. He (Danilenko M.V.) called people, introducing himself as an employee of QBF. He explained that the company offered investment services in the securities market. If people were interested, he invited them to the company's office for a conversation. If the client came to the company's office, the conversation was conducted by the manager with whom the conversation was conducted, and Zaitseva was usually present at the first meeting. During the conversation with the client, the client was asked to invest money in buying portfolios: either stocks, bonds, mixed or other products, based on what the client was interested in. It was explained to clients that there were licences issued by the Russian regulator, so clients could have confidence in the reliability of the company. There was a stand in the DP (sales department) where booklets with information about a particular product of the company were placed. During 2018, he attracted about 10 people to the company, who entered into brokerage contracts with the QBF organisation. Yulia Zaitseva also referred some of her clients of the company to him for support - these were clients of a Russian company and an international company (QB Capital). At the conclusion of

the contract, an application on joining the brokerage contract, an investment declaration, a standard client questionnaire and an AML/CFT questionnaire (anti - money laundering and combating the financing of terrorism) were signed. The client could write an application on joining the brokerage agreement, in this case every transaction, purchase was made in coordination with the client. Or the client could conclude a trust management agreement, put money on the account and then wait for the result. As for trust management agreements, each strategy had an investment declaration, where it was specified what the portfolio manager could do within the portfolio, what assets to buy. If the client concluded a brokerage agreement, he signed an application for joining. If the client wished to sign the agreement, he had to provide his passport, TIN, SNILS, and ruble account details. Then he (Danilenko M.V.) scanned all the documents and sent them to his colleagues in the "Middle Office" to prepare the contract. From this department he knows Maria Kopylova, she came from the Middle Office to identify the client. Kopylova brought a ready printed package of documents, where the Application for Accession and Declaration had already been signed on behalf of the QBF representative. The Agreement was concluded on behalf of QBIF Investment Company LLC, and the documents were signed by the General Director of QBIF Investment Company LLC, Stanislav Anatolievich Matyukhin. In case the client concluded a trust management agreement (which is a type of brokerage agreement), the client signed statements on joining the brokerage agreement and the Declaration. The draft trust management agreement is also posted on the company's website. One copy of the signed Application and Declaration was left with the client, one copy was taken by Maria Kopylova, or he passed the documents through the receptionists for the Middle Office. After the conclusion of the contract, he (Danilenko M.V.) was assigned to this client as a client manager. He (Danilenko M.V.) had to call the client on reports after the conclusion of the contract (he did not form reports himself, did not send them to the client, the reports were formed in the programme). If the client wanted to replenish the account, he provided him with up - to - date details. If the client wanted to withdraw money, he (the client) would come and sign an application - an order to return the property, either partially or in full. The application was also handed over to the "Middle Office". At the signing of the agreement were present: he (Danilenko M.V.), the client, Zaitseva (could be, could not be) also was present an employee of "Middle Office" - a specialist of AML/CFT department. At the conclusion of the contract, the client was provided with details, which the client used to top up his account. He (Danilenko M.V.) received information from Middle Office by e - mail: the client's name, the amount of the top - up and the date of the top - up. After that he would call the client and tell him that the money had arrived. Cash transfer was not envisaged. If a brokerage agreement was concluded with the client, the dividends were transferred to the client's brokerage account and the client could either withdraw or reinvest them. If the client wished to withdraw, the client filled out an order to return (refund order) the funds, the broker sold the property; the return was made within up to 10 working days. The funds were transferred to the client's bank account specified by the client when opening the contract. As for the trust management agreement, dividends went to reinvestment by default. If the client wanted to withdraw dividends, he wrote a similar application, specifying the amount (partially/completely), withdrawal term up to 10 working days. The funds were transferred to the client's bank account specified by the client when opening the contract. The mentioned procedure is the same for withdrawal of dividends and for withdrawal of the main invested funds. Reports were provided to the client. On the Russian market, reports were provided to the client once a quarter, but the client could request a balance sheet and a report at any date upon request. From 01.01.2015, the state programme IIS (individual investment account) was introduced. It meant the possibility to get a tax deduction from investments. There are several types of IIS, according to one of them, a tax deduction is received for the amount of investment of 13 per cent, but not more than 52 thousand rubles. To get a tax deduction, you need to keep the money in investments for at least 3 years. The tax deduction is received for the amount of investment up to 400,000 rubles. And the second type - an individual (client) is exempt from paying tax on profits. The formula is the same, a tax deduction is filed for the amount of tax paid. When he (M.V. Danilenko) came to QBF after a break in 2019, he was hired as a specialist in the customer support department. His responsibilities included working with the company's current clients, both Russian and international. His direct supervisor was Maslennikov Vladimir, this is the vice - president of the company. Maslennikov also communicated with clients, managed the support department, it was a matter of control - he (Vladimir Maslennikov) monitored the work of managers, gave instructions on meetings with clients and communication. The following managers worked in the support department: Daria Meshkova, Vyacheslav Morozov, Ruslan Sokolov, Artur Avanesyan, Olga Bataeva, Alexander Kholmanskikh, Elena Iosifova. The staff of the support department was first located in the general Open Space, then in a separate office. In general, he

(Danilenko M.V.) knew about the availability of the international market since 2018. He (Danilenko M.V.) also received information about strategies in 2018. He learnt detailed information on working with clients from Maslennikov. The clients invested cash in shares of large foreign companies. Earlier, in 2018, the international market clients he accompanied worked with QB Capital, a Cyprus - based company with which trust management agreements were concluded. When he came in 2019, QB Capital Cyprus Company was no longer in existence and the clients had to re-sign the contracts - entering into them with companies: "White lake" - a Cayman company, SIMTELLIGENCE - which is Hong Kong, and VL - consulting - Russian (Russian company, the business representative of White lake). There was a mail for contracts, he (Danilenko M.V.) wrote a letter with a request to prepare a package of documents for the client with whom the meeting was scheduled, his full name. He received a letter in reply, which contained the prepared contracts. Each client had to sign contracts with all three organisations - "White lake", SIMTELLIGENCE, VL - consulting - instead of one previously concluded contract. The client signed a trust management agreement and investment declaration with "White lake management", an agreement with SIMTELLIGENCE, and an agreement and investment declaration with VL - consulting. Each contract had two columns, one in English and one in Russian. When he printed out the contracts, all the contracts already had facsimiles of his signature and stamps. The contracts on behalf of the company "White lake" were signed on behalf of E.V. or E.L. Gorobets, the contracts on behalf of VL - consulting were signed by a facsimile on behalf of Nikolay Padalko. As to SIMTELLIGENCE, no specific name appeared in the contract, although both the seal from the organisation and the signature of the representative of the facsimile were already present. In meetings with clients from international markets, he explained that it had become unprofitable to operate in Cyprus, as they began to increase duties there, and in order to optimise costs and tax burden, they decided to move to the Caymans, which are considered one of the best jurisdictions where English law, which has weight in the international arena, is in force. In addition, QB Capital was in liquidation and in order to legitimise the clients' relationship with the companies, an updated set of documents had to be updated. He (Danilenko M.V.) learnt this information from Maslennikov and Spinka. The company "White lake" is registered in the Caymans. The client became a client of "White lake" when signing a contract with this organisation, but SIMTELLIGENCE had an account with "White lake", within which each client had sub - accounts. VL - consulting is the Russian business representative of White lake, the contract with which was signed in order to deal with clients' issues in the Russian Federation. All details about the work of foreign organisations and their interaction were explained to him (Danilenko M.V.) by Maslennikov Vladimir and Ruslan Spinka. On behalf of "White lake", "SIMTELLIGENCE COMPANY LIMITED" he accompanied the signing of contracts by clients who had previously concluded contracts with QB Capital LTD to update the package of documents. Maslennikov provided him with the list of clients who had concluded contracts with QB Capital LTD. He (Danilenko M.V.) did not accompany the signing of the clients' contracts with "QCCI Ltd.", but saw in the contracts the phrase about the termination of the client's relations with "QCCI Ltd." and about the beginning of relations with SIMTELLIGENCE. According to information from Spinka and Maslennikov, Yurmaster Ltd. is a layering organisation. Legally it was as follows: QCCI Ltd. could not directly transfer the management of funds and accounts to SIMTELLIGENCE and White lake, so the management of accounts was transferred from QCCI Ltd. to Yurmaster Ltd., i.e. through the Russian Federation, and then from Yurmaster Ltd. the management of accounts was transferred to SIMTELLIGENCE and White lake. Regarding the receipt of dividends by the client under the concluded agreement, he (Danilenko M.V.) explained that the client signed a notification on the sale of assets (the term of 30 working days for the sale of these assets), after their expiry, when the assets were sold out - he signed an order for withdrawal of funds. According to the regulations the term of execution of the second document was several weeks, but in fact everything happened longer because (as the management explained) - problems with counterparties (they do not withdraw as it is necessary to confirm the legality of the origin of funds, these documents they collected from clients and sent to [support@wl - mnt.com](mailto:support@wl-mnt.com). This procedure concerned both the withdrawal of dividends and the main invested funds. Dividends were issued both in cash and in non - cash form, at the client's request - this concerns the international market. The client fills out an order to accept cash - writes a receipt that he received the money. Maslennikov gave money in cash to clients under his (Danilenko M.V.) presence - he remembers at least 10 such cases, among them there were clients whom he (Danilenko M.V.) accompanied. He personally had no dealings with cash. Regarding JSC "QBF Financial Group", he (Danilenko M.V.) explained that it is the parent company of the Russian business of the QBF group of companies, its founder is Roman Valeryevich Shpakov. In my work I have not come across any documents signed on behalf of the said Company. QBIF Investment Company LLC is a Russian company

with 4 licences. Director General - S.A. Matyukhin, founder - R.V. Shpakov. On behalf of QBIF LLC with his (M.V. Danilenko's) participation, trust management agreements and brokerage service agreements were concluded with clients in 2018. - E.Y. Dorokhina's Testimony

given to her as a witness, according to which, after graduation, she moved to Novosibirsk, where she worked in the financial sector, namely in the credit institutions "Sberbank" and "Uni Credit Bank". She had an advert posted on the website "NN.ru" looking for vacancies. Around November 2019, representatives of QBF Group called her on her advert and invited her to an interview at the office located at: Moscow, Nab. Presnenskaya 8 (Capital City building of the Moscow City business centre). After the interview, in approximately December 2019, she became an employee of K - Investment LLC as a financial advisor with a salary of approximately RUB 100,000. She received her salary in cash. The money was handed over to her by her work colleagues as she was periodically absent from the company's office during the payroll period, however, after receiving her salary, she signed her pay slip to receive the money. Her duties as a financial advisor included: searching and inviting clients, informing clients to sell the company's investment products and trust management of the clients' invested funds, opening brokerage accounts. She, as a financial advisor, sold the following products of the company: IPO - non - exchange - traded assets, trust management, opening of brokerage accounts. Attracting clients to sell the company's products could be done through cold calls to potential clients, or through social networks via various video bloggers. K - Investment LLC was part of the QBF group of companies, but she does not know how many organisations were part of this group of companies. The office of QBF LLC was located at the following address: 8, Presnenskaya Nab. Presnenskaya 8, Moscow City business centre, Capital City building. The main activity of QBF Group was to attract clients for the sale of investment products and trust management of funds invested by clients. Roman Shpakov was the head of QBF Group. In addition, the managers were Munaev Zelimkhan and Matyukhin Stanislav. She does not know who her direct supervisor was, as all financial

advisors worked in small groups in an open shared office and each group had the most experienced financial advisor who coordinated the work of a particular group. During her tenure, QBF changed several financial advisors who coordinated the overall work. Her fellow financial advisors were: Stella Ramerovna, Izabella Klemeshova, Alexander Trutnev, Elena Kirilova, Javid Isaev, Ara Balayan, Alexey Murashev, Anton Lazarev, Maxim Fedorov and lawyer Evgenia Rossieva. She had a working relationship with all of the above people. At the beginning of her employment with QBF Group, she did not suspect that QBF's activities might be illegal, as the company held a number of licences from the Central Bank of the Russian Federation to carry out professional activities in the financial sector. After law enforcement officers conducted investigative actions in December 2020 and May 2021 at the offices of QBF Group, she decided to resign from QBF as she did not see any further prospects in the organisation;

- A.V. Dracheva's Testimony

given to her as a witness, according to which, around 2021, in a common company, she met Tatiana Zavyalova, who worked at K - Investment LLC. During the conversation, Tatiana explained that she needed an assistant and offered her a job at K - Investment LLC. She (A.V. R.V. Dynda's Testimony

as a witness, according to which, in September 2020, he saw an advertisement of the company QBF LLC in the social network "Instagram". Then he met Murashev Alexei, who at that time was already working in the said company. While communicating with Murashev Alexei, he (Dynda R.V.) asked whether it was possible to get a job in this company without having a legal education. In response Murashev Alexei said that it is possible to try. After some time Murashev Aleksey invited him for an interview. In October 2020, he (R.V. Dynda) came to the office of the company LLC IC QBEEF, located in "Moscow City" in the tower "City of Capitals" at the address: Moscow Presnenskaya Naberezhnaya 8, page 1. He had several interviews. At the first interview there was a girl named Yulia, at the second interview there was also Yulia, and there was also Isayev Javid, who was the head of the department and the head of the IPO movement direction. During the interview he was presented the investment activities of the company, they said that the company LLC IC QBF has four licences of the Central Bank of the Russian Federation. He was also told about the financial products of the company, which were provided to clients, namely participation in IPO, IIS, trust management agreements, brokerage services (Russian market), and from March - April 2021, the unit "RIF" (warehouse in Novorossiysk). After the interviews, about a week and a half later he received a call from Alexei Murashev, who told him that his candidature had been agreed upon by the company's management and that he could go to work. He was officially employed only in November 2020 at K - Investment LLC. He did not ask the management why he was employed by this company and not by QBIF LLC, as he did not pay attention to it. He also signed the employment contract in November 2020. During the period of time from October 2020 to the end of May early June 2021, he worked as a financial advisor. In the position of financial advisor, he had the following job duties: customer acquisition, selling the company's products, supporting customer transactions, and advising customers. In addition, one of the requirements of the heads of departments was that each financial advisor must raise client funds totalling at least RUR 2,500,000 per month for the company. After employment, Avetis was trained for a week. During the training, Avetis told him about the company's investment activities, the company's financial products, and the sales of these products. Besides, during the whole period of his employment he (R.V. Dynda) passed various tests on knowledge related to financial activities. His supervisor was Isaev Javid, also he was the head of IPO direction. Isayev Javid was subordinated to Korzh Andrey, who in turn was subordinated to Spinka Ruslan, who held the position of Director of Sales and Customer Service Department at IC QBF LLC. In order to conclude an agreement on the provision of brokerage services, the client was required to obtain a copy of a passport of a citizen of the Russian Federation, SNILS, e - mail details, and bank account details for the withdrawal of funds. The client sent the above documents to his QBF work email, WhatsApp and Telegram application on his phone. After that he (R.V. Dynda) entered the client's data through the Nabix programme. Then this programme formed a package of documents and sent them to the client by e - mail (these documents were sent to the client for review). At the same moment the client received a sms message with a code for confirmation to sign these documents, which the client reported. He (R.V. Dynda) entered this code into the programme and after that the signed copies of the agreement were sent to the client both from the side of QBIF Ltd. and from the side of the client. On the side of QB&EF LLC the contract was signed by the General Director Matyukhin S.A. with an electronic signature. At the same time it was necessary to sign a general agreement, which was that QBroker LLC participates in the IPO with its own money on behalf of the client, the client ensures this with its own money, as according to the Russian legislation QBroker LLC could participate in the IPO. In total, from October 2020 to the end of May early June 2021, it had 20 clients who transferred a total of 80 million roubles in cash to their brokerage accounts. The said clients all participated in the IPO. A total of eleven people worked in his department with him: Lazarev, Murashev, Lopukhova, Khmiley S., Manaenkov, Bashkirov, Treiman, Said Isaev, Chernyshova, and Pirogov. He also knew the company QBroker LLC, which worked directly with the top broker, whose details were not

disclosed, citing commercial secrecy. Sometime after the May 2021 holidays, clients began to file complaints about delayed withdrawals. With this question he (R.V. Dynda) approached Isayev Javid and Korzh Andrey, who explained to him that the regulatory deadlines were not exceeded and all clients would receive their funds on time. He subsequently communicated this information to his clients. After the search, Korzh Andrei told all the employees not to tell the clients that the company had been searched, but to say that there had been a failure in the fire - fighting system, which had caused the servers to malfunction;

- Testimony of G.R. Erzikyan,

given by him as a witness, according to which, from October - November 2018 to February 2019, he worked at F - Experts LLC as a senior financial advisor. His job duties at both F - Experts LLC and K - Investment LLC included attracting, counselling, and supporting clients (only individuals). His direct supervisor was Andrey Korzh. In early December 2018, he received a call from Dianov E.G. who explained that he wanted to hear the terms offered by White Lake in terms of asset management. They then met with E.G. Dianov in the Capital City BC, south block, 9th floor (8 Presnenskaya Naberezhnaya Street, bldg. 1, Moscow), where they discussed possible terms of cooperation. E.G. Dianov offered different companies, not only "White lake", but also Russian companies with the possibility of withdrawing funds in the shortest possible time (10 - 15 working days). E.G. Dianov insisted on "White lake", explaining that there was no taxation and currency revaluation in this option. One of the following days, being at the address: 8 Presnenskaya Naberezhnaya St., bldg. 1, Moscow, E.G. Dianov signed an asset management agreement, which he (G.R. Yerkizyan) sent to White lake's e - mail. At the same time, before signing the agreement, Dianov E.G. provided all the necessary documents (income confirmation certificate, flat sale and purchase agreement, which confirmed the origin of Dianov E.G.'s funds). He (Yerkizyan G.R.) also sent these documents together with the contract to the e - mail of "White lake". After verification by "White lake" and "SIMTELLIGENCE COMPANY LIMITED" he received the invoice (exhibition invoice) and gave it to E.G. Dianov for transfer of funds. Further accompaniment of E.G. Dianov was carried out by Vladimir Maslennikov. E.G. Dianov invested money in three strategies - stock fund, algorithmic strategy (robot trading), real estate fund. These three strategies implied, among other things, market risks that could cause losses of up to 40 per cent. Dianov E.G. had a sub - account (general account) in the company "White lake". No individual account was opened in the name of E.G. Dianov. E.G. Dianov invested 68,000,000 roubles. The amount of cash in Dianov E.G.'s account fluctuated depending on the market conjecture; at the end of 2019, the balance on the portfolio was plus 12 per cent to the balance. During the pandemic, when the U.S. stock market collapsed, the portfolio balance declined. E.G. Dianov then became actively worried and, by the end of the summer, filed the necessary order to begin withdrawing funds. At the time of the application, he had approximately \$930,000 remaining in his account. E.G. Dianov wrote applications to foreign companies (regulators, banks), which take a long time to review, and White lake also had problems with transferring funds from abroad to Russia. At the same time, the company offered in every possible way to transfer assets to the Russian jurisdiction. At the beginning of December 2020, Vladimir Maslennikov proposed to E.G. Dianov to start repayment of funds from \$100,000, to which E.G. Dianov explained that he refused to receive less than \$500,000. He (Yerkizyan G.R.) also explained that before signing the agreement, the client provided all the necessary documents (income confirmation certificate, client's questionnaire, passport of the Russian Federation, foreign passport, possibly a certificate of criminal record). He (Yerkizyan G.R.) sent these documents together with the contract to the e - mail of "White lake". After verification by "White lake" and "SIMTELLIGENCE COMPANY LIMITED" he received an invoice and gave it to the client for transfer of funds. The main activity of "White lake" is asset management. On the territory of the Russian Federation, he (G.R. Erzikyan) represented the interests of this company together with Andrey Korzh. The main activity of "SIMTELLIGENCE COMPANY LIMITED" is treasury and brokerage activity, and the main activity of "QCCI Ltd" is asset management and brokerage activity. The main activity of "White Lake Management Ltd." is asset management, brokerage activities. Also he (G.R. Erzikyan) explained that the client could independently purchase shares through "White lake", as such an

opportunity was available through "QBF" LLC (Saint - Petersburg stock exchange). As for the employees of the company "QBF", he knows that the owner of the company is Shpakov R.V. Spinka R.V. was the head of the sales department, Padalko N.S. was the general director of LLC "VL - Consulting", Korzh A.V. was its head, Rossieva E.A. was engaged in legal support of documents, Golubev A.S. was an employee of the office of St. Petersburg, Smirnova Y.S. was a member of the staff of the company. given to her as a witness, according to which, in early July 2019, she posted her CV on the website "HH.ru" and in the same month she was invited for an interview at the company "QBF". The interview took place in the structure of the Capital City tower on the 9th floor. The interview was conducted by Anastasia Zaripova, a recruitment officer. According to the signed agreement, she (S.R. Ermolenko) was to be employed by QBF from 25.09.2019. She was enrolled to the position of the Head of the Investment Services Department of K - Investment. In this position, she worked till 10.06.2021. The working day started with a meeting, during which she set tasks for the employees of the department on cold calling and "incoming leads", holding meetings with potential and existing clients. By "cold base" we mean an electronic database with lists of telephone numbers and full names. At the time of the beginning of her labour activity the base was already available on the work computers. All clients from "incoming leads" were also entered into this database. Under "incoming leads" is understood when a client independently left an application on the official website of IC QBF. She also trained her subordinate employees in sales techniques and in the formation of reports on the results of the day (how many clients were called, how many appointments were made, the total volume of attraction). K - Investment offered clients products of IC QBIF and MC QBIF, namely: trust management, individual investment account, brokerage services, consulting and brokerage services, open mutual funds, IPO (initial public offering on the stock market). Contracts with clients were concluded either in the company's office or remotely by sending the contract to the client's e - mail address. The client could also use QUIK (consulting and brokerage services), receive consultations from a "portfolio manager". In this case, the client makes the decision to buy or sell securities independently. In addition, the client could use trust management services. In this case, the client fully trusts the "portfolio manager" to manage his account. "The "portfolio managers" were employees of QBIF. As for the employees of QBF Group, she knows that R.V. A.V. Zykov's Testimony

given as a witness, according to which, until October 2020, he lived in Tula, where he worked at BKS as a counsellor. He placed his CV on the website "NN.ru" to find a more interesting and prestigious vacancy. In October 2020, he received a call from representatives of QBF Group inviting him to an interview in Moscow. He was interviewed by Artyom Tallerov, who is the Head of Sales in the Sales Department of the QBF Group. After the interview at the address: Moscow, Nab. Presnenskaya 8, building "Capital City" of the business centre "Moscow City", namely in October 2020, he was hired as a Financial Advisor of the Client Relations Department at K - Investment LLC. His duties as a financial advisor included: searching and inviting clients, informing clients to sell the company's investment products and trust management of clients' invested funds, opening brokerage accounts. As a financial advisor, he sold the company's products: IPO - over - the - counter assets. He did not sell any company products other than IPOs. The organisations on whose behalf the financial products were sold were QBroker LLC and QBIF LLC. The solicitation of clients for the sale of the company's products may have been through cold calls to potential clients or through social media via various video bloggers. His direct supervisor was Tallerov Artem, from whom he received instructions on his work and reported on the results of his work. Artem Tallerov's supervisor was Javid Isayev, and Javid Isayev's supervisor was Andrey Korzh. His (A.V. Zykov's) salary was approximately RUB 70,000 per month, which included fixed payments based on the results of the plan, as well as a % of the amount of funds raised. He received his salary in cash from Tallerov Artem, and he did not sign for his salary in any statement. During the entire time he worked at K - Investment LLC, he attracted approximately 10 clients and funds totalling approximately RUB 15,000,000. In turn, K - Investment LLC was part of the QBF group of companies, but he does not know how many organisations were part of

He began to have doubts about the legality of the actions of the management of QBF Group of Companies after law enforcement officers conducted investigative actions in December 2020 in the offices of QBF Group of Companies, and the company's clients began to file complaints and requests to withdraw their invested funds. After the investigative actions, he asked Tallerov Artem about the legality of the company's actions, to which Tallerov Artem explained that there was no cause for concern and the investigative actions taking place in the company's office were the work of competitors who were trying to paralyse the activities of the QBF Group of Companies. Ibrahimov E.E.'s Testimony

as a witness, according to which, around September 2020, while looking for a job, he posted his CV on the website "HH.ru". Some time later, in October 2020, he received a call from Zaripova A., inviting him to an interview. The interview took place in the company's office located in Moscow City in the City of Capitals Tower at the following address: 8, Presnenskaya Embankment, 8, p. 1. The first interview was attended only by Mr Shkrut A., who was a department head in the company. During the interview A. Shkrut presented the investment activities of the company, explained that the company LLC IC QBF has four licences of the Central Bank of the Russian Federation. Also he (E.E. Ibragimov) was told about the financial products of the company, which were provided to clients, namely participation in IPO, IIS, trust management agreements, brokerage services (Russian market). At the end of the interview he (E.E. Ibragimov) was informed that he would be contacted upon approval of the candidate. About a week later on 16.10.2020 he was invited to the second interview, which was held with Spinka R., who was the director of the sales department and Shkrut A. During the interview they also told him about the financial activities of the company. Before communication he (E.E. Ibragimov) asked Shkrut A. about negative reviews about the company LLC IC QBF, as these reviews were posted on the site "Banki.ru". In response, Shkrut A. said that these negative reviews were written on purpose to spoil the reputation of the company. At the end of the interview Spinka R. said that he (Ibragimov E.E.) was hired by the company. The first working day was 19.10.2020. After he started work, the training began, which lasted two weeks. The first week of training was conducted by Beladed Sveta, who told about the history of the company, said that the company QBF LLC has four licences from the Central Bank of the Russian Federation, that the company has branches all over Russia, that career growth is possible, and so on. The second week of training was conducted by Avetis, who spoke about the company's financial products and how to sell them. At the end of the training he (E.E. Ibragimov) was tested and signed an agency contract and then a labour contract. However, this contract was concluded between him (E.E. Ibragimov) and K - Investment LLC. He did not ask the managers why he was employed in this company and not in LLC IC QBF, as he realised that LLC IC QBF was avoiding paying taxes in this way. He was employed by the company as a junior financial advisor. As a junior financial advisor he had the following job duties: attracting clients, selling the company's products, supporting transactions with clients, consulting clients.

In addition, one of the requirements of the heads of departments was that each junior financial advisor should attract client funds to the company per month for a total amount of at least 3,000,000 roubles. Six people worked with him in his department: Serov, Abass, Anelia, Mishin and Shayda. During further testing and training, Avetis and Fedorov M. instructed the employees that if a client asked about negative feedback, they should tell them that they were not working at the time and were not aware of it. Since about November 2020 he (E.E. Ibragimov) had doubts about the recognition of the activity of the company LLC IC QBEF as legitimate. However, the management (Spinka R. and Shkrut A.) did not give a precise answer to all his questions about the activities of the company, and sometimes evaded the answer. In addition, in November 2020, during the withdrawal of funds belonging to gr. Volochkova and the client (data not known) under the supervision of the financial advisor Samoilov V., Ermolenko Stella began to make claims about these actions in the part that he did not persuade the client to leave the money in the company. This client (whose details are not known) withdrew 30 million roubles. After these events, he (E.E. Ibragimov) was contacted by his first client who wanted to participate in the IPO. In order to participate in the IPO, it was necessary to conclude an agreement on the provision of brokerage services. From the client it was necessary to receive a copy of the passport of a citizen of the Russian Federation, SNILS, e - mail data, and details of a bank account for withdrawal of funds. The client sent these documents to him (E.E. Ibragimov) on his work email "QBF", application in the phone "WhatsApp" and "Telegram". After that, he entered the client's data through the programme "Nabix". This programme then generated a package of documents and sent it to the client via email. These documents were sent to the client for familiarisation. At the same moment, the client received an SMS message with a code for confirmation to sign these documents, which the client reported. This code he (E.E. Ibragimov) entered into the programme and after that the signed copies of the agreement were sent to the client both from the side of LLC IC QBF and from the side of the client. On the part of QB&EF LLC, the contract was signed by S.A. Matyukhin, General Director, with an electronic signature. In total, from November 2020 to April 2021, he had 7 - 8 clients who in total transferred funds in the amount of 14 - 15 million roubles to their brokerage accounts. The said clients all participated in the IPO. Before he introduced the first client into the company, he had a conversation with Ruslan Sokolov, who assured him that the company's activities were legal and that there was no fraud on the part of the company's management. This conversation occurred because he (Ibragimov E.E.) at that moment had doubts about the legality of the company and he did not want the client to transfer money to an unknown place. Besides, from the moment he was employed by the company the client was offered to sign a general agreement. This agreement consisted in the fact that it was another account of the company to which the client's funds were transferred and from which the funds were allegedly later transferred to the settlement account of QBroker Ltd. The funds were then transferred to the top broker. In the course of the communication, Spinka R. informed him that the top brokers were: "Interactive Brokers", "Fidelity" and "Saxobank". In January 2021, Korzh A. told at meetings that from January 2021 it was mandatory to sign a master agreement with clients, explaining that the client would receive a higher allocation percentage for this and would be charged an additional five per cent on the account balance during holidays. The financial advisors were also motivated by the fact that they would be paid an additional bonus. However, the company did not fulfil these obligations towards the clients as well as towards the financial advisors. During all the time he worked in the company he saw his direct supervisor R.V. Shpakov, his deputy Z.V. Munayev, as well as the General Director of QBIF LLC S.A. Matyukhin, N. Padalko, who supervised the activities of WhiteLake, Argento, D. Isaev, the head of IPO direction. The head of QBroker LLC was Orlov Y., but he had never seen him in person. Sometime after the May 2021 holidays, clients began to file complaints about the delayed withdrawal of funds. Spinka R. and Shkrut A. explained that the regulatory deadline had not passed and that all clients would receive their funds on time. He (E.E. Ibragimov) subsequently communicated this information to his clients. On 25 or 26 May he met Shkrut A. Serov D. and others who told him that the office was being searched. Then they met Maslennikov V., who said that since the office was being searched they could go home. The next day, while in the office, in the morning, Shkrut A. called him (E.E. Ibragimov) and Serov D. and suggested that they go outside on the pretext of talking. Once outside, they went aside to a neighbouring tower, where Shkrut A. demanded that they switch off their phones and show him that they had actually done so. Having done so, he said that it was a "Financial Pyramid". Then he (Shkrut A.) said that if there was an opportunity to withdraw money, the money should be withdrawn now and he would not interfere. Then he (E.E. Ibragimov) returned to the office and went to the personnel department to pick up his labour book. Serov D., having returned from the personnel department, said that the woman in the personnel department from whom he took the labour book said

that it was a "Financial Pyramid". Serov D. specified that when the woman said this, she was surprised that the company's employees did not know that QBF LLC was a "financial pyramid scheme". Salary in this organisation was given in an envelope to each financial advisor, Isayev D.'s department received the most as he was the head of IPO. Also around 25 - 26 January 2021 on the day of salary there was a situation when Korzh A. was standing with a case with a volume of 20 litres, in which there were cash funds. He (E.E. Ibragimov) realised this because at that moment Korzh A. was talking to an unknown man on the phone. During the conversation they discussed the money. Korzh A. told the man on the phone that he had some money and was ready to give it to him, and the man was also told to take this amount of money or nothing. That was the end of the conversation;

According to the employment contract signed by her, the term of her duties as CEO of Millhouse Invest LLC was to be 1 year. The staff of Millhouse Invest LLC consisted only of the position of general director. She has not managed the operations of Millhouse Invest LLC since the summer of 2021. A.K. Ignatov's Testimony given as a witness,

according to which he has a qualification certificate of FFMS 1.0 since 2018, which confirms that he is a qualified specialist in brokerage activities. At the beginning of 2017, he received an offer from a former colleague at VTB Bank,

Dmitry Ivanovich Rykov, to be employed by QBF Group as a Lead Financial Advisor with a salary of approximately RUB 85,000. He was interested in this offer, therefore, in September 2017, an agency agreement was concluded between him (A.K. Ignatov) and a company from the QBF group, the exact name of which he cannot explain at the moment. Within the framework of the concluded contract he did not have duties to visit the office as a regular employee, but within the framework of this contract he could provide consulting services to clients and advertise products of the group of companies. He was interviewed for employment by Vladimir Pakhomov, the then Director of the branch network. From 2016 to 2020, Dmitry Ivanovich Rykov was the Director of the Tyumen Branch of LLC IC QBF. The Head of the department from 2017 to 2021 was Igor Aleksandrovich Chupin, who in 2021 after promotion became the Director of the branch. The following persons were employed in this office at different times as financial advisors: Cheban Nikita, Arina Butorina, Gopp Artem, Misak Abromyan, Lazovsky Sergey, Panov Denis, Kocherenko Evgeniya. On the basis of an agency agreement, he engaged individuals who invested their funds in QBF Group products. Out of all the clients consulted by him, about 20 clients were interested in the services of the companies, with 8 of them were concluded "Agreements on direct access to the securities market" on behalf of "QCCI" and trust management agreements of LLC IC QBF, under which the clients transferred cash funds in the office of LLC IC QBF, located at the address: Tyumen, Maksim Gorky St., 74. The procedure for signing the agreement was as follows. After receiving a verbal agreement from the client to co - operate with QBF Group, the client would come to the office. The contract was signed sometimes in the presence of the head of department Chupin I.A. In absence of Chupin I.A. the contract was handed over by him (Ignatov A.K.), however the contracts with signatures on behalf of "QCCI" he (Ignatov A.K.) took from Chupin I.A. The representative - signer in the contracts on behalf of "QCCI" was Gorobets Elena, which he did not see in his office, as it was explained by Golubev Alexey at the videoconference that Gorobets Elena is in Moscow. Since there was no cash equipment in the said office, after signing the contract, the client handed over the cash to the manager, namely Chupin I.A., or put the money in the safe installed in the office cabinet. In return, Chupin I.A. gave the client a cash receipt with the seal of the company "QCCI". These cash funds were neither collected by him nor by Chupin I.A. and were not entered into the brokerage account of "QCCI", and according to the information received from the branch management, they were taken by the representatives of LLC IC QBF - Pakhomov Vladimir Sergeevich, Golubev Alexei Sergeevich, Maslennikov Vladimir, Orlov Yuri Nikolayevich, what happened with the money in the future he does not know. A month after the conclusion of contracts with clients, reports on transactions on trading accounts were sent to their e - mail accounts, which reflected information on the state of the portfolio and purchased assets. He does not know who exactly prepared the reports, these reports came from e - mail addresses, from domains with the abbreviation "QCCI" or QBF in their names. The contracts were concluded for a period of 1 year with automatic prolongation if no withdrawal order was received from the clients. In 2019, some clients of "QCCI" began to experience delays in withdrawing funds from "QCCI" accounts, according to Dmitry Ivanovich Rykov and Igor Alexandrovich Chupin due to a temporary delay in transferring funds from foreign accounts to the Russian jurisdiction. In turn, Rykov D.I. and Chupin I.A. received information from Pakhomov V.S. and Golubev A.S. Dividends to clients were paid in cash, because during a video conference held by Golubev Alexey, he (Ignatov A.K.) became aware that in the central office of QBF, located in Moscow, there is a cash register equipment in which clients' funds are deposited, as well as paid in cash. At the end of May 2021 it became known from public sources that "QCCI" was liquidated, but when the process of transferring clients to WL in the summer of 2019 at the video conference held by Golubev Alexey, it was reported that the company "QCCI" is no longer operating, as the shareholders of the company do not see the sense in obtaining a licence from the European regulator, because of the duration of this process, as well as that clients can not receive their invested funds because the company has only illiquid assets, which are in the process of the company Also during the videoconference Golubev Alexey explained that he would clarify the information about the placement of clients' assets on trading accounts, but there were no clarifications on the assets either from Golubev A. or from the official sources of the company. He (A.K. Ignatov) provided products of the company's licence activity in LLC IC QBF, namely: trust management, brokerage services, OPIF "Euro Bonds" and OTC option contracts. The company also had clients who invested in these products of the company and did not receive funds after the expiry of the contracts. The name of the structural product "On Demand" is a product with a fork of two fixed rates, which are linked to the underlying asset index "RGBI", which tracks the average price dynamics of federal loan bonds and is concluded for a different time period at the choice of the client from 6 months to 3 years. In this product, the buyer of the option was QBIF LLC and the seller of the option was Q-BROKER LLC. The ultimate

obligations to clients under this option agreement are borne by Q-BROKER LLC due to the fact that Q-BROKER LLC is the seller of the options and QBIF LLC is the executor of the client's instructions under the transaction in fulfillment of its obligations. "IPO" was a structured product where the underlying asset was the company going public. This option contract did not imply the actual acquisition of shares of companies in the initial public offering at the expense of the client's funds. The following clients invested in "QCCI": Vyacheslav Yurievich Travin (approximately \$20,000), Alexander Yurievich Parfenov (approximately \$120,000; RUB 7,000,000), Igor Vitalievich Minyailo (approximately \$30,000), Maria Sergeevna Zgrebneva (approximately \$12,000), Vladimir Petrovich Protasov (approximately \$500,000; RUB 3,000,000), and Nikolai Alexandrovich Cheryatyev (approximately \$30,000). The following clients invested in QBIF IK LLC: Tatyana Pavlovna Karlysheva (approximately RUB 3,000,000), Vladislav Anatolievich Chebotnikov (approximately RUB 2,500,000), Mikhail Vladimirovich Kazachek (approximately RUB 6,000,000), Elena Vladimirovna Nikulina (approximately RUB 5,000,000), and Vladimir Leonidovich Troshin (approximately RUB 1,000,000). As far as he knew, Yuri Orlov held the position of IT - specialist in QBF group of companies, however, he was surprised to learn at the open conference of QBF group of companies in YouTube that he (Yuri Orlov) is the head of Q-BROKER LLC. He also knows that Roman Valeryevich Shpakov was the main shareholder in QBF group of companies, the shareholders were also V.S. Pakhomov and Z.V. Munayev;

- A.V. Ilyin's Testimony given by him as a witness,

according to which he worked in QBF Group of Companies from 02.07.2018 to 01.07.2021, namely from 2018 in QBF Investment LLC as Director of the Corporate Clients Department, then from 2019 - in K - Consulting LLC in the same position, from 2020 - in K - Investment LLC, as a financial advisor. After his department was downsized in 2020, he took a job in a department under Isayev Javid. His job duties included: receiving incoming client requests, consulting on the company's products, opening a brokerage account for IPO transactions, as well as providing information on the upcoming IPO. The principle of the OTC option agreement and its structure was explained to him by Isaev Javid, who was the head of the IPO direction. The OTC option contract allowed the client to get an option on the difference of the share price of the company participating in the IPO, and is designed for one year, that is, the client could hold the option contract within one year, during the lock - up period of 93 days, the client can exit early on the 20th working day from the date of acceptance of the transaction up to 93 days with a commission of 15% of the total amount of the position. Before applying for participation in a particular IPO, the client's funds were on the brokerage account of QBIF LLC, these funds could be withdrawn only by the client at any time to the bank account, within 1 - 2 working days. There was also a general agreement under which the client's funds on the brokerage account of IC QBF LLC were transferred to the settlement account of Q-BROKER LLC. After 26 May 2021, he began to receive orders from citizens to close positions and withdraw funds, about which he informed Isayev Javid. When he (Ilyin A.V.) asked why there were no funds on the accounts of Q-BROKER LLC, Ruslan Spinka explained that due to the current situation the top broker and counterparty had restricted their account operations, and in order to start settling obligations with clients, the company started to sell non - core assets, namely real estate and other valuables. Yuri Orlov held the position of Head of IT department in QBF Group and Q-BROKER LLC, later he (Y. Orlov) took the position of General Director of Q-BROKER LLC. Linda Athanasiadou was a director of Constants Investments, a Cyprus broker. Padalko Nicholas was Vice President of the company and supervised Argento, Falko, Purity, White Lake Management Ltd. Of the accountants he knows Ekaterina Gramza, he does not know what her duties were;

Iosifova E.O.'s Testimony as a witness,

according to which she worked in the catering industry until 2015. For employment in a new sphere, she placed a questionnaire on the resource "NN.ru" with a search for a job in banking, although she had neither education nor work experience in this area. In August 2017, she received a call inviting her to an interview at the organisation QBF LLC. She came to the office located in the Moscow City building at the following address: 8 Presnenskaya Nab. 1. She was interviewed by one of the managers named Aslan, whose surname she does not remember. She explained at the interview that she had no experience in banking. The interview was conducted in several stages. She learnt theoretical basic definitions - what are shares, bonds, brand name, who is the head of the Central Bank, etc. on the instructions of the staff. Three weeks later, after about the first interview, she (Iosifovna E.O.) was employed. The name of the organisation she was employed by had the word "Investment" in it. By job title, she was employed as an assistant manager. Her workplace was located at the following address: 8 Presnenskaya Naberezhnaya Naberezhnaya Street, Moscow, p. 1, 9th floor, in the Open Office. 1, 9th floor, in an Open Space. At her workplace she had a working mobile phone (she does not remember its number), a computer and a working e - mail account. All Open Space employees worked in the sales department. Her direct supervisor was Aslan (Head of Sales) and her mentor was his subordinate Andrey Korzh (Senior Financial Advisor). The career model of the department was as follows: an incoming employee is placed in the position of a junior financial advisor. He had to build up a certain portfolio of clients, and when he reached a certain number of clients, he was promoted to the position of financial advisor. Above that was the position of Senior Financial Advisor (also attainment of the position depended on the number of clients). The position even higher was senior financial advisor 2 category, who could already be a mentor. The highest management position in the sales department was the director of the sales department, he managed the heads (managers) of the sales department, each of whom had groups of employees under him. Her job description included: to make appointments with clients after being called through the "cold base", which was either a sheet with phone numbers or a list in electronic form, there was information: surname, first name, patronymic, or only first name and phone number. These lists - "cold base" employees of different groups of the sales department passed them to each other for work. Aslan also explained at the interview that she would have to make calls on behalf of the QBF group of companies, to interest a person in order for him to come to the company for a meeting. She had to first of all find out from the client what he was interested in, if it was the Russian market, she would explain to him the possibility of buying shares and bonds. If it was a foreign market, the client could be offered a foreign product, as well as stocks and bonds. People who came for meetings in the office after phone calls, came for meetings directly to Andrey Korzh. She would explain to clients that trust management agreements would be concluded with them on behalf of the QBF group of companies. She could not explain the exact form of ownership and the name of the organisation, as she did not go into it. Employees were given a plan, and if they fulfilled it, they could be promoted, if they did not fulfil it, they could be demoted or dismissed. The plans were sent out by e - mail. She does not know who made the plans and who owned the mail. After about 3 - 4 months of working as an assistant manager, she started working as a financial advisor. She (E.O. Iosifova) also made calls to databases, but she herself held meetings with clients. If after the conversation the client was ready to invest his money in investment products, he had to bring his passport, SNILS and fill out a questionnaire. Then she would draw up a table on the computer, into which she entered the questionnaire data and the product chosen by the client (e.g. "My Safe", "Golden Section", OFZ). Placement in any investment product was assumed initially in the amount of at least RUB 500,000 (My Safe, Golden Section, other strategies from RUB 300,000) and other products from RUB 10,000. She sent this table and scanned client documents by e - mail to the middle office (the department in charge of drafting contracts, which was headed by S.A. Matyukhin). Of the employees of this department, she remembers only Maria Kopylova. The client was then given an appointment to sign a contract. Then, to sign the contract, the middle office employee would bring the contract already signed by the head of QBF LLC or not yet signed, and the head would sign the contract after the client (not the head of the sales department), but on the same day. One copy of the contract remained with the company and one with the client. The client left with the contract signed by the manager (representative) of QBF Ltd. and the organisation's stamp on the contract. She does not remember which of the managers signed the trust management agreements. Together with the contract, a declaration was signed, where the strategy was specified - the portfolio contained so many per cent of shares or bonds. One copy was given to the client, one copy was kept by the company. The transfer of money by the

client is made when it is convenient for the client. It was forbidden to receive cash from clients within the framework of the contract. Three people were present at the signing of the contract: a member of the middle office staff who prepared the contract and brought it signed and stamped; a member of the sales department of QBIF Ltd, starting as a financial advisor; and the client. While in the position of financial advisor, she accompanied the execution of more than 10 (10 to 30) trust management agreements. Some of her clients, after writing withdrawal applications, withdrew their funds quickly, some clients took a long time to withdraw their funds. In 2019, the management decided to create a support department that worked only with existing clients and did not attract new ones. She joined the department as a senior financial advisor in the support department. Her job duties in the support department included: calling clients for reports, taking applications, etc., i.e. managing the clients assigned to the support department. The head of the department also accompanied the clients and also monitored the activities and solved problematic issues with the clients that arose. There was training available in the organisation which was conducted by an employee named Avetis. The training took place in the beginning every day. Avetis taught how to make cold calls and also explained how to sell IIS (individual investment account). During these trainings, role - playing games were held (financial advisor - client), where mistakes were later sorted out. The trainings were attended by 2 - 6 to 10 people. In the course of the training, she learned that QBIF LLC had a licence issued by the Central Bank, but she did not remember exactly what activity it was for. I assume that the licence was issued for trust management. In order to offer the client some products, the marketing department prepared brochures containing information about investment products, interest rates, blue chip stocks, dividend calculation, etc. She knows that the heads of the company LLC IC QBF are Roman Valerievich Shpakov, Zelimkhan (she does not remember his surname) and Pakhomov (Vladimir, I think). Which of them signed the documents, she does not know. The name QB Capital LTD is familiar to her from contracts. She represented the interests of QBF group and accompanied the signing of the agreement on behalf of QBF group of companies, but she does not remember which organisation signed the trust management agreement, as she has not been working for two years. She has heard the name of the organisation "White Lake Management Ltd" and knows that it belongs to QBF and is an international organisation. It was explained to them that due to sanctions in Europe it became difficult to work on this market and they made this company, but she does not know the details. Igor Leonidovich Semenov is her client, she accompanied the conclusion of the trust management agreement. He concluded the trust management agreement in 2018 - 2019. Who signed the agreement with Semenov and his sister Semenova on behalf of IK QBF LLC and on behalf of which organisation from the group of companies signed the agreement, she does not know. Andrei Korzh was with her at the transaction, he communicated with them and answered all the questions. Since she does not know anything about contracts, she invited Andrei Korzh to explain the details to the clients before signing the contract. Semyonov I.L. and his sister Semyonova L.L. were present at the signing of the contract, and each of them signed the trust management contract on the same day. At the height of the pandemic, when the market sagged, in the spring/summer of 2020, she received a call from Semenov (most likely him, as he was communicating for the two of them) saying he wanted to withdraw the money. She arranged for Semenov to meet Andrei Korzh after the conversation, with whom they changed their minds about withdrawing the money. At the initial meeting with the client, the client is given a brochure with information about QBF Group's products. If the client requested it, she was given a draft trust management agreement and a declaration outlining the strategy. She would print out this draft from her computer from the contracts folder. She was sure that the trust management agreement was legally binding when making transactions. She trusted the company completely and had no doubts about the legality of the company's activities and was sure that the income in QBIF LLC was much higher than the income from placing money in banks. Due to the pandemic, the company's clients had problems withdrawing their money. There was talk in the company that due to the large number of people who wanted to withdraw money at one time, there were problems with returning to clients the money they had deposited. She knows that QB Capital LTD under the guise of trust management could acquire shares on the international stock market, but she does not know the process of acquisition of shares. Clients are provided with a report on the balance, price and number of shares when buying and when selling them. Once a month a report for each client she accompanied was sent to her work e - mail account, and the report was also sent to the client. She admits that the reports were generated by the middle office, but she does not know which employee did it. She does not know the details of how the reports were generated. From the middle office she received a message about the receipt of funds from the client, indicating the surname, name, patronymic, date of receipt and the amount of the transferred funds.

The regulations provide for the withdrawal of funds only in non - cash form. If a client wanted to withdraw money, he had to submit a notice (she sent a template by mail) 1 month in advance, then he had to come with his passport, write an application, which was filled out at her office, then an employee of the middle office came, checked the passport, documents, identity of the citizen and took the application. The further procedure differed when placing money in Russia and abroad. She knows that the following employees worked in the QBF group of companies in the following positions: Ruslan Valerievich Spinka was an employee of the sales department, he was the head of the department; Grigor Yerkizyan was an employee of the sales department; Nikolay Padalko was the head of the sales department and was previously the head of Ruslan Spinka until the latter's promotion; Yuri Nikolayevich Orlov was an employee of the IT department; Rinat Felixovich Amerov was an employee of the department, which was engaged in partnership with the bank "Vostochny"; Vladislav Olegovich Plitin was an employee of the support department, her supervisor was Maslenikov. Its head was Maslenikov Vladimir, Pakhomov Vladimir was one of the main managers, Yudin Maxim worked as a manager in the sales department, then left to another project, to another department of the company. Shpakov Roman is the main manager, the owner of the company, as he congratulated the employees on New Year from the whole company and communicates only with the main managers, he never communicated with ordinary staff. Munaev Zelimkhan was the manager, he gave awards for the best sales. Stanislav Anatolievich Matyukhin was the head of the middle office, Evgeniya Rossieva was a lawyer. She (E.A. Rossieva) helped her (E.O. Iosifova) when clients' heirs came after their deaths. Pavel Yurievich Vlasov is an old employee, previously he was a financial advisor, but he left the sales department. Kirill Sergeevich Sobolev is an employee of the company, but which department, she does not know. Alexey Sergeevich Golubev was the head of the branch in St. Petersburg. Yaroslava Gennadyevna Smirnova was an employee of the middle office or other department, which was related to QBF's line of business related to mutual funds;

- Kaminsky P.A.'s Testimony

as a witness, according to which in 2012 he got a job at the company QBIF LLC, where he was engaged in trading in shares on the American securities market. The company's office, as well as his workplace with a computer and access to trading platforms, were located at 8 Presnenskaya Naberezhnaya Street, Moscow. Trading was carried out on the American market on the NYSE and NASDAQ exchanges via the Dastrader trading terminal. His direct supervisor was Roman Shpakov, but he does not know what position Roman Shpakov had in QBF. Shpakov personally supervised his (Kaminsky P.A.) work. He (Kaminsky P.A.) knows that Shpakov Roman was the main shareholder of QBF group of companies. As a trader, his (Kaminsky P.A.) job was to profitably trade securities on the American market in order to increase the company's capital. At the beginning of the working day, from his work computer, he logged into the Dastrader trading terminal, which reflected the amount of funds with which he could buy and sell shares of American companies during the working day in order to make a profit for QBF. All of the funds he had to work with were figures reflected in the Dastrader software as a balance for making stock purchases and sales. Because he had an FFMS 1.0 certification, in approximately 2015, he was transferred to QBEF IK LLC as a dealer. LLC IC QBEEF had a certain staff of employees who had to have a certificate of a professional stock market participant (it was a requirement of the Central Bank of the Russian Federation on the required number of certified employees in an investment company). The head of LLC IC QBEEF was Stanislav Matyukhin. In fact, he (Kaminsky P.A.) did not fulfil the functions of a dealer in IC QB&EF LLC, but continued to work as a trader in IC QB&EF LLC. As he had experience in managing a bond portfolio, he was appointed to the company MC KBF UA as a portfolio manager around 2016. QBF UA MC could also be part of the QBF group of companies. One of the first OPIFs (Open - end Mutual Investment Fund), which was created in QBF UA MC, was the Eurobonds OPIF (hereinafter referred to as the Fund), which he (Kaminsky P.A.) managed as a portfolio manager until his dismissal from the company. The main assets of the Fund were Eurobonds of the Ministry of Finance of the Russian Federation, in the amount of approximately 70% and the remaining part in the amount of approximately 30% were Eurobonds of large city - forming elements: for example, such as Gazprom, Sberbank and

others, which had the maximum rating (degree of reliability). The OPIF was managed through a programme - a trading terminal on the MosBirge. Its computer with an equipped workplace and QUIK programme was located at the address; Moscow, Presnenskaya Naberezhnaya Street, Moscow City DC "Moscow City" "Federation Tower". Yaroslava Smirnova was the General Director of KBF UA Management Company, to whom he reported on the results of his work. His main duties as a portfolio manager included managing the Eurobonds OPIF, namely: 1) Formation of the OPIF strategy (what shares of certain issuers' bonds will be included in the fund); 2) Coordination of the management strategy with the management; 3) Fundamental and technical analysis of the bond market; 4) Selection of bonds suitable for purchase; 5) Coordination of the terms of transactions, namely: number of securities, purchase/sale price, date of conclusion, which was necessary to comply with the CBR rules on the maximum permissible share in the OPIF per issuer, as well as other CBR rules and internal restrictions; 6) Execution of transactions in the form of buying and selling bonds on the organised market (on MosExchange) under the previously agreed terms of transactions. In January 2021, he was fully transferred from QBF IK LLC to KBF UA Management Company as Lead Asset Manager. During the entire period of his official tenure as a dealer in QBEF IK LLC, he was not engaged in dealing activities of the company and did not take any decisions, however, he participated in several meetings, but even there he did not take any decisions. In the said position of a dealer he was formally without performing any duties due to the fact that he had a certificate of a professional participant of the stock market. In September 2021, he resigned from the CBF UA Management Company at his own request, due to the fact that two investigative actions were carried out in the office of QBF, in connection with which he assumed that QBF was found to be involved in possible illegal activities, which could further lead to the revocation of his licence to operate on the securities market. Also, when the licence of the management company was revoked, he could lose his qualifications and lose his certificates, therefore he decided to leave QBF UA before the revocation of the company's licence. During the whole period of his employment in all the above - mentioned organisations, which could be part of the QBF group of companies, he had different salaries, which at the initial period was about 30 000 rubles, and already in the last period of activity reached about 150 000 rubles. - The testimony of Kipa D.S., given by him as a witness,

according to which in the spring of 2011, at an event with the participation of representatives of professional participants of the securities market, he got acquainted with Roman Valeryevich Shpakov. Some time later, in the summer of 2011, he received a call from a representative of QBF group of companies and was invited for an interview. After the interview, he was employed as the head of the analytical department in LLC IC QBF, the exact name of the company he does not remember, his direct supervisor was Munaev Zelimkhan. His job duties included analysing and evaluating the securities market, writing analytical reports on issuers, searching for investment ideas on the stock market for managers of exchange products, as well as, if necessary, giving oral consultations to clients on the situation on the stock market. He also fulfilled the functions of a sales team manager, whose duties included maintaining and calculating KPIs. He worked in this position until 2014, then he was transferred to the position of the Head of Investment Banking Department of QBIF LLC, where he worked until about 2016. His job responsibilities included setting up the department itself, staffing the department, and the functions of the department itself are related to corporate finance services, namely bond placement on the Russian securities market, business valuation, and project appraisal. Today he is employed at Q-BROKER LLC, where he was initially headed by Roman Shpakov, then Yuri Orlov. Denis Savrasov worked in the department of investment banking, where business and business projects were evaluated. QB Capital company is familiar to him from conversations of employees. Sometimes he (Kipa

D.S.) received requests from Munaev Zelimkhan to receive funds on his current account and transfer these funds further on the details of an individual, from his (Munaev Z.V.) words, to the employee of the company. There was no regular practice of transferring money to his (Kipa D.S.) personal current account, but there were episodes related to this request. In addition, he (Kipa D.S.) remembers an episode when one of the employees of the accounting department asked to receive money to his personal current account from a legal entity (which one he does not remember) under a loan agreement in order to further transfer it to the details given to him. Upon receipt of the funds on his account, the sender's destination of payment was "purpose of payment" - "loan agreement". The very fact that a loan agreement was actually drawn up in his name, in accordance with which he was given money from the organisation and which he subsequently handed over to the QBF accounting officer, did not embarrass him (Kipa D.S.), as it was done on trust, and the request to accept the transfer in accordance with the drawn up loan agreement came only from the managers (Munaev Zelimkhan and Shpakov Roman), whom he (Kipa D.S.) trusted. He (Kipa D.S.) did not apply to the law enforcement agencies for the loan agreement to be drawn up without his (Kipa D.S.) knowledge and according to his data. Wages, as well as bonuses before 2014 in the company, were sometimes given in cash, against signature. The envelope with the salary was left on his desk, later someone from the staff provided a statement in which he signed. During the period of his employment, from approximately 2019 to 2020, he received an assignment by corporate mail from his supervisors to investigate the company "Venture Finance Centre" for the possibility of placing a bond loan on the Russian market. Having studied the received data of the annual financial report of the company "Venture Finance Centre" came to the conclusion that the financial position of the company does not meet the formal requirements of the regulator for registration of the bond loan and for its further placement. The answer was provided verbally;

As a QBF secretary, her duties included: receiving incoming calls and their further distribution to addressees, meeting visitors, organising the work of maids, checking meeting rooms for cleanliness and availability of office supplies. The workstation was located at the reception desk, opposite the front door to the office. About a year later, Ugryumova Olga, who was the sales and marketing director of a construction firm, asked for technical assistance in the construction field. When she was hired, it was explained to her that there was an opportunity for career growth, so she (A.Y. Lozhkina) accepted the offer and agreed to assist O. Ugryumova. - A.V. Lopukhova's Testimony given to her as a witness,

according to which she was employed at K - Investment LLC as a junior financial advisor from 13.07.2020 to 29.06.2021. When she was employed, she was interviewed by Isaev Javid, who became her immediate supervisor. Her job duties included receiving incoming client requests, consulting on the company's products, opening a brokerage account, maintaining the client portfolio, which involves settlement of IRO transactions, calculating allocation, free balance for participation in the transaction, as well as providing information on the forthcoming withdrawal from IRO. The procedure of opening a brokerage account looked as follows: client applies to the company, she (A.V. Lopukhova) conducts consultations on products, namely she explained that the commission on entry will be from 2 to 3 per cent of the entry amount and 0.5 per cent on exit of the total amount, taking into account the profitability, as well as 15 per cent for early exit from the position on the 20th working day. The process of calculating the allocation was conducted as follows: every Monday, Isaev Javid was given a list of companies that had entered IROs that week. Next, the day before the opening of bidding, the bids were collected from the clients, to participate in the specific IRO given. The next day the bidding for the companies started, the allocation was known at 21h. 00min. of that day, the data on allocation was provided by Andrey Korzh. The process of calculating the free cash balance in the client's portfolio was carried out in the Excel table, with the help of summarised formulas, taking into account the amount of the order, allocation percentage, commission, share placement price, current share price, dollar exchange rate, calculations on the cash balance in the client's portfolio were made. The principle of the option contract and its structure was explained to her by Isaev Javid, who was one of its developers at QBF. The OTC option contract allows the client to receive an option on the difference of the share price of the company participating in the IRO. The OTC option contract is for one year, i.e. the client can hold the option contract for one year. There is a lock up period which is 93 days, however the client can exit early on the 20th business day from the acceptance of the trade and up to 93 days with a commission of 15 per cent of the total position amount. Prior to applying for a particular IRO, the client's funds are held in the brokerage account of QBIF LLC and only the client could withdraw them at any time to a bank account, within 1 - 2 business days. However, around September 2020 Andrey Korzh and Javid Isaev informed that a general agreement was introduced under which the client's funds on the brokerage account of IC QBF LLC were transferred to the settlement account of QBroker LLC, and therefore the time of withdrawal of funds from the settlement account of QBroker LLC to the client's brokerage account increased and amounted to 10 days. Initially, when introducing the general agreement, in the structure of the OTC option contract, on the instructions of the managers, the clients were offered to sign the document voluntarily, but since October 2020, on the instructions of Andrey Korzh and Javid Isaev, this agreement became mandatory for all clients. During the entire period of her employment, she attracted about 40 clients, to the tune of about 100 million rubles. After 25 May 2021, she started receiving orders from citizens to close positions and withdraw funds. She addressed this information to Dzhavid Isaev, to which he replied that at the moment he could not make the withdrawal of funds. Javid Isaev referred to this fact until her dismissal from "QBF", until 19.06.2021. During this period of time, she repeatedly approached him with the question of the possibility of making payments to clients. She was provided by Javid Isaev with a document certifying the size of the assets of QBF LLC, which included "ZPIF" RIF "Warehouse Federal", bonds of the foreign company "Argento", "PAI" RIF, real estate, "Purity fund units", with the total value of 4 755 917 996 rubles This document was signed by Orlov Yu.Y.N. Orlov initially held the position of IT specialist in the group of companies "QBF" and LLC "QBroker", later he took the position of General Director of LLC "QBroker". Isayev Javid had the following employees under his command: Alexey Murashov, Anton Lazarev, Sergey Khmelevoy, Alexander Ilyin, Vladislav Manaenkov, Artem Treiman, Said Isayev, Ruslan Dynda, Dmitry Bashkirov, Veronika Chernyshova, Kirill Gertseg, Artem Pirogov. Linda Athanasiadou was the head of international organisation activities at QBF Group. Bogdanova Kristina was engaged in accounting support for clients' payrolls. They were paid in cash as salaries, officially the salary of ordinary managers was 20,000 roubles, but

Manaenkov V.K.'s Testimony given by him as a witness,

according to which he worked in the period of time from May 2019 to January 2021 as a leading manager of the controller of Otkritie Bank. His acquaintance Sergey Khmileva offered to work in LLC IC QBF and gave him (V.K. Manenkov) the telephone number of the personnel department of LLC IC QBF. After calling the HR department, in the twentieth days of January 2021, he was invited to an interview at QBF LLC, which took place in the company's office located in the City of Capitals Tower in the Moscow City business centre at 8, page 1, Presnenskaya Naberezhnaya Embankment, Moscow. The interview was conducted by Mr Isayev Javid, who held a position in the company as Head of the IRO movement. In the course of the interview Isayev D. presented to him the investment activities of the company, informing him that the company is engaged in participation in IRO, as well as provides financial products such as IIS (Individual Investment Account) and trust management and IPF (Unit Investment Fund) and others. It was also reported by D. Isaev that QBIF LLC has four licences from the Central Bank of the Russian Federation. On or about 27.01.2021, he was employed as a financial advisor at K - Investment LLC. He had the following job duties: attracting clients, selling the company's products, supporting transactions with clients, consulting clients. The job description of the financial advisor stated that the financial advisor should attract at least 3,000,000 roubles from clients to the company per month. The department in which he worked was headed by Isaev Javid, and the following employees worked in the department: Khmiley S., Murashev A., Bashkirov D., Treiman A., Pirogov A., Chernysheva V., Dynda R., Lazarev A., Lopukhova A., Ilyin A.. In addition to the above - mentioned employees, he saw Shpakov R., Munayev S., Korzh A., Spinka R. and Rosiyeva E. During the period of his employment in the above position, he attracted 11 clients totalling RUB 27,934,000. All of his clients participated in IROs. In order to conclude an agreement on the provision of brokerage services, the client needed a passport of a citizen of the Russian Federation, SNILS, e - mail details, and details of a current account for withdrawing funds. The client sent these documents to his work e - mail. The documents were prepared by the middle office. After that the prepared agreement and other documents were sent to the client for signing. The signed copy of the agreement was also sent by the client by e - mail to the company's work e - mail. On the part of QBF IK LLC the contract was signed by the General Director Matyukhin S.A. After the contract was concluded with the client, a personal account was opened for him on the QBF website, where the client could track his funds. Reports on the client's brokerage account were sent by the middle office. The client transferred funds to the brokerage account opened for him, and from that account the funds were transferred to the master agreement. As Korzh A. informed him, it was another company account, from which the funds were subsequently transferred to the current account of QBroker LLC. The counterparty working with QBroker LLC was not disclosed, citing commercial secrecy. Since clients periodically withdrew funds, he did not have any problems, as well as suspicions about the financial activity of the company QBIF LLC. In May 2021, law enforcement officers searched the company QBIF Ltd. After the search, he found on the Internet that a criminal case had been opened against the managers of QBF LLC. At that time, the company had already started to delay the salaries of financial advisors. On the day when the company was searched Isayev D. said that he (Isayev D.) did not know why the money was not returned. He explained that the clients' money had most likely been stolen. Thus, after the search and conversations with both Isaev D. and Korzh A., he (Manaenkov V.K.) concluded that the involvement of clients' funds in the company was such a fraudulent scheme. He knows Nikolay Padalko from the employees of QBIF LLC, who dealt with offshore companies and the company's funds; he sat in the office separately from all departments. He also knows the general director of Q-BROKER LLC, Yuri Orlov. He saw a woman named Linda, who had a foreign surname, who was mostly in the rooms where R. Shpakov's office was located;

Apart from her, the meeting was attended by Vladimir Maslennikov, who is the head of her department, and periodically the company's lawyer Evgeniya Rossieva was present during the conversation. The activities of the regional centres were headed by Vladimir Pakhomov. The main activity of the company is to attract funds from individuals for further investment in securities and projects. The company is also engaged in construction of residential buildings in Odintsovo, Moscow region and Severodvinsk. In Moscow in the central office there are legal department, sales department, accounting department, IT department, human resources department, client support department, marketing department, analytical departments, construction department. Shpakov R.V. did not involve him in the organisation's brokerage and investment activities. In 2017, the company IK QBF LLC started to experience delays related to untimely payments to clients under the contracts. According to the contracts, the company was supposed to pay individuals monies within the contractually agreed timeframe. He believed that the late payments were due in part to changes in the securities market and the company's lack of available cash. Cash payments were made with delays, sometimes lasting six months or more. Since this period the company continued to receive appeals from clients about untimely receipt of funds from QBIF LLC, however, most of the appeals were settled amicably and clients were paid in full. He knows only Vasyukova from the staff of accountants of LLC IC QBF. For a long time he has known persons who are employees of LLC QBF: Munaev Z.V. and Rossievoy E.A., Athanasiadou Linda has seen several times in the office of the company;

- Mkrtychyan D.G.'s Testimony as a witness,

according to which she started looking for a permanent job after the start of the pandemic in 2020. Through her acquaintance Yulia, an employee of the organisation "F - Experts", located in one of the "towers" in the business centre of Moscow City on Presnenskaya embankment of Moscow, she sent a link of her application form on the resource "Hh.ru", after which she was invited for an interview. The interview was conducted by a member of the HR department of the F - Experts organisation named Svetlana. She explained that "F - Experts" is a brokerage company and after a number of questions offered her a job as a business administrator (paralegal) to assist the employees of the legal department. On 01.12.2020, she went to work, and on 17.12.2020, an employment contract was concluded with her She was hired by F - Experts LLC as a business administrator. The company's office was located at the following address: Moscow, Presnenskaya Naberezhnaya, 8, pp. 1, South Block, 9th floor, Capital City Tower. Her direct supervisor was Evgenia Rossieva, who was a lawyer and head of the division where she worked. Apart from her

(E. Rossieva), she was given various assignments by other employees of the legal department who worked with E. Rossieva: Nadezhda, Arina, Madina. In total, there were quite a lot of people working in the office. Many people came to the office where the legal department was located. At the beginning of May 2021, she wrote a statement (to Rossieva E.) about resignation at her own request. She knows the name "QBF", she saw this logo on the documents handed over to her. She heard that the company carries out brokerage activities;

- The testimony of Montes A.A.,

given to her as a witness, according to which on 01 November 2020 she was invited to work in the company IK QBF LLC as a financial advisor. At the time of employment she was interviewed by Anastasia (HR manager), Shkrut Anton (Head of Sales Department) and Spinka Ruslan (Head of Sales Department). After 2 weeks of training from 16.11.2020 she was to be officially employed by QBIF Ltd. in accordance with the Labour Code. When signing the contract, she found out that she was employed by K - Investment LLC, where the General Director is Polibin S.S. with a salary of 21,000 rubles. These circumstances alarmed her, as no one had warned her about these details. Her manager Anton Shkrut assured her that these were temporary measures and after the New Year all new employees would be transferred to the permanent staff, as the company is now planning to expand and move to other floors of the Business Centre (Moscow City). Later she and all new employees will be properly registered. Later it turned out that 90% of the staff was registered with K - Investment LLC and this has been a common practice in the QBF group of companies for many years. The first salary was given to her in an "envelope" and it turned out that this is also a standard practice in the company. Despite the fact that her and her colleagues' labour contracts stipulated that they would be paid to a bank card, in fact all employees were always paid their salaries and bonuses exclusively in "envelopes" and without any documents from the accounting department. Bonuses were paid separately from salaries and they were calculated on the amounts raised by financial advisors. The percentage was different for each financial product. For example, attracting clients for trust management, the percentage was up to 7 per cent of the amount deposited by the client, bonuses were paid immediately. Attracting clients for participation in IRO the system of encouragement was complicated: the salary part (from 70 to 200 thousand rubles, in case of overfulfilment of the plan it was possible to receive up to 300% of the salary in addition) of the financial adviser was formed from the total amount of the attracted client's money, from each client's participation in IRO bonuses were accrued in the form of 0.3 to 0.7% of the allocation amount, also the financial adviser was encouraged for early closing of the transaction (earlier than 90 days) by the client in the form of 0.7% of the transaction amount. As in this case the client paid 15% to the company on early closing. In QBIF Ltd. there was a system of KRI, which indicated minimum plans per month, from which the salary was calculated, and bonuses were paid from the turnover of clients' funds and depending on the products that he bought. The highest bonuses were for attracting clients on trust management - the bonus was 10% of the amount attracted. These products were the most interesting for the company because they meant "long money" - clients signed trust management contracts for a year or more. From the moment they started working for the company, it became clear that their duties included first of all attracting clients to invest in the company's products, the full cycle of their management, i.e. registration of brokerage accounts, informing them about upcoming IROs, explanations on working with the company, transferring their applications for participation in IROs to the middle office and transferring back the documents already prepared by the middle office to the clients themselves. All of the training for the financial advisors was conducted using sales techniques and persuasive skills. From a financial literacy perspective, the training was extremely superficial and more about making their words sound convincing in a sales pitch. The head of the training department from the beginning was Avetis, the employee was Smirnova Yulia. The employees were trained to tell clients that in addition to the main brokerage account at NSD Bank from the licensed company QBIF LLC, they should sign a general agreement with the partner company Q-BROKER LLC to credit clients' funds to the account of Q-BROKER LLC. This enabled clients to receive additional allocations when participating in IROs, but greatly lengthened the timeframe for withdrawing client funds. For comparison - withdrawal

of funds from a brokerage account at NSD was from 1 - 10 business days, and from Q-BROKER 20 business days to an account at NSD and another 1 - 10 business days to the client's current account. If financial advisors asked questions as to why such long withdrawal terms were so long, as in other brokerage companies it is usually much shorter, the management said that this is their working condition and it is not negotiable. Since the new year 2021, Andrey Korzh announced that the company's plan for the quarter is to attract 1 billion rubles "net" and to fulfil this plan, the company must attract 300 million every month. To implement this plan, without consulting the employees, the KPIs were increased and sales of new products were included, which the financial advisors did not know anything about. The initiators of these changes in the company's work were Ruslan Spinka, Andrey Korzh, and Maxim Fedorov. In the future, the plans were exceeded by a margin on the occasion of which the company organised a holiday for employees. In February 2021, the company abruptly started to change internal regulations for employees and introduced fines for non-compliance with company policy. Financial advisors were pressurised to lure clients into unsuccessful IROs that were guaranteed to drag clients' deposits into minus. It was also strictly forbidden to criticise any of the company's actions and products in public under threat of dismissal. Previously, clients could participate in IROs from NSD's brokerage account, but now it is mandatory to sign a general agreement with Q-BROKER LLC and transfer funds to its account. This measure was explained by the management, represented by Isayev Javid, Andrey Korzh and Ruslan Spinka, as mandatory and assured that the shares of the IRO companies were held in the depository of Q-BROKER LLC in Cyprus and they bought them through their old partner Constance Investment. Internally, there were regular operational issues related to errors in documentation, incorrectness of reports provided to clients. Sometimes items appeared or disappeared in the reports, which made her (Montes A.A.) and other employees believe that these reports were fake and did not correspond to real bookkeeping. She was under the impression that the middle office was doing them manually. With all questions they were sent to the employees of the middle office and to their manager Maria Kopylova and two of her (M. Kopylova) department employees, Katerina Alekseeva and Anna Golubeva. They denied any allegations of discrepancies in the accounting reports and said that they in turn were sent data from the back office, which they (the employees of the middle office) had never seen, as it was located outside the business centre and only the management had access to it. From the month of February 2021, the agitation of financial advisors for personal pools of clients in the employees' own accounts also started. Such canvassing was carried out by the IRO department headed by Isaev Javid and Alexey Murashev. Murashev explained how to circumvent the law on admitting only qualified investors to complex products by creating a pool in which persons with deposits of 400,000 roubles or more could participate. He (A. Murashev) organised such a pool himself and shared his skills with others. Alexey Chentsov, a financial advisor from another department, also organised such a pool. All the work with implementation of the IRO product and arrangements with Cyprus for obtaining shares was supervised by Isaev Javid and his main employees of the department: Alexey Murashev and Anton Lazarev. Javid had extensive experience in the promotion of such projects, as he had previously worked at Teletrade and was a director of that company. His (D. Isaev) duties included conducting training seminars to increase client loyalty and involve them in investment activities. He (Javid) introduced these technologies while already working at QBIF, initially conducting training webinars, where he spoke about the advantages of IROs and organised the work of his department from scratch. Isayev Javid also told how exactly it is necessary to attract clients with large cheques and what arguments to stimulate the deposit of new funds. During the time of work the main reason for attracting clients to QBIF Ltd. was the promise of higher allocations. How the company managed to get such allocations against the background of other competitors was unknown to her and most of the employees. Andrei Korzh and Javid Isaev were responsible for this information, as they were the ones who published it after the IRO was released. After the allocations to failed companies became huge despite the fact that the number of clients and the total number of participation requests was growing, she and other employees began to believe that the company was committing fraud and "inventing" allocation data in order to deliberately steer clients' portfolios into negative returns, thus preventing withdrawal of profits and forcing clients to keep their money with the company for as long as possible. Also, the regular errors in the reports confirmed their speculation that there was no official accounting department and that all calculations were done arbitrarily by the middle office staff. Observing the managers - Andrei Korzh, Maxim Fedorov, Ruslan Spinka and Javid Isayev - she came to the conclusion that the money transferred by clients to Kubroker accounts is used by the company at its own discretion. The concurrent emergence of new projects and talk of the company buying property indicated that the company was acquiring the property from the funds entrusted to it

by unsuspecting clients. In addition to IRO products, the company sold other services: trust management services, ZPIFs and OPIFs, Argento structured products under the guise of Eurobonds and promissory notes. The trust management offerings were made on the Russian market through NSD's brokerage account (white scheme) or through White Lake Management LTD and Argento (grey schemes). The head of this area and CEO of White Lake Management LTD was Nikolay Padalko, and the financial advisors were tasked with getting clients with portfolios of 300,000,000 roubles or more into these products. However, the products themselves looked extremely unreliable, as statistics on trust management showed negative returns and those products that Padalko called "Eurobonds" with 100% reliability were in fact structural products with embedded risks. And the very scheme of working with offshore could not guarantee the client safety, which is why she and some of her colleagues categorically did not work with this area. Also, since February 2021, the company started to actively offer its new products in RIFs (units of closed - end real estate funds organised by the company). The following employees were actively engaged in this area: Maxim Fedorov, Andrey Korzh, Ruslan Spinka. The partner in this project was Sergei Shaban, who actually owned the legal entities to which the mutual funds were registered. In general, the product was unattractive, as the estimated value of units was 350 thousand rubles, and the company sold them for 600 thousand rubles and promised unrealistic returns, and many employees also refused to work with these products. Further it turned out that in some projects created by the company the co - founders were the heads of the following departments: Andrey Korzh, Ruslan Spinka, Artem Tallerov, Maxim Fedorov, Olga Matyukhina and other employees. Having their own stakes and personal interests in the development of their projects, these individuals exerted special pressure on financial advisors forcing them to sell their products and services and changed the system of CRI and remuneration of financial advisors without any agreement with employees. Such games of the company led to internal conflicts, but no one from the company's management team made explanations. In March, she was contacted by a client of the company who sought help in trying to recover his funds from White Lake Management LTD. This was the first case of non - return of funds she had encountered and she sought help in resolving the issue from her personal supervisor Ruslan Spinka, who was the head of the sales department. She was assured that it was a mistake and all clients always get their funds back and this mistake is due to the fault of the company's office in St. Petersburg and was promised that the issue would be solved, but other clients started to appear with claims about non withdrawal of funds. The managers of the company kept repeating that the main task of financial advisors is to dissuade clients from withdrawing funds and heavily penalised the employees if their clients did apply for withdrawal. Due to such strong pressure, lack of transparency in the company's work, non - compliance with agreements, misleading employees and using them to attract money to an unreliable company, she decided to terminate her employment with the said company. The dismissal also violated all legal norms of labour legislation, did not pay all the funds in full and the dismissal took place in one day;

- A.V. Murashev's Testimony given by him as a witness,

according to which he worked in various positions in the field of finance after graduating from university. In December 2019, after posting his CV on the website "NN.ru", he received a call from representatives of the group of companies "QBF" and was invited for an interview. The interview was conducted in three stages. At one stage he was interviewed by Padalko Nikolay, who was responsible for transactions on the international securities market of QBF Group. In December 2019, after being interviewed in one of the offices of the Capital City building of the Moscow City business centre, located at: Moscow, Nab. Presnenskaya 8, he was hired as a Financial Advisor in the Client Relations Department of K - Investment LLC. His duties as a financial advisor included: searching and inviting clients, informing clients for the sale of investment products and trust management of clients' invested funds, opening brokerage accounts, and as a financial advisor he sold the following products of the company: IRO - OTC assets, repo transactions, trust management, RIF mutual funds. The organisations on whose behalf the financial products were sold were QBroker LLC and IK QBF LLC. Clients could be solicited for the sale of the company's products through cold calls to potential clients or through social networks and various video bloggers. His direct supervisor was Dzhauid

Isayev, from whom (D. Isayev) he received instructions on his work and reported to him on the results of his work. Dzhavid Isayev was supervised by Korzh Andrei and Spinka Ruslan. His salary was approximately RUB 80,000 per month, which included fixed payments based on the results of the plan, as well as a % of the amount of funds raised. He received his salary in cash from Dzhavid Isayev; he did not sign any pay slip. During the entire period of his employment with K - Investment LLC, he attracted approximately 30 clients and funds totalling approximately RUB 40,000,000. Until May 2020, the company had virtually no sales due to the difficult epidemiological situation in the world, but around July 2020, the company's sales began to increase. One of the reasons for the increase in sales was IRO's new product - over - the - counter assets, which Javid Isaev proposed to introduce into the company's products. The mentioned IRO financial products were widely used by other companies all over the world, but QBF Group had not had this product before. Thanks to the IRO financial product, the company's sales have grown, the number of clients has increased and the number of employees of QBF Group has expanded. In turn, K - Investment LLC was part of the QBF group of companies. The office of K - Investment LLC was located in one of the offices of the Moscow City business centre, Capital City building, at the following address: Moscow, Nab. Presnenskaya 8. The principal activity of QBF Group of Companies was attracting clients for the sale of investment products and trust management of funds invested by clients. The head of QBF Group of Companies was Roman Valeryevich Shpakov. Roman Shpakov's business partner was Munaev Zelimkhan. Spinka Ruslan reported directly to Shpakov on all activities of the Sales Department, and Spinka Ruslan was subordinated to Korzh Andrey. At the beginning of his employment with QBF Group, he did not suspect that the company's management, represented by Roman Shpakov, Zelimkhan Munaev, Ruslan Spinka and Andrey Korzh, could carry out fraudulent actions with clients' money, as the company had a number of licences from the Central Bank of the Russian Federation to carry out professional activities in the financial sphere, and many of his acquaintances were QBF clients. He began to have doubts about the legality of the actions of the above - mentioned management of the QBF group of companies after law enforcement officers conducted investigative actions in December 2020 in the offices of QBF companies. He asked Ruslan Spinka and Andrey Korzh about the legality of the company's actions, to which Spinka and Korzh explained to him that there was no cause for concern and the investigative actions taking place in the company's offices were the work of competitors who were trying to paralyse the activities of QBF Group. He also asked Spinka and Korzh about the necessity of withdrawal of funds by the clients, as there were many of his acquaintances among the clients and in order to minimise possible damage to his (Murashev A.V.) acquaintances, he could offer them to withdraw their invested funds, to which Korzh and Spinka assured him that there were no reasons for emergency withdrawal of funds. In case of such a situation the clients who are his (Murashev A.V.) acquaintances will have an opportunity to withdraw their invested funds as a priority. He worked at K - Investment LLC until approximately May 2021, after which he resigned from K - Investment LLC at his own request. During his employment with QBF, he had to communicate with various employees of the company: Baranova Olga - head of reception, she was also the cohabitant of Munaev Zelimkhan; Lazarev (Sibikin) Anton - financial advisor; Hertsik Kirill - financial advisor; Khmelev Sergey - financial advisor; Tallerov Artem - head of sales department, on the latter the management of the company withdrew shares for 300,000,000 roubles, but he (Tallerov A.Lubov (probably Kuranina) - Shpakov's assistant, who was friends with Baranova Olga, with whom they repeatedly flew to the UAE to Shpakov Roman and Munaev Zelimkhan; Balayan Ara - head of sales department; Trutnev Alexander - financial advisor; Maslennikov Vladimir - head of support department, whose task was to retain clients on the international market; Bogdanova Kristina - responsible for issuing salaries to all employees, which she received from Spinka Ruslan, and subsequently transferred in the required amounts to the heads of departments for transfer to the employees; Orlov Yuri - General Director of QBroker, who previously held the position of Head of IT Department; Padalko Nikolay - supervised the Cyprus and Caymans business; Linda Athanasiadou - representative of the Cyprus branch, who communicated with Lepeshkin Dmitry; Stanislav Matyukhin - General Director of IC QBF LLC; Maxim Fedorov - Vice - President of the company (Senior Financial Advisor); Stella - Head of Sales Department; Evgenia Rossieva - lawyer of QBF Group, who prepared passports of the company's products, coordinated with the Central Bank of the Russian Federation; Oleg Timokhin - Head of BEC office; Maria Kopylova - Head of Middle Office, who formed transactions with clients; Alexey Trunyaev - financial advisor; Ekaterina Dorokhina - financial advisor; Alexey Chentsov - financial advisor; Marina Burshtein - financial advisor, who after the departure of many employees continued to respond to clients' requests; Yulia Zaitseva - financial advisor; Rinat Amerov - responsible for cooperation with Vostochny Bank; Alexey Golubev - one of the managers of the branch in St. Petersburg; Vladislav

Pakhomov - financial advisor. Vladimir Pakhomov - one of the regional managers; Yuri Shaban - supervised the direction of UIF activities; Pavel Vlasov - sales department; Tural Godirli - head of analytics department; Avetis Vartanov - instructor for training of financial advisors. He also explains that around October 2021 he received a call from lawyer Ekaterina (8 - 909 - 913 - 27 - 04) offering her legal services in case he (A.V. Murashev) would be summoned for questioning as a witness in a criminal case against the management of QBF Group. Ekaterina explained that her services would be free of charge for him (A.V. Murashev), but she did not explain who paid for her services. He refused her offer assuming that the lawyer could act in the interests of the management of QBF group of companies in order to prevent disclosure of information defaming the management of QBF group of companies;

given to her as a witness, according to which in 2020 she placed an advertisement in publicly available sources of information to find a job. Around the summer of 2020 she received a call from representatives of QBF group of companies on her ad and was invited to an interview in the office located in the building "Capital City", business centre "Moscow City", at the address: Moscow, Nab. Presnenskaya 8. She was offered the position of a receptionist. The interview was conducted by Olga Baranova. In July 2020, she became an employee of QBF LLC with a salary of 60,000 roubles. The salary was received in cash and given to her by Bogdanova Kristina. She did not sign any statement for the money she received. QBF LLC was part of the QBF group of companies and was located in one of the offices in the Capital City building of the Moscow City business centre at the following address: 8 Presnenskaya Nab. Baranova) on the results of her work. In addition to Olga Baranova, her colleagues were Kryachek Elizaveta and Kozlova Maria, and previously Dodukh Marina. Her duties as a secretary included meeting guests, issuing passes for guests and guests' cars to the Moscow - City Business Centre, sending various corporate messages to the necessary addresses, receiving various calls and forwarding these calls to the right department. She had no other duties. She was employed by QBF Ltd from July 2020 to April 2021 and resigned from QBF Ltd at her own request due to the fact that her salary started to be delayed in 2021. She knows that the following employees worked in the QBF group of companies in the following positions: Avetis Vartanov - instructor for training of financial advisors, he was given information about clients who called with complaints about possible loss of invested funds; Tural Godirli - head of analytics department; Ekaterina Gramza - chief accountant; Vladimir Maslennikov - head of support department (withdrawal of funds and cancellation of contracts at the request of clients); Stanislav Matyukhin - general director of one of the companies included in the group of companies.

Nabiullina T.A.'s Testimony

given to her as a witness, according to which, in Moscow, she worked in various positions that did not require special education, and in addition, she posted her CV on the website "NN.ru" to find a more interesting and prestigious vacancy. Around May 2019, she received a call from representatives of the QBF group of companies and was invited to an interview. The interview took place in several stages in the Capital City building of the Moscow City business centre, located at 8 Presnenskaya Embankment, Moscow. After an interview, she was hired as a receptionist, and a

short time later she was transferred to the position of assistant to the head of OOO IC QBF, but she was actually employed by OOO 701. Her manager was Stanislav Matyukhin. The assistant manager's duties included general administrative functions, organising meetings and other assistance to the employees of the organisation. After working with Matyukhin Stanislav, after about three months she was transferred to the sales department as an assistant manager. By that time she was already employed at K - Investment Ltd. Her supervisor was Ruslan Spinka, head of the sales department. Her authority was similar to her previous authority as an assistant manager. She received work instructions from Stanislav Matyukhin, and later from Ruslan Spinka, and reported to them on the results of her work. In turn, Spinka reported to Roman Shpakov. Her salary was approximately 60,000 - 70,000 roubles per month and she received it in cash from either Spinka Ruslan or Bogdanova Kristina. She did not sign for the receipt of her salary in any statement. K - Investment LLC was part of the QBF group of companies. The principal activity of QBF Group was attracting clients for the sale of investment products and trust management of funds invested by clients. The head of QBF Group of Companies was Roman Valeryevich Shpakov. Shpakov's business partner was Zelimkhan Munayev. Vladimir Pakhomov was also one of the managers of the group of companies. In addition to the above - mentioned managers, she remembers a number of other employees, but does not know their positions. These employees were: Nikolai Padalko, Andrei Korzh, Yuri Orlov, Linda Athanasiadou, Yuri Shaban, Artem Tallerov, Vladimir Maslennikov, Oleg Timokhin, Maxim Fedorov, and Javid Isaev. Evgeniya Rossieva is the company's lawyer and Ekaterina Gramza is the chief accountant. A.V. Nepomnyashchy's testimony,

given by him as a witness, according to which he is the General Director of NOA LLC. He has been fulfilling his duties since the moment of registration of the Company up to the present time. The main activity of the Company is consulting on tax and legal issues of individuals and legal entities, registration of foreign companies, accounting and audit. The staff of the Company consists of 9 persons. The office of the Company is located at: Moscow, Khilkov pereulok d. 1, sq. 19. 1, sq. 19. The premises are non - residential, rented under a lease agreement with the owner of the above flat. Two offices in this premises were occupied by employees of Simon Jesso Ltd. without a contract, namely offices No. 1 and No. 5. As far as he knows, there are only two employees in this company, the manager Lepeshkin Dmitry Sergeevich and the manager Anita Chepiuk. On the relationship between LLC NOA and LLC IC QBF, he explained that Dmitry Lepeshkin is the founder of LLC NOA with a current share of 10%. He (Dmitry Lepeshkin) was interested in the development of the Company, as he was previously an employee of QBF LLC and had the opportunity to attract agents from the above company, and QBF LLC employees provided contacts of their clients. The employees of NOA LLC subsequently offered their services to said persons on their own. NOA LLC did not conclude contracts with the clients of IK QBF LLC, as the Company's services were quite expensive and highly qualified. Potential clients were generally not satisfied with the price of the services. There were no other relationships between QB&E LLC and NOA LLC. The only time in February 2021, the bank account of NOA LLC received

money in the amount of 700,000 rubles from IC QBF. According to Dmitry Lepeshkin, LLC IK QBF owed him (D. Lepeshkin) this amount personally and he wished that the money was not given to him personally, but was transferred to the account of LLC NOA for business development. Subsequently, the money was used to purchase office equipment for employees. The documentation related to the activities of the organisations "168 Kvartal", "KP turn 2", "M1 Invest" and others, which were seized during the search in office No. 5 and the round seal seized in office No. 1, belong to Dmitry Lepeshkin and relate only to the activities of Dmitry Lepeshkin. He (Nepomnyashchy A.V.) has known Munaev Z.V. since 2010. In 2019 Munaev Z.V. asked to get him a job at NOA Ltd. He (Nepomnyashchy A.V.) knew that Munaev Z.V. was familiar with a number of bank managers, so he accepted him as a director of NOA LLC. His (Z.V. Munaev) duties included searching for clients in Russian banks. Z.V. Munaeva worked until December 2020, when he resigned at his own request. Munayev Z.V. failed to attract clients, therefore his salary was low, which apparently was the reason for his dismissal. After that, Mr Munayev Z.V. worked at QBF IK LLC;

The main activity of QBF Group was attracting clients for the sale of investment products and trust management of the money invested by clients. His direct supervisor was Tural Godirli, from him (Tural Godirli) he received instructions on his work and reported on the results. He knows who Tural Godirli was subordinate to. Apart from Tural Godirli, his colleague was the analyst Arthur Meinhard, and he (Nesterenko N.S.) communicated with Alena Gudakova, an employee of the Middle Office. His duties as an analyst included financial analysis of shares of American companies on the world securities market, information on which he entered into a special programme and sent to his manager. He sent the analyses to his supervisor as soon as they were ready, as some companies could take several days to analyse. He worked at F - Experts LLC from July 2020 to August 2021, after which he resigned at his own request due to the fact that in 2021 the Central Bank of the Russian Federation revoked the licence of one of the organisations within the QBF group of companies to carry out its core activities, and in the absence of this licence, the organisation where he worked could not carry out its core activities. Roman Valeryevich Shpakov is not personally known to him, but he has seen him in the office. In addition, he (Nesterenko N.S.) knows that Shpakov R.V. held the highest position in the group of companies "QBF";

- A. S. Oberman's Testimony

given by him as a witness, according to which he worked in the investment sphere in 2020. In order to find a more interesting and prestigious vacancy, he placed his CV on the website "hh.ru". In December 2020, he received a call

from representatives of the QBF group of companies and was invited to an interview. The interview was conducted with him by Artyom Tallerov, who is the Head of Sales in the Sales Department of the QBF Group of Companies. The interview was held at the following address: 8 Presnenskaya Naberezhnaya Embankment, Moscow, Capital City building, Moscow City business centre. In January 2021, he was hired as a Financial Advisor in the Client Relations Department of K - Investment LLC. His duties included: searching and inviting clients, informing clients to sell the company's investment products and trust management of clients' invested funds, opening brokerage accounts. As a financial advisor, he sold the following products of the company: IPO - over - the - counter assets. He did not sell any other company products other than IPOs. The organisation on whose behalf the financial products were sold was QBIF LLC. The solicitation of clients for the sale of the company's products may have been through cold calls to potential clients, or through social media via various video bloggers. His direct supervisor was Tallerov Artem, from whom he (Oberman A.S.) received instructions on his work and reported on its results. Tallerov Artem's supervisor was Korzh Andrei, and Korzh Andrei's supervisor was Spinka Ruslan. His (A.S. Oberman's) salary was approximately 45,000 - 65,000 roubles per month, which included fixed payments based on the results of plan fulfilment, as well as a % of the amount of funds raised. He received his salary in cash from Tallerov Artem, and he did not sign any statement for receiving it. During all the time he worked at K - Investment LLC, he attracted approximately 3 - 4 clients and funds totalling approximately RUB 5,000,000. K - Investment LLC was part of the QBF group of companies. The office of K - Investment LLC was located at 8 Presnenskaya Naberezhnaya Street, Moscow, Moscow City business centre, Capital City building. The main activity of QBIF Group was attracting clients for the sale of investment products and trust management of funds invested by clients. The Head of QBF Group of Companies was Roman Valeryevich Shpakov. At the beginning of his labour activity in the group of companies "QBF" he (A.S. Oberman) did not suspect that the management of the company represented by Roman Valerievich Shpakov could carry out fraudulent actions with clients' money, as the company had a number of licenses of the Central Bank of the Russian Federation to carry out professional activities in the financial sphere. Doubts about the legality of the actions of the above - mentioned management of the QBF Group of Companies began to appear in his mind after law enforcement officers conducted investigative actions in the offices of the QBF Group of Companies in May 2021. Artem Tallerov explained to him that there was no cause for concern about the searches and that the investigative actions taking place in the company's office were the work of competitors who were trying to paralyse the activities of the QBF Group of Companies. He (A.S. Oberman) worked at K - Investment LLC until approximately June 2021, after which he resigned at his own request due to the fact that in May 2021 the company began to "fall apart" and delays in payment of wages began. In addition to Roman Valeryevich Shpakov, Zelimkhan Munayev and Stanislav Matyukhin were also managers of QBF Group. - The testimony of Y.Y. Olifirenko, given to her as a witness,

according to which in March 2021, she was looking for a place of work and on the website "hh.ru" saw an advertisement that the company "QBF" requires a head of the direction of work with corporate clients. She sent her CV to the company via the Internet. A short time later she received a call back from a member of QBF's human resources department who suggested that she come to the company for an interview. In the company's office located at 8 Presnenskaya Naberezhnaya Naberezhnaya, bldg. 1, Moscow City Business Centre, 9th floor, south block, Capital City Tower, she was interviewed by Anastasia Zaripova, an employee of the recruitment company. During the interview she (Y.Y. Olifirenko) found out the main directions of the company's activity, as well as other questions she

was interested in about the company's activity. She learnt that QBF works in the field of investment activities. She was also interviewed by Ekaterina Zaitseva, Deputy Executive Director of QBF. She was informed that the company was ready to hire her and she started her work duties from 29 March 2021. The employment contract stated that she was employed by K - Consulting LLC. Her workplace was an office in the premises of the office of K - Consulting LLC on the 5th floor of the Capital City building; her supervisor was Ekaterina Zaitseva, Deputy Executive Director of K - Consulting LLC. She (Y.Y. Olifirenko) did not receive work instructions from other persons. Her job duties included: attracting legal entities for financing by issuing exchange bonds through the Moscow Exchange. Her task was to use the available "cold" bases to make telephone calls to legal entities that were ready to issue exchange bonds through the Moscow Exchange. There were publicly available databases "Spark" "Sbiz", in which she found legal entities and made phone calls. If the legal entity agreed to issue exchange - traded bonds, a contract was signed to organise the issue of exchange - traded bonds. She knows this process only in theory, as she has not involved any legal entities during her labour activity. The management of the company represented by Zaitseva E.V. explained that the company has no existing clients - legal entities, therefore the main task is to attract clients and create a base of clients - legal entities for the company K - Consulting LLC. K - Consulting LLC is a member of the QBF group of companies, as she represented herself on behalf of QBF when making calls. She knows that Roman Valeryevich Shpakov is the owner of the company and Stanislav Anatolievich Matyukhin is the general director. Evgenia Anatolievna Rossieva is known to her as the chief lawyer of the company;

- The testimony of Y .N. Orlov, given by him as a witness,

according to which he worked in the financial company "QBF" from 2015 to 2018. In 2020, he opened the sole proprietorship "Orlov Yuri Nikolaevich". He has a 6.9 % stake in LLC "MC "Moi Finansy", the CEO of which is Rybalko I.V. He acquired the stake approximately at the end of summer - beginning of autumn 2020. The owner put the company LLC MC Granat (LLC MC Moi Finansy) up for sale. This offer interested R.V. Shpakov. Since the transfer of ownership of a licensed professional participant of the securities market (licence of the Central Bank of the Russian Federation for trust management and management of mutual funds) required a certain number of participants, R.V. Shpakov asked him (Y.N. Orlov) to become a holder of a part of LLC MC Moi Finansy, after which the transaction was made. The size of the participants' share was determined by Shpakov R.V. Since 2017, he worked at QBF as the head of the information support department, managing the department, namely: recruitment of personnel, personnel management, development of software for groups of companies, provision of network and server infrastructure, ensuring information security. In 2018, he resigned from this company. At present, he has an IE "Orlov Yuri Nikolaevich", which manages the legal entity Q Broker LLC. In LLC "Q Broker" he was engaged in operating the legal entity, recruiting staff to create a mobile application "Q Broker", which should provide information and analytical service on the stock market. The staff consisted of three people: a director, a deputy director (engaged in attracting investment projects) and a specialist in transaction accounting (accompanying the transaction). The office was located in the building of Moscow City MFC "Capital City", Moscow Tower, 5th floor, room 56. During his work in QBF company, he provided consultancy in the field of IT technologies, namely: procurement of equipment, information security, support of the company's group infrastructure and its development, personnel management, setting tasks for the staff of the IT department. From the companies QB Capital LTD, "White lake", "SIMTELLIGENCE COMPANY LIMITED", "QCCI LTD", "White Lake Management Ltd" he knows many employees, as he helped with consultations on the purchase of domains, as well as at the request he carried out their purchase. For "White lake" he bought a domain name, also served e - mail, interaction from this company with him was carried out by Kovalenko (Athanasiadou) Linda and Munaev Z.V. Also he bought a domain name for "SIMTELLIGENCE COMPANY LIMITED" at the request of Kovalenko (Athanasiadou) Linda on the account of "White lake". For the company "White Lake Management Ltd" he bought a

server and opened access, the domain was opened in his name (Orlova Y.N.). The company "White Lake Management Ltd" was located in the Cayman Islands. He provided this company with an "empty" server and gave the credentials to Kovalenko (Athanasiadou) Linda, after which the employees of "White Lake Management Ltd" published an official website with the location: Cayman Island. As an IT specialist he advised "White lake" and "White Lake Management Ltd" organisations, namely he offered free domain names, carried out registration of these domain names. For "White Lake Management Ltd" he ordered an "empty" server to host a website and an e - mail server. Also Kovalenko (Athanasiadou) Linda asked him about the possibility of purchasing a subscriber number with a prefix of a foreign country (Cayman). He found a service (Frizvon.com), with the help of which he was able to register this subscriber number and made redirection to it. Regarding the formation of reports on behalf of QB Capital LTD, "White lake", "SIMTELLIGENCE COMPANY LIMITED", "QCCI LTD", "White Lake Management Ltd", he (Y.N. Orlov) explained that there was a handwritten programme for the formation of reports, and an error was found in it: mismatch of date types. Kovalenko (Athanasiadou) Linda applied to him for help in eliminating the error. He eliminated this error by changing the date type from a numeric value to the "datetime" type. He (Y.N. Orlov) also explained that R.V. Shpakov was the main shareholder of the company JSC FG QBF and he (R.V. Shpakov) repeatedly consulted with him (Y.N. Orlov) about equipment, infrastructure, ensuring the reliability of sites and networks. He (Y.N. Orlov), knows that R.V. Shpakov has a certificate of FFMS 5.0 (management of mutual funds). - A.V. Pashinyan's Testimony

given to her as a witness, according to which in December 2020 she was employed by the company F - Experts LLC as a corporate lawyer. Her job duties included preparation of documents for registration and liquidation of companies, for share purchase and sale transactions, for making changes to information in the Unified State Register of Legal Entities, approval of lease agreements and fulfilment of other minor assignments. She performed her duties at the office of F - Experts LLC located at 8 Presnenskaya Naberezhnaya Street, 9th floor, Moscow. She was employed by the organisation through the website "hh.ru". From the moment of her employment, her direct supervisor was Evgenia Rossieva, whom she met after she was hired. She does not know how many lawyers worked at F - Experts LLC. There were only 6 people working in the legal department, she cannot explain in which organisations the other lawyers were employed. The direct supervisor of the other lawyers was also Evgeniya Rossieva. All the lawyers were located in one office. The following persons worked in the legal division (department): Yevgeniya Rossieva, she (A.V. Pashinyan), Nadezhda Firsova, Maxim, Madina, Diana. She (A.V. Pashinyan) had corporate work, such as changing the general director's documents or changing the address, or other assignments. The tasks and assignments were given to her only by Evgenia Rossieva and she (A.V. Pashinyan) reported only to E. Rossieva. Apart from the legal department (department) in this organisation there was a sales department, HR department, IT department, accounting department, some other departments. She saw people sitting in the office, but she does not know what activities they were engaged in. Evgenia Rossieva worked the longest in the legal department. She knows the names of the organisations QBIF Investment Company LLC, QBIF LLC, QBIF Asset Management LLC. These names of companies she met in the documents on which she was given assignments by Evgenia Rossieva, for example, when drafting the new charter of QBIF Investment Company LLC. In the course of her employment, she conducted transactions involving the purchase and sale of shares. These were transactions between legal entities on both sides, individuals on both sides, and between legal entities and individuals. These are corporate transactions, they involved organisations. Individuals were the founders of companies. In part she supported the transaction of purchase and sale of a share of Simon - Jesso LLC, the agreement was signed by agreement on behalf of Shpakov R.V. She received the task to support this transaction from Evgeniya Rossieva. The support included preparation of the agreement, making arrangements with a notary, and conducting the transaction at the notary's office. She also knows the following employees of the company: Spinka R.V. - worked in the sales department; G.R. Erzikyan; A.V. Korzh - worked in the sales department; V.G. Frolov - previously was the General Director of QBIF Investment Company Ltd. - owner of the company; Munaev Z.V.; Rossieva E.A.; Gorobets E.V.; Padalko N.S. - was General Director of VL - Consulting LLC; Orlov Yu. - General Director of JSC MarketPlace Moi Finansy; S.A. Matyukhin - General Director of LLC QBIF Investment Company; Y.G. Smirnova - General Director at QBIF Asset Management; Y.V. Shaban - General Director and founder of JSC RIF; R.V. Feoktistov; E.N. Kharina. The procedure for changing the General Director is as follows: the decision of the general meeting of the company's participants is taken and drawn up either in the form of a resolution (if the participant is the only one) or in the form of minutes of the general meeting (if there are several participants); the company prepares an application to the tax authority according to the tax form, an application on behalf of the General Director, newly appointed - the sole executive body; then this application is obligatory certified by a notary, the General Director can submit this application through the notary and register it with the tax authorities. It accompanied about two or three procedures of changing the general director. In particular, this procedure was carried out in LLC Q-BROKER around February - March 2021. On the instructions of Evgeniya Rossieva, she prepared a draft resolution of the general meeting of the Company's participants on the change of the general director and an application in the form of a tax inspection. Previously in Q-BROKER LLC the general director was R.V. Shpakov. According to the decision of the General Meeting, a sole executive body was appointed - a manager in the form of IE Orlov Yuri Nikolaevich. She with Y.N. Orlov and the package of documents met at the notary, where Y.N. Orlov signed the application and the notary himself submitted the documents to the tax inspection. When drafting documents for the transaction of sale and purchase of the Company's shares, the notary first signed an offer from the seller on behalf of the General Director of the Company stating that he intended to sell the share. If the share is sold to a third party, it is necessary that the other members waive the pre - emptive right to buy out the share, if such is provided for by the Articles of Association. In such a case, the other participants of the Company signed a waiver of the share purchase at a notary's office. If the Company has a pre - emptive right of redemption by the Charter, then after all participants have refused, the

Company writes a refusal to redeem the share at the notary's office. After that all constituent documents and documents on the formation of the share are directly sent to the notary, the list of participants is sent to the notary on the day on the date of the transaction. On this day at the notary is signed the contract of sale and the notary himself sends an application for changes in the Unified State Register of Legal Entities to the tax inspection. The Seller and the Buyer must come to the notary to sign the contract. On the assignment of Evgeniya Rossieva she accompanied the sale of R.V. Shpakov's share - his part of the share in the authorised capital of the company Simon - Jesso Ltd. to a third party. On the day of the transaction she signed the contract on behalf of Shpakov R.V. by power of attorney, his mother Shpakova I.N. The buyer was a third party, a man came, acting without a power of attorney. She (A.V. Pashinyan) had encountered this man only once that day. This transaction was particularly memorable for her, as it was conducted with the participation of R.V. Shpakov's mother and was prepared for a long time;

A.V. Pirogov's Testimony

as a witness, according to which he moved to Moscow in January 2021. Even before his move, he tried to find a job in Moscow. He learnt from his acquaintance Anton Lazarev, who works at K - Investment LLC, that this company is engaged in investment activities and he (A.V. Pirogov) became interested in employment in this company and asked A. Lazarev to find out about vacancies. Subsequently, he was contacted by an employee of the human resources department of QBF Company. In the course of correspondence "Anastasia" asked him questions concerning the activities of QBF Company, whether he had work experience in investment companies. He was then offered a second stage of the interview with his personal participation. About a week and a half later, he was interviewed at QBF's office on Presnenskaya Embankment, Building 8, after which he was offered training and an internship, after which a final decision on his employment would be made. He was interviewed by his future direct supervisor Isayev Javid. Until mid - February 2021 he (A.V. Pirogov) underwent training and internship. During this period his duties included calling clients who were offered the company's products, namely IPO (initial public offering), trust management products. Phone numbers printed on a sheet of paper were provided to him by Isaev Javid. During a working day he (A.V. Pirogov) "worked" about 30 - 50 subscriber numbers. Upon completion of the traineeship, from 02.03.2021 he was enrolled as a junior financial advisor of K - Investment LLC. He had an agency agreement with QBF. He continued to perform the same duties as during the internship period. He used, among other things, a "cold" database of telephone numbers. Under this term it is understood that the base was formed on the basis of open sources received from Internet search engines, social networks, messengers, when a person on the Internet was interested in investment activities and there was information about his subscriber numbers. There was also a "hot" base. Its essence was that there were blogs on the Internet that covered the investment activities of QBF and Freedom. The bloggers had agency contracts with these campaigns. If any of the subscribers of the channels or other persons who viewed the channels contacted a blogger about investment activities, the blogger would provide the client with contacts for contacting QBF and Freedom employees. The bloggers received remuneration for the "provided" clients according to the agency agreement. He worked in this company until 10.06.2021, resigning at his own request. The reason for his resignation was that the Central Bank of Russia restricted the company's activities, so his salary was reduced. His salary was 20,000 roubles (salary). Other payments totalled interest from the agency contract, and he did not know the settlement procedure. The average monthly salary for the entire period of his employment with the company was 70,000 - 80,000 roubles. During the above period of work he opened up to 30 brokerage accounts, of which about 10 accounts were involved in IPOs. In case a client needed the company's services, the client remotely informed him (A.V. Pirogov) by telephone of his personal data (full name, passport details, TIN, etc.), which he entered into Nabix's database, and the client's e - mail address was also entered into the database, through which the company subsequently contacted him. After that, the client's phone receives a code in SMS - message, which he informs, and he (Pirogov A.V.) entered this code into the database. After that the client was considered registered. Further, a department known to him as "Midlofis" worked with the client. The client was sent an accession agreement, a questionnaire, and the company's regulations by e - mail. Subsequently, the client had to confirm the status of a "Qualified Investor" by providing QBF with information (bank statement) on the availability of at least 6,000,000 roubles in his bank or brokerage account. The client submitted this information to Midlofis, where it was

checked for accuracy within 10 working days. Subsequently, if the verification was positive, the client was allowed to participate in the IPO (initial public offering). Then the financial advisor (the employee of the company, who carried out the registration of the client) informs the client weekly about the upcoming IPO, after which the client independently decided in which IPO he would participate and for what amount he entrusted his financial advisor to carry out this or that operation. The client himself funded the brokerage account by transferring funds from his personal bank account to QBF's brokerage account opened with Alfa - Bank and NSD (National Settlement Depository). The details of the brokerage account were shown in the accession agreement. The Company understood from whom the funds were received, as it was visible from whom the payment was received. His (A.V. Pirogov) direct supervisor was Isayev Javid, with whom he (A.V. Pirogov) had contact in connection with his labour activity. In the office where he worked there were constantly about 70 - 80 employees of the company. In the department to which he belonged there were about 14 employees. On one occasion he attended a company conference where he saw Z.V. Munayev, who labelled himself as a manager when speaking;

Around 2013 - 2014, he brought one of the clients to sign documents mentioning this organisation, what the document was about, he does not remember. Regarding the term of refund to the clients, he explained that the term of refund depended on the terms of the contract, after notification was from 15 to 30 working days. Until 2014, to participate in trading on international stock markets, a client had to provide a Russian passport, a foreign passport, and dollar details. Funds were transferred by the clients themselves by bank transfer to the settlement account of the company whose services they used. The vast majority of money transfers as dividends were made by wire transfer to the accounts from which the clients sent the funds. The actual managers of the company "QBF" were the shareholders Roman Valeryevich Shpakov, Zelimkhan Visaitovich Munaev, Vladimir Sergeyeovich Pakhomov. In the course of his labour activity he had to face the following employees: Spinka R.V.; Padalko N.S.; Korzh A.V.; Zaitseva Y.S.; Meshkova D.Yu.Z.V. Munaev; S.A. Matyukhin; E.A. Rossieva; D.S. according to which approximately in October 2020, she received a call from representatives of the QBF Group of Companies and was invited for an interview at the office located at: Moscow, Presnenskaya Naberezhnaya 8, building "Capital City" of the business centre "Moscow City". During the interview, she was offered the position of assistant manager. She was interviewed by Tatiana Zavyalova. After the interview, from October 2020, she became an employee of K - Investment LLC with a salary of approximately RUB 60,000 as an assistant to Tatiana Zavyalova, who was the head of the support department in the Russian Federation. She (D.D. Romanenkova) received her salary in cash, and Tatiana Zavyalova gave it to her. She did not sign for the money she received. K - Investment LLC was part of the QBF group of companies. The office of QBF LLC was located at 8 Presnenskaya Naberezhnaya Street, Moscow, Moscow City business centre, Capital City building. The principal activity of QBF Group was to attract clients for the sale of investment products and trust management of funds invested by clients. The Head of QBF Group of Companies was Roman Valeryevich Shpakov. Roman Shpakov's business partner was Munaev Zelimkhan. Shpakov was directly subordinated to Spinka Ruslan, and Spinka Ruslan was subordinated to Korzh Andrey. Her (Romanenkova D.D.) direct supervisor was Tatiana Zavyalova, from whom she received instructions on her work and reported on the results of

her work. Tatiana Zavyalova was subordinate to Andrey Korzh and Ruslan Spinka. Around December 2020, she (D.D. Romanenkova) was transferred to the position of a "middle office" specialist, where her supervisor was Maria Kopylova. The functions of the "middle office" are as follows: receiving an application from a financial advisor (opening of a brokerage account, an IPO application for a certain ticker of the company - purchase of an option, an application for withdrawal of client's funds from the general agreement "framework agreement" or from the brokerage account to the settlement account of an individual) to the working e - mail, processing and execution of the application. She (D.D. Romanenkova), as a "middle office" specialist, communicated with financial advisors through the Smurf programme, where some requests were processed. In addition, she had to communicate with the client when approving a transaction for withdrawal of funds. Withdrawal of funds or closing of an option was done through the programme "ZhRPK". At the beginning of her employment with QBF Group, she did not suspect that the company's management represented by Roman Shpakov, Zelimkhan Munaev, Ruslan Spinka and Andrey Korzh could carry out fraudulent activities with clients' funds, as the company had a number of licences from the Central Bank of the Russian Federation to carry out professional activities in the financial sphere, and many of her acquaintances were QBF clients. In December 2020 and in May 2021, law enforcement officers conducted investigative actions in the offices of QBF Group, and many clients were unable to withdraw their invested funds. After the investigative actions, she addressed her supervisor M. Kopylova, as well as Irina Shpakova (Roman Valeryevich Shpakov's mother) with a question about the legality of the company's actions. Zavyalova T. and Shpakova I. explained that there was no cause for concern and that the investigative actions taking place in the company's office were the work of competitors who were trying to paralyse the activities of the QBF group of companies. In addition, Zavyalova T. and Shpakova I. explained that she (Romanenkova D.D.) should not tell anyone that the office of the company "QBF" was searched. After that, her doubts about the legality of QBF management's actions were confirmed, as she had previously surmised that in the IPO, the money received from clients may not have been used to purchase OTC options, but may have been transferred to other accounts and purposes, and clients may have been provided with inaccurate information about the expenditure of their money. In May 2021, there were numerous withdrawal requests from customers, but the requests were not executed because the customers' funds were no longer in the accounts where they should have been. She worked at K - Investment LLC until approximately the beginning of June 2021, after which she resigned from K - Investment LLC at her own request due to delays in payment of her salary;

- T.V. Rudakova's Testimony given to her as a witness,

according to which in 2014 she was employed by the Central Bank of Russia as Chief Economist of the Department for Supervision of Professional Securities Market Participants. She worked in this position until 2016. In 2016, she resigned from the Central Bank of Russia and was employed by QBIF LLC as Head of the Depository Department, where she worked until mid - 2017, after her resignation she was employed back to the Central Bank of Russia as Chief Expert of the Securities and Commodity Market Department of the Bank of Russia. In this position she worked until June 2020, from June 2020 she was employed as a consultant, Financial Market Infrastructure Department of the Bank of Russia. When she was employed by QBIF LLC, she was interviewed by Munaev Zelimkhan Visaitovich and Rimma Viktorovna Rutinish. During her employment with QBIF Ltd, she prepared a set of documents required to apply for a licence to carry out depository activities. Her immediate supervisor was Yuri Minaev and her superior was Zelimkhan Visaitovich Munayev. One of the reasons for her dismissal was complaints from clients against QBIF LLC regarding the failure to return funds to clients. She also did not like the approach to the organisation of the company's activities on the financial market, namely the unfair performance of financial obligations to clients. During the period of her employment she learned about the incoming complaints from clients and the incoming instructions from the Bank of Russia regarding the company's activities from the controller of the organisation. The name QB Capital is familiar to her, the Central Bank requested information on this company, requests were sent to QBIF LLC within the framework of consideration of complaints and appeals of citizens by the Bank of Russia's NWPFU. On the part of LLC

IC QB&EF, in accordance with its official duties, the company's controller prepared responses to the requests and prescriptions. In 2021, due to a large flow of citizens' appeals and complaints regarding brokerage activities and trustee activities of QBIF IC LLC, an inspection was initiated. Based on the interim inspection report of QBIF LLC, the company violated the requirements established for depository activities: - Clause 2.1 of Regulation No. 542 - P in terms of failure to register in the system of record keeping of documents of the Company's depository a document, the registration of which is stipulated by Clause 2.1 of Regulation No. 542 - P (1 case); - Clause 3.2 of Regulation No. 542 - P (1 case); - Clause 2.2 of Regulation No. 542 - P (1 case); - Clause 3.2 of Regulation No. 542 - P (1 case)..2 of Regulation No. 542 - P in terms of reflecting an incorrect unique number of the document on the basis of which the depository operation is conducted, assigned when registering the document in the document accounting system; - Clause 4.2 of Regulation No. 542 - P in terms of not indicating the name of the organisation from which the amount of income in monetary form and (or) other monetary payments on securities was received;

- The testimony of D.I. Rykov, given by him as a witness,

according to which from 2011 to 2016 he was employed by PJSC VTB 24, where he worked as Managing Director for the Tyumen Region. In July 2016, he received a job offer from Vladimir Sergeevich Pakhomov, a shareholder of the investment company LLC "FC" KBF INN 7703406600, to work in the said company. For the interview, among other candidates, he travelled to the company's head office located at 8 Presnenskaya Naberezhnaya Street, Bldg. 1, Moscow. After the interview and testing, he was introduced to Roman Valeryevich Shpakov, the beneficiary of FC KBF LLC, Munaev Zelimkhan Visaitovich. During the meeting, he realised that they, together with Vladimir Sergeevich Pakhomov, were the owners and group managers of the company "QBF". On 19 January 2017, he was employed as Vice President for Corporate Clients of QBF LLC. The employment relationship was formalised by an employment contract with the said organisation. His (D.I. Rykov) duties included: overhaul of the rented premises, which later housed the office of the representative office, organisation of the work of the representative office in Tyumen, recruitment of employees, carrying out promotional activities, marketing research in order to attract clients interested in investing money in financial products offered by the company. After the branch was opened on 3 July 2017, he was transferred to the position of the branch director of QBIF LLC. The Director was responsible for recruiting staff, organising training with the regional centre in St. Petersburg and individual employees in Moscow. He was also responsible for promoting the QBF brand in the Tyumen and regional markets, organising marketing events involving head office specialists, traders, portfolio managers and attracting a wide range of potential clients to these events. Additionally, his duties included organising the work of financial advisors, decomposing plans communicated by the regional centre, as well as implementing plans for attracting clients and investing clients' money. His immediate supervisors were Vladimir Sergeevich Pakhomov, who was acting head of the branch network; subsequently, since 2018, V.S. Pakhomov transferred his authority to Alexey Sergeevich Golubev. The tasks on the planned attraction of funds for international and Russian market products were initially given by V.S. Pakhomov, and the priority of attraction of funds was on the international market, by attracting them to the trust management of IC QBF in conjunction with QB Capital. In 2018, "QB Capital" was renamed "QCCI", and subsequently by order of the management represented by Pakhomov V.S. and Golubev A.S., all clients were transferred to the service of "White Lake Management" with the transaction agent "Simtelligence". The process of signing the agreement and providing documents to the client was as follows: the head of the regional office and Ekaterina Martsinyuk, a BEC employee, was informed about the upcoming transaction, namely the type of product, amount, transaction date, client's full name, passport copy, KYC, profile data, client's personal data, mobile phone number. This set of documents was required while transferring funds from the customer in cash. When transferring funds in non - cash form, the package of documents was expanded, additionally requested the source of origin of funds and documents confirming their origin, a notarised copy of a foreign passport and its translation, the law firm's characteristic of the client's reliability. Afterwards, Ekaterina Marciniuk prepared contracts, which she sent to the email account of the responsible financial

advisor, a copy of which she duplicated to the manager, and the originals of the signed documents from QBF and QB Capital were sent by post. Since July 2017, the contracts for QBIF LLC were signed by him (D.I. Rykov) in accordance with the power of attorney issued to him by the General Director of QBIF LLC, Stanislav Anatolievich Matyukhin. According to A.S. Golubev and V.S. Pakhomov, the increased volume of documents for non - cash payments was explained by the fact that it was a requirement of the Russian bank when the client sends money to the accounts of foreign companies. Sometimes, after the clients had provided all the necessary documents, problems could arise, banks requested additional documents on transfers of funds to other details, namely other jurisdictions where the company's account was located. After a client's request to withdraw funds from QBF and QB Capital LLC, a similar package of documents with up - to - date data was requested, in case of clients' requests to transfer funds by cashless transfer, the company requested an extended package of documents: namely, documents of origin of funds with translation into English, certificate of presence/absence of criminal record, lawyers' characterisation of trustworthiness, KYC, copies of Russian and foreign passports with notary certification. In his opinion and the opinion of his employees, this list of documents was artificially invented to lengthen the terms of withdrawal of funds and complicate the procedure for clients to receive their money. He (D.I. Rykov) and his employees repeatedly expressed to V.S. Pakhomov and A.S. Golubev the clients' dissatisfaction on this matter. After receiving cash from clients, Pakhomov V.S. or Golubev A.S. personally organised the arrival of a regional office employee or an employee from Moscow to collect the cash. For this purpose, V.S. Pakhomov or A.S. Golubev would drop contact details of the employee who would come to collect the money. During his employment, the following persons came to collect money: Yuri Orlov, Alexei Golubev, Vladimir Pakhomov, Maxim Fedorov, Vladimir Maslennikov, and these persons came systematically. He also explained that during his working career there were cases of payment of funds to previously invested clients at the expense of funds received from new clients, A.S. Golubev made decisions on this, and this order was given by Yekaterina Martsinyuk, motivated by optimisation of logistics costs of employees transporting funds. There were such cases in 2018, in fact, the funds transferred to the new attracted client were not encashed to Moscow for deposit to the settlement account of "QB Capital", but were given to the old clients as dividend payments. He (D.I. Rykov) repeatedly told Alexey Golubev and Ekaterina Martsinyuk about the unacceptability of these actions in the future, the representatives of the Tyumen branch refused to carry out these manipulations. Also, once, on the instructions of Martsinyuk Ekaterina, he (Rykov D.I.) was supposed to make a salary payment to the Tyumen branch at the expense of funds received from the client, but he refused. Therefore the following scheme of salary payments was invented: he sent by mail an additional debit card of the bank PJSC "VTB" to which the employer represented by Alexey Golubev through his assistant Ekaterina Martsinyuk transferred monthly salary to the whole Tyumen branch, so in fact he did not know the origin of the money. On 30.03.2020 he wrote an e - mail to Pakhomov V.S. and Golubev A.S. with a motivated judgement that it was impossible to continue working with the company QBF LLC. This reasoned judgement related to its reputation risks and risks of its employees, systematic delay in fulfilling obligations to clients, for a period of about half a year, on the fact of return of funds taken in trust management. Since the beginning of 2019, the amounts of refunds on the obligations to clients have decreased and were split into small parts, given to those clients who strongly resented and could appeal to law enforcement authorities. These decisions on payments were made by Golubev A.S. His (Rykov D.I.) family represented by his grandfather Melnikov Vladimir Pavlovich (academician of the Russian Academy of Sciences) invested USD 750,000, and USD 170,000 was returned to him. Partial repayment of the amount of USD 40,000 was made after a personal meeting with Shpakov R.V. in the office of the city of Moscow in September 2020. The meeting was initiated by him (D.I. Rykov) in order to get answers from the main shareholder of the QBF Group of Companies on the fact of delays and failure to make payments to large clients in Tyumen and Surgut;

Ryazanov S.A.'s Testimony

as a witness, according to which in February 2020 his acquaintance Boldyrev Vladimir offered him (Ryazanov S.A.) a job at QBF. He accepted the offer and at the appointed time came for an interview at the following address: 8 Presnenskaya Embankment, Moscow, building "Capital City", business centre "Moscow City", which was held in several stages. One of the representatives of QBF who conducted the interview was the head of the international sales department, where he (Ryazanov S.A.) was hired around 17 - 18 February 2020 as a junior financial advisor at K - Investment LLC. After about a month of his work, the international sales department was disbanded and all employees, except for the head of the department, were transferred to the sales department in the domestic market. Later on, a sales department appeared, which included several sales departments, with each department having its own head. He remembers some of the heads of sales departments, such as: Ara Balayan, Javid Isayev, Artem Tallerov, Bella. Also an independent employee of the sales department was Maxim Fedorov, the vice - president of the company, who had no financial advisors in his subordination, but sold financial products of the company himself and reported directly to Ruslan Spinka. His (Ryazanov S.A.) direct supervisor was Ara Balayan, from whom he received instructions on his work and reported on its results. Ara Balayan was supervised by Korzh Andrei and Spinka Ruslan. His (Ryazanov S.A.'s) salary was approximately 60,000 roubles per month, plus an additional salary, which included fixed payments based on the results of plan fulfilment and % of the amount of funds raised. His average salary was approximately 130,000 to 140,000 roubles. He received his salary in cash from Ara Balayan and did not sign for it on any statement. His duties as a financial advisor included: searching for and inviting clients, informing clients to sell investment products and trust management of clients' invested funds, opening brokerage accounts. He sold the company's following products: IPOs - non - exchange traded assets, repurchase transactions, and Trust Management. The organisation on whose behalf the financial products were sold was QBroker Ltd. The funds were placed on the accounts of IK QBF LLC. Clients could be attracted to sell the company's products through cold calls to potential clients or through social networks via various video bloggers. During the entire period of his employment with K - Investment LLC, he attracted approximately 15 clients and funds totalling approximately RUB 60,000,000. In turn, K - Investment LLC was part of the QBF group of companies. The office of K - Investment LLC was located at 8 Presnenskaya Naberezhnaya Street, Moscow, Moscow City Business Centre, Capital City building. The main activity of QBIF Group was attracting clients for the sale of investment products and trust management of funds invested by clients. The Head of QBF Group of Companies was Roman Valeryevich Shpakov. Roman Shpakov's business partner was Munaev Zelimkhan. Shpakov was directly subordinated to Spinka Ruslan, and Spinka Ruslan was subordinated to Korzh Andrey. Spinka reported directly to Roman Shpakov about all the activities of the sales department. He began to have doubts about the legality of the actions of the above - mentioned management of the QBF Group of Companies after law enforcement officers conducted investigative actions in the offices of the QBF Group of Companies in December 2020. According to Ara Balayan there was no cause for concern and the investigative actions taking place in the offices of the company are the intrigues of competitors who are trying to paralyse the activities of QBF Group of Companies. He also asked Ara Balayan about the necessity of withdrawal of funds by clients, as there are many of his (Ryazanov S.A.) acquaintances among the clients, in order to minimise the possibility of causing damage to them. Balayan assured him that there were no reasons for emergency withdrawal of funds and in case of such a situation the clients, who were his (Ryazanov S.A.) acquaintances, would have the opportunity to withdraw their invested funds as a priority. In addition, Korzh Andrey organised a meeting with the participation of Ara Balayan and financial advisors, at which he (Korzh A.) said that there is no need to worry because soon the company's activities will be restored and those who remain in the company despite the existing difficulties will be guaranteed career growth and financial incentives. The investigative actions carried out in the company "QBF" confirmed his (Ryazanov S.A.) doubts about the legality of the actions of the management of the company "QBF", namely on the following grounds: many customers complained about the low information content of the mobile application "QBF" to track the movement of the financial status and balance of their accounts, placed on the resources of "QBF" under the contract. Thus, the client could not fully independently dispose of their assets and funds. Also he could not see the actual amount of funds on his balance. QBF's management deliberately did not provide customers with detailed and complete information on their accounts, as the customer's funds may no longer be in the accounts to which they should have been deposited under the contract concluded with QBF. In approximately December 2020, QBF

management had a need to provide QBF's account statements reflecting QBF's then current assets. QBF management provided the required statement in the form of a photograph posted on QBF's work chat room, however, said statement did not contain complete information, but only an introductory portion, as the basic information was covered by a sheet of white paper. QBF management deliberately concealed important information about the company's assets from the company's employees and the company's customers. The head of QBF company Shpakov Roman, after the clients of the company could not withdraw their invested funds, did not address the clients of the company in order to try to explain the reasons for these events. Apparently, Shpakov Roman wanted to make the company's employees, of all categories, guilty of causing damage to citizens, and to protect himself from negative comments from clients, since according to available information Shpakov Roman was already outside the Russian Federation at the time of the searches. After people could no longer withdraw their invested funds, the management of QBF began to offer clients, in order to preserve the capital invested by clients mainly in the financial product "IPO", to become a participant in the mutual fund "RIF" in the amount that they had invested in other financial products of the company. He (S.A. Ryazanov) believes that the mutual fund "RIF" as well as the product "IPO" were fictitious products of the company, because if the mutual fund "RIF" was real, the management of the company "QBF" could have sold the available units and repaid the resulting debt to the clients of the company, but such actions were not taken. A similar situation as with RIF UIF occurred with the participation of clients in the construction of the residential complex "Gribovsky les", which the management of QBF did not sell in order to repay the existing debt to clients. He (S.A. Ryazanov) believes that the company's management offered clients to contribute money to this project, realising that they would no longer be able to fulfil their obligations to clients. He (Ryazanov S.A.) worked in "K - Investment" LLC until approximately June 2021, after which he resigned at his own request because the company began to "fall apart" and delays in payment of wages began;

Samoilov V.R.'s testimony , given by him as a witness,

according to which, around 2019, his acquaintance Valeria Gubanova invited him to work at the QBF Group of Companies in the human resources department. In the office located at the address: Moscow, Presnenskaya Naberezhnaya 8, building "Capital City" of the business centre "Moscow City" he had an interview, during which he was offered the position of deputy head of the HR department. In January 2019, he became an employee of F - Management LLC with a salary of approximately RUB 60,000. He received his salary in cash from the receptionists or from the head of his department. He did not sign for the money received anywhere. QBF LLC was part of the QBF group of companies. The office of QBF LLC was located at 8 Presnenskaya Naberezhnaya Street, Moscow, Moscow City business centre, Capital City building. The principal activity of QBF Group was to attract clients for the sale of investment products and trust management of funds invested by clients. Roman Valeryevich Shpakov was the head of QBF Group of Companies. His (V.R. Samoilov) direct supervisor was Valeria Gubanova, from whom he received work instructions and reported on the results of his work. His duties as deputy head of the department included: recruitment, search for candidates, checking candidates' references, preliminary interviews with candidates for various positions, but mainly in the sales department of LLC "K - Investment", part of the group of companies "QBF". After about 7 - 8 months of his employment in the HR department, namely in July - August 2019, he resigned from the QBF Group of Companies at his own request due to family reasons. Soon, around November 2019, he again decided to take up employment with the QBF Group of Companies, but due to the fact that the positions in the HR department were filled, he was offered the position of Junior Financial Advisor in the Sales Department. He accepted the offered position and in November 2019, he became a junior financial advisor in the sales department at K - Investment LLC, a member of the QBF group of companies, with a salary of approximately RUB 22,400, as well as periodic bonuses depending on the number of products sold by the company. His supervisor in the sales department was Nikolai Padalko, who after about three months moved to another position, and instead of Padalko N., Stella Ermolenko was appointed as his supervisor. His (V.R. Samoilov) duties as a financial advisor included: search and invitation of clients,

informing clients for sale of investment products and trust management of invested money of clients, opening of brokerage accounts. His workplace was located in the main office of QBF in the Moscow City Business Centre. He worked at K - Investment LLC until approximately July 2021, and resigned at his own request because his salary began to be delayed in 2021. - D. A. Serov's Testimony

given as a witness, according to which he worked as a junior advisor at K - Investment LLC during the period from December 2020 to May 2021. His job responsibilities included client support. All of the employees worked at QBIF LLC, but were employed formally through K - Investment LLC. He was employed in this company through his acquaintance Eldar Ibragimov, who at that time was already working in K - Investment LLC. Since he (Serov D.A.) had previously been trading independently via the Finam and BKS platforms from 2018 to December 2020, he became interested in trying to work at QBIF. At the beginning of December 2020, he was invited to an interview at K - Investment LLC with Anton Shkrut, Head of Department. The interview took place in the office at 8 Presnenskaya Naberezhnaya Embankment, bldg. 1, 9th floor of Moscow City, Moscow. During the interview Anton Shkrut informed that the company QBIF LLC is a promising company, licensed by the Central Bank of Russia. He (Serov D.A.) agreed to be employed, but was told that he would be employed by K - Investment LLC and would have to undergo another interview with the head of the office, Ruslan Spink. Approximately one week later, he had a second interview, also at the office located at 8 Presnenskaya Naberezhnaya Street, Bldg. 1, 9th floor, Moscow City, where he met with Ruslan Spinka, the head of the office. After the second stage of the interview, he (Serov D.A.) filled out the necessary documents for employment. One of the reasons he agreed to be employed by the company was that the company was participating in an IPO. The department he worked in had a total of seven people for the entire period. The office included Ibragimov Eldar, Anelia Montes, Shayda Vladislav, Mishin Andrey, Zaitseva Yulia, and a man named Abbas. He (Serov D.A.) subsequently moved to the client support department. Zaitseva Yulia was engaged in attracting partners who referred clients to QBIF LLC. In addition to the above persons, Padalko Nikolay also worked in the department and managed the offshore and cash assets of the company. He (Serov D.A.) did not communicate with the others, although they were all in a common office. Subsequently, after the searches, he (Serov D.A.) learnt that Padalko

Nikolai was allegedly involved in the transfer of funds from QBIF LLC to QBroker LLC and made transfers of funds to international companies such as WhiteLake. During his employment and the first month of work, he (Serov D.A.) saw Roman Shpakov many times, who at that time was always in the office. After the New Year holidays in January 2021 he did not see Shpakov R.V. anymore. Throughout the time of his work he saw the director of QBIF LLC, Stanislav Anatolievich Matyukhin. In the course of his (Serov D.A.) labour activity, clients contacted him and informed him that they wanted to participate in the IPO. As a junior financial advisor he advised the client and informed him that it was necessary to send the documents to the e - mail denis.serov@qbf.world (which is assigned to a particular financial advisor), namely a copy of the passport of a citizen of the Russian Federation, SNILS. Subsequently, he logged into the Nabix programme, where he created a client account. The "middle office" then prepared a package of documents and sent it by e - mail to the client. The contract on the part of the company was signed with the electronic signature of the director. Then the client confirmed that he was a qualified investor and sent him (Serov D.A.) the information, and he (Serov D.A.) in turn sent the data to the "middle office". The client himself chose in which currency he would transfer funds to the current account. In this connection, the current account was opened in currency or in roubles. Then, on his (D.A. Serov's) advice, the client deposited a minimum amount of \$10,000 or 700,000 roubles into NSD's current account. He (D.A. Serov) advised the client to minimise its risks. However, each client subsequently funded his current account with different amounts. In total, he had approximately 8 clients during his entire time with this company. The total amount of clients' funds raised was approximately 22,000,000 roubles. The presentation of the "Option Agreement" and the mechanism of this agreement was handled by Isayev Javid, who was in charge of the IPO in the company. During the whole time he (Serov D.A.) was only at one presentation (class) on IPO, as Isayev Javid seemed to him not quite experienced in the issue of IPO. At the same time he (Serov D.A.) communicated with Isayev Javid only once, when he asked Isayev D. for advice, naming the name of the company and asking what percentage of allocation will be. In response, Isayev Javid gave an approximate percentage of allocation of the company. Having heard this answer, he (Serov D.A.) concluded that Isayev Javid was not quite competent in this matter. The second party to the contract was always the top broker, its name was not disclosed, because according to Anton Shkrut, it could harm the company, explaining that other companies may find out about him and start working with him. After the company was searched in May 2021, he (Serov D.A.) decided to find out where the clients, including him, transferred their funds. So during the search of the Internet information he realised that the funds were used for the purchase of real estate. For example, Roman Shpakov owned the Gribovsky les LCD, as well as other immovable property. This property belonged to Korzh A., Tallerov A., Spinka R., Vartanov A., and others. Having seen this information, he realised that the money was not used to purchase shares in the companies. The process of calculating allocation was as follows. On the day of the company's IPO at about 10 p.m., information about the percentage of allocation was received in the chat room of the QBF group from Korzh Andrei. A few days before the IPO he (Serov D.A.) received information on companies, which he studied, analysed and made his approximate percentage of allocation of this company. After the information on the company's allocation to the IPO came from Korzh A. and if this information seemed doubtful to him (Serov D.A.), he warned his clients not to participate in the IPO. At the same time, he also concluded that the allocation information provided by Korzh A. was not quite correct and doubtful. Around 03.06.2021 or 04.06.2021 he (Serov D.A.) was in the office, where he was assisting clients with refunds. Anton Shkruti approached him and suggested that he (D.A. Serov), V. Shayda and Abbas go outside to have a conversation. During the conversation Shkrut A. told them that the company "QBF" was a pyramid scheme, that the money would not be returned and that everyone should resign. A woman was present during this conversation and she also confirmed this fact. Thus, he (Serov D.A.) realised that it was a fraudulent scheme aimed at stealing clients' money;

- A.V. Sidorova's Testimony given to her as a witness,

according to which she was employed in 2016 at QBF Advisery LLC as a leading financial advisor, her direct supervisor was Aslan Daev, who was in the position of head of the sales department. Daev Aslan was her supervisor until mid -

2017, then her supervisor was Korzh Andrey, who took the position of Head of Sales. Yudin Maxim was the head of the sales department from 2017 to January 2019. The structure of the sales department included 4 sales departments, where in the time period from 2017 to 2019 the heads were Spinka Ruslan Valeryevich, Korzh Andrey Viktorovich, Padalko Nikolay, Shkrut Anton. She was employed as a financial advisor until January 2018. Her duties included advising clients on the company's products, initial engagement, and prior to the establishment of the support department. She accompanied clients on counselling and current portfolio status. From January 2018, she was promoted to the position of Deputy Head of Sales. At that time, the Head of Sales was also Korzh Andrey. In August 2018, Vladimir Sergeyevich Pakhomov was appointed Head of the Moscow Branch, whose responsibilities included general management of the sales department. In 2016, Andrey Korzh and Aslan Daev presented a scheme to attract clients' funds to the foreign company QB Capital, the mechanism and scheme of interaction between the companies was explained to her by Avetis Vartanov. So initially the client signed a trust management agreement with QBIF LLC and an agreement on direct access to the securities market with QB Capital, and also attached an investment declaration. In accordance with these agreements, the client could transfer funds in non - cash form to the QB Capital account through two jurisdictions, namely through a current account opened with a bank in Armenia, or through a current account opened with a bank in Vanuatu. The client could also deposit funds in cash. The funds were accepted in the office of QB Capital LLC on the 8th floor, and in return the client was presented with a cash receipt with the QB Capital stamp and the signature of Elena Gorobets. She (A.V. Sidorova) never saw Elena Gorobets, and the payment documents were prepared by Marina Savvidi. Further, according to Kord Andrei, these funds were transferred from QB Capital settlement accounts to brokerage accounts opened with IB. When making a payment, the client was asked for: Russian passport, foreign passport, bank statement, simplified KYC form. The schemes of signing agreements between clients and QCCI LTD were as follows: the client signed a trust management agreement with QCCI LTD and an agreement on direct access to the securities market with QCCI LTD, as well as an investment declaration. Client funds were also accepted in both non - cash and cash in the name of QCCI. Around the end of 2017 changed the Russian counterparty side to QCCI Investment LTD. In 2018 with new clients started signing agreements with a foreign company White Lake and "Simtelligence". By agreement, the agreements on behalf of QBF Advisory LLC and QBF Investment LLC were signed by Munaev Zelimkhan Visaitovich and Yudin Maxim. Cash payments were made both in non - cash and cash form. If the client received funds in cash, the client signed a confirmation of receipt of funds. Vladislav Plitinh was in charge of client withdrawal support. V. Plitinh communicated with clients, he had a register of client withdrawals, which reflected the terms and amounts of funds submitted for withdrawal. She knows that initially the money was paid to clients not according to the order and terms, but according to the persistence of clients, namely, if the client did not agree to wait voluntarily for withdrawal, began to threaten to report to the police or other supervisory authorities, then this client in order to avoid possible consequences, the money was paid to this client. Yudin Maksim, Plitin Vladislav and Munaev Zelimkhan were engaged in the collection of funds from the safe. Until mid - 2017 Andrey Korzh, Yudin Maxim, Vartanov Avetis convinced her that QB Capital had a licence to carry out brokerage activities and that these activities were controlled by the Kiprovsy regulator. Approximately since May 2017, the scheme of attracting funds and foreign office representing direct access to the securities market has changed (became QCCI LTD). From the words of Yudin Maxim, she learnt that the reason for the change of counterparty was due to improper client processing. In January 2019, she resigned due to a conflict with Pakhomov V.S., as well as due to increasing delays in withdrawing funds to clients. The reasons for the delays in withdrawals were explained to her by Plitinj Vladislav, who said that the delays were due to poor communication between the foreign partner QCCI LTD and Russian banks. She was aware of a case when a client Burkova Tatiana Mikhailovna was provided with a false SWIFT (payment confirmation) by Plitin Vladislav, but the payment was not credited to the client's account. After her dismissal, she was approached by clients whom she had previously attracted with a problem of withdrawal of funds. She asked Korzh Andrey, Plitinj Vladislav and Spinka Ruslan about the non - payment of funds to the clients and when they would be paid, to which the above mentioned persons delayed the payment terms by promises. She explained to Andrey Korzh that she would announce the situation on the "Banki.ru" portal. After that Andrey Korzh persuaded her to meet with him and at the meeting offered to solve the issue peacefully and not to announce the situation for a monetary reward. The specific amount he did not name. She replied that the funds should be returned to the clients. The clients never received their funds back and she provided information about the failure to return the funds to the investors to the Banki.ru correspondent;

- Ya.G. Smirnova's Testimony

given to her as a witness, according to which she carried out her employment in QBF Asset Management LLC from August 2014 to 26 January 2018 as a back office manager, and from 26 January 2018 as a general director. Until 2017, the CEO of the company was Vladimir Georgievich Frolov, who was a nominal manager and did not fulfil the duties of the CEO. The actual management of LLC QBF Asset Management was performed by Nikolay Valeryevich Mikhailov. In the period from July 2017 to early 2018, S.A. Matyukhin was the CEO of the Company, combining his position with the CEO of LLC IC QBF. The decision to appoint general directors in the Company has always been made by R.V. Shpakov. In addition, from early 2016 to January 2018, she combined the position of Deputy General Director of PJSC "CEF". Her duties as the head of the back office included: accounting, preparation of reports on mutual funds, reception of clients, execution of applications, document flow on mutual funds. Her job duties as General Director of QBF Asset Management LLC included: control over the implementation and execution of financial and economic activities, control over compliance of activities with legislation, search, analysis and selection of counterparties. The company has 9 ZPIFs, 2 of which were client funds and 4 OPIFs. The first ZPIF was QBIF Real Estate. The assets of the fund property include CDA in the Gribovsky les Residential Complex, these are 19 flats in the residential complex, which were purchased from the developer Simon Jesso LLC, for approximately 100,000,000 roubles in 2016. Land plots in the village Lipunikha, Odintsovsky district, the owner of the land was LLC Nizhnee and later renamed to LLC Finbutik - its shareholder. This land was later changed through numerous contractual transactions to 51 plots of agricultural land in the Vladimir region, where the owner was OOO Ledokol and several individuals, as well as receivables from OOO Profi for approximately 50,000,000 roubles. The entire fund was divided into 6,000 units with a total value of RUB 300,000,000. Approximately 4,000 units were transferred to Finbutik LLC, for which land he was a member of the fund. Finbutik sold its units to QB Capital (Cyprus) and later bought them back. Thereafter, Finbutik placed its units in the depository accounts of QB Capital LLC. The actual beneficiary of Finbutik LLC was Shpakov R.V. The remaining 2,000 units were sold to individuals. The remaining flats of the Gribovsky les Residential Complex belong to the developer Simon Jesso LLC, except for those sold to individuals under CDA. The land plot on which the LCD was built is also owned by Simon Jesso LLC. The founders of OOO Simon Jesso were R.V. Shpakov and V.E. Arsenchuk. V.E. Arsenchuk is the father of N.V. Mikhailov. The assets included property rights from the Contract of Arrangement for 11 flats in the housing estate "Victory Quarter" located at 15 Parkovaya Street, Severodvinsk, with a total value of approximately RUB 52,000,000. The remaining flats belong to the developer OOO Severspetsstroy. The actual beneficiary of the developer is R.V. Shpakov. The third ZPIF was called QBIF Development of Regions. The assets consisted of property rights from the concluded contracts for 17 flats in the housing estate "Victory Quarter" located at the address: Severodvinsk, Parkovaya Street, with the total value of approximately 59,000,000 roubles. The remaining flats are owned by the developers LLC KP Queue 2 and LLC KP Queue 3. The actual beneficiary of the developers is R.V. Shpakov. The fourth ZPIF was called QBIF Development of Regions. The assets included property rights from the concluded contracts for 21 flats in the housing estate "Victory Quarter" located at the address: Severodvinsk, Parkovaya St., with the total value of approximately RUB 59,000,000. The remaining flats are owned by the developers LLC KP Queue 3 and LLC KP Queue 4. The actual beneficiary of the developers was R.V. Shpakov. The fifth ZPIF was named "Time of New Values". Around 2017, the First Deputy Chairman of the Board of JSC "QBF Financial Group" Rutiņš Rimma and Shpakov Roman instructed her (Smirnova Y.G.) to form a closed - end unit investment combined fund related to art works. It took Rutiņš Rimma about 2 years to study this direction. Around the summer of 2018 she (Smirnova Y.G.) started to form the fund. In about half a year, thanks to the work of financial advisors of QBF, 5 investors were attracted and purchased units of the fund. The units were purchased by Yushkevicius Henrikas - Algirdas Zigmo - 4 units, Oksana Bukharova - 6 units, Ilshat Fargatovich Talipov - 3 units, Olga Vladimirovna Melikhova - 4 units, Mikhail Vladimirovich Ivanov - 5 units. The value of one unit was approximately just over 500,000 rubles. Igor Konstantinovich Gurevich joined the fund with shares of JSC "CEF" in the amount of 35 units. I.K. Gurevich was a

financial advisor of the QBF Group. On the instruction of R.V. Shpakov I.K. Gurevich entered this fund with the purpose of its additional formation. At the time when the fund was fully formed, she (Smirnova Y.G.) informed Shpakov R.V. about it, but Shpakov R.V. informed her that he had dismissed Rutins Rimma. In this connection she (Smirnova Y.G.) suggested to Shpakov R.V. to close the fund and distribute their money back to the shareholders. Shpakov R.V. forbade her to do so, informing her that he himself would deal with the fund and the search for paintings. About a few months later Shpakov R.V. informed her that he had found the paintings, he also gave her an e - mail address, explaining that this person would deal with the issues of the ZPIF "Time of New Values" together with her. Who this person was, she does not know. From this person she began to receive photos of paintings by the artist Yurlov Valery Ivanovich, born in 1932, there were more than 50 photos. She began to look for appraisers, storage places for the paintings, insurers, to agree on the necessary conditions between all the parties mentioned. These actions took several months. Shpakov R.V. explained to her that for the earlier rendered help to the community of artists, he (Shpakov R.V.) was given free of charge the paintings of the artist Yurlova V.I., but these paintings he would give to Bakhtiarova I.S., and already from Bakhtiarova Irina Sergeevna under the contract of sale the fund will have to buy paintings of Yurlova V.I. With Shpakov R.V. and the fund the contract could not be concluded, due to the fact that Shpakov R.V. is the beneficiary of LLC "MC QBF" and besides he did not want to appear in any documents. In this regard, a contract was drawn up with Bakhtiarova on 14.08.2019 with a description of the paintings attached. The additional agreements to it were re - signed several times, in which the delivery dates of the paintings themselves were changed. At one signing of the additional agreement she (Smirnova Y.G.) was personally present and saw Bakhtiarova. According to the contract Bakhtiarova I.S. was to transfer the paintings to Yurlova V.I. according to the list of the supplementary agreement in the amount of 26 pieces. On 15.08.2019 the payment of 10,314,346 roubles for the paintings of Yurlova V.I. was transferred to the account of Bakhtiarova I.S. in Sberbank. These funds were further transferred to Shpakov R.V. After several months, approximately in the summer of 2020, she (Smirnova Y.G.) informed Shpakov R.V. that the ZPIF was ready to accept V.I. Yurlov's paintings and start exhibiting them. Since the mentioned period Shpakov R.V. did not provide the paintings, in fact she never saw the paintings of Yurlov V.I.. As the official seller of the paintings of Yurlova V.I. - Bakhtiarova I.S., she (Smirnova Y.G.) repeatedly sent notifications to the address of registration about readiness to accept the paintings, but Bakhtiarova I.S. did not contact her. In some e - mails, the e - mail address of which she (Smirnova Y.G.) had been given earlier by Shpakov R.V. to receive help on the ZPIF "Time of New Values" at the end of the text sometimes had a signature - "Margo". From that moment she began to realise that she was corresponding with Gorsheneva Margarita Sergeevna. In the end she received pictures of paintings by Yurlov V.I. from Gorsheneva M.S., consultations and correspondence on this ZPIF, on the issue of valuation of paintings, insurance and storage were also conducted with Gorsheneva. The sixth ZPIF was called "RIF Warehouse Federal 1". The assets included commercial real estate objects - a warehouse complex in the Raevskaya station in the Krasnodar Territory and the land under it with a total value of over 300,000,000 roubles. The sole shareholder of Logopark Raevskoye LLC entered the fund with its real estate, these warehouses, and was presented with 100% of shares in the amount of approximately 1,400 units, which were sold in full to RIF JSC or Q-BROKER LLC. At present, RIF JSC or Q-BROKER Ltd. holds 727 units, the remaining units have been purchased by individuals, of which there are approximately 40 persons. The beneficiary of Q-BROKER LLC was R.V. Shpakov, and all actions that were connected with the abbreviation RIF (rent investment fund) are necessarily coordinated with R.V. Shpakov and Y.V. Shaban. At present the warehouses belong to the fund, and the fund assets belong to the shareholders. The seventh ZPIF was called "Mixed Federal First Quall". The assets included commercial property - a small shopping centre in Zelenograd and the land under it with a total value of about 500,000,000 roubles. LLC QBF Asset Management paid its clients quarterly income on the units of the real estate ZPIF "Reef Mixed Federal 1" and exclusively in non - cash form. The only shareholder is Q-BROKER LLC, which entered the fund with the specified real estate. The shopping centre in Zelenograd and the land under it belong to Q-BROKER LLC by right of ownership. The registrar of all units of the ZPIF is JSC "United Specialised Depository" INN 7723811155. QB Capital was a shareholder in one of the mutual funds managed by QBF Asset Management LLC. QB Capital purchased investment units of QBF Real Estate ZPIF on the secondary market. Irina Shpakova was in charge of the construction of the housing estate "Pobedy Quarter" in Severodvinsk. A number of companies belonging to the QBF group of companies own part of the units of the funds investing in construction. The construction of the Gribovsky Les housing estate in Odintsovsky district was also managed by Irina Shpakova. Part of the units of the funds investing in the construction are owned by a number of companies belonging to the QB&EF

group of companies, including K.S. Sobolev and Z.V. Munayev. All rights to part of the units invested in the construction of the housing estate "Victory Quarter" were acquired for cash. K.S. Sobolev owns part of the units in the interests of another person, Z.V. Munaev acquired them for his own money. The General Director and employees of QBIF LLC rented premises at 12 Presnenskaya Naberezhnaya St., Moscow, floor 22, office 2210. This address was used for the cancellation of contracts with clients, as well as for the transfer of assets to other brokers. As for the complaining clients, if they contacted QBF Asset Management Ltd directly, she first of all checked whether she had such a client, and if so, she negotiated with him independently. If there was a client of a third - party organisation, she gave him the e - mail address of the said organisation. O.Y. Timokhin's Testimony

given as a witness, according to which in 2014 he graduated from the S.Y. Witte Moscow University with a degree in economics. Simultaneously with his studies, he carried out labour activity in LLC MC Otkritie, which was engaged in trust management of assets of clients of individuals and legal entities. He worked in this company until August 2017 as a specialist. During this period of time he also worked part - time at LLC MC Nomos - Bank, his work was of a nominal nature as it was aimed at maintaining the licence requirements of LLC MC Nomos - Bank. In August 2017, he moved to LLC IC QBF INN 7733673955, as a leading specialist of the department of ensuring support of professional activities on the securities market. This company was a professional participant of the securities market in accordance with the licences issued by the Federal Financial Markets Service of Russia. This company carries out

brokerage activity and trust management of clients' assets. The essence of brokerage activity is as follows: clients transfer funds to the company's brokerage accounts for the purpose of further submission of orders for securities transactions, and the company executes these orders for commission fees. The essence of trust management is the following: an individual or a legal entity transfers funds to the accounts of a trust manager, after which the company at its own discretion, but within the framework of the strategy chosen by the client concludes transactions on the Exchange. No company or individual without the appropriate licence can purchase securities. Thus, the company IC QBIF LLC was actually an intermediary between the client and the Exchange and executed transactions for a commission. The General Director of IC QBF was Stanislav Anatolyevich Matyukhin. A trust management agreement was concluded with clients on behalf of IC QBF LLC acting as a trustee within the framework of licensed activities. Dividends were paid to clients to special brokerage accounts, which he indicated when he opened an account with the depository. Payments were made in non - cash form. The process of withdrawal of funds from brokerage accounts was as follows: the client submitted an order for withdrawal of funds, specifying the amount and details, after which the company withdraws the funds, but not later than the day following the date of receipt of the order. Thus, the client could not independently dispose of special brokerage accounts, any actions were performed by order. Often there were appeals or complaints of "complaining" clients, each appeal was dealt with, the essence was checked, whether there was a breach of contract, whether there was a liaison with the client to settle the issues. - Testimony of Treiman A.S., given by him as a witness,

according to which at the end of 2020 his acquaintance Khmeleva Sergey informed him that the organisation K - Investment LLC, where Khmeleva S. worked for about 1 year, requires employees to work with clients. He (Treiman A.S.) applied to the personnel department of K - Investment LLC and in January 2021 in the office of K - Investment LLC, located in one of the buildings of the office centre "Moscow City" was interviewed for the vacancy of junior financial advisor. Yulia, a member of the human resources department, explained to him that K - Investment LLC operated under an agency agreement with QBF LLC, whose clients entered into brokerage and trust management agreements. A few days later, he came for the second stage of the interview, which was attended by the head of the office, Javid Issaev. Approximately two days after the interview, Julia informed him that his (Treiman A.S.) candidature for the position of Junior Financial Advisor had been approved and he could go to work. His workplace was the office premises of the company K - Investment LLC, located on the 9th floor in one of the buildings of the business centre. His duties included working with clients who called the office and further accompanying and redirecting them to the back department of K - Investment LLC, which was directly involved in the execution of contracts and other documents with clients. He himself did not call anyone to attract clients and worked only with incoming calls from clients. The internship period for the position was about 1 month and after the internship he was finally appointed to the position. He received calls from customers on a daily basis. During the phone call he had to tell the clients about the terms and conditions of investing money, commissions, terms of participation in the contract, minimum limits of applications, as well as other issues of interest to the client. He told the clients the following: the company K - Investment LLC is engaged in trust management of client capital, brokerage services, the minimum commission for participation in the initial public offering is from 2.5 - 3.0 per cent of the allocated amount. After the client preliminarily agreed with the terms of the agreement he (Treiman A.S.) opened a brokerage account for the client through the Nabix programme. To open the account, the client would give him his personal details. The clients never came to him personally, but transferred their personal data via e - mail. Once all personal details had been entered, the customer was deemed to be registered. Subsequently, the client had to confirm the status of "qualified investor", which is required by Russian legislation. In order to do so, he had to provide K - Investment with information that his brokerage account contained funds in the amount of at least 6,000,000 roubles or a certificate of the Federal Service for Financial Markets. Subsequently, if the result of the check was positive, the client was allowed to participate in the IPO (initial public offering). After that he (Treiman A.S.) notified clients weekly about IPO news. The replenishment of the brokerage account was made by the client himself from his bank account. The specified details were sent by the Nabix programme automatically to the client's e - mail. He did not sign any contracts with clients. He received e - mail notifications that the client credited funds to his brokerage account, but he does not know the further movement of funds. The notification on the receipt of funds included the number of the agreement with the client and the date of account opening. He knows that the general director of QBF LLC was Sergey Matyukhin, and he also knows that since 2008 QBF LLC has been operating in the field of investments. His direct supervisor was Javid Issaev;

- The testimony of Ulanova K.S.,

given to her as a witness, according to which she has a higher education in economics and marketing, is an individual entrepreneur and provides consulting services on a paid basis to various companies. One of such companies was the company QBF LLC. In July 2017, her acquaintance Vadim Skosyrev, at that time an employee of QBF LLC, offered her to work for this organisation, specifically to engage in the PR of the company, organisational work with journalists of business publications to publish articles about the company, as well as the organisation of public relations. During this period, she arrived at the office of QBF LLC located at 8 Presnenskaya Naberezhnaya Naberezhnaya, bldg. 1, Capital City Tower, to the office on the 9th floor. She was met by Skosyrev Vadim and during the conversation confirmed that he intended to employ her (Ulanova K.S.) as a "press secretary". Since September 2017, she started working for QBF LLC, a company engaged in capital management for the securities markets. Her position was formal in nature; in fact, she was an outside consultant to the company on public relations matters. There was no contract of employment with QBF LLC. Her duties included verbal advice, as well as consulting via the Internet with experts in the analytical and sales departments on the preparation of comments for the media. She worked with the following business publications: "RBC", "Kommersant", "Vedomosti", "Forbes", "Time" and others. These publications wrote articles on certain issues and, when writing them, contacted QBF LLC as experts in the financial industry. She had no direct manager, her services were paid for by Skosyrev Vadim. In addition, she had heard of the company "White Lake", which was engaged in activities related to capital management and registered in Cyprus. She also knows such persons as Roman Valeryevich Shpakov, Zelimkhan Visaitovich Munaev, who are the main shareholders of the company QBF LLC, with whom she has repeatedly communicated on working issues. Stanislav Anatolievich Matyukhin is the general director of the company, she has almost never had any contact with him. Evgenia Anatolievna Rossieva is the leading lawyer of the company. In addition, she has heard several times a conversation where the girl Athanasiadou Linda was mentioned;

- The testimony of Frolov V.G., given by him as a witness,

according to which from 2010 to 2017 he worked as a general director in QBF LLC, which was offered to him by Shpakov R.V. At the time of his employment, the company employed about 5 - 7 people. Later on, the company started to grow and by 2015 the staff totalled about 300 people. The financial burden on the company in terms of tax deductions and contributions to the pension fund increased. In this regard, he proposed to R.V. Shpakov to transfer part of the staff to other companies, which would reduce the financial burden. Thereafter, Shpakov established the Kyubi Group of Companies. In the period from 2014 to 2017, he was also the CEO of the managing company QBF Asset Management LLC. His job responsibilities included the organisation of work on the MICEX market, services in banking organisations and notaries, personnel work, as well as general management of the company's activities. In spite of the fact that he (V.G. Frolov) was the general director of the company, his functions were limited and were limited to fulfilment of specific instructions given by Shpakov R.V. The accounting department reported to Shpakov R.V. on the financial performance of the company, but he (V.G. Frolov) did not manage the financial activities of the company and had no access to the company's finances. On the instructions of R.V. Shpakov, he (V.G. Frolov) implemented a payroll project for the company's employees. The company's seal was kept in the accounting department of the chief accountant, Tatyana Petrovna Voronova, on the instructions of R.V. Shpakov. In case of signing any agreements on behalf of the company, he (V.G. Frolov) was put in front of the fact that he had to sign, and the documents were stamped by the chief accountant Voronova T.P. In QBF LLC ("QBF") and QBF Asset Management LLC, he was paid his salary as a person holding the position of general director in the companies in fixed amounts of 50,000 rubles per month, these funds were received by transfer to a bank card. At the same time, these companies had the same accounting department. As general director of QBF LLC, he concluded brokerage contracts with clients, exclusively with individuals and only on behalf of QBF LLC. QBF LLC usually had at least two accounts opened with credit

(banking) organisations, the company's current account and the clients' brokerage account. Clients' funds were transferred only to the brokerage account, and from the brokerage account funds could be transferred only to the specific client who had previously transferred them. QBF LLC ("QBF") could not dispose of client funds that were in the brokerage account. To which brokerage account and which credit organisation the clients were to transfer the funds were informed by the employees of QBF Ltd., this function was performed by the employees of the "Back - office" (internal office) of QBF Ltd. and no particular employee was assigned to any particular client. In addition, dividends are never issued in the form of cash payments. When dividends are accrued, they are transferred non - cash to the brokerage account of a particular client. QBF LLC, has never issued dividends in the form of cash payments to anyone. He does not know how the participants of QBF LLC divided the profit from commercial activities. He always visited tax authorities and credit institutions with the chief accountant Voronova T.P., who performed the tasks in his presence. In the spring of 2021 he received a phone call from the lawyer Rossieva Evgenia, who informed him that there was a problematic situation with a Cypriot client, which she did not say, and in this connection he (Frolov V.G.) was put before the fact that a lawyer was assigned to him in case of a visit of law enforcement authorities. He did not personally pay for the lawyer's services, but they were paid for by the company. The girl named Linda is familiar to him, she actually lived on the island of Cyprus, but he had no personal contact with her. Shpakov R.V. communicated directly with Linda. He has known Munaev Zelimkhan Visaitovich since 2014, Munaev was previously a member of QBF LLC ("QBF") with a share of 5 or 7 per cent until about 2017. Munayev's activities at the company consisted of attracting clients to work on the stock market in Russia and on the island of Cyprus. Cyprus;

- E. N. Kharina's Testimony

given to her as a witness, according to which from 23.07.2018 she worked at F - Expert LLC as the head of product development and part - time at K - Investment LLC as a consultant. However, she was actually carrying out work for the group of companies of QBF Ltd. Her direct supervisor was Munaev Zelimkhan Visaitovich and his position at QBF LLC was Managing Partner of the organisation. Since March 2020, she has been working as Director of Investment Products Department at F - Expert LLC. Her job duties as the Head of Product Development at QBIF LLC and her job duties as the Director of Investment Products Department at the same organisation were the same, namely: to monitor products of competitors - Tinkoff Investments LLC, BKS LLC, Finam LLC and others, to request from the investment desk ideas for product development companies by industry, to submit these proposals to the management for approval, to receive tasks for the development of product documents, to agree on product documents, to coordinate the development of product documents, and to submit them to the management for approval. The only difference was that as the Director of the Investment Products Department she could take an assistant Chubchenko Sofia Andreevna. She was familiar with the name of the organisation "White lake", as she prepared marketing material for this organisation. Around 2019, Roman Valeryevich Shpakov, one of the founders of the organisation QBF LLC, gave her a task and a list of products for which she had to prepare marketing material for White lake. He also said that the main graphics and text fragments should be taken from Denis Ikonnikov, head of the analytical department of QBF LLC, who was territorially located in St. Petersburg. On Shpakov R.V.'s instructions, she compiled a product presentation for "White lake", which she repeatedly forwarded to Shpakov R.V.'s e - mail RV@qbfin.ru, and then printed it out on paper and personally brought and gave it to Shpakov R.V. After Shpakov R.V. had approved this material. approved the material, he instructed her to email the material to the organisation's employees at dp@dbf.world and sales@dbf.world, as well as to Ruslan Spinka, who holds the position of head of one of the sales department groups at ruslan.spinka@dbfin.ru and Nikolai Padalko, head of one of the sales department groups. She also uploaded the material to the network folder "QBF" subfolder Prudusts on the organisation's product resource, from where the sales department could take these materials. In the future, Padalko N sometimes came into contact with this organisation on work - related tasks, but these were design tasks on products. In the summer of 2020 she received an assignment from Munaev Zelimkhan Visaitovich by phone that she was to assist Kovalenko

(Athanasiadou) Linda and Dmitry Sergeevich Lepeshkin in drafting a descriptive document about Constance Investment. She does not remember exactly what positions Kovalenko (Athanasiadou) Linda and Lepeshkin D.S. held in this organisation, but everywhere and always they were together. Subsequently, she received a brochure in English by e - mail from Kovalenko (Athanasiadou) Linda or D.S. Lepeshkin, which contained a descriptive part about the company "Constance Investment", to which markets there is an opportunity to enter and give access. In the process of preparing the Russian version of this brochure she had to translate this brochure into Russian, also to request the missing information from Spinka R. and Padalko N., voiced by Kovalenko (Athanasiadou) Linda and Lepeshkin D.S. about the sections of the necessary information to be provided by the client in order to become a client of Constance Investment and open an account. Spinka R. and Padalko N. provided a list of documents required for clients, which she included in this brochure and sent the received document by e - mail to Spinka R., Padalko P., Kovalenko (Athanasiadou) Linda, Lepeshkin D.S., and Munayev Z.V. As far as she could judge from the brochure provided to her by Constance Investment, this organisation was engaged in attracting clients' funds for investment and providing clients with income as a result of this investment. In the future she also sometimes encountered this organisation in her work on assignments of Kovalenko (Athanasiadou) Linda., Lepeshkin D.S., Padalko N., but these were product design assignments. She from the legal department and Padalko N. received blank, without signature and without specifying the client's data forms of client contracts "White lake LTD", in which her task was to set product parameters: product name, for example "growth modules", "algorithmic" or "repo", minimum investment amount and commission, which were provided to her by Shpakov R.V. That is, in each specific product (contract with the client), for example "growth modules", she, on the instructions of Shpakov R.V., supplied a specific certain investment amount and commission. Later she sent these forms of contracts with the client by e - mail to the legal department of Rossieva Evgeniya and Padalko N. and had nothing more to do with the forms of contracts. The founder of "White lake LTD" is R.V. Shpakov, the general director is N. Padalko. The offices of R.V. Shpakov and N. Padalko are located at: Moscow, Presnenskaya naberezhnaya, 8, p. 1, 9th floor. 1, 9th floor. The main activity of "White lake LTD" was attraction of clients' funds to ensure profitability and payment of income to the client. The trust management agreements with the client were concluded on behalf of IK QBF LLC and for acting on the Russian market. She has only seen the list of documents to be submitted by a client of QBIF LLC group of companies wishing to participate in trading on international stock markets in a brochure she prepared for Constance Investment. The following persons fulfilled their official duties in the group of companies of IC QBF LLC: R.V. Spinka holds the position of Director of the Sales Department of the group of companies of QBF LLC; N.S. Padalko holds the position of General Director of White lake LTD; Y.N. - S.A. Khmileyov's Testimony

as a witness, according to which he posted his CV on the Head Hunter website in order to look for a job. At the end of January 2020 he received a call on his mobile phone from a girl Julia, a representative of the company QBF LLC and invited him to an interview conducted via video link. His first interview was held at the end of April 2020 together with Julia, and the second interview was held with Laipanov E. During the interviews he was presented the investment activities of the company QBIF LLC, which has four licences from the Central Bank of the Russian Federation. He was also told about the financial products of the company, which were provided to clients, namely participation in IRO, IIS, trust management agreements, brokerage services on the Russian market, RIF shares. About a week later Yulia informed him that he was hired as a trainee at QBIF LLC from 15.06.2020. During the period of time from 15.06.2020 to September 2020, he worked as an intern at QBF IK Ltd. His job duties included searching for future clients and he was provided with a list of contacts to whom he was supposed to call and offer the company's financial products. In addition, during the period of time specified by him, he was also trained by Avetis and Beladed S., who told him about the investment activities of the company. His sales training was conducted by Chepurkova A. His supervisor was Isayev Javid, also Isayev was the head of IRO. Isayev D. in turn reported to Ruslan Spinka, who held the position of Director of Sales and Customer Service at QBIF LLC, and his deputy was Korzh A. In total, QBIF LLC officially employed ten people. In August 2020, due to the fact that he was not very successful in attracting clients, he was given two clients who wanted to participate in the IRO and with whom it was necessary to conclude agreements and open a brokerage account. He was transferred to the position of junior financial advisor, but at that time he was not officially employed by QBEEF LLC. In order to conclude an agreement on the provision of brokerage services, the client was required to obtain a copy of his passport as a citizen of the Russian Federation, his SNILS, e - mail details, and details of a bank account for withdrawing funds. The client sent these documents to his QBF work email, WhatsApp and Telegram phone application. He then entered the client's details through the Nabix programme. This programme then generated a package of documents and sent them to the client via email. The documents were sent to the client for review. At the same moment the client received a sms message with a code for confirmation to sign these documents, which the client informed him. This code he (Khmileva S.A.) entered into the programme and after that the signed copies of the agreement both from the side of QBIF Ltd. and from the side of the client were sent to the client. On the side of QB&EF LLC, the contract was signed with an electronic signature by the general director Matyukhin S.A. His first clients were Bazaev M. and Kulagin A. In total, from September 2020 to the end of March - beginning of April 2021, he had 30 - 35 clients, who in total transferred funds in the amount of 45 - 50 million roubles to their brokerage accounts. The said clients all participated in the IRO. Since September, the management represented by Spink R. and Korzh A. said that the company had developed a master agreement, which was that the top broker IRO provider sees the total amount of money and enables the clients to participate in the IRO. This was also mentioned in class by the head of the legal department, Russeva E., that financial advisors should explain this in roughly the same way to their clients about the master agreement. In approximately November 2020, he was formally employed by K - Investment LLC as a junior financial advisor. As a junior financial advisor, he had the following job duties: client acquisition, selling the company's financial products, supporting client transactions, and client counselling. In addition, one of the requirements of the department heads was that each financial advisor should attract client funds to the company totalling at least 2,500,000 roubles per month. When he asked Anastasia Zaripova why he was employed at K - Investment LLC and not at QBIF LLC, Zaripova A. and Isaev Javid replied that this was done so that QBIF LLC would pay less taxes. A total of eleven people worked in his department with him: Lazarev, Murashev, Lopukhova, Dynda, Manaenkov, Bashkirov, Treiman, Said Isaev, Chernyshova, Pirogov. During his work in the company he saw Shpakov R., Munayev 3., Lepeshkin D., a woman named Linda, Padalko N. Lepeshkin D. was the director of the company

Constance Investment, located on the island of Cyprus, Linda was his assistant. S.A. Matyukhin was the General Director of LLC IC QBEEF. Padalko N. was engaged in the withdrawal of funds abroad and supervised the work of the company WhiteLake and the Luxembourg company Argento. This became known to him in the course of communication between work colleagues. He also knew the company QBroker LLC, which worked directly with the top broker, the data of which were not disclosed, referring to commercial secrecy: the General Director of this company was Orlov Y. After the May holidays in 2021, clients began to apply with claims about the fact of delayed withdrawal of funds. With this question he approached Isayev D. and Korzh A., who explained that the regulatory period was not exceeded, that all clients will receive their funds in time. He subsequently communicated this information to his clients. On 25 - 26 May at about 10 a.m. he came to work, where Isayev D. announced to everyone present that in a short while law enforcement officers would come to the office to conduct a search. At the same time he saw that the employees of the company, including Javid I. began to destroy some documents with the help of a paper shredder. Some time later, law enforcement officers entered the office and started the search. Subsequently, Korzh A. told all the employees not to tell the clients about the searches in the company, but to explain that there was a failure in the fire extinguishing system, which led to the malfunction of the servers. However, he (S.A. Khmileva) in turn told the clients how things actually happened, that there were searches in the company. About 29.06.2021 their entire department of the remaining people - him, as well as Treiman A., Manaenkov V., Lazarev A., Chernyshev V., Ilyin A. and Murashev A. gathered Korzh A. and invited one by one to the classroom, where he said that the staff is being reduced, as there are no sales at the moment. Also Korzh A. said that in the near future the salaries would be paid, after which they all resigned of their own accord. At the same time, Korzh A. and Spinka R. told them (employees) to sign a prolongation of commitment, an annex to the general agreement with the clients. This commitment was that the client would be okay with their remaining funds remaining in the company's accounts for three or six months at the client's discretion. As this requirement did not seem quite right to him (S.A. Khmilevov), he refused to offer it to the clients, as he realised that this was done in order to keep the clients' money inside the company longer and not to return it to the client. In addition, Korzh A., when asked when all payments - salary and payments to clients - would be made, said that law enforcement officers had seized "the keys to the client's bank" and therefore there was no access to the company's current account. It was not explained which company. He (Khmileva S.A.) understood perfectly well that Korzh A. was misleading them, as he (Khmileva S.A.) worked in the bank and knows that there is no "key to the bank client" as such. Further in the course of conversation Korzh A. said that the company has real estate, which will be sold in order to close obligations to customers and employees. After these words he (S.A. Khmileva) concluded that the company IK "QBF" Ltd. had stolen clients' funds and disposed of them. On the day of the search in the company Isayev D. said that for what reason the money was not returned he did not know how and where the clients' money had gone, he explained that the money had most likely been stolen. After the search and conversations with Isayev D., Korzh A. and Spinka R., he concluded that all the involvement of clients' money in the company was a fraudulent scheme;

- The testimony of A.V. Chentsov, given by him as a witness,

according to which in May 2020, after he placed an advertisement on the website ".hh.ru", about job search, he received a call from a representative of the group of companies "QBF" and invited for an interview in the office located at the following address: Moscow, Presnenskaya Naberezhnaya, 8, tower "Capital City", business centre "Moscow City". During the interview, he was offered the position of Financial Advisor for the Sales Department at QBF Group. On 26 May 2020, he became an employee of K - Investment LLC with a salary of approximately RUB 60,000, which could reach RUB 100,000 depending on the fulfilment of the plan (KRI). He received his salary in cash, which was given to him by various employees of the QBF group of companies. During the entire time he worked for QBF Group, only six employees of the company issued salaries. He did not know these employees personally, but periodically saw them in their offices. He signed for the money he received in the statement provided to him. QBF LLC

was part of the QBF group of companies, but he did not know the number of organisations in this group of companies. I.A. Chupin's Testimony given as a witness,

according to which he started his labour activity in QBF Group of Companies in 2017 on the basis of an agency agreement with LLC KF Estate SPB. Based on the employment contract No. KF070 dated 09.01.2018, he started to perform the duties of the Head of Investment Services Department of LLC "KF Estate SPB", where the director was Pakhomov Vladimir Sergeevich, who is a co - owner of QBF Group and responsible for the development of the company's branch network in the regional RF. The place of work was in Tyumen. On the basis of employment contract No. 09 - 21 dated 15.03.2021, he was employed by OOO IC QBF as director of the Tyumen branch. His job duties at OOO IC KyoBeef as a branch director included managing the activities of the subdivision, representing the company's interests in organisations and state authorities, organising the subdivision's participation in the development of new and modification of existing regulatory documents, controlling the correct, timely and qualitative performance of the subdivision's activities, and other duties in accordance with the requirements of the job description of the branch director. At the time he entered into his employment contract, Stanislav Anatolyevich Matyukhin was the General Director of QBIF LLC. The head of the company's branch network is Alexey Sergeevich Golubev, whom he has known since January 2019, when A.S. Golubev was appointed head of the company's branch network. A.S. Golubev's job duties included opening new offices of the company in the regions of the Russian Federation, material and technical support of the company's offices, control over the activities of existing regional divisions, financing the activities of regional divisions. A.S. Golubev also supervised the provision of monthly reports to the company's clients and co - operation with the Moscow office, controlled the inflow of funds from clients. A.S. Golubev agreed with V.S. Pakhomov on the strategy of development of regional subdivisions. The order of accepting clients for servicing depended on the chosen investment product or the direction of the company's work and was regulated by the Central Office. All new employees were provided with the relevant regulations for concluding contracts. In addition, regular training was conducted to update the knowledge of all employees of the company in working with clients. Brokerage, advisory and trust management services were offered to clients. These services were offered both within the Russian jurisdiction and outside it (Cyprus - QCCI, former name QB Capital LTD; Cayman Islands - White lake Management, simultaneously with the conclusion of agreements with Simtelligence Company LTD - Hong Kong and VL Consulting LLC - RF). Brokerage service implies providing the client with access to trading on stock exchanges all over the world. Orders to purchase specific securities are given directly by the client. Advisory management implies brokerage service with additional service in the form of consultations of specialists and offering specific investment ideas to the client. Trust management implies management of the client's funds by a portfolio manager within the framework of an investment strategy with a certain level of risk agreed upon and fixed in the contract, with the aim of receiving income from investment activities. The client is provided with information on all investment products of the company for further independent choice. Since 2020, QBIF Ltd. started to offer its clients participation in IROs of foreign companies. For this purpose, the client opened a brokerage account and concluded a framework agreement for the structural product "IRO.XXX". This agreement described the general terms and conditions for the purchase of OTC options on behalf of the client. This option reflected a change in the quoted share price of the company's stock that

went public on the IRO. The seller of the options was Q-BROKER LLC. The purchase on behalf of the client was carried out by QBIF IK LLC. In addition, the company's investment products offered clients PAIs in open - end and closed - end mutual funds managed by QBIF Asset Management LLC. OPIFs involved investments in shares and bonds traded on Russian stock exchanges. ZPIF assumed investments in residential and commercial property. The company had both an incoming flow as a result of marketing activity of the Moscow office and active attraction by the employees of the branch. Cold calls were made to databases of potential clients, and there were contacts with clients with whom there had been previous co - operation at previous places of work. In addition, personal and family connections of the company's employees were involved. In the course of work with a potential client, as a rule, there was a meeting in the company's office, where the client received information about the company and the investment products offered by it. That is, information about the potential profitability and possible risks of investing. After making a decision, the client would provide the financial advisor with documents (Russian/foreign passport, SNILS, TIN) and contact information (email and mobile phone). On the basis of this, the financial advisor formed an application for preparation of contracts and sent it together with the client's documents to the appropriate address of the company's "middle" office or "back" office, depending on the investment products. In the reply letter the financial advisor received a set of documents to be signed with the client. During the personal meeting with the client the contracts were signed. Scan - images of signed agreements were sent to "mid" or "back" offices, original documents were regularly sent to the central office. The signatory in Tyumen before the introduction of the electronic digital seal for contracts of QBIF LLC was only Rykov D.I. After the introduction of the electronic digital seal, each employee could enter the data of a new client into the database and Matyukhin S.A.'s electronic digital signature was placed. To execute the OPIF, the client signed an application for the purchase of units, which was stamped with the signature of Smirnova Yaroslava Gennadyevna, the General Director of QBF Asset Management LLC, and also stamped with the organisation's seal, which confirmed the fact that the application had been accepted. For the strategy of investing in international markets, a set of already signed documents with stamps was sent. Under the agreements with QBIF LLC and QBIF Asset Management LLC, the client transferred funds to the details specified with reference to the concluded agreement in the purpose of payment. The funds were then credited to his (the client's) brokerage account or trust management account. For contracts with foreign companies, the client was issued an invoice with details for money transfer to the company that is a party to the contract. To transfer funds in foreign currency, the client made a transfer via the Swift system. Clients were also offered an alternative method of depositing funds with the company: the relevant foreign company issued a receipt to the cash receipt order, which confirmed the fact of accepting cash for further crediting to the brokerage or trust management account. These receipts were sent to regional staff together with a set of contracts. The cash was accepted by the financial advisor working with the client. Then a courier sent by the central office of IC QBEF LLC picked up the cash within a business day. This option was positioned as an additional service for clients. The organisation's cash voucher to confirm acceptance of cash was issued from QCCI until the end of 2017, from 2018 it was issued by White lake Management. Cash was encashed by Vladimir Maslennikov, V.S. Pakhomov, A.S. Golubev, and Y.N. Orlov. He does not know who exactly prepared and executed reports to clients on transactions on their brokerage account. One of the companies' e - mail addresses was used to send reports to clients on Russian market products, while the other e - mail address was used to send reports on international markets. There was a certain date when the report was to be sent to clients. All clients received mailings on the status and changes in their brokerage or trust management accounts. Everything was uploaded from the software for the Russian and international market, for the international market. Y.N. Orlov was responsible for the software (uploads) (from the technical point of view), Maria Kopylova was responsible for the Russian market for the correctness of compiling and filling in reports, and she was the head of the "middle" office. Areas of supervision were distributed among the co - owners of the group of companies of QBIF LLC, namely, Munaev Zelimkhan Visaitovich was responsible for the company's activities in Moscow, and Pakhomov V.S. was in charge of activities in St. Petersburg, Yekaterinburg and Tyumen. V.S. Pakhomov was responsible for the overall coordination of activities for the development of the region. At the beginning of 2019, V.S. Pakhomov started travelling frequently to the central office located at: Moscow, Presnenskaya Naberezhnaya St., 8, p. 1, City Capital Tower. 1, Capital City Tower, and subsequently remained in a management position at the head office in Moscow. A.S. Golubev, who previously headed the St. Petersburg branch, was appointed to replace him in charge of the regional network. A.S. Golubev's deputy was Gevorgyan Gevorg. His (Chupin I.A.) direct supervisor since 2017 was the director of the Tyumen branch D.I. Rykov,

who was officially employed by QBIF LLC. After D.I. Rykov was dismissed from the organisation, a formal employment contract No. 09 - 21 dated 15.03.2021 was concluded with him (I.A. Chupin). He (Chupin I.A.) concluded contracts with clients and he personally led his own clients, as there was a certain "pool" of contacts, acquaintances, which he did not pass to anyone, and he himself led from the beginning to the end. The recommended term of conclusion of contracts with clients is not less than 12 months. Trust management agreement is a three - year agreement with the possibility of automatic prolongation, IPO was a regular brokerage account - an open - ended agreement, if the client did not give an order to withdraw funds. To the best of his knowledge Q-BROKER Ltd did not hold a brokerage licence, but there were plans to obtain such a licence in the future to use as a broker at a later date. At the end of 2019 and the beginning of 2020, the first customer complaints were received under contracts in offshore projects about non - fulfilment of obligations regarding the return of funds invested in stock markets. There were delays in the withdrawal of funds, but the withdrawals were made - sometimes in instalments, sometimes with delays. On the Russian trust management market all orders submitted by clients are also not executed. The organisation LLC IC QBF drops some funds to the client's account, but it cannot sell securities, explaining it by a technical malfunction of the company. Clients are offered to open any other brokerage account in third - party organisations engaged in brokerage services with further transfer to the newly opened brokerage account from the account in QBIF LLC, thus the invested money can be returned. Alexey Golubev or his deputy Gevorg Gevorgyan, both located in St. Petersburg, were the source of information on any issues, including problems with the return of funds to clients. Questions were always addressed to them and out of the many reasons given for the refund problem were as follows: pandemic, a foreign company is being audited by the local regulator and this is slowing down the processes of the organisation, banks that serve the company asked questions on compliance. In the Tyumen branch about 65 clients suffered from illegal activities. The amount of money not returned to clients on the Russian market is about 150 million roubles, on the foreign market about 400 million roubles. Roman Valeryevich Shpakov saw him once at the opening of the Tyumen branch. The authorised person of R.V. Shpakov is Dmitry Vladimirovich Moskalyuk, he (D.V. Moskalyuk) has been working in OOO IC QBF for more than 5 years and his place of work is in the branch of the company in St. Petersburg. According to the information he received from clients, Moskalyuk D.V. proactively calls clients of the Tyumen branch in order to induce them to continue investment activities with an unidentified investment fund, allegedly registered in the UK in London. In addition to the facts known to him that R.V. Shpakov and Y.N. Orlov purchased real estate objects on the balance sheet of OOO Q-BROKER using client funds, he learnt from social networks that the employees of OOO IC QBF Vladimir Maslennikov and Maxim Fedorov became co - owners of a restaurant in Moscow. These persons were directly related to the turnover of client funds;

Evgeny A. Shalimov's Testimony as a witness,

according to which in 2021 his acquaintance Afanasyeva Yulia Sergeevna recommended him to come for an interview for employment in the group of companies "QBF" for the position of junior financial adviser. Yulia Afanasieva worked at QBF Group in the training department. In March 2021, he came for an interview at QBF Group. The interview was conducted in several stages, at one of the stages he was interviewed by Ermolenko Stella, who was the head of one of the sales departments of the group of companies "QBF", in one of the offices of the building "Capital City", business centre "Moscow City", at the address: Moscow, Nab. Presnenskaya 8. On 16 March 2021, he was hired as a Junior Financial Advisor in the Client Relations Department at K - Investment LLC. His duties included: searching and inviting clients, informing clients for the sale of investment products and trust management of clients' invested funds, opening brokerage accounts, analysing the financial portfolio. As a financial advisor, he sold the following products of the company: IPO - over - the - counter assets, promissory notes. The organisations on behalf of which financial products were sold were QBroker LLC and QBIF LLC. Attracting clients for the sale of the company's products could be done through cold calls to potential clients or through social networks via various video bloggers. His direct supervisor was Stella Ermolina, from whom he (E.A. Shalimov) received instructions on his work and also reported to S. Ermolina on the results of his work. Stella Ermolina's supervisor was Korzh Andrei, and Korzh Andrei's supervisor was Spinka Ruslan. His (E.A. Shalimov) salary was supposed to be approximately 80,000 roubles per month, but he did not receive his full salary. The salary included fixed payments based on the results of plan fulfilment in the

amount, as well as % of the amount of funds raised. He received his salary in cash from Stella Ermolina, and he did not sign any pay slip. Also in July 2021, he received a salary from Tatiana Zavyalova, who is the head of the Russian Market Support Department. In turn, the wages were handed over to the employees by Bogdanova Kristina. During the entire time he worked at K - Investment LLC, he attracted only one client and funds totalling approximately RUB 13,000,000. K - Investment LLC was part of the QBF group of companies. The office of K - Investment LLC was located at the following address: 8, Presnenskaya Nab. Presnenskaya 8, Moscow City business centre, Capital City building. The main activity of QBF Group was attracting clients for the sale of investment products and trust management of funds invested by clients. The head of the group of companies "QBF" was Roman Valeryevich Shpakov. Roman Shpakov's business partner was Munaev Zelimkhan. Spinka reported directly to Roman Shpakov about all activities of the sales department. At the beginning of his working activity in the group of companies "QBF" he did not suspect that the management of the company represented by Shpakov Roman, Munaev Zelimkhan, Spinka Ruslan and Korzh Andrey could carry out fraudulent actions with the money of clients, as the company had a number of licences of the Central Bank of the Russian Federation to carry out professional activities in the financial sphere. He began to have doubts about the legality of the actions of the above - mentioned management of the "QBF" group of companies after law enforcement officers conducted investigative actions in the offices of the "QBF" group of companies in May 2021. After unsuccessful attempts to withdraw their funds, the company's clients complained to QBF itself, and many clients also went to court and law enforcement agencies to restore their violated rights. He worked at K - Investment LLC until August 2021, and in September 2021, at the request of Stanislav Matyukhin, he was transferred to work at MC Moi Finance LLC. On 20 September 2021, he was employed by MC Moi Finance LLC as a specialist in the support department. He resigned from MC Moi Finance Ltd on 17 December 2021 at his own request. When Matyukhin resigned from MC Moi Finansy LLC on his own volition in December 2021, upon payment of the two official salaries due to him, he contacted Roman Shpakov and explained that Roman Shpakov was against the payment and only approved the payment of one official salary. He (E.A. Shalimov) eventually resigned from MC Moi Finance LLC with a payment of two official salaries by agreement of the parties, as I.V. Rybalka had given her consent to the payment of two official salaries to him. LLC "MC Moi Finansy" was controlled by the management of the group of companies "QBF" and directly by Roman Shpakov. In turn, Shpakov Roman appointed Matyukhin Stanislav, who was not legally recognised as a member of MC Moi Finansy LLC, but the management of MC Moi Finansy LLC represented by Rybalka I.V. reported to him. In addition, on the instructions of Matyukhin Stanislav, the director of LLC "MC Moi Finance" Rybalka I.V. registered the telephone number of Matyukhin Stanislav in the bank where the current account of LLC "MC Moi Finance" was opened to confirm the operations on the account. Thus, without the approval of Stanislav Matyukhin, transactions on the account of LLC "MC Moi Finance" were not carried out. In LLC "MC Moi Finansy" management of the group of companies "QBF" introduced participants affiliated to them and directly to Roman Shpakov, which included Spinka Ruslan, Korzh Andrey, Frolov Vladimir, Gramza Ekaterina, Fedorov Maxim, Amerov Rinat, Tallerov Artem, Bogdanova Kristina, as well as Matyukhin Stanislav's mother. Thus, by the unanimous decision of the majority of participants of the Company favourable decisions were made for the management of the group of companies "QBF" and directly to Roman Shpakov, and the director of LLC "MC Moi Finansy" Rybalka I.V. in turn fulfilled the will of the majority of participants. During his work in "MC Moi Finance" LLC, he (E.A. Shalimov) repeatedly fulfilled the requests of Stanislav Matyukhin to meet with Ivan Andreyevich Somov on the subject that at that time Somov I.A. was the general director of "QBroker" LLC, on behalf of which various contracts were concluded with the clients of "QBF" company, and the clients' funds were accumulated on the settlement accounts of "QBF" LLC. The subject of his meetings with I.A. Somov was as follows: he (E.A. Shalimov) would hand over to I.A. Somov for signing the documents prepared and handed over to him (E.A. Shalimov) personally by Stanislav Matyukhin, and after the documents were signed by I.A. Somov himself, he would bring them back and hand them over to Stanislav Matyukhin. These documents, which he handed over to Somov I.A. for signature, were client applications, where on behalf of a client of QBF company a statement was drawn up on the client's wish to transfer the funds on the accounts of IK QBF LLC under agreements with QBroker LLC to the accounts of MC Moi Finansy LLC. He suggests that in this way the management of QBF represented by Roman Shpakov had the opportunity to further withdraw client funds through organisations controlled by Roman Shpakov and involving persons affiliated to Roman Shpakov, including Stanislav Matyukhin and Ivan Somov. In approximately July - August 2021, at work, he communicated with one of QBF Group's financial advisors, Alexey V. Chentsov, who offered to assist his (E.A. Shalimov's) clients. Chentsov Alexey's help

consisted in the following: he (E.A. Shalimov) had to find a client of the company who was ready to get his money back on condition of payment to A.V. Chentsov directly in the amount of 20 per cent of the money he had invested. According to Chentsov's terms, it was necessary for the client to transfer or hand over 50% of the amount of remuneration due to Chentsov A.V., after which the client could expect to receive his invested money. After the client received the invested funds, the client (E.A. Shalimov) would remit or transfer the remaining 50% of the remuneration to A.V. Chentsov;

He could sign contracts

with clients who wanted to buy QB Capita products with access to the foreign market on the basis of a power of attorney issued by QB Capita LTD in the absence of a back officer whose duties included signing the contract. He could also sign contracts with customers who wanted to buy products of QB Capita LTD with access to the Russian market on the basis of a power of attorney issued to QB Capita LTD in the absence of a back officer whose duties included signing this contract. His direct supervisor at OOO IC QBF was Stanislav Anatolyevich Matyukhin, before him Vladimir Georgievich Frolov. His (Yudin M.S.) subordinate was Nikolai Sergeyeovich Padalko. In his work he (Yudin M.S.) followed the instructions of Matyukhin S.A. To sign contracts in Russia and to buy Russian products, he was given a power of attorney from the company QBIF LLC, provided that the client buys products with access to the Russian market and a power of attorney from QB Capita LTD if the client buys products with access to a foreign market. The specificity of QB Capita LTD activity was access to foreign markets when clients wish to buy products on a foreign market. He may have encountered the name QCCI Ltd in documents when working for QB Capita LTD. In order to sign contracts, when the client wanted to participate in trading on international stock markets, he signed contracts on the basis of existing powers of attorney issued by QB Capita LTD and QCCI Ltd, in the absence of a back officer whose duties included signing these contracts. The client was provided with two documents: a "direct access to the securities market" agreement on behalf of QB Capita LTD and a "trust management" or "brokerage" agreement on behalf of IC QBIEF Ltd. If the client, wishing to participate in trading on international stock markets, concluded a "trust management" agreement with the company IC QBife Ltd, then in the future, all issues related to the purchase and sale of shares on behalf of the client were handled by the employees of IC QBife Ltd. - I. A. Yurlova's Testimony given to her as a witness,

according to which her husband Valery Ivanovich Yurlov, born on 03.10.1932, is an artist and is a member of the Moscow branch of the Creative Union of Artists. About the end of 2018 - beginning of 2019 their acquaintance Ivan Dmitrievich Yakusikin asked to accept an American photographer who wanted to make a portrait of Yurlov V.I. At the meeting with Yurlov V.I. together with the American photographer came a Russian girl who introduced herself as Gormeneva Margo. After some time, she (Yurlova I.A.) received a phone call from Ivan who informed her that Gormeneva Margo was interested in the works of Orlov V.I. and wanted to create a fund where these works would be presented and since they (Yurlova I.A. and Yurlov V.I.) were not against Gormeneva Margo.) were not against Gormeneva Margo came to the studio of Yurlov V.I. There Gormeneva M. photographed in their presence more paintings, and also expressed a desire to buy some works of Yurlov V.I. for the amount of 40 - 50 thousand U.S. dollars. After this visit Margo disappeared. I.A. Yurlova began to look for information about the photographer who had visited them and about Margo Gormeneva. Her acquaintances advised her (Yurlova I.A.) not to get in touch with this fund and also not to get in touch with Gormeneva Margo. A few months later Gormeneva Margo called back, but she (Yurlova I.A.) explained that they (Yurlov V.I. and Yurlova I.A.) would not sell the paintings. After that Gormeneva M. called them several more times with an offer to buy the paintings;

- The testimony of N.G. Yakubova, given to her as a specialist,

according to which she is an associate professor at the All - Russian State University of Justice (RPA of the Ministry of Justice of Russia). She graduated from Volgograd State University with the qualification "Lawyer, speciality "Jurisprudence" and from the All - Russian Academy of Foreign Trade of the Ministry of Economic Development of the Russian Federation with the qualification "Economist with knowledge of a foreign language, speciality "World Economy" (diploma with honours), defended her thesis for the degree of Candidate of Legal Sciences, speciality 12.00.10 "International Law. European Law" at the Peoples' Friendship University of Russia. She has more than 20 years of practical experience in the field of jurisprudence. On 25 February 2021, at the request of V.S. Gorkavtsev, Deputy Head of the Main Department of Economic Security and Anti - Corruption of the Ministry of Internal Affairs of Russia, dated 10 February 2021, No. 7/18 - 2040, she prepared a specialist's opinion. This opinion consists of two parts, conclusions and annexes (108 pages in total). The first part contains a legal assessment of the factual situation of the relationship between Borzenkov M.I., QBF LLC and the Cypriot company QB Capita LTD. The second part provides an answer to the question of whether the activity of QBF LLC and the Cypriot company QB Capita LTD with the funds of Borzenkov M.I. is an investment activity. The conclusions set out the results of the study. Four documents from open sources used by the specialist are added as annexes to the conclusion. As a result of the conducted research on the basis of the presented documents and available information, it is concluded that M.I. Borzenkov's funds cannot be considered as investments both from the point of view of Russian law and international investment law. The activities in relation to these funds of both Borzenkov M.I. himself and IK QBF LLC and QB Capita LTD cannot be regarded as investment activities. The factual circumstances testify to unlawful and unfair behaviour of the participants of the legal relations under consideration. In her opinion, here they faced with an elaborate scheme aimed at withdrawal of funds from the hands of their owner to unknown structures, as evidenced in particular by the following circumstances: Borzenkov M.I. transferred funds totalling \$17,000,000 under contracts with interrelated companies having one beneficial owner and the alleged one circle of related persons. During the entire period of validity of the contracts, M.I. Borzenkov did not receive any proper report on the activities declared by the companies, which would allow to establish a legal connection between M.I. Borzenkov as a subject of law and the securities constituting the investment portfolio as an object of law. M.I. Borzenkov had no independent access to the accounts. There are no documents confirming M.I. Borzenkov's ownership of securities. Possible placement of M.I. Borzenkov's funds on accounts possibly belonging to him is not an investment activity. Investment activity is the actual placement of funds in securities, which must be confirmed by appropriate documents. In this case, there are no such documents, nor is there any document that would confirm that this activity was carried out. M.I. Borzenkov as an individual was misled by QB Capita LTD and the company. Firstly, when entering into agreements with QB Capita LTD on the provision of trust management services, M.I. Borzenkov obviously believed that he was entering into a securities trust management agreement with a professional participant of the securities market, the activities of which are regulated and controlled by the Central Bank of the Russian Federation. In reality, according to the content of the agreements, under the guise of trust management agreements, M.I. Borzenkov entered into assignment agreements. Display in the title and subject of these contracts of contradictory wording, affecting the legal nature of the contract and misleading the counterparty - individual, is evidence of illegal actions and bad faith on the part of LLC IC QBF. Secondly, according to the information from the Extract from the Unified State Register of Legal Entities No. SE 9965 - 21 49982414 dated 11 February 2021 in respect of IC QBF LLC, the licences of the Central Bank of the Russian Federation for dealer activities, brokerage activities and securities management activities of IC QBF LLC started to be valid on 22 June 2016, the licence of the Central Bank of the Russian Federation for activities of professional securities market participants - on 8 August 2019. This information suggests that at the time of conclusion of the first contract with M.I. Borzenkov on 28 April 2016, QBF LLC did not have a licence to carry out dealer activities in securities management and activities of

a professional securities market participant. It is unlawful to carry out licensed activities without a licence. Thirdly, the actual conclusion of assignment agreements with QBIF LLC in relation to the management of Borzenkov M.I.'s trading accounts opened by QB Capita CY LTD in his (Borzenkov M.I.'s) name did not comply with the requirement of the agreements concluded between Borzenkov M.I. and QB Capita LTD that the transfer of account management rights can be carried out only on the basis of a trust management agreement. QBIF LLC had no legal grounds to conclude agreements with Borzenkov M.I., the subject of which is the execution of purchase and sale transactions of securities, derivatives and other instruments within the framework of the trading account opened in accordance with the agreements concluded by Borzenkov M.I. with QB Capita CY LTD. Firstly, the company QB Capita CY LTD had the signs of an organisation actually not carrying out financial and economic activities, which was established by the Decision of the Ramenskiy City Court of the Moscow Region in case No. 2 - 5956/2017 of 11 December 2017. Secondly, QB Capita CY LTD had no legal grounds to engage in the type of activity related to the performance of transactions with securities, as this type of activity in accordance with the legislation of the Republic of Cyprus is subject to compulsory licensing, and QB Capita CY LTD did not have a statutory licence from the Cyprus Securities and Exchange Commission (CYSEC), as established by the Decision of the Court of 11 December 2017. Thirdly, QB Capita CY LTD was not actually located at its registered office, as established by the Court Decision of 11 December 2017. The address indicated in the agreements with Borzenkov M.I. did not coincide with the legal address of the company QB Capita LTD, which is registered in the public database of the Republic of Cyprus. Fourthly, according to the information about the company QB Capita CY LTD, which is contained in the public database of the Republic of Cyprus on 7 August 2018 in respect of the company in the Register there is a record: "Dissolution following Voluntary Liquidation" (dissolved, due to voluntary liquidation), about which no one officially notified Borzenkov M.I.. Fifth, contracts and agreements with M.I. Borzenkov were signed on behalf of QBIF LLC and QB Capita CY LTD by the same persons (K.S. Sobolev and M.S. Yudin) under powers of attorney. Sixthly, the signs of affiliation of IK QBlife LLC and QB Capita CY LTD, established by the Court Decision of 11 December 2017, were expressed, in particular, in the following. Both companies operate under the abbreviation (brand) "QB". On behalf of both companies (both QB IC QBIEF LLC and QB Capita CY4AE LTD), the contracts with the plaintiff were signed by the same person who, according to the data of the Unified State Register of Legal Entities, owns 6% in the authorised capital of QBUBI GROUP LLC, which is the sole participant (founder) of QB IC QBIEF LLC. In addition, according to the response to the judicial enquiry received from the Joint Stock Company "Regional Network Information Centre" both domain names qbfin.ru (the domain name of the Respondent QB IF LLC, which is reflected directly in the Agreements with the Complainant) and qbcap.com (domain name QB Capita CY LTD) are registered to the same individual, who according to the data of the Unified State Register of Legal Entities owns 88% in the authorised capital of QB GROUP LLC, being the sole participant (founder) of the Respondent QB IC QBF LLC. The conclusion of the forensic computer - technical expertise established that there are indications that electronic messages from the mail addresses @qbfin.ru and @qbcap.com were actually sent using the same infrastructure, mail servers and IP addresses. Seventh, QB IC QBfin LLC could not have been unaware of the stated violations of the law committed by QB Capita CY LTD due to the clearly expressed signs of affiliation of QB IC QBfin LLC and QB Capita CY LTD, as established by the Court Decision dated 11 December 2017. Eighth, the presented financial documents on the cash flow on the account of QB Capita CY LTD in Direktna Banka a.d.Kragujevac (Serbia) allow to assume that it was at the expense of the funds received by Borzenkov M.I. on this account during a certain period that QB Capita CY LTD made its payments. In addition to the above, the study was based on the documents and information provided at the time of preparation of the Conclusion (10 - 25 February 2021). At that time certain circumstances required additional clarification, which was indicated by the specialist in the text of the Conclusion. In the expert's opinion, for the legal assessment of the factual situation of the relationship between M.I. Borzenkov, QBF LLC and the Cypriot company QB Capita CY LTD, the materials of the case No. 2 - 5956/2017, which is similar in factual composition and in which the Ramenskiy City Court of the Moscow Region issued a decision on 11 December 2017, are of interest;

- E.A. Maleeva's Testimony given to her as a witness,

according to which, around September 2020, one of her acquaintances advised her to get a job at the "QBF" group of companies. The acquaintance told about the available vacancy and she was interested in it, after which she came for an interview to the office of the group of companies "QBF", located at the address: St. Petersburg, Degtyarny per. 11, lit. B. The interview was conducted by the head of the personnel department of the group of companies "QBF" Munasyпова Dina Radikovna, who told her (Maleeva E.A.) about the principles of work, as well as about the duties. She (Maleeva E.A.) agreed to be employed in the group of companies "QBF" as a financial advisor. Her duties included: cold calling citizens in order to attract them as clients of the group of companies "QBF" and consultations at face - to - face meetings. The database for the calls was provided by the "QBF" group of companies and was installed on her work computer. Maleeva) was on holiday, and at the end of May she went on maternity leave without going to work. She learnt from her colleagues that the office of the QBF Group of Companies had been searched by police officers. Around June - July 2021, she received a call from Munasyпова D.R. and offered to resign at her own request, but she (Maleeva E.A.) refused because she was on maternity leave, which was to be paid by QBF Estate SPb LLC. Around October 2021, she realised that the QBF Group office had stopped working as she was no longer paid for her maternity leave. During the course of her employment with the QBF Group of Companies, she saw citizens - clients of the QBF Group of Companies - coming to the office located at 11 Degtyarny Lane, Lit. - A.V. Spiridonov's Testimony as a witness,

according to which, around 2014, he met Vladimir Sergeevich Pakhomov while working in a taxi. He came to call Pakhomov V.S. several times and Pakhomov V.S. liked the way he (Spiridonov V.S.) drove the car, in connection with which he (Pakhomov V.S.) periodically used his (Spiridonov V.S.) services. In August 2018, Pakhomov V.S. offered him (Spiridonov V.S.) employment with the QBF organisation owned by him (Pakhomov V.S.) as a driver. In September 2018, he was employed as a receptionist in a remote job in the administrative department, and actually performed the functions of a driver. His (Spiridonov V.S.) duties included: transporting Pakhomov V.S. and other employees, as well as routine errands to purchase necessary things for the office (various office supplies, foodstuffs). At that time the office of the company was located at the address: 11 Degtyarny per., Lit. B. While in the office he (V.S. Spiridonov) never went further than the reception, he was met by administrators and was given instructions. He waited for instructions near the reception desk on a chair. While performing his duties, he drove a BMW 530 car, registration mark B888BBV (Moscow region), which was leased to the organisation. The head of the St. Petersburg office of the "QBF" group of companies, located at 11 Degtyarny Lane, Lit. - Deeva E.I.'s Testimony given to her as a witness,

according to which her CV for job search was posted on the Internet on the website "hh.ru". In April 2021, she received a call and was offered an interview at the company "QBF", located at the following address: St. Petersburg, Degtyarny pereulok, d., 11 lit. 11 litre B. The first stage of the interview was conducted via ZOOM video link with Irina Ayatova, a marketing director from Moscow, and the latter sent her (E.I. Deeva) a test task at the end of the interview. She (E.I. Deeva) successfully completed it and afterwards also passed the second stage of the interview with Dina, HR Director of the St. Petersburg office. The third stage of the interview also took place in April 2021 in the St. Petersburg office, and the interview was conducted by Vladimir Pakhomov. She was hired for the position of "Public Relations Manager" at QBF. Her employment contract was concluded on behalf of LLC KF Estate SPB. In response to her (E.I. Deeva) question about her employment with this particular organisation, Dina replied that LLC KF Estate SPB was one of the legal entities of the QBF group of companies. QBF's office occupied a whole floor in the Nevskaya Ratusha business centre and employed at least 50 people. Its direct supervisor was Irina Ayatova, who was based in Moscow. She (E.I. Deeva) saw Ayatova once in St. Petersburg and a second time in Kazan, where a hybrid investment forum with QBF was held on 28 May 2021. Ayatova in the general chat of the marketing team of various regions of Russia via messenger gave instructions, orders for work. She (E.I. Deeva) and other marketing employees reported on their fulfilment in the chat room or by email. Her (E.I. Deeva) workplace was located in an "open space" - an open workspace. There were also workplaces of the secretary, marketing manager, line employees - financial advisors. She does not know the names of the financial advisors, as she worked in the company for a short period of time, from April to 01 June 2021. The workplaces of the managers were located in one place behind a glass partition and usually there were three managers there: Alexey Golubev (Director of the branch of QBF in St. Petersburg), Vladimir Pakhomov (one of the shareholders, representative of the Board of Directors), the head of the financial advisors - Gevorgyan Gevorg Shekspirovich. All three executives were in their places constantly and on a daily basis. She (E.I. Deeva) was in the messenger Telegram in the group of LLC "Investment Company QBF" for work with the media, where 5 people were included: she (performed the function of PR - manager, was responsible for the organisation of work with the media of St. Petersburg and all other regions of the Russian Federation. St. Petersburg and all other regions of the Russian Federation, including Tyumen, Murmansk, Ufa, Kazan, Kaliningrad), Vadim Skosyrev (PR - director of QBIF Ltd.), Ksenia Ulanova (PR - manager) and Inna (also PR - manager). Mila, the group's copywriter, sent media requests to the group and they sorted them out for execution. Her (Deeva E.I.) task was to promptly see the request, contact the speaker (a person who is competent in this or that issue or on a given topic) in the region or in St. Petersburg, request comments from him and send the comment to this chat. Since her job involved working online, working with speakers, she (E.I. Deeva) did not actually communicate with other office staff, except for financial analysts Ksenia Lapshina, Ekaterina and Alexei. She was aware that LLC IC QBF worked in the investment direction, attracted clients' funds for trust management, and also worked in the direction of forming an investment portfolio. Financial advisors were constantly in the mode of telephone conversations. When clients visited the company's office, the financial advisors went to work with them in the meeting rooms. She does not know what the office managers

were doing. They were at their workplaces at all times. At the end of May 2021, the company's office was searched by police officers. The next day, the office staff was gathered in the meeting room, where Alexei Golubev explained the following to those gathered: "A search is not such a rare event in the life of financial organisations, it is a standard measure of employees to maintain economic security, and the articles in the media about fraudulent actions of QBF in relation to clients are commissioned". She (E.I. Deeva) was very concerned about the events that happened, as she did not want to work in an organisation associated with problems in law enforcement agencies. In addition, she worked closely with the media and had little faith that the articles about fraud by QBF were commissioned, as the media provided many facts, names and figures. She also learnt that the company was being evicted from the office in June 2021 for rent arrears. This also alerted her. For this reason, she wrote an application to the director for leave of absence at the beginning of June 2021. At the end of the leave, the company office was no longer at its location. In August 2021, she wrote a resignation letter and was dismissed from KF Estate Spb in the same month;

- The testimony of Sysoeva V.M., given to her as a witness,

according to which, in approximately 2020, Oleg Timokhin, who had previously known her, offered her a job at QBF. She was interviewed by a "hr" specialist Anastasia, whose surname she does not remember. After passing the interview in February 2020, she (V.M. Sysoeva) became an employee of LLC IC QBF as a specialist of the BEC office with a salary of approximately 50,000 - 70,000 rubles. She received her salary in two instalments, namely the main part in the amount of approximately 20,000 - 30,000 roubles, as stipulated in the employment contract, she received on her bank card with the designation "salary crediting". The second part of her salary, which was not provided for in the employment contract, was received in cash in an envelope. The second part of her salary could be given to her by Timokhin Oleg, as well as other employees of the company, who she does not remember. Her (V.M. Sysoeva) direct supervisor was Oleg Timokhin, who in turn was subordinate to Stanislav Matyukhin. Timokhin Oleg was the head of the BEK office. In turn, QBF LLC was part of the QBF group of companies, but she does not know exactly how many companies and which companies were part of the QBF group of companies. The office of LLC IC QBF was located at 8 Presnenskaya Naberezhnaya Naberezhnaya Street, Moscow, Moscow City business centre, Capital City building. The principal activity of OOO IC QBF was attracting clients for brokerage services and trust management of funds invested by clients. The head of LLC IC QBF was Stanislav Matyukhin. The principal manager of QBF Group was Roman Shpakov, and his partners were Zelimkhan Munaev and Vladimir Pakhomov, but she does not know any of them personally. As a specialist in the Back Office, her duties included entering information about clients and their account status into the Fancy programme from client contracts and bank statements of QBF LLC on accounts opened with various banks. Information about client contracts and information from them was sent to her by employees of the Middle Office of QBIF Ltd. The Fancy programme reflected information on clients, their financial portfolio, assets, account balances and other information relating to the subject matter of the contract concluded between the client and QBF LLC. Her (Sysoeva V.M.) task was to analyse the statements on settlement accounts for the receipt and debiting of funds of the company's clients on the settlement accounts of IC QBF LLC and to enter this information into the Fancy programme. In addition, she made "withdrawals" of clients' funds, namely transfers from the settlement account of QBF LLC to the client's personal account, if the client wished to withdraw his funds. Information on the amount of money transfer to the client was reflected in the Fancy programme. Each employee individually logged in to the Fancy programme with a personal login and password. Viewing and downloading of bank statements, as well as operations on transfer of funds to the client on the settlement account of the company IC QBF LLC were performed by means of using the bank - client key, which she did not have physically, probably, because the said key was a virtual one, however, she does not know to whom exactly this electronic key belonged. During her employment with QBIF Ltd, her colleagues were Anastasia Koval, Miroslav Radišić, Hasanov Hasan, Mikhail Polnikov,

Daniil Hoves, Vyacheslav Korneev and other people whose names she does not remember. The chief lawyer of QBF Group was Evgeniya Rossieva and the chief accountant was Ekaterina Gramza. In April 2021, she resigned from QBF LLC due to the fact that since January 2021, her workload increased, she had to constantly stay at work after the end of the working day, there was practically no automation of the system and it was necessary to enter information about clients and various operations manually, and salary delays began;

- A. V. Tumilovich's Testimony given to her as a witness,

according to which, she had an advert placed on the website "hh.ru" for an accountant vacancy. Around November 2019, she received a call from representatives of QBF and was invited to an interview at the office located at 8 Presnenskaya Naberezhnaya Naberezhnaya Street, Moscow (she does not remember the number of the office) in the Capital City building of the Moscow City business centre. The latter in turn received these funds from Bogdanova Kristina. Bogdanova Kristina worked in the same office with Savvidi Marina Konstantinovna. She (A.V. Tumilovich) signed the official part of the salary, which is stipulated by the labour contract, in the salary slip, and for the second, additional part, she did not sign anywhere, as no slips were provided. She was not interested in the format of payment of her salary and the source of replenishment of this item of expenditure, as when she was hired for this job, they discussed the final amount of salary in the amount of 70,000 - 100,000 roubles. Her direct supervisor was I. N. Shpakova, from whom she (A. V. Tumilovich) received instructions on her work and reported on its results. To whom I.N. Shpakova was actually subordinate in her work, She (A.V. Tumilovich) worked in the same office with Ekaterina Gramza, but sometimes Shpakova I.N. worked in the same office with them. N. The main activity of LLC KP Queue - 2, LLC KP Queue - 3 and LLC KP Queue - 4 was construction of apartment buildings in Severodvinsk, Arkhangelsk region. In addition, the QBF group of companies included Simon Jesso LLC, which was building the Gribovsky Les residential complex in Odintsovsky district. Several times she (A.V. Tumilovich) had to travel together with R.V. Shpakov to the construction site of the residential complex "Gribovsky les" to monitor the construction process and meet with contractors. She (A.V. Tumilovich) had to travel with R.V. Shpakov to the construction site of the residential complex "Gribovsky les" in his car "Range Rover", the car was driven by R.V. Shpakov. Her (A.V. Tumilovich) duties as the chief accountant of construction companies included: checking and accounting of certificates of completed works, reconciliation certificates, writing off materials according to estimates. Only Gramza Ekaterina and Shpakova I.N. had access to the current account in these organisations. Sometimes she (Tumilovich A.V.) had to replace Gramza E. in her activities at the time of absence from the office, due to her departure, but the confirmation of payments and transactions was approved directly by Gramza Ekaterina or Shpakova I.N.N. Around December 2020, law enforcement officers conducted investigative actions in the offices of QBF Group of Companies, during which she (A.V. Tumilovich) was not present. After the investigative actions, she (A.V. Tumilovich) started looking for work in other companies, as she saw no point in continuing her career in QBF Group. - A.S. Voitenko's Testimony given to her as a witness,

according to which she had an advert placed on the website "hh.ru" for vacancies. In approximately February 2021, she received a call from representatives of QBF and was invited to an interview at the office located at 8 Presnenskaya Naberezhnaya Naberezhnaya Street, Moscow (she does not remember the office number), Capital City building of the Moscow City business centre. The interview took place in two stages. The first stage of the interview was conducted by Anastasia, a "hr" specialist. The second stage of the interview was conducted by Timokhin Oleg. After the interview, in approximately February 2021, she became an employee of QBroker LLC at 0.5 rate as a specialist in accounting of

client operations with a salary of approximately 60,000 - 70,000 rubles. She (A.S. Voytenko) received her salary on her bank card opened in Sberbank, with the purpose of payment "salary crediting". Her direct supervisor was Yuri Orlov, General Director of QBroker LLC. In addition, she had to combine her work in QBroker LLC with her work in QBF LLC, where her direct supervisor was Timokhin Oleg, who in turn was subordinate to Koval Anastasia, and the latter was subordinate to Matyukhin Stanislav. She (A.S. Voytenko) worked in the BEK office of the company, the head of which was Timokhin Oleg. LLC IC QBF and LLC QBroker were part of the QBF group of companies, but she does not know the total number of organisations that were part of this group of companies. In the course of their activities, QBIF LLC and QBroker LLC interacted with each other, namely, money transfers were made between the accounts of these organisations, including for the participation of the company's clients in the financial product "ipo". The main activity of QBF group of companies was attracting clients for sale of investment products and trust management of money invested by clients. The Head of QBF Group of Companies was Roman Valeryevich Shpakov. The office of LLC IC QBF was located at the following address: 8 Presnenskaya Naberezhnaya Naberezhnaya, Moscow, Moscow City business centre, Capital City building, 11th floor. The principal activity of OOO IC QBF was operational servicing of clients on brokerage services and trust management of funds invested by clients. The head of LLC IC QBF was Stanislav Matyukhin. QBroker LLC was located on the 9th floor and later on the 5th floor of the said building. The general director of QBroker LLC, Yuri Orlov, was also located there. She (A.S. Voytenko) regularly had to move between the floors, combining her work in QBF IK LLC and QBroker LLC. As a specialist in accounting of client operations, her duties included forming counter payment orders for the transfer of funds received from the company's clients from the settlement accounts of OOO IC QBF to the settlement accounts of OOO QBroker, or from the settlement accounts of OOO QBroker to the settlement accounts of OOO IC QBF. She took information on the required transfer amount from the Fancy programme, which contained information on the company's clients, their assets and personal accounts, and financial portfolios. The Fancy programme was accessed by other employees of the company, whose names she does not remember. These employees uploaded all the information from the programme to her in Excel format, which she subsequently worked with. She (A.S. Voytenko) does not remember what information, apart from the amount of the transfer, she entered into the payment order. Around May 2021, law enforcement officers conducted investigative actions in the offices of the QBF group of companies. After the investigative actions, Roman Shpakov made a statement remotely via video link, explaining that the investigative actions in the company would not affect the company's activities in any way and the company's work would continue as before, all employees would receive their promised salaries. In addition, R. Shpakov explained in his speech that none of the employees should take photos and video recordings of this speech. At the time of his speech via videoconference, as she knows, R. Shpakov had already been in the United Arab Emirates for a long time. In May 2021, she resigned from the QBF Group of Companies;

- The testimony of Meshalkina Y.A., given to her as a witness,

according to which she had an advert on the website "hh.ru" for vacancies. Around the beginning of 2020, she received a call from representatives of QBF and was invited for an interview at the office located at 8 Presnenskaya Naberezhnaya Naberez, Moscow, in the Capital City building of the Moscow City business centre. The interview took place in two stages. The first stage was conducted by Fomenko Yulia, a hr specialist, and the second stage was conducted by Timokhin Oleg. After the interview, around the beginning of 2020, she became an employee of QBF LLC as a specialist in providing support for professional activities on the securities market with a salary of approximately RUB 80,000. She received her salary in two instalments. The first part, approximately 40,000 roubles, was paid to her bank card with the payment designation "salary crediting". The second part of her salary, in the amount of approximately 40,000 roubles, was received in cash in an envelope, mainly from Timokhin Oleg. She did not sign for

the receipt of wages in the envelope in the statements. Her (Meshalkina Yu.A.) direct supervisor was Timokhin Oleg, who in turn reported to Matyukhin Stanislav. Timokhin Oleg was the head of the BEC office where (Meshalkina Y.A.) worked. LLC IC QBF was part of the QBF group of companies, but she does not know exactly how many organisations were part of this group of companies. The main activity of the QBF group of companies was attracting clients for the sale of investment products and trust management of money invested by clients. The head of the QBF group of companies was Roman Valeryevich Shpakov. The office of LLC IC QBF was located at the following address: 8 Presnenskaya Naberezhnaya Naberezhnaya, Moscow, Moscow City business centre, Capital City building, 11th floor. The principal activity of OOO IC QBF was attracting clients for brokerage services and trust management of funds invested by clients. The head of LLC IC QBF was Stanislav Matyukhin. Her duties, as a specialist in providing support for professional activities on the securities market, included mainly entering information into the Fancy programme on the company's clients, their assets and personal accounts, and financial portfolios. She took this information from other programmes of QBF, which contained this information. Each employee logged in to the Fancy programme with a personal login and password individually. At the beginning of her employment with the QBF group of companies, she did not suspect that the company's management could carry out fraudulent actions with clients' funds, as the company had a number of licences from the Central Bank of the Russian Federation to carry out professional activities in the financial sphere. She had doubts about the legality of the actions of the above - mentioned management of QBF Group when she was informed during the signing of the employment contract that she would receive part of her salary in an envelope, the so - called "grey salary", as well as after she tried to understand the whole process of providing financial products to the company's clients. During her own analysis of the company's actions, she had doubts about the fact that financial products were to be sold to clients by QBIF LLC, but for some reason QBroker LLC acted as an intermediary. She and other employees collected and compiled information on each of the company's clients, but upper management was interested in the total amount of money invested by the clients, not the number of financial products and portfolios sold. In addition, there was no information ("bounce back") that the option was eventually concluded from the higher management, most likely R.V. Shpakov. On the basis of her own observations, she concluded that the company's management may have collected money from clients under the guise of financial products, but did not spend it for its intended purpose. All of the above information is purely speculative and based on her own observation. After about 2 months of work in the company LLC IC QBF, namely on 26 March 2021, she decided to resign from this company, as she was not satisfied with the work regime, had to work overtime, and overtime was not paid, as well as due to circumstances related to the "grey salary" and her doubts about the legality of the actions of the management of QBF in the implementation of the main activities of the company. At the time when she was communicating with the employees of the "hr" department about her dismissal, they offered her to transfer to work in "QBF Asset Management" LLC. She (Meshalkina Yu.A.) agreed to the proposal, after which she was interviewed in two stages. The first stage of the interview was conducted by Smirnova Yaroslava, General Director of QBG Asset Management LLC, and the second stage of the interview was conducted by Irina Gavrilova, Head of the BEC Office. After the interview, namely on 29 March 2021, she was transferred to the position of a BEC Office Specialist at QBG Asset Management LLC. Her duties in this position included: compiling reports for the Central Bank, entering accounting data into the Fancy programme. In approximately May 2021, law enforcement officers conducted investigative actions at the offices of QBF Group. Following the investigative actions, Roman Shpakov spoke remotely via video link and explained that those employees who would decide to quit after the searches had been conducted from the company were weak people and no one would keep them. She was not present at this speech, but was informed of the essence of the speech by colleagues who were present. At that time, as she knows, R.V. Shpakov had already been in the United Arab Emirates for a long time. She resigned from QBF Group on 07 June 2021;

- The testimony of Korneev V.S., given by him as a witness,

according to which, during the period of study and after receiving education, he worked at LLC MC "Granat", which was later renamed to LLC MC "Moi Finansy". He worked at MC from approximately 2015 - 2016 to August 2020, starting as a courier and later as an economist. Around 2020, the MC changed members who may have acted for QBF, which was a large financial services company. After the change in the composition of the participants, I.V. Rybalka, director of the MC, offered him (V.S. Korneev) to transfer to the company LLC IC QBF to the position of a specialist of the BEC office. He agreed with the proposal and went to work in the said company. His direct supervisor and the head of the BEC office was Oleg Timokhin. Stanislav Matyukhin was the General Director of QBIF LLC. His (Korneev V.S.) salary was approximately 50,000 roubles, which over time, with career growth, totalled approximately 70,000 roubles. He received his salary on his bank card with the purpose of payment "salary crediting". He did not know whether QBF LLC was part of the QBF group of companies, but he thought that QBF LLC was the QBF group of companies. The office of LLC IC QBF was located at 8 Presnenskaya Naberezhnaya Naberezhnaya Street, Moscow, Moscow City business centre, Capital City building, 11th floor. The principal activity of OOO IC QBF was attracting clients for brokerage services and trust management of money invested by clients. In addition, he knows that the main head of the QBF group of companies was Roman Shpakov. His (Korneev V.S.) duties, as a specialist of the Back Office, included entering information into the Fancy Spectr programme from bank statements of IC QBF LLC on accounts opened with NSD, Alfa - Bank and Sberbank. The Fancy Spectr programme reflected information on clients, their financial portfolio, asset holdings, account balances and other information related to the subject matter of the contract concluded between the client and QBIF LLC. His task was to analyse current account statements with regard to the receipt of funds from the company's clients to the company's current accounts and to enter this information into the Fancy Spectr programme, so that the company's employees who worked with the clients (employees of the middle office of QB&EF LLC) could see up - to - date information on the deposited and debited funds of each client, since the employees of the middle office may not have had access to the company's current accounts. Each employee logged in to the "Fancy Spectr" programme with a personal login and password individually. Viewing and downloading of bank statements on the settlement account of the company QBF LLC was done by using the bank - client key, which he (Korneev V.S.) did not have physically. He does not know to whom exactly this key belonged, he did not receive this key in the bank and did not sign for it. Besides, his functions included the formation of payment orders when withdrawing clients' funds. He used the bank - client key to generate payment orders, but the final confirmation of the transaction on the company's current account took place after an additional check by a superior, probably Timokhin Oleg. QBIF LLC had several settlement accounts opened with NSD, Alfa - Bank, and Sberbank, namely ruble and foreign currency accounts for trust management and ruble and foreign currency accounts for brokerage services. He had access to all of these accounts of the company and a bank - client key, as it was his job duty to check settlement accounts and generate payment orders for transactions on these accounts. In December 2020 and later in May 2021, law enforcement officers conducted investigative actions at the offices of QBIF Ltd and QBIF Group, and the company's professional licences were revoked shortly afterwards, while the company still had obligations to its clients. After the investigation by law enforcement officials at QBF, many of QBF's clients began requesting refunds of their investments, but these clients had difficulties in getting their money back. In addition, at that time he learnt that many of the company's clients were elderly people and were clients of the Bank Vostochny project, these clients were deceived because they were promised to open a deposit for the money they had invested, but in fact their money was used to buy options and for this reason these clients could not receive their (clients') invested money on demand. He does not know who exactly managed the project of "Bank Vostochny" company. In addition, around November - December 2021, a general meeting was held in the office of QBIF LLC, where lawyer Ekaterina Silaeva was present, who informed that in case QBIF employees were summoned to law enforcement agencies, they should contact her in order to have her represent their interests. He did not keep this business card and did not consider it necessary to seek the services of this lawyer, as he had nothing to hide;

- M.I. Polnikov's testimony, given by him as a witness,

according to which, in the period from 2018 to 2020, he worked in various financial companies, mainly related to the special depository and mutual funds. He obtained an FDIC 6.0 certification allowing him to work with mutual funds, with Pension Funds, with insurance companies and others. In approximately the second half of 2020, following his job advertisement on hh.ru, he received a call from representatives of QBF and was invited for an interview at the office located at 8 Presnenskaya Naberezhnaya Naberez, Moscow, in the Capital City building of the Moscow City business centre. The interview was conducted in two stages. The first stage of the interview was conducted by hr - specialist Anastasia, and the second stage of the interview was conducted by Timokhin Oleg. Based on the results of the interview, in approximately the second half of 2020, he (Polnikov M.I.) became an employee of QBF LLC as a specialist in transaction support with a salary of approximately RUB 80,000 - 90,000. His direct supervisor was Oleg Timokhin, who in turn reported to Stanislav Matyukhin. He (M.I. Polnikov) worked in the company's BEK office, and Timokhin Oleg was the head of the BEK office. He (Polnikov M.I.) does not know reliably whether IC QBF LLC was part of the QBF group of companies. The office of LLC IC QBF was located at the following address: 8 Presnenskaya Naberezhnaya Naberezhnaya, Moscow, Moscow City business centre, Capital City building, 11th floor. The principal activity of OOO IC QBF was attracting clients for brokerage services and trust management of funds invested by clients. The head of LLC IC QBF was Stanislav Matyukhin. He (Polnikov M.I.) was responsible for entering data into the Fancy Spectr programme from the bank statements of QBF LLC for accounts opened with NSD Bank. The Fancy Spectr programme included information on clients, their financial portfolio, asset holdings, account balances and other information related to the subject matter of the contract between the client and QBF LLC. His task was to analyse current account statements with regard to the receipt of funds from the company's clients to the company's current accounts and to enter this information into the Fancy Spectr programme so that the company's employees who worked with the clients (employees of the middle office of QB&EF LLC) could see up - to - date information on the deposited and debited funds of each client. Each employee individually logged in to the Fancy Spectr programme with a personal login and password. Viewing and downloading of bank statements for the current account of QBIF Ltd. was performed by using the bank - client key, which he did not have, probably because the said key was a virtual one. He did not receive this key from the bank and did not sign for it. In addition, his functions included forming payment orders when withdrawing clients' funds. He used the bank - client key to generate payment orders, but the final confirmation of the transaction on the company's current account was made after an additional check by a superior manager, by whom exactly, he does not know. QBIF LLC had several settlement accounts opened with NSD, namely a ruble and foreign currency account for trust management and a ruble and foreign currency account for brokerage services. He had access to all the above accounts of the company and a bank - client key, as it was part of his job duties to verify the current accounts and generate payment orders for transactions on these accounts. In December 2020, and later in May 2021, law enforcement officers conducted investigative actions in the offices of QBIF LLC and QBIF Group, and information appeared in publicly available sources of information that QBIF LLC may soon have its licence to carry out professional financial activities revoked, in connection with which he decided to resign from the company;

- Testimony of Nevskaya Zh. V., given to her as a witness,

according to which she posted her CV on the website "hh.ru" to find a vacancy for herself. Around April 2021, she received a call from representatives of the QBF group of companies inviting her to an interview. The interview was conducted by a "hr" specialist and Stanislav Matyukhin, who is the General Director of QBF LLC. The interview took place at the following address: 8 Presnenskaya Naberezhnaya Naberezhnaya Street, Moscow, office number she does not remember, the Capital City building of the Moscow City business centre, and in April 2021 she was hired as an accountant at LLC IC QBF. At the time of her employment at LLC IC QBF, the company had only one accountant, Fillina Daria, and no chief accountant. Her (Nevskaya Zh.V.) duties as an accountant included: generation of information in

the 1C programme by transferring existing information from the FANCY programme. In the FANCY programme the depository specialists working in QBIF LLC entered information on clients, financial portfolio purchased by them (clients), information on clients' personal accounts, information on assets sold and purchased by clients for the past period, mainly the previous day. The FANCY programme was accessed by several employees, but she does not know who. The FANCY programme was accessed with a specific login and password, but whether this password was individual for each person or one for all, she does not know. At the time of her employment at QBF LLC, all information and passwords were provided to her by Daria Fillina. Payroll and work with the company's clients were not part of her functions and she (Nevskaya J.V.) did not work with them. In addition, during the period of her activity in the company, she had nothing to do with the clients' funds, the sales department in general and the depository of QBF. Her direct supervisor was Stanislav Matyukhin, but she received some instructions from Daria Fillina, as D. Fillina was a more experienced accountant than she (J.V. Nevskaya) and could fulfil the functions of the chief accountant during the latter's absence. S. Matyukhin's supervisor was Roman Shpakov, who was the head of the entire QBF group of companies. Matyukhin Stanislav was assisted by Jennifer Strax, who was given documents to sign and had them signed by her (Strax D.). She (Nevskaya J.V.) received her salary by transferring money to her bank card in the amount of approximately 20,000 - 30,000 roubles per month, but when she was employed Matyukhin told her that her salary would consist of two parts, namely the official part, which would be transferred to her bank card in the amount of approximately 20,000 - 30,000 roubles, and the unofficial part, which would be given to her at work in an envelope in the amount of approximately 20,000 - 30,000 roubles. However, she was never paid the unofficial part of her salary. LLC IC QBF was part of the QBF group of companies, but she does not know how many organisations were part of this group of companies. The office of QBF IK LLC was located at the following address: 8 Presnenskaya Naberezhnaya Naberezhnaya, Moscow, Moscow City business centre, Capital City building, 11th floor. The main activity of QBF Group was attracting clients for the sale of investment products and trust management of money invested by clients. She worked at K - Investment LLC until approximately June 2021, and resigned at her own request because the company she worked for began to "fall apart" in May 2021;

- Strax D.I.'s Testimony given to her as a witness,

according to which, she placed her CV on the website "hh.ru" to search for an interesting and prestigious vacancy. In September 2019, she received a call from representatives of QBF Group and was invited to an interview, which took place in several stages. The interview with her was conducted by "hr" - specialists Zaripova Anastasia, as well as Baranova Olga, who is the head of the reception. The interview took place at the address: 8 Presnenskaya Naberezhnaya Naberezhnaya Street, Moscow, she does not remember the number of the office in the Capital City building of the Moscow City business centre. In September 2019, she was employed at LLC "701" as a receptionist, and later transferred to LLC "702" to a similar position and with similar duties and team, in fact, only the legal entity was changed. Her duties included: telephone calls, meeting guests, fulfilment of personal orders from managers, the orders were of a mundane nature. Her supervisor was Baranova Olga, who gave her instructions on her work. Her (Strax D.I.) salary was approximately 50,000 - 55,000 roubles, which she received in cash from Bogdanova Kristina, an employee of QBF. In approximately June 2020, she (Strax D.I.) was transferred to the position of assistant to the head of QBF LLC, but she was still employed at 702 LLC, in the same position of receptionist. Her supervisor was Stanislav Matyukhin. Her duties as assistant manager included general administrative functions in the company LLC IC QBF, organisation of meetings and other assistance to the employees and manager of the organisation, including, inter alia, drawing up various schedules as instructed by Matyukhin, drawing up tables and keeping records as instructed by Matyukhin, sending and receiving correspondence, fulfilling requests of a domestic nature. She received work instructions from Mr Matyukhin S. and reported to him on the results. She did not work as an assistant manager with the finances and clients of QBF Company and QBF IK LLC, and she was not informed about the essence of these activities. In turn, Matyukhin S. reported to Roman Shpakov. She (D.I. Shtrax) was paid approximately 80,000 roubles

per month, which she also received in cash from Bogdanova Kristina. Bogdanova Kristina also issued salaries to all employees of LLC IC QBF. When receiving wages from Bogdanova K., she (Shtrax D.I.) signed in some kind of statement provided to her by Kristina. LLC "701", LLC "702", LLC IC "QBF" were part of the group of companies "QBF", but she does not know what total number of organisations were part of the group of companies. The offices of LLC 701 and LLC 702 were located at the following address: 8 Presnenskaya Naberezhnaya Naberezhnaya, Moscow, Moscow City business centre, Capital City building, 9th floor, and the office of LLC IC QBF was located at the same address, but on the 11th floor. The main activity of QBF Group of Companies was attracting clients for sale of investment products and trust management of money invested by clients. The head of QBF Group was Roman Valeryevich Shpakov. Shpakov R.'s business partner was Zelimkhan Munayev. Also, one of the managers of the group of companies was Pakhomov Vladimir. During her (D.I. Strax) employment with QBF, she had little or no contact with senior management, as R. Shpakov did not show much interest in communicating with the company's rank and file. Shpakov could often and confidentially communicate with Zelimkhan Munayev, Vladimir Pakhomov, as well as with Bogdanova Christina, Linda Athanasiadou, Rossieva Evgenia (the chief lawyer of QBF), and his assistant Kuranina Lyubov. In addition, Roman Shpakov's mother, Irina Nikolayevna Shpakova, was often present at the QBF office. Shpakova I.N. spent a lot of time in the accounting department of the company and was very worried about the company's activities, was constantly interested in many issues of the company. She (D.I. Strax) began to have doubts about the legality of the actions of the above-mentioned management of the QBF Group of Companies after law enforcement officers conducted investigative actions in the offices of the QBF Group of Companies in December 2020. After this event, Shpakov R. spoke remotely via video link and explained that there was no cause for concern and that the investigative actions taking place in the company's office were the work of competitors who were trying to paralyse the activities of the QBF Group of Companies. Eventually, after the next investigative actions in the offices of QBF Group in May 2021, she decided to resign from the company, but Matyukhin S. persuaded her to stay and work. She worked for the company until June 2021, after which she resigned at her own request because the organisation was "falling apart" and there were delays in her salary;

- Testimony of Y.A. Fomenko, given to her as a witness,

according to which, she placed an advert on the website "hh.ru" on the search for vacancies. Around September 2019, she received a call from representatives of the QBF group of companies and was invited for an interview at the office located at the following address: Moscow, Presnenskaya Naberezhnaya, Capital City building of the Moscow City business centre. She was interviewed by Svetlana Beloded, who was the head of the recruitment department of QBF Group. Svetlana's supervisor was Valeria, Head of HR Department. After passing the interview, in 2019, she (Y.A. Fomenko) became an employee of LLC "F - Experts" in the position of "hr" - specialist with a salary of approximately 60,000 rubles, which she received in cash in an envelope. The salary was handed over to her by employees of the accounting department with whom she was not personally acquainted. When receiving her salary, she (Y.A. Fomenko) recalculated the amount and signed the statement provided to her, where her details were indicated. According to her labour contract, the amount of her salary was approximately the same as she actually received. In addition to this amount of salary, she could receive a bonus of approximately 5,000 roubles, which was paid when the "KPi" plan was fulfilled, i.e. under these conditions it was necessary to select and engage 2 employees per month. When the plan was fully implemented, she was paid an additional part of her salary in the form of a bonus. On employment she was initially put on probationary period which was three months. Her duties as a "hr" - specialist included: searching for employees for QBF, initial conversation with the candidate, determining the expected direction of his further work in the company, taking into account the candidate's desire and skills, as well as personal qualities. Mostly employees were required in QBF company in the sales department for the positions of financial advisors and sometimes at the reception desk for the positions of secretaries. F - Experts LLC was part of the QBF group of companies, but she does not know the total number of organisations that were part of this group. The office of F - Experts LLC was located at 8

Presnenskaya Naberezhnaya Naberezhnaya Street, Moscow, Moscow City business centre, Capital City building. The main activity of QBF Group was to attract clients for the sale of investment products and trust management of the money invested by clients. Roman Valeryevich Shpakov was the head of QBF Group and the main shareholder of the company, and one of the main managers of QBF was Zelimkhan Munayev. In addition, she had heard of Vladimir Pakhomov, an employee of the St. Petersburg branch of QBF, but did not know him personally. Her fellow "hr" specialists were: Zaripova Anastasia, Maria, Ekaterina. After investigative actions by law enforcement officers in the office of QBF in December 2020, the company managers explained that the reason for the appearance of employees in the office of the company is a routine check, which many financial companies are subjected to, and there is no cause for concern. She began to have doubts about the need for further employment with QBF after law enforcement officers conducted another investigation at the QBF office in May 2021 and wage delays began. She worked at F - Experts LLC until 03 June 2021, after which she resigned from F - Experts LLC at her own request;

- I. O. Abramova's Testimony given to her as a witness,

according to which, after graduating from university, she searched for a vacancy for a marketing specialist interesting for herself on various resources. In January 2019, she found in social networks a vacancy of a marketing specialist in QBF company that interested her. She (Abramova I.O.) contacted the initiator of the advertisement and arranged a meeting in the office located at the address: Moscow, Presnenskaya Nab., office number she does not remember, the building "Capital City" of the business centre "Moscow City". The interview with her was conducted by "hr" - specialists in several stages. At the interview they discussed that she (I.O. Abramova) would be engaged in preparation of events for clients and employees, development of various marketing materials - printed products for employees, notepads, pens, folders. On 16 January 2019, she became an employee of LLC "F - Experts" in the position of "marketing and communications manager" with a salary of approximately 30,000 rubles according to the contract, but the employment contract itself did not specify the above position. Her salary was fixed and did not depend on her performance. In addition to the salary specified in the contract, other payments were made from time to time, but she does not remember the exact frequency and amount of these payments. The salary was brought by the receptionists twice a month. She did not know the receptionists personally and did not know their names. She also does not know who handed the money to the secretaries. The secretaries went around the office with bags and handed out envelopes with salaries to the employees. The money was mostly paid between the 10th and 15th and 20th and 25th of each month. Later on, the payment of salaries became irregular, and later the money started to come from other employees and line managers by card transfer. The fact that she worked for F - Experts and not QBF, despite the fact that all the company signs bore the abbreviation "QBF", did not bother her. There was no question in her mind that the company was different and not QBF as it is a common situation when there are multiple subsidiaries. Her workplace was directly in QBF's office in the Capital City building on the 9th floor. She was aware that QBF was a group of companies, but she did not know which companies might be part of the group. She received all tasks personally from Irina Ayatova, her (I.O. Abramova) direct supervisor, or from another department directly, for example from the HR department or from a neighbouring department. Irina Ayatova was a line manager. In total, she (I.O. Abramova) was involved in organising and running 2 events during her employment. These were an entertainment event in honour of the 23rd of February celebration, and one event in the company office related to some business part. Her (Abramova I.O.) function was to organise the event, promote it, inform about it. She did not develop materials for the event, she only performed the functions of a manager. She does not know for which clients the events were organised. She handed over the invitations that she prepared for the speakers - financial advisors of QBF, namely Murashev Alexei and Fedorov Maxim, as well as for other financial advisors, and they contacted the clients. The drafts of the presentations were given to her by the financial advisors themselves and these employees were the event organisers for her (I.O. Abramova), and her function was to make the design. She knows that Vladimir Pakhomov was a regional manager who was later transferred to St. Petersburg. There was also an employee of QBF,

Munaev Zelimkhan, but she does not know what his position was. She considers only Roman Shpakov to be a high-ranking manager of QBF. She resigned from QBF around the end of July 2021 at her own request, as her salary had stopped being paid since May 2021;

- The testimony of Tarakanovskaya M.V., given to her as a witness,

according to which, she placed her CV on the website "hh.ru" to look for a job and around September 2020 she received a call from representatives of the group of companies "QBF" and was invited for an interview. The interview was conducted by a "hr" - specialist and Yuri Orlov, who is the head of the "IT" department of QBF. The interview was held at the following address: 8 Presnenskaya Naberezhnaya Naberez, Moscow, Capital City building of the Moscow City business centre. In September 2020, she was hired as a junior information security specialist at F - Technologies LLC. Her duties included: drafting organisational and administrative documentation in the field of IS and IT for QBF and QBIF Asset Management LLC, as well as bringing the documentation into compliance with the requirement of the Central Bank of the Russian Federation Regulation No. 684 - p of 17.04.2019 "On Establishing Mandatory Requirements for Non - Credit Financial Organisations to Ensure Information Protection in Financial Market Activities to Prevent Illegal Financial Transactions". Support of the company's clients was not part of its functions, it did not work with clients. F - Technologies LLC, under an outsourcing agreement, provided services to QBF IK LLC and QBF Asset Management MC LLC, which in turn carried out the main activity in the QBF group of companies, selling the company's financial products and accumulating the company's clients' funds on their accounts. The head of QBIF LLC was Stanislav Matyukhin and the head of QBIF Asset Management LLC was Yaroslava Smirnova. Her (Tarakanovskaya M.V.) direct supervisor was Yuri Orlov, from whom she received instructions on her work and reported on the results of her work. Yuri Orlov reported on the results of his work and reported directly to the Chairman of the Board of Directors of QBF, and because F - Technologies LLC provided services for QBF IK LLC and QBF Asset Management LLC, Orlov could interact with Stanislav Matyukhin and Yaroslava Smirnova. In approximately March 2021, Yuri Orlov moved to another position, and instead of Y. Orlov, her supervisor was Nikolay Kosarev. Her salary was fixed at approximately 40,000 roubles per month. In addition to her work, she was still pursuing her master's degree and spent part of the day studying. She received her salary in cash from Yuri Orlov and signed a document when she received it, but she does not remember what document it was. The amount of wages under the contract was much less than the amount she actually received, as these conditions for receiving wages were agreed upon at the job interview. She was officially employed by OOO F - Technologies. LLC F - Technologies, LLC IC QBF and LLC MC QBF Asset Management were part of the QBF group of companies; she does not know the total number of organisations that were part of this group of companies. The office of F - Technologies LLC was located at the following address: 8 Presnenskaya Naberezhnaya Naberezhnaya, Moscow, Moscow City business centre, Capital City building. The main activity of QBF Group was to attract clients for the sale of investment products and trust management of the money invested by clients. The heads of the QBF group of companies were Roman Valeryevich Shpakov, Zelimkhan Munaev and Vladimir Pakhomov. She began to have doubts about the legality of QBF's actions after law enforcement officers conducted investigative actions in the QBF office in May 2021. She worked at F - Technology LLC until approximately July 2021, at which time she resigned from F - Technology LLC at her own request as delays in salary payments began. During her employment with QBF she had to communicate with various employees of the company, some she remembers, such as: Evgenia Rossieva, who was QBF's chief lawyer; Nikolai Padalko; Rinat Amerov; Olya Baranova; Ruslan Spinka, head of the sales department; Tural Godirli, head of the analytics department; Vladimir Maslennikov; Maxim Yudin, operations director; Gleb Trishin; Andrei Korzh, head of the sales department; Evgeny Mikhalevich, who was a security representative of QBF Group; Artem Tallerov; Rinat Amerov; Oleg Timokhin;

- The testimony of M.V. Bugaev, given by him as a witness,

according to which, in February - March 2019, according to his advertisement on the website "hh.ru" about the search for vacancies in the financial sector, representatives of the group of companies "QBF" called him and invited him to an interview in the office located at the following address: Moscow, Presnenskaya Naberezhnaya, building "Capital City" of the business centre "Moscow City". He was interviewed by Alexey Korolenko. After the interview, in February - March 2019, he (M.V. Bugaev) became an employee of QBIF LLC as an analyst with a salary of approximately RUB 70,000. The amount of his salary was fixed and did not depend on the results of his work. His salary was transferred to his bank card in two instalments. As he had the FSFM 1.0 certificate, he was transferred to the position of trust manager at QBF LLC in the autumn of 2020 and further, in February - March 2021, to the position of dealer at QBF LLC. However, despite holding these positions, he continued to perform the functions of an analyst, combining them with his duties as a dealer and trustee. His duties as an analyst included: analysing the Russian securities market, namely, gathering information on Russian companies whose securities are currently traded on the exchange, analysing the revenues of the companies represented on the market, and the prospects for the development of these companies. QBIF LLC was part of the QBIF group of companies, but he does not know the number of organisations that were part of this group of companies. The office of QBF was located at 8 Presnenskaya Naberezhnaya Naberezhnaya Street, Moscow, Moscow City business centre, Capital City building. The principal activity of QBF Group was attracting clients for the sale of investment products and trust management of funds invested by clients. QBF realised the following financial products: Trust management, Brokerage services, ipo (participation in the American market, as well as to some extent in the Russian market). Roman Valeryevich Shpakov was the head of QBF Group and the main shareholder of the company. While working in the company, he (M.V. Bugaev) heard about such persons as Munaev Zelimkhan and Pakhomov Vladimir, but he does not know who they were in the company. He (M.V. Bugaev) reported on the results of his work to Alexei Korolenko, who in turn reported to Stanislav Matyukhin. Stanislav Matyukhin was the General Director of QBIF LLC. LLC IC QBF had licences to carry out brokerage activities, dealer activities, depository activities and trust management. His (M.V. Bugaev) fellow analysts with whom he had the opportunity to work were Yulia, Pyotr, Nikita, Artur, he does not remember their surnames. At the end of 2020 and in May 2021, law enforcement officers carried out investigative actions in the office of QBF, but he does not know the reason for them. - A. S. Zaripova's Testimony

given to her as a witness, according to which, in 2016, she moved to Moscow and placed an advertisement on the website "hh.ru" to find vacancies. Around 2018, she received a call from representatives of the QBF group of companies and was invited for an interview at the office located at the following address: Moscow, Presnenskaya Naberezhnaya, Capital City building of the Moscow City business centre. She was interviewed by Svetlana, who was the head of the recruitment department of QBF Group. Following the interview, in 2018, she became an employee of F - Experts LLC as a recruitment specialist with a salary of approximately RUB 80,000. She received her salary in cash, in an envelope handed to her by the accounting department. When she received her salary, she recalculated the amount and signed the statement provided to her, where her surname, first name and patronymic were indicated. According

to her labour contract, the amount of her salary was less than the amount she actually received, as the difference in the amount of salary was a condition for fulfilling the "KPi" plan, i.e. she had to select and engage about 5 - 7 employees per month according to these conditions. On full fulfilment of the plan, she was paid an additional part of her salary in the form of bonus. She does not remember the amount of bonuses and the full amount of salary under the labour contract. When she was employed, there was a probationary period of three months. After the expiry of the probationary period, she had an attestation for compliance with her position. Svetlana, who was the head of the recruitment department of the QBF Group of Companies, conducted the certification with her. Her (Zaripova A.S.) duties as a recruitment specialist included: searching for employees for QBF, initial conversation with the candidate, obtaining from the candidate documents confirming the candidate's education and work experience, orienting the candidate to a specialist or manager of the line of business for which the candidate expressed his/her desire. Mostly employees were required in QBF company in the sales department, marketing department, IT department for various positions, including: manager, specialist, financial advisor. The main activity of QBF Group was to attract clients for the sale of investment products and trust management of the money invested by clients. the General Director of LLC "QUBIEF" and she (Burlakova N.S.) had to meet Feoktistov R.V., receive from him the necessary package of documents with personal data, to form a package of documents for the appointment of Feoktistov to this position. She (Burlakova N.S.) also accompanied Feoktistov to a notary to draw up notarised applications and possibly powers of attorney. She was engaged only in the technical component, and she was not interested in the reasons and necessity of Feoktistov's appointment as general director. She met with O.V. Vasyukova, who was registered as the General Director of LLC "M1 Invest" (INN7701367560) and possibly engaged in her employment as the General Director of LLC "M1 Invest". On instructions of Rossieva E. she was engaged in preparation of documents related to employment for the positions of general directors, directors of the Companies in respect of a large number of candidates and she is physically unable to remember them all. Probably, the data about the mentioned person, subscriber number is available on the sheets of the work notebook, which was seized on 25.03.2022 during the search at her place of residence. Choporov Dmitry Alexandrovich, Kochetkova Natalia Vladimirovna, Melnikova Maria Alexandrovna, Zvarin Evgeny Nikolaevich, Diordits Alexander Veniaminovich, Polibin Ivan Alexandrovich are familiar to her, on the instructions of Rossieva E.A. she was engaged in the preparation of documents on these persons for employment in management positions or their inclusion in the founders of one of the Companies. She knows the data of Syuksyumov Maxim Mikhailovich, most likely he was excluded from one of the companies according to the working task assigned to her by Rossieva E. during the court session. The companies QB Capital LTD, Yurmaster LLC (QCUSISIAI LLC), White Lake, SIMTELLIGENCE COMPANY LIMITED, QCCI Ltd., White Lake are "on her ear", she heard about them from Rossieva E., from employees of the accounting department, possibly from other employees of the company. She also knows that Rossieva E. ordered a round seal for a company in the Cayman Islands called "WLM" on the territory of the Russian Federation. During her work in the company, she knew the following employees who held the following positions and performed the following duties: Ruslan Spinka - an employee of the company in which she (Burlakova N.S.) was employed, engaged in activities related to sales and contacts with clients; Nikolai Sergeevich Padalko - an employee of the company, engaged in activities related to contacts with clients; Yuri Nikolayevich Orlov - an employee of the company, programmer; Rinat Felixovich Amerov - an employee of the company, engaged in activities related to the bank. N.V. Modin's Testimony as a witness,

according to which in 2008 - 2009 he got a job as a consultant at MainStreamConsulting LLC, where he met Roman Valeryevich Shpakov. The main activity of MainStreamConsulting LLC was dealer activities, brokerage activities, securities management activities, activities of professional securities market participants. After about one year of work, having found common interests with R.V. Shpakov, he and R.V. Shpakov decided to leave MainStreamConsulting LLC and establish their own organisation, Qubey Finance LLC, with a similar type of activity. R.V. Shpakov involved Sergei Lvovich Kuzin, who was also a founder of Qubey Finance LLC, in the organisation. He (Modin N.V.) was a founder of Qubey Finance LLC in terms of 24.5 per cent of shares and held the position of director of Paradise. Shpakov was the commercial director and founder of Qubey Finance LLC, and Kuzin held the position of financial director and founder of Qubey Finance LLC. Frolov Vladimir Georgievich held the position of the General Director of LLC "Kyubey Finance", but he (Frolov V.G.) was not a founder. Frolov V.G. was a nominal director who did not make any independent decisions in this organisation. The actual head of LLC "Kyubi Finance" was R.V. Shpakov, who independently conducted all financial and economic activities of the organisation. His (Modin N.V.) functional responsibility included the general organisation of the Company's activities, namely the rent of premises, control of payment of bills, payment of salaries to the employees of the organisation. Roman Valerievich Shpakov was directly involved in and controlled all financial issues related to the main type of financial and economic activity of the Company. Initially, the office of Qube Finance LLC was located at Krasnopresnenskaya metro station in Moscow, and later the organisation changed its address to another one located in the Moscow City business centre at the address: 8 Presnenskaya Embankment, bldg. 1, Moscow. Several similarly named organisations were subsequently registered in this office. The composition of the founders and management of these organisations was virtually the same as that of Qubey Finance LLC. To register Qubey Finance LLC, he (Modin N.V.) personally went to the Federal Tax Service on Tushinskaya Street in Moscow. In the course of the activity of Qubey Finance LLC, Shpakov R.V. and Kuzin S.L. established other organisations similar in name and type of activity, where the composition of founders and management may have been similar to Qubey Finance LLC. After about one year of joint work with R.V. Shpakov and S.L. Kuzin in LLC "Kyubey Finance" and other organisations similar in name and type of activity, he (N.V. Modin) and other founders had a conflict on the grounds of mutual misunderstanding of each other, and he (N.V. Modin) was offered by S.L. Kuzin to withdraw from the founders of LLC "Kyubey Finance" and other organisations, as well as to resign from the position of development director. He agreed to Kuzin S.L.'s decision on the condition that he (Modin N.V.) pay him (Modin N.V.) \$50,000 in compensation. Kuzin S.L. agreed to pay him (Modin N.V.) the backpay. After his resignation and dismissal, Kuzin S.L. paid him (Modin N.V.) USD 40,000 in cash and has not paid the remaining USD 10,000 to date. LLC "Kyubi Group" INN 7701876374 was established without his participation, probably by R.V. Shpakov and S.L. Kuzin;

(Vol. No. 272, pp. 96 - 99)

- The testimony of Kuzin S.L., given by him as a witness,

according to which he has two higher education degrees, previously worked in various managerial positions in commercial enterprises. Approximately at the end of 2010 he was approached by Roman Valerievich Shpakov, previously unknown to him, with a group of 2 - 3 persons with a proposal to become a client of his organisation, which carried out dealer, brokerage activities, securities management activities and activities of professional participants of the securities market. He (Kuzin S.L.) was not interested in this proposal, as he needed to independently monitor the movement of his invested funds. He set his own conditions before Roman Shpakov, namely that he (Kuzin S.L.) was to become a business partner and be a co - founder in the organisation KG LLC (Kyubi Group) INN 7701876374. Some time later he was again approached by Roman Shpakov and his partner Nikolay Vitalievich Modin, who agreed with his (Kuzin S.L.) conditions and provided him (Kuzin S.L.) with their business plan. The business plan provided by Shpakov and Modin satisfied him and he (Kuzin S.L.) became a co - founder of LLC "KG" (Kyubi Group) INN 7701876374 in shares of more than 51 %. Since he is aware of and has experience in dealer and broker activities, securities management activities and activities of professional participants of the securities market, he invested his personal funds in the amount of approximately 200,000 - 300,000 US dollars in the development of KG (Kyubey Group) LLC, becoming a participant and co - owner of Shpakov R.V.'s business, as well as became the financial director of KG (Kyubey Group) LLC. At the time when he (Kuzin S.L.) joined the founders of LLC "KG" (Kyubey Group), this organisation had no clients and no company licensed to carry out stock exchange and brokerage activities. He (Kuzin S.L.) together with other participants of KG LLC found a suitable organisation with a licence on the market and purchased it. Perhaps this organisation could be called LLC Investment Company Kybief. After acquiring an organisation with a licence, they needed a manager who had the appropriate licence to carry out this type of activity. Vladimir Georgievich Frolov, who had a licence, was selected for the above purposes. Frolov was appointed general director of an organisation which they had acquired with a licence to carry out stock exchange and brokerage activities, possibly LLC Investment Company Kybief. V.G. Frolov was the nominal director of this organisation and did not make any decisions on his own. All decisions were made by Roman Valeryevich Shpakov. Frolov did not sign any documents on his own, because after his appointment as general director Frolov issued a power of attorney in the name of Shpakov R.V. The power of attorney gave Shpakov the right to sign all documents, including financial documents on behalf of the director of LLC "KG" (Kyubi Group) Frolov Vladimir Georgievich. Frolov received a regular salary for his position as general director and hardly ever appeared in the office. Initially, the organisation's office was located in premises located in Moscow on 1905 Year Street, after which they rented an office in the Moscow City business centre, presumably on the eighth floor of the building. Having joined the founders of LLC "KG" (Kyubi Group), he (Kuzin S.L.) attracted several depositor clients, after which the clients came on their own and invested their funds. The organisation developed and brought profit. Roman Shpakov was personally involved in all the activities of the organisation and decisions, including financial ones, related to the activities of KG LLC (Kyubi Group) were made directly by Roman Shpakov. He (Kuzin S.L.) and Modin Nikolay helped Shpakov in organising the general activities of KG LLC (Kyubi Group), making their proposals as members of the Company. Soon Modin and Shpakov had disagreements on the implementation of the Company's activities and Modin decided to withdraw from the founders of KG LLC (Kyubey Group) on the condition that he (Modin N.) received a certain amount of money. About six months after Modin Nikolay left the founders of KG (Kyubey Group) LLC, he (Kuzin S.L.) also had disagreements with Shpakov Roman on the implementation of the Company's activities. In 2013, he decided to withdraw from the founders of KG LLC (Kyubey Group) on the condition of receiving a certain amount of money, which is not less than the amount he contributed to the development of KG LLC (Kyubey Group). He remembers Vladimir Sergeyeovich Pakhomov and Zelimkhan Visaitovich Munaev, they were former managers of KG (Kyubi Group) LLC;

A.A. Kuznetsova's Testimony given to her as a witness,

according to which she had the surname Ananyeva until December 2020, in November 2020 she got married and changed her surname to Kuznetsova. She has no knowledge of dealing and brokerage activities, securities management activities and activities of professional securities market participants. In about 2015 she met Munaev Zelimkhan in the social network "Instagram" and after some time of communication with him, she (Kuznetsova A.A.) and Munaev Z. began to live together. They lived with Munaev Zelimkhan for about 3 years, from 2015 to 2018. She knows that Munaev Zelimkhan worked in an organisation called QBF, which was engaged in investment and brokerage activities, where the head was Shpakov Roman. Munaev Zelimkhan held the position of director of sales department or financial director in the above organisation, however, she did not know his (Munaev Z.) salary, in conversation Munaev Zelimkhan said that the level of salary depends on the amount of work done in the current month. The office of QBF was located in the Moscow City business centre at 8 Presnenskaya Naberezhnaya Naberezhnaya Street, Moscow, page 1, 9th floor. She did not know all the employees and managers of this group of companies personally, but together with Munaev Zelimkhan she attended various corporate events where employees and managers of the QBF group of companies were present. During corporate events, Munaev Zelimkhan introduced her to his colleagues and work partners, including Roman Shpakov, Vladimir Pakhomov, Nikolai Mikhailov, Ekaterina Gramza (accountant), and Olga Bataeva, Svetlana Beloded (HR officer), Vetus Vartanov, Madina Abaeva (analyst), Stanislav Matyukhin, Maxim Fedorov, Nikolay Padalko, Maxim Yudin, Dmitry Lepeshkin, Ruslan Spinka, and Linda Athanasiadou, whose husband was also present at corporate events. 15 March 2018, on the proposal of Munaeva Z. became a participant of LLC "Kyubi Group" INN 7701876374 in the share of 6% of the share capital. She did not contribute any money, as she had previously transferred USD 25,000 to Munaev Z. Her share in the authorised capital was a guarantee of repayment of the money lent to Munaev Z. The director of LLC "Kyubi Group" INN 7701876374 was Elena Vyacheslavovna Gorobets. She (A.A. Kuznetsova) did not meet E.V. Gorobets at the notary when signing the sale and purchase agreement, as the agreement already had Gorobets' signature. The participants of LLC "Kyubi Group" were Roman Shpakov and Vladimir Pakhomov, with whom she had been personally acquainted earlier by Zelimkhan Munaev. According to the oral agreement with Munaev Zelimkhan, she was not required to participate in the activities of LLC Kyubi Group and make any decisions. She did not receive any dividends from participation in the Company. She (A.A. Kuznetsova) did not read the title of the documents and their content, and the person who provided her with the documents for signature informed her that these documents are the constituent documents of LLC "Kyubi Group" INN 7701876374. On 21 June 2019, at the request of Munaev Zelimkhan, she withdrew from the membership of LLC "Kyubi Group", as Munaev Zelimkhan promised to return to her (Kuznetsova A.A.) the money transferred earlier to him (Munaev Z.) in the total amount of 25 000 USD. After leaving the founders of LLC "Kyubi Group" the money was not returned to her;

- M. M. Khripunov's testimony , given by him as a witness,

according to which he has been working at M - Video since 2013 to date. Approximately in the middle of 2017 or 2018, Dmitry Choporov, who was newly hired at the M - Video shop, told him during a conversation that he (D. Choporov) is the director of the firm and receives a salary there. In fact, he (D. Choporov) does not carry out any activities in the said firm, only signs documents at the request of someone approximately once a month. He (M.M. Khripunov) personally observed how a courier came to Choporov D. with documents and Dmitry signed them. Choporov D. also had a round seal with him. From Choporov D.'s explanations it followed that "doing nothing, he (Chopornov D.) receives additional income". During one of the conversations Choporov D. offered him (Khripunov M.M.) to try to get additional income and told him the number 8 - 985 - 173 - 43 - 21, the subscriber of which was a woman named

Eugenia, as well as the second number 8 - 903 - 100 - 51 - 33, which was an office number and its subscriber was a woman named Natalia. As he later realised, Natalia was a lawyer and Evgenia was her manager. He had his first conversation with Eugenia during the summer of 2017 or 2018. In 2021, he learnt from official sources on the internet about Yevgeniya's detention, recognised her (Yevgeniya) from published photos and found out that her surname was Rossieva. The first meeting with her (E. Rossieva) took place in a café in one of the towers of Moscow City. As she (Evgenia) explained, she (E. Rossieva) needed him (M.M. Khripunov) to set up a legal entity. According to Eugenia's words, the company is "legal" and "legitimate", does not engage in illegal activities and does not evade taxes. Eugenia explained that there were already many companies registered with "them" and "new blood" was needed. He was promised a salary of 30,000 roubles a month as a founder for setting up the company. According to the agreement with Evgeniya, he (M.M. Khripunov) was to be paid his salary after the company became aware of the company and started its activity, when the company started to earn money. He met with Evgeniya and her assistant named Natalia about 10 times in total, the last meeting took place around July 2019. He (M.M. Khripunov) was required to sign the documents on the establishment of the firm prepared by Evgeniya. At the above meetings with Eugenia or Natalia, as well as at their joint presence, of which there were about 7 - 8, he (M.M. Khripunov) was brought to the notary. The notary was located in a building in Moscow City, where he (M.M. Khripunov) signed the completed forms of documents. He did not pay for the services of the notary, he saw that Natalia handed the money to the notary. During the period from the first meeting with Evgeny until the present moment, he personally did not apply to the tax authorities for the creation of legal entities, he did not apply anywhere for electronic signatures and did not receive them. He has never personally performed any other actions related to the registration, operation and liquidation of legal entities. Around the end of 2019, he received a call from the tax authority informing him that Vysota LLC, of which he is the founder, had some problems with providing information on the company. From a conversation with an employee of the tax authority, he learnt that Vysota LLC had already been formalised and was operating, which he (Khripunov M.M.) had not been informed about by Evgeniya. He tried to call Evgeniya for several days, but she "dropped" the calls and replied with SMS messages saying that she would call back later. He had the impression that Evgeniya did not want to communicate with him. He (M.M. Khripunov) managed to get information to E. Rossieva only by means of SMS messages. Subsequently, he (M.M. Khripunov) had a telephone conversation with Eugenia, during which he (M.M. Khripunov) expressed his claims to her (E. Rossieva) about concealing from him (M.M. Khripunov) information about the start of the company, the lack of payment of wages to him (M.M. Khripunov), suggesting that Eugenia exclude him from the founders of the company. She (E. Rossieva) replied that the issue with the tax authorities would be closed in the near future, and that it would take time to remove him (M.M. Khripunov) from the founders' structure, as it was necessary to find a person to whom the authorised capital would be transferred. Subsequently, the issue of his withdrawal from the founders of the above company was not resolved and he tried to contact Eugenia again until the end of spring 2021. Rossieva E. ignored him, did not answer his calls, and later her (Rossieva E.) subscriber number became unavailable. Around the end of spring 2021, he learnt from a letter he received from the tax authority that he was also the founder of KG LLC. After that, he began to look for information about legal entities to which he had any relation in open sources, using his TIN number. It turned out that he is related to the following legal entities: 31.10.2018 he was the liquidator of JSC QBF (TIN 7703399818); in the already liquidated LLC "Vysota" (TIN 7734371675) from 24.06.2019 he was the head; according to the charter obtained from the tax authority he is the founder with a share of 6% in LLC "KG" (Qubi Group); he is the founder of LLC "M4 Invest" (TIN 7701973890) and the liquidator of LLC "Techconsulting" (TIN 7703464305). He did not actually manage these companies, did not carry out financial and economic activities in them, and did not contribute money to the authorised capital. According to the agreement reached earlier with Evgeny, he agreed to participate in the creation of two legal entities, with their subsequent re - registration within six months to another person and the liquidation of one legal entity, the names of which he no longer remembers;

- The testimony of E.V. Gorobets, given to her as a witness,

according to which in 1984 she graduated from a polytechnic trade school as a cashier - controller and at the time of the interrogation works as a maid in LLC "Agro Moscow". In 2017 - 2018, due to her poor financial condition, her distant relative, namely her niece Voronova Tatyana, offered her additional income, at that time what kind she (Voronova T.) did not specify. After that, at her (Voronova T.) invitation, she (Gorobets E.V.) came to the office of the company QBF LLC at the address: Moscow, Krasnopresnenskaya naberezhnaya, 8, p. 1. 1. In the office room, Tatyana Voronova introduced her (E.V. Gorobets) to the owner of QBF LLC, Roman Valeryevich Shpakov, born 12.10.1988, who said that she (E.V. Gorobets) was suitable for their work. Later Voronova Tatiana explained to her that they were looking for people for the position of nominee directors of various companies, this situation was connected with the need to reduce the taxable base for the main company, namely QBF LLC. Voronova also informed her that in fact she (E.V. Gorobets) would not perform the duties of the General Director, but she (E.V. Gorobets) would have to go to the tax authorities (hereinafter - NO) to register the Companies for herself and possibly to a notary to certify the documents to be submitted to the NO. For this service she (E.V. Gorobets) will receive monetary remuneration. She agreed to this proposal. Due to her legal illiteracy, she (E.V. Gorobets) did not realise that these actions would be performed by a lawyer.) did not realise that these actions were unlawful, so she subsequently became a nominee director in the following companies: KG LLC (INN 7701876374), Qubi Credit LLC (INN 7703740234), Sintez LLC (INN 7708270984), F - Technologies LLC (INN 7725726949), Avalon LLC (INN 7718970625), Profkonsult LLC (INN 7715974759). She has nothing to do with the financial and economic activities of the above - mentioned companies, she did not sign contracts, receipts for PKOs and other financial documents on behalf of the companies. She also travelled to the LE and to a notary to register herself as a general director in the above - mentioned companies. She received the documents for filing from the lawyer of "QCCI LTD" Evgenia Anatolievna Rossieva, born 18.05.1974 and her assistant Natalia Burlakova. She (E.V. Gorobets) does not know anything about "QCCI LTD", "QB Capital LTD" and their activities, she did not transfer money to these companies according to the receipts to the PKO and did not sign the receipts. Earlier she was not aware that employees of QBF group of companies concluded contracts with clients on behalf of foreign companies "QCCI LTD", "QB Capital LTD", providing cash receipts with a facsimile of her signature. The money in the form of salaries was transferred to her bank card opened with PJSC Uralsib Bank and also transferred in cash to various secretaries of the QBF company. She travelled to the QBF Group office up to 10 times in total;

R.V. Feoktistov's Testimony as a witness,

according to which he has a specialised secondary education in the field of construction. Around February 2020, a girl named Natalia called him on his mobile phone from the subscriber number 8 - 903 - 100 - 51 - 33 and offered him the position of deputy general director in a construction company. To get the job, he came to the Moscow City tower in Moscow and provided Natalia with his passport and SNILS, from which he made photocopies. She also asked him (Feoktistov R.V.) to take a "selfie" with his passport unfolded; according to Natalia, this photo was necessary for accounting purposes. After that the girl offered to go to a notary and draw up a power of attorney on his (Feoktistov R.V.) behalf for employment, so that in the subsequent employment in the construction company did not require his personal presence. He was familiarised with this power of attorney, it stated that he (Feoktistov R.V.) entrusted the notary to register him (Feoktistov R.V.) as deputy director of the construction company when submitting documentation to the tax inspection. In the power of attorney, the position was stated as "director/deputy director". About a month and a half later, Natalia called him and informed him that he (R.V. Feoktistov) was not suitable for a managerial position in the construction company due to his lack of higher education. She (Natalia) informed him "that they have many companies" and they would find him another job. Also during the conversation, Natalia asked him (Feoktistov R.V.) if he knew anyone who had a higher education in construction. He said that his father Valery

Pavlovich Feoktistov was such a person. At Natalia's request, he (Feoktistov R.V.) sent her photos of his father Feoktistov V.P.'s passport, work record book, SNILS and TIN via the WhatsApp application. 1, the southern block of the Capital City Tower. Natalia met them and took my father to a notary, where he (my father) executed a power of attorney necessary for employment. He and his father never met Natalia in person again. He (R.V. Feoktistov) personally did not sign any documents related to the activities of any legal entities, including powers of attorney and financial documents. During the summer - autumn of 2020, Natalia called him several times and asked if he (Feoktistov R.V.) had any acquaintances with technical education, referring to the fact that the company was creating companies that needed people for employment as directors and deputy directors. The firms were new and financial and economic activity was not conducted on them (firms), employment was supposed for one year, maximum for one and a half years. After the firms would work, competent specialists of the management staff would take the place of management. He realised that he needed nominal managers of the firms for 1 - 1.5 years. He provided Natalia with the details of the following persons: Elena Mikheeva, Alexander Veniaminovich Diorditz, Marina Alexandrovna Tochilova, Olga Vasyukova, Dmitry Belov, Alexei Anatolievich Panov, and Alexander Ivlev. Around the end of September 2020. Natalia in the course of a telephone conversation asked for assistance in the transfer of funds to the above persons, as he understood the salary. The courier was given his (Feoktistov R.V.) phone number. The courier handed him (Feoktistov R.V.) a large sealed envelope. This envelope contained money in sealed smaller envelopes, and each envelope was signed with the name of the recipient. When he received the envelope with the money, he did not sign anywhere, the envelope was simply handed to him. He handed the envelopes with his salary to Diordits A. several times, and then Diordits A. personally travelled and received the money in the "City of Capitals" and also received it by courier. He (V.P. Feoktistov) gave envelopes with money to M. Tochilova, O. Vasyukova and D. Belov to D. Belov, and he (D. Belov) himself gave money to M. Tochilova and O. Vasyukova. He (V.P. Feoktistov) also personally handed envelopes with money to A. Panov. He handed money to Mikheeva E. not more than twice, the other times she took the money herself. The money was handed over approximately once every two or three months, the amounts were no more than 20,000 roubles each. The money was always brought by different couriers. The last time the envelopes with money were handed over was in September 2021. Natalia also asked him if he had any acquaintances for future employment with the necessary conditions: an economic education, preferably with a legal background and a mandatory requirement - a foreign passport. I was also interested in whether he (Feoktistov R.V.) had acquaintances in the Leningrad region for employment. He knows only Irina Nikolayevna Shpakova. He has never met Shpakova I.N. in person, he only talked to her by phone. Shpakova I.N. called him about 5 times, the conversation at her request took place in the application "WhatsApp". She introduced herself to him as Irina Nikolayevna Shpakova, former director of LLC "168 quarter" and wanted to communicate with his (Feoktistov R.V.) father. Shpakova I. demanded that his father go to the nearest branch of Alfa Bank and sign the necessary documents to unblock the current account, as she (Shpakova I.N.) said that there had been a change of director. She remembers exactly, Shpakova I. demanded to fill in some card with signatures and to take away the Charter of the Company. After a call from Shpakova I., he (Feoktistov R.V.) realised that there was some illegal activity with the said Company and explained to Shpakova I. that his father (Feoktistov V.P.) would not take any action;

- D. G. Buryakovsky's Testimony given as a witness,

according to which he has a higher education, does not have any knowledge of dealer activities, brokerage activities, securities management activities and activities of professional participants of the securities market. He has previously worked in various positions that do not require specialised education. Around 2018, he placed an advert on an online job site to look for a job. In the same 2018, he was invited to the Moscow City Business Centre and offered a job as a general manager. There he was met by a woman who introduced herself as Evgenia Rossieva and explained that he (D.G. Buryakovsky) was offered the position of general director in LLC "Qubief" INN 7703458823 with a salary of 10,000 roubles per month. In fact, he would not have to do anything in this organisation and would not have to make any decisions. He (D.G. Buryakovsky) was only needed as a nominal person in this position until the organisation was

established, after which he was to be replaced by another manager who would actually perform his duties. He was interested in this proposal and agreed to become a director of the Limited Liability Company. In order to do so, he had to sign a number of documents and provide his personal documents. In the business centre "Moscow City" he provided Rossieva Evgeniya with his documents, including his passport, education diploma, SNILS, etc., after which in the same business centre he was escorted to a notary, where he (D.G. Buryakovsky) signed the founding documents for LLC "Qubeef" INN 7703458823 and executed a notarial power of attorney in his own name to perform all actions in respect of LLC "Qubeef". After executing all the documents, he left the office located in the Moscow City business centre and Rossieva said that she would contact him when necessary. It was not explained to him what specific type of activity the Company would be engaged in. For approximately two years, namely from 2018 to February 2020, he came to the Moscow City Business Centre once every two months, where in the lobby of one of the buildings of the complex, Evgenia Rossieva paid him the previously agreed remuneration in the amount of 20,000 rubles at the rate of 10,000 rubles per month. In February 2020, he called Evgenia Rossieva and asked her to dismiss him (D.G. Buryakovskiy) from the position of general director of LLC "Kyubief" at his own request because he had found another job that was not compatible with this position. At the agreed time he and Evgenia Rossieva met in the lobby of the Moscow City business centre, where he signed the necessary documents, after which he and Evgenia Rossieva never saw each other or called again. For the entire period of his participation in the position of general director of Qubief LLC, he was paid approximately 180,000 - 200,000 roubles as remuneration. He received these funds from Yevgenia Rossieva in cash;

- Bogdanova K.V.'s testimony as a witness,

according to which in 2014 she moved to Moscow to look for a job and placed her ad on the website "hh.ru". She received a call from representatives of LLC "Qubey Finance" and was offered the position of junior financial advisor in this organisation, and invited to an interview in the office located on the 9th floor at the following address: Moscow, Nab. Presnenskaya 8 bldg. 1. After the interview, she became an employee of LLC Qubey Finance as a junior financial advisor with a salary of 24,000 roubles per month. Qubey Finance LLC is part of the QB Group of companies. The main activity of the QB group of companies was attracting clients for the sale of investment products and trust management of money invested by clients. Her duties as a financial advisor included: attracting clients to the organisation by making cold calls to telephone numbers provided to her by her supervisors at work or she could obtain a list of telephone numbers via corporate email to which all employees of the organisation had access. Her direct supervisor was Munaev Zelimkhan Visaitovich, but she did not see him much at work and did not receive any instructions from Munaev Z.V.. Most of her instructions came from other managers or through electronic messages. She worked as a junior financial adviser until about 2015, after which she decided to resign from this position. She was offered the position of KPI Sales Administrator with different functional responsibilities, namely, recording the implementation of work plans, taking minutes of the meeting. Also in 2020, she was added to her duties the function of drawing up contracts on behalf of the management of QB Group, between the organisation and the client by entering the client's details into a special program, which already had a prepared contract template. After entering the information from the electronically submitted copies of documents into the programme, it sent the completed contract and the request generated by the programme to the initiator via corporate e - mail. She had no contact with direct clients of the QB Group, possible cash and non - cash clients. She had no partners or assistants at work and performed all her functional duties independently. Her salary increased periodically and was approximately R80,000 by 2021. Since about August 2021, she has not been working at QB Finance LLC since her resignation, as a lot of negative information began to appear in the media regarding the QB group of companies, and law enforcement officers periodically searched the offices of the QB group of companies. LLC "MC "Moi Finansy" TIN 7725682730 is familiar to her, approximately in September 2020 she was offered to become one of the founders of this organisation under the pretext of financial incentives in the form of bonuses at her main place of work. She agreed to become one of the founders of LLC MC Moi Finansy, as under the terms of the verbal agreement she was not required to participate

in the activities of LLC MC Moi Finansy and make any decisions. After preparing the necessary documents, she signed them. She does not know which documents they were, as she did not read their content, and the person who provided her (Bogdanova K.V.) with these documents said that these documents were the constituent documents of LLC "MC "Moi Finansy". In the end, she never received the promised development and dividends from the activity. LLC "MC "Moi Finansy". Currently, she is still a member of the founders of "MC "Moi Finansy" LLC. She is aware that the following employees have worked in the QBF group of companies in the following positions: G.R. Erzikyan - financial advisor; S.A. Matyukhin - head of another organisation; N.S. Padalko - initially head of sales; R.F. Amerov - possibly a member of the sales department; V.O. Plitin - possibly a member of the sales department; Y.S. Zaitseva - a member of the sales department; D.Y. Meshkova - a member of the sales department; V.S. Pakhomov - head of the QB branch in St. Petersburg; M.S. I.V. Rybalka's Testimony given to her as a witness,

according to which she has a higher economic education, has knowledge of dealer activity, broker activity, securities management activity and activity of professional participants of the securities market. On 03.12.2009 she was accepted to the position of the General Director of LLC "MC "Granat" INN 7725682730, as she had three specialised certificates by that time, which included: Professional activities (trust management, brokerage activities, dealer activities), Mutual funds, Depository activities. The principal activity of LLC MC Granat was trading in securities, mutual funds and other financial activities, for which LLC MC Granat obtained the relevant licence from the Central Bank of the Russian Federation. LLC MC Granat till 01.11.2021 was located at the following address: Moscow, 4th upper Mikhailovsky proezd 5 floor 2 pom.1 kompn.8. Currently it is located at the following address: Moscow, proezd 2nd Roshchinsky, 8 p.2. The founders of LLC MC Granat until 2020 were LLC MibInvest, soon after which LLC MibFin was added. In the future, MibInvest LLC was renamed Kratos LLC. The organisation was created by the founders specifically for certain purposes related to mutual funds and the founders of LLC MC Granat determined the main direction of the company's activities. In 2020, the participants of LLC MC Granat began to experience financial difficulties, as a result of which they decided to sell their shares in the amount of 99% at auction for the amount of RUB 24,000,000. IC QBF LLC acted at the auction as the official representative of 11 individuals, new participants of the Company, who were the buyers of the shares sold at the auction. She did not see any powers of attorney for IK QBF LLC from the 11 individuals, but the transaction itself implies their presence. The buyer's representative was Stanislav Matyukhin, but he was not an official person for LLC MC Granat. Matyukhin did not provide any power of attorney, but claimed that he was the representative of the ultimate beneficiary Roman Shpakov. Stanislav Matyukhin first came to the office of LLC MC Granat in approximately July 2020. The new participants of LLC MC Granat after the sale of shares to date are: Kratos LLC in the amount of 1 %, Bogdanova Kristina Vladislavovna (9.9 %), Gramza Ekaterina Valeryevna (9.9 %), Korzh Andrey Vasilievich (9.9 %), Maslennikov Vladimir Alexandrovich (9.9 %), Matyukhina Olga Dmitrievna (3 %), Mikhalevich Evgeny Vladimirovich (9.9 %), Orlov Yuri Nikolaevich (6.9 %), Spinka Ruslan Valerievich (9.9 %), Fedorov Maxim Sergeevich (9.9 %), Talerov Artem Olegovich (9.9 %), Marketplace My Finance LLC (9.9 %). The head of Marketplace My Finance LLC is Ruslan Amerov, who was previously a participant of this company, a natural person. She does not know who these persons are, she is not familiar with them. Kratos LLC had 1 per cent of shares and about a year and a half ago Kratos LLC started bankruptcy proceedings. She has only

seen Rinat Amerov and Evgeny Mikhalevich among the founders. After purchasing the shares and introducing Amerov into the founders, she saw him (Amerov) for the first time in November 2020 at a video conference with the Central Bank, and after that Amerov sometimes called her about working in the organisation. In the spring of 2021, Amerov informed her that he (Amerov) did not like the activities of IK QBF LLC and could not influence the decision of other members of MC Granat LLC including. In the early days of September 2021, she was sent a copy of Mikhalevich's passport to apply to the CBR for a change of CEO. She thus learnt that her likely successor in the position could be Mikhalevich, as her position as CEO of the management company involved prior approval from the CBR. The CBR eventually agreed on Mikhalevich's candidature. After that, about a month later, she saw Mikhalevich for the first time at her office; Matyukhin had brought him there. On the evening of the same day, Mikhalevich stated that he could not be the general director and she did not see Mikhalevich again. Since 2020, meetings have been held in the Company, but in the form of absentee voting, there have been no in - person meetings of participants. She does not know what the participants of the Company look like. All the sheets of absentee meetings and voting were handed over by Stanislav Matyukhin through a courier. Further, in September 2020, Stanislav Matyukhin required her (I.V. Rybalka) to come to his office in the business centre Moscow City with the plans of the organisation's work and further prospects, mainly she visited Matyukhin's office in BC Moscow City on Fridays. Also, around August 2020, at the request of Stanislav Matyukhin, she transferred funds in the amount of approximately RUB 1,240,000 from the current account of LLC MC Granat to the Company, the name of which she does not remember, for legal services that were not actually provided to the organisation. All details of the organisation and documents signed by the second party were provided by Matyukhin Stanislav, in fact, she did not see the head of the second party under this contract. 23.04.2021 LLC MC Granat was renamed LLC MC Moi Finansy by the decision of the participants. Currently, Rinat Amerov is the Chairman of the Board of Directors of MC Moi Finansy. Around 20.09.2021, on the verbal recommendation and request of Matyukhin Stanislav to be hired as a customer service specialist, Shalimov Evgeny came to her and was hired by her. On 08.07.2021 the Central Bank forcibly cancelled the licence of LLC IC QBF to carry out professional activities with securities, after which Matyukhin Stanislav instructed her to accept all clients of LLC IC QBF into LLC MC Moi Finansy by renegotiating contracts. She refused to accept these offers, as she had to bear the responsibility to the client, and the conditions were not favourable for LLC MC Moi Finansy. Matyukhin explained to her that LLC MC "Granat" was purchased for this very purpose, after which Matyukhin put pressure on her throughout July 2021 in terms of instructions to change the activities of the organisation, with which she did not agree. Moreover, when Matyukhin Stanislav gave any instructions to me, the latter referred to the fact that he was fulfilling the will of the ultimate beneficiary and was his unofficial representative, namely Roman Shpakov. Matyukhin wanted MC My Finance LLC to take all clients in one pool, but this is not the way to do it. At the end of November 2021, she was contacted by Stanislav Matyukhin and demanded that she sell all assets held by the organisation for a total of approximately RUB 18,500,000, but she refused to comply with this instruction on the grounds that this transaction would put the Company into pre - bankruptcy. Around July 2021, she decided to resign from my position as CEO of MC Moi Finansy LLC as she was not comfortable working with Matyukhin Stanislav and fulfilling his demands. In addition, since the sale of shares in the Company, namely since 2020, the activities of the organisation MC Granat LLC (MC Moi Finansy LLC) did not bring the previous profit, and even worked at a loss. Matyukhin ignored all her proposals to improve the quality of the organisation's work in every possible way, and since she had no communication with the members of the Company, all issues were discussed directly with Matyukhin. In the end, the activity of LLC "MC Moi Finansy" under the supervision of Matyukhin Stanislav led to the fact that the Central Bank of the Russian Federation withdraws from 17.12.2021 licence to carry out professional activities. Rossieva Evgenia Anatolievna is familiar to her, as she (Rossieva E.A.) contacted her (Rybalka I.V.) when discussing issues related to the legal side of transactions. Rossieva, as the head of the legal department of QBF Group, was introduced to her by Matyukhin. Smirnova Yaroslava Gennadyevna is familiar to her, as she (Rybalka I.A.) contacted Smirnova Y.G. at the request of Matyukhin, she (Smirnova Y.G.) was the head of LLC "MC QBF". She does not know Roman Shpakov personally, but she has read various articles about him in the public domain and heard about him from Stanislav Matyukhin that R.V. Shpakov is the ultimate beneficiary of the QUBIEF group of companies. Matyukhin Stanislav himself has repeatedly informed her (Rybalka I.V.) that he (Matyukhin) represents the interests of Roman Shpakov because Roman Shpakov is on international wanted list and cannot negotiate with representatives of organisations controlled by him (Shpakov R.V.) in the QBF group of companies. At present, LLC MC Moi Finance has its own funds totalling approximately 18,000,000

roubles, which consist of the approximate market value of securities in the form of shares and bonds of various companies, including Rosneft, Tatneft and others, the names of which she no longer remembers. In addition, OOO MC Moi Finansy has in trust management a fund belonging to OOO MIB Investments for the total amount of 55,000,000 rubles, which do not belong to the company's own funds, but are only contractual work for the specified amount. Currently, the said fund is being transferred to another management company for management. There are no clients, namely individuals and legal entities in LLC "MC "Moi Finansy" since December 2021 due to the fact that the Central Bank of the Russian Federation has revoked the licence to carry out professional activities. Thus, the main source of income of LLC MC Moi Finance is the management of one fund, which is planned to be transferred to another management company, as well as dividends from shares and bonds. Earlier, namely before the moment when LLC MC Granat became a controlled organisation of QBF group of companies, the Management Company Granat owned a sufficient number of securities necessary for the Company to have a stable income, however, on the instructions of Stanislav Matyukhin, LLC MC Granat chose as a broker LLC QBroker, which possibly under the leadership of Roman Shpakov decided to sell liquid and constantly profitable securities. After that, the income of LLC MC Granat fell sharply. As soon as QBF LLC sold liquid and constantly profitable securities belonging to Granat MC Ltd, she decided that their (the company's) broker would be Sberbank PJSC, as she did not trust QBF LLC. Around 15.02.2022 she received a message from Stanislav Matyukhin on her personal mobile phone in the messenger application "WhatsApp" with a repeated demand to sell all assets of the organisation, namely securities in the form of own funds of LLC "MC "Moi Finansy". In his message, Stanislav Matyukhin referred to the fact that he regularly communicates with Roman Shpakov and keeps in touch with him, and this decision was made by Roman Shpakov, which should be executed immediately. Matyukhin Stanislav sent her an e - mail address (Rv@qbfin.ru) through which she could contact Shpakov Roman on her own, but Matyukhin Stanislav did not provide her with Shpakov Roman's telephone number or the address of his (Shpakov R.) whereabouts. She refused to keep in touch with Roman Shpakov, who legally had nothing to do with My Finance Management Company Ltd. Subsequently, she proposed to Matyukhin Stanislav to ensure a meeting of participants of the company LLC "MC "Moi Finansy" to make a decision on her (Rybalka I.V.) dismissal and election of a new general director of LLC "MC "Moi Finansy". In addition, she informed that all employees of LLC "MC "Moi Finansy" will be dismissed with her, to which Matyukhin Stanislav asked that she persuade the employees to stay in the staff of the organisation until all the issues that want to implement Shpakov Roman and Matyukhin Stanislav are settled;

O.D. Matyukhina's testimony

, given to her as a witness, according to which in the middle of 2020 she had a free conversation with her son Stanislav Matyukhin, where they discussed the issue of obtaining additional income. In the course of the conversation, her son Stanislav Matyukhin informed her that there was an opportunity to acquire a participation interest in LLC "MC Granat" in order to receive dividends from the activities of this organisation, that this organisation was promising and actively developing. She agreed to become a participant of LLC "MC Granat" in the amount of 3% of shares of the authorised capital. Later, LLC MC Granat was renamed LLC MC Moi Finansy. She was assisted by her son Stanislav Matyukhin Matyukhin in all matters relating to joining LLC "MC Moi Finansy". The amount of her contribution to the authorised capital of the company was approximately 1,300,000 roubles. As she did not have this amount of money at her own disposal, she asked her son Stanislav Matyukhin to help her obtain a loan for this purpose. Stanislav Matyukhin informed her (O.D. Matyukhina) that it was possible to obtain a loan from Q Broker LLC. She received a loan from Q Broker LLC, with the assistance of her son Stanislav Matyukhin Matyukhin. She received the money as an interest - free loan from Q Broker LLC for a period of approximately 5 years. She believes that her son Matyukhin Stanislav has nothing to do with Q Broker Ltd. Since receiving the loan, she has not made any payments as repayment of the debt, and Q Broker LLC has not sent her any demands or notices about repayment of the loan taken earlier. The loan was transferred between the companies in non - cash form. Earlier her son (S. Matyukhin) worked in the Federal Financial

Market Service, later in OOO IK QBF in a managerial position. Since her employment with MC Granat LLC (later MC Moi Finansy LLC), she has never been at the address of the Company. The General Director of LLC "MC Moi Finansy" is Irina Vasilievna Rybalka, but she has never seen her (I.V. Rybalko) personally. She has never received any money as dividends from MC Moi Finance LLC;

- A.O. Tallerov's Testimony

given by him as a witness, according to which in 2017 he posted his CV in open sources on job search websites. He received a call with an offer to have an interview at QBF Investment Company. The interview took place in an office room on the 9th floor at the following address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1. 1. After passing all stages of the interview process, in 2018 he entered into an employment contract with QBF Investment LLC (subsequently renamed F - Experts LLC) for the position of Senior Financial Advisor. His direct supervisor at QBF Investment LLC was Andrey Korzh. His (A.O. Tallerov) duties included advising clients on the product line of the Russian company QBIF Investment Company LLC, telling them about the products, how they work, assisting them in formalising their interaction with QBIF Investment Company LLC if the client was interested in the services and products. He offered clients those products of the company for which QBIF Ltd. had licences - brokerage services and trust management. Brokerage service is opening a personal account for a client and trading either independently or by a broker, buying shares and bonds on MICEX and RTS stock exchanges for a portfolio on a personal account. Trust management is ready - made strategies on the Russian market. He took information for working with clients directly at his workplace. They (information) were presented both in printed form (brochures) and electronically. There were also periodic training sessions with various employees. In 2020, he actually remained employed in the same position but at the suggestion of the management of the organisation, he was asked to take charge of one of the customer service departments. He became head of the department and had one financial advisor, Ekaterina Dorokhina, reporting to him, and he continued to work under Andrei Korzh, acting deputy director of the customer service department. The majority of matters were discussed mainly with Andrey Korzh. Clients who had concluded an agreement with QBIF LLC could address him (A.O. Tallerov) in case of any questions, and he, in his turn, in case he was unable to answer them or provide them with information of interest, would address his colleagues in related departments. During the period of 2020 - 2021 the department under his (A.O. Tallerov) leadership expanded to 6 - 9 people. He did not have any other duties, he did not solve any additional issues. As a rule, clients already oriented to the Russian market came to him, i.e. the clients imagined what product they wanted to invest money in. The client provides documents: passport, SNILS, TIN, on the basis of which he (A.O. Tallerov) filled out applications according to the template and sent them by e - mail to the back office for drawing up contracts for clients. The contracts already signed by QBIF Ltd. are brought to the meeting room for signing with the clients. Since 2021 the signing of contracts by means of electronic digital signature has been started. The following types of agreements were signed: an agreement of adherence to the brokerage service regulations; an agreement of adherence to the trust management regulations. Upon conclusion of the agreement, the client transfers funds, in case of a brokerage service agreement, to his personal brokerage account opened with IC QBF LLC, whereby the account of IC QBF LLC, as a licensed company, is opened with NSD. In the case of trust management agreements, the transfer was made to the settlement account of IC QBF LLC, but the payment designation specifies the number of its agreement. Further, the clients' funds are transferred from the settlement account of IC QBF LLC to the exchange account of the stock exchange, and then the trader buys securities according to the strategy. In May 2021, before the searches in the company's office, he received an offer to formalise the share of the LLC MC Moi Finansy Management Company, which had left the company. This request was made to him by someone from the management, whom he does not remember. He gave his consent, as at that time there was nothing suspicious in the context, the company was developing. For the re - registration of shares he himself went to the notary, where 2 other persons were present: one employee - a girl, from the legal department of QBF, and the second person - a person unknown to him, who ceased to be a participant of the

LLC "MC My Finance", the previous owner, whom he had seen in the office of QBF at least once before. He (A.O. Tallerov) did not receive any remuneration, dividends or payments for the transfer of his (A.O. Tallerov's) share in the above - mentioned company, nor was he promised any. Until the moment when he agreed to sign the documents about LLC "MC "My Finance" he did not know. Later he found out from the Internet in open sources that this company has licences for trust management and fund management. One of these licences was revoked in November - December 2021. Apart from the documents signed by the notary, he did not sign any documents related to LLC MC "Moi Finansy" and does not know any other persons - founders, director, representatives of the company. Since the spring of 2020, he has opened a brokerage account with QBIF Ltd. on which he has performed transactions, including on the IRO structured product. In the spring of 2021, he received an offer from one of his work colleagues to receive remuneration for finding a buyer for the sale of investment units of the real estate ZPIF "RIF Mixed Federal 2 Qual". These units were to be credited to his brokerage account for their subsequent sale. He studied the main contract of sale between the buyer (im Tallerov A.O.) and the seller LLC "QBroker". According to the agreement there was a period of 1 or 2 months from the moment of signing the agreement, after the expiration of which, if the units are not sold by that time, they (units) are returned to the account of "Q.Broker" Ltd. He agreed to the transaction and believes that this transaction was offered to him because he had an open brokerage account in LLC "IC QBF" and was a qualified investor. According to the terms of the agreement, he was entitled to an agency fee in case of sale of units. The number of units was just over 336,000. According to the agreement, the units were sold to him at a price of approximately 660 or 690 roubles per unit, totalling approximately 221,000,000 roubles. He (A.O. Tallerov) was supposed to sell the units for an amount higher than the purchase price, but the matter did not come to a discussion of the sale price. At that time, after the conclusion of the contract, he had to prepare an offer. After signing the contract, some time later, the units of the real estate ZPIF "Reef Mixed Federal 2 qual" were credited to his brokerage account opened with IC QBF LLC. In July 2021, he transferred the units on his own initiative to his brokerage account, which was opened with JSC Otkritie Broker. He had potential buyers for these units, whose accounts were also opened in JSC Otkritie Broker, for this reason he made this transfer, so that later it would be faster and easier to sell them (the units). From the extract of the Unified State Register of Legal Entities presented to him in respect of LLC MC "My Finance", where the participants of the company are indicated, he knows the following employees: Bogdanova Christina - one of the employees in the office of "QBF", he knows her only visually; Gramza Ekaterina - he saw her in the office of "QBF"; Korzh Andrey - his (Tallerov A. O.) manager; Maslenova - one of the employees in the office of "QBF"; Maslenova - one of the employees in the office of "QBF", he knows her only visually. O.) supervisor; V.A. - Fedorov M.S.'s Testimony

given by him as a witness, according to which on 01 June 2016 he got a job as an intern at QBEF Group of Companies, which was engaged in brokerage and dealer activities. After a three - stage interview, he started his internship. He was recommended to the group of companies by someone he knew who was already working there. He was interviewed by a girl named Svetlana, as well as his mentors Ruslan Spinka and Nikolai Padalko. The internship lasted for six

months, during which time he did not receive a salary and was not officially employed by the company. In January 2017, he was enrolled as a junior financial adviser at K - Investment LLC, which was located at 8, Presnenskaya Naberezhnaya, 8 p. 1, 9th floor, Moscow. 1, 9th floor. Around the end of 2018, he was appointed to the position of Financial Advisor at the same company, and at the end of 2019 to the position of Senior Financial Advisor. He resigned from K - Investment LLC at the beginning of June 2021 at his own request. Prior to 2020, his duties as a financial advisor, both junior and senior, included calling potential clients from a cold database of phone numbers who were offered the company's products. He also worked with clients who contacted the company on their own initiative. If the client was interested in the company's products, he (the client) was invited to a meeting in the office, where the client personally chose the product offered to him, choosing Russian or foreign markets. He (M.S. Fedorov) personally worked mainly with the Russian market. After the client's package of documents was formed, they were sent by internal e - mail. For the international market the client had to provide a more extended package of documents. Basically, the company secretary would then receive a contract with the client, which had already been signed by an officer on behalf of the company and which had to be signed by the client. In the Russian jurisdiction the contracts were signed on behalf of QBIF LLC and in the foreign jurisdiction on behalf of other companies, the names of which he does not remember. The contracts were few and were concluded at the beginning of his career at MC - Moi Finance LLC. Either a trust management agreement (TMA) or a brokerage service agreement (BS) was concluded with the client. Thereafter, the client was only provided with advisory services on issues arising for the client. Around the end of 2020. - Early 2021, one of the managers of one of the companies, who exactly does not remember, offered him (M.S. Fedorov) to participate in the project - to become a co - founder of LLC "MC - Moi Finance". According to the words of the head, this proposal was made to him (M.S. Fedorov) as a reward for a long period of work in the company. The share of the authorised capital, which he owned was about 4%. Co - founders of LLC "MC - Moi Finance" were also Bogdanova Kristina, Ruslan Spinka, Artem Tallerov, Vladimir Maslennikov, Andrey Korzh and other employees who had approximately equal shares in the authorised capital of LLC "MC - Moi Finance". Bogdanova Kristina, Ruslan Spinka, Artem Tallerov, Vladimir Maslennikov, Andrey Korzh were ordinary employees of the company. Apart from the fact that he (M.S. Fedorov) was formally a founder of LLC "MC - Moi - Finance" had nothing to do with the activities of this company, including not contributing money to the authorised capital, not participating in the meeting of the founders of the company and so on. He was a nominal founder of LLC "MC - Moi Finance", he did not receive dividends from the company's activities. He does not know whether there were any clients in the company and whether financial and economic activities were conducted in LLC "MC - Moi Finance";

The testimony of Smirnov S.B., given by him as a witness,

according to which in 2006, after passing an examination in the Federal Financial Markets Service, by order of the Federal Financial Markets Service No. 06 - 121/pz - i he was awarded the qualification "Financial Market Specialist" in the field of financial market specialisation: investment funds, unit investment funds and non - state pension funds management activities (certificate KA No. 005567). In addition, by Order No. 06 - 425/pz - i of the Federal Financial Markets Service, he was awarded the qualification "Financial Market Specialist" in the field of financial market specialisation: brokerage, dealer activities and securities management activities (KA certificate No. 006284). By the decision of the Attestation Commission No. 365 dated 12.03.2008 he was awarded the qualification of a financial market specialist in keeping the register of securities owners (certificate ASH - 001 No. 004104), by the decision of the Attestation Commission No. 001 dated 17.10.2006 he was awarded the qualification of a financial market specialist in depositary activity (certificate A1U - 001 No. 004617). For a long time he could not find a job. At that moment, in order to look for a job, he started frequenting the Internet forum "Russian Trading System" (forum.rts.ru). On this site there were frequent adverts seeking persons who could nominally take up positions of director, specialist, controller in

various investment companies. This employment was mostly of a formal nature and was required for the subsequent resale of the investment company in question. In order to sell a ready - made investment company, it (the company) had to meet the legal requirements. Therefore, even for formal employment in the Investment Company, a valid certificate of the Federal Financial Markets Service was required. Since he had these certificates, he started responding to these advertisements and periodically started travelling to Moscow to apply for the required positions. His employment was always of a formal nature. For this purpose, he mainly cooperated with the Vermont Group of Companies, whose office was located at 9 Protopopovsky Lane, Moscow. This group of companies has always had many such orders. He mainly interacted on these matters with Irina Velichko, an employee of the Vermont Group of Companies, and someone from the management or the owner of the Vermont Group of Companies named Lyubov. He was mostly employed as a specialist or controller. He was paid about three to five thousand per job. The money was usually paid in cash, unofficially. He was engaged in this integrity until 2014, then by order of the Federal Service for Financial Markets these certificates were cancelled. He cannot explain anything about LLC "Investment Company QBIF" TIN 7733673955, he knows nothing about this company. In 2009 - 2010 he could be the General Director of LLC "Investment Company QBIF" INN 7733673955 only nominally, in fact he did not participate in the activities of this company, he did not sign any documents on this company. He did not sign any powers of attorney on behalf of LLC Investment Company QBF. He was not officially employed by LLC "QBIF Investment Company". Most likely, this company was registered to him in the course of his cooperation with the Vermont group of companies. He has never been at the legal address of QBIF Investment Company LLC. He went to the tax authorities, including MI FTS of Russia No. 46 for Moscow, to the notary in the course of his activity on nominee arrangement with investment companies on several occasions. He admits that he has been to the tax authorities regarding the registration of LLC Investment Company QBF. He himself did not go to banks to open current accounts for the company. He does not know where the documents on financial and economic activities of LLC "Investment Company QBF" were kept. In fact, he did not hold any positions in QBIF Investment Company LLC;

- D. V. Golovanova's Testimony

given to her as a witness, according to which she has a higher technical education, has no knowledge of dealer activities, brokerage activities, securities management activities and activities of professional participants of the securities market. Around 2014, her son Dmitry Golovanov decided to establish LLC "Format Development" INN

7708243109 for the purpose of further acquisition of a land plot and construction of a real estate object on it for renting out. When establishing Format Development LLC, it was decided to proceed as follows: Dmitry Aleksandrovich Golovanov is the general director; she is the founder; Tatiana Nikolayevna Cherezova is the founder; LLC "M1 Invest", where Dmitry Lepeshkin is the general director, is also the founder. She is not personally acquainted with Lepeshkin. LLC "Format Development" was registered on 24.12.2014 at the address: 46, 5th Parkovaya Street, Moscow, but the Company did not carry out its activities at this address, in fact this Company did not have an office. The whole activity should have consisted in acquiring a land plot, erecting a non - residential building there and subsequently leasing out premises in this building. This Company was not established for any other purpose. An agreement was reached between her son and a representative of M1 Invest LLC on financing in equal proportion between the parties. In 2016, her son Dmitry Golovanov found a land plot suitable for the needs of Format Development LLC located at the following address: Moscow Region, Odintsovsky District, Chastsovskoye settlement, Chastsy village. In the same year, Format Development LLC purchased the land plot for approximately RUB 20,000,000. The payment was to be made by two parties, 50 per cent from Format Development LLC and 50 per cent from M1 Invest LLC. She (D.V. Golovanova) deposited her part of the money as a loan to "Format Development" LLC, giving it to her son, as the director of "Format Development" LLC, in cash, after which Dmitry Golovanov deposited the funds into the organisation's account. She received the funds from her husband A.N. Golovanov. After purchasing the land plot, her son and his partners started preparing engineering works, the costs of which were also shared equally between the parties involved. Approximately in March - April 2020 there was a reorganisation of LLC "Format Development", after which the shares in LLC "Format Development" were distributed as follows: she (D.V. Golovanova) - 85%, Tatyana Cherezova - 15%, LLC "M1 Invest" withdrew from the founders. Roman Shpakov acted as a representative of M1 Invest LLC. In approximately March 2021, another reorganisation of LLC Format Development took place, after which the shares in LLC Format Development were distributed as follows: she - 85%, Dmitry Lepeshkin - 10%, Tatyana Cherezova - 5%. In approximately February - March 2021, her son (D. Golovanov) and her husband A.S. Golovanov decided to increase the authorised capital of Format Development LLC to RUB 8,100,000, which previously amounted to RUB 20,000. The authorised capital was increased by transferring the lease right to a land plot previously owned by her (D.V. Golovanova) for a long time, located in the Balashikha District of the Moscow Region. In the future, approximately since September - March, the said land plot in Balashikha district is again in her use. After the transfer of lease rights from her (D.V. Golovanova) to the Company, the administration of Balashikha district expressed claims that the owner of the land plot was a Moscow organisation and not the former individual and it was decided to return the said land plot back to her (D.V. Golovanova). The authorised capital of Format Development LLC has not changed and amounts to RUB 8,100,000;

- D. A. Golovanov's Testimony

given as a witness, according to which approximately in 2013 he started receiving calls on his personal phone from representatives of the QBF group of companies with an offer to become their client, to invest money in securities and shares. He refused, but after consulting with his father, he decided to come to the office of the QBF group of companies, which was located on the 9th floor of the Capital City building in the Moscow City business centre at Presnenskaya Embankment in Moscow, in order to discuss the securities issue. In the course of the conversation, QCBF representatives suggested that he (D.A. Golovanov) meet with one of QCBF Group's executives for the purpose of possible further cooperation in the field of commercial property. The meeting was with Dmitry Sergeevich Lepeshkin, with whom he (D.A. Golovanov) further co - operated. Eventually it was decided to establish LLC "Format Development" TIN 7708243109 for joint acquisition of a land plot and construction of a real estate object on it, leasing it out later. An agreement was reached between him (D.A. Golovanov) and Lepeshkin on financing in equal proportion between the parties. At the same time, according to Lepeshkin from their side the financing will be provided from personal funds of the main shareholder of the group of companies QBF. In addition, an agreement was

reached on the division of functions, under which Lepeshkin's party was to undertake the development of initial permitting documentation, selection of land plots, accounting and legal functions, and, if necessary, the attraction of bank loan financing. For his part, he (D.A. Golovanov) was to select a suitable plot of land from those found by Lepeshkin, develop a commercial concept for the facilities, form a task for design, and select tenants. When establishing LLC "Format Development" they decided to do the following: he (D.A. Golovanov) is the general director; his mother Golovanova Dolores Vasilievna - the founder - 35 % of shares; Tatyana Cherezova - the founder - 15 % of shares; LLC "M1 Invest", where Lepeshkin is the general director - 50 %. An accountant, lawyer and other specialists should be provided by Lepeshkin. He (D.A. Golovanov) has seen these employees in the office of the Kyubi group of companies, and they (the employees) have never worked in the staff of Format Development LLC. LLC "Format Development" was registered on 24.12.2014 at the address: 46, 5th Parkovaya Street, Moscow, but the Company did not carry out its activities at the specified address and there was actually no office. All activities should have consisted in acquiring a land plot, erecting a non - residential building there and leasing out premises in this building. The Company was created for other purposes. All negotiations on the Company's activities took place in various offices, including the office of the QBF group of companies in BC "Moscow City". The settlement accounts of Format Development LLC were opened in Sberbank JSC and Alfa Bank JSC, but the account opened in Sberbank JSC was never used. After establishing Format Development LLC, he and Lepeshkin started searching for a suitable land plot. While searching for a land plot, Lepeshkin explained to him (D.A. Golovanov) that the main shareholder of the QBF group of companies would like to consult with him (D.A. Golovanov) on the possibility and liquidity of an unfinished property in Serpukhov, Moscow Region, on Privokzalnaya Square. He (D.A. Golovanov) agreed to help Lepeshkin, after which they agreed to meet in the vicinity of the property in Serpukhov. Lepeshkin was not present at the meeting, but two men unknown to him (D.A. Golovanov) arrived, who turned out to be Vladimir Pakhomov and Roman Shpakov, he had seen their photos posted in the public domain on the Internet. Together with Pakhomov and Shpakov they inspected the presented property, after which they discussed the liquidity of purchasing the said property. After this meeting he saw Shpakov and Pakhomov several more times in the office of QBF group of companies in BC "Moscow City", but he did not have any personal meetings with Pakhomov. I saw Shpakov about 5 - 6 times in the office of QBF Group, but I had all interactions on current issues with Lepeshkin. In 2016, a land plot with cadastral number 50:20:0060532:3724, located at the address: Moscow region, Odintsovsky district, Chastsovskoye settlement, Chastsy village, was found suitable for the needs of Format Development LLC, which Format Development LLC purchased for approximately RUB 22,000,000 in 2016. Payment was to be made from two parties, 50 per cent from him and his (Golovanov D.A.) family and 50 per cent from M1 Invest LLC represented by Lepeshkin. On his part he (D.A. Golovanov) deposited the money in cash into a bank account for further transfer to the seller as a loan, as they purchased the plot on similar terms. There was a delay in the transfer on Lepeshkin's part, but soon the money was transferred to the seller by M1 Invest LLC, also as a loan. His mother Golovanova D.V. contributed her part of the money to "Format Development" LLC as a loan, giving it to him (Golovanov D.A.) as the director of "Format Development" LLC in cash, after which he (Golovanov D.A.) deposited these funds into the account opened in "Alfa Bank" JSC. After the acquisition of the land plot, they started preparing engineering works, the costs of which were also shared equally between the parties, him and Lepeshkin. In addition to the expenses for the needs of the Company, Roman Shpakov repeatedly approached him (D.A. Golovanov) to borrow money. As a result, he (D.A. Golovanov), as an individual, lent Roman Shpakov money totalling approximately 14,000,000 roubles, for which Shpakov prepared receipts. In the course of the activities of LLC "Format Development" related to the land plot in Odintsovsky district, Shpakov, according to Lepeshkin, repeatedly delayed the deadlines for his obligations and thus created certain difficulties in further development, after which he (D.A. Golovanov) proposed to Shpakov and Lepeshkin to withdraw from the business of LLC "Format Development". Shpakov agreed on the condition that he (R.V. Shpakov), as an individual, be given another loan. The loan of funds decided to issue promissory notes on behalf of Roman Shpakov in his (D.A. Golovanov) name in the amount of 8 pieces for the total amount of 200,000 US dollars. The last promissory note was finally repaid in January 2021. In the course of the transaction of sale and purchase of shares of LLC "Format Development", the sale of shares was executed by LLC "M1 Invest" with the assignment of claims on previous loans, which were taken from him (D.A. Golovanov) Shpakov and the assignment of the loan, which was granted to the Company "Format Development" by LLC "M1 Invest". The above transaction for the sale and purchase of shares in LLC Format Development took place in approximately March - April 2020. After the sale and

purchase transaction, the shares in LLC "Format Development" were distributed as follows: Dolores Golovanova - 85 %, Tatyana Cherezova - 15 %, and M1 Invest LLC withdrew from the founders. In approximately February - March 2021, he was again contacted by Dmitry Sergeevich Lepeshkin and offered his services in helping to complete the improvement of the land plot in the Odintsovsky district and carrying out further construction. Lepeshkin explained to him (D.A. Golovanov) that he was no longer working with Shpakov, but that he continued to work in the real estate business. He agreed to Lepeshkin's help on the condition that he (Lepeshkin D.) would not receive payment for his services, but would become a participant of LLC "Format Development" in the amount of 10 per cent of shares. Thus from 19.03.2021 the shares in "Format Development" LLC were distributed as follows: Dolores Golovanova - 85 %, Dmitry Lepeshkin - 10 %, Tatyana Cherezova - 5 %. Around the same time, in February - March 2021, he (D.A. Golovanov) and his father decided to increase the authorised capital of "Format Development" LLC, which previously amounted to 20,000 roubles to 8,100,000 roubles. The authorised capital was increased by transferring the lease right to a land plot located in the Balashikha District of the Moscow Region, which had previously belonged to his mother Dolores Golovanovanovova for a long time. Later, around September - March, the land plot in question was again used by Dolores Golovanova, because the administration of the Balashikha district raised complaints about the change of tenant. After the lease rights were returned to Golovanova from Format Development LLC, the authorised capital of the Company did not change and amounted to RUB 8,100,000. Work on preparing a land plot for construction in the Odintsovsky district was carried out with the participation of Dmitry Lepeshkin. He (D.A. Golovanov) has nothing to do with the activities of QBG. Munaev Zelimkhan is familiar to him, he met him (Munaev Z.V.) in the office of the QBF group of companies. In addition, during the time when he (D.A. Golovanov) and Lepeshkin went to lunch together, a girl named Linda was periodically with Lepeshkin D.. He (D.A. Golovanov) also met Evgenia Rossieva at the office of the QubeyEf group of companies, as Evgenia Rossieva was accompanying the sale of a share in M1 Invest LLC;

- T.N. Cherezova's Testimony

given to her as a witness, according to which, around 2013, her husband proposed to her to become a founder of LLC "Format Development" INN 7708243109, which was founded by his (her husband's) friend Dmitry Alexandrovich Golovanov. Her husband was approached by Golovanov for help as a specialist in the field of construction. Her husband in turn offered her (T.N. Cherezova) candidacy as a founder of Golovanov's company, as they did not take money from Golovanov for their services, but could count on profit in the form of dividends to the organisation. She agreed to become a co - founder of Format Development LLC with a 15% share. In addition to her, the co - founders included Dolores Vasilyevna Golovanova, the mother of Dmitry Golovanov, with a 35 per cent stake, and M1 Invest LLC with a 50 per cent stake. LLC "Format Development" was registered on 24.12.2014 at the address: 46, 5th Parkovaya Street, Moscow, but in fact this Company did not have an office. The whole activity should have consisted in acquiring a land plot, erecting a non - residential building there and subsequently leasing out premises in this building. This Company was not established for any other purposes. To carry out the activities of Format Development LLC, the management of the Company in 2016 purchased a land plot located at the address: Moscow region, Mozhaiskoye Highway, Odintsovsky district, Chastsovskoye settlement, Chastsy village. The cadastral value of the land plot was approximately 7,000,000 roubles. After the purchase of the land plot, preparatory work for construction began on it, which continued until approximately August - September 2021, as from that time the land plot was seized. Approximately in March - April 2020, the composition of the management board of Format Development LLC changed, namely Dolores Golovanova - 85%, Tatyana Cherezova - 15%, and M1 Invest LLC withdrew from the founders. Approximately in February - March 2021, the composition of the Management Board of Format Development LLC changed again and was distributed as follows: Dolores Golovanova - 85 %, Dmitry Lepeshkin - 10 %, Tatyana Cherezova - 5 %. By that time, the authorised capital of the company was already 8,100,000 roubles, whereas previously it had been 20,000 roubles. The authorised capital was increased by transferring the lease right to a land plot previously owned for a long time by Dolores Golovanova, located in the Balashikha district of the Moscow region.

Subsequently, in approximately September - March 2021, the said land plot located in Balashikha district was again used by Golovanova Dolores. After the transfer of the lease rights to Golovanova from LLC Format Development, the authorised capital of the Company did not change and amounted to RUB 8,100,000. No profit is made by Format Development LLC and no profit distribution meetings or other board meetings are held. She does not receive any money for her participation in Format Development Ltd;

- O.V. Maricheva's Testimony

given to her as a witness, according to which in approximately 2018 she experienced financial difficulties and was looking for a source of additional income, in connection with which she turned to various acquaintances for help. Her acquaintance Choporov Dmitry Alexandrovich offered to become the founder and general director of a limited liability company for monetary remuneration, which amounted to 15,000 rubles per month, but she did not need to engage in any organisational, financial and economic activities of this company. It was on such terms that she agreed to provide her documents for the formation of a legal entity in her name and the entry of her (O.V. Maricheva) information in the Unified State Register of Legal Entities. Dmitry Choporov explained that both he (Choporov) and his cohabitant Natalia Kochetkova are also general directors of other limited liability companies and also receive monetary remuneration for this. Also, in addition to her (Maricheva O.V.), her husband Marichev A.N. agreed with the proposal to become a fictitious general director on similar terms. She (Maricheva O.V.) does not know in which companies Marichev A.N., Choporov Dmitry and Kochetkova Natalia were fictitious general directors. D.A. Choporov explained that his acquaintances working in the group of companies "KiyuBiEf" were in charge of all the issues related to the registration of the legal entity, after which he introduced her to Evgeniya Rossieva. After the first meeting with Evgeniya Rossieva, which took place around December 2018 in the Moscow City Business Centre at Presnenskaya Embankment 8 in Moscow, she (O.V. Maricheva) agreed with Evgeniya Rossieva's proposal and gave her (E. Rossieva) her documents to be entered into the Unified State Register of Legal Entities, where she (O.V. Maricheva) will be the founder and CEO of LLC "VL Consulting" INN 7706463476. Later she (Maricheva O.V.) did not see Rossieva Evgeniya, but she (Rossieva E.) talked to her about monetary remuneration for her (Maricheva O.V.) participation in the LLC "VL Consulting". After the meeting with Rossieva Evgenia, she (Maricheva O.V.) was already contacted and met with Burlakova Natalia, who periodically invited her (Maricheva O.V.) to the Business Centre "Moscow - City" to sign pre-prepared documents related to LLC "VL Consulting". She (Maricheva O.V.) did not read the signed documents, as she trusted Rossieva and Burlakova and had no doubts about their decency. She did not go to the Federal Tax Service to sign any documents, she did not go to credit and other institutions to open accounts and sign any documents related to LLC "VL Consulting". She (Maricheva O.V.) signed, among other things, various powers of attorney on her own behalf for people she does not know. All information about the persons included in the powers of attorney was provided by Burlakova Natalia. Some documents were signed at the notary's office at the Moscow City Business Centre. She does not know what kind of activity VL Consulting LLC was engaged in. She also does not know the staff of VL Consulting LLC, information on the Company's settlement accounts, the address of the Company and other information related to it (the Company). She did not make any independent decisions related to the activities of VL Consulting LLC. She received money for her participation in VL Consulting LLC for approximately one and a half to two years. Basically, the money for participation in VL Consulting LLC was transferred to her bank card from Burlakova Natalia, the details of which she (Maricheva O.V.) had previously provided to Burlakova N. Sometimes the money was paid to her in cash by Burlakova Natalia and her husband Marichev A.N. received it for her (Maricheva O.V.);

The testimony of Taranukh D.V.

, given by him as a witness, according to which, in approximately March 2021, he received a phone call from Svetlana, previously unknown to him, informing him that she represented the interests of a large investment company recruiting candidates for vacant positions. On or about 11 - 12 March 2021, he was invited for an interview at the organisation's office located on the 9th floor of the Moscow City Business Centre on Presnenskaya Embankment in Moscow. There he met Svetlana, who introduced herself as the head of the Human Resources Department of the QBF Group of Companies. She (Svetlana) asked him to provide all available documents confirming his education, work experience, citizenship and other documents. On the same day he was approached by Ruslan Spinka, who introduced himself as one of the top managers of the QBF group of companies and explained that in the future he (D.V. Taranukh) would co - operate with him (R. Spinka) on all working issues directly. Spinka Ruslan also introduced him (Taranukh D.V.) to Padalko Nikolay, one of the top managers of the QBF group of companies. In addition, he had to communicate with Evgenia Rossieva, who is the head of the legal department of the QBF group of companies. In conversation with Spinka R. and Padalko N., the latter explained to him that the QBF group of companies is a large investment company and has a number of different lines of business and independent projects, and one of such projects was VL - Consulting LLC INN 77006463476, where the founder was White Holdings Limited Liability Company, registered in Hong Kong, and whose director was Nikolai Sergeyevich Padalko. He (Taranukh D.V.) was offered to become the General Director of VL - Consulting LLC and to develop the planned line of business, which included consulting the public on securities markets, stock trading, mutual funds, and financial products of QBF Group. These activities were supposed to be carried out on a paid contractual basis. He (Taranukh D.V.) was interviewed in various ways to improve his level of knowledge in the field of finance. As a result of the interviews, around April 2021, he (Taranukh D.V.) was informed that he had passed the selection competition and was offered a salary of RUB 120,000 per month, with the possibility of increasing it if the organisation's sales level increased. He agreed with the proposal of Spinka R. and Padalko N., after which he signed a labour contract, on the basis of which he (Taranukh D.V.) became the general director of LLC "VL - Consulting" INN 77006463476. At a notary located in the building of the Moscow City Business Centre, he signed the founding documents in respect of VL - Consulting LLC. After receiving information from the Federal Tax Service that he (Taranukh D.V.) is the General Director of LLC "VL - Consulting", which became known to him on 28.05.2021, he issued an EDS (electronic digital signature) in his name and re - registered the Company's current account opened in PJSC "Sberbank". Every day he (Taranukh D.V.) went to the office of QBF Group of Companies located in the Moscow City Business Centre, where he studied the regulatory framework related to the activities of VL - Consulting LLC. The company did not carry out its core business activities. Spinka R. and Padalko N. said that in the near future the Company would start carrying out its activities. According to them (Spinka R. and Padalko N.) LLC "VL - Consulting" is a non - functioning organisation with a zero balance sheet, which was formed for the project. He knows nothing about the fact that "VL - Consulting" LLC carried out any activities, including accepting money from citizens. Spinka R. and Padalko N. promised to provide him with about 6 - 10 employees, who are already experienced financiers. In addition, Padalko N. and Spinka R. promised to provide a separate office to carry out the activities of LLC "VL - Consulting", but the employees and the office were never provided. In May - June 2021, the offices of QBF group of companies were searched, after which, when he asked about the future of the company, Spinka R. and Padalko N. explained that VL - Consulting LLC had no legal relation to QBF LLC and he (Taranukh D.V.) had nothing to worry about. Further, he continued to come to the office of QBF Group of Companies in Moscow City on a daily basis. In July - August 2021, he was no longer allowed into the office of QBF Group of Companies in Moscow City. On 25.12.2021, he resigned as CEO of VL - Consulting LLC, after which he notified the Federal Tax Service through a notary about the unreliability of the information available in the Unified State Register of Legal Entities, as he (Taranukh D.V.) was no longer a director, and no one appointed a new director instead of him. He notified Spinka R. and Padalko N. about his decision, but they did not make any proposals to replace the general director. He notified the founder in Hong Kong and Padalko Nicholas by post of his action to withdraw his authority. For all the time he (Taranukh D.V.) was in the position of the General Director of LLC "VL - Consulting", he (Taranukh D.V.) did not receive any salary and was not paid any money for participation in the activities of this Company. - Nesterova I.S.'s Testimony

as a witness, according to which, in October 2010 or so, her acquaintance Kuzin Sergey Lvovich offered her a job at QB Finance Ltd. as head of the personnel department. She has known Kuzin S.L. for a long time, as Kuzin is the husband of her sister. Kuzin S.L. worked in this company and was a co - founder together with Roman Valeryevich Shpakov, who was the direct manager of this company. She agreed to Kuzin S.L.'s proposal and then had an interview with Shpakov R.V., who approved her candidature. Her salary was approximately 25,000 per month, which was given to her in an envelope directly by R.V. Shpakov, and she did not sign her pay slips. Her work duties included being an office manager. As part of her work duties, she supervised the organisation's advertising, the appearance of employees, the organisation of employee catering, the supervision of employees and secretaries and clearing companies, record keeping and personnel work. She did her work independently, but reported on the results of her work directly to Shpakov R.V. The office of QB Finance LLC was located at the following address: Moscow, Krasnopresnenskaya metro station, Business Centre, 24 Krasnaya Presnya Street. Around February 2011, the office of QB Finance LLC changed its address and was moved to the Moscow City Business Centre at 8 Presnenskaya Embankment. She worked at QB Finance LLC from October 2010 to 2013 - 2014 and resigned at her own request. The reason was that she did not agree in character and opinion with Shpakov R.V. During her employment with QB Finance LLC, the following employees, whom she knows personally, worked in the organisation at various times: Roman Valerievich Shpakov - the head of the organisation; Sergey Lvovich Kuzin - participated in important meetings of the organisation, but she does not know his position; D. Lepeshkin - the head of the management team.S. - head of a team of account managers; Maxim Yudin - head of a team of account managers; Dmitry Sergeyeovich Kipa - head of a team of account managers, including analytics; Zelimkhan Visaitovich Munaev - head of a team of account managers; Vladimir Pakhomov - assistant to R. Shpakov; Nikolay Mikhailov - assistant to R. Shpakov.V.; Mikhailov Nikolai - head of the team of account managers; Voronova Tatiana - chief accountant; Modin Nikolai - co - founder, possibly technical director; Gorsheneva Margarita - was engaged in the development of the company's brand, and could also be in close relations with Shpakov R.V.; Gramza Ekaterina - performed the functions of a secretary in the reception; Selivanov Yuri - trader; Gonchar Dmitry - manager in the group at Kipa D.S., Gurevich Igor - manager in the group at Kipa D.S.; Zarechnev Vladimir - trader; Valiev Renat - manager in the group at Kipa D.S.; Rossieva E.A. - lawyer, I have never seen her, with Rossieva E.A. there was only business correspondence. In addition, Alexei Ovsyannikov, Arseny Rukhov and Daniil Roschupkin worked as brokers at QB Finance LLC. Alexey, Arseniy and Daniil did not work in the company after the change of the office address. Shpakov R.V. initially organised his activities with the above people, but later on they also stopped finding a common language with Shpakov. Around 2012, she was offered to develop a project, which was Kyubi Consulting Ltd. In this company she was the general director and co - founder, the second founder was Kuzin S.L. Despite her position as the general director of Kyubi - Consulting LLC, she did not participate in the financial and economic activities of the company and did not make any decisions. R.V. Shpakov dealt directly with all organisational and financial issues of this organisation, while she opened accounts for Qubey - Consulting LLC in Alfa Bank and went to the tax service on issues related to the activities of Qubey - Consulting LLC. She soon withdrew from the founders of Kyubi - Consulting LLC and resigned from the position of general director. She did not receive any money for her participation in the activities of Kyubi - Consulting LLC;

Rumak S.E.'s testimony, given by him as a witness,

according to which he had been working in OJSC Region - Invest as a stock broker for 17 years. He worked in this organisation until about 2008 - 2009. The head of OJSC "Region - Invest" was Mukhamedgaliev Ramazan Gabidovich, with whom he (Rumak S.E.) had trusting relations and he (Mukhamedgaliev R.G.) periodically addressed him (Rumak S.E.) with various requests not related to the duties of a stock broker. Thus, at the request of R.G. Mukhamedgaliev, he (S.E. Rumak) was a founder or participant, as well as the general director of various JSCs and LLCs, but he does not remember the names of the companies, as he was a nominal director and participant of the companies, did not make any independent decisions, did not participate in the financial and economic activities of the companies. At the request of R.G. Mukhamedgaliev, he (S.E. Rumak) signed various documents relating to the activities of those organisations where he (S.E. Rumak) could be a director or participant. For example, at the request of R.G. Mukhamedgaliev, he (S.E. Rumak) could have been the general director and participant of KBF Asset Management LLC in the period of 2013 - 2014, but he does not know what activities this company carried out. In addition, he remembers the organisation of PJSC "Venture Finance Centre". He does not exclude the fact that at the request of R.G. Mukhamedgaliev he (S.E. Rumak) could have been a participant or general director of this company at some time. At the request of R.G. Mukhamedgaliev in approximately 2013 - 2014, he (S.E. Rumak) participated in a transaction for the sale and purchase of promissory notes issued by a bank, possibly "Sberbank", which were purchased by representatives of the group of companies "QBF". He was present at this transaction as a seller of bank promissory notes, and Mikhailov Nikolay and Lepeshkin Dmitry were present as buyers on behalf of the group of companies "QBF". He (Rumak S.E.) brought the promissory notes to the transaction by hand, and the funds under the transaction were transferred in non - cash form from the account of the buying organisation to the account of the selling organisation;

- The testimony of N.V. Mikhailov, given by him as a witness,

according to which in 2010 he was temporarily unemployed and placed a questionnaire on the website "HeadHunter.ru" on the search for a vacancy for the position of sales assistant. In the same year, around October - November, he received a call on his mobile phone and was invited to an interview at the company QB Finance (later renamed QBF). At the interview, he spoke to Vladimir Lipatnikov, who held the position of head of sales at the company. During the interview he (N.V. Mikhailov) informed Lipatnikov V. of his intention to work in sales, spoke about his experience and skills he possessed. In turn, Lipatnikov V. told what the company "QB Finance" does, it carries out activities in asset management on the stock market in America. After the interview, after a short time he (N.V. Mikhailov) received another call and was informed that his (N.V. Mikhailov) candidature was agreed for the position of a consultant. In fact, his duties in the company included making phone calls to the numbers provided by the employees of the organisation. During these telephone calls he (N.V. Mikhailov) told about the activities of QB Finance Company according to the information provided to him by the management, after which he invited the interlocutors to the company for a consultation. He did not take part in the consultations themselves; this was done by the heads of departments. The head of QB Finance was Frolov Vladimir Gennadyevich. He (N.V. Mikhailov) had a direct superior Lipatnikov V. Later Shpakov R.V. became the head of the company and he (R.V. Shpakov) became his (N.V. Mikhailov) direct superior. He (N.V. Mikhailov) worked as a consultant until about 2013. Thereafter, he held various positions in QB Finance: he was a financial advisor, development director, and held other positions. Subsequently, his function in

the organisation changed, on the order of R.V. Shpakov, he (N.V. Mikhailov) began to search for projects interesting for the development of the company, in which it would be possible to invest or organise a joint business that would bring profit to the organisation. He worked in the company until about 2017. During this time he conducted many negotiations to attract business companions, for example, projects for the construction of a mushroom farm, shopping centre, bakery, but the final negotiations and final decision - making always rested with Shpakov R.V. He stopped working at QBF on the instructions of Shpakov R.V. so that he (Mikhailov N.V.) would not be listed in two positions. During the period of time from 2013 - 2014 to 2021, he worked for the company "VCF" (Venture Capital Finance Centre). Initially, he worked part - time, and later it was his direct employment, in the capacity of General Manager. R.V. Shpakov was appointed to the said position. R.V. Shpakov instructed him (N.V. Mikhailov), as his subordinate, to get a job in the said company. He (N.V. Mikhailov) had no choice but to agree, otherwise he (N.V. Mikhailov) would have been dismissed and would have lost his job. His workplace did not actually change and was still located in the Capital City Tower. In this company the staff sometimes changed from 3 to 10 people. The accountant was Ekaterina Gramza, who had good relations with R.V. Shpakov. During the period of his (N.V. Mikhailov) being in the position of the general director of the company "CEF" he did not actually manage, he knew nothing about the financial and economic activities of the company, as he was a nominal manager. He could sign some documents on behalf of the general director of the company, which were provided to him either by Gramza E. or other employees of QBF. Instructions to sign any documents were given to him by both Shpakov R.V. and the accountant Gramza E., as well as other office employees, referring to the instructions of Shpakov R.V. At the same time, he (Mikhailov N.V.) repeatedly noticed documents drawn up on behalf of the company "QBF" and signed on his behalf, although he did not personally sign them. He did not study the documents he signed, as he realised that all of them were agreed with R.V. Shpakov, the actual head of the company "CEF". R.V. Shpakov made decisions on the company's activities, and he (N.V. Mikhailov) was formally their signatory as the general director of the company. Around July - August 2021, he was dismissed from the company "CEVF" by the decision of the Board of Directors. He (N.V. Mikhailov) believes that the reason for his dismissal was his refusal to carry out transactions with the assets of the company "VCF" in June 2021, when law enforcement agencies became interested in the activities of the group of companies Shpakov R.V. He (N.V. Mikhailov) was listed as General Director of PJSC "Venture Finance Centre" INN 7734682254 since 2013, he was never the founder of this company. In LLC "Profi" INN 7703447860 he (N.V. Mikhailov) was nominally the founder and general director from the moment of the establishment of the company, also on the instructions of R.V. Shpakov, actually did not manage the company, did not participate in its activities. He does not exclude that he (N.V. Mikhailov) signed powers of attorney for the management of PJSC Venture Finance Centre and LLC Profi. He knows the following persons who worked at QBF: Ruslan Spinka and Nikolay Sergeevich Padalko - employees of the company; Yuri Nikolayevich Orlov - an employee of the company who worked in the IT department; Vladislav Olegovich Plitin - an employee of the company who worked with its clients; Andrey Vasilievich Korzh - an employee of the company; Vladimir Georgievich Frolov - at the time of his (Mikhailov N. V.) employment, the General Director of QBF.V.) employment general director of "QBFinance"; Pakhomov Vladimir Sergeevich - top manager, what he (Pakhomov V.S.) was doing specifically does not know, often saw Pakhomov V.S. together with Shpakov R.V.; Shpakova Irina Nikolaevna - mother of Shpakov R.V., Zelimkhan Visaitovich Munaev - top manager of the company; Stanislav Anatolievich Matyukhin - he knows her, assumes that he is a top manager; Evgenia Anatolievna Rossieva - he knows her, her workplace was in the legal department; Linda Athanasiadou - he saw her in the office, he does not know what she was doing; Pavel Yuryevich Vlasov - employee of the company; Kirill Sergeevich Sobolev - employee of the company in the sales department; Aleksey Sergeevich Golubev - he heard that he is a manager in St. Petersburg; Aleksey Sergeevich Golubev - he heard that he is a manager in the city of St. Petersburg. - Agafonov S.V.'s testimony, given by him as a witness,

according to which in about 2018, the date he does not remember exactly, his wife Smirnova Yaroslava Gennadyevna offered him to earn money - to become the general director of a limited liability company for monetary remuneration.

Previously, he had never been a director or founder of companies. This proposal interested him and he agreed to become the director of the Company on condition that he would be paid approximately 10,000 roubles per month. It was explained to him (S.V. Agafonov) that the organisation should deal with real estate transactions. His wife (Smirnova Y.) introduced him to Natalia, whom he first met at the Moscow City BC in the Federation Tower on Presnenskaya Embankment in Moscow around May 2018. Natalia took him to a notary, who was also located in BC "Moscow City" and there he (S.V. Agafonov) was given a number of documents to sign, which he signed. What documents they were, he does not know, he did not read them. According to the verbal agreement with Natalia, he (S.V. Agafonov) became director of Limited Liability Company LLC "701" INN 7703456375 for monetary remuneration in the amount of approximately 10,000 rubles per month, but he would not make any organisational and administrative decisions. After signing the documents, he left the office of the organisation and subsequently came to the building of the Moscow City DC on Presnenskaya Embankment in Moscow when he received calls. He was also aware that the company he headed was controlled by the management of the QBF group of companies, which was engaged in brokerage and securities operations. In turn, the head of the QBF group of companies was Roman Shpakov, but he did not know him personally. To carry out the activities of the Company, he (S.V. Agafonov) could sign a power of attorney at the notary's office on his own behalf as the General Director of LLC "701" INN 7703456375, entrusting all his powers to another person. When signing the documents and the power of attorney at the notary, he did not see the person to whom I entrusted the management of the Company, as well as other possible participants of the Company. He did not go to any offices in the building, all negotiations with Natalia were held in the lobby of the building except for the meeting that took place at the notary's office. Among the employees of the QBF group of companies, he met several times with Evgenia Rossieva, who gave him money as remuneration for his participation as a director of the Company. Rossieva Evgenia transferred the money to him through his wife Smirnov Yaroslava in cash. The payments were made irregularly. He also knew Ekaterina Gramza, who was an employee of the QBF group of companies. With Gramza E. he went to banks in Moscow to open settlement accounts for LLC "701". He gave all the information and passwords he received at the bank to Ekaterina Gramza. LLC "701" TIN 770345637 was registered in his name on 17.05.2018. Natalia further accompanied him (S.V. Agafonov) in signing constituent and other documents in respect of LLC "701", where he was subsequently the director. He does not know whether LLC "701" had any financial and economic activities. He never went to the Federal Tax Service to draw up documents in respect of LLC "701" and did not sign any documents there. He was a nominal director of LLC "701" and did not make any decisions, he did not proactively sign financial, organisational, economic and administrative documents on behalf of the director of LLC "701". All signing of documents in the interests of LLC "701" took place on the instructions of Natalia and Evgenia Rossieva, and they prepared these documents in advance. He does not know what these documents were, he did not read them when signing them. He does not remember how many times he signed the documents prepared by Natalia and Evgeniya Rossieva. He did not sign for the receipt of money in the statements;

Borodki, Parkovaya street, 1, on which the construction of the project LCD "Gribovsky les" is carried out, belonged to him (Arsenchuk V.E.) as an individual. He purchased this land plot in 2011, also from an individual, for 120,000,000 roubles, while looking for partners to implement the project. His son Nikolay Valeryevich Mikhailov worked for QBF from approximately 2011 - 2012 until 2019, developing and implementing various QBF projects. In about 2013, his son proposed to co - operate with his (son's) manager and beneficiary of QBF companies Shpakov R.V. After communication with Shpakov R.V., he (Arsenchuk V.E.) considered it possible to co - operate with Shpakov R.V., in connection with which he (Shpakov R.V.) eventually became a founder of Simon Jesso LLC. As far as he (V.E. Arsenchuk) remembers Shpakov R.V. paid him half of the cost of the land plot - 60 000 000 roubles, this was the fulfilment of the condition for Shpakov R.V. to enter the Gribovsky les LCD project. The land plot was appraised by specialists hired by Shpakov R.V. The land plot was valued at more than 500,000,000 roubles and with this amount the plot was included in the authorised capital of Simon Jesso Ltd. After he (V.E. Arsenchuk) joined the founders of Simon Jesso LLC, he was appointed general director and chief accountant of the company. The second founder of the company with a 50% share was Shpakov R.V. The responsibilities were divided, he (Arsenchuk V.E.) was responsible for the design and implementation of the construction of the facility, and Shpakov R.V. was responsible for financing the project and maintaining the financial records of the company. All financial and accounting documents were prepared by a person from R.V. Shpakov. - Voronova Tatiana. She worked for a short period of time, and after her Ekaterina Gramza was in charge of the company's accounting. The accounting documents were mainly located in the QBF office in Moscow City and, as he was informed, some of the accounting documents were carried by Gramza E. in her car at all times. Shpakov R.V. transferred two loans to Simon Jesso LLC in approximately 2016 - 2017: one from an individual in the amount of approximately 40,000,000 rubles; the other from the company M1 Invest LLC in the amount of possibly 50,000,000 rubles. On his (V.E. Arsenchuk's) side, as an individual, funds were also deposited into the accounts of Simon Jesso LLC, totalling approximately 50,000,000

rubles. Additional funds were needed to continue construction and in this regard, around the beginning of 2019, he (Arsenchuk V.E.) applied to Srednerussky Sberbank with a loan application, and around June 2019, an agreement was concluded between "Simon Jesso" LLC and PJSC Sberbank. The total amount of the loan was RUB 1,050,000. LLC StroyInterService won the tender for the construction of the Gribovsky Les Residential Complex and was the general contractor. An investment contract worth 36 million roubles was concluded between Simon Jesso LLC and the Odintsovo District Administration. Under the terms of the contract, OOO "Simon Jesso" has to allocate a room for a doctor's office in the LCD, transfer to the Administration 2 flats with a total area of about 100 square metres, as well as agricultural tractors worth a total of 6,000,000 roubles. Around the end of November - December 2020 he (V.E. Arsenchuk) became aware of the fact that R.V. Shpakov sold his (R.V. Shpakov's) 50% shares in "Simon Jesso" LLC to Denis Vitalievich Sorokin, who is now actually blocking the activity of the enterprise. As the second founder with a 50% stake, D.V. Sorokin refuses to finance the construction of the facility and refuses to sign any documents, including the guarantee agreement with the bank. According to D.V. Sorokin, he did not receive a "command" for the above actions, and he did not explain from whom exactly the command should come. He does not know Sorokin D.V. to the present time, he has not seen him (Sorokin D.V.) and has not communicated with him, he does not know what kind of person he is. He (Arsenchuk V.E.) does not know the circumstances of the contract between Shpakov R.V. and Sorokin D.V., as well as its conditions. Initially R.V. Shpakov offered him (V.E. Arsenchuk) to buy 50% of the shares of the company, but he refused for the reason that it was important for him to finish the construction project and he tried to use any free money for its implementation. In order to complete the construction, the project needs additional funding of approximately 200,000,000 roubles. During the implementation of the Gribovsky Les LCD project, Shpakov R.V. initially had a representative - Lepeshkin Dmitry Sergeevich, who did not work for Simon Jesso LLC, but was actually fully engaged in the project, representing Shpakov R.V. Lepeshkin D.S. communicated with network organisations and communicated with representatives of the Odintsovo Administration. He (Arsenchuk V.E.) does not keep in touch with Shpakov R.V. at present, the last time he spoke by phone was in April 2021. Shpakov R.V. wanted to reissue some flats to persons affiliated to him (Shpakov R.V.), after which he would refinance the project. He (V.E. Arsenchuk) refused Shpakov R.V. and did not communicate with the latter after that. Until the beginning of July 2021 the keys of the bank - client and 1C Accounting programme were in the possession of Gramza E., but in June she (Gramza E.) stopped submitting accounting reports and blocked payments. In this regard, he (V.E. Arsenchuk) re-issued the bank - client and "Accounting 1C" keys to himself. All accounting documents are also at Gramza E.'s place;

- The testimony of D.V. Sorokin, given by him as a witness,

according to which he has known Roman Valeryevich Shpakov since about 2010, who until recently was a family friend. They got acquainted through his (Sorokin D.V.) sibling Sorokin Andrey Vitalievich, who is closely acquainted with Shpakov R.V.'s mother. - Shpakova Irina Nikolaevna. In the process of communication Shpakov R.V. offered him (Sorokin D.V.) to invest in his (Shpakov R.V.) commercial activity, he (Sorokin D.V.) knew that Shpakov R.V. was engaged in trading on stock markets. He (D.V. Sorokin) in 2010 - 2011 transferred to R.V. Shpakov. 10,000,000 roubles as an investment. These funds were his personal savings, which had been accumulated and stored in US dollars since about 1996, i.e. since he started his entrepreneurial activity. At the moment he does not remember where exactly the transfer of funds took place, it was done in instalments of 2 - 3 million at a time. Most likely, the money was transferred in Severodvinsk, as R.V. Shpakov periodically appeared in Severodvinsk, and he (D.V. Sorokin) never travelled to Moscow. At the time of transferring the money, receipts on receipt of the money by R.V. Shpakov were drawn up, but he does not remember their text at the moment. However, there was an oral agreement that the money was given to R.V. Shpakov as an individual as a loan with the condition of interest accrual at the rate of 7 per cent per annum and with the condition of indexation depending on changes in the US dollar exchange rate. In late January - early February 2021, during a telephone conversation, he asked Shpakov R.V. about the possibility of receiving his (Sorokin D.V.) money that had been transferred to Shpakov R.V. as loans. R.V. Shpakov explained that he could transfer in his (D.V. Sorokin's) favour a share in the authorised capital of OOO "Simon Jesso" in the amount of 50%, with a total

value of 60,000,000 roubles. Shpakov R.V. explained to him that the purchase and sale of the share in the authorised capital of Simon Jesso LLC would not be for cash, but by transferring to him (Sorokin D.V.) securities - promissory notes. At the end of February 2021 he (D.V. Sorokin) received a phone call from I.N. Shpakova and informed that in order to carry out the transaction of purchase and sale of a share in the authorised capital of OOO "Simon Jesso" he should arrive in Moscow to execute all the documents. On 25.02.2021, he arrived at the central office of Sberbank PJSC in Odintsovo, he does not remember the exact address, where he had an appointment with Shpakova I.N. At the bank, the documents for the transaction of sale and purchase of a share in the authorised capital were executed. At the same time in the office of PJSC "Sberbank" in addition to him was present Shpakova I.N. After registration of documents in PJSC "Sberbank" went to the notary Kvitko A.F. in Odintsovo, where the transaction of sale and purchase of a share in the authorised capital of LLC "Simon Jesso" was registered and the contract of sale and purchase of a share in the authorised capital of the Company series 77 AG 5062560 was issued. Later it became known to him that the transaction was conducted under a notarial power of attorney issued by Shpakov R.V. in favour of Shpakova I.N. Shpakov R.V. himself was not present during the transaction of sale and purchase of a share in the authorised capital. As far as he (Sorokina D.V.) knows, the information about his entry as a founder of LLC "Simon Jesso" was transferred to the tax inspection by the notary Kvitko A.F. After making information in the Unified State Register of Legal Entities about the change of the founder, Shpakov R.V. ceased to have any relation to the activity of LLC "Simon Jesso". The office of OOO Simon Jesso is located in Odintsovo. He visited this office once on 25 February 2021 on his personal initiative already in the status of a founder, as he was interested in the activities of the Company. The object of capital construction of the Residential Complex "Griboedovsky les" located at the address: Moscow region, Odintsovo district, v. Borodki, Parkovaya street, plot No. 1 is known to him, he visited it twice: on 25 February 2021 and in June 2021. As far as he remembers, the developer of the Residential Complex "Gribovsky les" is LLC "Simon Jesso". At the time of the site visit, approximately 90 per cent of the building frame was completed. The general director of "Simon Jesso" LLC is Valery Arsenchuk, who is also a co - founder of "Simon Jesso" LLC with a 50% share in the authorised capital. He (Sorokin D.V.) met Arsenchuk V.E. on 25.02.2021 during his (Sorokin D.V.) visit to the construction site of the Gribovsky les Residential Complex. At the moment he and Arsenchuk V.E. periodically maintain working relations, communicate on the issues of activities of Simon Jesso LLC;

- A.V. Sorokin's testimony , given by him as a witness,

according to which he has been living with Irina Nikolayevna Shpakova for more than 10 years up to the present time. He knows Roman Valeryevich Shpakov, the son of I.N. Shpakova. He did not live together with R.V. Shpakov and they rarely saw each other. He (A.V. Sorokin) knows that R.V. Shpakov was the owner of the investment company "QBF", whose office was located in Moscow City and he visited him several times on personal matters. I.N. Shpakova is engaged in activities related to the construction of the Victory Quarter Residential Complex. The organisations that are building the above - mentioned housing estate are LLC "KP - 2", LLC "KP - 3", LLC "KP - 4" and as far as he knows she is the head of the above - mentioned organisations. There are financial and economic relations between LLC "KP - 2", LLC "KP - 3", LLC "KP - 4" and LLC "Venas", approximately from 2017 - 2018, and supplies of construction materials for the construction of the housing estate. The total amount of financial relationships does not exceed RUB 20,000,000. Denis Vitalievich Sorokin is his (A.V. Sorokin) brother - in - law. The brother from the late 90s - early 2000s, about 5 years was engaged in retail trade of construction materials, then performed various works on construction sites as a labourer. During his (Sorokin A.V.) joint residence with Shpakova I.N. his brother Sorokin D.V. got acquainted with Shpakov R.V. What financial relations between them were he does not know. Only Sorokin D.V. borrowed from him (Sorokin A.V.) a large sum of money for some investments. He (A.V. Sorokin) transferred to him (his brother) several million roubles in instalments, he does not remember the total amount and finds it difficult to name the dates and place of transfer of funds. As he (Sorokin A.V.) understood, his brother Sorokin D.V. invested these funds somewhere through Shpakov R.V. Subsequently, Shpakov R.V. incurred a debt to Sorokin D.V. for the amount of the investment and Shpakov R.V. offered to repay the debt by selling his (Shpakov R.V.) share in the authorised capital of OOO "Simon Jesso". As far as he remembers, his brother Sorokin A.V. agreed to this transaction. He (A.V. Sorokin) owns Mercedes - Benz GL and Lexus RX200 cars. - Testimony of V.A. Zarechnev, given by him as a witness,

according to which in 2012 he was looking for a job that did not require special education and placed an advert on the website "hh.ru", At that time he was a student and was only receiving education. Following the advert, he received a call from representatives of QBF Group and was invited for an interview at the office located at 8 Presnenskaya Naberezhnaya Naberezhnaya Street, Moscow, where he was offered the position of financial advisor. So in 2012, the exact date he does not remember, he became an employee of QBF LLC with an unfixed salary, which was a certain percentage of the amount of attracted funds of the company's clients under trust management agreements. He received his salary in cash and received it directly from his (Zarechnev V.A.) manager, Munaev Zelimkhan. He (V.A. Zarechneva) did not sign any statement for the money received. QBF LLC was part of the QBF group of companies. The main activity of the QBF group of companies was attracting clients for the sale of investment products and trust management of money invested by clients. The head of QBF LLC was Roman Shpakov. His (V.A. Zarechnev) duties as a financial advisor included attracting clients to participate in the above activities under trust management agreements. About 3 - 4 months after the beginning of work, the management of QBF group of companies decided to expand its activities, after which a "Currency Department" was created, where he (Zarechnev V.A.) was the head. There was one more specialist on the staff, but the staff of the department gradually increased. The employees were located in the office of the Moscow City Business Centre on Presnenskaya Embankment. Later the "Currency Department" was renamed "Algorithmic Trading Department", where he (V.A. Zarechneva) and his colleagues wrote various software products, including trading robots. Trading robots were software algorithms that analysed the information occurring on the trading exchange and independently made the purchase and sale of securities, in case of coincidence of certain factors and achievement of specified goals. Thus, a trading robot, being a software algorithm, actually performed the functions of a trader. For correct operation of trading robots, they were linked to a brokerage account to carry out operations on purchase and sale of securities. Information on the accounts was provided by Roman Shpakov, Head of QBF Group of Companies. Activities on purchase and sale of securities were

carried out, including from brokerage accounts of the legal entity "QB Capital", registered in the territory of the Republic of Cyprus. The department, which he (Zarechnev V.A.) headed, was in charge of the brokerage accounts of the legal entity "QB Capital", but there were not many funds on these accounts compared to the amounts deposited by the company's clients under trust management agreements. He does not know where the funds received from the clients of the group of companies "QBF" could be distributed and spent. His department traded on the international forex brokers AlPari and AlfaForex, as well as on the Russian broker BKS. In parallel to the above mentioned activities in the "Algorithmic Trading Department" the management of QBF Group of Companies proposed to launch a new project on "Venture Direction". For the development of this project was created LLC "Faidin.Mi", where he (Zarechnev V.A.) was the General Director. He (V.A. Zarechnev) did not make any organisational and administrative decisions as the general director of LLC "Fandin.Mi". In addition to Fandin.Mi LLC, which never started its work, the management of the QBF group of companies established DV Technologies LLC, where Trishin Gleb was the general director. G. Trishin was directly subordinate to the management of QBF Group. All decisions were made directly by Shpakov R. The nature and content of decisions made by Shpakov R., the legal and financial part of the project did not interest him (Zarechnev V.A.), as he was engaged in his work on the technical part of the project. He (V.A. Zarechnev) was a project manager in "DV Technologies" Ltd. To carry out the Company's activities, the management of the QBF group of companies rented and paid for office premises located on Nizhny Kislovsky pereulok in Moscow. His employment with QBF Group lasted until approximately 2017 - 2018, before the Company started delaying salary payments. Thereafter, he and his entire team of programmers resigned from the QBF Group of Companies. In addition to the above - mentioned executives, he (Zarechnev V.A.) remembers the surnames and names of some employees: Vladimir Pakhomov - director of the branch network of the group of companies "QBF"; Avetis Vartanov - financial advisor, personnel training instructor; Ivan Auguston - administrator, computer adjuster, director of the IT department; Maria Gorsheneva - financial advisor, development director; Tural (name) - trader; Nikita Selivanov - trader, head of the trading department; Sergey Gusev - trader; Alexander Rakunov - algorithmic trading, his (Zarechnev V. A.) colleague; Grammatov - trader, head of the trading department; Aleksandr Rakunov - trader, head of the trading department; Alexander Rakunov - algorithmic trader, his (Zarechnev V. A.) colleague.A.) colleague; Ekaterina Gramza - secretary, chief accountant; Vladimir Maslennikov - financial advisor; Stanislav Matyukhin - general director of a company in the QBF group; Ruslan Spinka - financial advisor; Dmitry Lepeshkin - financial advisor of the investment department; Alexander Arzhaev - algorithmic trading; Nikolai Padalko - financial advisor; Pavel Vlasov - financial advisor; Maxim Yudin - financial advisor, head of financial advisors. Kuranina Lyubov - receptionist; Marina Nikolaeva - receptionist; Bogdanova Christina - financial advisor; Athanasiadou Linda - representative of the Cyprus branch; Apollon (name) - representative of the Cyprus branch; Trishin Gleb - financial advisor, project manager; Berezka Andrey - financial advisor; Gorobets Elena - director of various Companies within QBF Group;

- The testimony of G.S. Trishin, given by him as a witness,

according to which, after graduating from university in 2012, he started looking for a job by placing an advertisement on the website "hh.ru", after which he received a call from representatives of a brokerage organisation with the name "QBF" and was invited for an interview at the office located at: Moscow, Presnenskaya Naberezhnaya, 8, p. 1. After the interview, he entered into an employment contract and became an employee of QBF LLC in a minimum position, possibly as a consultant, with a salary of approximately 15,000 to 20,000 roubles per month. The main activity of the QBF group of companies was to attract clients for the sale of investment products and trust management of the money invested by clients. He does not know how many employees there were in QBF LLC and what their positions were. In his position as a consultant, he only scheduled other people's meetings with clients, and he knew nothing about the content of the meetings. Around 2015, he took up the position of manager and was involved in marketing and later took up the position of project manager. His direct supervisor was Roman Shpakov, as he (G.S. Trishin) received all instructions personally from R. Shpakov. His (G.S. Trishin) duties as a project manager included: general coordination of the activities of a particular project, namely gathering workers for meetings, inviting lawyers,

ensuring communication. In fact, he (G.S. Trishin) acted as an administrator of a particular project, but did not manage or participate in any of the projects under development. R. Shpakov was the Chairman of the Board of Directors of QBF Group and instructions from R.V. Shpakov could be received through various communication channels, including personal meetings. Around February - March 2018, an initiative was voiced from Roman Shpakov that the project team should move to a separate office for greater efficiency. Shpakov told him (G.S. Trishin) during working meetings that it would be easiest to create a new legal entity to close the office lease issue as soon as possible. The employees entrusted to him (G.S. Trishin) were IT specialists, but R.V. Shpakov presented him (G.S. Trishin) to these employees as an outside manager. The companies that he (G.S. Trishin) was entrusted with for the development of IT projects were DV Technologies LLC INN 7703442478 and Sintez LLC INN 7708270984. In these companies he (G.S. Trishin) was the general director at the request of R. Shpakov, but he did not perform any managerial functions and did not make organisational and administrative decisions. R. Shpakov explained that it was necessary for him (G.S. Trishin) to be the general director of these organisations for the convenience of coordinating and directing the activities of the organisations. He (G.S. Trishin) did not make all decisions, including financial decisions in the above - mentioned companies, but signed various documents at the request of R. Shpakov, he did not know the nature and essence of the documents signed by him (G.S. Trishin). He was brought documents with bookmarks on the pages, where there were marks for signature and he signed without reading. He did not choose the name, bank, form of activity, taxation regime of legal entities, nor did he deal with the preparation of documents, registration, etc. On behalf of R. Shpakov, this was handled by the legal department. Accordingly, the Legal Department prepared the documents and a meeting was scheduled at the notary's office. The lawyer went with him (G.S. Trishin) to the notary for a few minutes to sign the documents. These circumstances relate to DV Technolodge LLC, where he (Trishin G.S.) was the founder and general director, and to Sintez LLC, where he was only the general director. He received the client bank account and gave it to QBF's accounting department. He did not track the movement of funds in the account. The bank - client was linked to his work phone and he always sent SMS messages to the accounting department, he did not manage the movement of funds on the account. He did not monitor how much money was on the account, he did not control what payments were made. He received his wages at QBF LLC in cash, mostly directly from Shpakov R. He did not sign the statements when receiving money. Shpakov R. could also give the money to any employee and the latter would distribute the money among all of them, in the amount specified by Shpakov R. Shpakov R. also gave cash money for the rent for LLC "DV Technolodge", sometimes on behalf of Shpakov R. he (Trishin G.S.) deposited the money to the company's account, from where it was written off as rent for the office premises. When the rent money was debited from the company's account, he (G.S. Trishin) received an SMS - message with a digital code on his personal mobile phone, which he provided to the accounting department of QBF LLC, mainly via mobile communication to the mobile phone number of the accountant Ekaterina Gramza. He did not submit reports for the legal entity, did not go to any state bodies or to the website in order to control the activities of the said legal entities. He (G.S. Trishin) did not employ or recruit workers. If it was necessary to sign a contract, he (Trishin G.S.) performed this technical function without reading or checking the contract, as these functions were performed by the employees of the Human Resources Department of QBF LLC. Since December 2018, they stopped renting the office because the employees of DV Technologies LLC decided to proactively stop working for Shpakov R. After that, Shpakov R. offered him (Trishin G.S.) to take up another project in Sintez LLC. At the same time, he was not fired from the old legal entity, it remained in his name. In the spring of 2019, he (G.S. Trishin) started raising questions about his dismissal from DV - Technologies, he told Shpakov about it, in the accounting department, HR, lawyers. In fact, he was removed from this legal entity in August - September 2020. His official salary was approximately 40,000 rubles per month, but he received more in cash, exactly how much he does not remember. Sintez LLC had 1 employee - an IT specialist, and the company was supposed to be engaged in mining cryptocurrencies. As far as he understands, the company bought equipment for mining. The equipment was not bought and selected by him, he signed the relevant contract on the instructions of Shpakov R. He saw the equipment both at the time of delivery and afterwards. Shpakov R. was informed that the equipment was missing, after which he (Shpakov) explained that he would solve the issue himself. After this incident, he (Trishin G.S.) realised that the company did not do anything, but he continued to be registered in it and constantly asked to be excluded from it and dismissed. He (Trishin G.S.) worked in QBF LLC from 2012 to mid - July 2021. He left QBF LLC at his own request due to the delay in payment of wages, as well as the negative reputation of this organisation, as he became aware from publicly available sources of the law enforcement

authorities' inspections of the company's management. During the period of his (G.S. Trishin's) labour activity in QBF LLC, many employees worked in the QB group of companies, some of them he remembers, namely: Lepeshkin Dmitry - one of the managers in the real estate department; Munaev Zelimkhan - managing partner; Athanasiadou Linda - international lawyer; Rossieva Evgenia - lawyer; Spinka Ruslan - one of the heads of the client relations department; Padalko - manager; Orlov - one of the heads of IT projects; Amerov Rinat and Plitin - employees of the company, but where they worked he does not know; Yulia Zaitseva and Korzh - worked with clients; Yudin - carried out operational activities in the IT department; Matyukhin - general director of LLC "IK KBF"; Vlasov, Golubev, Shaban, Vozhzhov - knows these employees, but does not remember where they worked; Kharina - employee with financial products; Timokhin - worked in the back office of LLC "IK"; Pakhomov - managing manager; Fedorov M. S. - worked with clients; Pakhomov - managing manager; Pakhomov - managing director of LLC "IK KBF".S. - worked with clients;

- The testimony of S.A. Kharitonov, given by him as a witness,

according to which in approximately 2017 he found a job offer for a courier - registrar in publicly available sources of information on the Internet. After his call on the advert, he (S.A. Kharitonov) was given an appointment for an interview. The meeting took place in the Federal Tax Service No. 46 in Moscow, where he was met by an unfamiliar woman who offered to become the founder and general director of a limited liability company for a monthly remuneration of 10,000 roubles. According to the stranger, he would not have to participate in the company's activities and would not have to make any organisational and administrative decisions. He agreed to become a participant and general director of the Company on condition that after the registration of the Company, he (S.A. Kharitonov) would be removed from the position of general director and removed from the founders. He handed over his documents to the Federal Tax Service (IFTS) - his passport, ID, INN, to register Vysota LLC INN 7734371675 in his name, where he (Kharitonov S.A.) became a founder and general director after the registration. He personally signed the constituent and other documents for the registration of LLC "Vysota" at the Federal Tax Service, however, he did not take them from the Federal Tax Service after the registration, he may have issued a power of attorney in his own name to another person who could represent his (Kharitonov S.A.) interests in the Federal Tax Service and other organisations and receive documents on the basis of the power of attorney. After signing the documents at the Federal Tax Service, the above - mentioned woman paid him 10,000 roubles in cash. Some time later, in the same year 2017, he was contacted by people he did not know, who asked him to come to the Moscow City Business Centre, located on Presnenskaya Embankment in Moscow, to make changes to the constituent documents of Vysota LLC. Upon his arrival at the above address, he was met by a woman he did not know, not the same woman he had previously met at the Federal Tax Service No. 46. The woman accompanied him (S.A. Kharitonov) to the notary, which was located in the Moscow City Business Centre, and there he signed the documents prepared in advance for him (S.A. Kharitonov). He did not read the content of the signed documents and did not go into the details of the documents. After that, the woman who met him (Kharitonov S.A.) paid him 10,000 roubles in cash. He did not sign for the receipt of the money. It was explained to him at this meeting that the documents being signed concerned his (S.A. Kharitonov) dismissal from the position of general director of Vysota LLC and his withdrawal from the founders. When signing the documents, he did not see the person to whom he entrusted the management of the Company, as well as other possible participants of the Company. He does not know the main type of activity of Vysota LLC, where the settlement accounts are opened, the staff, the legal and actual addresses;

- Testimony of Syuksyumov M.M., given by him as a witness,

according to which he worked together with Shpakov Roman and Modin Nikolay as sales managers at Business Wednesday Ltd. in 2009 - 2010. The main activity of Business Wednesday LLC was attracting investments to international stock exchanges. Soon he decided to change the place of work and left "Business Wednesday" Ltd. and engaged in brokerage activities in the field of lending. Later, after he (Syuksyumov M.M.) left "Business Wednesday" LLC, Shpakov R. and Modin N. changed jobs and established their own organisation in the field of stock trading. In the course of communication with Shpakov R. in March 2011, they decided together to create an additional organisation LLC "Qubi Credit" TIN 7703740234, where he (Syuksyumov M.M.) would be the founder and general director. He (Syuksyumov M.M.) opened this organisation independently, for which he applied to the Federal Tax Service and submitted the necessary documents, and also independently opened a current account for this organisation in the credit institution JSC "Alfa - Bank". He did not issue a power of attorney for the management of this company to anyone. The main purpose of the creation of LLC "Qubey Credit" was to attract clients in the credit sphere, namely Shpakov R. was to provide potential clients who need borrowed money, and LLC "Qubey Credit" as a broker was to find a suitable product (credit) for the client and receive a commission from this transaction. A girl helped with all constituent documents and she was provided by Shpakov R. as a specialist to assist. To ensure the activity of LLC

"Qubey Credit" Shpakov R. provided him (Syuksyumov M.M.) with about 5 workers who were not employees of LLC "Qubey Credit". He (Syuksyumov M.M.) does not know reliably who could pay the salaries of these workers. He trained the workers in the basics of the brokerage market in the field of lending. The office of Qubey Credit LLC was located in the premises rented by R. Shpakov in the Moscow City Business Centre, where Qubey Credit LLC was registered. About 2 months after the establishment of Qubey Credit LLC, he (Syuksyumov M.M.) decided to stop further co - operation with Shpakov R. due to the unprofitability of this business in this area, as a result of which he (Syuksyumov M.M.) withdrew from the founders of the LLC.) withdrew from the founders of LLC "Qubey Credit", but resigned from the position of the general director of LLC "Qubey Credit" approximately in 2016 - 2018. - Kozhevnikova T.N.'s Testimony given to her as a witness,

according to which in early 2019 she was approached by a woman named Natalia, whom she (Kozhevnikova T.N.) met through mutual friends, who offered her (Kozhevnikova T.N.) to earn money by forming an organisation in her (Kozhevnikova T.N.) name. As Natalia explained, she (Natalia) would be in charge of all management and administration, as well as bookkeeping, and the organisation would be formally registered in her (Kozhevnikova T.N.) name. In addition, Natalia convinced her that it was all legal and there was nothing criminal in it. She (Kozhevnikova T.N.) was interested in this proposal because she needed money and there was nothing illegal, according to Natalia. Natalia promised her (Kozhevnikova T.N.) a cash reward in the amount of 10,000 roubles for the registration of the company and to pay her (Kozhevnikova T.N.) 10,000 roubles every month thereafter. He (T.N. Kozhevnikova) agreed to Natalia's proposal. In early February 2019, Natalia called her and asked for her passport and TIN certificate to formalise the organisation, after which she (Kozhevnikova T.N.) sent Natalia the necessary documents. She (Natalia) explained that she herself would prepare all the necessary documents to register the organisation. Around the summer of 2019, Natalia called again and asked her (Kozhevnikova T.N.) for a copy of her (Kozhevnikova T.N.) labour book, which she also sent to her via messenger. She (T.N. Kozhevnikova) received about 67,000 roubles for the registration of LLC "776". These funds were transferred to her bank card opened in Sberbank of Russia PJSC. - Testimony of S.V. Goltyaev, given by him as a witness,

according to which since 2000 he has been engaged in legal activities - private practice. In the course of this activity he got acquainted with the lawyer Kukhmazova Nargiz Nazimovna, from whom in 2019 he learnt that she (Kukhmazova N.N.) bought a flat in the residential complex "Headliner", the developer of which was the Residential Complex "Stolichny". From the words of N.N. Kukhmazova I learnt that on the territory of this residential complex there is a

building intended for its use after commissioning as a preschool educational institution (pre - school general education institution). N.N. Kukhmazova also explained that there was a conflict situation between the residents of the Headliner Residential Complex and the developer, which consisted in the fact that the territory around the preschool was enclosed by a fence and could not be used by the residents of the Residential Complex, although it was their common shared property. N. Kukhmazova was a member of the initiative group of residents of the housing complex, which negotiated with the developer to dismantle the fence in order to gain access to the territory of the preschool for the residents of the housing complex. In the course of negotiations, the initiative group of residents made a decision and reached an agreement with the developer to acquire ownership of the building in question in order to change the purpose of the building and, accordingly, to remove the fence. For this purpose there was a need to create an organisation that would acquire ownership of the building. N.N. Kukhmazova offered him to take the position of director in this organisation, to which he agreed. 19.11.2019 the organisation Millhouse Invest LLC was established with the authorised capital of 170,000,000 rubles, and its founders were the residents of the Headliner Residential Complex: Chirukhina Anastasia Alexandrovna, owning a 0.59% share; Sinyagina Tatiana Vladimirovna, owning a 1.18% share; Kukhmazova Nargiz Nazimovna, owning a 1.18% share; and Millhouse Invest LLC, owning a nominal value of RUB 165,000,000, which is 97.05% of the Company's authorised capital. The legal address of Millhouse Invest LLC is 3/15 Letnaya St., 3/01, office 3/01, Mytishchi, Moscow region. He (S.V. Goltyaev) has been the General Director since the establishment of the Company and, accordingly, as the Director, he submitted the necessary documents to the tax inspectorate for the registration of Millhouse Invest LLC, as well as to a credit institution for the opening of a settlement account. There were no other employees in Millhouse Invest LLC, and only he, as the sole employee and general director, received his salary. The amount of payment was the minimum wage corresponding to the minimum wage in the Moscow region at that time. The general direction of activity was set by the founders, and he, as director, performed organisational and administrative functions and carried out financial and economic activities. Between the founders of the company and the developer of the Headliner Residential Complex, an agreement was reached to conclude a contract of equity participation in the construction of the DPU building for the purpose of its subsequent registration to the company Millhouse Invest LLC. In November 2019, he, as CEO on behalf of Millhouse Invest LLC signed an agreement of participation in shared construction with Residential Quarter City LLC represented by Yusupov R.T., according to which the only participant of shared construction of Millhouse Invest LLC, after obtaining a permit to put the object of shared construction into operation, should pay the price of the contract and take ownership of the object of shared construction. According to the Contract, Millhouse Invest LLC was to pay the full cost of the building, which amounted to RUB 200,000,000 by the deadline established by the Contract - 31.12.2020. According to the clauses of the Contract: 4.3.1. within 5 days from the date of state registration of the contract 5 000 000 RUB should be transferred to the developer's account; 4.3.2. not later than 30.12.2019 - 25 000 000 RUB; 4.3.3. not later than 31.01.2020 - 25 000 000 RUB; 4.3.4. not later than 25.02.2020 - RUB 35,000,000; 4.3.5. not later than 25.03.2020 - RUB 25,000,000; 4.3.6. not later than 25.04.2020 - RUB 25,000,000; 4.3.7. not later than 25.05.2020 - RUB 25,000,000; 4.3.8. not later than 30.06.2020 - RUB 35,000,000. The amount of money specified in clause 4.3.1 shall be paid by the participant of the shared construction at its own expense in the form of settlements under the letter of credit opened by the participant of the shared construction in Promsvyazbank Bank (PAO) not later than 3 working days after the signing of the Contract. After the conclusion of the contract, as part of its execution, the Company transferred RUB 5,000,000 to the account of OOO Zhiloy Kvartal City; this amount was the result of the Company's founders contributing their own funds. As originally envisaged, in the future the participants of Millhouse Invest LLC would sell the Company's shares to other participants and use the proceeds from the sale of the shares to pay the developer under the terms of the agreement. When Millhouse Invest LLC was formed, many residents of the housing estate expressed a desire to become participants in the future, however, when the matter came to realisation, there were none of those who really wanted to contribute money and become participants of the Company. The founders looked for different opportunities to involve other organisations. In January 2020 the building of the preschool was completed and commissioned in accordance with the current norms, after which the relevant certificate of registration of the building into the ownership of Millhouse Invest LLC was obtained. Meanwhile, the dates of the next payments under the contract were approaching. One of the participants of Millhouse Invest LLC found Indep Smart LLC under the leadership of Yuri Shaban, which became a founder of Millhouse Invest LLC. The value of the share of OOO "Indep Smart" was calculated in accordance with the payment schedule, according to the

remaining debt to the developer, i.e. in the amount of 195,000,000 roubles. One of the conditions was the change of the director of Millhouse Invest LLC, as a result of which the sale of the Company's share and the change of the director took place simultaneously. During the change of director on 30.06.2020 he (S.V. Goltyaev) handed over the documentation to the new director of Millhouse Invest LLC Ivanova Irina Nikolaevna, while the change of the general director of the Company took place a little earlier. Information about Indep Smart LLC as a founder of Millhouse Invest LLC was entered on 10.07.2020. Further, he knows the situation with Millhouse Invest LLC only from the words of N. Kukhmazova. From Nargiz's words he (Goltyaev S.V.) knows that Shaban Y. has not contributed the full amount of money, which he had to contribute, in this regard, the obligations to the developer under the equity participation agreement were not fulfilled in time and not for the full amount of money. Shaban Y. went to multiple negotiations with the Developer in order to postpone payments, and then disappeared altogether. Later it became known that he (Shaban Y.) resold his share in Millhouse Invest LLC to another organisation with the word "Kyubi" in its name, the full name of which he does not know;

The testimony of N.N. given Kukhmazova, to her as a witness,

according to which her family owns a flat in the Headliner Residential Complex at the address: Moscow, Shmitovskiy Proezd 39, Bldg. 1, flat 244. Before moving in, she got acquainted with the future neighbours and discussed various issues, including the issue of the unfinished kindergarten building located on the territory of the Headliner Residential Complex. The kindergarten is surrounded by a high fence, is located in the yard of the house and occupies almost the entire territory of the yard. In order to clarify the further development of the construction of the building, the possibility of dismantling the fence and the use of the territory of the yard by all residents, appealed to the developer and the owner of the LCD LLC "ZhKS" (Residential Quarter City). Representatives of the developer offered the residents to buy the building from them (the developer) and operate it independently. This proposal interested her and the residents of the building, after which they began to look for those willing to implement the above idea by creating on 19.11.2019 LLC "Milhaus Invest" INN 5029252176, which consisted of: Tatyana Vladimirovna Sinyagina, who contributed the amount of 2,000,000 rubles to the authorised capital; Anastasia Alexandrovna Chirukhina, who contributed the amount of 1,000,000 rubles to the authorised capital; she (N. N. Kukhmazova), who contributed the amount of 2,000,000 rubles to the authorised capital. Sergey Vladimirovich Goltyaev was appointed director of the Company by the general meeting of founders. Initially, more than 100 residents of the building were interested in buying the kindergarten and were ready to contribute money. Subsequently, these residents refused to participate in the purchase of the property, and the funds they (Sinyagina, Chirukhina, Kukhmazova) had invested were insufficient for the implementation of the project. Violation of the payment schedule threatened to impose a fine. They (Sinyagina, Chirukhina, Kukhmazova) decided to look for an investor who would be ready to invest in the implementation of the project and would deal with the project itself and the documentation. One of the neighbours suggested Shaban Yuri as an investor. Shaban Yuri agreed to finance the project and became a co - founder of "Milhouse Invest" LLC INN 5029252176, having joined the founders of "Indep Smart" LLC INN 7735159230. OOO "Indep Smart" provided OOO "Milhaus Invest" with a loan in the amount of RUB 195,000,000, and subsequently RUB 51,000,000 was offset against payment for the share in the authorised capital. OOO "Indep Smart" joined OOO "Milhaus Invest" as a participant with a share of RUB 51,000,000. Yuri Shaban planned to create an investment fund and transfer the building to the fund, subsequently selling the fund's units to third parties, including residents. The commercial interest was in the natural appreciation of the building's value over time, with the development of infrastructure and the realisation of the Big City project. On approximately 18.06.2020, Irina Nikolaevna Ivanova was appointed director of Milhouse Invest LLC on the recommendation of Yuri Shaban. She does not know from what sources Shaban Yuri contributed funds. Shaban Yuri was the director and sole participant of LLC "Indep Smart". Milhouse Invest LLC was created with the sole purpose of purchasing the building (new construction) of the kindergarten, finishing its internal premises, and putting it into operation;

- Testimony of T.V. Sinyagina, given to her as a witness,

according to which in 2018 she and her husband purchased a flat in the under - construction housing estate "Headliner" at the address: Moscow, Shmitovskiy proezd 39/2. Before moving in, she discussed with her future neighbours the issue of an unfinished kindergarten building located on the territory of the Headliner Residential Complex and surrounded by a high fence, which took up a lot of space in the yard and prevented any movement in the yard. In order to find out the further development of the construction of the building, she and her neighbours approached the developer of the housing estate - KortRos LLC, who offered them to buy out the building and complete it themselves. This proposal interested her and her neighbours, and they began to look for those willing to implement the above idea. On 19.11.2019, LLC "Milhouse Invest" INN 5029252176 was established, which consisted of: she (T.V. Sinyagina), who contributed the amount of 2,000,000 roubles to the authorised capital; Anastasia Alexandrovna Chirukhina, who contributed the amount of 1,000,000 roubles to the authorised capital; Nargiz Nazievna Kukhmazova, who contributed the amount of 2,000,000 roubles to the authorised capital. What shares each participant had, she (T.V. Sinyagina) no longer remembers. The director of the Company was Sergei, whose surname she does not remember. Since there was not enough money invested to implement the project, they decided to look for an investor who would be ready to invest in the implementation of the project and would deal with the project itself and the documentation. One of the owners of the premises, namely Anna Shumskaya, suggested Shaban Yuri as an investor and provided his contact details. Shaban Yuri agreed to finance the project and became a co - founder of Milhaus Invest LLC INN 5029252176, having joined the founders of the company Indep Smart LLC INN 7735159230, having contributed a share in the authorised capital in the amount of 51,000,000 roubles, as well as having contributed a share in the authorised capital in the amount of 114,000,000 roubles, which belonged to the company Milhaus Invest LLC. After the reorganisation of Milhaus Invest LLC on 20.07.2020, the shares were distributed in the following order: Milhaus Invest LLC - 67.05 %, Indep Smart LLC - 30 %, Sinyagina Tatiana Vladimirovna - 1.18 %, Kukhmazova Nargiz Nazievna - 1.18 %, Chirukhina Anastasia Aleksandrovna - 0.59 %. The total amount of the authorised capital was RUB 170,000,000. This amount was intended for the purchase of an unfinished kindergarten building located on the territory of the Headliner Residential Complex and its commissioning. Irina Nikolaevna Ivanova was appointed director of Milhouse Invest LLC on the recommendation of Yuri Shaban. Milhouse Invest LLC does not bring any profit and meetings on profit distribution, as well as other meetings of the board are not held. She (T.V. Sinyagina) does not receive any money for her participation in Milhouse Invest LLC. Periodically Shaban Y. reported on the activities of Milhaus Invest Ltd. At present, the kindergarten building located on the territory of the Headliner Residential Complex is not completed and has not been put into operation. About September - October 2021 she (T.V. Sinyagina) learned from some documents related to the kindergarten building that the building has been seized and that an organisation with the abbreviation "QB" in its name is related to this building. She does not know the reason for the seizure. She, as a co - founder of Milhouse Invest LLC, did not give her consent to the participation of the company with the name "QBi" in the activity of Milhouse Invest LLC. She does not know exactly who made the decision, but assumes that this decision was made by Shaban Y. without notifying the co - founders of Milhouse Invest LLC;

This proposal interested him and he agreed to the deal on condition that he would be paid 15,000 roubles a month. It was explained to him that the organisation was to deal with advertising. The meeting with Eugenia took place in the lobby of the Capital City building of the Moscow City Centre, he did not go to any offices in the building, all negotiations with Eugenia took place in the lobby of the building, except for one meeting, which took place at a notary in the same Moscow City Centre. V.V. Smirnova's Testimony given to her as a witness,

according to which she has a secondary education and is currently on an old - age pension. She does not have any knowledge of dealer activities, brokerage activities, securities management activities and activities of professional participants of the securities market. In 2018, she (Smirnova V.V.) was offered by her daughter Smirnova Yaroslava Gennadyevna to earn money by becoming the general director of a limited liability company for monetary remuneration. She (Smirnova V.V.) agreed to this deal on condition that she would be paid 10,000 - 15,000 roubles a month for how long. It was explained to her (Smirnova V.V.) that the organisation should deal with real estate

transactions. Her daughter introduced her (V.V. Smirnova) to Natalia, whom she (V.V. Smirnova) met for the first time in the Federation Tower in the Moscow City Centre. Natalia took her (V.V. Smirnova) to a notary, who was also in the Moscow City Centre, where she (V.V. Smirnova) was given a number of documents to sign. She signed them, but she does not know what documents they were, she did not read them. According to the verbal agreement with Natalia, she (Smirnova V.V.) would become the director of RentInvest Ltd. for monetary remuneration in the amount of approximately 10,000 - 15,000 rubles per month, but she would not make any organisational and administrative decisions. After signing the documents, she left the office of the organisation and subsequently, if necessary, when she (Smirnova V.V.) received a call, she came to the building of the Moscow City Centre on Presnenskaya Embankment in Moscow. She was also aware that the company she headed was controlled by the management of QBF LLC, which was engaged in brokerage and securities operations. She (V.V. Smirnova) signed a power of attorney in her own name at the notary's office, where she entrusted all her powers of the general director of RentInvest LLC to a man not known to her, most likely with the surname Frolov. When signing the documents and the power of attorney at the notary's office, she did not see the person to whom she entrusted the management of the company. All negotiations with Natalia took place in the lobby of the building. She received money for her position as general director of RentInvest LLC in the amount of approximately 10,000 - 15,000 roubles per month on a regular basis. These funds were handed over to her by her daughter, Yaroslava Smirnova. She does not know who transferred the money to Yaroslava for her (Smirnova V.V.). Shortly after the registration of RentInvest LLC, she (Smirnova V.V.) was offered to become a founder and general director of another company, also for monetary remuneration of approximately 10,000 - 15,000 rubles per month. After the meeting with Natalia, LLC "702" TIN 7703474800 was registered in her (Smirnova V.V.) name on 19.04.2019. Natalia further accompanied her (Smirnova V.V.) in signing constituent and other documents in respect of LLC "702", where she (Smirnova V.V.) was subsequently the director and founder. After signing the documents in respect of LLC "702", she was introduced to Ekaterina Gramza, with whom she (V.V. Smirnova) visited PJSC "Sberbank" and opened a current account there. She (V.V. Smirnova) gave all the information she (V.V. Smirnova) received at the bank and passwords to Ekaterina Gramza. As in the case of RentInvest LLC, she signed a notarised power of attorney, probably also for Frolov, under which she delegates to him all her powers as general director of 702 LLC. She also received payment for her participation in LLC "702" from her daughter Smirnova Yaroslava. She never went to the Federal Tax Service to execute documents in relation to LLC "702" and LLC "RentInvest" and did not sign any documents at the Federal Tax Service. She was a nominal director of LLC "702" and LLC "RentInvest" and did not make any decisions, did not sign financial and organisational and economic documents on behalf of the director of LLC "702" and LLC "RentInvest". In approximately 2020, at Natalia's request, she came to the Moscow City Centre due to the need to sign additional constituent documents in relation to LLC "702" in connection with the change of the company's legal address. At one of the meetings with Natalia, she (V.V. Smirnova) asked to remove her (V.V. Smirnova) from the position of the General Director of the Company, but to date she continues to be the General Director and founder of LLC "702". She does not remember the exact amount of payments to her for the entire period of her participation in the positions of general directors of OOO "702" and OOO "RentInvest". - Choporov D.A.'s testimony, given by him as a witness,

according to which in 1995 - 1996 he got acquainted with Epifantsev Mikhail Mikhailovich. Around 2018. Epifantsev M.M. approached him (Choporov D.A.) with an offer to earn money, and since he (Choporov D.A.) was experiencing financial difficulties, he agreed to Epifantsev M.M. Epifantsev M.M. introduced him to his colleague named Victoria, who in turn introduced him (Choporov D.A.) to Rossieva Evgenia. Around 2018, he (D.A. Choporov), together with his wife N.V. Kochetkova, travelled to Moscow City, to the ground floor of one of the skyscrapers, where they were met by E. Rossieva and offered to register his wife as a nominal general director in various legal entities. Rossieva E. also suggested that he (Choporov D.A.) look for acquaintances who could be trusted and who wanted to earn money in a

similar way - to register legal entities for themselves. He does not remember in which organisations he and his wife were registered as general directors, liquidators or founders. For all the time of interaction with Rossiyeva E. he (Choporov D.A.) brought to her 4 persons: Marichev Alexey Nikolaevich 21.12.1973, Zvarin Evgeny Nikolaevich 15.05.1981, Khripunov Maxim Mikhailovich 18.03.1982; his wife Kochetkova N.V. For the services rendered to Rossiyeva E. on selection of the above mentioned citizens he received monetary remuneration in the amount of about 5 000 roubles for each of them. The money was handed to him personally in an envelope during his next visit to Moscow City by Rossiyeva E. or her colleague, whom he recognised from the photograph provided as Burlakova N.S. He has trusting relations with all the persons mentioned and knows with certainty that Marichev A.N., Zvarin E.N., Khripunov M.M. and Kochetkova N.V. have never conducted financial and economic activities and do not do so. After about a year of interaction with Rossiyeva E., his wife Kochetkova N.V. received a call from a colleague of Rossiyeva E. and asked to send a scan - copy of her (Kochetkova N.V.) passport, allegedly for some transactions, but did not explain what kind. This alarmed him and Kochetkova N.V. and they refused to provide their documents, also it prompted them to break off any relations with Rossiyeva E. and her colleague. In the photograph of Yevgenia Anatolievna Rossiyeva provided to him during the interrogation, he recognised Yevgenia Rossiyeva, with whom he had met and interacted on several occasions in accordance with his testimony. In the second photograph of Natalya Sergeevna Burlakova, provided to him, he (D.A. Choporova) recognised the same colleague of Evgeniya Rossiyeva, who accompanied Evgeniya Rossiyeva at all their meetings and called his wife N.V. Kochetkova with a request to provide documents;

- The testimony of Kochetkova N.V., given to her as a witness,

according to which her husband Choporov D.A. worked as a courier in a commercial organisation, and as of July 2017 was employed in one of the shops of the chain "M.Video" on the position - "warehouse manager". In the summer of 2018, her husband offered her (Kochetkova N.V.) a way to earn money, in which she had to sign certain documents necessary for the organisation of a legal entity. Dmitry explained to her that it was necessary to simply sign a number of documents, the legal nature and content of which Choporov D.A. did not explain to her, and that would be the end of her participation. According to Choporov D.A., she would not actually work, but would only receive money in the amount of 10,000 roubles once a month. D.A. Choporov also explained that he had an acquaintance named Yevgenia who could help with this easy income. Given her difficult financial situation, she (Kochetkova N.V.) decided to agree to this way of earning money. In the summer of 2018, she and her husband Choporov D.A. came to the building at 8 Presnenskaya Embankment, Moscow, where she met with a notary and a girl who introduced herself as Evgenia Rossiyeva. Eugenia explained to her that she (E. Rossiyeva) was a representative of the company and she (N.V. Kochetkova) was offered to become the general director of the company. Also Rossiyeva E. explained that this company needs a nominal general director to reduce the company's expenses, that in fact the organisational and administrative functions assigned to her (Kochetkova N.V.) as the general director of the Limited Liability Company she (Kochetkova N.V.) will not perform, financial and economic activities of the company and work with any documentation will not actually carry out. For this registration as the general director of the company Rossiyeva E. offered her (Kochetkova N.V.) monetary remuneration in the amount of 10 000 rubles monthly. During the conversation she (Kochetkova N.V.) asked Rossiyeva E. about the legality of these actions, to which Rossiyeva E. assured her (Kochetkova N.V.) that this procedure is completely legal and legitimate. Rossiyeva E. conducted the dialogue convincingly and persistently. Having received her (Kochetkova N.V.) positive answer Eugenia provided a number of documents for signature, which she (Kochetkova N.V.) signed, the legal nature and content of these documents Rossiyeva E. did not explain to her, thus, in her opinion, Rossiyeva E. misled her (Kochetkova N.V.) about the legality of these actions. After signing the documents she (Kochetkova N.V.) with her husband Choporov D.A. left the building.

Subsequently, she (N.V. Kochetkova) did not sign any documentation on behalf of the General Director of QBF Advisor LLC in the framework of attracting money from citizens under the pretext of investments. On the photograph presented to her she (Kochetkova N.V.) recognised a girl who introduced herself to her as Rossieva Evgenia. From Rossieva E., she (Kochetkova N.V.) received monthly money in the amount of 10,000 rubles on her (Kochetkova N.V.) debit card. In August 2018, she (Kochetkova N.V.) received a call on her mobile number from a woman who introduced herself as Burlakova Natalia Sergeevna and explained that it was necessary to send her (Burlakova N.S.) a photo of her (Kochetkova N.V.) face together with her passport. To what she (Kochetkova N.V.) replied with a refusal. Further she (Kochetkova N.V.) repeatedly contacted Burlakova N.S. and asked her (Kochetkova N.V.) to withdraw her (Kochetkova N.V.) from the LLC "QBF Advisery" INN 7703426941, where she was listed as a general director as a result of previously signed documents provided by Rossieva E. Burlakova N.S. rejected her (Kochetkova N.V.) requests in every possible way and also refused to fulfil her (Kochetkova N.V.) demands to terminate her activity as the general director of LLC "QBF Advisery". At the end of September Burlakova N.S. fulfilled her (Kochetkova N.V.) demands. In the photograph presented to her for review, she (Kochetkova N.V.) recognises the girl who introduced herself as Burlakova Natalia Sergeyevna;

For the last 13 years she has been working as an accountant - cashier in JSC CB "Unistream", she does not have any economic education and experience in managing legal entities. In October - November 2020, she received a call from her acquaintance Marina Aleksandrovna Tochilova and offered her a job as a general director of a company, without mentioning the name of the company. Tochilova M. explained to her (Vasyukova O.V.) that she (Vasyukova O.V.) did not need to actually perform any activities in this position, but would be paid the minimum wage. According to Tochilova M.: "You don't need to do anything". Tochilova M. also agreed to work nominally as a general director in one of the firms. She (O.V. Vasyukova) gave her consent. About a week later she (O.V. Vasyukova) received a call on her mobile phone from Roman Feoktistov, who verified her consent to be employed as a general director. Feoktistov R. also said that she (Vasyukova O.V.) would be called later about her employment. About 4 - 5 days later, a woman called her from the subscriber number 8 - 903 - 100 - 51 - 33, introduced herself as Natalia and suggested that she (O.V. Regarding her concerns about the legality of these actions, Natalia explained that everything was legal. From her (Natalia's) words, the company has just been established and during the year the company's activity is monitored for profit. If there is no profit, the firm is closed after a year. She does not know who will "monitor" the company, she (O.V. Vasyukova) discussed with Natalia her (O.V. Vasyukova) employment for only 1 year. Natalia suggested that she go to a notary and draw up a power of attorney on her (O.V. Vasyukova) behalf for employment, so that in the future, when applying for employment with the company, her personal presence would not be required. Before doing so, she (O.V. Vasyukova) provided Natalia with her passport, SNILS and TIN, from which she (Natalia) made photocopies. In the premises of one of the towers of Moscow City, Natalia took her (O.V. Vasyukova) to a notary, where a power of attorney was drawn up. She (O.V. Vasyukova) read the power of attorney, but she does not remember the contents, and Natalia paid for the notary's services in the amount of 15,000 roubles. About a week later, she (O.V. Vasyukova) received another phone call from Natalia and explained that she needed to go to Alfa Bank to obtain an electronic signature. She (O.V. Vasyukova) also travelled to the Moscow City Tower, where she was met by Natalia. She (Natalia) explained the necessity of the trip to the bank and said that from now on she (O.V. Vasyukova) would be paid a salary of 20,000 roubles per month. After that, Natalia handed some documents to a girl unknown to her (O.V. Vasyukova) and she (O.V. Vasyukova) was taken by car to the Alfa Bank office. There she signed some documents concerning the authorisation of an electronic signature. After that she went home. She received her salary for the whole 3 months in amounts of 20,000 roubles. Then the payments stopped. At her request, the money in an envelope was given to Feoktistov and the latter to Belov, and Belov sent the money to her once in cash and twice transferred it to her bank card. Later she learnt that she was registered as the general director of LLC "M1 Invest" INN7701367560. In addition, on one occasion Rossieva E. asked him for access to the account of LLC "Rentinvest", in connection with which he decided to give up the management of LLC "Rentinvest" and LLC "Vysota". He voiced this decision to Rossieva E., and subsequently, on his initiative, he was removed from the positions of general director of Rentinvest and Vysota LLC. He knows Roman Valeryevich Shpakov as the owner of the company "QBF". He did not and does not maintain relations with him. When he was employed in LLC "Rentinvest" and LLC "Vysota" he communicated with R. Shpakov regarding the activities of these companies. Irina Nikolayevna Shpakova is familiar to him. He helped her with the registration of construction companies, of which he remembers "KP Queue 1", "KP Queue 2", "KP Queue 3", "KP Queue 4". He knows that she was the director of these companies. These companies were engaged in the construction of a residential complex in Severodvinsk. Munaev Zelimkhan Visaitovich is familiar to him. What position and position in the company "QBF" he (Munaev Z.V.) held he does not know. According to him, Munayev Z. was one of the founders of "QBF" company. He did not and does not maintain relations with him. He helped him with the preparation of letters to Bank "Vostochny" regarding interaction with the bank in the sale of products of the company "QBF". Stanislav Anatolievich Matyukhin was not known to him at that time. He learnt about him from the media when he was detained. On 26.05.2022 Pakhomov V. came to the clinic of LLC "Berezka" to provide medical assistance to a dentist. He learnt about his visit about 4 days before his arrival, about which there was a preliminary record in the clinic. Pakhomov V. was at the doctor's office for about 10 - 15 minutes, he does not know the details of the disease and the amount of services rendered to Pakhomov V... He learnt about the fact that Pakhomov V. had gone to the clinic from his wife Valeria in a messenger message received from her. He decided to offer Pakhomov V. to sit in the clinic and communicate, as he had not seen him for a long time. For this purpose, he personally bought alcohol and food products. Pakhomov V. agreed to his proposal, and therefore on 26.05.2022 at about the time from 15:30 to 19:15 the two of them together with Pakhomov V., in the back room of the clinic drank alcohol and ate food products purchased by him (Berezka A.S.). They communicated on everyday matters. Pakhomov V. did not tell him anything about his activity in the company "QBF", for the last six months it was his only meeting with Pakhomov V. In the beginning of January 2021 he received a request from Pakhomov V. to find out whether Shpakov R.V. had a travel ban in Vatsap. He did not find any bans. He also contacted his acquaintance Mikhail Khabarov (+7 - 999 - 205 - 86 - 87), a security officer of one of the companies (he does not know the name of the companies) to obtain this information. Khabarov M. with regard to Shpakov R.V. replied: "There are no bans yet". He became aware of the fact that a criminal case had been initiated against R.V. Shpakov at that time during the interrogation; he had not previously had this information. Earlier, V. Pakhomov repeatedly asked him to obtain information on the existence of arrests on his property. He always looked for information in open sources. On a regular basis, he also turned to Dima, nicknamed "Big" (8 - 964 - 780 - 56 - 69, 8 - 985 - 617 - 99 - 19) to obtain information. For 2,500 rubles, Dima provided him with a voluminous certificate regarding Pakhomov V., with information on his flights, records, fines, information on movable and immovable property, and registration actions. Around the end of 2020 one day Munaev Z., called him and asked him if there were people from his social circle to appoint them as managers of the companies. The condition was that the candidates had to be ill or of advanced age, i.e. they had to die in the near future. He explained to Z.V. Munayev on this issue that he did not know of any such candidates. Rossieva E. also addressed him with a similar request, to whom he responded in the same way as to Munaeva Z. On the issue of assistance in the acquisition of companies, at the request of Rossieva E., in about 2018 - 2019, he searched the Internet for a company to be acquired by QBF. He found Yurmaster LLC and called the person acting on behalf of this company, found out whether the company was indeed for sale and the price of the transaction. Subsequently, he gave the contact details of the representative of Yurmaster LLC to Rossieva E. and never touched the matter again;

E.O. Mikheeva's Testimony

given to her as a witness, according to which she knows LLC DV Technolodges (Taxpayer Identification Number 7703442478). Her distant relative Ivlev Alexander offered her to become the General Director of LLC "DV Technologies". As he explained to her, it was not necessary to manage the company, it was necessary to formally be a manager there for about half a year. According to him, the company had a zero balance sheet. After half a year "DV Technolodges" LLC was to be closed down. She agreed to Ivlev A.'s proposal. Subsequently, a girl named Natalia invited her during a telephone conversation to an office located in the Federation Tower of Moscow City on Moscow's Presnenskaya Embankment. She did not know which company owned the office. There were about 6 people in the office, including a notary. She was given a package of documents in which she put her signatures. She does not know the name of the documents, she did not familiarise herself with them. After signing the documents she left. About 4 months later she was again invited to the Federation Tower in Moscow City to sign the documents. She was called and met by another girl. The meeting was in a different office. She was signed the documents related to the electronic signature. She agreed to be employed only as general director of DV Technolodges LLC; she became aware of the fact that she was also the founder of DV Technolodges LLC during the interrogation. In the position of Director General, she twice received a salary of 20,000 roubles each. When she was employed, the amount of her salary was agreed upon. The first payment was on her first visit to the Federation Tower in Moscow City, where, after completing the paperwork, Natalia handed her 20,000 roubles in an envelope. The second payment was during her second visit when she signed the electronic signature. Another girl, whose name she does not know, also handed her 20,000 roubles in an envelope after signing the documents. She did not sign any documents on receipt of the money. She fulfilled the position of Director General of LLC "DV Technolodges" formally, did not perform any financial and economic activities, did not sign any documents on behalf of the company. - I.V. Levina's Testimony

given to her as a witness, according to which, in 2013 she was employed at QB Finance LLC as an accountant. She was assisted in her employment by Tatyana Voronova, who at that time worked in the company as chief accountant. She had known Tatyana Voronova since about 2000, she and her sister maintained friendly relations. At that time she (Levina I.V.) was looking for a job with the possibility to work remotely and Voronova T. offered her the above position. About once a year she was transferred from one company to another, but all of them belonged to the QBF group of companies. Of the said companies, she remembers "F - Technologies". In IC QBF she worked as the head of the personnel service, she executed the documentation on dismissal of the Company's employees. During the period of her employment with the QBF Group of Companies, since 2013, due to the illness of her child, she worked permanently remotely. The office of the group of companies was located in the Moscow City Tower in Moscow, but she did not have a workplace there. She sometimes came to this office to print out accounting documents and deliver them to the Pension Fund and Social Insurance. During this period she worked all the time as a salary accountant in the ZUP (payroll and personnel management) programme. Her duties included the calculation of wages and other payments to employees and the calculation of insurance contributions. She performed these activities for 17 companies belonging to the QBF group of companies. These companies were entered into the ZUP by employees from the office and she calculated salaries for all companies that were in the database to which she had access, i.e. a total of 17 companies). In 2017, at the company where she worked, she voiced that she needed additional income. At that time, as the child had grown up, she already had the opportunity to work additionally, including in a full - time format, outside the home. In the same year Voronova T. offered her the position of general director of the newly established LLC "Rentinvest" (INN 7703423933). This company was established within the QBF group of companies. The main type of activity is the rental and management of immovable objects. Voronova T., knew that she had

previously worked for 10 years in several companies in Moscow as a property agent and that this type of activity was familiar to her. She agreed and came to the office located on the 13th floor of Moscow City in Moscow, where the notary also arrived. The package of documents for the establishment of the Company was already ready and she signed them. She did not check the documents, as she trusted Voronova T. completely and the time of the notary's visit was limited (there was no opportunity to familiarise herself with the documents). She gave her consent only to work as the General Director of OOO Rentinvest. She learnt about the fact that she was also the founder of this company only from the police officers during the interrogation. She was the general director of LLC "Rentinvest" from approximately March to October 2017. During this period, she did not conduct any financial and economic activities in the company, she did not sign financial documents, and there were no employees in the company except her. During these six months, she sent e - mails to Ekaterina Gramza's e - mail account and asked her to send me the balance sheets of the company "Rentinvest". From her e - mail address she received balance sheets with zero indicators, which she considered reliable, as she realised that Crow T. could control their reliability. She does not know whether these reports were reliable. Around September - October 2017, Voronova T. was dismissed from the group of companies, and she realised that she would not be able to control the reliable activity of Rentinvest LLC without Voronova, besides, for six months the Company did not carry out any activity, she did not receive a salary, she decided to give up the position of general director of Rentinvest LLC. In the autumn of 2017, she came to the office of QBF Group and addressed Gramza E., and Shpakova E.N., who were there, with a request to relieve her of the position of the general director of LLC "Rentinvest". About two or three weeks later, she was invited to the office of the QBF group of companies in Moscow City, where in the legal department she was introduced to a guy named Berezka as the person who would be the next general director of Rentinvest LLC. She then went with him to the neighbouring tower of Moscow City to the office of a notary. The package of documents for OOO Rentinvest was already at the notary's office. She and Berezka signed them there, the documents themselves remained at the notary's office. At present, she and her sister are co - founders of LLC Stroykomplex Altair. The company was established in mid - 1990, and its activity is related to the manufacture of metal structures. The head of the company was her mother. Since about 2006, the company has not carried out economic activities and is not liquidated at the moment. In the course of her labour activity she had to deal with the following employees: Frolov Vladimir Georgievich - she is not personally acquainted with him, she has communicated with him several times by phone, she knows that he was a director in QB Finance LLC, was a director in several companies belonging to the QBF group of companies; Pakhomov Vladimir Sergeevich - for some time was a director of a branch in St. Petersburg, an employee in some companies of the QBF group of companies; Pakhomov Vladimir Sergeevich - for some time was a director of a branch in St. Petersburg, an employee in some companies of the QBF group of companies. Shpakov Roman Valerievich - she saw him in the office of the companies, she did not communicate with him personally, according to the company, Shpakov R. was represented as the most important and owner of the company, was represented as the most important and owner of the group of companies "QBF"; Shpakova Irina Nikolaevna - mother of Shpakov R., when visiting the office, she was always in the accounting department and it was understood that she managed the employees; Zelimkhan Visaitovich Munaev - she did not know him, he was an employee of one of the companies; Stanislav Anatolievich Matyukhin - known to her as the general director of LLC "IC QBF"; Evgenia Anatolievna Rossieva - a lawyer of the company; Elena Vyacheslavovna Gorobets - was a director of several companies; Alexei Sergeevich Golubev - director of the branch in St. Petersburg and then of the whole branch in St. Petersburg and then of the company. - The testimony of Shaarani Sh.T., given by him as a witness,

according to which, he has a friend Polezhaev Andrey Vyacheslavovich, whom he knows for more than 20 years, the circumstances of acquaintance he does not remember, they have been on friendly terms for a long time. In addition to

friendship, they are united by one sphere of activity - construction. In 2017 Polezhaev A.V. during their meeting, spoke in raised tones on the phone, after which he asked A.V. Polezhaev with whom he was in conflict, he (A.V. Polezhaev) replied that in early 2012 he met through mutual friends with Vladimir Pakhomov, who is one of the managers of the investment company LLC "Kyubi Finance" and who persuaded A. Polezhaev.V. to invest his free money in the business project of this company, which consisted in brokerage activities on the international securities market. He (Shaharani Sh.T.) asked A.V. Polezhaev what amount of money he contributed as an investment, to which A.V. Polezhaev told him that in April 2012 he (A.V. Polezhaev) met with V.S. Pakhomov at the Hotel Ukraine, where A.V. Polezhaev handed over to V.S. Pakhomov money in the amount of 600,000 US dollars for the purpose of receiving benefits, without signing any documents. He simply handed the money over to Pakhomov personally; no one else was present at the meeting and when the money was handed over, according to A.V. Polezhaev. V.S. Pakhomov did not give A.V. Polezhaev any receipts for receiving the money. A.V. Polezhaev explained that when they handed over the money they did not agree with Pakhomov that the money received from him would be invested in any particular project or the purchase of any particular securities. The agreement between them was that Pakhomov V.S. would use A.V. Polezhaev's money, and for the use of the money he would pay him monthly 3% interest in cash, as far as he (Shaharani Sh.T.) remembers A.V. Polezhaev said that it was about \$18,000 monthly. A.V. Polezhaev said that V.S. Pakhomov convinced him in every possible way about the reliability of the investment, A.V. Polezhaev seemed to him to trust V.S. Pakhomov very much and without concluding any agreements handed over the cash to him. Later he (Shaharani Sh.T.) learnt that Pakhomov V.S. paid interest to A.V. Polezhaev. He was surprised by the fact that the entire transfer of funds took place without any documentary evidence. Around September 2012, during their personal meeting with A.V. Polezhaev, he (A.V. Polezhaev) said that V.S. Pakhomov asked A.V. Polezhaev if he (A.V. Polezhaev) had any more money to invest, to which A.V. Polezhaev replied that he did. Further A.V. Polezhaev told that Pakhomov came to him (A.V. Polezhaev) to work, conducted negotiations and persuaded him to invest money, explained to him (A.V. Polezhaev) that it was necessary to increase the amount of investments in order to increase the monthly interest. Further he (Shaharani Sh.T.) learnt from A.V. Polezhaev that in June 2012 A.V. Polezhaev concluded an agreement with some Cyprus investment company and in February 2014 transferred funds from his current account opened in a foreign bank in Germany in the amount of €1,050,000 to the current account. In August 2019, he (Shaharani Sh.T.) met with A.V. Polezhaev in Aviapark, as far as he remembers they had a business meeting. During their conversation A.V. Polezhaev's mobile phone rang, at that moment A.V. Polezhaev told him that his fellow countryman from the company that owed A.V. Polezhaev money was allegedly calling, then he (Shaharani Sh.T.) suggested that A.V. Polezhaev, to talk to him, as his surname Munaev is Chechen, he (Shaharani Sh. T.) picked up the mobile phone and entered into a dialogue in Chechen, during the conversation Munaev explained that he was a Chechen from Grozny, he (Shaharani Sh. T.) offered to meet and have a talk with him. Munayev told him that he was in the Moscow City business centre, and he (Shaharani Sh. T.) told him that he was ready to come over. Then he and A.V. Polezhaev went to the "Moscow City" business centre, when they arrived there A.V. Polezhaev called Munayev and asked about a specific meeting place, then he (Shaharani Sh.T.) got out of the car, approached the veranda and saw a young man of Chechen appearance, tall, thin. They greeted each other, chatted, found common acquaintances in the person of Salambek Munayev, Munayev explained that Salambek was his relative, and he (Shaharani Sh.T.) in turn said that he knew him well. Munayev told him that he (Munayev) had received a summons from the CJS Department of Internal Affairs and he wanted to discuss the matter with Andrei. Munaev explained that he did not participate in this transaction, did not negotiate with A.V. Polezhaev, to which he (Shaharani Sh.T.) objected and showed him (Munaev) the payment order for the transfer of funds by A.V. Polezhaev to the account of the Cyprus company where Munaev was the head. He (Munayev) said that he was not aware of this and that he needed time to sort it out. He (Shaharani Sh.T.) told Munayev to organise a meeting with Pakhomov V.S., to which he (Munayev) agreed. About two days later he (Shaharani S.T.) received a call from Munaev Zelimkhan and said that today he could arrange a meeting between A.V. Polezhaev and V.S. Pakhomov, then he (Shaharani S.T.) immediately called A.V. Polezhaev and told the latter to come to the Moscow City business centre. He (Shaharani Sh.T.) met with Pakhomov V.S. and asked him what was the difficulty in returning the money to A.V. Polezhaev, to which Pakhomov V.S. said that all the finances were managed by Shpakov Roman, who was the general director of Qubey Finance LLC, and that all the money deposited by A.V. Polezhaev had been credited to the settlement account of Qubey Finance LLC. At that moment A.V. Polezhaev was waiting in the car. He (Shaharani Sh.T.) informed Pakhomov V.S. that it was necessary to inform Shpakov R.V. about the need to return the money, to which Pakhomov V.S. showed him

his mobile phone and Polezhaev A.V.'s messages about the requirement to return the money sent to Shpakov A.V., where he (Shaarani Sh.T.) saw that there were no responses from Shpakov R.V.. Then he called Polezhaev to come up to them, after which they talked, at which point he (Shaarani Sh.T.) stepped aside with Munayev. As it became known to him later from A.V. Polezhaev the conversation led to nothing, Pakhomov V.S. insisted that all finances were managed by Shpakov R.V. and he could not influence him in any way, Pakhomov V.S. explained that he informed Shpakov R.V. that it was necessary to fulfil obligations, to which he (Shpakov R.V.) did not react in any way. Then he (Shaarani Sh.T.) asked Munayev to organise their meeting with Shpakov R.V., to which Munayev responded positively. He learned from Zelimkhan that Shpakov was avoiding meeting with him and A.V. Polezhaev. A week later he (Shaarani Sh. T.) received a call from Munaev saying that Shpakov R.V. had received a summons from the Department of Internal Affairs of ZAO and he had a desire to meet with him (Shaarani Sh. T.), through Zelimkhan.T.) to meet with him (Shaarani Sh.), through Zelimkhan he learnt that Shpakov R.V. had asked to organise a meeting without A.V. Polezhaev, He asked Andrei to wait in the car and went to the veranda near the business centre, where he met Munayev and Shpakov, they started a dialogue with Shpakov R.V., Shpakov R.V. started to tell him why to interfere in negotiations with law enforcement officers, to which he (Shaarani Sh.T.) said that he knew nothing about it, then Shpakov R.V. started to refer to Pakhomov V.S., Shpakov R.V. allegedly was to blame for this situation, that he had not conducted negotiations with A.V. Polezhaev correctly and that he (Shpakov R.V.) had no information about A.V. Polezhaev. Shpakov R.V. referred to the fact that the company has a rule that an employee who attracts an investor fully accompanies him in the future. Then Shpakov R.V. said that this was his employee and he would deal with him himself, he also said something about the Peter branch of the company that he would send him there as a sign of punishment. Munaev Zelimkhan told him (Shaarani Sh.T.) that his interest in solving this issue is that he was also sent a summons from the Department of Internal Affairs of ZAO and he does not want to get into trouble with the law. Further, at the end of August 2019, a meeting was held between him, Munaev Zelimkhan, Polezhaev, and Shpakov at the Moscow City Cafe, Moscow, Presnenskaya Embankment, 8, pp. 1, at which the issue of returning money to A.V. Polezhaev was discussed. Shpakov confirmed the existence of the debt of Qubey Finance LLC to A.V. Polezhaev, Shpakov confirmed the receipt of USD 1,000,000 from A.V. Polezhaev. Shpakov agreed to return USD 875,000 to A.V. Polezhaev with instalment payments for 3 years. A.V. Polezhaev agreed to these terms, and all the documents on the arrangements were drawn up by Munaev, i.e. a notarised repayment agreement between Polezhaev and Pakhomov, and Shpakov was to be the guarantor of the repayment. The agreement was never executed. At this meeting, a decision was made between R.V. Shpakov and A.V. Polezhaev to return to A.V. Polezhaev the funds in the amount of USD 200,000 for a period until 01 October 2019, until 01 November 2019 another USD 200,000. Starting from 01 December 2019, USD 15,000 each month for a total of USD 475,000. A.V. Polezhaev wrote a statement that he would have no claims after the above amount was transferred to him. Around October 2019, there were about 3 - 4 meetings between him (Shaarani Sh.T.), Polezhaev, Shpakov, Munaev, during which Munaev handed him (Shaarani Sh.T.), money, he accepted them, as Andrei was afraid of provocation from their side, at each meeting they handed over about 50,000 USD, after which Polezhaev A.V. in front of everyone wrote a receipt on receipt of money in ruble equivalent. He (Shaharani Sh.T.) did not count the money in front of everyone, as he trusted Munayev. Before the New Year he (Shaarani Sh.T.) went to Pskov, in December 2019 he received a call from an unknown number and introduced himself as Aslambek Munayev, Zelimkhan Munayev's brother - in - law, asking what was the issue with Zelimkhan and why he was summoned to the law enforcement agencies. He explained to him that he had an acquaintance Andrei Polezhaev, to whom Qubey Finance LLC owed money, and Zelimkhan Munayev worked there. Aslambek said that he had a conversation with R.V. Shpakov, who said that he did not owe any money to A.V. Polezhaev. Aslambek also explained that he did not want his younger brother to take part in these disputes, and he was ready to become an intermediary in these negotiations, to which he (Shaarani Sh.T.) did not object. He called R.V. Shpakov and he confirmed that Aslambek would be involved in the negotiations. Then he (Shaarani Sh.T.) Aslambek said that he would not mind receiving a reward for the support of the transaction in the amount of \$200,000, this information he gave to A.V. Polezhaev, to which the latter refused. After that he (Shaharani Sh.T.) called Shpakov R.V. and asked why Aslambek demanded remuneration from Polezhaev A.V., Shpakov R.V. said that Aslambek was authorised to negotiate with Polezhaev A.V. About two weeks later he met with Aslambek and they held negotiations, he was interested in the position of Shpakov R.V., Aslambek said that R.V. Shpakov's position was to bribe certain persons and that it was easier for him to give 50% of A.V. Polezhaev's debt to certain persons so that they would close the issue;

Polezhaev, i.e. in the course of his insurance activities; Pakhomov V.S. had also been his client for some time. In the course of personal conversation Pakhomov V.S. told him about the nature of his activity, namely that he (Pakhomov V.S.) is an employee of the investment company "Qubey Finance" LLC, which is engaged in attracting funds of individuals and legal entities in the international securities market. Pakhomov V.S. is not his comrade or friend, he knows him as his client. As far as he (S.N. Loginov) understood at that moment, A.V. Polezhaev at that time had a certain capital in the form of cash and non - cash funds, which he wanted to invest somewhere in order to get profit. He knows nothing about the circumstances of interaction between A.V. Polezhaev and Qubey Finance LLC, as A.V. Polezhaev was a very secretive person who rarely told specific things about his life. His close communication with A.V. Polezhaev stopped around the end of 2013, and then they began to communicate very rarely, without any details. He (S.N. Loginov) is not a client of Qubey Finance LLC. Shpakov R.V. is not personally known to him, in the course of his work activities, he became aware that he (Shpakov R.V.) is one of the managers of Qubey Finance LLC;

- D .V. Podoynikov's Testimony

given as a witness, according to which, since 2019, he has been the head of the 4th Department of the OEBiPK of the Department of Internal Affairs for ZAO of the Main Department of the Ministry of Internal Affairs of Russia for Moscow. His subordinate officers provide operational support for criminal case No. 12101007754000065, initiated by the SD of the Ministry of Internal Affairs of Russia on the grounds of an offence under Part 4 of Article 159 of the Criminal Code of the Russian Federation against unidentified persons. Earlier, the officers of the 4th Department of OEBiPK of the Department of Internal Affairs for ZAO of the Main Department of the Ministry of Internal Affairs of Russia for Moscow had the materials of verification on the applications of a number of citizens against unidentified persons from among the employees of the Qubief group of companies. Thus, in the course of operational support, as well as on the basis of an instruction from an investigator of the Investigative Department of the Ministry of Internal Affairs of Russia, which he, by virtue of his official duties, wrote out to his subordinates, he became aware that the Qubief group of companies included a large number of legal entities. The activity of these entities is connected with attracting personal funds of citizens for the purpose of their further investment in stock markets. In the course of operational support it became known that the actual beneficiaries of the QBIF group of companies are the following citizens: Roman Valeryevich

Shpakov, Zelimkhan Visaitovich Munaev and Vladimir Sergeyeovich Pakhomov. The main organiser is Shpakov R.V. To implement his criminal intent aimed at embezzlement of citizens' money, Shpakov R.V. attracted a large staff to his organisation, such as Munaev Zelimkhan Visaitovich, Pakhomov Vladimir Sergeevich, Rossieva Evgenia Anatolievna, Matyukhin Stanislav Anatolievich, Athanasiadou Linda and others. R.V. Shpakov developed a criminal plan, according to which they intended to systematically steal money belonging to citizens by means of deceit, consisting in the deliberate reporting of knowingly false information that did not correspond to reality, in order to obtain criminal income and distribute it among the members of the organised group, by concluding client agreements on behalf of organisations under their control, acting under the guise of brokerage companies, for the provision of direct access to international stock markets. The criminal plan developed by R.V. Shpakov together with Z.V. Munayev and V.S. Pakhomov envisaged various stages of committing the crime, including: searching for the money necessary to ensure the criminal activity of the criminal association (criminal organisation); searching for and attracting accomplices, assigning them criminal roles in the organised group, as well as attracting persons unaware of the criminal intentions of the criminal organisation. R.V. Shpakov was the organiser of the criminal group. Having determined the direction of the activities of the organised group, R.V. Shpakov attracted Z.V. Munayev to participate in the organised criminal group, who directed the participants of the organised group, determined the goals in the development of general plans for the activities of the organised group, attracted co - conspirators to the organised group, sought legal entities to carry out criminal activities, distributed the income obtained by criminal means among the participants of the organised criminal group, based on the assigned role of each participant, as well as on his activities. The duties of E.A. Rossieva, who is a co - conspirator of the organised criminal group, was responsible for legal support, which was expressed in the search for legal entities registered both in the territory of the Russian Federation and in foreign countries, necessary for the commission of the crime, change of nominal general directors in legal entities, including QB Investment Company QBIF LLC, QB Investment Company QBIF LLC, QB Financial Group JSC, QB Finance LLC, QB CAPITAL CY LTD. In addition, in the course of operational support the information on movable and immovable property of the defendants, information on affiliated organisations, as well as information on open and closed settlement accounts of the mentioned organisations was obtained. In addition, criminal case No. 12001450007000902 was under investigation by the Special Investigation Department of the Department of Internal Affairs of the ZAO Department of the Ministry of Internal Affairs of Russia for the city of Moscow. As part of criminal case No. 12001450007000902, investigative actions were carried out in the course of which an iPhoneX mobile phone was seized from Z.V. Munayev. In the course of the examination with the participation of a specialist, correspondence in the messenger "Whatsapp" was obtained, exposing the criminal intent of the defendants. The obtained information was also attached to the materials of the criminal case;

- D. A. Korshunov's testimony ,

given by him as a witness, according to which he has been registered with a narcological dispensary since 2021. Approximately since 2001 he began to use strong narcotic substances, including heroin. On 02.07.2018 he entered a rehabilitation centre for persons with drug addiction, in this centre he stayed for 11 months, until May 2019. About two months before entering the rehabilitation centre, namely in May 2018, he (Korshunov D.A.) received an offer from his acquaintance Dokuchaev Alexei (mail: leksey.80@mail.ru) about the possibility of additional income by providing his (Korshunov D.A.) passport data as a guarantor. At that time he was not interested in the circumstances under which he would act as a guarantor, as he was under the influence of narcotic substances. On 07 or 08 May 2018, he together with Dokuchaev Alexei came to the address: Moscow, Nagatinskaya Street, 26 to the notary office, where activities were carried out on behalf of the notary Natalia Nikolayevna Novikova, but the documents were certified by a man temporarily acting as Novikova N.N. What documents were signed there by him (D.A. Korshunov), he does not remember. After that Dokuchaev Alexei paid him 2,000 roubles and he (Korshunov D.A.) left. About three weeks later, he received an e - mail message from Padyn.Kirill@yandex.ru about the completion of some procedure with him to draw up documents for a fee of 22,000 roubles, as his acquaintance Alexei Dokuchaev was not in touch. He (D.A. Korshunov) was able to read this message only after leaving the rehabilitation centre, he did not reply to this message. He has not heard the names of such organisations as LLC "VL - Consulting" (INN 7706463476), "WLM" (CR -

347210), "White Lake management" (SE - 330557), "Simtelligence", he has not heard of them, he has not worked in them, he has not been a guarantor or trustee. He is not familiar with the QBF group of companies, he has not visited the offices of these companies before, he has never conducted any negotiations on behalf of the above - mentioned companies. In the copies of the documents "WLM" (CR - 347210), "White Lake management" (SE - 330557) presented to him for review, the signature from his passport is shown in the signatory column on the side of the representative of the companies, thus he believes that his passport data was used and the image of his signature was copied. He has never received a foreign passport and has not applied to the migration authorities of the Ministry of Internal Affairs of Russia. He has not visited the buildings of the Central Bank of Russia and has not communicated with a representative;

Christofi Michalakis' Testimony

as a witness, according to which he learnt and read about QBF - related incidents on the Internet, after which he immediately contacted the representative of the law enforcement authorities of the Russian Federation - operative commissioner Renat Nagilevich Khalilullin, and expressed his desire to come for questioning and tell about the circumstances known to him related to QBF. Thus, one of his accounting professionals introduced him to Apollon Athanasiades in October 2016, who positioned himself as a broker for trade refinancing in the UK. On completion of the funding project, Athanasiadou introduced him to his wife, Linda Athanasiadou/Kovalenko (Athanasiadou). During the conversation they (the couple) claimed to be co - owners of Noa Circle LTD in Cyprus. The other partner was a Russian organisation called QBF. The Athanasiadou couple stated that they had just completed a restructuring of the QBF group of companies and were looking at expanding into Hong Kong SAR, China, and were primarily looking for opportunities for trade between China and Russia and vice versa. The Athanasiadou family claimed that QBF Group has been involved in several businesses in Russia and other CIS countries, with activities expanding from retail shops and supermarkets to investment services, financial technology and natural resources trading. Athanasiadou claimed that the QBF Group controlled various supermarkets and retail chains (including Pyaterochka) with over 35,000 shops in Russia, which was consistent with his (Christofi M.) company's strategic outlook and expansion plans. His main business is the manufacturing and trading of electronics, home appliances, consumer goods and other consumer products, and his business model is based on the idea of national retailing and distribution. After several meetings and discussions, he realised that the beneficiaries of QBF were one Roman Shpakov and Zelimkhan Munayev. The Athanasiadou couple, together with Dimitri Lepeshkin, as he (Christofi M.) understood at the time, had significant power in the QBF group of companies and were responsible for all of QBF's operations outside of Russia. Athanasiadou claimed that Noa Circle LTD and Aelius Circle LTD had many clients. He subsequently met accounting and trust specialists in the UK and Hong Kong. During 2017, 2018, 2019 several meetings were held in Hong Kong, Cyprus, UK, Cayman Islands and Armenia with Athanasiadou' spouses. In addition, he met several times with Dmitry Lepeshkin in Hong Kong and Cyprus. He also met with Zelimkhan Munayev, several times during his two trips to Hong Kong and once to Armenia. He never met with Roman Shpakov. Several projects were discussed, which included import of electronics and household appliances from China to Russia, export of vodka and aluminium (ADC12) from Russia to China and some other countries. For the said purposes, it acquired SIMTELLIGENCE COMPANY LIMITED, registration number 1570903, on 02.05.2018, as a company licensed to export electronics, consumer goods from China to Russia, with the possibility of tax refunds. In particular, the activities of the said company were initially related to the purchase of electronics in China and selling them in Russia. He was the sole shareholder of the company and its general director. The staff of the company consisted of two employees, him and the company secretary, who was an acquaintance from Hong Kong. The company secretary did not perform any management functions. SIMTELLIGENCE COMPANY LIMITED did not and could not carry out any brokerage activities as it did not have the relevant licence. In addition, the company "WHITE LAKE MANAGEMENT LTD", registration number SE 330557, was founded on 15.12.2017. The said company was initially registered in the Cayman Islands in the name of a local lawyer, but subsequently on 10.01.2018 he (Christofi M.) became the sole proprietor. The purpose of this company was to exchange and hold shares in various companies. At the same time, this exchange of shares was in no way related to the acquisition of shares on various exchanges and stock markets. The need to exchange shares was due to

the fact that he was working with factories in China with which an exchange of shares was required. At the same time, there was the possibility of acquiring shares on the stock markets, but without reselling them. During the entire period of activity of "SIMTELLIGENCE COMPANY LIMITED" and "WHITE LAKE MANAGEMENT LTD", they did not carry out any brokerage, dealer activities, as well as any other activities related to the acquisition and sale of securities, as there were no such purposes from the beginning. In this connection, SIMTELLIGENCE COMPANY LIMITED and WHITE LAKE MANAGEMENT LTD did not obtain the relevant licences for investment, brokerage, depositary, dealer activities or any other activities related to participation in the securities market for clients in accordance with the procedure established by law. They have agreed to establish WHITE LAKE MANAGEMENT LTD in the Cayman Islands. Apollon Athanasiades at the time insisted on using the Cayman Islands as his domicile jurisdiction on the grounds of being away from home. Although he preferred to be in Hong Kong SAR or the UK as the jurisdiction in which he had worked all his life. They also agreed that NOA Circle should do all the administrative, accounting and back office work for the company as this was NOA Circle's speciality. The first real project was to supply consumer/lifestyle healthcare products from their existing range to Apteki 36.6, which they (the couple) claim is QBF's business partner in Russia. In February 2018, they (Christofi M.) Chinese company was authorised to import spirits and alcoholic beverages into China and citizen Lepeshkin suggested several Russian vodka brands. In November 2018, after sending an invitation to QBF to attend the opening ceremony of its new joint venture in China, an aluminium hull and components plant, Mr Shpakov offered to supply aluminium ingots directly from Rusal in Russia to their plant. In preparation for the project, a special aluminium import permit and international import settlement quotes were obtained and approved by the Guangdong provincial government, the provincial people's congress and the Chinese people's congress. In July 2019, the ingots arrived at their smelter after four months of delays and disputes. However, despite competitive pricing, it cancelled the project due to uncertainty. Operational and administrative complexities were secondary concerns given the events described below. Several smaller projects were considered in 2018 and the first quarter of 2019. All of them failed as QBF was unable to fulfil the agreed terms and conditions. In October 2018, his (Christofi M.) close friend was appointed to sell a financial/payment institution in Hong Kong. QBF expressed their interest. The Athanasiadou couple travelled to Hong Kong for initial discussions, followed by Zelimkhan Munaev, he understood, to finalise and conclude the transaction. Despite the agreements reached, QBF failed to fulfil any of the agreed milestones and did not respond. In February 2019, his friend in charge of the sale advised him to stay away from all of them. The friend also informed him (Christofi M.) of the existence of "VLM" and "SIM" restricted bank accounts of which he was unaware. From March 2019 to June 2019, he had numerous lengthy arguments and disagreements with the Athanasiadou spouses. In August 2019, while visiting the Cayman Islands for more information, he realised how this would affect him, his family and his business. At that time he decided to draw the line and disassociate himself from anything to do with QBF. He stepped down as a director and transferred all shares to the Athanasiadou couple. Eventually giving up all his rights to future claims against the company and writing off all the money they owed him. More than 750,000 euros were written off. After transferring the shares and writing off the debts, Athanasiadou' wife tried to create many reputational, financial and personal problems for him. They wiped all his personal and business data from his devices and servers. They tried to hold him hostage in his own home. They tried to demand more money by claiming that third parties who lent to the company demanded their money. They tried to link him to fraudsters, criminals and tried to damage his reputation not only to third parties but also to his friends and family. There were several reports of fraud and other offences from him to the UK police. About the fact that the details of "SIMTELLIGENCE COMPANY LIMITED" and EXEMPT COMPANY "WHITE LAKE MANAGEMENT LTD" were used to enter into trust management agreements (contracts), agreements for the provision of services, the purpose of which was the acquisition, storage of cash and securities, providing direct access to trading on stock and futures markets, including but not limited to NYSE, NASDAQ, AMEX, NYMEX, LSE, CME, CBOT, GLOBEX, CBOE, PSE, PHS and ISE, as well as securities management with citizens of the Russian Federation, he does not know. He does not know Dmitry Anatolievich Korshunov, he does not know any powers of attorney to represent the interests of SIMTELLIGENCE COMPANY LIMITED and EXEMPT COMPANY WHITE LAKE MANAGEMENT LTD or to sign any documents on behalf of these companies, including trust management agreements (contracts), agreements for the provision of services, he has not issued. He believes that the data of the above companies were used by the above persons to carry out fraudulent actions. During the interrogation he (Christofi M.) was presented with a response dated 09.09.2020, received from the regulator of the Cayman Islands (CIMA), seized during the seizure in the Central Bank of Russia,

upon examination of this document he explained. According to this document, the company "WHITE LAKE MANAGEMENT LTD" is a company within a group of companies that conducts the business of investing securities exclusively for one or more companies, and, according to this response, the said company did not have licences to carry out brokerage and other activities related to the purchase and sale of securities, the company could only purchase securities for itself or for persons with whom he (Christofi M.) is personally acquainted. In the course of interrogation he (Christofi M.) was presented for review agreements on provision of services between various citizens of the Russian Federation and the company "SIMTELLIGENCE COMPANY LIMITED" represented by Korshunov D.A., as well as agreements on provision of trust management services between various citizens of the Russian Federation and the company "WHITE LAKE MANAGEMENT LTD" represented by Korshunov D.A., upon examination of these documents he explained. He has seen these documents for the first time. How the money was raised on the basis of these contracts (agreements), as well as how the raised money was spent, he does not know. He has nothing to do with it. He opened 3 accounts for SIMTELLIGENCE COMPANY LIMITED, namely: 2 accounts in Hong Kong (DBS, Dahsing banks), 1 account in Liechtenstein (Bendura bank). In addition, he applied in July 2019 to a small EQI bank (Bahamas and Barbados) and an account was opened there around December 2019. He is also aware that other persons (without his knowledge or involvement) have opened more accounts for SIMTELLIGENCE COMPANY LIMITED: 2 accounts in Vanuatu, accounts in Armenia (Ameria Bank), Kosovo, South Africa, Comoros, and possibly Turkey and somewhere in the Balkans. Thus, some accounts were opened in blacklisted states. WHITE LAKE MANAGEMENT LTD has, by him personally and with his involvement, opened accounts with the following organisations and countries: Signature Bank, JP Morgan (USA), Global Fidelity Bank (Cayman Islands) - explained that this account was opened by him, but he had access to it, Linda and Kirill Olezhko had access to it; (he knew that the company had funds in this account), Deutsche Bank (Germany), EQI (Bahamas and Barbados), Santander Bank (Poland), Abanca (Portugal), Clear Bank (UK), Bank of Lithuania, Igoria Bank - an electronic money bank; Ameria Bank (Armenia). When he transferred the shares of "WHITE LAKE MANAGEMENT LTD", on his initiative the company's accounts in Germany, USA (in JP Morgan Bank), in Poland, Portugal were closed. In addition, he knows that other persons (without his knowledge and participation) opened accounts for "WHITE LAKE MANAGEMENT LTD" in Vanuatu in two banks - NBV and ABB, in Clear Bank (at least 2 accounts, which he did not open); EQI (Bahamas and Barbados) - an account, which he did not open; Valens Bank (assumes that in Germany). He is also aware of QB CAPITAL CY LTD, registered on 31 January 2008, registration number HE 221325, which Linda also told him about. However, Linda did not mention that the above - mentioned organisation provides any brokerage services, saying that QB CAPITAL CY LTD provides consulting services. He is also aware of the renaming of the said organisation to QCCI LTD. No funds were transferred from the organisation QB CAPITAL CY LTD (QCCI LTD) to the accounts of WHITE LAKE MANAGEMENT LTD that he knew of. At some period of time, Linda and Apollo requested him to open bank accounts for QCCI LTD. He contacted bankers he knew about this issue and they explained to him that they would not open accounts for this organisation, explaining that it was risky. In addition, he is aware that ARGENTO ACCESS SARL, registration number B 174.898, including the issuance of bonds, is currently under investigation by the UK Financial Ombudsman in accordance with one of his allegations against LPX and ARGENTO ACCESS SARL. He has learnt from the said Financial Ombudsman the partial results of the interim interim judgement. In the course of the said investigation, a scheme to raise funds was established which is structured under the issuance of corporate bonds on behalf of ARGENTO ACCESS SARL. The said scheme consists of the following: ARGENTO ACCESS SARL issues corporate bonds and sells them subsequently at a set price. These bonds are valid in accordance with the maturity date specified in the purchase and sale agreement (memorandum of bond purchase). In the future, persons carrying out activities on behalf of ARGENTO ACCESS SARL, as well as persons authorised by the management of ARGENTO ACCESS SARL to maintain bank accounts, do not invest the received funds in the development of the company, but simply cash them out and appropriate them, at the same time, these bonds are not secured by liquid assets and actually have no value. He is also aware that ARGENTO ACCESS SARL uses this corporate bond scheme to launder money in Luxembourg, as Luxembourg banks accept funds under lax rules, and uses the "grey areas" of Luxembourg law for its own benefit. In addition, under Luxembourg law, there are no restrictions on the disposal by bond issuers of the cash received in the course of the realisation of these bonds. At the same time, he is aware that ARGENTO ACCESS SARL has a corporate account with Societe Generale where the proceeds from the sale of the bonds are received. ARGENTO ACCESS SARL was registered in 2013 and in 2014 the company was acquired by Phil Milo, Linda's friend and partner, who jointly organised the bond issue. In

addition, he learnt from his acquaintance that Linda had proposed to him (acquaintance Christofi M.) a criminal scheme to embezzle investors' money, and, according to Linda, Apollo had successfully used it before. He also knows Kirill Olezhko, who is Linda's confidant and who worked at NOA Circle and made fake contracts. Linda trusted him (K. Olezhko) and provided him with access codes to the current accounts of the controlled organisations. After he sold WHITE LAKE MANAGEMENT LTD in December 2019, Kirill Olezhko became its sole owner. The company "SIMTELLIGENCE COMPANY LIMITED" was also sold free of charge (transferred) on 19.11.2019 to Apollo and Linda's trustee Christophorou Andreas, who is a nominal manager. He is familiar with Andrei Berezka, with whom Linda was in very frequent contact. It was he who arranged the aluminium deal he mentioned above. In her activities Linda has always sought to attract rich and influential people to cover herself with their names and use them as advertising. All of Linda's assets are in the UK and registered in the name of her mother, Ksenia Torres. The Falco and Purity funds (which were actually managed by Linda) were positioned as developers of a cash investment algorithm. However, after he introduced Linda, who represented Purity (A.I. PURITY FUND AIF V.C.I.C. PLC, incorporated on 29 January 2020, registration number HE 4065230) to Deloitte, which is one of the developers of artificial intelligence, in order to test the said algorithm for its effectiveness, no real working algorithms could be proposed by Linda, from which it can be concluded that the scheme was also fraudulent initially. Assumes that the Falco fund (FALCO UMBREALL FUND AIF V.C.I.C. - FALCO FUND, registration number 210N7940) was created to support A.I. PURITY FUND AIF V.C.I.C. PLC;

These explanations were provided in writing in response to the working group's register of demands. The process of entering into OTC option contracts (hereinafter referred to as OTC) and cash flows in accordance with these contracts entered into between the clients of QBIF Investment Company LLC and QBU-BROKERLLC under which orders were submitted for execution of transactions with PFIs, including options, are presented in Appendix 3.3 to the interim audit report No. A2H - I25 - 8 - 8/1275DSP. According to the interim audit report No. A2N - I25 - 8 - 8 - 8/1275DSP, at the time of the audit the working group identified the following two schemes. Under the first scheme, the interaction was as follows. 1) Receipt by the Broker of counter - orders from QY.BROKER LLC and other clients to conclude an Agreement on General Terms and Conditions for granting options to conclude contracts (framework agreement) with a view to conclude in the future OTC derivative transactions, namely OTC option contracts (structural product "Product Name") on the terms and conditions attached to the order. 2) Conclusion of an agreement on general terms and conditions of granting options contracts (Framework Agreement) on behalf and at the expense of QYU.BROKER LLC (as a seller) and QBIF Investment Company LLC on behalf and at the expense of the client (as a buyer). 3) Receipt by the Broker of counter orders from QYU.BROKER LLC and other clients for execution of a futures transaction (structured product) on the terms and conditions according to the annex to the orders (specifying the direction "for sale/purchase" and the Broker's role in the transaction "acting on its own behalf and at the expense of the Client/acting on behalf and at the expense of the Client"). 4) Conclusion of an OTC option agreement (irrevocable offer) on behalf and at the expense of QYU.BROKER LLC (as a seller) and QBIF Investment Company LLC on behalf and at the expense of the Client (as a buyer), according to which the seller undertakes to pay a lump sum of money stipulated in the agreement depending on the change in the price of the underlying asset, and the buyer undertakes to pay an option premium upon the buyer's request. The full terms and conditions of the contract and the calculation of the monies to be paid by the parties are set out in the

specification of the structured product. 5) In accordance with the rights and obligations represented by the brokerage service contracts and agreements, QBIF Investment Company LLC settles and accounts for the amounts of security deposit balances under OTC option contracts. Under the second scheme, the interaction was carried out as follows. 1) Receipt by the Broker of counter orders from QU.BROKER LLC and other clients for execution of a futures transaction (structured product) on the terms and conditions according to the annex to the orders (specifying the direction "for sale/purchase" and the Broker's role in the transaction "acting on its own behalf and at the expense of the Client/acting on behalf and at the expense of the Client"). 2) Conclusion of an OTC option agreement on behalf and at the expense of QYU.BROKER LLC (as a seller) and QBIF Investment Company LLC on its own behalf and at the expense of the Client (as a buyer), according to which the seller undertakes to pay a lump sum of money stipulated in the agreement depending on the change in the price of the underlying asset, and the buyer undertakes to pay an option premium upon the buyer's request. The full terms and conditions of the contract and the calculation of the monies payable by the parties are set out in the specification of the structured product. 3) In accordance with the rights and obligations represented by the brokerage service agreements and the OTC option agreement, QBIF Investment Company LLC settles and accounts for the amounts of security balances under the OTC option agreements (including determining the amount of cash to be transferred under the agreement, making and receiving claims, notices provided for in the agreement, determining the value of rates, values, prices and other values, and performing any actions necessary for the execution of the OTC option agreement). In addition, Interim Inspection Report No. A2N - I25 - 8 - 8/1275DSP contains the following explanatory information. In accordance with Federal Law No. 39 - FZ, the Broker in its activities performs civil law transactions with securities on behalf and at the expense of clients or on its own behalf and at the expense of the client. From the submitted primary documents, the working group found that when concluding OTC option contracts, LLC Investment Company QBF acts as an "attorney" on behalf and at the expense of LLC QBF (seller) and as a "commission agent" on behalf and at the expense of clients (buyers). Thus, on behalf of QYU.BROKER LLC, QBIF Investment Company LLC executes the client's instructions to conclude the contract, and all responsibility for further actions (payment of assets, ensuring delivery) is assigned to QYU.BROKER LLC. From the second party of the transaction (other clients - buyers) LLC "QB.BROKER", acting as a commission agent, acquires the rights and obligations for the execution of the transaction. The scheme of cash flows received from individuals - clients of QBIF Investment Company LLC is presented in Appendix 4 to the final audit report No. A1N - I25 - 8 - 6/1654DSP. The scheme of cash flows of Q-BROKER LLC for the period from 01.11.2019 to 31.03.2021 is presented in Appendix 3.3 of the interim act of audit No. A2H - II25 - 8 - 8 - 8/1275DSP. At the time of the audit, Denis Romanovich Davydov was the supervisor supervising the brokerage activities of LLC Investment Company QBIF on the part of the Bank of Russia. The subject of the agreement No. UB - 288 dated 01.11.2019 concluded between QBIF Investment Company LLC and Q-BROKER LLC was as follows. In accordance with the interim act No. A2N - I25 - 8 - 8/1275DSP, Q-BROKER LLC and QBIF Investment Company LLC entered into a brokerage services agreement (adhesion agreement) No. UB - 288 dated 01.11.2019. In accordance with the application for comprehensive services under the concluded agreement, QBIF Investment Company LLC provides services on conclusion of transactions in the OTC market for comprehensive services under the concluded agreement. Additional agreements of the said contract are disclosed in the text of interim inspection act No. A2H - I25 - 8 - 8/1275DSP. According to the interim inspection act No. A2N - I25 - 8 - 8 - 8/1275DSP as of 31.03.2021 the following securities were in the assets of Q-BROKER LLC: - A.I. PURITY FUND AIF V.C.I.C. PLC: Share; reg. No. CYF000001166; ISIN CYF000001166 in the amount of 49 593 590 rubles; - ARGENTO ACCESS S.A R.L., COMPARTMENT 92; LU: Bond, documentary bearer; ISIN LU2181896106 in the amount of RUB 237,037,685; - ARGENTO ACCESS S.A R.L. COMPARTMENT 92; LU: Bond, documentary bearer; ISIN LU218181897179 in the amount of RUB 10,402,794; - PJSC "CEF": Ordinary share, book - entry; reg.No. 1 - 01 - 15103 - A; ISIN RU000A0JT3G8 in the amount of RUB 35,420,000; - QBIF RFI "QBF Golden Section", QBF Asset Management LLC: Share; reg.N 3421; ISIN RU000A0ZYLY8 in the amount of RUB 2,100,000; - OPIF RFI QBIF My Safe, MC QBIF Asset Management LLC: Share; reg.N 3420; ISIN RU000A0ZYLZ5 in the amount of RUB 5,766,734. According to the interim audit act No. A2N - I25 - 8 - 8/1275DSP the working group, at the time of signing of the interim act, analysed the information in respect of ARGENTO ACCESS S.A R.L. and A.I. PURITY FUND AIF V.C.I.C. placed in public sources and provided by QBIF Investment Company LLC on the registers of claims of the working group. Based on the results of the working group's analysis, interim audit act No. A2N - I25 - 8 - 8/1275DSP recorded the absence of information on the financial indicators of ARGENTO ACCESS S.A R.L. and units of A.I. PURITY FUND AIF V.C.I.C., which did not allow assessing the level of credit

risk on the above investments of Q.B.BROKER LLC and confirming the value of assets. The interim audit report No. A2H - I25 - 8 - 8/1275DSP indicated the wording that in the period from 01.11.2019 to 31.03.2021 the source of refunds to clients under OTC option contracts executed by QBU-BROKERLLC was funds received from new clients of QBIF Investment Company LLC. This conclusion was made on the basis of the following. In accordance with the interim act No. A2H - I25 - 8 - 8/1275DSP, the working group, based on the internal accounting data provided by QBIF Investment Company LLC, conducted a cash flow analysis for the period from 01.11.2019 to 31.03.2021, within the framework of which the difference between the amount of option premiums (security payments) received by QBIF Investment Company LLC and the amount of funds returned to clients on the day in question was calculated on an accrual basis on a daily basis. Information on the dynamics of the amount of liabilities of Q-BROKER LLC under OTC option contracts for the period from 28.11.2019 to 31.03.2021, as well as information on the difference of cash funds of Q-BROKER LLC from operations with cumulative total is provided in Appendix 3.3 of the interim act of audit No. A2N - I25 - 8 - 8 - 8/1275DSP. In addition, the final act of the audit No. A1N - I25 - 8 - 8 - 6/1654DSP reflects that the working group analysed OTC option contracts in order to determine the financial result obtained by Q-BROKER LLC in the period from 01.04.2019 to 31.03.2021. As a result, it was found that in the analysed period QYU.BROKER LLC paid under the option contracts cash funds in the amount of 3 499 million rubles, under these contracts previously received 2 560 million rubles as security payments. Thus, when executing option contracts, LLC Q-BROKER received a loss of RUB 939 million or 36.68 per cent of the investment amounts received. The Working Group notes that a significant part of this amount was re - invested in OTC option contracts. The funds withdrawn by investors from brokerage accounts with LLC Investment Company QBF after the execution of OTC option contracts totalled RUB 335 million. The above data demonstrate the lack of economic sense in the investment activity model adopted by QB-BROKER LLC, caused by the disproportionality of investment income and liability expenses. Besides, having analysed the circulation term of the instruments selected for investment, it has been established that it considerably exceeds the expiry dates for the majority of the option contracts concluded. The working group's assessment of the financial position of Q-BROKER LLC shows that it is impossible to fulfil its obligations to clients under OTC option contracts in the amount of RUR 4,572 million as of 30.06.2021. Therefore, at the time of maturity of the contracts, the only source of payments under the liabilities may be cash receipts from new contracts. Based on the results of the analysis of internal and depository records of LLC QBIF Investment Company, as well as on the information available with the Bank of Russia, the working group notes the absence of underlying assets under option contracts, under which LLC QBIF was the counterparty, on the depo accounts, as well as the absence of hedging transactions with derivative financial instruments and settlements on them in the audited period. Thus, the existing profitability of investments of QBU-BROKERLLC does not allow to ensure cash flow covering its expenses on servicing of liabilities in full, the source of settlements at execution of OTC option contracts of QBU-BROKERLLC are the funds received under the newly concluded option contracts; (Vol. No. 259, pp. 6 - 15)

As the head of the working group, she is aware of about 40 facts of entering into trust management agreements with clients on behalf of QBIF Investment Company LLC, where foreign companies participated in the related agreements. She knows the company QB Capital CY LTD. At the time of the inspection, as part of the analysis of Stepanov S.V.'s complaint, as well as the analysis of civil case No. 2 - 3771/2017 - m3727/2017, where Stepanov S.V. is the plaintiff, the working group requested information from QB Investment Company QB CY LTD on what the lawsuit was filed in connection with. To what LLC "QBIF Investment Company" represented by S.A. Matyukhin gave explanations, from the contents of which it follows that the plaintiff (S.V. Stepanov) carried out cash settlements within the framework of agreements with QB Capital CY LTD. In the course of the audit the working group requested the agreements (with all additions, amendments, annexes) concluded between QB Investment Company CY LTD, the validity of which extends to the dates of the audited period, with QBCapital CY LTD. This fact is reflected in the audit report No. A1H - I25 - 11 - 5/37DSP from pages 175 to 177 as follows: "...In addition, by the application dated 12.10.2017 No. 4 (item 9), the working group requested all contracts (with all additions, amendments, annexes) concluded by the Company, the validity of which extends to at least one date of the period from 01.01.2017 to 10.10.2017, with QBCapital CY LTD. The Company provided information that "the Company has not entered into any contracts with QBCapital CY LTD, the validity of which extends to at least one date of the period from 01.01.2017 to 10.10.2017". Taking into account the Company's information that it is impossible to provide all contracts, the working group requested 50 contracts from each "standard form" of "standard form No. 1", "standard form No. 2", "standard form No. 3", "standard form No. 4", as well as copies of all documents executed as part of the conclusion of contracts, and also requested an explanatory note on the process of concluding contracts, indicating: the process of attracting clients; the process of supporting transactions; the process of internal accounting of such transactions; the existence of internal documents regulating the conclusion of contracts; and the existence of internal documents regulating the conclusion of contracts As a result of the execution of this request, the working group was provided with 32 originals "available on the date of execution of the Request". In connection with the above, the Company has the right not to keep internal accounting of cash and transactions made within the framework of rendering services on the basis of contracts concluded with clients in accordance with the requirements of the Procedure for keeping internal accounting of transactions, including futures transactions, and operations with securities of professional securities market participants engaged in brokerage, dealer activities and securities management activities, approved by Resolution of the Federal Securities Commission of Russia, the Ministry of Finance of Russia dated 11.12.2001 No. 32/108n (paragraph 5, page 2 of Act No. 270117/VNKMT). In response to the working group's enquiry on the actual services provided by QYUBIEF IC LLC under the trust management service agreements, the Company provided the following information: "As noted in the Minutes of the meeting held on 15.05.2017 on the territory of the Central Federal District Main Directorate of the Bank of Russia (p.6 of the Minutes) and the Minutes of the 12.09.2017 meeting at the Securities and Commodity Market Department on the activities of QYUBIEF IC LLC, the Company was a party to the assignment agreements (trust management services). Acts on rendering services with clients under the said agreements were not drawn up. The purpose of the Company's conclusion of assignment agreements (provision of "trust management" services) was to potentially increase the Company's profit by offering its clients additional trust management agreements and brokerage services agreements within the framework of the Company's licence as a professional participant of the securities market (core services of IC QUBIEF LLC). The working group was provided with a copy of the Agreement on the Transfer of Contracts under Article 392.31 of the Civil Code of the Russian Federation dated 07.08.2017 (hereinafter - the Agreement), concluded between IK QiubiEF LLC and RENTINVEST LLC, in accordance with which IK QiubiEF LLC assigns and RENTINVEST LLC accepts in full the rights (claims) and obligations under the "Trust Management" contracts according to the list, which is an integral part of the Agreement. At the same time, the working group notes that the list submitted was not available. The Working Group in response to the application No. 12 dated 24.10.2017 was provided with the act of acceptance - transfer of documents dated 07.08.2017, in accordance with which LLC IC QUBIEF transferred and LLC RENTINVEST accepted 747 original documents. The acceptance act contains "No. n/a, client's full name, agreement number". According to the results of the analysis of the agreement between the Company and RENTINVEST LLC, it was established that there are no conditions in it on the reimbursement of the transfer of the said agreements. By application No. 11 dated 23.10.2017, the working group requested information on who is currently a party to the agreements. The Company provided information that "the party to the contracts concluded between individuals and LLC IC QUBIEF transferred to LLC RENTINVEST is LLC RENTINVEST". Also, the specified application (item 5) requested information on how LLC IK QUBIEF notified clients about the transfer of contracts. The Company provided information that: "RENTINVEST LLC in accordance with clause 2.2 of the Agreement is obliged to notify third parties (Parties to the agreements on the provision of "Trust

Management" services. Information on the persons with whom such agreements were concluded and which were not transferred to RENTINVEST LLC is given in Appendix No. 10 to this audit report".

All explanations from OOO Investment Company QBF indicated in the excerpt of the audit report were provided by Director General S.A. Matyukhin. Due to changes in the requirements to the procedure for calculating equity of a professional securities market participant, the working group was to verify the sources of equity, namely shares of PJSC Gazprom. The working group found that the shares of PJSC Gazprom were received from the company's participant LLC Kubi Group under the exchange agreement for ordinary shares of PJSC CEF. In order to analyse this transaction, the working group analysed the issuer of PJSC CFP, during which it was found that the shares of PJSC CFP in 2013 were made by the sole participant of LLC Investment Company QBF as a contribution to the authorised capital. Thus, based on the results of the issuer's analysis, it was found that PJSC "CEF" was a related company with LLC "Investment Company QBF" (the company's shares were previously also owned by LLC "Qubi Group", R.V. Shpakov, LLC "CBF UA"). The General Director of CVF LLC was Nikolay Valeryevich Mikhailov, who worked at QBF LLC, and the Auditor of CVF PJSC was Yury Vyacheslavovich Minaev, who worked at KBF UA LLC. PJSC "CBF" is registered at the addresses of mass registration of legal entities, during the analysis of financial indicators of PJSC "CBF" it was established that the main assets were accounts receivable in the amount of 99,5%, formed by the debt of LLC "Avalon" (INN 7718970625) and LLC "MasterRealt" (INN 7706800442) for the total amount of 793 550 000 rubles. Liabilities were represented by the authorised capital of 98.7%. The Working Group concluded that the value of PJSC "CEF" shares indicated in the exchange agreement cannot be recognised as market value;

Under the circumstances set out in the complaints of individuals, she prepared and sent a request to LLC "IC QBF" (hereinafter - the Company) to provide the Central Bank with lists of clients under trust management. Within the term established by law, the Central Bank received a response to the request, the response contained a list of clients of LLC "IC QBF", the request was signed by the general director Frolov V.G. According to the results of the analysis of this list of clients, it was found that the applicants - individuals are not clients under trust management. In this regard, a supervisory meeting was scheduled, which implied a meeting of the Company's participants and CB staff. The purpose of the meeting was to discuss the legality of the company's activities. The representatives of the Society were notified in due time, minutes were drawn up and sent to the Society. In 2017, some 4 - 5 supervisory meetings were held with representatives of the Society. At the first meeting, on 17 April 2017, from the representatives of the Company arrived Munaev Zelimkhan - Managing Director, General Director - Frolov Vladimir Georgievich, who, in her opinion, was a nominal director, as he did not take essentially any part in the meeting and did not have information about the activities of the company. Rimma Viktorovna, a representative of the owner of the Company, also came to the meeting; she was the leading representative at all meetings and answered all questions of the CB staff. The following questions were put before the representatives of the Company: the presence of a controller (responsible for compliance of the Company's actions with the requirements of the legislation on the securities market), the reasons for the sharp increase in trust management clients, comments of the Company's representatives regarding the replacement of shares of PJSC "Venture Finance Centre" (the Company was audited for the replacement of shares of PJSC "Venture Finance Centre" with registered ordinary shares of PJSC "Gazprom" in the amount of 59,600,000 rubles, which was also a scheme operation). They

were also questioned as to the reason for the systematic complaints of clients and the characterisation of the Company's activities under assignment contracts. The assignment agreements were concluded with clients within the framework of agency activity, which was confirmed by the conclusion of NAUFOR based on the results of an unscheduled thematic audit conducted in the period from 12.12.2012 to 21.01.2017, within the framework of this agency activity the Company received remuneration from foreign counterparties, which was recorded under the item "Other income", the manager of the Company along with the trust management agreement offered clients to conclude assignment agreements, in early 2017 the management of the Company made a decision on segregation of the given funds For the purpose of segregation, the Company established a legal entity, the main activity of which was to be agency activity, planned term end of 2017. The Company's representatives confirmed that clients who enter into assignment contracts understand that these contracts are not trust management (licensing) activities. Accounting of funds transferred to the foreign counterparty is performed directly by the counterparties. The Company acted as an intermediary providing access to international stock markets, QB Capital (Cyprus company) was a company involved in mutual settlements with clients, at the same time the Company acted as an agent for another company registered in Cyprus, which transferred the agency fee to the Company. The Company did not guarantee the fulfilment of its obligations by QB Capital (a Cyprus company). The Company does not accept clients' orders and does not transfer them to the Cyprus company. According to the representatives of the Company, the complaints of individuals are related to the duration of mutual settlements with clients, caused by changes in international legislation, including the imposition of sanctions. Following the results of this supervisory meeting, a decision was made to take note of the data received from the representatives of the Company, on the part of the Bank a decision was made to conduct further inspection in relation to the Company. Later in 2017, it prepared and sent a request to the Company to provide a list of clients under the assignment agreements, copies of contracts, copies of agreements on access to the securities market. Later, within the established deadline, the Company received a response from the Company, signed by CEO Frolov, with the requested copies of documents provided as an attachment to the response to the enquiry. The Bank of Russia found that in the period from 2016 to 2017, the Company, using a licence of a professional participant in the securities market, attracted funds from clients under the guise of securities trust management activities, which, in fact, provided them with access to trading on international stock markets. As part of this activity, instead of securities management or brokerage services, the Company offered clients services provided by companies related to the Company, which are positioned as companies of the same group, under two interrelated agreements: 1) Agreement on direct access to international stock markets with QCCI Ltd, under which the client transferred his funds to a trading account opened by QCCI Ltd, which, in turn, transferred the said funds to foreign companies engaged in brokerage activities. The Agreement provides for both the possibility of transferring the client's authority to an authorised representative to act on his behalf by giving an order to execute relevant transactions, and transferring the right to manage the trading account to a third party. At the same time, the legal relations of the parties, as well as all disagreements and disputes arising from the Agreement, are governed by the laws of Cyprus and the European Union; 2) The Agreement on the provision of "Trust Management" services (hereinafter - the Agreement) with the Company, which is concluded in accordance with the Agreement under the law of the Russian Federation, by its legal nature is not a contract of trust management of securities, concluded within the framework of professional activities on the securities market, as it does not involve the transfer of securities or funds for the provision of trust management services. It is evident from the text of the Agreement that the client transfers to the Company the right to manage the trading account opened by QCCI Ltd to the client on the basis of the Agreement with the client, and entrusts the Company on its own behalf to give instructions to the financial intermediary, to execute transactions with securities and to conclude contracts that are derivative financial instruments. In turn, the Company receives remuneration from the profits made on the above trading account. During the period of time from the end of 2017 to the beginning of 2018, about 3 supervisory meetings were held with representatives of the Company. At these meetings, the representatives of the Central Bank explained that this scheme of concluding contracts with individuals is an unfair practice, in addition, the Central Bank sent a letter to the Company on the inadmissibility of offering services of foreign organisations as part of the activities of a professional participant of the securities market of the Russian Federation. As a result of supervisory measures taken by the Bank of Russia, the Company decided to change the above scheme. The updated scheme did not involve direct participation of the Company; instead, clients entered into a Trust Management Services Agreement with a Russian consulting company, OOO QBF Advisers (INN 7703426941),

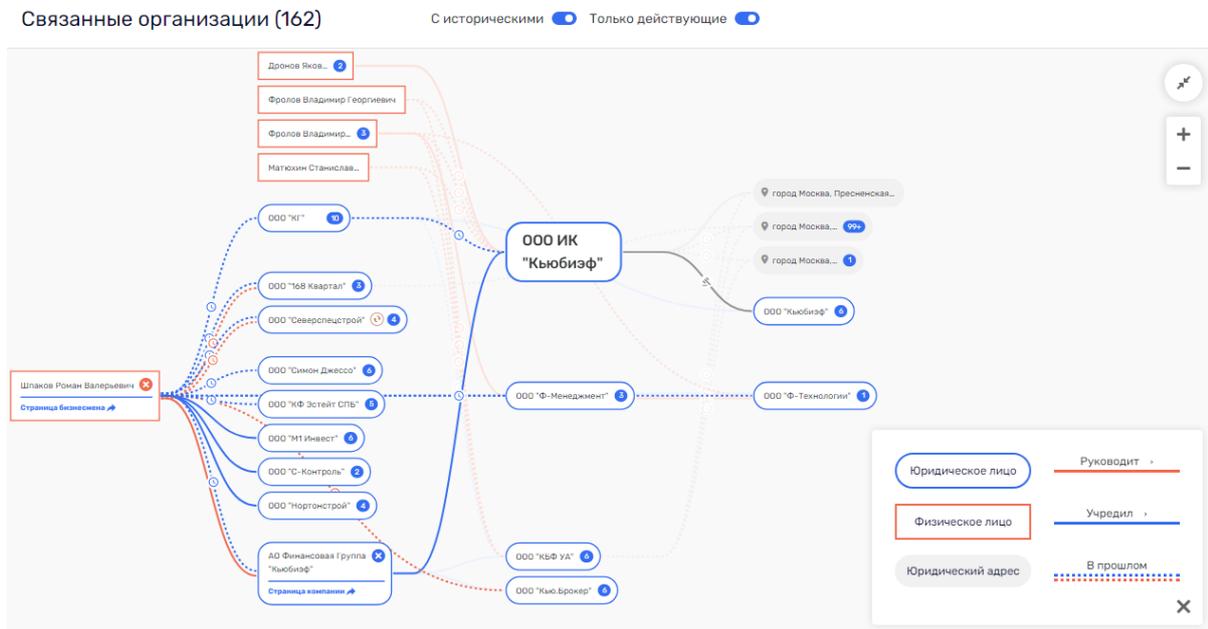

which does not have a licence as a professional securities market participant. QBF Adviszeri LLC acted as an intermediary in establishing legal relations with the Cypriot company QCCI Ltd and as of 12.03.2018 continued to bring clients to the international market under the above scheme. According to the results of the analysis of trust management contracts and agreements, it was revealed that these documents were signed with the same person, which allows to doubt the existence of the real brokerage activity of QB Capital (Cyprus company). It is also confirmed by the fact that Munaev Z.V. is the founder of QB Capital (Cyprus Company), as well as an employee of IK QBIF LLC. The reports were prepared by the employees of the Company, served as a means of misleading individuals, under the guise of trust management of QB Capital (Cyprus Company) clients' accounts. Reports within the framework of trust management are uploaded from the trading system, indicating the balance of securities, rate, portfolio dynamics. QB Capital (Cyprus Company) reports do not contain the balance, company details, no stamp. The algorithm of concluding a trust management agreement of an individual with a professional participant of the securities market was as follows: the client applied to a professional participant of the securities market with a desire to conclude a trust management agreement, which is posted on the website of the participant of the securities market, is usually an agreement of accession to the rules of trust management, which is also posted on the website of the participant. To conclude the agreement the client provides passport data, fills in the profiling questionnaire, depending on the risk - appetite of the client he is offered strategies with different levels of risk and profitability, in the end the client chooses a strategy suitable for him. Next, a trust management agreement is concluded, which specifies bank details for transferring funds, and a payment order to the company is formed. After the client transfers funds, the participant forms a portfolio in accordance with the chosen strategy. The manager's report on portfolio dynamics is sent to the client in his personal cabinet on a monthly basis (unless otherwise stipulated by the contract), at the client's request, no later than 3 working days, the client is given access to the state of his portfolio. R.V. Shpakov has never participated in the meetings, although he has been repeatedly summoned to participate, however, other representatives have informed that _ R.V. Shpakov is unable to participate in the meetings for various reasons. The Admission Department, together with the Securities Market Department, conducted a pre - licensing inspection in 2019 for the Company to obtain a depository licence. She in the summer of 2019, together with employees of the Admission Department, carried out an on - site visit to the Company's office located at the address: Moscow, Presnenskaya Naberezhnaya, 8, building, 1 in order to confirm compliance with the securities market legislation of the Company's activities, availability of servers, company employees, special software. As a result of the visit, it was established that the Company's activities comply with licence requirements. The contractual scheme of interaction between the companies related to the Company and clients on the basis of civil law contracts concluded outside the framework of special banking regulation of the relevant licensed activities deprives the latter of the mechanism of protection of their property rights provided for by the current Russian legislation in case of losses incurred by the clients, and is also aimed at avoiding civil law liability in case of non - performance of contractual obligations to clients, since disputes on the failure to fulfil contractual obligations to the clients are not subject to civil law. All financial risks related to non - return of the Company's clients' funds are fully transferred to the clients. The very name of the Company's agreement with the clients - "Trust Management Agreement" - indicates that the clients were misled as to the subject matter of the agreement and the services provided thereunder. The Company's clients believed that they were provided with securities trust management services. According to information received from the Securities and Exchange Commission of the Republic of Cyprus (the "Cyprus Regulator"), QCCI Ltd, prior to its liquidation in 2018, did not have the licences required to carry out investment activities in the territory of the Republic of Cyprus. In the period from 2017, their department, through an appeal to the NWPP of the Central Bank of Russia, initiated a control purchase, which confirmed the fact that QCCI Ltd had entered into assignment agreements on behalf of QBIF Ltd and an Agreement on the provision of services to international stock markets with a non - resident company QB Capital. This procurement was conducted in the Moscow office of QBIF IK LLC. After the meeting and warning about prevention of repetition of these facts from the clients of QBIF LLC continued to receive complaints, additionally a repeated control purchase was carried out, according to the results of which the fact of conclusion of order agreements on behalf of QBIF LLC and Agreement on provision of services to international stock markets with non - resident QB Capital was confirmed. This purchase was conducted in the office of QBIF LLC in St. Petersburg. Based on the results of these activities, the Department of the Central Federal District of the Central Bank of Russia sent a proposal for cancellation of licences of LLC IC QBF, this proposal was sent to the DRSB of Russia. However, this

proposal was returned for revision and further supervisory activities. In addition, the department within the Central Federal District Department of the Central Bank of Russia initiated an inspection of the Central Bank of Russia's SIRB. Based on the results of the inspection by the Central Bank of Russia's SIRB, their department repeatedly proposed to cancel the licences of QBIF LLC. This proposal was sent to the DRCB of the CBR, however it was not supported, due to plans for further rehabilitation of the company. In 2017, materials were sent to law enforcement authorities for verification under these assignment agreements. These materials were sent to law enforcement authorities for verification;

- Testimony of Y.V. Dronov, given by him as a witness,

according to which, by Order No. 1969 - OD dated 21.09.2021 the Bank of Russia decided to appoint temporary administration in Limited Liability Company "Investment Company QBF" (location address: 123112, Moscow, Presnenskaya naberezhnaya, 8, building 1, floor/room/com 11/HP/11, TIN , OGRN , OGPN. Moscow, Presnenskaya naberezhnaya, 8, building 1, floor/room/com 11/HP/11, TIN 7733673955, OGRN 5087746335551, hereinafter referred to as the Company) for a period of three months with suspension of powers of executive bodies of Limited Liability Company Investment Company QBIF. The basis for the decision was the repeated refusal within a month to satisfy creditors' claims on monetary obligations and the failure to notify the Bank of Russia of the existence of the relevant circumstances. The head of the temporary administration of LLC Investment Company QBF was approved. In the course of the inspection of the activities of LLC Investment Company QBF, he identified the related organisations, which are shown in the table below:

Also in the course of the audit it identified the following violations. As regards repurchase agreements, the following violations were identified. According to the final act of the Bank of Russia's audit in relation to QBF Investment Company LLC, the Company, acting as a trustee in the period from 01.04.2019 to 30.06.2021 concluded OTC repo transactions, including transactions concluded with QBF.BROKER LLC, a member of the QBF informalised group. A full list of persons belonging to the informalised QBF group is given in section 13 "Checking for participation of QBF Investment Company LLC in illegal activities on the financial market by foreign organisations" of the audit report. In addition, transactions were made under the security of units of ZPIF under the management of a related company - KBF UA LLC (page 16 of the act). In the period from 01.04.2019 to 30.06.2021, 69 repo transactions were concluded, on

average for 90 days with the possibility of further prolongation. The average rate on these transactions was 8% p.a., discount - 10%. The following companies acted as counterparties under repurchase agreements: LLC Profi, LLC 702, PJSC CMF and LLC QY.BROKER. As of 30.06.2021 in the investor's portfolio (under all trust management agreements) investment units of Russian issuers received under Part 1 of the OTC repo were as follows:

It revealed that under trust management agreements the clients' portfolios contain mutual funds under repurchase (transferred under the first part of repurchase agreements with counterparties). The total number of units (UIFs) is 9244 for the amount of RUR 341.08 million. It is impossible to transfer the units in repo to clients to their new brokerage accounts. In order to release the units of UIFs from REPO and transfer them to clients' trust accounts, it is necessary to release them from obligations to counterparties (QYU.BROKER LLC, Profi LLC, 702 LLC, CVF PJSC) by settling REPO transactions. On 13.12.2021 he as the head of the temporary administration of LLC Investment Company QBF was provided with scanned images and became aware of the conclusion on 13.09.2021 by LLC Investment Company QBF of agreements on settlement and termination of obligations under repurchase agreements concluded with PJSC CSF and LLC QBF.BROKER.

On 20.12.2021, in accordance with Article 102 - FZ "On Insolvency (Bankruptcy)" No. 127 - FZ, he, as head of the temporary administration, declared his refusal to execute the above agreements dated 13.09.2021, on settlement and termination of obligations under the following repurchase agreements concluded by LLC Investment Company QBIF with PJSC CFP:

and agreement dated 13.09.2021 under repurchase agreement No. 62r/0321 dated 23.02.2021 concluded by QBIF Investment Company LLC with QBROKER LLC. Repurchase agreements assume accrual of interest on the amount of counterparties' outstanding obligations to QBIF Investment Company LLC. As of 13.09.2021, the amount of interest (8% per annum) on the outstanding obligations is significantly lower (due to the total amount of the agreements - RUB 340.08 million) than if the said agreements had been concluded on the current date. The grounds for refusal are motivated by the fact that these agreements violate the rights of the clients of the DM. In addition, 2 statements of claim were filed with the Arbitration Court to declare these transactions invalid due to violation of clients' rights in the execution of these agreements. However, in order to terminate the fulfilment of obligations to clients (and transfer these mutual funds to clients' brokerage accounts with another professional participant of the securities market) and remove this REPO encumbrance from the mutual funds credited to the clients' MA accounts, it is necessary to release that part of the mutual funds in the MA clients' accounts, which under these agreements dated 13.09.2021 are recognised by the other party - counterparties to the REPO transactions. Authorisation has been requested from the Bank of Russia to remove the REPO encumbrances from the trust clients' assets in respect of the units of mutual funds uncontested by the REPO counterparties in order to transfer them to the clients. In addition, 4 statements of claim are also at the stage of preparation for filing to the court to declare all repurchase agreements with counterparties invalid in terms of performance under the second part of the repurchase (return of the part of units of mutual funds that were provided as collateral for fulfilment of obligations). Possible violations are identified not only from the side of civil legislation (related - party transactions, affiliated persons, non - market terms of repurchase agreements, etc.), but also have a possible criminal context. A possible scheme of withdrawal of clients' funds under trust management looked as follows. The accumulated funds of all clients were held in a trust management account with NSD, then LLC QBIF Investment Company represented by its CEO S.A. Matyukhin entered into repurchase agreements with companies belonging to the informalised QBIF group (LLC QBIF.Broker", PJSC "CVF", LLC "Profi" and LLC "702"), and transferred knowingly unrecoverable clients' funds to LLC "QBIF Investment Company", having received 1 part of the repo (as collateral for these clients' funds) PAI mutual funds, emitted by QBIF UA LLC (also an affiliated structure of QBIF group), and for calculation of the collateral value under repurchase agreements it was actually not the market value of the units, but the "estimated unit value" (UAV), which was quarterly published on the website of QBIF UA LLC. Moreover, it is impossible to check the RSP, and the market value of units was absent as such and had no quotations on any stock exchange, as repo transactions were made as if on the "over - the - counter market" - i.e. direct contracts. Probably the centre of decision making on these transactions was R.A. Shpakov - the beneficiary of the group of companies "Qubife", but the executors were the heads of the respective organisations. Besides, it is not known where the clients' funds from the accounts of LLC "702", LLC "PROFI", LLC "QB.BROKER" and PJSC "CVF" were further directed. The total amount of possible damage to clients of QBIF Investment Company LLC under trust management is 340 million rubles. In terms of OTC financial instruments (options) of LLC Q-BROKER the following violations were revealed. According to the final act of the Bank of Russia's audit in respect of LLC Q-BROKER Investment Company (page 57), in the period from 01.04.2021 to 30.06.2021, 2,056 OTC option contracts were concluded for a total amount of RUB 740,204 million. Information on the amounts of security payments by underlying assets is given in Appendix 4 to the audit report. The Working Group analysed the Company's compliance with the requirements of Article 51.4 "Specifics of concluding contracts that are derivative financial instruments" of Federal Law No. 39 - FZ with respect to option contracts concluded in the interests of clients. Including fulfilment of clause 5.1 according to which the contracts are concluded not on exchange trading only by a broker or a manager acting on his own behalf and at his own expense or at the expense of his client. It was found that all option contracts concluded in the period from 01.04.2019 to 30.06.2021 were concluded by the Company as a trustee or commission agent. As of 31.03.2021, as part of brokerage services, OTC option contracts were accounted for in the portfolios of 1,230 individual clients for a total amount of RUB 3,499,300 thousand, of which the Company recognised 813 individual clients as qualified investors (RUB 3,101,058 thousand) and 417 individual clients who are not qualified investors (RUB 398,242 thousand). In addition, under framework agreements for the subsequent conclusion of OTC option contracts, Q-BROKER LLC transferred funds in the amount of RUR 738,935 thousand, including RUR 4,868 thousand from non - qualified

investors. The Company also concluded OTC option contracts in the interests of management founders, as of 31.03.2021 the portfolios of individuals who transferred assets to the Company for trust management included OTC option contracts concluded with QYU.BROKER LLC for the total amount of RUR 4,381 thousand, including RUR 1,417 thousand from non - qualified investors under trust management contracts of individuals. As of 04.06.2021, as part of brokerage services, OTC option contracts were accounted for in the portfolios of 1,328 individual clients for the total amount of RUB 3,748,365 thousand, of which the Company recognised 924 individual clients as qualified investors (RUB 3,308,907 thousand) and 404 individual clients as non - qualified investors (RUB 439,458 thousand). In addition, under framework agreements for the subsequent conclusion of OTC option contracts, Q-BROKER LLC transferred funds in the amount of RUB 582,409 thousand, including RUB 40,898 thousand from non - qualified investors. The Company also concluded OTC option contracts in the interests of management founders, as of 04.06.2021 the portfolios of individuals who transferred assets to the Company for trust management included OTC option contracts concluded with QYU.BROKER LLC for the total amount of RUR 86,327 thousand, including RUR 82,773 thousand from non - qualified investors under trust management contracts of individuals. Information on the amount of option liabilities to clients by investors and contracts is given in Appendix 4 to the audit report. The Working Group analysed information from the Company's internal records on the conclusion of OTC option contracts with non - qualified investors after 30.07.2020. As a result of the analysis, it was found that the Company, on its own behalf and at the expense of clients of non - qualified investors, concluded 399 OTC option contracts for a total amount of 365,372 thousand rubles, including 36 contracts for the amount of 13,464 thousand rubles in December 2020. The list of contracts is provided in Appendix 4 to the audit report. Also, according to the final act of the Bank of Russia's audit of LLC Investment Company QBIF (page 63), the working group analysed the cash flows of the Company and its counterparties and found that in the audited period the special brokerage accounts of the Company received funds from individuals, individual entrepreneurs and legal entities under merger agreements, the total amount of funds received for the period from 01.04.2019 to 22.04.2021 was RUB 4,725,533,246.97, the funds were received mainly from individuals, individual entrepreneurs and legal entities. Further, the monetary funds received under the accession agreements were sent by QBIF Investment Company LLC to Q-BROKER LLC (INN 9703003668), QBIF FINANCIAL GROUP JSC (INN 7703466327), CVF PJSC (INN 7734682254) and to non - residents ARGENTO ACCESS S.A R.L., Constance Investment Ltd and T.C.R. INTERNATIONAL LTD. To the address of LLC "QYU.BROKER" (INN 9703003668) sent: - 1 365 441 522, 20 rubles as a withdrawal of funds under the agreement dated 01.11.2019 № YUB - 288; - 12 765 000,00 rubles as payment under the contract of sale and purchase of units of ZPIF real estate "RIF Skladskoy Federal 1". Also from the trust management account of QBIF Investment Company LLC to QB-BROKER LLC in the audited period was sent 93,670,000.00 rubles as withdrawal of funds under the agreement No. DU - YUL - 1957 dated 03.06.2020. The Company received from QYU.BROKER LLC: - RUR 145,382,303.13 as a cash transfer under the Accession Agreement dated 01.11.2019 No. YUB - 288; - RUR 156,882,303.13 as a cash transfer/replenishment of the brokerage account under the Agreement dated 01.11.2019 No. YUB - 288. RUB 1,408,023,475.50 as payment under the agreement on issuance of promissory notes was sent to JSC Financial Group QBF. RUR 78,310,000.00 was sent to PJSC "CEF" as payment under agreements on issuance of promissory notes. To non - residents: - RUB 260,068,726.50 (USD 3,393,000.00 and EUR 10,000.00) sent to ARGENTO ACCESS S.A R.L. 412F, route d'Esch, L - 2086, LUXEMBOURG for the purchase of ARGENTO ACCESS S.A R.L.207 bonds; - some RUB 261,818,451.50 (USD 2,181,000.00) to CONSTANCE INVESTMENT LTD (Republic of Cyprus) as settlement of OTC options; - some RUB 49,593,590.80 (USD 676,000.00) to T.C.R. INTERNATIONAL LTD. INTERNATIONAL LTD (Republic of Cyprus) as payment for units of A.I. PURITY FUND AIF V.C.I.C. PLC (Republic of Cyprus, date of company registration 29.01.2020). The scheme of cash flow received by QBIF Investment Company LLC from individuals - clients under accession agreements with the subsequent conclusion of OTC option contracts with Q-BROKER LLC is given in Appendix 4 to the act of audit. In the audited period, LLC Investment Company QBIF withdrew funds from its special brokerage accounts (SBS) to LLC QYU.BROKER under the brokerage services agreement No. UB - 288 dated 01.11.2019, the total amount of funds "withdrawn" under the said agreement amounted to about RUB 1.4 billion. In addition, it follows from the act of the Bank of Russia's audit of LLC Investment Company QBF (page 76) that according to internal accounting data and information available to the Bank of Russia, it was established that LLC QB-BROKER carried out operations to acquire promissory notes, foreign financial instruments, repay and issue loans. The working group determined a possible portfolio of assets of QBU-BROKERLLC and analysed financial investments. The main volume of security payments under OTC option contracts was invested

in the following financial instruments: - promissory notes of JSC Financial Group QB-BROKER totalling RUB 1,422 million. From the copies of primary documents submitted to the working group, including promissory notes, client's orders for transactions with securities, purchase and sale agreements, and acts of acceptance and transfer of promissory notes, the working group found that the yield on purchased promissory notes varies within 8 - 11.5% per annum depending on the maturity date; - securities issued by ARGENTO ACCESS S.A.R.L. totalling RUB 1,057 million. According to the information provided, the yield is 5 - 9% per annum; - OTC options with CONSTANCE INVESTMENT LTD totalling RUB 373 million. The working group analysed OTC option contracts in order to determine the financial result obtained by Q-BROKER LLC in the period from 01.04.2019 to 31.03.2021. As a result, it was found that in the analysed period QYU.BROKER LLC paid under the option contracts cash funds in the amount of 3 499 million rubles, under these contracts previously received 2 560 million rubles as security payments. Thus, when executing option contracts, LLC Q-BROKER received a loss of RUB 939 million or 36.68 per cent of the investment amounts received. The Working Group notes that a significant part of this amount was re - invested in OTC option contracts. Cash withdrawn by investors from brokerage accounts with the Company after the execution of OTC option contracts totalled RUB 335 million. The above data demonstrates the lack of economic sense in the investment activity model adopted by Q-BROKER LLC, caused by the disproportionality of investment income and liability expenses. Besides, having analysed the circulation term of the instruments selected for investment, it has been established that it considerably exceeds the expiry dates for the majority of concluded option contracts. The working group's assessment of the financial position of LLC "Q.BROKER" shows that it is impossible to fulfil its obligations to clients under OTC option contracts in the amount of RUB 4,572 million as of 30.06.2021. Therefore, at the time of maturity of the contracts, the only source of payments on liabilities may be cash receipts from new contracts. Based on the results of the analysis of the Company's internal and depository records, as well as on the information available with the Bank of Russia, the working group notes that there are no underlying assets under option contracts, under which QBU-BROKERLLC was the counterparty, on the Company's depo accounts, as well as no hedging transactions with derivative financial instruments and no settlements on them in the audited period. Thus, the existing profitability of investments of QBU-BROKERLLC does not allow to ensure cash flow covering its expenses on servicing of liabilities in full, the source of settlements at execution of OTC option contracts of QBU-BROKERLLC are the funds received under the newly concluded option contracts. He (Ya.V. Dronov) as the head of the temporary administration filed a statement of claim against QB-BROKER LLC for the total amount of obligations under options for the total amount of RUB 3.9 billion to clients in the interests and favour of clients on behalf of QBIF Investment Company LLC, case number A40 - 280258/2021. Thus, it becomes extremely difficult for the clients of QBIF Investment Company LLC to receive refunds on the options of QBIF LLC. The data of the working group, indicated in the final act of the Bank of Russia audit, in aggregate may indicate not only the presence of civil legal relations (contracts, agreements and other imitation of economic activity, etc.), but also a criminal component, which is expressed in a possible scheme of withdrawal of funds of clients of QBIF Investment Company LLC (former General Director Matyukhin S.A.). This is confirmed by the fact that there was a withdrawal of clients' funds under "simulated economic activity" contracts and agreements with legal entities fully controlled by the beneficiary Shpakov R.A., namely: LLC QB-BROKER (Shpakov R.A. - General Director), PJSC CEF (Shpakov R.A. - General Director), JSC FG Kybief (Shpakov R.A. - General Director). In addition, the incoming funds of the clients of QBIF Investment Company LLC for the purchase of options of QBIF LLC were further withdrawn not only to the accounts of controlled Russian legal entities, but also to offshore jurisdictions (ARGENTO ACCESS S.A.R.L. 412F, route d'Esch, L - 2086, LUXEMBOURG, CONSTANCE INVESTMENT LTD (Republic of Cyprus), T.C.R. INTERNATIONAL LTD (Republic of Cyprus), T.C.R. INTERNATIONAL LTD (Republic of Cyprus)). The total amount of possible damage to the clients of QBIF Investment Company LLC on trust management and brokerage services on options of QB-BROKER LLC is 3.9 billion rubles. In addition, the final act of the Bank of Russia's audit of QB Investment Company QBIF LLC (p. 105) states that "According to the information available to the Bank of Russia, the applicants concluded contracts with a legal entity - non - resident QB CAPITAL CY LTD, on behalf of which various documents were signed by the following employees of the Company: Gorobets E.V., Z.V. Munayev, M.S. Yudin. In the opinion of the working group, these facts may indicate coordination of actions by persons working in the Company and in QB CAPITAL CY LTD in order to conclude contracts with individuals - clients of the Company. He (Dronov Y.V.) as the head of the temporary administration believes that in the aggregate all these facts may indicate an unprecedented deception of clients of QB Investment Company QB CY LTD, unprecedented withdrawal and plundering of monetary

clients of QB Investment Company QB CY LTD. With regard to causing real damage to QBIF Investment Company LLC from the withdrawal of assets (cash) belonging to QBIF Investment Company LLC, he (Dronov Y.V.) explained the following. According to the data of the financial statements and internal accounting of LLC "Investment Company QBF" in April - May 2021 was concluded "imitating economic activity" loan agreement with the founder of LLC "Investment Company QBF" (Matyukhin S. A. - former General Director) with the amount of money (cash) belonging to LLC "Investment Company QBF".A. - former general director) with JSC Financial Group QBIF (R.A. Shpakov - general director and founder), which according to the data entered in the accounting and internal records was to be repaid by 31.12.2021 together with interest - RUR 27,528,000. AO FG Qubief through S.A. Matyukhin made an offer to receive securities to repay the loan, no written offer has been received to date. No money has been received from JSC FG "Qybief". A pre - trial claim was sent to JSC FG Qybief. Due to the seizure of documents by law enforcement agencies, the loan agreement itself is missing, but the statement of claim is being prepared on the basis of payment orders to JSC FG Qybief. In this case, the funds transferred to JSC FG QBIF did not belong to the clients, but directly to LLC Investment Company QBIF itself. Failure to fulfil this "simulated economic activity" loan agreement with JSC FG QBIF may indicate the conclusion of the agreement "for the sake of appearances" without the purpose of returning the funds to LLC Investment Company QBIF. Thus, in this case we can see not only civil - law basis (even if the agreement was concluded "for the sake of appearances" only for withdrawal of assets), but also criminal violation of the law, expressed in withdrawal of assets (funds) of LLC Investment Company QBIF. The total amount of possible damage directly to LLC Investment Company QBF under the "imitated economic activity" loan agreement with JSC FG QBF is 27 million 528 thousand rubles. Regarding the obstruction of the activities of the temporary administration by a group of persons (S.A. Matyukhin, R.A. Shpakov, Y.N. Orlova), he (Y.V. Dronov) explained. The internal accounting database (clients' reports, internal postings, formation of clients' free account balances and formation of clients' portfolios) of Fancy software at the computer (not user) level was and is remotely managed (via a server actually located in the premises of QBIF Investment Company LLC) by IT - specialists of QBIF AG under the direction of Shpakov R.A. Dronov.V. This internal accounting database was not transferred to him (Dronov Y.V.) as the head of the temporary administration neither by Matyukhin S.A. nor by other persons. Backup of the database by his own efforts and by the efforts of IT - specialists engaged by him as the head of the temporary administration could not be done. This database of internal accounting (on Fancy software) is used to generate reports to clients, make wires, generate free balances of clients and their portfolios, calculate taxes, etc. When the office moved to a new address (the move took place on 27.12.2021), the server and the only computer of the Company were moved. At the same time, there was a probability that JSC FG QBIF (IT specialists, R.V. Shpakov, S.A. Matyukhin) would oppose the temporary administration of LLC Investment Company QBIF and LLC Investment Company QBIF would not have access to the internal accounting database. As of 16.02.2022, as expected with a high degree of probability, S.A. Matyukhin, referring to R.V. Shpakov and Yuri Nikolayevich Orlov (the Company's I.T. specialist), issued an ultimatum on immediate execution of repurchase agreements dated 13.09.2021 and transfer of units of ZPIFs to QBIF LLC and to PJSC TSVF (affiliated structures with R.A. Shpakov). In case of fulfilment of the above instructions, S.A. Matyukhin, also referring to the words of R.V. Shpakov and Y.N. Orlov, said that access to the FANSI software and the client database would be restored. In this regard, he engaged I.T. specialists from this area to unblock access to the data contained on the servers. The involved I.T. specialists reported that it was impossible to bypass the server protection installed by the I.T. specialists of Shpakov R.A. It was also separately reported that Matyukhin S.A. did not have the database and that "the database belongs to the owner with all the I.T. infrastructure". Due to the destruction and non - transfer of the internal accounting database of FANSI, the amount of possible damage directly to the clients of QBIF Investment Company LLC may amount to a large damage. Since his arrival as head of the temporary administration and interaction with the former CEO of QBIF Investment Company LLC S.A. Matyukhin, the latter almost always refers to R.V. Shpakov;

- Protocol of examination of items and documents dated 26 October 2021, seized on 26 May 2021 in the dwelling of Timokhin O.Y. at the address: Moscow region, Reutov, Oktyabrya street, 44, sq. 552, in the course of which items and documents relevant to the criminal case were examined, some of the documents were attached to the materials of the criminal case. During the examination of the seized phone of Timokhin O.Y., the correspondence in the application "WhatsApp" was established. Thus, in the application "WhatsApp" it was established the presence of a group with the name "Vekselye transactionsQ.broker", the date of creation 18.02.2020. In the settings of the said group, at the time of inspection, the presence of other participants in the number of 7 persons was established, namely: Contact "Alina Voytenko" labelled "Group Admin" with the subscriber number +79168304119 (there are common groups in "WhatsApp": "Bills of ExchangeQ.broker" and "Q.broker"); Contact "Madina" labelled "Group Admin" with the subscriber number +79773316403 (there are common groups in "WhatsApp": "Bills of ExchangeQ.broker", "QBFIIRFK_working", "Cash", "VOD on units", "Qbrokerorders", "QBFNews"); Contact "Dasha Filina" with the subscriber number +79263690779; Contact "Zhenya Rossieva" with the subscriber number +79851734321 (there are common groups in "WhatsApp": "Bills of exchangeQ.broker", "QBFIIRFK_work", "Call Paper for safekeeping", "VOD for units", "Qbroker orders", "QBFNews", "Repo IR", "Repo 2", "Marginalka IR", "CHECK_CBR 2021", "IIIQBFIC work", "CIIC"); Contact "Katya Kozlova" with subscriber number +79873063946; Contact "Olga Vasyukova" with subscriber number +79263514595, +79851734321 (there are common groups in "WhatsApp": "Q.broker", "QBFNews", "Repo 2", "Marginalka ik", "CHECK_CBR 2021", "CIIC"); Contact "Slava" with the subscriber number +79032084077, +79851734321 (there are common groups in "WhatsApp": "Bill transactionsQ.broker", "QBFNews", "8 March"). In the course of examination and analysis of correspondence in "WhatsApp" in the group "Bills of exchangeQ.broker" it was established that the group consisted of accountants and employees of the BEC office, in this group the numbers of contracts and amounts of money to be transferred within the framework of transfer of promissory notes between the organisations controlled by the participants of the criminal community (criminal organisation), including JSC "FG QBF", PJSC "Venture Finance Centre". In the course of examination and analysis of correspondence in the application "WhatsApp" with the contact "PB" with the subscriber number +79057355588, belonging to Roman Valeryevich Shpakov, it was established that in the correspondence dated 30.06.2020 Timokhin explains that taking into account the shown profitability of clients of LLC Q.Broker, in the near future there will be no money left in the portfolio of LLC Q-BROKER for settlements with clients, in view of this, operations with promissory notes were suspended. In the correspondence dated 20.10.2020 with the contact "PB" Timokhin explains that he receives instructions from Linda to transfer funds to CI (Constance Investment) and to buy Argento bonds, Timokhin asks whether Shpakov is aware of these transactions, to which Shpakov replies that these are his (Shpakov's) instructions and Linda simply broadcasts them. In the correspondence dated 01.12.2020 with the contact "PB" Shpakov asks how much money is on the master agreement on the account of Q-BROKER LLC, and then instructs Timokhin to purchase units. From the whole conversation with the contact "PB" with the subscriber number +79057355588 it is established that it is impossible to dispose of the funds on the accounts of the clients of LLC "Investment Company QBF" for investing in other sectors, but it is possible to use the funds transferred under the General Agreement (framework agreement) to the accounts of LLC "Q.Broker" at one's own discretion. It also follows from the correspondence with the contact "PB" that the

distribution of funds received from clients under the IPO to LLC "Q.Broker" was handled directly by R.V. Shpakov. During the inspection and analysis of correspondence in the application "WhatsApp" it was found that there was correspondence with the contact "Stanislav Matyukhin" with the subscriber number +79262320192, it follows from the correspondence that Stanislav Matyukhin notifies Timokhin that it is necessary to carry out a transaction to transfer funds from the account of LLC "Q. Broker" to the account of Argento (Argento).Broker to Argento account (on this basis, this information on Timokhin's phone refutes S.A. Matyukhin's testimony that he was unaware of the activities of Q-BROKER Ltd. During the inspection and analysis in the application "WhatsApp" it was found the presence of a group with the name "CI IR", which was created on 02.10.2020 by the user "Nastya Koval". At the time of inspection, the presence of other participants in the number of 9 accounts was found: "Nastya Koval" with the subscriber number +79266900607, who is the "Group Admin"; "Stanislav Matyukhin" with the subscriber number +79262320192, who is the "Group Admin"; "Linda" with the subscriber number +735799920015, who is the "Group Admin"; "Vlada" with subscriber number +79690879115; "Zhenya Rossieva" with subscriber number +79851734321; "Katya Gramza" with subscriber number +79057377878; "Miroslav" with subscriber number +79237776976; "Olga Vasyukova" with subscriber number +79263514595; Account "~DL" with subscriber number +79252767971. In the course of inspection and analysis of the chat of the group with the name "CI IR", it was established that on 07.10.2020, in agreement with Matyukhin, Linda requests to transfer funds from the brokerage account of Q-BROKER LLC to Constance for the purchase of Argento bonds. In addition, there is coordination between the group members to make a payment from Q-BROKER LLC to Constance for the purchase of Argento bonds, Matyukhin also coordinates the transaction. In the course of analysis of the correspondence of the chat group with the name "CI IC" for 15.10.2020 it was found that the participants of the group coordinate the payment from Q-BROKER LLC to Constance for the purchase of Argento bonds, Matyukhin also coordinates the operation. In the course of analysing the chat correspondence of the group named "CI IC" for 20.10.2020, it was established that in fact there is a discussion between the group members, and in particular between Rossieva and Linda, about the interest rates of the currency products within the framework of which Q-BROKER LLC transfers funds to CI (Constance). Linda explains that the interest rate is 1% per year. To which Rossieva spells out that this is factually incorrect and this transaction cannot carry an economic benefit to Q-BROKER LLC, as Q-BROKER LLC pays clients 4 - 6% per year. To which Linda replies that it's all even, and let them leave in the contract the figure that was previously indicated in the amount of 5%. Thus, this discussion further confirms that Rossieva was aware that there was no economic benefit in transferring money abroad. In the course of the inspection, other correspondence was discovered, as listed in the inspection report, which is of significance and establishes the circumstances of the criminal case;

The mentioned subscribers discuss the possibility of sending a letter on behalf of "Argento", accounting of securities in the context of the planned purchase on behalf of "Argento", exchange rates, purchase of a flat and a car (in confirmation of this, subscriber "DL" sends a photo of a new car "BMW X6", subscriber "Linda CY" sends a photo of the screen with the image of the programme "Calculator" with arithmetic operations: "2,031,350 - 70,001,736= - 67,970,386", with comments from subscriber "Linda CY": "The sum is for the flat, the extra should be taken from the envelope and it is for the car", after which the above subscribers discuss how to explain the origin of the money to Sberbank representatives, in the end, the subscriber "Linda CY" offers a version - "Family savings, my mother has been saving for many years, she saved for a long time"), also in the correspondence the subscribers discuss Arsenchuk, the need to collect 1.6 million in currency in an unnamed place. In the course of further correspondence subscriber "Linda CY" informs: "...there is no money there, they all withdraw to bitcoin", they discuss Qbroker (qbroker), subscriber "DL" in correspondence informs: "...that he wants to sell our product and work normally, legally". Further, in correspondence for 05.04.2021, subscriber "Linda CY" sends a PDF file with the title "Central Bank Precept 01.04.2021 IPO" (in the course of inspection and analysis it was found that this file contains the Bank of Russia's instruction to provide information from QBIF LLC, including: a reference describing a detailed scheme to provide clients with a service to participate in the initial public offering of companies' shares on foreign exchanges, including by providing an opportunity to enter into OTC option contracts (IPO), with the provision of all supporting documents, including information on companies that are counterparties to OTC option contracts and (or) financial instruments. After sending this file, DL and Linda CY subscribers begin to actively discuss: "a scheme for the regulator, according to which it is necessary to remove the loss by shifting it to other LLCs", also discussed is "a scheme with the resale of bonds with a mark - up to the counterparty", also proposed is "a scheme with the production of an OTC contract for something (the subject of the contract is proposed to be discussed later), under which the counterparty owes QBroker an amount (underlying asset), with the subsequent transfer of bonds to the counterparty as collateral, and as a result - the asset has grown, the rates set by QBroker have worked, the counterparty owes QBroker that will close the loss", along with this subscriber "Linda CY" reports that it is necessary to somehow remove "Argento" from this whole story. At the same time, subscribers "DL" and "Linda CY" discuss in their correspondence for 05.04.2021 that these options should be discussed with Katya, Zhenya, and Stanislav. Thus, during the analysis of the correspondence for 05.04.2021 it is established that subscribers "DL" and "Linda CY" develop an algorithm of interaction with the Bank of Russia, as well as a mechanism for providing the Bank of Russia employees with information and documents necessary to give the appearance of legality of criminal activity and prevent the exposure of criminal activity of a criminal association (criminal organisation). In this case, Katya, Zhenya and Stanislav referred to in the correspondence are probably Gramza, Rossieva and Matyukhin. In the correspondence for 07.04.2021, the subscriber "Linda CY" sends an xlsx file containing a tabular list of 79 clients with the clients' data and the amounts of money for each client, totalling 9,918,627.53 USD. During the examination of the seized phone of S.A. Matyukhin, a correspondence in the application "WhatsApp" dated from 31 May 2021 was established. During the examination and analysis of the correspondence, it was established that S.A. Matyukhin was in regular contact with R.V. Shpakov, S.A. Matyukhin and R.V. Shpakov discuss the algorithm of alienation of assets, taking into account the crisis situation of QBF group of companies and the seizure of some assets, in the correspondence R.V. Shpakov additionally refers to the fact of monetary value of QBF group of companies. additionally refers to the fact of monetary remuneration as a result of execution by S.A. Matyukhin of instructions of R.V. Shpakov. It also follows from the correspondence that S.A. Matyukhin informed R.V. Shpakov about all financial and economic activities of QBF group of companies after the searches conducted on 26 May 2021, as well as about the working activity of the temporary manager of LLC "IC QBF" - Y.V. Dronov, discussed the actions of other managers, Shpakov R.V. and Matyukhin S.A. in correspondence discuss ways of resolving issues with problematic (media) applicants (in particular Anastasia Volochkova). In addition, during the inspection and analysis of the

correspondence it was established that S.A. Matyukhin communicated with the representative of the defendant Z.V. Munayev in order to transfer the information received from the said representative to R.V. Shpakov and vice versa, including on the issues of the remaining unarrested property and interaction with the defendant Z.V. Munayev, who is in the remand centre. In addition, S.A. Matyukhin in his correspondence with the BL contact discusses clients and their problems regarding the relationship with Q-BROKER LLC and the inability of the said company to fulfil its obligations to clients. S.A. Matyukhin in correspondence with the contact "Yuri Orlov" discuss the need to sign documents from Q-BROKER LLC for the transfer of assets of QBIF Investment Company LLC, and also discuss the algorithm of selling units on behalf of Q-BROKER LLC to a natural person who should resell these units to another natural person in Otkritie (during the preliminary investigation it was established that Q-BROKER LLC (INN) is a private individual who should resell these units to another natural person in Otkritie). Broker" (TIN 9703003668) had a personal account B00004365 opened with NCO JSC "National Settlement Depository", which as of 31 May 2021. There were 336385, 24 units (issuer - ZPIF of real estate "Rif Mixed Federal 2 qual"), which later with the purpose of alienation of property in favour of third parties were re - registered in various depositories, including in the depositories of LLC "Investment Company QBF" (INN 7733673955) and PJSC Bank "FC Otkrytie". Thus, on the basis of the order for writing off the client (depositor) Tallerov Artem Olegovich (who is a controlled and trusted person of the participants of the criminal association headed by the accused Shpakov R.V.) No. 1 dated 07 July 2021, securities of the real estate ZPIF "Rif Mixed Federal 2 qual" in the amount of 336385, 24 pieces were written off in JSC Otkritie Broker). During the examination and analysis of S.A. Matyukhin's phone, a correspondence with the subscriber "Linda" with the number +357 - 96 - 09 - 22 - 15 was also found. In this correspondence, S.A. Matyukhin and the subscriber "Linda" discuss the problems of LLC IC QBF, LLC Q.Broker, as well as the relationship of these companies with Argento, Purity, Falco, Constance. Also during the examination and analysis of S.A. Matyukhin's phone a correspondence with the subscriber "Vlada Butkovskaya" with the number +7 - 969 - 087 - 91 - 15 was found. In this correspondence from the subscriber "Vlada Butkovskaya" Matyukhin S.A. received the following message: "This appeal was made by QBF employees. I kept silent for a long time in the hope that maybe something will change. But it is obvious that nothing will change. Dear partners and colleagues, We all know that on 25 May 2021 searches took place in the Moscow office of QBF LLC, whose clients are many of us, both directly and indirectly through financial advisors. As it became known after the investigative measures, a criminal case under part 4 of article 159 of the Criminal Code - "Fraud committed by an organised group on a particularly large scale" was initiated against the company back in April 2021. Since 25 May, the company has stopped fulfilling its obligations related to the payment of funds, except for the cases when clients' money is in the accounts of the National Settlement Depository (NSD), to which the company fortunately does not have access. As you know, the proofs of non - fulfilment of obligations are the mass replies of the company from the official e - mail address orders@qbfin.ru with the refusal to execute our orders for withdrawal of funds. The motivation of the refusal is as follows: "insufficiency of funds at the Counterparty - Q-BROKER LLC". According to extracts from the Unified State Register of Legal Entities (USRYUL), which you can get within 1 minute by TIN on the site of the Federal Tax Service of Russia: www.egrul.nalog.ru, LLC IC QBF (TIN 7733673955) and LLC Q-BROKER (TIN 9703003668) have 100% of the same founder: JSC Financial Group QBF (TIN 7703466327). In accordance with Article 105.1 of the Tax Code, interdependent persons are: organisations if one and the same person directly and (or) indirectly participates in these organisations and the share of such participation in each organisation is more than 25 per cent. Such companies are also called affiliated companies. In our case, QBF IK LLC and Q-BROKER LLC are affiliated persons, and in fact they are the same company: one address, one founder. Thus, the company, refusing to execute your orders with reference to non - fulfilment of obligations by the "counterparty", deliberately and intentionally misleads everyone, pursuing its own goals. Speaking about the company's goals, we should take into account the information received from the dismissed employees of QBIF LLC: the employees were demanded to persuade clients to transfer funds from NSD to the company under any pretexts, since the company cannot dispose of the money from NSD, but it can and very much wants to do so on its own accounts. For this reason, in August 2020, the company came up with a rule that in order to participate in the IPO, the client must transfer their cash from NSD to the company. And as we know, the IPO is the company's main "product". In 2021, already knowing that it would be impossible to meet the demands of all its clients, the company deliberately continued to transfer money from NSD to its accounts. These circumstances, as you understand, directly testify to the company's real intentions - to receive maximum cash and be able to dispose of it. Now, the company offers us to supposedly

"prolong" the term of fulfilment of its monetary obligations for 3 or 6 months. Let's think, why such terms? According to Article 3 of the Federal Law "On Insolvency (Bankruptcy)" the signs of bankruptcy are: inability to satisfy the claims of creditors on monetary obligations, if the corresponding obligations are not fulfilled within three months from the date when they should have been fulfilled. Thus, there are good reasons to believe that the "prolongation" of fulfilment of obligations is necessary for the company to withdraw assets (our money) and create conditions for bankruptcy of the company and its "counterparty" - Q-BROKER LLC. Now it should be clearly understood and realised that the return of our money depends on coordinated, joint and prompt actions. In case we allow the company to withdraw assets and "go" into bankruptcy, the return of our money will be simply impossible. By acting now and together, within the law, we have a real opportunity to prevent the withdrawal of assets and get our money back. If we collectively apply to the court for protection of our interests, we have the right to demand the imposition of interim measures - seizure of assets of the company and its "counterparty", blocking of accounts, as well as prove that LLC IC QBF and LLC Q-BROKER are one person and are jointly and severally liable to us to return our money. There is no sense to build illusions about "prolongation" of obligations with a company, if such a company, even when dismissing its employees, does not pay their salaries for more than 2 months. Now it is absolutely obvious and very clear to everyone what the real goals of the company are. Let's act!". In addition, in the correspondence between S.A. Matyukhin and the subscriber "Vlada Butkovskaya" they discuss the problems of LLC "IC QBF", LLC "Q.Broker", including the inability to fulfil obligations to their clients, they also discuss the appointment of a new general director of the controlled PJSC "CEF", as well as the activities of other controlled and affiliated legal entities, including LLC "Management Company "Moi Finansy", LLC "702", discuss the transfer of assets of LLC "Q.Broker". These group members discuss in text messages, among other things: the activities of the Companies controlled by the participants of the criminal association (criminal organisation) - LLC MC Granat, LLC Q.Broker, LLC IK QBF; ways of liquidating the company and attracting a nominal general director and his subsequent actions. - Protocol of examination of items and documents dated 11 February 2022, seized on 26 May 2021 in the dwelling of E.A. Rossieva at the address:

Moscow, Udaltsova Street, 4, sq. 230, during which the seized documents and items relevant to the criminal case were examined, including a laptop, S/N: FVFCT3FXM6KK, information about the AppleID account: "EugeniaRossieva" "rossieva@mail.ru". When examining the contents of the examined laptop, it was found that the application "MicrosoftOutlook", which is a mail client, was installed on the device. The subdirectory of the mail client contains information about the user of the account: "rea@qbf.world", and the user name column contains information: "bsdm\evgeniya.rossieva". During the examination of the said mail client, mail messages of significance for the criminal case under investigation were found.

In the course of examination and analysis of mail messages, correspondence with the respondent "Vlada Butkovskaya" was established, from which it follows that employees of LLC Investment Company QBF, including Evgeniya Rossieva, Stanislav Matyukhin, Vlada Butkovskaya, Oleg Timokhin discuss the mechanism of purchase and sale of securities between legal entities controlled by the participants of the criminal association (criminal organisation) (JSC Financial Group QBF, PJSC Venture Finance Centre) and natural persons (Spinka R.B., Maslenikov V.A., Fedorov M.S.) in the absence of economic expediency (as the above persons themselves discuss in their correspondence).

In the course of examination and analysis of mail messages a correspondence with the respondent "Artur Avanesyan" was established, from which the following dialogue follows between the employees of "QBIF Investment Company" LLC Artur Avanesyan and Evgenia Rossieva: "Zhen, on Dianov. It is necessary to make on 706 197 \$. He needs to load units at the Central Bank rate. It should be spelled out in this wording. Any unit price. ... There's no point in putting him the units first and redeeming them right away. Just at the signing he will receive a part in money, a part in units and for a part of units - a buyback" (during the preliminary investigation it was established that Dianov E.G. is a victim, who actively conducted claim activity on return of his stolen money with employees of LLC "Investment Company QBF", the analysis of the mentioned correspondence shows that Rossieva E.A. developed a mechanism of settlement of situations with conflict clients, by means of only partial return of money, in order to prevent the appeal to law enforcement agencies, in order to prevent the appeal to the law enforcement agencies.

In the course of examination and analysis of mail messages, correspondence with the respondent "Alex Tregubov" was established. In the course of examination and analysis of mail messages with the said respondent, correspondence between employees of QBIF Investment Company LLC, including Evgenia Rossieva, Georgy Dandov, Anastasia Koval, Vladislav Pliteni was established as follows: "there are questions about Q.Broker's business model. They want confirmation that we will use only our own funds (of course I will write it to them nicely)). + they are trying to understand what Q-BROKER does and what its business model is. This issue is more complicated and we need to provide a beautiful description. It is necessary to add the history with IC, but very carefully, otherwise they will have a logical question - why not IC opens an account. We can say that the IC does not have free capital and resources for normative trading in financial assets with a risk higher than the minimum (our Central Bank is evil and current requirements force to reserve heavily, etc.). The shareholder's decision not to additional capitalise the IC, but to create a legal entity K.Broker, which will invest on its own resources (including here can be attracted income from third - party business enterprises to preserve and multiply capital) + as a business model can be specified that K.Broker acts as a friendly enterprise for the IC in terms of providing liquidity. Repo, etc. The shareholder has already contributed a substantial amount of assets and in case of success of the business model, investments in the

company's funds will increase" (this correspondence shows only that the activity of QBroker LLC, by deceiving investors in order to attract as much money as possible, tried to pass off as legitimate and profitable, which did not correspond to reality). In addition, in correspondence with the respondent "Alex Tregubov" there are attached documents, which were presented to clients for signing in order to subsequently receive money from them and make them look like legitimate activities, including: draft agreements on the provision of services on behalf of "Simtelligence Company Limited" ("Simtelligence Company Limited") represented by General Director Korshunov D.A.; draft determination on cancellation of the agreement on provision of services of direct access to international stock markets on behalf of QCCI LTD represented by Gorobets E.V.; draft agreements on the order of fulfilment of obligations on behalf of "QBroker" Ltd.; draft agreements on the procedure of fulfilment of obligations under the agreement on provision of services on behalf of QBIF LLC; draft agreements on assignment on behalf of Simtelligence Company Limited represented by General Director Korshunov D.A. and on behalf of QBIF LLC. and on behalf of QBF LLC; a draft statement by the client that he has no claims in relation to the appeal submitted to the Bank of Russia in respect of QBF Investment Company LLC and that he withdraws his appeal to the Consumer Rights Protection and Financial Services Availability Service of the Bank of Russia in respect of QBF Investment Company LLC. Also in the correspondence with the respondent "Alex Tregubov" there is a letter of the following content: "1. Clause 6 of the Assignment Agreement has been changed by us in your interests. In order for you to be able to "clear" the liabilities and risks of Qubeef LLC, and transfer everything back to the company in Hong Kong. If you don't want it - delete it, we don't want it even more. We don't need it. 2. Agreement on the order of fulfilment of obligations. We are prepared to agree provided that the performance agreement should refer to or link to the Assignment Agreement. It is important to understand exactly what obligations are being honoured. Suggest wording, simply referring to the Assignment Agreement as it stands does not suit us. The contract assignment is made in respect of all obligations, it explicitly says so. The subject matter of the dispute and your doubts are not clear. 3. The main misunderstanding that now arises on your Side relates to the provisions that you present as assignments. We already have Russian jurisdiction, both principals (Tregubov, Shestakov) have direct contracts with IC, both have more than comfortable withdrawal terms. We have not signed anything that transfers the obligation with the IC. Thus, you are not giving us anything beyond what we already have. On the contrary, our situation is getting worse. All we need is a mechanism that fully guarantees actual deadlines. Since 04.06.2018, when the reorganisation of the IC in the form of a spin - off was completed, all contracts have been transferred to QBF Ltd. Signature - consent of the client was not required for this (Civil Code of the Russian Federation). DB and FTS were notified about the procedure, publications were made in the Gazette and the Unified State Register of Legal Entities, the procedure was carried out in full compliance with the law. Before the transfer of funds you receive the following: withdrawal of the Central Bank complaint + fully signed set of documents + final withdrawal of the IC from the agreement. Fully signed set of documents is necessary for correct registration of all relations - it is in the interests of all parties. Withdrawal of the complaint is a consequence of the agreements reached, not a condition on our part. At the same time, there are no grounds for a complaint for all the reasons mentioned above. Sending the complaint and using its withdrawal as a condition for reaching agreements is an artificially created manipulation. What you are proposing now is simply to transfer the debt to an LLC with authorised capital of 10 thousand roubles. No Russian jurisdiction will be of any use to us in case of failure to meet the deadlines for withdrawal of funds by this LLC. Now we have a contract with IC (see authorised capital) and Russian jurisdiction + CB. The only problematic point is the uncertainty of withdrawal terms, due to the failure on your side - the delay is already more than 8 (!) months. The party to the assignment agreement is QBF Ltd (the result of reorganisation). Payment was made by you to the foreign company under the contract concluded with it, there are no grounds for making claims against EC. Under the proposed terms you receive an unambiguous unconditional obligation to pay on the part of the Russian company, with jurisdiction in the Russian jurisdiction. 4. Given this, a surety is not excessive, but essentially the only way for your Party to find a solution, especially since the negotiations explicitly mentioned the possibility of involving group companies to create guarantees for us. If you have alternative proposals that would give us such guarantees, we would be happy to consider them, suggest them. The impossibility of involvement was explicitly stated. We will have a signed unambiguous unconditional obligation to pay (obliged person, amount and terms). Guarantees are unnecessary. You on your part cannot give us any guarantees about non - abuse. 5. Confidentiality - OK. The outcome of the negotiations is to reach a compromise, please note that. Early agreement will allow for sooner implementation." (this correspondence indicates that the participants of the criminal

association (criminal organisation) have developed conspiracy measures to conceal the criminal activity of the criminal association (criminal organisation) from exposure by law enforcement officers, to develop a mechanism for resolving problematic situations that arose in the course of inspections and supervision of the Bank of Russia, in addition, analysis of this correspondence indicates that the participants of the criminal association (criminal organisation) have created a legal mechanism for transferring the debt to the Bank of Russia.

In the course of examination and analysis of mail messages, correspondence with the respondent "nsp@qbfin.ru" was established. In the course of inspection and analysis of mail messages with the said respondent, correspondence between employees of QBIF Investment Company LLC, including Evgenia Rossieva, Zelimkhan Munayev, Maxim Yudin, Ruslan Spinka was established as follows: "Dear Colleagues, At your request, I am sending Adv's assignment agreement with an addition made - wording added to clause 9.4 (see below and attachment - highlighted in colour). Please note the following: It is not necessary to make additions to the supplementary agreements as the contract prescribes the general rule. A reservation is made that if "duplicate" expenses/payments/fees/commissions are not stipulated by Adv, they do not reduce anything (e.g. according to certain MAs there is no management fee - there is nothing to deduct from). Please evaluate the wording, including from the point of view of "understandability" for the client - ready to answer all questions and, if necessary, to clarify / change. p.s. the company is WL. 9.4. The Principal shall bear all expenses related to the execution of the order, execution of transactions, servicing of the trading account, including various commissions and fees, including, but not limited to, commissions of such counterparties as: stock exchanges, depositories, registrars, brokers, custodians and nominee holders. Expenses shall be deducted from the Principal's funds in the trading account or, in case of insufficient funds in the trading account to reimburse the expenses, shall be paid by the Principal. Commissions, special fees and remuneration paid directly by the Principal to the Company (including by the Company withholding the relevant amounts from the Principal's funds) in accordance with the Agreement concluded between the Principal and the Company, including management fees, success fees, entry fees, early withdrawal fees for the provision of services by the Company, shall not be included in the relevant amounts of expenses, commissions, special fees and remuneration to be reimbursed by the Principal to the Attorney from the Principal. Sincerely, Evgenia Rossieva Director of QBF Legal Department". Also in the correspondence with the respondent "nsp@qbfin.ru" there are the following letters: "Evgenia, good afternoon! There is a "gap" in the WL / Advisory bundle: The same commissions appear in both documents, and it is not stated anywhere that they are not duplicated. It is necessary to add wording to the Advisory contract that if there are commissions in WL, they are paid there and are not added to the Advisory commissions. Eugenia, Is there anything required from me to solve this issue?"; "Zelimkhan, on the first question - what is the minimum amount for accepting a client without GC? Important point. Can we accept 10k or 30k on WL, without GC?"; "Zelimkhan, good afternoon! Now we are preparing to accept a new client on WL. Questions: Can we accept him directly without HK on ETF, amount 10k? Was a phrase added to the Contracts that the commission of Edweiseri and WL are not summarised?".

In the course of examination and analysis of mail messages, correspondence with the respondent "Alexander Salov" was established. In the course of inspection and analysis of mail messages with the said respondent, correspondence between employees of QBIF Investment Company LLC, including Evgeniya Rossieva, Alexander Salov, Maxim Yudin, Ruslan Spinka was established. In the correspondence with the respondent "Alexander Salov" there are attached documents, which were submitted to the clients for signing in order to subsequently receive money from them and make them look like legal activities, including: drafts of management consulting agreements on behalf of White Lake Management LTD with draft annexes to the agreements; drafts of trust management agreements on behalf of White Lake Management LTD with draft annexes to the agreements. Also in the correspondence with the respondent "Alexander Salov" there is a letter of the following content: "To clarify question 9, paragraph 12 "The Company shall not be liable for postal, facsimile, electronic and other communications that have not been duly received and confirmed by it, as well as for the Company's actions on the basis of any signature that, in the opinion of the Company, is genuine". Let's say that if the Company receives an email from a customer requesting an action along with a signed form for that action, the Company will honour that request. If the client then says, "I didn't send it and the signature is not mine," then this clause comes into effect. That is, if the Company believes the client's signature to be genuine, then it is valid. If the client's email has fallen into the wrong hands, it is not the company's fault and it will not be held liable".

In the course of examination and analysis of mail messages, correspondence with the respondent "Back Office" was established. In the course of inspection and analysis of mail messages with the said respondent, a correspondence between employees of QBIF Investment Company LLC, including Nikolay Padalko, Zelimkhan Munayev, Ruslan Spinka, Evgeniya Rossieva, Andrey Korzh was established with the following content: "Colleagues, good afternoon! We have a number of questions and proposals on WL contracts and infrastructure. From the WLC and SIM contracts to make one - page accession contracts and insert them into the WL contract. Set out in the contract a clear maximum deadline for withdrawal of DCs of 90 days from the date of the notice. We promised to confirm the presence of Space X position on the balance of WL to clients in the form of a statement + Certificate from WL itself - how many securities belong to the client. Must be done for sure, now many do not believe that the company will actually issue such documents. Many advisors are afraid that the attracted money either does not exist on the balance sheet at all or is much less - if we can make a statement with the real balance sheet (volume of assets under management) of the company for internal use and "accidentally" show it to everyone in a big secret - we will get another plus to confidence. It is not clear at all how QBF shareholders are related to WL. This connection should be disclosed and explained as simply as possible, so that advisers can easily work out such objections and be sure of it themselves. There should be a package of documents to deal with this objection. It is necessary to promote easy conclusions with WL, which will be in the near future, which went in correctly and also come out the same way. We'll be dripping on the advisers' brains about it. To fix it in their subcortex. Due to changes in currency legislation from 01.01.20 clients are obliged to report on the presence of trust accounts abroad. Now everything is going on the way of increasing transparency and I think it is extremely important for us to work out the reporting of clients to the tax authorities on our accounts that want to do this. Moreover, filing such reporting should become a basic option for most clients, and the option not to advertise it should be an option. I am absolutely sure that even for SIM receipts banks will start demanding clarification about the meaning of the contract and if the client even hints about transactions with securities - be a letter to the tax authorities. This issue will become a problem in a month if advisors are not thoroughly instructed on the meaning of the law, our actions and consequences. For large clients of 500k or more FG to do a performance guarantee by WL. Including deadlines. This is a super argument in negotiations. Today a large potential client had a question about "signatories" in WL Cons and WL, a question of the nature - can I see the person signing the contract and make sure that he is not a nominee? Taking into account that this is not a single issue, I ask you to consider the possibility of hiring a general director who will be able to meet with clients and sign documents in their presence if necessary, if he is also able to sign documents on SIM and WL - an ideal option, thanks to which we will avoid many uncomfortable questions and increase the confidence of employees" (the above correspondence shows, among other things, that the participants of the criminal community (criminal organisation) took measures to disguise illegal criminal activity with the purpose of signing documents in the presence of the client).

In the course of examination and analysis of mail messages, correspondence with the respondent "Egor Laipanov" was established. In the course of inspection and analysis of mail messages with the said respondent, correspondence between employees of QBIF Investment Company LLC, including Egor Laipanov, Ruslan Spinka, Evgeniya Rossieva was established with the following content: "Subject: new client WL+WLM+WLC. Good afternoon, colleagues! Enclosed are documents for preparing contracts for the White lake structure in conjunction with WLM and WL Consulting. I also attach the forms of contracts after editing by Evgeniya Rossieva. Please prepare the documents by 10:00! Evgenia, please confirm the completeness and correctness of the data I have provided, Ruslan - the need to prepare documents as soon as possible and the commission below! STRATEGY: Algorithmic \$60,000, Weighted average portfolio \$40,000. Commissions 28.5% in both cases." In addition, correspondence with Respondent "Egor Laipanov" contains attached documents that were submitted to clients for signature for the purpose of later receiving funds from them and giving the appearance of legitimate activity, including: draft trust management agreement on behalf of "White Lake Management LTD" ("White Lake") with draft annexes to the agreement; draft agreement for the provision of services on behalf of "WLM LTD" ("WLM LTD"); draft services (standard form of adhesion agreement) on behalf of "VL Consulting" LLC with draft annexes to the agreement.

In the course of examination and analysis of mail messages, correspondence with the respondent "Vladislav Pliteni" was established. In the course of inspection and analysis of mail messages with the said respondent, correspondence between employees of QBIF Investment Company LLC, including Roman Shpakov, Vladislav Pliteni, Alexey Trigubov

was established as follows: "Vladislav, we thank you for submitting the projects. We see them as a huge step forward, especially in terms of creating a clear and transparent structure, taking into account our interest in the application of Russian jurisdiction. On the whole, everything looks balanced, taking into account the difficulties that we realise could be caused by the use of QBIF LLC as a party to such agreements. Your interest is absolutely clear to us and we confirm our intention to take it into account. Edits to the agreements are minimal. However, in order to maintain a proper balance between the parties and to make the agreements fully workable, we propose the conclusion of short-term guarantee agreements from JSC Kubief Financial Group on behalf of Kubief Ltd.

In the course of examination and analysis of mail messages, correspondence with the respondent "Zelimkhan Munayev" was established. In the course of inspection and analysis of mail messages with the said respondent, correspondence between employees of QBIF Investment Company LLC, including Zelimkhan Munaev, Evgeniya Rossieva, Alexander Salov, Kovalenko (Athanasiadou) Linda, was established as follows: "Subject: Calls to WL. From an employee. Hi! The client 2 days calls during working hours white lake to check the reality of the company on the phone from the site, they 2 days do not pick up the phone at all. Is there anyone alive there?? Colleagues, we even made a separate tel. We are building up negativity among clients, take measures"; "We are not changing the requisites this month, the content of contracts too. We are talking about footers, logos, emblems, etc. Moreover, we change the QCCI logo directly to the attached WL picture, at the same time we simply delete the footers from QCCI forms - it concerns legal documents. The enclosed WL form is used for marketing files and so on (because in legal documents the requisites of one company, and the footer with the data of another company - not great), and in this case is not critical"; "excellent, but I have a question: how on the basis of the logo and the form "to change QCCI to WL in the areas of their direct responsibility". In order to fulfil your instruction, it is necessary to get the company details, also it is necessary that the IT - department promptly makes changes in the program, and not as it makes changes to remove the footer (nothing was done)"; "in continuation of this topic I send materials (logo and form) WL. I ask each of you to replace QCCI with WL in your areas of direct responsibility. I also ask you to check the status of the task: Documents in which the presence of the name QCCI is necessary (contracts, reports and other legal documents ...) should be placed on the appropriate network discs".

In the course of inspection and analysis of mail messages, correspondence with the respondent "RV rv@qbfin.ru" was established. In the course of inspection and analysis of mail messages with the said respondent, correspondence between employees of LLC Investment Company QBF, including Evgenia Rossieva, Zelimkhan Munayev, Kovalenko (Athanasiadou) Linda was established with the following content: "Subject: The Bank of Russia considers unacceptable the offer of financial services of foreign organisations on the territory of the Russian Federation. Your suggestions?"; "Good afternoon! And again the Bank of Russia: the Bank of Russia considers unacceptable the offer of financial services of foreign organisations on the territory of the Russian Federation. [Information letter of the Bank of Russia dated 05.07.2018 N IN - 01 - 59/42 "On the unacceptability of offering in the Russian Federation financial services provided by foreign organisations"](#). CONCLUSIONS are the same: DO NOT offer financial services of foreign organisations in the offices of professional participants. NOT to place links, documents, offers of foreign organisations and intermediaries on the website of professional participants (Qbfin / qbfam should not have links to qbfadvisory, etc.). Informing clients that the contract is concluded with a foreign organisation and related risks (informing the client about the risks associated with his choice of a foreign company, from White Lake - to discuss what to add to TC + think about whether something needs to be changed)".

In the course of examination and analysis of mail messages, correspondence with the respondent "Vladimir Pakhomov" was established. In the course of inspection and analysis of mail messages with the said respondent, correspondence was established between the employees of QBIF Investment Company LLC, including Vladimir Pakhomov, Evgenia Rossieva, Vladislav Plitin, Nikolay Padalko, Zelimkhan Munayev, Alexey Golubev, Maxim Yudin, as follows: "Vladimir Sergeevich, in connection with the fact that the transfer of clients to the new structure has now been completely transferred to SRM and M. Savvidi, it is necessary to remind all FSs once again that the forms of documents should in no case be sent out to clients. Savvidi, it is necessary to remind once again all FS that the forms of documents should in no case be sent to clients "for familiarisation" before signing. Such a complainant will happily throw them to the Central Bank - and there you can see everything. I remind you that we do not give the main

documents (consent to concessions) to the client, and from the signed ones, which remain in his hands, nothing can be seen"; "Subject: Liquidation of Edv. This is a general familiarisation answer to clients interested in liquidation. Comments, suggestions? Shall we make it more detailed or less detailed? QBF Advisory Ltd. provides services in the interests of the Clients within the framework of the Agreements concluded by the Clients with the Company - resident of the Republic of Cyprus. Meanwhile, due to stricter requirements to counterparties and non - resident clients (foreign legal entities and individuals) in Cyprus, currently Clients have the opportunity to conclude an agreement with a licensed financial company - resident of the Cayman Islands, which is the largest international financial centre with an extremely developed financial services industry. The provision of advisory services in the interests of the Clients under the Agreements concluded by the Clients with WL requires the creation of a separate business line and appropriate restructuring within the financial group in order to optimise business processes, operating and capital costs. As a result of the ongoing restructuring measures, the provision of services to Clients under the Agreements concluded by Clients with WL Company, as well as to Clients under previously concluded agreements, will be performed by companies that meet the necessary requirements and conditions, the rights of Clients under previously concluded agreements will not be violated" (the above correspondence indicates methods and ways of deceiving and misleading Clients about the legality of activities and the profitability of allegedly investing funds, as well as the adoption of conspiracy measures to conceal the fact that the Client's rights under the Agreements with WL Company have been violated).

In the course of examination and analysis of mail messages, correspondence with the respondent Kovalenko (Athnasiadou) Linda, was established. In the course of inspection and analysis of mail messages with the said respondent, a correspondence between employees of QBIF Investment Company LLC, including Kovalenko (Athnasiadou) Linda , Evgenia Rossieva was established with the following content: "Sending documents (Korshunov Dmitry Anatolievich): 1. Completed KYC. 2. Notarised copy of Russian passport. 3. Apostille of the foreign passport. 4. Application form to Tinkoff Bank as a confirmation of basic data. 5. Certificate from the Bank on the state of the account (with apostille). 6. Letter of recommendation from the Bank. With respect, Evgenia Rossieva" (during the preliminary investigation it was established that the data of Korshunov Dmitry Anatolievich participants of the criminal community (criminal organisation) used in contracts, annexes to contracts, as well as other documents as a representative of "WLM LTD" ("WLM LTD") and "White Lake Management LTD" ("White Lake Management LTD"), but questioned as a witness Korshunov D. A. explained that he is a drug addict.A. explained that he is a drug addict with 10 years of experience and has nothing to do with these organisations). Also in the correspondence with the respondent Kovalenko (Athnasiadou) Linda, there are the following letters: "No one yet, the directors have not been paid yet, I need to pay at least half of it, go to Roman tomorrow and tell him the situation, he will be allowed to pay"; "To whom of yours can I write on the execution of a power of attorney for White Holdings Limited for Nikolay Padalko?"; "Linda, hi! White Holdings Limited is a participant (owner of a share in the capital) of LLC "VL Consulting". VL Consulting LLC is a service company that "supports" sim and VL clients in Russia. Now the task is that it needs to change its legal address and register it with the tax office. It needs a power of attorney for some person to vote on behalf of White Holdings Limited (a member of VL Consulting Ltd) - on the decision to change the address. Also, such issues arise from time to time (change of articles of association as new law, will change address), i.e. a power of attorney is needed for the long term. I have executed it for Nikolay Padalko (he is still the director in VL Consulting Ltd.), will you authorise it? Will you sign it? Thank you! Sincerely, Evgeniya Rossieva".

In the course of examination and analysis of mail messages, correspondence with the respondent "Nikolay Padalko" was established. In the course of examination and analysis of mail messages with the above respondent, correspondence between employees of LLC Investment Company QBF, including Nikolay Padalko, Evgeniya Rossieva, Andrey Korzh, Alexey Golubev, Zelimkhan Munayev, Ruslan Spinka was established as follows: "Subject: signing of contracts. Colleagues, the option with stitched seals is cleaner from a legal point of view, as we discussed yesterday. However, the client's wishes sometimes have to be taken into account. I suggest: the main option - stitched seals, for capricious clients - live seals. This will reduce the load on Kristina. Well then, to summarise: WhiteLakeManagement contract, WLM and Sim - stitched seals, VL Cons. - physical seal. Is that correct? Shall we agree on such a variant?"; "if we are a business representative just the sewn - in seal of the company we represent is completely in logic. On the contrary - its live presence here is strange"; "do you mean that perhaps our foreign partners send us contracts with a

seal, and we put it ourselves in the contract of the business representative in Russia? Is there a logic in this?"; "it can be well played in all contracts except VL Cons, in VL Cons we can leave the personal one?"; "such contracts are usually printed when you open some accounts or deposits remotely. When a person comes to sign it in person, it is usually not accepted."; "the agreement is printed from CRM with a colour signature and seal from the company. This is an analogue of a facsimile. It will be necessary to add a clause in the contract for the client that this way of signing on the part of the company is OK"; "1) Based on the content of the letter, the claim was drawn up on 16.03, I receive notification only on 30.03. If in the future notification from regional clients will take so long, WL's reputation may suffer greatly, and I am now working very hard to clean it up. I ask my colleagues to inform me more promptly about such cases. 2) Please send me all scans of contracts with this client and all documents signed by the client (notices, orders, etc.). 3) Based on the text of the claim, I see that the client does not understand the role of VL Consulting in the process of providing services to the client (the client confuses the terms "Company" and "Executor", but is sure that the account is opened with the "Executor"). I conclude that the FSs are not communicating this role correctly enough, or they simply do not have a correct understanding of this role. Once again, I ask that colleagues pay attention to the memos I have developed this quarter. If additional training is needed, we will organise a webinar.

In the course of examination and analysis of mail messages, correspondence with the respondent "Ruslan Spinka" was established. In the course of inspection and analysis of mail messages with the above respondent, correspondence between employees of QBIF Investment Company LLC, including Ruslan Spinka, Maxim Yudin, Nikolay Padalko, Evgenia Rossieva was established with the following content: "Be more attentive. Watch what you discuss with the client. We do not discuss "B" over the phone at all. International markets preferably also at a meeting, as we have for this purpose a separate company in the Caymans with its own licence, not QBF - well or in extreme case Global Markets"; "1. Agency agreement can be provided (syntelligence - white - lake). 2. Simtelligence is an agent of vl he has no contracts with trading floors. 3. The activity of Simtelligence is not licensable it is consulting Services and agency".

In the course of examination and analysis of mail messages, correspondence with the respondent "Madina Baderdinova" was established. In the course of examination and analysis of mail messages with the mentioned respondent, correspondence between employees of LLC Investment Company QBIF, including Evgenia Rossieva, Madina Baderdinova, Vladislav Butkovskaya, Stanislav Matyukhin was established as follows: "Subject: Demand Advance LOD. Good day! Colleagues, in connection with the sales plan to place the product VOD On Demand on the IR website, it became necessary to change the product passport of this VOD (VOD series) - QBIF LLC will be the developer of the product instead of Q.Broker. Is it all right? It is necessary to decide from what date to start the product registration with the new passport"; "Madina, I ask you to describe all types of orders, accounting and transactions you conduct on Q-BROKER by the end of the day. From orders to sell - buy currencies, transfers to CI (it's not about CI, it's about the principle - not one foreign broker so much) to accounting of unit buy - back agreements, execution of option agreements with partners (RIF transfers), orders on personal accounts of funds, promissory notes, etc. etc. etc. Hope - to help structure the information. IK should be fucked. We'll discuss the hours after you describe everything. A.Koval moved sharply when she saw that a real back Q-BROKER was being created - and not under the power of the EC. They like power, but they don't like responsibility and work (when earlier I offered them to take back qb - they sent them to the woods). Give it to them - there will be exactly the same mess and darkness and lack of documents as we have in the WOD, especially once you let it go. And you will have to beg and bow down to them (on RIFs!! on transactions on units and options not through IR!!!). And they'll start bending out even more and padding their false price and snapping up trades."

[12.03.2018, 10:10:07] Evgeniya Rossieva: Zelimkhan Visaitovich, I remind you that you have to visit the notary today and the ds. I ask to consider the possibility of allocating ds to the transaction on kg in excess of the monthly expenses of the UD (at least in part), because with our number of corporate projects the amount of the balance will be enough for 10 days and again we will have to ask((I have already paid for 12 thousand at my expense expenses this month))

[12.03.2018, 10:22:55 pm] .: Not OK)

[12.03.2018, 10:23:16] .: Write now me, RV and Alena an email as much as you need today

[12.03.2018, 10:23:20] .: And how much did you overpay

[12.03.2018, 12:21:51 pm] .: Not lit.

[12.03.2018, 12:40:03] .: Notary at what time? If RW hasn't handed over the ds yet, better get in to see him

[12.03.2018, 13:41:32] Eugenia Rossieva: Does not give today. Need at least 15 thousand today, 5 thousand can contribute their own)

[12.03.2018, 13:45:36] .: No, with RV then we will not over - negotiate)) let's go straight from it, specify exactly what day and I will invite Anastasia

[12.03.2018, 15:42:49] Eugenia Rossieva: Can you ?

[12.03.2018, 15:50:23] .: Why, let it be Matyukhin personally

[12.03.2018, 15:50:29] .: All the more reason for them to do so.

[12.03.2018, 15:50:36] .: Invite him to the office

[12.03.2018, 15:50:41] .: Me and Stanislav will come up.

[12.03.2018, 16:33:27] .: Is there an update on legal entities?

[12.03.2018, 16:34:03] Evgeniya Rossieva: Not yet, we are working. Still waiting for more from the lawyers.

[12.03.2018, 17:46:45] Eugenia Rossieva: Cheaper than 40 thousand + re - registration is not yet. Something it is quite expensive. Can I request a birch?

[12.03.2018, 17:47:04] .: Let's request it

13.03.2018

[13.03.2018, 09:50:11] .: Good! Need to decide on a company today and drop Linda a name

[13.03.2018, 13:22:31] .: I'll be there in an hour.

[13.03.2018, 13:22:47] Eugenia Rossieva: It is better that the EC does not accept documents on kep

[13.03.2018, 13:24:22] .: I'm in the Moscow Exchange building.

[13.03.2018, 13:24:27] .: I won't be until closer to 3:00.

[13.03.2018, 13:28:48] Evgeniya Rossieva: Will you be able to cross with C separately? I will give him the act separately (they made a general one for everything and it does not fit). In what key with him it is better to agree?

[13.03.2018, 13:29:17] .: So that by 3 - 4 drive up again, I'll be there

[13.03.2018, 13:29:24] .: Downstairs maybe having a coffee

[13.03.2018, 13:29:29] .: Or at the resta eat.

[13.03.2018, 17:40:21] Evgeniya Rossieva: Zelimkhan Visaitovich, is it possible to meet with S? Do you need my help?

[13.03.2018, 19:31:58] .: No luck so far, if tomorrow, how critical is it?

[13.03.2018, 19:33:13] Eugenia Rossieva: Not critical, but you need to sign today's date because he came. I think it is worth it to confirm that he did not worry. That we will sign on 13.03.

[13.03.2018, 19:57:31] .: Come on in

14.03.2018

[14.03.2018, 10:44:15] .: Good!

[14.03.2018, 10:44:36] .: 16:30 and later see if the notary will accept today on Anastasia's issue

[14.03.2018, 10:44:48] .: Yesterday Roman asked for a trade today

[14.03.2018, 10:45:02] .: You can take ds from him directly

[14.03.2018, 11:10:17] .: Vchershanyi Cypriot dock signed?

[14.03.2018, 11:22:23] Eugenia Rossieva: Eugenia, good afternoon!

On the availability of a clean company confirmed (waiting for the list).

Price up to 120tr, but I think it will be cheaper

I'm waiting for a list of prices

[14.03.2018, 11:22:57] Eugenia Rossieva: Berezka soobshil. The price tag is tough(but let's see the list, I think it will vary

[14.03.2018, 11:29:37] .: 120, wow

[14.03.2018, 11:29:46] .: You had a cheaper option yesterday

[14.03.2018, 11:30:06] .: Did you ask the new guy?

[14.03.2018, 11:30:35] Eugenia Rossieva: Exactly) but let's see in detail, maybe there will be cheaper. Yes, sent the task to belodead yesterday

[14.03.2018, 11:34:42] .: Ok

[14.03.2018, 11:34:58] .: And on the notary report, I Anastasia to tell Anastasia the time to tell the time need

[14.03.2018, 11:35:46] Eugenia Rossieva: We are trying to get to the notary without a queue. To the other is already late there is a certificate of legal capacity

[14.03.2018, 13:56:09] .: Notary?

[14.03.2018, 13:56:15] ... : Cyprus dock?

[14.03.2018, 13:56:42] Eugenia Rossieva: On the notary we will clarify after 14 hours, the last attempt

[14.03.2018, 14:26:37] Eugenia Rossieva: On the Cypriot letter - we were talking about a letter to the clients of Kep from Kep. And here is a confirmation from the EC about unpaid invoices. We wrote everywhere that there are no financial relations with Kep(or I don't know something?)

[14.03.2018, 14:27:41] .: I honestly did not go into details, but I know for sure Frolov used to sign such letters before

[14.03.2018, 14:27:50] .: Call plz Linda, talk it through.

[14.03.2018, 14:27:59] .: They speak differently over there, don't they

[14.03.2018, 14:28:08] .: We have 2 paradigms in different jurisdictions

[14.03.2018, 15:14:47] Eugenia Rossieva: Notary on KG only tomorrow, at 16 o'clock but it is ironclad (certificates received, all confirmed). I received the money, I gave it to Natalia. You will need the appearance of your buyer.

[14.03.2018, 15:15:16] .: Ok, we will.

[14.03.2018, 15:15:25] .: To Roman, write back that tomorrow at 16 go

[14.03.2018, 15:16:52] Evgeniya Rossieva: I told him verbally that there is no way today, only tomorrow. On Cyprus - mentioned agency agreement with kep, I do not know what kind of agreement. For Stanislav to sign it maybe you should explain it to him as well?

[14.03.2018, 15:19:09] Evgeniya Rossieva: Can you give me Ananyeva's contacts just in case? Natalia contacts and fully explains everything + in case of any of those delays/lost etc

[14.03.2018, 15:37:31] .: I'll think about it, waiting for feedback from colleagues in Cyprus

[14.03.2018, 15:37:36] .: 8 (916) 311 - 36 - 36

[14.03.2018, 17:45:33] .: The Cyprus dock has been sorted out

[14.03.2018, 17:45:41] .: How's it going with yur l?

[14.03.2018, 17:45:49] .: Linda is demanding a title from me

[14.03.2018, 17:46:19] Eugenia Rossieva: I'll hurry up now

[14.03.2018, 21:01:44] .: Well? Has anything turned up in 3 days?

[14.03.2018, 21:03:02] Evgeniya Rossieva: Berezka swears that he found a lot and is about to send, I rub it constantly. I want to see what he has, because the usual options are average

15.03.2018

[15.03.2018, 10:41:58] ... Good Morning

[15.03.2018, 10:42:06] .: So where are we on companies

[15.03.2018, 10:44:03] Eugenia Rossieva: Good morning) if within an hour birch will not give anything I will send our option, what to do. We are still ringing through now

[15.03.2018, 11:11:02 pm] .: Candidate ask the candidate whether or not to expect him to do so

[15.03.2018, 19:55:22] .: So where are we with the companies?

[15.03.2018, 22:05:52] Evgeniya Rossieva: Sent you in the mail the company. It in principle can be taken, although the prices now on it(((((((

[15.03.2018, 22:07:40] Eugenia Rossieva: I found it in the registry, it corresponds to what it says

[15.03.2018, 22:56:39] .: Got it, I'll look into it

[15.03.2018, 22:56:50] .: There was no information from Berezka?

[15.03.2018, 22:56:58] .: And from a noah candidate?

[15.03.2018, 23:54:32] Eugenia Rossieva: I wrote about birch, it is expensive there and the views are not suitable(

16.03.2018

[16.03.2018, 10:54:40] .: Here are more companies sent to me, take a look plz

[16.03.2018, 12:18:21] Evgeniya Rossieva: I looked, unimportant options - most companies do not meet the deadline (too late created - Q4 2017, Q1 2018) there are few companies with a similar date of creation, and they generally have other types of activities

[16.03.2018, 12:18:31] Eugenia Rossieva: You didn't like Big City at all?

[16.03.2018, 12:41:19] .: Norm

[16.03.2018, 12:41:27] .: Then we stop at the big city.

[16.03.2018, 12:42:00] .: Include these ds on payment, send to Alena (ask for a general wording), we make out on me at once

[16.03.2018, 12:44:44] Eugenia Rossieva: And the directorship is on you too?

[16.03.2018, 13:00:24] .: Noo, need a nom.

[16.03.2018, 18:48:22] .: Tex, confirming to Cypriots Big City Ltd?

[16.03.2018, 18:49:00] Eugenia Rossieva: Yes, it has been booked for us already. Who will give the director?

[16.03.2018, 18:49:25] .: Need too legal service, outsourcing

[16.03.2018, 18:49:29] .: We don't have our own

[16.03.2018, 18:51:44] Eugenia Rossieva: Ask our lawyers for a nominal?

[16.03.2018, 18:52:27] .: Mm - hmm.

[16.03.2018, 19:00:23] Eugenia Rossieva: And I request also company maintenance (transaction accounting) or not?

[16.03.2018, 19:02:58] .: If there are no financial flows

[16.03.2018, 19:03:02] .: Need accounting?

[16.03.2018, 19:05:34] Eugenia Rossieva: Still monthly nulovka surrender, although it should not cost much.

[16.03.2018, 20:19:55] .: How many f/m will you get?

[16.03.2018, 20:21:33] Eugenia Rossieva: e/m is it?

[16.03.2018, 21:15:46] .: Monthly how much would the maintenance cost?

[16.03.2018, 21:16:28] Eugenia Rossieva: I will remember the abbreviation). I will clarify and report).

19.03.2018

[19.03.2018, 15:22:56] Evgeniya Rossieva: The cancellation of the claim is accepted, the proceedings are terminated. We will receive the documents in the Ramenskoye court in about 7 - 10 days

[19.03.2018, 15:23:13]: Fr.

[19.03.2018, 15:23:16] .: Everything is not for nothing

22.03.2018

[22.03.2018, 12:23:25] Evgeniya Rossieva: Zelimkhan Visaitovich, good afternoon!

[22.03.2018, 12:40:03] Evgeniya Rossieva: We had a conversation in BR today. We strongly (!) hinted that according to their information IK continues to recommend the international market. We are talking about the fact that in Kiroso Z contracts signatories - workers of IK. This also applies to branches (branch managers) Within the framework of the reorganisation of the structure it is necessary to remove this point, it is a very serious risk. And since the services for the international market are offered in branches, it is probably worth opening branches of Edweiseri there and not on the premises of IK, but to be different? Different premises?

[22.03.2018, 12:40:25] Eugenia Rossieva: Cyprus Treaties

[22.03.2018, 14:02:15] .: Hi

[22.03.2018, 14:02:26] .: I agree, adw branches and different premises

[22.03.2018, 14:03:44] Eugenia Rossieva: And very important people because we were practically poked with this today, those are not jokes.

[22.03.2018, 14:06:09] .: Come in

[22.03.2018, 14:06:37] Eugenia Rossieva: We are just waiting for Linda or to run to you?

[22.03.2018, 14:06:57] .: Let's go to my place, let's go from me

26.03.2018

[26.03.2018, 14:44:09] Evgeniya Rossieva: Zelimkhan Visaitovich, good afternoon!

[26.03.2018, 14:44:51] Eugenia Rossieva: We have an urgent case - big city lawyers for service take but the director does not give. Thought - seeking, in the end did not find. We urgently need a physicist.

[26.03.2018, 14:45:32] Eugenia Rossieva: Do you have the opportunity to find ?

[26.03.2018, 14:59:33] .: Good!

[26.03.2018, 14:59:39] .: I don't have any such contacts

[26.03.2018, 14:59:41] .: birch?

[26.03.2018, 14:59:53] Eugenia Rossieva: I'll give it a try

[26.03.2018, 15:05:17] Eugenia Rossieva: Birch will be here tonight, agreed that we will discuss. Do you need to be informed when he arrives?

[26.03.2018, 15:06:48] .: Here the point is clear, I think specifically my participation is not necessary

[26.03.2018, 15:07:01] .: Ask also Marianna Scherbakova

[26.03.2018, 15:07:08] .: She has contacts with law firms.

[26.03.2018, 15:07:24] .: I'll think about more options on who to contact

[26.03.2018, 15:07:22] Evgeniya Rossieva: Ok, will do)

[26.03.2018, 18:08:07] Evgeniya Rossieva: Zelimkhan Visaitovich, the company from which we buy big city, sent a contract for services - they want it to be official. In principle it is possible to sign from you, as you buy officially this company. Or some fl, like your attorney (do you have one?) I will send you the contract now, we can discuss the options

[26.03.2018, 18:23:33] Eugenia Rossieva: And service lawyers of this firm are interested in how we will pay officially or not? Since carrying out payments through the big city is not planned, the options: 1) pay you as the owner 2) pay without a contract 3) pay through another person

[26.03.2018, 18:23:34] Eugenia Rossieva: Berezka on the director said that he has a face in mind, will confirm a little later (tomorrow morning spishmesh).

[26.03.2018, 19:15:45] .: I am in the owners, so to do the contract not from me I think there is no point, what do you think?

[26.03.2018, 19:15:56] .: 2

[26.03.2018, 19:16:16] .: Or 1 unofficially

[26.03.2018, 19:16:30] .: OK

[26.03.2018, 19:16:57] .: But ideally, for us to do it without a contract at all, convince them

[26.03.2018, 19:19:06] Eugenia Rossieva: I think it is also quite logical to do from you. Why unnecessary people. About without a contract - we'll discuss, it would be a better option of course.

29.03.2018

[29.03.2018, 13:22:02] ... Good

[29.03.2018, 13:22:24] .: We need 2 physicist - subscribers for Cayman and for Gong Kong, not from the company

[29.03.2018, 13:22:32] Eugenia Rossieva: Good afternoon)

[29.03.2018, 13:22:36] .: Puzzle plz colleagues and Berezka

[29.03.2018, 13:22:48] Eugenia Rossieva: Just signatories by proxy ?

[29.03.2018, 13:23:06] Eugenia Rossieva: They will just sign treaties ?

[29.03.2018, 13:23:12] .: They will only get a power of attorney, employment is not necessary, but if anything, they should be ready to come to the office for a meeting just to show up.

[29.03.2018, 13:23:17] .: Yes

[29.03.2018, 16:03:29] Eugenia Rossieva: Berezka has found a director for big city (who generally agrees), how much are we offering for this?

[29.03.2018, 16:03:39] Eugenia Rossieva: We need to voice him the amount of payment

[29.03.2018, 17:19:07] .: How much does Horobets et al similar friends get paid?

[29.03.2018, 17:25:26] Eugenia Rossieva: It depends on the volume. Fluctuates from 5 to 15 per month. We have a slightly special situation: no volume, but a couple of deals. You need the loyalty of the person, those are estimated.

[29.03.2018, 17:25:57] Eugenia Rossieva: I can offer birch the range + maybe the person will want more (then we need to understand our limits).

[29.03.2018, 18:31:26] .: Let's diapason.

[29.03.2018, 18:56:51] Eugenia Rossieva: I agree to 10tr per month

[29.03.2018, 18:56:55] Eugenia Rossieva: Ok?

[29.03.2018, 18:57:11] .: Ok

30.03.2018

[30.03.2018, 15:00:46] .: Good!

[30.03.2018, 15:00:59] .: Any progress on this issue?

[30.03.2018, 15:01:30] Evgeniya Rossieva: Berezka is looking for, said it is difficult to clarify now

[30.03.2018, 15:02:48] .: Plus need 1 limited company at 49% Rutiņš, 51% us or RV (but not affiliated), you can discuss details with him directly

02.04.2018

[02.04.2018, 10:25:26] Evgeniya Rossieva: Zelimkhan Visaitovich, good morning! I'm sick, but on all our cases all lead. Nominal GD on bigcity wants 15 per month, ok?

[02.04.2018, 10:27:11] Evgeniya Rossieva: On signatories to contracts for Hong Kong and Cayman - Berezka is still looking for + I have outlined the task to Marianna (that foreign companies, due to the impossibility of ensuring the presence of a representative in Russia, need persons who sign contracts by power of attorney. There are no risks for the signatory in this case, as his powers are specified in the power of attorney, he is just a "pen"), she promised to inform me of the result.

[02.04.2018, 10:28:24] Eugenia Rossieva: On the scheme today I will send a variant to Alyona for registration - there is an idea according to those tasks that outlined RV (will need to discuss possibly with the participation of M. Yudin - at your discretion).

[02.04.2018, 10:29:10] Eugenia Rossieva: I hope that I will recover tomorrow - the day after tomorrow. I'm on line and work only from home, so inform what you need everything will do

[02.04.2018, 11:03:03] Evgeniya Rossieva: Documents on gd on big city I received (passport TIN), after your confirmation on payment, we can launch with the change of the founder and gd on big city.

[02.04.2018, 11:03:40] .: Good, get well! Looking forward to seeing you. 15k per month ok

[02.04.2018, 11:03:59] Eugenia Rossieva: On reorganisation from birch today waiting for the final decision - it will be clear go through ooo separated from IK or plan B: through rent invest.

[02.04.2018, 11:04:19] Evgeniya Rossieva: Thank you, Zelimkhan Visaitovich)))

[02.04.2018, 11:04:20] .: Yudin should be avoided or minimised if possible

[02.04.2018, 11:04:38] .: Starting up

[02.04.2018, 11:04:43] Eugenia Rossieva: Not a problem) you can without it.

[02.04.2018, 11:05:24] .: Linda on this ned msk, keep in mind, it will be possible to discuss issues of assignment contracts or to get together

[02.04.2018, 11:06:42] Eugenia Rossieva: That's very good! Just if we have to go with plan B with her we will discuss. And contracts of course - how we sign them.

[02.04.2018, 11:06:51] Eugenia Rossieva: I will try very hard to come tomorrow))))

[02.04.2018, 11:08:50] .: OK, get well, in touch then

23.04.2018

[23.04.2018, 13:03:14] Eugenia Rossieva: <http://www.list-org.com/company/1221627>

[23.04.2018, 15:37:38] Evgeniya Rossieva: For the Federal Tax Service, what is your phone number and email? It makes no difference, the main thing is that on it to answer or be able to say - now will do

[23.04.2018, 20:11:08] .: Okeh, but also see that it is not very different from other conditions in the city, if the others have a similar practice, we will not push much, it is also important not to miss the room, so that we are already now starting the move

[23.04.2018, 20:11:46] Eugenia Rossieva: Ok, I'll hold back)

24.04.2018

[24.04.2018, 11:01:51] Evgeniya Rossieva: Zelimkhan Visaitovich, good morning!

[24.04.2018, 11:02:48] Eugenia Rossieva: Kirill sent the passport of the signer from abroad, for which you have already paid. I understand correctly that this is White lake? And Linda needs to discount it to make a power of attorney ?

[24.04.2018, 11:04:02] Eugenia Rossieva: And do we already have contracts that clients will sign with H and WL, can we see them to understand the obligations of these companies? Are they already bilingual ?

[24.04.2018, 12:16:41 pm] .: Dobre

[24.04.2018, 12:16:43] .: Es

[24.04.2018, 12:17:03] .: Waiting for the latest version from Apollo

[24.04.2018, 12:57:55] Eugenia Rossieva: Kirill is ready to give a second signer (for Hong Kong if I understand correctly), the price is the same.

[24.04.2018, 13:57:31] Evgeniya Rossieva: Zelimkhan Visaitovich, RW confirmed that it is necessary to instruct the HR department to remove you from IK and UC (you are still listed there). I can inform them, but I need your confirmation

[24.04.2018, 14:01:20] .: In a week.

[24.04.2018, 14:01:36] .: Write with me in copy, I'll confirm it

[24.04.2018, 18:26:20] Evgeniya Rossieva: Zelimkhan Visaitovich, as soon as you are free we can discuss the issue of presentations of IC MC where you are listed as a managing partner?

[24.04.2018, 20:35:40] Eugenia Rossieva: I sent a draft of the BR response by mail. Waiting for comments.

[24.04.2018, 20:38:50] .: Es, just let's do it tomorrow already

[24.04.2018, 20:39:10] .: We'll come up with a different wording or remove me altogether

[24.04.2018, 20:39:19] .: Are we shipping tomorrow?

[24.04.2018, 20:39:44] Eugenia Rossieva: Yes, the answer should be sent tomorrow, I was told the draft to discount today

[24.04.2018, 20:39:54] .: Ok

[24.04.2018, 20:40:13] Eugenia Rossieva: Ready to discuss you tomorrow, RV said to remove you from the presentations, but maybe come up with a different format?

[24.04.2018, 21:35:31] .: It's not fundamental, let's better remove it

[24.04.2018, 21:35:44] .: It's easier that way than racking your brains)

29.03.2018

[29.03.2018, 13:22:02] ... Good

[29.03.2018, 13:22:24] .: We need 2 physicist - subscribers for Cayman and for Gong Kong, not from the company

[29.03.2018, 13:22:32] Eugenia Rossieva: Good afternoon)

[29.03.2018, 13:22:36] .: Puzzle plz colleagues and Berezka

[29.03.2018, 13:22:48] Eugenia Rossieva: Just signatories by proxy ?

[29.03.2018, 13:23:06] Eugenia Rossieva: They will just sign treaties ?

[29.03.2018, 13:23:12] .: They will only get a power of attorney, employment is not necessary, but if anything, they should be ready to come to the office for a meeting just to show up.

[29.03.2018, 13:23:17] .: Yes

[29.03.2018, 16:03:29] Eugenia Rossieva: Berezka has found a director for big city (who generally agrees), how much are we offering for this?

[29.03.2018, 16:03:39] Eugenia Rossieva: We need to voice him the amount of payment

[29.03.2018, 17:19:07] .: How much does Horobets et al similar friends get paid?

[29.03.2018, 17:25:26] Eugenia Rossieva: It depends on the volume. Fluctuates from 5 to 15 per month. We have a slightly special situation: no volume, but a couple of deals. You need the loyalty of the person, those are estimated.

[29.03.2018, 17:25:57] Eugenia Rossieva: I can offer birch the range + maybe the person will want more (then we need to understand our limits).

[29.03.2018, 18:31:26] .: Let's diapason.

[29.03.2018, 18:56:51] Eugenia Rossieva: I agree to 10tr per month

[29.03.2018, 18:56:55] Eugenia Rossieva: Ok?

06.04.2018

[06.04.2018, 15:20:19] Eugenia Rossieva: no image available

[06.04.2018, 15:23:12] Eugenia Rossieva: no image available

[06.04.2018, 15:23:13] Eugenia Rossieva: no image available

[06.04.2018, 15:45:56] .: Well great

[06.04.2018, 15:46:08] .: Moving on then.

[06.04.2018, 15:47:22] Eugenia Rossieva: All the same, only by agreement (otherwise long). Just having these documents makes it easier and cheaper. Berezka is engaged, he was sent everything, will inform you

[06.04.2018, 15:47:52] .: Saw the letter on signatories

[06.04.2018, 15:47:56] .: Zarechnev is not an option

[06.04.2018, 15:48:00] .: We don't have any new ones?

[06.04.2018, 15:48:07] .: A man is needed very urgently

[06.04.2018, 15:48:21] Eugenia Rossieva: We only have those who are. Marianne did not give you anyone?

[06.04.2018, 15:48:27] Eugenia Rossieva: I'll check now

[06.04.2018, 15:58:52] .: It's time, not yet

[06.04.2018, 15:59:44] Evgeniya Rossieva: By the way, in our scheme we have what plans for Caymans: they can, in principle, conclude a contract with Investment for agency services to find clients/contracts. If Investment is an agent for a number of other companies, this does not create representation for Caymans here (the risk is only if Investment works as an agent only for Caymans). The contract is signed by an employee of Investment under a power of attorney from Investment. It will look like this: Caymans represented by Vasya Ivanov acting on the basis of a power of attorney (from Investment) and an assignment agreement (between Investment and Caymans). But this is a rough idea. How did you see the process of signing contracts by the Caymans or are we going to organise it now?

[06.04.2018, 16:02:13] .: Just now we need to organise, in fact it is Kep and IC in one person, with a license and more capable. The question is, if the trust will be with an employee of investment, is this normal?

[06.04.2018, 16:14:26] Eugenia Rossieva: It is normal when an investor does nothing and nothing from the IR. At most - looks for clients as an agent, but does not sign anything. Mb still corresponds with clients.

[06.04.2018, 16:34:03] .: Bottom line, can we temporarily elect an incumbent Investment officer?

[06.04.2018, 16:48:24] Eugenia Rossieva: Without a valid contract, it will be like before, one group. Would we be able to sign the contract (cayman investment) retroactively later? And would get the approval of the RV.

[06.04.2018, 16:50:04] Evgeniya Rossieva: The employee will need a power of attorney from investment, where it authorises him as an agent, and an agency contract between investment and caymanas to find clients and conclude contracts.

[06.04.2018, 16:51:57] Eugenia Rossieva: And for attracting clients and zakuyucha contracts, so that it's not a sham, caymans should ideally pay investment. This is a foreign exchange contract

[06.04.2018, 17:43:23] .: I'll check on the currency agreement.

[06.04.2018, 17:44:03] Eugenia Rossieva: If it is a foreign exchange contract, it should be shown to the bank, we should look at the terms of the contract

12.11.2020

[12.11.2020, 12:41:35] .: Send full name please.

[12.11.2020, 12:47:42] Eugenia Rossieva: Vyatkina Anastasia Grigorievna

[12.11.2020, 12:50:20] Eugenia Rossieva: She mentions that she has two contracts - 2018 and 2019

[12.11.2020, 13:43:37] Eugenia Rossieva: I really need information on it segrdnaya so that I verbally informed the commissioner (he wants to give a refusal), and tomorrow - already written explanations.

But there's no Ufa analogy there?

[12.11.2020, 14:08:49] .: This is an old Moscow client there just index iMr , closed in ekb, re - signed or not I'll tell you in 30 minutes. Was ours, a long time ago at the conclusion.

26.08 sent her a balance

The application was written on 19.06. Withdrawal started in May.

[12.11.2020, 14:08:49] .: Took out profits at the beginning of the year.

[12.11.2020, 14:08:49] .: launched Clear All from 14 May.

[12.11.2020, 14:08:49] .: Not re - signed because when reading the documents vl, said she will sign when she gets the money.

Two counts

3200\$

31000\$

Not on the b/n withdrawal list as the back doesn't accept those who are not oversubscribed.

[12.11.2020, 14:09:04] .: Not an analogy by the looks of it.

[12.11.2020, 14:13:25] Eugenia Rossieva: Yes to me also confirmed it. Requested the documents

[12.11.2020, 16:03:48] .: As there will be an understanding, write a letter to me, Golubev and Vsp on how to further build communication with the client

[12.11.2020, 16:11:17] Eugenia Rossieva: There is a problem that you described. Since the client is stubborn, we need to look for options to solve it.

According to her, she wrote to the Central Bank and it was there that they advised her to go to the place where she applied (because the contracting party is not supervised, the Central Bank cannot do anything). It is not good that the CBR receives this information, they do not throw it away, they save it. They will present it later.

How much she can be negotiated with now is best told by her fs. It better be.

My job is to unsubscribe.

[12.11.2020, 16:15:42] .: Yes, action for dp, a comment letter from you would be good

[12.11.2020, 17:56:59] .: Ready for an op - ed?

[12.11.2020, 17:59:28] Eugenia Rossieva: Yes

[12.11.2020, 17:59:48] .: Come in black 5 min.

The correspondence of the participants of the group "Restructuring", which included "Linda" (subscriber number +3 - 57 - 99 - 920 - 015), "Apollo" (subscriber number +3 - 57 - 96 - 218 - 890), "Munaev" (subscriber number +7 - 903 - 100 - 41 - 84), was found and examined; in addition, a subscriber with the phone number +7 - 965 - 748 - 88 - 88, used by the accused Pakhomov V. S., was a participant of the group.S. During the examination, correspondence was established, including the following:

[15.01.2018, 14:27:38] +7 965 - 7488888888 - : And I have no confidence that it's not Stepanov

[15.01.2018, 14:32:53] Roman Shpakov: And we also have suspicions that this is not coming through the internal system.

[15.01.2018, 14:37:39] Roman Shpakov: Well, and the cherry on the cake: no letters at all.

[15.01.2018, 14:40:41] Linda: Dear Roman, please advise what u mean there are no letters?

[15.01.2018, 14:41:00] Linda: Sorry have to communicate in English if Apollo is in

[15.01.2018, 14:41:11] Linda: Internal

[15.01.2018, 14:43:28] +7 965 - 7488888888 - : Well, as if I am the same here and all in English write for some reason ...

[15.01.2018, 14:47:41] Linda: I will ask a question and in Russian. Who said there are no letters?

[15.01.2018, 14:50:18] +7 965 - 7488888888 - : Do you believe in god ?

[15.01.2018, 14:51:33] Linda: And?

[15.01.2018, 14:53:26] +7 965 - 7488888888 - : Yes or no ?

[15.01.2018, 14:54:10] Linda: Naturally.

[15.01.2018, 14:54:46] +7 965 - 7488888888 - : This is not natural, by the way. - So, you are able to believe in those things and events that you have not seen with your own eyes, but I do not.

[15.01.2018, 14:55:22] Linda: Vova, be more specific.

[15.01.2018, 14:55:38] +7 965 - 7488888888 - : Where to be more specific.

[15.01.2018, 14:55:59] Linda: You mean your people said there are no letters?)

[15.01.2018, 14:56:20] +7 965 - 7488888888 - : I'm saying you haven't seen them.

[15.01.2018, 14:56:22] +7 965 - 7488888888 - : Me too

[15.01.2018, 14:57:24] Linda: Vova, there are letters. And if you haven't seen them with your own eyes it doesn't mean they don't exist. I have a lot of evidence that there are letters.

[15.01.2018, 14:57:39] +7 965 - 74888888888 - : Well it's like with god.

[15.01.2018, 14:58:40] Linda: If there are no letters according to your version, then why our regulator has been writing us letters and continues to do so.

[15.01.2018, 14:59:07] Linda: Next, you said yourself that your people got a letter from the regulator from us.

[15.01.2018, 14:59:30] Linda: Further with me people have repeatedly confirmed that your Central Bank writes letters to Cyprus

[15.01.2018, 15:00:03] Linda: Further why would our regulator want to do that? And why would we want trouble with our own regulator?

[15.01.2018, 15:00:29] +7 965 - 74888888888 - : Further I have not received confirmation from anyone, not even you, no one has seen the emails.

[15.01.2018, 15:00:37] +7 965 - 7488888888 - : I'm figuring - out the rest

[15.01.2018, 15:01:12] Linda: The letters are there and they have been seen by people who are from the regulator.

[15.01.2018, 15:01:50] +7 965 - 74888888888 - : And why did not send a picture ?

[15.01.2018, 15:03:11] Linda: We were given letters from our regulator. We have not been given any pics of the letters from the Central Bank.

[15.01.2018, 15:28:04] Apollo: Guys i will be in Moscow on Thursday. On Wednesday we deliver our answer to latest request. We can speak more in person there

[15.01.2018, 15:28:05] Linda: no image available

[15.01.2018, 15:34:03] Linda: no image available

[15.01.2018, 15:34:03] Linda: no image available

[15.01.2018, 18:27:22] +7 965 - 74888888888 - : What of the papers can we show our ?

[15.01.2018, 18:29:02] Linda: Show first this is an official letter from the regulator it is not confidential

[15.01.2018, 18:31:24] Linda: You can show the second one too but you have to have Apolo ask Haris because if he showed those letters to anyone it's a coal case and it says so there.

[15.01.2018, 18:31:37] +7 965 - 74888888888 - : Then we will - not

[15.01.2018, 18:31:54] +7 965 - 74888888888 - : Yes and there in Greek

[15.01.2018, 18:32:07] Linda: But Apo and I liked the accusations you write about Cyprus))

[15.01.2018, 18:32:25] Linda: You can do a translation of the letter from Greek

[15.01.2018, 18:46:05] +7 965 - 74888888888 - : Where are the charges ?

[15.01.2018, 19:20:32] Linda: Vova enough. I think Apo is right and we will all talk in person. When you write what you wrote above one should also understand what you are saying.

You're throwing around accusations that there were no letters.

Once again, there have been letters. And as long as we have fun here and don't find out who's writing them, they'll continue to be written.

There are letters, it was confirmed by people in the regulator.

Also, the questions now are.

1 you said your people got a response from our regulator.

2 trv said that he solved the issue and there will be no more letters

There are letters.

We can go the other way, Haris will answer everything about the company, then we will see what happens and if the case goes to court we will find out exactly whether there were letters or not.

Instead of helping us, you write that nobody writes to us.

[15.01.2018, 19:24:24] +7 965 - 7488888 - : 1. - I do not accuse

2. I didn't say there were no letters, I said I didn't see them.

3. I didn't say I'd decide, I said I'd try to do it.

4. these letters are not in the CPD system, which means there is a possibility that they are fake and made on the employee's own initiative, not the bank's.

[15.01.2018, 19:24:43] +7 965 - 7488888888 - : I need at least the number of the outgoing letter

[15.01.2018, 19:40:07] Linda: It is impossible. Such letters can not write such letters left employees. This is a serious accusation by the Central Bank to the individual and to the company , our regulator can not just write such letters to Haris.

they can't just write from a torch.

Those letters are there. Let them look at other systems. They're there. Talk to your general manager, he told me he found the person who wrote the letters, it was after the first two letters.

There are letters.

[15.01.2018, 19:43:04] +7 965 - 7488888888 - : This could easily be Stepanov's person. I said how many people can send these letters. About the level of corruption in Russia I think it is not worth telling. It could also be a competitor. There are a - lot of options.

[15.01.2018, 19:43:54] +7 965 - 7488888888 - : And without an outgoing number, I have a hard time finding it

[15.01.2018, 19:45:14] Linda: Vova hear me. This can only be written by people with access to the internal system that is between regulators. This is not Stepanov and not competitors these are official requests.

[15.01.2018, 19:45:28] +7 965 - 7488888888 - : Fuck - yeah.

[15.01.2018, 19:45:31] +7 965 - 7488888888 - : Turn on your brain

[15.01.2018, 19:45:45] +7 965 - 7488888888 - : 5000 people - have this access

[15.01.2018, 19:45:55] +7 965 - 7488888888 - : Stepanov could have paid anyone

[15.01.2018, 19:46:01] +7 965 - 7488888888 - : Or any competitor

[15.01.2018, 19:46:18] +7 965 - 7488888888 - : This is not fucking Cyprus where three disabled - people have access

[15.01.2018, 19:47:41] +7 965 - 7488888888 - : Hear me out

[15.01.2018, 19:47:53] +7 965 - 7488888888 - : There is no - letter on the official list

[15.01.2018, 19:48:08] Linda: What the fuck anyone! Do you realise what you're saying?

If the case isn't closed it goes to court, and fuck it, they're going to take her down from the position that they're accepting letters from some fake people and launching an investigation into the company.

[15.01.2018, 19:48:39] +7 965 - 748888888888 - : How does she know who writes her letters ?

[15.01.2018, 19:49:09] Linda: What the fuck did your people say they got a response from the regulator then????

[15.01.2018, 19:50:22] +7 965 - 748888888888 - : This was confirmed not by my people.

[15.01.2018, 19:50:28] +7 965 - 748888888888 - : These can't see the emails

[15.01.2018, 19:50:37] +7 965 - 748888888888 - : Do you realise how confusing it is ?

[15.01.2018, 19:50:49] +7 965 - 748888888888 - : And how the fuck did you answer me - there

[15.01.2018, 19:50:52] +7 965 - 748888888888 - : Change - your tone of voice

[15.01.2018, 19:51:03] Linda: Whose?! You told me yourself! The letter received a reply norm.

[15.01.2018, 19:51:07] Linda: Tone!

[15.01.2018, 19:51:15] Linda: You haven't composed Apolo's tone yet!

[15.01.2018, 19:51:29] Linda: You wrote such a thing to us!

[15.01.2018, 19:52:22] +7 965 - 748888888888 - : I don't give a fuck about tone.

[15.01.2018, 19:54:18] +7 965 - 748888888888 - : Apo is definitely not hysterical and knows how to deal with issues calmly

[15.01.2018, 20:00:26] Linda: I see. Now listen calmly. The letters are official and you have to find who's writing them. Otherwise they will keep sending them.

Here, you tell me why you told me that your people said the regulator's response was OK and there would be no more letters.

[15.01.2018, 20:03:50] +7 965 - 748888888888 - : Linda, I am not arguing about the presence of letters, I say that no one has seen them, officially they are not written, they are not in the register, but it does not exclude that they can be written illegally by employees of the Central Bank.

[15.01.2018, 20:04:03] +7 965 - 748888888888 - : This is Russia

[15.01.2018, 20:04:42] +7 965 - 748888888888 - : Especially as you know we have already received letters from the fsb from Zelim - 's people.

[15.01.2018, 20:08:42] Linda: Our regulator can't be sent letters by some leftist, just a Central Bank employee.

I know that in August, when the first letter was sent, they immediately replied that the Central Bank should go to the woods. Then the letters started, with an interval of a month, the one who writes knows that it is necessary to reply to the regulator within a month.

[15.01.2018, 20:08:56] Linda: I also know what the exchange control was involved in.

[15.01.2018, 20:08:58] Linda: Yours

[15.01.2018, 20:10:06] +7 965 - 748888888888 - : How ?

[15.01.2018, 20:14:48] Linda: How? This department and mentioned in the first letters, back in August. That's where the 180kk amount came from

[15.01.2018, 20:15:10] +7 965 - 74888888888 - : And then what department ?

[15.01.2018, 20:20:52] Linda: On the internal communication system between regulators. They've always come by it. It's just that the first letter mentioned exchange controls.

[15.01.2018, 20:22:20] +7 965 - 74888888888 - : There is no way to get the letter at all ?

[15.01.2018, 20:31:15] Linda: If I could I would get it. I've got it all out , dates, content, but what do I say now I don't even know.

Like, we said that the Central Bank would write you an answer that the issue is closed, and now I. say, you know, they tell me that the Central Bank did not write you an official letter.

I know, from what you and Zelimkhan told me.

1. My question was solved by Vova's men

2 The letters your people said they received

[15.01.2018, 20:31:30] Linda: I know for a fact the first request was 17 pages long

[15.01.2018, 20:32:18] Linda: Everything has been carried since August.

[15.01.2018, 20:32:24] Linda: It has begun

[15.01.2018, 20:34:12] +7 965 - 74888888888 - : And what is the difficulty in getting the letters ?

[15.01.2018, 20:36:18] Linda: They don't give them to me, and no one will take pictures of them either. I can get their letters. But the kind of letters like official investigations from another regulator won't give them to me. I don't know how else to explain it anymore.

[15.01.2018, 20:37:10] Linda: I know what we're going to get written.

[15.01.2018, 20:38:20] Linda: I know roughly what our regulator can and will do, we have been warned

[15.01.2018, 20:38:35] Linda: We have an election in January and this hype is unnecessary

[15.01.2018, 20:47:53] +7 965 - 74888888888 - : We have in March

[15.01.2018, 21:15:17] Linda: I see, we are going round in circles. I understand one thing that our issue has not even been addressed .

1. I think this way, translate Haris' letter into Russian and give it to your people.

2. It says that it is confidential, such letters are written only during investigations.

3. I propose the following, Haris answers as a lawyer I want to know officially why the investigation. We will tell our regulator that the letters from the Central Bank are not official, and then we will see how things develop.

4. You said this morning that there are no letters. Roman writes to me, based on your words that "the cherry on the cake is no letters".

If you don't think they are, let's go on principle Then we'll see who was right and who was wrong.

We closed the issue, and instead of helping us, I got a claim. And I don't care what happens now. Quite the opposite. I'll go on principle, but I'll prove to you that there are letters from the Central Bank, don't give me claims when I closed the issue.

[15.01.2018, 21:17:10] +7 965 - 7488888888 - : Find where I wrote that there are no letters ? - Stop wishful thinking and switch off the victim syndrome, you are a top manager, not an ordinary employee.

[15.01.2018, 21:18:54] Linda: And we also have suspicions that it's not coming through the internal system.

[15.01.2018, 21:18:54] Linda: Well, and the cherry on the cake: no letters at all.

[15.01.2018, 21:19:09] Linda: Roman wrote this.

[15.01.2018, 21:21:58] Linda: I am far from being a victim and never will be, not my style.

I know I'm right.

I know there are letters.

[15.11.2018, 21:00:15] .: Just don't let him say that there are agents or intermediaries in Russia, etc., it will scare them away.

Correspondence with the contact "Smirnova Yaroslava", subscriber number +7 - 926 - 234 - 76 - 44, with whom correspondence was carried out, including the following content, was found and examined:

[18.11.2020, 19:38:49] Yaroslava Smirnova: Good afternoon!

Sent the first contract (for redemption of units through Broker) to IR today for assignment of number at 16:48.

The result is nil. No reply, no contract number, and no signed contract at all. No one is able to influence Stas, nor his employees.

The risks are as follows: if we fail to extend the fund in time, the shareholders will have to buy back assets worth 300 million rubles from the Fund or lose their licence.

[18.11.2020, 19:39:37] Yaroslava Smirnova: I have done all - all the documents for them, and they can't assign a number, print and sign the contract.

[18.11.2020, 22:02:18] .: Good, you should then call your colleagues if you are already so extreme

[18.11.2020, 22:02:32] :: I've talked to Stanislav, he quickly gave approval, now we need implementation

[18.11.2020, 22:07:00] Yaroslava Smirnova: Yesterday I called Anastasia. And even with her is not so easy to call, everyone is very busy.

The coordination is good, but the implementation is lame. Answering emails for 4 - 5 hours is overkill. Implementation is very slow in IR, and I don't even know who to talk to about it(((

[18.11.2020, 22:21:30] Yaroslava Smirnova: I could be wrong, but it seems to me that the whole point is that Stas himself does not "fluff" anyone. I write letters to nowhere, he doesn't react at all. And employees without his reaction do not react either.

[18.11.2020, 22:22:30] Yaroslava Smirnova: Only Eugenia is "at the top", the contract was corrected, the orders were signed, comments were given. Otherwise - silence!

[18.11.2020, 22:48:31] :: They've had a request from the nrd for 26 questions for 5 days since pon, there's tranches on purity and argento, they're in a fuss

[18.11.2020, 22:48:51] :: And since the request came to them in a short time, that's why such a situation apparently

[18.11.2020, 22:49:06] :: I will tell both Stanislav and Anvstasia to hurry up once again

[18.11.2020, 22:49:20] :: You in turn tomorrow with them personally tighten to completion

[18.11.2020, 22:49:38] Yaroslava Smirnova: Thank you, I hope this will be enough to speed things up

[18.11.2020, 22:53:12] :: 👍

[13.02.2017, 18:31:25] .: Yes

[13.02.2017, 19:24:33] Alexey Golubev: Just in case I'll write here, on the post file

[13.02.2017, 19:29:53] .: Already have.

02.03.2017

[02.03.2017, 16:07:52] Alexey Golubev: Zelimkhan, good day . I can not get an answer to the questions, tax character neither from Constance or legal, what other options are there ?:).

[02.03.2017, 21:38:15] ... Good

[02.03.2017, 21:38:34] .: Saw the correspondence

[02.03.2017, 21:38:56] .: Write here tomorrow by lunchtime, I'll see if there are still options available

[03.03.2017, 09:01:38] Alexey Golubev: Good morning

1. When working through Constance, what is the tax rate on dividends from foreign companies?

2. Is the tax rate on option income any different ?

(3) Taxation at the rate of 30 per cent shall be levied in respect of:

income on securities issued by Russian organisations, the rights to which are accounted for on a foreign nominee holder's depo account, a foreign authorised holder's depo account and/or a depo account of depository programmes, paid to persons whose information has not been provided to the tax agent.

Is this the case and what does it mean?

[06.03.2017, 11:49:36] Alexey Golubev: Good afternoon , is there anything on this issue ?

[06.03.2017, 18:51:16] .: Good!

[06.03.2017, 18:51:36] .: Of the in - house or free options, no

[06.03.2017, 18:51:46] .: But NOA will be able to take over

[06.03.2017, 18:52:00] .: It will be paid for, but very inexpensive

[06.03.2017, 18:52:20] .: I.e. The question will be considered in conjunction with specific solutions and not only on constans

[06.03.2017, 18:52:43] .: For coordination on NOA - to Dmitry Lepeshkin

[06.03.2017, 18:57:11] Alexei Golubev: Zelimkhan, good evening. Maybe I do not understand something or do not ask the question correctly.

We take money under management for investment activities, the client asks what tax he has to pay for investment activities, working with us, and we will send him to a paid consultation?

[06.03.2017, 18:57:48] .: We are not a tax agent in terms of foreign companies

[06.03.2017, 18:58:13] .: This is actually the answer to the question

[06.03.2017, 18:59:08] Alexey Golubev: I understand this perfectly well, just a dubious service from our side turns out. If the client wants to understand all the figures that will be when working with us, and I can not give them to him

[06.03.2017, 19:00:39] .: In terms of the lack of response from fellow constancers, that's really not okay

[06.03.2017, 19:01:20] .: But they certainly won't go into such strong details as taxation of specific individuals in a specific country

[06.03.2017, 19:02:13] .: You can also ask Lepeshkin how to do it

[06.03.2017, 19:02:23] .: For Constance, he's the main person responsible.

[06.03.2017, 19:40:49] Alexey Golubev: Okay, thank you

02.04.2019

[02.04.2019, 17:55:11] Alexey Golubev: Zelimkhan, good afternoon. Could you please give me another hint?

There are two bundles

The "c" is the WLC+WLM+WL docks.

"bn" is the docks of WLC+Sim + WL

Is this correct? And is it possible to sign a document with WL without the other two (if it is more convenient for the client and us)?

[02.04.2019, 20:59:57] .: Good!!!

[02.04.2019, 21:00:01] .: All correct

[02.04.2019, 21:00:26] .: If only with VI, Andreas (who is back) has to coordinate with his own to take directly to VI

[02.04.2019, 23:22:31] Alexey Golubev: And there is a link there in the app that sim agent

[03.04.2019, 10:36:00] .: Yes, but in the case of bn you need a contract with the host company, just like in the case of B

[03.04.2019, 10:36:27] Alexey Golubev: aha , it turns out the useless tail is only WLC

[03.04.2019, 10:36:31] Alexey Golubev: right?

[03.04.2019, 10:36:49] .: Ess.

[03.04.2019, 10:36:54] Alexey Golubev: ok thank you very much

[03.04.2019, 10:36:55] .: It is so, for the communion of the rf

[03.04.2019, 10:37:00] Alexei Golubev: I got it

There was no call with Constance on Friday?

[09.11.2020, 11:02:16] Nikolay Padalko: Greetings

[09.11.2020, 15:15:54] .: Chernov and Balesny Sergei Petrovich are on the list for withdrawal

[09.11.2020, 15:15:54] .: first prosecutor's office

[09.11.2020, 15:15:54] .: Second Admiral

[09.11.2020, 15:16:07] .: From Vsp to transaction trail priorities

[09.11.2020, 15:26:01] Nikolay Padalko: OK, noted

03.02.2020

[03.02.2020, 13:11:10] Nikolay Padalko: Greetings. Marketing has not yet received the budget for the Sim site, so that we do not have delays with the launch - please allocate.

[03.02.2020, 13:29:57] .: Salute

Okay, I'll do the forcing.

[03.02.2020, 13:30:18] Nikolay Padalko: Thank you

07.02.2020

[07.02.2020, 14:06:22] .: Please make yourself promptly mail VL

[07.02.2020, 14:06:27] .: Send it to me.

[07.02.2020, 14:24:16] Nikolay Padalko: I ordered it yesterday

[07.02.2020, 14:24:32] Nikolay Padalko: I would be grateful if you could help speed up the process

[07.02.2020, 14:24:37] Nikolay Padalko: I'll put you in the copy

[07.02.2020, 14:25:21] Nikolay Padalko: Just a question: VL or VL Consulting?

[07.02.2020, 14:25:48] Nikolay Padalko: I asked to make exactly wl - consulting.ru

[07.02.2020, 14:25:57] Nikolay Padalko: As a future site

[07.02.2020, 14:36:16] Nikolay Padalko: I'll make a w - lake, in short)

[07.02.2020, 14:37:10] .: Forget it, hit the general and don't sweat it)))

[07.02.2020, 14:40:31] Nikolay Padalko: Made an enquiry, you are in the copy

[07.02.2020, 14:43:18] Mykola Padalko: The mission of WL Consulting is to find the most favourable and safe financial solution for each client, in accordance with the principles of uniqueness and efficiency.

[07.02.2020, 14:43:18] Nikolay Padalko: Here's what I came up with

[07.02.2020, 14:43:19] Nikolay Padalko: Will be on the site

[07.02.2020, 15:31:45] .: With VL make the same missions

[07.02.2020, 15:31:50] .: You can copy it.

[07.02.2020, 15:31:57] .: It's not like they're competing companies)

[07.02.2020, 15:32:07] .: On the contrary content where possible should match

[07.02.2020, 15:34:15] Nikolay Padalko: You can't. WL is a controlling person

[07.02.2020, 15:34:30] Nikolay Padalko: VLC - consultant

[07.02.2020, 15:35:19] Nikolay Padalko: The missions are similar, but the logic is such that you can't pick on it: WL is looking for a solution, and WL is implementing it

[07.02.2020, 15:38:09] Nikolay Padalko: We discussed with Eugenia, no strategies and money management, nothing like that should be on the site. Because the risks

[07.02.2020, 16:01:05] .: You bet you can

[07.02.2020, 16:01:15] .: Same direction

[07.02.2020, 16:01:26] .: The mission is not divided by legal entities)

[07.02.2020, 16:01:32] .: It's not a legal element)

[07.02.2020, 16:01:46] .: words yes, I agree

[07.02.2020, 16:02:05] .: You can replace solutions, maintenance, support, etc. simply and that's it

[07.02.2020, 16:02:13] .: But get as close to the original as possible

[07.02.2020, 17:28:22] Nikolay Padalko: You have for a long time?

[07.02.2020, 18:34:34] .: rfc for conclusions how's it going?

[07.02.2020, 18:34:48] .: Ruslan has already scheduled two withdrawal meetings for me on Tuesday.

[07.02.2020, 19:04:29] Nikolay Padalko: Training conducted

[07.02.2020, 19:05:01] Nikolay Padalko: Eugenia promised to issue today

[07.02.2020, 19:08:21] Nikolai Padalko: I've already got her on hold

[07.02.2020, 19:08:44] Nikolay Padalko: It will be on Monday for sure, I think

[07.02.2020, 20:01:19] .: Okay.

13.02.2020

[13.02.2020, 17:46:16] Nikolay Padalko: If a client needs to make a confirmation of money, we can do it, right? I remember with RV discussed that through the sale of aiti property and art objects.

[13.02.2020, 17:46:37] Nikolay Padalko: Who is doing this?

[13.02.2020, 18:52:01] .: Eugenia

[13.02.2020, 18:52:28] Nikolay Padalko: The Sim site will be ready for delivery tomorrow. Everyone worked in sweat and made a really good product, considering the budget and deadlines. But we still don't have the budget allocated! I, as soon as I get the final figure, will go personally to RV with this topic.

[13.02.2020, 18:53:01] .: Come on

[13.02.2020, 18:53:04] .: It can't get any worse.

[13.02.2020, 18:53:17] .: The amount is about to be released.

[13.02.2020, 18:53:29] Nikolay Padalko: Speaking of her. She is swamped with tasks from IR and all my questions are locked on her, and not moving

[13.02.2020, 18:54:22] Nikolay Padalko: This is despite the fact that I have distributed the tasks in time

[13.02.2020, 18:54:35] Nikolay Padalko: The question is not for Eugenia, but for prioritisation

[13.02.2020, 19:58:59] .: I have the same problem with it to be honest.

[13.02.2020, 19:59:53] .: I suggest you raise the question in a trivial format: who else to hire in Yud so that the issues of the MR/RF nexus have time to close too

[13.02.2020, 20:00:02] .: Can you email me and her

[13.02.2020, 20:00:16] .: And I will further push through and alternative solutions to the issue

[13.11.2017, 21:55:01] Roman Shpakov: Colleagues, this group was created to coordinate actions.

[13.11.2017, 21:55:36] Roman Shpakov: Everyone has one main task:

Obtain those letters that were sent by CySEC.

[13.11.2017, 21:55:52] Roman Shpakov: This will allow us not to act blindly to begin with.

[13.11.2017, 21:56:35] Roman Shpakov: Zelim, Vladimir, your task this week is to provide a letter from the Central Bank that the issue is exhausted, there is no issue.

[13.11.2017, 21:57:24] Roman Shpakov: Linda, your comment is needed: did the second letter come and specifically fluffed it or was it the 3rd, 4th, 5th letter?

[13.11.2017, 22:20:50] Linda: 2 letters came in and specifically on it fluffed and fluffed.

[13.11.2017, 23:40:23] Linda: I was today.

Sevak was sent to the regulator to give them the letters from you, as he still had to sign a form stating that Constance did not make payments to capital clients.

I was at Harris's because they're gonna start the audit with him. I'm meeting with the auditors tomorrow because you were in their jubo files.

We are now preparing for the capital and Constance verification.

[14.11.2017, 00:19:07] .: Let me know tomorrow morning whether the answer from Sisek will be tomorrow or as you said maybe in a couple of weeks, when everything will be checked.

[14.11.2017, 00:25:54] Linda: In the morning I will not know exactly, rather closer to 15.00, the result as will be the information I will write off.

[14.11.2017, 00:26:09] .: okaysi

[14.11.2017, 00:28:00] Linda: Roman was once a QB fiancé director?

[14.11.2017, 00:32:39] Roman Shpakov: Commercial Director.

[14.11.2017, 10:48:44] Linda: Hi,

Zelimkhan, a letter has been sent to you. I need your help. Thank you.

[14.11.2017, 10:50:28] .: Hi, yep, already posted that they gave it to me.

[14.11.2017, 10:51:24] Linda: Thank you

[14.11.2017, 23:01:56] Linda: Do any of you remember people like Gusarov and Sloeva? They were involved in the capital and valken scheme.

[14.11.2017, 23:06:36] Roman Shpakov: Apparently Murzy's

[14.11.2017, 23:06:39] Roman Shpakov: Looking for

[14.11.2017, 23:09:19] Roman Shpakov: Request from Gramza. It's Murzy's.

[14.11.2017, 23:10:28] Linda: Ok.

[14.11.2017, 23:24:32] Linda: If a wizard came right now and asked me what I wanted, I'd want the three of you to come to me and just say everything will be fine, we're there for you)

[14.11.2017, 23:26:05] +7 965 - 7488888888 - : I'll tell you that everything will be fine.

[14.11.2017, 23:29:08] Roman Shpakov: This is his new super ability

[14.11.2017, 23:30:30] +7 965 - 7488888888 - : audio file is missing

[14.11.2017, 23:30:31] Linda:))))

[14.11.2017, 23:34:00] Roman Shpakov: A brief history of Linda in Cyprus?

[14.11.2017, 23:35:31] Linda: Linda on the bottom most likely

[14.11.2017, 23:36:44] +7 965 - 7488888888 - : This was sent to my acquaintance))))

15.11.2017

[15.11.2017, 13:37:38] +7 965 - 7488888888 - : Did the letters get to you ?

[15.11.2017, 13:42:50] Linda: I have the content of 2 letters, but the letters themselves are not there. I understand that you must have received them from your sources

[15.11.2017, 13:49:00] +7 965 - 7488888888 - : Content can you solano forward ?

[15.11.2017, 13:50:05] +7 965 - 7488888888 - : I need it - urgently

[15.11.2017, 13:50:21] Linda: It has already been forwarded to Roman and Zelimkhan, the translation is braid as the first letter came in Russian

[15.11.2017, 13:51:28] Linda: I am preparing QBCM and QBFS company files and they will also be requested for review.

[15.11.2017, 15:26:38] Linda: Colleagues

[15.11.2017, 15:26:46] Linda: I just got a phone call from a man

[15.11.2017, 15:26:49] Linda: Fuck.

[15.11.2017, 15:27:55] Linda: CySEC replied to the CB that these companies are not related to persons activities . (after they received the letter from Roman)

[15.11.2017, 15:28:35] Linda: An hour later came 2 letters from the Central Bank stating that they require CySEC to conduct an investigation.

[15.11.2017, 15:28:53] Linda: That companies are invxt activities

[15.11.2017, 15:28:59] Roman Shpakov: Ok

[15.11.2017, 15:29:09] Linda: I don't understand what you're doing and how closes there questions

[11/15/2017, 15:29:13] Linda: There's more to it than that

[15.11.2017, 15:29:22] Linda: If the Central Bank doesn't calm down

[15.11.2017, 15:30:11] Linda: Saycek has requested a court order to bring up all accounts and will conduct a full investigation.

[15.11.2017, 15:30:33] Linda: And the person said that the Central Bank is not calming down

[15.11.2017, 15:30:44] Roman Shpakov: We are aware of that.

[15.11.2017, 15:30:48] Roman Shpakov: Don't write anymore

[15.11.2017, 15:31:30] Linda: Well plus the next letters from our regulator will be for the CB to provide evidence .

[15.11.2017, 15:31:50] Roman Shpakov: Let them not write yet. Give 2 days

[15.11.2017, 15:52:08] Linda: Zelimkhan,

I am writing as you asked because of what is happening now and the Central Bank is not calming down we will have to show QB Finance and capital agreements.

[15.11.2017, 15:52:46] +7 965 - 7488888888 - : Give it 2 - 3 days

[15.11.2017, 15:55:54] .: Got it, don't give access to the contracts yet, then it will be unrealistic to give the backside.

[15.11.2017, 16:00:48] +7 965 - 7488888888 - : It will be realistic - to give in the rear

[15.11.2017, 16:01:19] .: In the back for sure.

[15.11.2017, 16:02:13] Linda: They are pushing for an investigation. Your DH. That means court order and opening all books and bank accounts.

[15.11.2017, 16:03:37] +7 965 - 748888888888 - : And why should they even go for this one ?

[15.11.2017, 16:03:41] .: Ours will change his mind, don't doubt it. For now, lokirovat provide this information, I realise it's difficult

[15.11.2017, 16:40:24] Linda: Because your Central Bank just blew the brains of our regulator. And our CySEC was getting nervous, and they told our person that she would not risk her seat.

[15.11.2017, 16:40:47] Linda: There have not yet been such requests. And that even so quickly your Central Bank to respond.

[15.11.2017, 16:41:12] Roman Shpakov: Because the bonuses are paid for.

[15.11.2017, 16:41:42] Linda: Roman, anything .

[15.11.2017, 16:41:55] Linda: She would rather shut us down than lose her position

[15.11.2017, 16:42:03] +7 965 - 7488888888 - : Bear - with me

[15.11.2017, 16:42:04] +7 965 - 7488888888 - : We are all busy with this issue

[15.11.2017, 16:50:16] +7 965 - 748888888888 - : Let her stall for time, she doesn't fucking need - this scandal either.

[15.11.2017, 16:54:06] Linda: Vova, she's not alone out there. We just set her up really badly. On the first enquiry they responded to your CB to go far. The Central Bank has not calmed down.

Yesterday our man told her that we had resolved everything with our DH, new enquiries today.

I don't know how to explain the situation to you anymore.

[15.11.2017, 16:54:22] +7 965 - 748888888888 - : I don't know who said it

[15.11.2017, 16:54:24] +7 965 - 7488888888 - : I understand - everything

[15.11.2017, 16:54:28] +7 965 - 7488888888 - : Give a bit of time

[15.11.2017, 16:54:35] +7 965 - 748888888888 - : This is for me - personally

[15.11.2017, 18:05:02] Linda: I was told that the CB should write to CySEC the following.

Your reply is satisfactory the matter is closed.

It has to be done by Friday.

[15.11.2017, 18:11:51] .: Friday is almost an anrial. Until Tuesday plz

[15.11.2017, 18:12:11] .: I know it's hard.

[15.11.2017, 18:22:36] Linda: That's not my request.

We've been given enough time and enough help. Under other circumstances, we would have been there a long time ago.

I'm passing on what was said to the person so there is no misunderstanding later.

Because then he'll be like, "I know it's hard."

Hear me, please.

[15.11.2017, 18:23:16] +7 965 - 7488888888 - : One day - left until Friday

[15.11.2017, 18:23:19] +7 965 - 7488888888 - : It's not real.

16.11.2017

[16.11.2017, 08:45:29] Linda: Vova hi.

[16.11.2017, 08:46:06] Linda: What did the person tell you? Any chance of writing to CySEC before tomorrow?

[16.11.2017, 09:33:15] Roman Shpakov: Linda, Vladimir is in the process.

[16.11.2017, 09:35:19] Linda: I know, but I'm pressed for time. So is everyone else.

[16.11.2017, 09:36:15] Roman Shpakov: We are aware of that.

[16.11.2017, 10:12:18] +7 965 - 7488888888 - : Met in the morning. That's it for now. Today will be clear will be able to.
- Lee no.

[16.11.2017, 10:15:10] Linda: I see. So it's not even known yet if people can or not.

[16.11.2017, 10:15:38] Roman Shpakov: They can, it's a question of timing.

[16.11.2017, 10:42:48] Linda: I spoke to him, he said, if the process is started here (and it is already slowly starting), we will not stop it afterwards.

We don't have much time left, so I don't know what deadlines you're talking about.

17.11.2017

[17.11.2017, 09:50:37] Linda: Yesterday another letter came from the Central Bank. I was just, just informed. No more control over the process.

[17.11.2017, 09:52:05] Linda: "All i was told last night is that they have received another letter from central bank russia This time saying they have many complaints from clients who have invested in these cyprus companies."

[17.11.2017, 09:53:47] Roman Shpakov: Okay.

[17.11.2017, 10:04:16] Roman Shpakov: Linda, someone should put the thought in your regulator that this action is planned - bought and has nothing to do with our regulator. And there is no need to rush to react.

[17.11.2017, 10:09:22] Linda: Roman, they're putting us into a system where there are international investigations. It can no longer contain the flow. In an hour or two a letter will come, to Haris or to us, with a copy to the Central Bank and the Ministry of Finance.

[17.11.2017, 10:10:22] Roman Shpakov: Day submuti.

[17.11.2017, 10:10:29] Roman Shpakov: One last request.

[17.11.2017, 10:11:00] Roman Shpakov: You asked to do by the end of the week, so give me until the end of the week.

[17.11.2017, 10:11:57] Linda: Provided there are no more letters. And they keep coming

[17.11.2017, 10:12:42] +7 965 - 7488888888 - : In an hour ours will start boeing

[17.11.2017, 10:54:42] Roman Shpakov: I don't know how relevant the information is, but all complaints have been withdrawn by customers.

[17.11.2017, 10:56:03] Linda: Central Bank your writes the opposite

[17.11.2017, 10:59:18] Roman Shpakov: My sun, I give you food for thought, so that you compare facts to finally understand the essence of the origin of these requests.

And blowing in the ears of the decision makers.

[17.11.2017, 11:02:20] Roman Shpakov: Especially such non - fucking passages that CI is just a cover)

[17.11.2017, 11:07:37] Roman Shpakov: Linda, once again, the full text of the message to be sent. Include all titles, names and other things that should be specified.

[17.11.2017, 11:09:10] Linda: no image available

[17.11.2017, 11:09:12] Linda: no image available

[17.11.2017, 11:10:30] Linda: Give me 10 min.

[17.11.2017, 11:11:20] +7 965 - 7488888888 - : Write to whom and what

[17.11.2017, 11:11:32] +7 965 - 7488888888 - : Gus Zelim will go to decide))))

[17.11.2017, 11:12:24] Roman Shpakov: Briefly summarise the essence point by point.

[17.11.2017, 11:26:31] Linda: Roman let me sign the papers.

[17.11.2017, 11:26:35] Linda: The auditor is coming in at 11

[21.11.2017, 20:44:56] Roman Shpakov: Why?)

[21.11.2017, 20:45:01] Roman Shpakov: You have to bang your head.

[21.11.2017, 20:45:37] Linda: It didn't work, I was driving.

[21.11.2017, 20:46:25] Roman Shpakov: For the sake of this, you can stop.

[22.11.2017, 18:17:30] Roman Shpakov: Roman, , people are not ready to set themselves up and they are not ready to bear criminal responsibility.

We said they'd write a letter to CySEC, but they haven't. Haris isn't willing to take that risk.

I have been told by Greg that he is not willing to work with us and help on those terms and represent the people he is asking for help from for us.

Everything we said we'd do hasn't been done. No one is going to lose their position because of us.

I've been warning you for a month.

The commission will schedule an inspection tomorrow.

[22.11.2017, 18:33:42] +7 965 - 7488888888 - : If you're ready to talk quietly, I'll call you

[22.11.2017, 18:33:44] +7 965 - 7488888888 - : Calmly

[22.11.2017, 18:42:53] Linda: Zelimkhan pick up the phone.

[22.11.2017, 20:40:34] Linda: 180kk turnover on accounts

[22.11.2017, 20:41:55] Roman Shpakov: Quite)

[22.11.2017, 21:04:42] Linda: This amount is stated in the letter, today the person once again announced the figure

[22.11.2017, 21:04:53] Linda: Can you tell me what the situation is now?

[22.11.2017, 21:08:08] Roman Shpakov: And in fact which one?

[22.11.2017, 21:08:42] Linda: I'll have to look it up

[22.11.2017, 21:09:59] Linda: This CB is yours

[22.11.2017, 21:10:08] Linda: They say you withdrew these amounts

[22.11.2017, 21:10:16] Linda: Or rather the turnovers on all accounts

[22.11.2017, 21:10:38] Roman Shpakov: My sun, I'm telling you, professionals tried.

[22.11.2017, 21:10:55] Linda: I can see that.

[22.11.2017, 21:11:35] Linda: And I see that there's nothing we can do.

[22.11.2017, 21:12:45] Roman Shpakov: Sorry of course, but have done almost everything.

[22.11.2017, 21:13:16] Linda: To dunk me up to my ears.

[22.11.2017, 21:13:17] Linda: Yes.

[22.11.2017, 21:13:21] Linda: I agree.

[22.11.2017, 21:13:41] Roman Shpakov: I don't mean the joints, but the solution)

[22.11.2017, 23:39:32] Linda: Yes.

[22.11.2017, 23:39:49] Linda: They want to figure out who's behind it all

[22.11.2017, 23:41:53] Linda: Don't worry, we'll join you later.

23.11.2017

[23.11.2017, 00:09:50] Linda: Vov, what did your contact tell you?

It's not enough to just say nothing. It is necessary to say that the case is closed, otherwise they will not close the fial.

[23.11.2017, 00:17:07] Roman Shpakov: Linda, everything will be done.

[23.11.2017, 00:19:07] +7 965 - 748888888888 - : Probably :)

[23.11.2017, 00:32:39] Linda: I see.

[23.11.2017, 10:18:21] Linda: Hi. Is there any news?

[23.11.2017, 10:18:38] +7 965 - 748888888888 - : I have after 16 will be

[23.11.2017, 10:21:29] Linda: I don't pick up the phone at all anymore, I only communicate with you and a couple of other people in Cyprus.

[23.11.2017, 11:20:16] Linda: Zelimkhan, as someone I trust, please tell me what news do you have?

[23.11.2017, 11:22:21] .: Mm - hmm.

[23.11.2017, 11:23:04] .: In a nutshell - everything is on the right track, the case is in our favour and in the right timeframe

[23.11.2017, 11:25:09] Linda: We need a result

1. The Central Bank does not write anything here

2. In response to the CySEC reply they write - thank you the case is closed.

After that, we move on.

[23.11.2017, 12:32:51] Linda: Roman, another reminder is here. Why are you telling me you're solving the issue?! Do you realise I'm gonna get eaten alive here?! I cover your name everywhere and you leave me here alone! What are you deciding?!

[23.11.2017, 12:34:54] +7 965 - 7488888888 - : Fuck.

[23.11.2017, 12:34:58] +7 965 - 7488888888 - : They said wait - for the evening

[23.11.2017, 12:35:14] +7 965 - 7488888888 - : I'm going - straight gassing out

[23.11.2017, 12:35:41] +7 965 - 7488888888 - : Reminder came only because today is the deadline for response and I said, I'll arrange for yours to respond and ours will already put - the fuck down

[23.11.2017, 12:38:32] Linda: Zelimkhan said that everything is positive!!! And that we will not be written in they write and write. It's a hell of a thing. I was always close to you, where you are now I have no idea!

[23.11.2017, 12:38:52] +7 965 - 7488888888 - : Calm - down

[23.11.2017, 13:10:54] +7 965 - 7488888888 - : Linda

[23.11.2017, 13:10:57] +7 965 - 7488888888 - : Call back - immediately

[23.11.2017, 13:12:57] Linda: I'll be right out of the board room!

[23.11.2017, 16:42:28] Linda: Any news?

[23.11.2017, 16:57:24] +7 965 - 7488888888 - : Yes

[23.11.2017, 16:59:45] Linda: And?

[23.11.2017, 17:15:56] Linda: Vova

[23.11.2017, 17:17:19] +7 965 - 7488888888 - : Yes

[23.11.2017, 17:23:27] Linda: Haris is coming to the office today, he wants to talk about having us prepare files that will show the truth of what happened so that we are prepared for an audit if there is a forensic audit.

[23.11.2017, 17:30:42] +7 965 - 7488888888 - : Let me fucking drive - to the office to drive

[23.11.2017, 17:35:01] Linda: I like that Roman is quiet.

[23.11.2017, 17:35:05] Linda: Like Zelimkhan.

[23.11.2017, 17:44:58] +7 965 - 7488888888 - : Wait for me to call - you back

[23.11.2017, 18:15:30] Linda: Vova,

You can't change the name. The committee got Zelimkhan's name as UBO - who is currently behind the companies.

[23.11.2017, 18:16:10] Roman Shpakov: He is not asking to change. He's asking to remove from the response in RF.

[23.11.2017, 18:17:33] +7 965 - 7488888888 - : Exactly.

[23.11.2017, 18:17:54] +7 965 - 7488888888 - : It will be - expensive for me to succeed him afterwards

[23.11.2017, 18:18:03] Linda: they will answer who yubo at the moment.

[23.11.2017, 18:18:04] Roman Shpakov: Yeah we know we're already fucked.

[23.11.2017, 18:18:20] Roman Shpakov: Can simply answer: not Shpakov.

[23.11.2017, 18:18:35] +7 965 - 7488888888 - : And not the ZVM

[23.11.2017, 18:18:45] Roman Shpakov: What right do they have to reveal a man who is kind of out of touch.

[23.11.2017, 18:19:01] Linda: On business

[23.11.2017, 18:19:10] Linda: This person is wanted by the Central Bank

[23.11.2017, 18:19:17] Linda: Fucked everyone's brains out

[23.11.2017, 18:19:47] Roman Shpakov: Linda, that's the way it is, don't have our mutual friend there.

[23.11.2017, 18:20:18] Linda: Roman, are you making a fool of me?

[23.11.2017, 18:20:29] Linda: I busted my arse to remove your name

[23.11.2017, 18:20:49] Linda: I told you to put Zelimkhan, you all said ok

[23.11.2017, 18:20:58] Roman Shpakov: Linda, you are asking to close the issue in RF. We are asking you to remove the svm.

[23.11.2017, 18:21:06] Roman Shpakov: In response to your yes.

[23.11.2017, 18:21:13] Linda: Now on the 23rd when the answer was given you say take it away

[23.11.2017, 18:21:18] Linda: Not really.

[23.11.2017, 18:21:23] Linda: That's not what I'm asking.

[23.11.2017, 18:21:31] Roman Shpakov: Now take it out of cusek's response to the Central Bank

[23.11.2017, 18:21:32] Linda: Shut the crap you spewed on me.

[23.11.2017, 18:21:42] Roman Shpakov: OK)))

[23.11.2017, 18:21:44] Linda: And make sure we don't go to jail.

[23.11.2017, 18:23:44] Roman Shpakov: That's what I'm telling you, don't create problems on a flat spot. If yours can change the answer, then fine.

[23.11.2017, 18:24:33] Roman Shpakov: Response from the regulator to the Central Bank.

[23.11.2017, 18:24:37] Linda: I don't create them, if your DH didn't write reminder the committee might not even respond

[23.11.2017, 18:24:45] Roman Shpakov: Ok

[23.11.2017, 18:25:00] Roman Shpakov: So let them write a lightweight.

[23.11.2017, 18:25:26] Roman Shpakov: Like: not Shpakov, the activity is legal, with love...

[23.11.2017, 18:25:39] Linda: Especially after we howl at them all the time

[23.11.2017, 18:26:03] Roman Shpakov: The question was: Shpakov?

The answer is: not Shpakov.

[23.11.2017, 18:26:37] Linda: No that was the first request.

[23.11.2017, 18:26:47] Linda: Second Shpakov or not

[23.11.2017, 18:27:15] Roman Shpakov: Not Shpakov.

[23.11.2017, 18:27:19] Linda: Then we want to investigate who is withdrawing the money and who owns these companies

[23.11.2017, 18:27:29] Linda: I don't want to.

[23.11.2017, 18:27:40] Linda: Even in correspondence.

[23.11.2017, 18:27:41] Roman Shpakov: The company is conducting legitimate activities. Full stop.

[23.11.2017, 18:27:42] Linda: You.

[23.11.2017, 18:27:45] Linda: Linking up

[23.11.2017, 18:27:51] Linda: With this companies!!!

[23.11.2017, 18:28:03] Roman Shpakov: I do not mind. Zelim put it away. If possible.

[23.11.2017, 18:28:05] Linda: My whole life is breaking down.

[23.11.2017, 18:28:33] Linda: They have a committee tomorrow

[23.11.2017, 18:28:35] Linda: tsb

[23.11.2017, 18:28:39] Linda: Regulator

[23.11.2017, 18:28:41] Linda: Ministry of Finance

[23.11.2017, 18:28:48] Linda: And that's where they'll decide what to answer.

[23.11.2017, 18:29:28] Roman Shpakov: Great!)

[23.11.2017, 18:29:30] Linda: Once again G said Zelimkhan's name they will give, he was still saying that yesterday.

[23.11.2017, 18:30:03] Roman Shpakov: Well svm is QBF. And here I am again :)

[23.11.2017, 18:30:11] Roman Shpakov: Ai beauty how beautiful.

[23.11.2017, 18:30:24] Roman Shpakov: In short, if possible, do not.

[23.11.2017, 18:30:32] Linda: Not really.

[23.11.2017, 18:30:40] Linda: He did behind your back.

[23.11.2017, 18:30:50] Linda: You had nothing to do with it

[23.11.2017, 18:33:01] Roman Shpakov: Linda, Take it out of the regulator's response. The decision is made by specific people. Everyone.

[23.11.2017, 18:33:08] Linda: One more time

[23.11.2017, 18:33:19] Linda: it's impossible on the 23rd at night

[23.11.2017, 18:33:28] Linda: You all knew everything

[23.11.2017, 18:33:48] Roman Shpakov: Linda, the response of your regulator to ours. Not the answer of charis.

[23.11.2017, 18:34:04] Linda: I got it.

[23.11.2017, 18:34:10] Roman Shpakov: So do it.

[23.11.2017, 18:34:18] Roman Shpakov: We do from our side.

[23.11.2017, 18:34:33] Roman Shpakov: That the most neutral response will be welcomed.

[23.11.2017, 18:34:46] Linda: Once again, from the fact that your Central Bank writes all these letters our regulator already thinks we are laundering all the money of the Russian Federation.

[23.11.2017, 18:35:09] Roman Shpakov: Great.

[23.11.2017, 18:35:15] Linda: You are doing nothing on your part

[23.11.2017, 18:35:20] Linda: Or rather you do.

[23.11.2017, 18:35:21] Roman Shpakov: Don't waste our time, think how to solve.

[23.11.2017, 18:35:41] Linda: You tell me things you don't do.

[23.11.2017, 18:35:50] Linda: We're in a one - gate game.

[23.11.2017, 18:35:59] Linda: You Linda do it and we'll see.

[23.11.2017, 18:38:04] Roman Shpakov: We will remember this phrase.

[23.11.2017, 18:41:39] Linda: Remember. That's the impression given by the people who shut down our questions here.

[23.11.2017, 18:41:52] Linda: One of them spoke to Zelimkhan yesterday.

[23.11.2017, 18:42:11] Roman Shpakov: Ok

[23.11.2017, 18:50:38] Linda: The agreement was.

1. By the end of last week, CySEC would get a letter - it was not there
2. By the end of Tuesday CySEC will get a letter too was not there
3. respond positively to the first letter and the CB will not write any more - 3 more letters and an investigation came in
4. I'm writing to you Roman, help me because I'm being pressurised from all sides and people are saying why should we put ourselves in danger to cover for Roman?
5. I have covered you completely and in everything to the point where I would be criminally liable. And you take it all for granted and don't care that people put their backs into it for you.

[23.11.2017, 18:52:04] Roman Shpakov: Ok

[23.11.2017, 18:53:56] Linda: Zelimkhan, if there is any chance of not writing your name, I will do everything I can to make sure it didn't happen. But the chances are very small, as this is an investigation and not just an enquiry.

[23.11.2017, 18:56:04] Roman Shpakov: Ok

[23.11.2017, 18:56:32] Linda: Okay.

[23.11.2017, 19:10:24] .: Thank you very much, everything is clear) the main thing is that after all this you have in these three structures all stopped and no action on the companies and me, and then move to wight leuk

[23.11.2017, 19:13:35] Linda: It would be good if people learnt to respect the opinion of others and listen to it otherwise nothing will change for us.

[23.11.2017, 20:31:30] .: That's for sure.

[23.11.2017, 20:33:27] +7 965 - 7488888888 - : Fuck off here at my place

[23.11.2017, 20:33:40] +7 965 - 7488888888 - : There will be a reminder tomorrow)))

Plus he'll tell us when we're shipping. 99% of them will ship on Monday.

[24.11.2017, 11:59:23] Linda: Zelimkhan, what do you have?

[24.11.2017, 12:04:59] ... : Yvning of May Time!!!

[24.11.2017, 12:05:49] Linda: So well we wait for tonight.

[24.11.2017, 12:06:39] .: Mine are in passive, now Vladimir's people are in active

[24.11.2017, 12:07:13] Linda: Let's take the easier route.

[24.11.2017, 12:07:30] Linda: So what we agreed to in the bamba was not done.

[24.11.2017, 12:07:55] +7 965 - 74888888888 - : How fucked - up you are

[24.11.2017, 12:08:19] +7 965 - 74888888888 - : Don't look for the guilty , you are all to blame , figure out how to prevent the following situation

[24.11.2017, 12:09:01] .: I am for Vladimir's people, they confirmed, everything is normal. We do not have a task to fuck everyone up, there is a task to solve the issue in time and most effectively

[24.11.2017, 12:09:25] .: Mine are on back - up, everything is on, they're engaged

[24.11.2017, 12:10:53] Linda: I honestly don't care , I only care that you close the issue on Monday.

25.11.2017

[25.11.2017, 00:32:11] +7 965 - 7488888888 - : I will make sure that all letters are - sent.

[25.11.2017, 00:32:15] +7 965 - 7488888888 - : There will be a - meeting tomorrow

[25.11.2017, 09:36:02] Linda: You tell me what you've been told.

[25.11.2017, 11:52:02] Linda: Ask your people to scrub the internet wherever Zelimkhan is present

[25.11.2017, 11:52:06] Linda: G said

[25.11.2017, 12:03:05] Roman Shpakov: I will make you sad, but it is physically impossible.

[25.11.2017, 12:09:35] Linda: can you take Vova off the site too for a while ?

[25.11.2017, 12:09:36] Linda: So he wouldn't be there.

[25.11.2017, 12:11:00] Roman Shpakov: We can.

[25.11.2017, 12:11:22] Roman Shpakov: Zelim, remove Vova, and put someone in his place.

[25.11.2017, 12:29:27] Linda: Apollo and I want you to find out who's really behind this.

[25.11.2017, 12:32:52] +7 965 - 7488888888 - : You cackers

[25.11.2017, 12:33:13] +7 965 - 7488888888 - : Zelim is G

[25.11.2017, 12:33:36] +7 965 - 7488888888 - : Easy as fuck

[25.11.2017, 12:40:00] Linda: We think it's not a competitor, whoever did it is around or was around.

It is profitable for this man to remove one of us (more likely Roman) this man did cleverly, as a puppeteer, his name is probably nowhere to be found and he will not suffer but win.

Maybe he put Stepanov up to it, maybe she did, we don't know.

[25.11.2017, 12:41:12] +7 965 - 7488888888 - : This is svm

[25.11.2017, 12:46:01] Linda: No, it's not him.

[25.11.2017, 12:46:44] .: It's me, I set it up.

[25.11.2017, 12:47:00] .: Volodya has been removed from the corp site

[25.11.2017, 12:52:31] Linda: Thank you

[25.11.2017, 13:34:46] +7 965 - 7488888888 - : Straight anal - bleaching

[25.11.2017, 15:37:57] Roman Shpakov: Linda, we are doing well here. If possible, remove Zelim's name from the cusek's response to the Central Bank.

[25.11.2017, 15:41:20] Linda: I told G yesterday, he said he would try but it's a very small percentage.

I already told you, they've got a figure of 180 and they want to find the man who withdrew the DS.

[25.11.2017, 15:43:18] Linda: What exactly is working out for you?

[25.11.2017, 15:43:42] Roman Shpakov: That's not what they want. They want to tie these companies to the Russian Federation.

[25.11.2017, 15:43:59] Roman Shpakov: That's not your question right now.

[25.11.2017, 15:45:07] Linda: Of course it's mine. Everything that happens here depends on exactly what you're getting at

[25.11.2017, 15:47:40] Roman Shpakov: We are getting what you asked for. But I tell you to remove the last name and first name.

There was no 180, so it's a bluff. There's a goal to link RF and Cyprus. Through a shareholder you will do that. There's no need for that. Just remove the name.

[25.11.2017, 15:51:03] Linda: Why didn't you say that before??? How am I going to remove the name now? The letter went to the commission , meeting on Monday . There are a lot of people involved .

The Commission is now following procedure.

The name was not given out on the first enquiries, in now it is unrealistically hard.

[25.11.2017, 15:53:34] Roman Shpakov: Linda, we are not interested in your emotionality right now. You are told what you need to do if possible.

[25.11.2017, 16:17:47] Linda: If possible, I'll get it done

[25.11.2017, 16:17:54] Linda: I don't have emotionalism

[25.11.2017, 16:18:09] Roman Shpakov: Excellent!

[25.11.2017, 16:18:12] Roman Shpakov: Thank you.

[25.11.2017, 16:18:20] Roman Shpakov: You are a big well done!

[25.11.2017, 16:18:41] Roman Shpakov: And if you do that, you'll be straight well done.

[25.11.2017, 16:18:58] Roman Shpakov: And then you get the head of the guilty))))

[25.11.2017, 16:21:11] Linda: The problem with all of this is that you're my weak spot.

[25.11.2017, 16:21:14] Linda: I got it.

[25.11.2017, 16:21:20] Linda: I'll try to make one

[25.11.2017, 16:21:25] Roman Shpakov: Ufff

[25.11.2017, 16:21:34] Roman Shpakov: How passionate that sounds

[25.11.2017, 16:21:45] Roman Shpakov: We thought Dima was your weak spot

[25.11.2017, 16:22:17] Linda: They are different things

[25.11.2017, 16:27:40] +7 965 - 7488888888 - : Personal grade heroin 😂😂😂😂

[25.11.2017, 16:28:00] Roman Shpakov: That's what all the chicks say 😂😂😂😂

[25.11.2017, 16:28:49] Linda: I'm kind of your junior partner.

[25.11.2017, 16:29:05] Roman Shpakov: Submissive

[25.11.2017, 16:29:10] Roman Shpakov: 🙄

[25.11.2017, 16:30:36] Roman Shpakov: Actually, if the cusec will answer for a couple more weeks, also an option 🙄

[25.11.2017, 16:30:53] Roman Shpakov: So we know the source of the questions.

[25.11.2017, 16:31:58] Linda: They're not going to respond for a couple of weeks. They're already on the final frontier.

[25.11.2017, 16:41:28] Roman Shpakov: Everyone is tired))))

[25.11.2017, 16:43:58] Linda: When this story is over I'm going to go away for a week somewhere far away and switch off my phone

[25.11.2017, 16:50:43] Roman Shpakov: Vanuatu?

[25.11.2017, 16:56:35] Linda: No, that's where we will all go together if the issue is not resolved.

[25.11.2017, 16:56:35] Linda: I want to go to Tibet

[25.11.2017, 17:00:44] Roman Shpakov: Let's go to Vanuatu. We will open a bank.

[25.11.2017, 17:05:45] Linda: no image available

[25.11.2017, 17:05:48] Linda: Here we go

[25.11.2017, 17:06:03] Linda: Was just discussing this topic this morning

[25.11.2017, 17:07:10] Roman Shpakov: God himself commanded....

[25.11.2017, 17:38:36] +7 965 - 7488888888 - : no image available

[25.11.2017, 18:25:19] Linda: no image available

[25.11.2017, 18:39:46] Roman Shpakov: 4 seasons

[25.11.2017, 18:43:51] Linda: Bingo

[25.11.2017, 18:48:32] Roman Shpakov: Greg's place

[25.11.2017, 18:49:38] +7 965 - 7488888888 - : no image available

[25.11.2017, 18:49:53] +7 965 - 748888888888 - : And where is that ?

[25.11.2017, 18:50:18] Linda: Bingo)

[25.11.2017, 18:52:16] Roman Shpakov: Metropolis?

[25.11.2017, 18:52:38] Roman Shpakov: Greg's abode, to be more precise.

[25.11.2017, 18:56:07] +7 965 - 7488888888 - : Handsome man

[25.11.2017, 18:56:26] +7 965 - 748888888888 - : Although there are not so many shopping centres so mediocely made

[25.11.2017, 18:56:40] Roman Shpakov: I have not been there for 3 years. Glass passages.

[25.11.2017, 18:57:03] Roman Shpakov: One of the most sensible shopping centre. Place cosmos as it turned out

[25.11.2017, 19:00:32] +7 965 - 748888888888 - : The place is cosmos , and yourself 🤖

[25.11.2017, 20:22:21] Linda: Vov

[25.11.2017, 20:22:26] Linda: Any news?

[25.11.2017, 22:21:49] +7 965 - 7488888888 - : no image available

26.11.2017

[26.11.2017, 00:43:30] Linda: Vova, confirm, I have the following for you

If on Monday the commission says Zelimkhan's name to your Central Bank, then the enquiries to Cyprus will continue. The man who is helping us has been informed that you will close the matter by Monday and this is what he passed on to her.

If the issue in RF is not closed, the situation will develop differently for all of us.

If we don't close the issue in Russia, it will mean for him that we have violated our agreements with him. Zelimkhan also told him on the phone that he would close the issue by Monday.

[26.11.2017, 09:07:04] Linda: Vova?

[26.11.2017, 12:17:17] Linda: Vova, answer please I have to go to Limassol, we were all asked to come there after the information you gave me yesterday.

[26.11.2017, 15:09:16] +7 965 - 7488888 - : A?

[26.11.2017, 15:14:21] +7 965 - 748888888888 - : Linda, today is a day off. What are you waiting for? - I've coordinated with people to take action.

[26.11.2017, 15:17:04] Linda: Confirm to me that on Monday if the Commission tells your Central Bank the name of Zelimkhan, the questions to Cyprus will continue.

[26.11.2017, 15:17:16] Linda: I have no days off because of this story

[26.11.2017, 15:18:44] Linda: I need confirmation from you of the information you told me on the phone yesterday.

[26.11.2017, 15:19:25] Linda: The issue is not closed with the Central Bank

[26.11.2017, 15:45:32] Roman Shpakov: Linda, the only closure will be a letter, to close the issue. People are doing that.

Second, remember, having information is better than the illusory world someone promised you.

One last thing: don't throw rocks on the water, they leave circles.

[26.11.2017, 15:45:54] +7 965 - 748888888888 - : You want me to do miracles, do you too.

[26.11.2017, 15:48:38] Linda: Vova, I am not asking for miracles.

You said yourself we'll close the matter by Monday.

Zelimkhan personally confirmed this to the man on the phone.

Asked him for a couple of days' grace.

[26.11.2017, 15:50:28] Roman Shpakov: Oooh! Now manipulating the regulator is no miracle. Phew.

Linda, close everything tomorrow in Cyprus, why are we wasting time?))

[26.11.2017, 15:50:45] Roman Shpakov: A bunch of correspondence created like a club of wankers.

[26.11.2017, 15:51:00] Roman Shpakov: I propose to conclude the discussion for today.

[26.11.2017, 15:51:46] Linda: Roman, I'm not throwing stones in the water.

At this point, we have not fulfilled our communications to the partners.

[26.11.2017, 15:52:12] Linda: I've closed the question

[26.11.2017, 15:52:17] Linda: And we made a miracle.

[26.11.2017, 15:52:36] Roman Shpakov: Well done. Now it's our turn 🙄

[26.11.2017, 15:54:18] +7 965 - 7488888 - : +

[26.11.2017, 15:56:41] Linda:)))) understandable. We are doing well. Really what am I worried about.

[26.11.2017, 15:57:57] Roman Shpakov: Linda, we can shit ourselves with fear, realising the complexity of the situation, but all we will get is dirty shitty trousers.

[26.11.2017, 15:58:39] Roman Shpakov: Everyone understands everything. Someone lamba I have already bought.

[26.11.2017, 16:08:25] Linda: I'll say the last ones and I won't say anything else. The time will come you will remember my words.

It should have been handled through Zelimkhan's men two weeks ago.

What we will get now is shit our trousers, because after the Central Bank responds again to Cyprus we can shit our trousers or get fucked in the arse there will be no solution.

Have a good weekend.

[26.11.2017, 16:11:24] +7 965 - 7488888888 - : no image available

[26.11.2017, 16:11:53] +7 965 - 748888888888 - : Zelimkhan's people also decide

[26.11.2017, 16:12:02] +7 965 - 748888888888 - : That's why rv said he gave lambos - already

[26.11.2017, 16:16:47] +7 965 - 748888888888 - : Too bad not me)))

[26.11.2017, 16:16:52] Linda: Vov. Let's enjoy the weekend. We don't have many of them left. It's a pity that none of you listened to Istria guys with whom G worked.

[26.11.2017, 16:18:36] Roman Shpakov: It's a shame that you thought we decided to risk everything for the sake of poking you.

[26.11.2017, 16:25:29] Linda: I get out of the car, I don't go to Limassol, I go for a walk in the park with Nicole.

Zeliman, if you are reading this correspondence, get your people involved to close the issue. Try to convince Roman, in case he hears you.

[26.11.2017, 17:06:44] .: We have all agreed on actions, Vladimir keeps the situation under control, his people are ready to act, if there is a need for assistance - let's give it, everyone is interested in the result. In any case today is a day off, we'll move on tomorrow

[26.11.2017, 17:34:02] +7 965 - 7488888888 - : Call - me back

[26.11.2017, 17:42:38] Linda: I'm with Nick, I'll dial in 15 mins.

[26.11.2017, 18:07:16] Linda: I'm calling can't reach you.

[26.11.2017, 18:15:35] +7 965 - 7488888888 - : no image available

[26.11.2017, 22:52:45] Linda: No, that's not what we agreed in bamba. You're the one who's already overplayed it without me.

We agreed that your men would go all out.

Then I was put to the fact that the matter would be dealt with in another way

I won't keep quiet anymore, we agreed to do through your people to the fullest, we have to follow what we agreed.

I don't enjoy writing the same thing to you 10 times a day.

[26.11.2017, 22:57:51] +7 965 - 748888888888 - : We agreed to wait.

[26.11.2017, 23:13:47] Linda:))) well, well.

[26.11.2017, 23:27:38] Linda: Don't spit in the well, it will come in handy to drink water.

Let's keep this expression in mind when the request from the Central Bank comes again and how Cyprus will react to it.

[26.11.2017, 23:28:26] Roman Shpakov: Ok

27.11.2017

[27.11.2017, 09:19:40] +7 965 - 7488888888 - : Will the letter go out today ?

[27.11.2017, 09:22:45] Roman Shpakov: According to Linda's guess, yes.

[27.11.2017, 09:23:02] +7 965 - 7488888888 - : The draft letter has arrived

[27.11.2017, 09:23:25] Roman Shpakov: Cyprus will first consult, then draft a letter, then send it.

[27.11.2017, 09:23:59] Roman Shpakov: Zelim, Krupsky finished.

[27.11.2017, 09:24:18] Linda: I'm tired.

[27.11.2017, 09:24:41] Roman Shpakov: What's in it for us.

[27.11.2017, 09:27:04] Linda: No need to throw stones in the water.

[27.11.2017, 09:27:17] Roman Shpakov: I see

[27.11.2017, 09:27:49] Roman Shpakov: Linda, as an adequate interlocutor we have lost.

[27.11.2017, 09:28:29] Roman Shpakov: Vov, write Apo

[27.11.2017, 09:28:53] Linda: I have no guesses, I say what I know. And because I don't agree with what's going on you start attacking me.

[27.11.2017, 09:31:01] Roman Shpakov: Linda, there is a solution to the issue. You are required to assist. Gather your strength and reach the path to the end. Vladimir requires from you information, give it to him.

[27.11.2017, 09:31:23] Linda: I'll give it my all

[27.11.2017, 09:31:27] Linda: We have 8.31.

[27.11.2017, 09:31:32] Linda: At 9 board.

[27.11.2017, 09:32:10] Roman Shpakov: Excellent. Immediately after the info to Vladimir.

[27.11.2017, 09:32:26] Roman Shpakov: I wish everyone a good week.

[27.11.2017, 11:19:36] +7 965 - 7488888888 - : Any news ?

[27.11.2017, 11:20:05] Linda: No.

[27.11.2017, 11:21:10] Linda: Am I correct in confirming to Greg that we do not have 100% certainty that the Central Bank will no longer respond with a request for Cyprus?

[27.11.2017, 11:29:49] Linda: ?

[27.11.2017, 11:31:22] Roman Shpakov: Look at the TV series Billions. There about 100% certainty.

[27.11.2017, 11:35:17] Linda: Roman, I need to give an answer to the person who asked me and Apollo a question today.

[27.11.2017, 11:36:21] Linda: He wants to understand how to proceed with our case.

[27.11.2017, 11:36:44] +7 965 - 7488888888 - : Board is not over ?

[27.11.2017, 11:37:39] +7 965 - 74888888888 - : I d said, if the answer from Cyprus will come reasonable, not from the series that the turnover was 180kk and lived pyramid, there will be no letters.

[27.11.2017, 11:38:17] Linda: I don't know. I have to give him the information. He said to give him answers to questions from back on Sunday.

[27.11.2017, 11:38:31] Linda: 😂😂😂😂 Vova

[27.11.2017, 11:38:41] Linda: If the answer comes like this from Cyprus.

[27.11.2017, 11:38:52] Linda: I will no longer be in Cyprus at this point in time

[27.11.2017, 11:39:07] +7 965 - 74888888888 - : Well then we understand each other ?!

[27.11.2017, 11:40:09] Linda: No, you don't get it. Zelimkhan asked G, a couple of days of delay and that the issue with the Central Bank would be closed. I don't know if you were at that conversation.

[27.11.2017, 11:41:14] Linda: That one agreed and said will help. We gave very superficial information to our board and I was sending our response.

[27.11.2017, 11:42:22] Linda: If he doesn't have an understanding now that the issue with the Central Bank is closed I don't know and I can't guarantee that our response will be accepted and they won't come to us with an investigation.

[27.11.2017, 11:42:55] Linda: That's one of the reasons why I'm so nervous.

[27.11.2017, 11:44:29] Roman Shpakov: Linda, our people are very eager to give a 100% guarantee, in fact they give it, in principle, they are the only ones who can give it. But 100% guarantee is like a perpetual motion machine, it does not exist.

[27.11.2017, 11:50:12] Linda: Roman, I understand everything. But you also understand me. I don't know how the situation is going to unfold right now. We told him that we will close the issue and we guarantee it. On Saturday, we got different information. So now he's asking, what's going on in Russia? Zelimkhan told him that we will close the issue, he accepted these words and did not doubt them until we told him that if we give out Zelimkhan's name, the enquiries may continue.

Because I'm more than sure if we say we don't know if we'll close the question or not, the situation is unpredictable now.

And you certainly don't want to cheat him.

[27.11.2017, 11:50:45] +7 965 - 74888888888 - : I asked on Saturday to write in the letter sent things and after that I guarantee it

[27.11.2017, 11:52:17] Linda: ((Vov, come on, it's so hard. We are walking on thin ice here and one wrong step and that's it.

We all passed on not to give Zelimkhan's name. The question is whether people can do it.

[27.11.2017, 11:52:30] Linda: This information came in on Saturday night

[27.11.2017, 11:52:42] Linda: It's not like she's alone on this board.

[27.11.2017, 11:53:07] Roman Shpakov: The sun is our favourite, we don't have an autobahn here either, you know.

[27.11.2017, 11:53:45] Linda: For the first time in my life, I don't know what to do.

[27.11.2017, 11:53:59] Roman Shpakov: Why all of a sudden?

[27.11.2017, 11:54:09] Linda: Definitely don't mess with him

[27.11.2017, 11:54:36] Linda: To tell him that you know we don't know here is also not clear what will happen

[27.11.2017, 11:55:42] Roman Shpakov: Of course. The answer should be:

Oh, they've taken on the issue. They guarantee to close the issue in full if the extra is not written from Cyprus. The possibility that it could come from unexpected places is minimal.

[27.11.2017, 12:00:40] Linda: I already said that(to which I , let me finish and said, thank you for the tales of Shehirizada .

Are you going to bury the question or not.

The agreement was that you would close him and your people confirmed it to me (my people are Zelimkhan) and that no one had told him before not to give Zelimkhan's name.

I've been writing to you for two days about this. And I'm in a panic right now that I'm gonna say something to him that he doesn't like and he's gonna say thank you, I get it.

[27.11.2017, 12:02:27] Roman Shpakov: Yes.

We know. We confirm. Please remove the name if possible.

You have to be careful, but honest with this man. Diplomacy is a thing.

[27.11.2017, 12:04:54] Linda: I'm glad you agree that you have to be honest with him, he doesn't forgive deception.

Now the question he asked, if they say Zelimaan's name, will the Central Bank respond as we asked? Thank you. Case closed.

[27.11.2017, 12:07:18] Roman Shpakov: Our people know the installation. Ideally, if there is no name.

[27.11.2017, 12:10:37] Linda: If it will. The Central Bank will answer all the case is closed? Or a new enquiry will come. I know why he's asking this, I hope you do too.

[27.11.2017, 12:40:22] Linda: Can I get an answer to his question?

[27.11.2017, 12:42:12] Roman Shpakov: They will answer correctly.

It's better not to have a name.

[27.11.2017, 12:42:19] Roman Shpakov: Final answer.

[28.11.2017, 19:26:48] .: The topic of deoffshorisation with the disclosure of Russian yubos is like bread and butter for everyone involved in the case, so the message with the absence of fios becomes even more relevant

[29.11.2017, 00:01:03] Linda: Well, we kind of know he's gone.

[29.11.2017, 00:01:13] +7 965 - 7488888888 - : I didn't tell them))))

[29.11.2017, 00:02:59] Linda: You didn't say about the IRS ?

[29.11.2017, 00:03:08] Linda: You didn't answer me.

[29.11.2017, 00:03:20] Linda: What does your Central Bank have to do with the tax office

[29.11.2017, 00:05:29] +7 965 - 7488888888 - : No

[29.11.2017, 00:05:31] +7 965 - 7488888888 - : He didn' - t

[29.11.2017, 00:05:52] Linda: Zelimkhan, you have what?

[29.11.2017, 00:05:59] Linda: You've disappeared altogether.

[29.11.2017, 00:06:10] Linda: 4/12 needs to be in Montenegro

[29.11.2017, 00:06:15] Linda: Then on to Belgrade.

[29.11.2017, 00:06:45] Linda: Then we have to stop by Armenia

[29.11.2017, 00:07:02] Linda: I don't know when exactly to Armenia

[29.11.2017, 00:10:49] Roman Shpakov: Zelim, with Kirill stop all communication.
Also, charge him half of the amount paid, leave the rest to him for the work done.

[29.11.2017, 00:11:57] Linda: That's for what!

[29.11.2017, 00:12:05] Linda: For making my signature.

[29.11.2017, 00:12:17] Linda: Or for falsifying documents

[29.11.2017, 00:12:47] Linda: I'm suing him.

[29.11.2017, 00:12:54] Linda: Write to the komerz bank

[29.11.2017, 00:13:20] Linda: It remains to be seen what he signed on behalf of the company.

[29.11.2017, 00:14:57] Roman Shpakov: Linda, this is a separate case. Let's go without emotions. For now, just separate peacefully.

[29.11.2017, 00:22:48] Linda: Roman, he did nothing. Other than doctored documents, forged my signature, used the name vpard, and rubbished me with bullshit that we would open bank accounts without yubo information.

I need to get these forms fake.

They're crooks. Alice the fox and Basilio the cat.

I told you about that, by the way.

And you yelled at me for some parsley.

[29.11.2017, 00:28:24] +7 965 - 7488888888 - : Can we go without a showdown today ?

[29.11.2017, 00:28:27] +7 965 - 7488888888 - : Not today

[29.11.2017, 00:28:30] +7 965 - 7488888888 - : You're welcome

[29.11.2017, 00:47:04] Linda: Zelimkhan

[29.11.2017, 00:47:16] Linda: Where are you?

[29.11.2017, 00:59:58] +7 965 - 748888888888 - : He's been asleep for a long time

[29.11.2017, 01:06:00] Linda: He's hiding somewhere.

[29.11.2017, 01:21:38] +7 965 - 7488888888 - : Sleeping

[29.11.2017, 01:21:57] Linda: All of you are asleep

[29.11.2017, 01:22:02] Linda: The old ones have become

[29.11.2017, 01:22:39] +7 965 - 74888888 - : 😞

[29.11.2017, 01:25:26] Linda: Okay, none of your business)

[29.11.2017, 01:26:13] Roman Shpakov: Linda, sleep.

[29.11.2017, 01:27:23] Linda: I'm sleeping, I'm sleeping.

[29.11.2017, 07:02:23] +7 965 - 748888888888 - : And so it is correct

[29.11.2017, 08:14:43] .: I'll cross paths with Kirill tomorrow, we'll discuss the dough and the run - up

[29.11.2017, 08:55:04] Linda: Hi.

[29.11.2017, 08:55:07] Linda: Podgorica

TGD, Golubovci Arpt

[29.11.2017, 08:55:16] Linda: You're going to this airport

[29.11.2017, 08:55:47] Linda: There are two in Montenegro, 4/12 you have to fly into this airport

[29.11.2017, 08:59:23] Linda: And get your hands on fake forms, if you can ask for copies. And please ask for the specific branch where the account was supposedly opened, Ali will write there tomorrow

[29.11.2017, 09:47:35] .: Forms they will not give, it is if we accept the account, and here is not. About the branch I will ask for sure

[29.11.2017, 09:48:21] Linda: Well, let them keep them as a souvenir. Ali is writing a formal letter to the bank's compliance tomorrow

[29.11.2017, 09:58:54] Linda: And I have a question. When Apo told you that the person in question was a crook and not to send him the docs, and you sent them anyway behind his back, did the documents sent include the capital and yubo trust?

[29.11.2017, 10:16:11] .: Besides you, did anyone correspond with him on the documents?

[29.11.2017, 10:16:16] .: I don't)

[29.11.2017, 10:17:06] .: As you and he discussed on the docks what he had and what he didn't have, it's stayed that way since then

[29.11.2017, 10:17:55] Linda: I didn't give him any documents. I wrote to him regarding the account requirements (I was forced to).

[29.11.2017, 10:18:08] Linda: And he told me you gave him the capital docs.

[29.11.2017, 10:24:07] Roman Shpakov: Colleagues, we will discuss this with the three of us and later.

[29.11.2017, 10:26:19] Linda: Okay not the point who is right who is to blame.

We should learn to listen to each other's opinions. We trust them for some reason, but to our partners we say you are fools and don't know anything.

Then we have problems because of strangers and we start blaming each other and again solve the problems we created.

[29.11.2017, 10:27:49] Roman Shpakov: Ok

[29.11.2017, 13:22:56] +7 965 - 7488888888 - : Who has what news ?

[29.11.2017, 13:26:09] Linda: I don't have any, we're waiting.

[29.11.2017, 15:48:40] Linda: I'm going to G's

[29.11.2017, 15:48:43] Linda: A question for you.

[29.11.2017, 15:49:21] Linda: You resolve the issue this way on the CB not through QBF's staff

[29.11.2017, 15:49:28] Linda: And through other people.

[29.11.2017, 15:49:32] Linda: Right?

[29.11.2017, 15:50:21] Linda: He asked me that question and I'm asking you that question

[29.11.2017, 15:50:57] Linda: You've hooked up high profile people to shut down the issue

[29.11.2017, 15:51:05] +7 965 - 7488888888 - : Through which employees ?

[29.11.2017, 15:51:21] Linda: I don't know through which ones.

[29.11.2017, 15:51:28] Linda: I'm asking you.

[29.11.2017, 15:53:21] .: We decide through Avetis

[29.11.2017, 15:53:40] .: He has strong contacts all over the place

[29.11.2017, 15:54:00] Linda: Are you normal?

[29.11.2017, 15:54:15] Linda: Are you serious?

[29.11.2017, 15:54:24] .: Roman said via Avetis to decide

[29.11.2017, 15:54:42] Linda: Zelimkhan

[29.11.2017, 15:54:56] +7 965 - 7488888888 - : Well, if he knows - everyone.

[29.11.2017, 15:55:04] Linda: So I'm off for a drink.

[29.11.2017, 16:08:14] Linda: I will then go to solve our issue through the woman who cleans our office she has connections in the regulator.

[29.11.2017, 16:10:39] +7 965 - 7488888888 - : Cleaning Director?

[29.11.2017, 16:12:23] Linda: No, photocopy director

[29.11.2017, 16:12:46] Linda: I understand that you are young and not serious, but not to such an extent.

[29.11.2017, 21:33:19] Linda: We didn't have any inspection . We were just sent letters and told to give a response . We didn't even respond to it in full .

[29.11.2017, 21:35:11] Linda: They had a board with a certain number of people. Somehow decided that helmet like this. There was a question people then why we were fucked in the brain here with their messages and accusations

[29.11.2017, 21:50:05] Roman Shpakov: We have a check until pnd. Will send with this content, it will be Super!!!) you will resume the 3 - week cycle.

[29.11.2017, 21:55:33] Linda: Roman I told you the content a week ago.

[29.11.2017, 21:56:06] Linda: They added that on what grounds do you say that the company is conducting investment activities

[29.11.2017, 21:56:19] Linda: Plus Your Name

[29.11.2017, 21:56:46] Linda: Regarding your name, I said it should be removed at will

[29.11.2017, 21:56:51] Linda: I'll be told tomorrow morning.

[29.11.2017, 21:57:15] Linda: Paragraph - regarding immnvest activities not to be removed

[29.11.2017, 21:57:24] Linda: It's a standard question

[29.11.2017, 21:57:30] Roman Shpakov: They will send you the contract too

[29.11.2017, 21:57:38] Roman Shpakov: Trustworthiness

[29.11.2017, 21:58:02] Linda: Once again, it's your name

[29.11.2017, 21:58:07] Roman Shpakov: With access to the securities market)))

[29.11.2017, 21:58:12] Linda: It should be removed

[29.11.2017, 21:58:25] Linda: I want to die here.

[29.11.2017, 21:58:39] Linda: But with investment activity.

[29.11.2017, 21:58:48] Linda: I don't fuckin' know what to do.

[29.11.2017, 21:59:19] Linda: This is what others are asking to add

[29.11.2017, 21:59:46] Roman Shpakov: And you don't need to ask for proof. It's like asking Vova to show his dick, he will.

[29.11.2017, 22:01:39] Linda: Roman, how can you imagine when they are flooded with letters and accusations, they are told we have carried out brining, go fuck yourself and on what basis do you fuck with us

[29.11.2017, 22:03:54] +7 965 - 7488888888 - : Well at least someone is fucking around -)))

[29.11.2017, 22:04:19] Roman Shpakov: I have voiced the risks.

[29.11.2017, 22:09:50] +7 965 - 7488888888 - : When dick show ?))

[29.11.2017, 22:10:45] Linda: Jesus, it's not for you.

[29.11.2017, 22:12:31] Linda: That sentence is not going to be removed.

[29.11.2017, 22:25:38] +7 965 - 7488888888 - : Fucking - awesome

[29.11.2017, 22:25:40] +7 965 - 7488888888 - : That's it

[29.11.2017, 22:26:42] Linda: Right

[29.11.2017, 22:26:46] Linda: Here's what's going to happen

[29.11.2017, 22:26:52] Linda: A second to quote

[29.11.2017, 22:27:37] Linda: Please note if you want to clarify anything further please provide us with the proof

[29.11.2017, 22:27:46] Linda: Here's what it will say

[29.11.2017, 22:27:54] Linda: Without Roman.

[29.11.2017, 22:28:13] Linda: Without proving that investment activity

[29.11.2017, 22:29:36] Roman Shpakov: Provide us the proof... - prove

[29.11.2017, 22:33:03] Linda: No, if you still write us send us proof ,

[29.11.2017, 22:33:08] Linda: That's what it means

[29.11.2017, 22:33:31] .: Yep. The last couple of words negate the whole answer

[29.11.2017, 22:33:44] .: It turns out this is a request for a reply letter from the rf

[29.11.2017, 22:34:00] +7 965 - 7488888888 - : Linda

[29.11.2017, 22:34:18] +7 965 - 7488888888 - : What happens if they get power of attorney for RV?

[29.11.2017, 22:34:59] Linda: Vova

[29.11.2017, 22:36:08] Roman Shpakov: They will send.

[29.11.2017, 22:37:12] Linda: It's a standard sentence in a letter between regulators. She confirmed

[29.11.2017, 22:38:27] Linda: Zoran said if you've sorted everything out nothing will be sent.

[29.11.2017, 22:39:57] Roman Shpakov: Let's flip a coin)

[29.11.2017, 22:41:09] Linda: If they send it means the issue has not been closed. That's what people have said

[29.11.2017, 22:41:24] Linda: How did you want it?

[29.11.2017, 22:41:30] Linda: Yes they send requests

[29.11.2017, 22:41:44] Linda: The response from us is a letter to the lawyer.

[29.11.2017, 22:41:52] Linda: And ALL.

[29.11.2017, 22:42:07] Linda: That's why they said close the issue in RF

[29.11.2017, 22:42:26] Linda: If they send it, it'll be fucked.

[29.11.2017, 22:43:09] Linda: 'Here.

[29.11.2017, 22:46:03] Linda: Quote - you will become famous throughout Europe and RF" scandal will be very big. Dokverka on Roman people can not send if in the RF issue is closed.

[29.11.2017, 23:26:28] Linda: I told Vova.

[29.11.2017, 23:26:39] Linda: The decision here has been made

[29.11.2017, 23:28:47] Roman Shpakov: From the heart

[29.11.2017, 23:58:24] Linda: Approved

[29.11.2017, 23:59:04] Linda: Ettore challenge, it's about the treaty between the two countries

[29.11.2017, 23:59:23] Linda: One country has been blaming another for almost 2 months now

01.12.2017

[01.12.2017, 00:07:27] Linda: I was told that these people were asking customers today if they were getting their withdrawals on time

[01.12.2017, 00:07:31] Linda: Is that true?

[01.12.2017, 00:07:38] Roman Shpakov: No

[01.12.2017, 00:08:18] Roman Shpakov: And who told you such a thing?

[01.12.2017, 00:09:07] Linda: I can't say. I gave my word not to say

[01.12.2017, 00:09:26] .: That's bullshit, there was a passing phrase to a passing customer

[01.12.2017, 00:09:39] Roman Shpakov: Linda, now is probably not the moment when you should keep your word.

[01.12.2017, 00:09:42] .: Heard Sobolev, Avetis and a few other people

[01.12.2017, 00:09:48] Roman Shpakov: What is the phrase?

[01.12.2017, 00:09:52] .: The client's response was positive that everything is ok

[01.12.2017, 00:10:15] .: Do they pay you money?

[01.12.2017, 00:10:19] .: This is the one

[01.12.2017, 00:10:23] Linda: Yes

[01.12.2017, 00:10:29] Linda: That's what I was told.

[01.12.2017, 00:10:46] .: Then everyone around the office started bitching about it, like the client blew off the cop

[01.12.2017, 00:10:56] Linda: But not the people who were standing there.

[01.12.2017, 00:11:09] Linda: I was told the other day.

[01.12.2017, 00:11:16] Roman Shpakov: Ok

[01.12.2017, 00:14:17] +7 965 - 7488888888 - : Complete nonsense

[01.12.2017, 00:14:43] Linda: Zelimkhan confirmed this is true

[01.12.2017, 00:15:16] Linda: But in a less distorted version that was brought to me.

[01.12.2017, 00:15:22] .: The situation is bullshit

[01.12.2017, 00:15:33] .: It's to this).

[01.12.2017, 00:18:48] Roman Shpakov: You better BO take tomorrow.

[01.12.2017, 00:22:51] Linda: Zelimkhan, I will stop any communication between your office and Constance employees. No one will answer letters or calls. It will be better for everyone, and please give me all the brochures as well.

[01.12.2017, 00:23:12] Linda: This client will be the death of me

[01.12.2017, 00:23:24] Linda: It's so hard to get him started

[01.12.2017, 00:25:37] +7 965 - 7488888888 - : I understand

[01.12.2017, 00:25:44] +7 965 - 748888888888 - : But you will be asked for an invoice for 15 in the - morning

[01.12.2017, 01:31:35] Linda: We have a phrase written on the wall in our office

The darkest hour before dawn

[01.12.2017, 01:31:44] Linda: It was told to me by someone.

[01.12.2017, 01:31:52] Linda: It's very memorable

[01.12.2017, 01:32:16] Linda: And when I'm scared, I say it.

[01.12.2017, 01:32:33] Roman Shpakov: We're all waiting to see where the dawn is.

[01.12.2017, 01:37:53] Linda: When an important event in life comes, you have to pass some kind of test, sometimes very hard, and everything depends on how you pass it.

If it passes and you've managed it, then wait for the dawn.

[01.12.2017, 01:38:04] Linda: That's a phrase you said to me.

[01.12.2017, 01:38:28] Linda: When I was really scared and worried.

[01.12.2017, 01:39:49] Roman Shpakov: We are waiting)

[01.12.2017, 16:24:24] Linda: The investigation has begun again.

[01.12.2017, 16:24:35] Linda: And I flew to vanuatu.

[01.12.2017, 16:24:37] Roman Shpakov: Where?

[09.01.2018, 18:23:17] .: The letter with the docks is already with Apo

[09.01.2018, 18:24:04] Roman Shpakov: 18.12 was a meeting at which the terms were agreed. Close the question already.

[09.01.2018, 18:24:51] Linda: Stepanov has made certain demands , we need the names of his lawyers.

[09.01.2018, 18:25:24] Roman Shpakov: Finish the document.

[09.01.2018, 18:25:38] Roman Shpakov: Zelim, from you the name of his representative in Cyprus.

[09.01.2018, 18:27:03] .: Mm - hmm, as soon as the docks are agreed, we'll know right away

[09.01.2018, 18:28:18] Linda: Haris won't agree a document, and terms without lawyers named

[09.01.2018, 18:28:58] Linda: The agreement must be signed by authorised persons as required by law:

- notarisation of the signature of an authorised person of QCCI under the supervision of Stepanov Cyprus Lawyers. Contacts of lawyers and notary will be given after we agree the agreement for signature.

The requirement for an apostille (after notarisation) was also verbally indicated

[09.01.2018, 18:29:50] Roman Shpakov: Logical.

[09.01.2018, 18:32:59] Linda: Defining in the agreement the nature of the money transferred from QCCI to Stepanov S.V., namely:

- 2 500 000 (two million five hundred thousand) US dollars - refund of the amount of money actually paid by Sergey Vitalievich Stepanov to QB Capital CY LTD;
- 300,892 (three hundred thousand eight hundred ninety - two) US dollars 39 (thirty - nine) cents and 118,298 (one hundred eighteen thousand two hundred ninety - eight) euros - the amount of interest for the use of Stepanov's funds and forfeit for late repayment of funds to Stepanov Sergey Vitalievich agreed by the Parties

[09.01.2018, 18:33:55] Linda: This no one will sign - it is to admit that the company was conducting a complete inefficiency, plus violating laws

[09.01.2018, 18:34:40] Roman Shpakov: Colleagues, make up what you are ready to sign.

[09.01.2018, 18:34:54] .: Change the wording so that it fits. If we disagree, we need to offer our own version

[09.01.2018, 18:35:43] Linda: I sent it to her

[09.01.2018, 18:39:06] Linda: Zelimkhan, I told both you and Eugenia, the company do not sign that Stepanov had a brokerage account or that Stepanov was returned to the DC from the investment, he is again planking on this and we go round and round in circles

[09.01.2018, 18:39:21] .: He sent this comment in addition. Try to incorporate it in a suitable wording

[09.01.2018, 18:39:38] Linda: Plus he wants an apostille, which is out of line.

[09.01.2018, 18:39:40] .: What won't be clear, you have to change it so it's ok, don't just say no and that's it

[09.01.2018, 18:43:51] Linda: We still don't have a lawyers name.

No lawyer would negotiate important documents in a "let's make it quick" kind of way.

Give me the name of the lawyers again, no one will put the apostrel in the same way.

[09.01.2018, 18:47:26] Roman Shpakov: Zelim, go find out the name of the lawyer.

[09.01.2018, 18:55:13] .: I'll give him a challenge.

[09.01.2018, 18:56:01] Roman Shpakov: Ok

[09.01.2018, 19:06:58] .: Apostille no, but notarisation ok?

[09.01.2018, 19:10:32] Linda: Signature and company seal, we do not practice notarisation of signatures.

[09.01.2018, 19:11:46] .: Not practising this is understandable, but is it generally possible? Without an apostille if.

[09.01.2018, 19:14:18] Linda: Signature of the authorised person and the company seal.

How about a fingerprint and a blood signature?!

[09.01.2018, 19:15:44] .: It can be offered, if he is not satisfied, he will also raise a ruckus in Cyprus

[09.01.2018, 19:16:53] Linda: Don't bully me. It's not working well for me.

[09.01.2018, 19:18:37] .: That's what the letter says, I didn't make that up

[09.01.2018, 19:34:32] Linda: So he can burn in hell.

10.01.2018

[10.01.2018, 00:02:04] Linda: Were you able to get the name of the lawyers?

Also, who will sign on his end?

Signing the document he wants and specifying in the letter is tantamount to a headshot.

It didn't suit him because he can't do anything with this agreement afterwards.

And by signing the contract he wants means that the company itself admits that it conducts illegal activities, withholds customers' money plus discloses all banks where it has accounts.

[10.01.2018, 00:02:36] Linda: Also if he wants the signatories to be you why would this contract be signed in Cyprus and in front of lawyers?

[10.01.2018, 00:04:23] Linda: There is a law that says if any professional is aware that company is providing illegal or unlicensed activities in the republic they need to inform authorities or they will bear a fine.

[10.01.2018, 00:04:59] Roman Shpakov: He is not against zelim signing by the way.

[10.01.2018, 00:05:18] Linda: That means his lawyers this agreement then send it to our regulator and at that point I don't even know what happens

[10.01.2018, 00:05:23] Roman Shpakov: And it's not like he's against termination. Just taking into account his edits

[10.01.2018, 00:05:36] Linda: And he'll say I didn't know anything, they did.

[10.01.2018, 00:06:03] Linda: And they'll say it's our duty under the law.

[10.01.2018, 00:06:31] Linda: His edits and there is a very clever thing that will pull us down

[10.01.2018, 00:06:38] Linda: He knows what he's doing.

[10.01.2018, 00:06:51] Linda: I just read them again just now

[10.01.2018, 00:10:18] Linda: 5) To seek, with the help of Cyprus lawyers, the disclosure of more detailed information about QCCI LTD (QB Capital CY LTD) relating to the money I have invested, including information about transactions, beneficiaries, and other information.

Cyprus lawyers have now done only part of the legal actions against QCCI (QB Capital CY LTD): they have established that it did not have a CySEC licence, that it did not file accounts, and that it was not at its registered office.

[10.01.2018, 00:10:33] Linda: This is where he's bluffing or his lawyers aren't very good.

[10.01.2018, 00:10:53] Linda: The company has filed reports and our regulator has them already

[10.01.2018, 00:12:36] Linda: The company has a registered address and by law it is not required to be located or have an office at that address .

[10.01.2018, 00:13:14] Roman Shpakov: Linda, prepare a document. You don't need to prove us right. Do what you think is right.

[10.01.2018, 00:13:47] Linda: I want to consult with you.

[10.01.2018, 00:13:56] Linda: This man is a nutcase

[10.01.2018, 00:14:34] Linda: If we make concessions to him he will then use it against us, there is no logic in his actions

[10.01.2018, 00:15:03] Linda: He wants Zelimkhan to sign the document

[10.01.2018, 00:15:15] Linda: So we need to be brought to Cyprus by Zelimkhan then

[10.01.2018, 00:15:21] Linda: And get the name of the lawyers

[10.01.2018, 00:15:45] Linda: "To us

[10.01.2018, 00:16:17] +7 965 - 7488888888 - : I don't think lawyers don't autumn.

[10.01.2018, 00:16:44] Linda: If it's Stepanov's lawyers they're not great

[10.01.2018, 00:16:55] Linda: These are not Russian lawyers

[10.01.2018, 00:57:36] +7 965 - 74888888888 - : Want to check ?

[10.01.2018, 01:37:21] Linda: 1. Why didn't the Central Bank reply to our regulator that the case was closed, even though that was our basic agreement

2. Why will the Central Bank make it more expensive to touch our regulator?

[10.01.2018, 01:40:34] Roman Shpakov: 1. Our main agreement is sitting in jail right now.

2. Because you haven't provided us with a single letter from our DH for us to charge people. They're saying it's complete rubbish.

Good night.

[10.01.2018, 01:47:17] Linda: 1. I don't know who's in jail but I didn't make a deal with whoever is in jail that they would write to our regulator

2 within two days we will receive a letter from the committee investigating this case and they don't need this story in any way.

And how can these letters be a game if your people with me confirmed the existence of letters plus if your Central Bank does not write us letters why should our regulator write us letters. They have better things to do.

[10.01.2018, 01:48:39] Roman Shpakov: Linda, wind up the last letter. We'll talk afterwards. Good night.

[10.01.2018, 21:06:38] Linda: no image available

[10.01.2018, 21:06:52] Linda: The letter arrived on 22/12.

[10.01.2018, 21:07:14] Linda: This one was seen on Monday.

[10.01.2018, 21:07:22] Linda: CB sent a reply 22

[10.01.2018, 21:08:53] Linda: It was the last day when there was a deadline. instead of the cb's response that the case is closed, they sent that the case is not closed, that the company is conducting investment activity.

[10.01.2018, 21:17:12] Roman Shpakov: Prepare the necessary answers and put it all on the Board.

[10.01.2018, 21:19:34] Roman Shpakov: And we need a letter from the Central Bank, because it all smacks of bullshit.

[10.01.2018, 21:19:41] Roman Shpakov: Our man confirmed.

[10.01.2018, 21:24:14] Linda: Let's wait for the fines, plus personally problems I have so it doesn't give away the cunt. Let's do it this way.

I don't give a damn about this man, I know I was asked today where the letter from the Central Bank is that the case is closed. That's what we promised. That's what Vova promised.

I will not get a letter from the Central Bank, let your people get it, they have connections in the Central Bank, not me. I got our letters even though it is absolutely confidential information and Haris should not have disclosed it.

[10.01.2018, 21:25:00] Roman Shpakov: But our people say that they did not send letters.

[10.01.2018, 21:25:17] Linda: Roman

[10.01.2018, 21:25:19] Linda: 22

[10.01.2018, 21:25:20] Linda: The Letter

[10.01.2018, 21:25:23] Linda: Sent.

[10.01.2018, 21:25:29] Linda: Not the same as usual.

[10.01.2018, 21:25:33] Linda: Not 10 pages.

[10.01.2018, 21:25:39] Roman Shpakov: Which one?

[10.01.2018, 21:25:45] Linda: Notification

[10.01.2018, 21:25:57] Roman Shpakov: So and dopizda.

[10.01.2018, 21:26:02] Linda: That the information is not enough

[10.01.2018, 21:26:14] Linda: That the company is conducting investing activities

[10.01.2018, 21:26:14] Roman Shpakov: Ok

[10.01.2018, 21:26:17] Roman Shpakov: Ok

[10.01.2018, 21:26:25] Roman Shpakov: We heard you.

[10.01.2018, 21:28:21] Linda: I know I've been heard.

[10.01.2018, 21:28:36] Linda: The most important thing is that those people who need to be will not be hurt.

[10.01.2018, 21:28:50] Linda: And those who don't like Cyprus and all that is here I think are very happy with it

[10.01.2018, 21:29:34] Roman Shpakov: Ok

30.07.2018

[30.07.2018, 15:16:03] Roman Shpakov: Linda, what about the bills for Vladimir's client?

[30.07.2018, 15:17:47] +7 965 - 748888888888 - : I asked them on Friday to expedite them, I think she will try to do her - best from her

[30.07.2018, 15:26:23] Linda: RV, anything I can do I will do, thank you.

[30.07.2018, 15:35:00] Linda: Who are the director and shareholder of Advisory ?

[30.07.2018, 15:50:33] Linda: no image available

[30.07.2018, 15:50:48] Linda: Who is the ultimate shareholder, who is the director

[30.07.2018, 15:51:10] Linda: Zelimkhan?

[30.07.2018, 15:53:47] Roman Shpakov: Me

[30.07.2018, 15:53:56] Roman Shpakov: In six days it will not be me.

[30.07.2018, 15:54:19] Linda: What are you?

[30.07.2018, 15:54:23] Linda: On your own are you?

[30.07.2018, 15:54:46] Linda: Roman

[30.07.2018, 15:55:17] Roman Shpakov: Through AO.

[30.07.2018, 15:56:10] Linda: Who is the owner of the JSC?

[30.07.2018, 15:56:39] Roman Shpakov: Me

[30.07.2018, 15:57:09] Linda: This company is not on my list of your holdings.

[30.07.2018, 15:57:14] Linda: When was it created?

[30.07.2018, 15:57:54] Roman Shpakov: Add?)

[30.07.2018, 15:58:01] Roman Shpakov: Check with zhenya.

[30.07.2018, 15:58:25] Linda: And who gave you permission to put this company on you without approval?

[30.07.2018, 15:58:43] Roman Shpakov: Agreements with whom?

[30.07.2018, 15:59:19] Linda: With people who are looking at all of your structures and making sure that there are no consequences.

[30.07.2018, 16:01:43] Roman Shpakov: For rf structures you do not look

[30.07.2018, 16:02:33] Linda: Roman

[30.07.2018, 16:04:21] Linda: Anything that involves you RF or timbahtu we're watching.

The RF should have specified

1. Can I put you
2. What is the company's activity
3. The real question is why they put you there.

[30.07.2018, 16:04:38] Linda: What's on this company ? Is it empty ?

[30.07.2018, 16:06:50] Roman Shpakov: Yep

[30.07.2018, 16:07:23] Linda: Ok.

[30.07.2018, 16:07:28] +7 965 - 7488888 - : 😊

[30.07.2018, 16:09:57] Linda: I'm glad you're having fun.

[30.07.2018, 16:25:24] Linda: 1. We signed a letter stating that you know nothing about companies K 1 and K 2.

2. A company is created which you own 100% and all K1 assignment contracts are assigned to it.

We shot ourselves in the head.

[30.07.2018, 16:27:51] Roman Shpakov: 2. No

[30.07.2018, 16:28:36] Roman Shpakov: Nothing was hung on her.

[30.07.2018, 16:33:19] Linda: It's got all the assignment contracts on it.

[30.07.2018, 16:33:55] Roman Shpakov: You are clearly mistaken. We do not have such information.

[30.07.2018, 16:35:19] Linda: Okay.

[30.07.2018, 16:35:41] Linda: The important thing is that you're not wrong.

[30.07.2018, 16:37:00] Roman Shpakov: That's the main thing for you.

[30.07.2018, 16:49:29] Linda: 1 on this company of assignment contracts.

2. Contracts of assignment that were concluded after the official liquidation of K1.

3. Zelimkhan signed an order at the embassy to liquidate K1, and withdrew from the EC shareholders
4. the clients signed contracts with K1 and signed with K1, and sent DS to K1 (which has already been liquidated)
5. Clients separately signed a power of attorney with Advisory. In this power of attorney the clients authorised Advisory to act within the framework of the agreement with K1, it is a direct fact that everything that K1 swings has to do with you.

We can thank people for such a beautiful scheme. It took a lot of effort to do this.

[30.07.2018, 16:50:02] Roman Shpakov: Ok

The correspondence of the participants of the "PND" group, which included "Roman Shpakov" (subscriber number +7 - 905 - 735 - 55 - 88), "Evgeniya Rossieva" (subscriber number +7 - 985 - 173 - 43 - 21), "Munayev" (subscriber number +7 - 903 - 100 - 41 - 84), was found and examined; in addition, a subscriber with the phone number +7 - 965 - 748 - 88 - 88 used by the accused Pakhomov V. S. was a participant of the group.S. In the course of the examination, correspondence was established, including the following:

[19.05.2018, 16:56:50] IPA: Messages and calls are protected by end - to - end encryption. Third parties, including WhatsApp, cannot read or listen to them.

[19.05.2018, 16:56:50] Roman Shpakov created(- a) group "PND"

[19.05.2018, 16:56:50] Roman Shpakov added you

[19.05.2018, 16:58:12] Roman Shpakov: The most important question that can be:

1. What was the contractual relationship with S, since he decided to write 159?
2. What was the bottom line?
3. How many more such treaties are there?
4. What about Cyprus?

[19.05.2018, 17:01:19] Evgeniya Rossieva: 1. We describe contractual relations in the same logic as for the BR. The main contractual relationship with the client was with a Cypriot company - he transferred there, received from it (he himself brought payments and statements to the court), there is not a single payment to IK or from IK.

[19.05.2018, 17:02:10] Evgeniya Rossieva: Why 159 - it is convenient, everyone writes on it. It is expensive to sue Cyprus, and we are at hand.

[19.05.2018, 17:02:23] Roman Shpakov: 1.1. Did you attract there?

1.2 Who is the contact person?

1.3. Is that the cap?

1.4 Licences?

[19.05.2018, 17:03:32] Evgenia Rossieva: Moreover, the Moscow Court of Appeal, removing interim measures (seizure of ds on the account) recognised that Ik had nothing to do with it and the security cannot be imposed!!!! What a lawsuit if in the middle of the process the court of second instance recognises that Ik is not actually a defendant.

[19.05.2018, 17:13:32] Roman Shpakov: 1.5. Why did he decide to sue you and not Cyprus?

[19.05.2018, 17:15:00] Evgeniya Rossieva: 1. We did not attract, we offered investment counselling service when clients placed funds with foreign brokers, etc. The client was free to place ds, chose himself, there are many such companies, from us - counselling.

2. There was no permanent contact person, they communicated with the person who was currently performing the functions, no records were kept, no correspondence was kept.

The foreign company where the client deposited the loan, in the absence of a licence to carry out operations, delegated the execution of the relevant activities to a company with a licence, which was subject to a clause in the agreement with the client. The foreign company where the client deposited the funds, in the absence of a licence to carry out operations, delegated the execution of the relevant activities to a company with a licence, which was specified in the agreement with the client.

[19.05.2018, 17:16:54] Eugenia Rossieva: Because we are close, you can use the scheme with the game with jurisdiction (which the court itself in the decision made a reservation - that the preliminary contract of guarantee is invalid and in fact initially the claim was considered in an improper court). Such tricks will not work abroad, there are high penalties for deception in court.

[19.05.2018, 17:17:22] Roman Shpakov: 1.2. There was no contact person, and we were in contact with the client. We do not care through whom he placed.

Companies without licences, without a top broker just wouldn't open a bank account. This is our purely personal opinion

[19.05.2018, 17:17:23] .: Here we can say that there are such companies that conduct aml and compliance, then send to the top brokers, where the client already has a trading account and trades. What exactly was the structure at kep we can't confirm

[19.05.2018, 17:17:40] Roman Shpakov: Ok

[19.05.2018, 17:18:15] Roman Shpakov: We do not know whether it is a cap or not. We only said in court: go where you sent.

[19.05.2018, 17:18:38] Evgeniya Rossieva: Yes. Different companies. The client placing 2 million dollars and having the opportunity to hire an office of lawyers probably chose for himself not on nluposti

[19.05.2018, 17:19:28] Roman Shpakov: Exactly. It is unlikely that the person who wrote to all instances of professional blots did not check everything at the very beginning.

[19.05.2018, 17:19:54] Eugenia Rossieva: Yes, on the old lady pensioner clearly)

[19.05.2018, 17:21:04] Roman Shpakov: Given the client's background: alpha group, he clearly knew what he was doing. Also to a certain extent it looks like a competitive struggle, as we have better RF management results.

[19.05.2018, 17:21:49] Evgeniya Rossieva: We need to decide on the contracts (depends on birch): we are stumped by cession or reorganisation. Cession is more reliable - they gave it to us and no, we don't have it. Reorganisation is about to pop up.

[19.05.2018, 17:22:53] Eugenia Rossieva: Yes by the way, you can mention it. personal motive - competition for a lawsuit - complaint to law enforcement is just understandable.

[19.05.2018, 17:23:03] Roman Shpakov: Cession. Transferred to a rent. Rent to somewhere else. In the process of transfer, 95% dissolved.

[19.05.2018, 17:23:31] Evgeniya Rossieva: Ok. Yes, the cession is truer, justifies why we haven't had any documents for a long time.

[19.05.2018, 17:23:35] Roman Shpakov: I should say: we are not implying anything, but very similar.

[19.05.2018, 17:23:49] Eugenia Rossieva: Yes)))

[19.05.2018, 17:25:09] Roman Shpakov: We were asked by the Central Bank to remove this story, we immediately fulfilled their request.

They carried out an inspection, and on this issue too, and found no violations, nor did they find anything strange with the assignment agreements. They said: "Take it away, everyone comes to the RF market anyway.

[19.05.2018, 17:27:36] Roman Shpakov: Throughout the whole situation with Stepanov, the Central Bank was aware of it and assisted us as best it could. Especially in the matter of lifting interim measures.

We know that something from the Central Bank sent information to the prosecutor's office, asking it to check whether we are doing nonsense here. We proudly reply: the largest broker in the Central Bank of Russia is not engaged in nonsense. We are only preparing a platform for attracting foreign investors.

[19.05.2018, 17:29:27] Eugenia Rossieva: The client wrote a complaint to the Central Bank, the Central Bank easily obtained information from us, we passed everything that we tell you now and the Central Bank had no claims. No administrative cases were not voshchazhdala orders to eliminate violations were not issued due to the lack of the latter

[19.05.2018, 17:36:34] +7 965 - 74888888888 - : And who is the personnel officer ?

[19.05.2018, 17:36:34] +7 965 - 74888888888 - : If they request agency staffing etc

[19.05.2018, 17:37:11] Eugenia Rossieva: Requested from whom?

[19.05.2018, 17:38:21] Eugenia Rossieva: Cadres in Ik - libutina

004696 , portfolio balance as of 31.03 - 858 243, with the initial investment of 1 000 000 \$. I.e. the loss on the portfolio is 140 000 \$. However, we are talking about the second sub - account, where the primary invested 200 000 \$ (REIT), according to the report at the end of March the balance is 61 666, thus we could not hold the conditions of ID from our side, where the drawdown of the sub - account more than 2 times, and in this instrument invested as the most conservative with a possible drawdown of no more than 15%, we look at us as a pyramid scheme without qualified professionals who could fix the loss, or at least earn on the drawdown.

- another document - the conclusion of specialist Yakubova N.G. dated 25 February 2021, according to which, as a result of the conducted research on the basis of the submitted documents and available information, it can be concluded that the funds of Borzenkov M.I. cannot be considered as investments, both from the point of view of Russian law and from the point of view of international investment law. Activity in relation to the funds of both Borzenkov M.I. himself, QBIF LLC and QB CAPITAL CY LTD cannot be regarded as investment activity. The actual circumstances testify to the unlawful and dishonest behaviour of the participants of the legal relations under consideration, there is a scheme aimed at withdrawal of funds from the hands of their owner to unknown structures, as evidenced, in particular, by the following circumstances: 1) Borzenkov M.I. transferred funds in the total amount of \$17,000,000 under contracts with interrelated companies that have one beneficial owner and the alleged one circle of related persons. 2) For the entire duration of the contracts, M.I. Borzenkov did not receive any proper report on the activities declared by the companies, which would allow establishing a legal connection between M.I. Borzenkov as a subject of law and the securities comprising the investment portfolio as an object of law. M.I. Borzenkov had no independent access to the accounts. There are no documents confirming M.I. Borzenkov's ownership of securities. Possible placement of M.I. Borzenkov's funds on accounts possibly belonging to him is not an investment activity. Investment activity is the actual placement of funds in securities, which must be confirmed by appropriate documents. In this case, there are no such documents, nor is there any document that would confirm that this activity was conducted. 3) M.I. Borzenkov as an individual was misled by QBIF LLC and QB CAPITAL CY LTD in connection with the following. When concluding agreements on trust management services with QB CAPITAL CY LTD, M.I. Borzenkov obviously believed that he was concluding a securities trust management agreement with a professional participant of the securities market, whose activities are regulated and controlled by the Central Bank of the Russian Federation. In reality, according to the content of the agreements, under the guise of trust management agreements, M.I. Borzenkov entered into assignment agreements. Display in the title and subject of these contracts of contradictory wording affecting the legal nature of the contract and misleading the counterparty - individual, is evidence of misconduct and bad faith on the part of LLC IC QBF. The actual conclusion of assignment agreements with QB QF LLC regarding the management of Borzenkov M.I.'s trading accounts opened with QB CAPITAL CY LTD in his name did not comply with the requirement of the agreements concluded between Borzenkov M.I. and QB CAPITAL CY LTD that the transfer of account management rights may be carried out only on the basis of a trust management agreement. 4) QB IC QBIF LLC had no legal grounds to conclude with Borzenkov M.I. contracts, the subject of which is the execution of purchase and sale transactions of securities, derivatives and other instruments within the framework of the trading account opened in accordance with the agreements concluded by Borzenkov M.I. with QB CAPITAL CY LTD. Firstly, the company QB Sartial CY LTD had the signs of an organisation that did not actually carry out financial and economic activities, which was established by the Court Decision of 11 December 2017. Secondly, QB Sarital CY LTD had no legal grounds to engage in the type of activity related to the performance of transactions with securities, as this type of activity in accordance with the legislation of the Republic of Cyprus is subject to compulsory licensing,

and QB Sarital CY LTD did not have a statutory licence from the Cyprus Securities and Exchange Commission (CYSEC), as established by the Court Decision of 11 December 2017. Thirdly, QB Sarital CY LTD was not actually located at its official place of business, as established by the Court Decision of 11 December 2017. The address specified in the agreements with Borzenkov M.I. did not coincide with the legal address of QB Sarital CY LTD, which is registered in the public database of the Republic of Cyprus. Fourthly, according to the information about the company QB Sarital CY LTD, which is contained in the public database of the Republic of Cyprus, on 7 August 2018 in respect of the company in the Register there is a record: "Dissolution following Voluntary Liquidation" (dissolved due to voluntary liquidation), about which no one officially notified Borzenkov M.I. Fifthly, contracts and agreements with Borzenkov M.I. were signed on behalf of IC QBF LLC and QB Capital CY LTD by the same persons (Sobolev K.S. and Yudin M.S.) under powers of attorney. Sixthly, the signs of affiliation of QB IC QBiEf LLC and QB Sarital CY LTD, established by the Court Decision of 11 December 2017, were expressed, in particular, in the following. Both companies operate under the abbreviation (brand) "QB". On behalf of both companies (both QB IC CY LTD and QB Capital CY LTD), the Contracts with the plaintiff were signed by the same person, who according to the data of the Unified State Register of Legal Entities owns 6% in the authorised capital of QB GROUP LLC, which is the sole participant (founder) of QB IC CY LTD. In addition, according to the response to the court request from the Joint Stock Company "Regional Network Information Centre" both domain names qbfin.ru (the domain name of the Respondent QB&EF LLC, which is reflected directly in the Agreements with the Complainant) and qbcap.som (domain name of QB Capital CY LTD) are registered to the same individual, who according to the data of the Unified State Register of Legal Entities owns 88% in the established capital of QB GROUP LLC, being the sole participant (founder) of the Respondent QB IC QBF LLC. The conclusion of the forensic computer - technical expertise established that there are indications that electronic messages from the mail addresses @qbcap.com and @qbfin.ru were actually sent using the same infrastructure, mail servers and IP addresses. Seventh, QB IC QBiEf LLC could not have been unaware of the stated violations of the law committed by QB Sarital CY LTD due to the clearly expressed signs of affiliation between QB IC QBiEf LLC and QB Sarital CY LTD, as established by the Court Decision dated 11 December 2017. Eighthly, the submitted financial documents on the cash flow on the account of QB Sarital CY LTD in Bank Direktna Vanka a.d. Kragujevac (Serbia) allow us to assume that it was at the expense of the funds received by Borzenkov M.I. on this account during a certain period that the company QB Sarital CY LTD made its payments;

- other documents - materials of civil case No. 2 - 5956/17 on the claim of Stepanov S.V. against QBIF Investment Company LLC, containing

, inter alia, the following documents, namely: decision of the Ramenskiy City Court of the Moscow region, according to which the court, having evaluated the totality of the evidence available in the case in accordance with the rules of evaluation of evidence enshrined in Article 67 of the Russian Federation Code of Civil Procedure, came to the conclusion that the defendant, LLC Investment Company QUBIEF, acted in bad faith and unlawfully within the framework of legal relations with the plaintiff Stepanov S.V., which is confirmed by the totality of the following circumstances. In accordance with clause 10.3 of Contract No. 2004, the Attorney undertakes to send monthly responses to the Principal not later than the 15th day of the month following the reporting month (the reporting period under the Contract is 1 calendar month). The Attorney shall guarantee to the Principal the full legality of the reports provided and the validity of all data specified therein. In accordance with Clause 10.3. of the Agreement 2070, the Attorney undertakes to send monthly responses to the Principal not later than the 15th day of the month following the reporting month (reporting period under the Agreement - 1 calendar month). The Attorney shall guarantee to the Principal the full legality of the reports provided and the validity of all data specified therein. According to the annex to the forensic computer - technical examination report, the reports were sent on an irregular basis and exclusively by e - mail from the e - mail addresses report@qbfin.ru and report@qbcap.com to the Claimant's e - mail address sergey.v.stepanov@gmail.com. The content of all e - mailed reports is presented in the case file as an annex to the forensic computer forensic examination report. The submitted reports contain

information, according to which Stepanov S.V. owns shares of foreign organisations in the structure of his investment portfolio. In part, the report submitted to Stepanov S.V. dated 10.05.2017 on portfolio No. 2004 - 15/IMR dated 03.02.2015 reflects information according to which the structure of the portfolio owned by Stepanov S.V. includes shares of foreign companies: McDonald's, Snap Inc, Tableau Software Inc, Constellation Brands, Inc. and JPMorgan Chase & Co. Similar information is contained in other reports that were sent to the plaintiff, which contain information about the plaintiff's ownership of shares in large international companies such as Deutsche Bank AG (Germany), Ferrari NV (Netherlands), BBVA Vanco Frances S.A. (Argentina) and others. According to the terms and definitions reflected in the Agreement No. 2004 and No. 2070 concluded between the plaintiff and the defendant QUBIEF Investment Company LLC, the portfolio is a set of all instruments representing the property of the Principal, including, but not limited to, cash and securities. It is also established in the terms and definitions that it is the Principal (plaintiff Stepanov S.V.) who is the owner of the trading account. Thus, the Agreements No. 2004 and No. 2070 expressly determine that the property constituting the structure of the investment portfolio shall belong to the Principal, i.e. the plaintiff Stepanov S.V. However, the reports submitted to Stepanov S.V. do not contain identification data allowing to establish a legal connection between the plaintiff Stepanov S.V. as a subject of law and the securities constituting the structure of the investment portfolio as an object of law. As it is rightfully noted in the conclusion of the international law company "Dentons" provided by the plaintiff in the case materials, in order to establish a legal connection between the Client as a subject of law and the object of law - shares of organisations specified in the reports of the Counterparty, it is necessary to obtain, first of all, information on who is the nominal holder of the shares acquired at the expense of the client, details of master accounts, statements from depository accounts of counterparties, other documents confirming transactions with securities specified in the reports of the Counterparty. The case file contains documents, according to which Stepanov S.V. on 29.03.2017 before filing a claim to the court addressed the defendant LLC "Investment Company "QUBIEF" with a request to provide the manager's report, in which he asked to provide identification data confirming the ownership of his rights to the assets that make up the structure of his investment portfolio in accordance with the terms of Agreement No. 2004 and Agreement No. 2070, namely: the name of the acquired and realised assets; the date, time and market of acquisition and realisation of the price of the assets; the date, time and market of acquisition and realisation of the price of the assets. The requested information was not provided to the plaintiff. This information was twice requested from the defendant LLC Investment Company QUBIEF in the course of the court proceedings on the basis of the plaintiff's petition. By the Ramensky City Court of the Moscow Region (court requests dated 07.07.2017 and 08.11.2017). Both court requests were received by the defendant LLC "Investment Company QUBIEF", whose representative in the court session repeatedly explained that he objected to the execution of these court requests and the organisation refused to provide the court with the relevant information. No duly substantiated refusal to provide information has been submitted to the court. The court notes that the requested information is directly related to the subject matter of the dispute, as it is connected with the identification of the plaintiff's rights to shares and other assets, which constitute the content of the plaintiff's investment portfolio in accordance with the terms and conditions of Agreement No. 2004 and Agreement No. 2070 concluded between the plaintiff and the defendant Investment Company QUBIEF LLC. The evasion from providing this information, including on the basis of two court requests, is evidence of unlawful and bad faith behaviour of the defendant Investment Company QYUBIEF LLC. The Court also notes that certain provisions of Contract No. 2004 and Contract No. 2070 are formulated in such a way that they contain uncertainty and mislead the plaintiff as an individual on the part of the defendant as a professional business entity licensed by the Central Bank of the Russian Federation. The Court notes that the defendant LLC "Investment Company QUBIEF", concluded with the plaintiff a contract of assignment under the guise of a contract of trust management of property. The agreement offered to Stepanov S.V. misled him, as the title of the agreement contains the wording "agreement on the provision of trust management services". In reality, the agreement is not a trust management agreement, since its subject matter states that the agreement is a trust agreement. This contract does not meet the characteristics of a trust management agreement as provided for in Chapter 53 of the Civil Code of the Russian Federation, which regulates the issues of trust management of property, and, accordingly, in respect of securities subject to the regulation of the Federal Law of 22.04.1996 No. 39 - FZ "On the Securities Market" and the control of the Central Bank of the Russian Federation on the management of securities. The Court comes to the conclusion that Stepanov S.V., as a natural person, due to the wording "agreement on provision of trust management services" in the title of Agreements No.

2004 and No. 2070, believed that he was entering into an agreement on trust management of securities with a professional participant of the securities market, whose activities are regulated and controlled by the Central Bank of Russia. Display in the title and subject of Agreements No. 2004 and No. 2070 of contradictory wording affecting the legal nature of the contract and misleading the counterparty - a natural person, also testifies to illegal actions and bad faith on the part of the defendant LLC Investment Company QUBIEF. The defendant "QBIEFF Investment Company" LLC also had no legal grounds to conclude with the plaintiff agreements, the subject of which is the execution of purchase and sale transactions of securities, derivatives and other instruments within the framework of the Principal's trading account opened in accordance with the Agreements concluded by the Principal with QB Capital CY LTD. Thus, at the time of conclusion of the agreement between the plaintiff and the defendant QB Capital CY LTD Investment Company QB Capital CY LTD already had the signs of an organisation that does not really carry out financial and economic activities. According to the answer from the Ministry of Energy, Trade, Industry and Tourism of the Republic of "Cyprus", the company QB Capital CY LTD filed the last annual report for 2013, containing information about its financial condition in 2012 and did not file annual reports for 2014 - 2017, containing information about its financial condition in 2013 - 2016. However, despite this circumstance, the defendant QBIEFF Investment Company LTD entered into a contract with the plaintiff in 2015, i.e. during the period when QB Capital CY LTD was no longer filing statutory accounts. In addition, QB Capital CY LTD had no legal grounds to engage in the type of activity related to the performance of transactions with securities, as this type of activity is subject to compulsory licensing under the legislation of the Republic of Cyprus, and QB Capital CY LTD does not have a statutory licence from the Cyprus Securities and Exchange Commission (CySEC). These circumstances are substantiated in detail and stated in the legal opinion of the law firm ANTIS TRIANTAFYLLIDES & SONS LLC, the opinion of the international law firm "Dentons", as well as directly notarised extract from a specialised website, confirming the absence of a statutory licence for QB Capital CY LTD. Consequently, the defendant QBIEFF Investment Company Ltd. could not knowingly fulfil its obligations under Agreements No. 2004 and No. 2070 with the plaintiff, as QB Capital CY LTD did not have the right to engage in this type of activity due to the lack of a licence. Also QB Capital CY LTD is not located at its official place of business, which is confirmed by the affidavit presented in the case materials (affidavit sworn in the Supreme Court of Nicosia of the Republic of Cyprus, according to which, there are no signs indicating the physical presence of the company QB Capital CY LTD at the address of location). The Court notes that the defendant QBIEFF Investment Company Ltd. could not have been unaware of the alleged violations of the law committed by QB Capital CY LTD due to the clear indications of affiliation of QBIEFF Investment Company Ltd. and QB Capital CY LTD, established in the course of the proceedings. The signs of affiliation are expressed in the fact that both companies operate under the abbreviation (brand) "QB". On behalf of both companies (both from "Investment Company "QBIEFF" LLC and from QB Capital CY LTD) with the plaintiff Stepanov S.V., contracts were signed by the same person - Munaev Zelimkhan Visaitovich, who according to the data of the Unified State Register of Legal Entities owns 6% in the authorised capital of "QB GROUP" LLC (OGRN 1107746391532), which is the only participant (founder) of the defendant "Investment Company "QBIEFF" LLC. In addition, according to the response to the court request received from the Joint Stock Company "Regional Network Information Centre" both domain names qbfin.ru (the domain name of the Respondent LLC "Investment Company "QBIEFF", which is reflected directly in Contracts No. 2004 and No. 2070 with the Complainant) and qbcap.com (domain name QB Capital CY LTD) is registered to the same individual - Roman Valerievich Shpakov, who according to the data of the Unified State Register of Legal Entities owns 88% in the authorised capital of "QB GROUP" LLC (OGRN 1107746391532), which is the sole participant (founder) of the Respondent "QBIEFF Investment Company" LLC. The conclusion of the forensic computer - technical expertise established that there are indications that electronic messages from the mail addresses @qbcap.com and @qbfin.ru were actually sent using the same infrastructure, mail servers and IP addresses. The court also takes into account the conclusion of the specialist Cherepanov V.Y., possessing special knowledge in the field of economy and finance, who analysed the financial and economic side of the relations of the plaintiff Stepanov S.V. with the defendant Investment Company QUBIEF LLC. According to the submitted conclusion, in which the financial and economic substantiation is given, the trust management of monetary funds, as well as the performance of duties under the contract with Stepanov Sergey Vitalievich as an attorney on the part of the defendant, should be considered as unsatisfactory. Under such circumstances, the court considers proved the arguments of the plaintiff that in the actions of the defendant LLC "Investment Company "QUBIEF" there are signs of misconduct and bad faith, which is stipulated in

paragraph 10.7 of the Agreement № 2004 and the Agreement № 2070 grounds for recovery from the defendant of the amount of losses and damage caused to the plaintiff. In accordance with paragraph 1 of Article 393 of the Civil Code of the Russian Federation, the debtor is obliged to compensate the creditor for the losses caused by non-fulfilment or improper fulfilment of the obligation. In accordance with Article 15 of the Civil Code of the Russian Federation, the person whose right has been violated may demand full compensation for the losses caused to him, unless the law or the contract does not provide for compensation for losses in a lesser amount. Losses are understood as expenses which the person whose right is violated has made or will have to make to restore the violated right, loss or damage to his property (real damage), as well as unreceived income, which this person would have received under normal conditions of civil turnover, if his right had not been violated (lost profit). The plaintiff's claims for recovery of the amount of real damage from the defendant Investment Company QUBIEF LLC are based on the law and are subject to satisfaction;

Under the Law, this authorisation essentially entails the Company obtaining a licence from the Cyprus Securities and Exchange Commission. In the present case, the Company is a Cyprus company which provides investment services in accordance with the Basic Treaties and the Amendment Agreements, such a company is deemed to be a Cyprus investment firm. Furthermore, it is evident from the Master Treaties and the Modification Agreements that the Company provides the said services on a professional basis. Therefore, the Company must be licensed by the Cyprus Securities and Exchange Commission in order to be able to provide the services contemplated by the Master Deeds and the Amendment Agreements. The Law provides that in the event that a Cyprus Investment Firm providing investment services on a professional basis fails to comply with the necessary provisions of the Law and fails to obtain a licence from the Cyprus Securities and Exchange Commission, the Cyprus Investment Firm in question shall be criminally and/or administratively and/or civilly liable. With regard to criminal liability, the Law provides that if an

offence is committed by a legal entity which is a Cyprus Investment Firm, not only the Cyprus Investment Firm itself but also any director and member of its board of directors shall be criminally liable. The penalty provided for under the Law is imprisonment of up to five years and/or a fine not exceeding €350,000. With respect to civil liability, under the Act, a person who contravenes a provision of the Act is liable to pay compensation to any person who suffers damage and/or loss of profit by reason of any act or omission on the part of the contravener as a result of the contravention of the Act. It should be noted that any criminal liability imposed on a person does not relieve that person of the corresponding civil liability. The Cyprus Securities and Exchange Commission is also authorised to impose an administrative fine not exceeding €350,000 and, in the case of repeated or persistent violations, an administrative fine not exceeding €700,000. A company which is a Cyprus Investment Firm and provides investment services without a licence from the Cyprus Securities and Exchange Commission in contravention of the Law is criminally, administratively and civilly liable. After careful examination of the Cyprus Securities and Exchange Commission's online register, which records both all currently active Cyprus Investment Firms and all former Cyprus Investment Firms that are no longer active, there is no entry or reference of any kind in respect of the Company (in respect of its currently registered name or in respect of its previous names). Therefore, the Company has never received or held any authorisation and/or licence from the Cyprus Securities and Exchange Commission to provide investment services. In accordance with the letter dated 30.10.2017 from the Company's Registrar, addressed to Essex Consulting Group Limited with the subject line "HE221325 - QCCI LTD", the Company has not filed any annual tax return for the years 2014 - 2017, nor has it filed any relevant financial returns for the years 2013 - 2016. In accordance with the Companies Act (Chapter 113), the Company is required to prepare an annual tax return and related financial statements and file the same with the Registrar of Companies. Chapter 113 provides that a company and every employee of the company who defaults commits a criminal offence and shall be punished accordingly upon conviction; Legal opinion of the international law firm Dentons, from which it follows that in accordance with the list of organisations specified in the Counterparties' reports for 2015 - 2017, various securities (including shares, ETFs, bonds) were purchased at the expense of funds received by the Counterparties from their clients. At the same time, according to the reports provided by the Counterparty - the Cyprus company "QB Capital LTD", most of the acquired securities were shares of various international companies such as Deutsche Bank AG (Germany), McDONALD'S CORPORATION (Delaware USA), Ferrari NV (Netherlands), BBVA Banco Frances S.A. (Argentina), etc. Acquisition of title to shares follows the law of the country where the relevant joint stock company is established (personal law of a legal entity Art. 1202 of the Civil Code of the Russian Federation). At the same time, both in the Russian Federation and in other countries, such as Germany, a model is currently in force which, with different legal consequences, requires registration of the transfer of ownership of shares in the register of shareholders of the relevant joint stock company. Similar rules exist in the legislation of other member states of the European Union. Accordingly, in order to determine the composition of the shareholders of each individual joint stock company whose shares, according to the Counterparties' reports, were acquired at the Client's expense, it was necessary to analyse the legislation of each individual country in which the joint stock company concerned is located. However, in international practice and in accordance with the rules governing the circulation of securities (including shares), a practice has developed that facilitates the circulation of shares, given that it is practically impossible to register a large number of transactions with shares, which take place on stock exchanges, in the register of shareholders of the relevant joint stock companies. In accordance with such international practice, securities (including shares) are legally owned not by their ultimate beneficiary (i.e. the person purchasing securities on the stock exchange), but by a depository organisation, which from the legal point of view is the owner - nominal holder of shares, but at the same time owns the securities at the expense of the beneficiary (the owner from the economic point of view). In this context, the reason why the registrars keeping the shareholder registers of McDONALD'S CORPORATION and Snap Inc. informed the Client in response to the Client's respective requests that it was impossible to determine the Client's personal account, even if the shares of these two companies had been acquired by one of the Counterparties at the Client's expense, it would not be the Client but the nominee holder that would be registered as the legal owner in the shareholder registers of these companies. Accordingly, in order to establish a legal connection between the Client as the subject of the right and the object of the right - the shares of the organisations indicated in the Counterparties' reports, it is necessary to obtain, first of all, information on who is the nominal holder of the shares acquired at the Client's expense. Clause 2.2 of agreements No. 2004 - 15/IMR dated 03.02.2015 and No. 2070 - 15/IMR dated 24.02.2016 on the provision of direct

access services to international stock markets, states that by signing the said agreements, "the Client agrees to the accession of his trading account to the account opened with brokers (LEK Securities, R.J. O'Brien & Associates and other servicing brokers) master accounts of the Company (i.e. QB Capital CY LTD). The counterparty, QB Capital CY LTD, a Cyprus company, may have opened a master "master account" with one of the brokerage firms mentioned in Clause 2.2 of Agreements No. 2004 - 15/IMR and No. 2070 - 15/IMR or with some other firm. If these companies have the licences required by the legislation applicable to them, they may, in theory, provide nominee services and be the legal owner of the shares acquired with the funds that the Counterparties have received from the Client. R.J. O'Brien & Associates" in response to the Client's enquiry only stated that no personal account had been opened with the company on behalf of the Client. According to the information received from the Client, LEK Securities has not responded at all to the Client's enquiry as to whether a personal account has been opened on behalf of the Client and/or whether there is any commercial relationship between the Counterparties and LEK Securities. However, even if the mentioned brokerage companies were nominee holders of the shares of the Counterparty mentioned in the reports - about which there is no confirmation in the Documents - then, in order to establish a connection between the Client and the issuers of securities, it is necessary to obtain at least statements from the depo accounts of the Counterparty - QB Capital CY LTD since 2015, so that it would be possible to confirm whether the securities mentioned in the reports were on such depo accounts during the relevant periods of time. According to the information received from the Client, the Counterparties refuse to provide the Client with specific information (details) about master accounts, as well as statements from such master accounts or other documents confirming transactions with securities specified in the Counterparty's reports, it is impossible to establish a legal connection between the Client, as a subject of law, and the object of law - shares of the organisations specified in the Counterparties' reports. In accordance with clause 1 of the Additional Agreement No. 1 to the Agreement on provision of direct access services to international stock markets No. 2070 - 15/IMR dated 24.02.2015, as well as clause 1 of the Additional Agreement No. 1 to the Agreement on provision of direct access services to international stock markets No. 2070 - 15/IMR dated 24.02.2015. Additional Agreement No. 1 to the Agreement on rendering services of direct access to international stock markets No. 2004 - 15/IMR dated 03.02.2015, the Counterparty - the company "QB Capital CY LTD" performs "trust management of the Client's account for placement of the Client's property on the following types: shares; bonds or other debt securities; industrial securities, ADR and GDR on foreign shares, exchange - traded funds; options and futures on all types of assets; currency pairs; cash, deposits and other objects. According to the legal opinion prepared by lawyers admitted to practice law in the Republic of Cyprus, the legislation of the Republic of Cyprus considers the services provided by the Counterparty, QB Capital CY LTD, as "investment services and investment activities", which are subject to compulsory licensing in the Republic of Cyprus. Since the Cyprus Legal Opinion also confirms that the company "QB Capital CY LTD" does not have the necessary licence, it can be concluded that the Counterparty - the Cyprus company "QB Capital CY LTD" acted unlawfully by entering into agreements on the provision of direct access services to international stock markets with the Client. The necessity to obtain a licence to provide investment services is a requirement of the current legislation of the European Union (EU). In particular, Article 6 of Directive No. 2011/61/EU of the European Parliament and of the Council of 08 June 2011 on Alternative Investment Fund Managers (as amended) requires EU Member States to ensure that managers of alternative investment funds conduct their activities only with a licence (permit) issued to the manager by the relevant EU Member State in accordance with the requirements of the AIFM Directive. The AIFM Directive defines the terms "alternative investment fund" and alternative investment fund manager in the following very broad terms: "Alternative investment fund" means "any pooled investment vehicle, including its sub - funds (collects money from several investors in order to invest it with a specific strategy in favour of the investors; is not required to obtain a permit (licence) in accordance with Article 5 of Directive 2009/65/EG". The agreements between the Client and the Counterparty - the Cypriot company "QB Capital CY LTD" explicitly stipulate that the Counterparty is obliged to implement the trading strategy by placing the funds received from the Client and from other clients on the "master accounts" of the Counterparty. The Counterparty - the Cyprus company "QB Capital CY LTD" is an alternative investment fund manager and thus its activities are subject to mandatory licensing also in accordance with the AIFM Directive, unless one of the exemptions provided for in the AIFM Directive is applicable (there is no reason to believe that such exemptions are applicable in the provided information and Documents). Such activities, if carried out by a legal entity established in the territory of the Russian Federation, would also be subject to mandatory licensing in accordance with Article 39 of Federal Law No. 39 - FZ dated 22 April

1996 "On the Securities Market". The use of a scheme of activities in which one Counterparty - the Russian company QUBIEF IK LLC acts only as an "attorney" in respect of the services of another Counterparty - the Cypriot company QB Capital CY LTD, in general has signs of bad faith, as it can be assumed that such a scheme was developed to circumvent the requirements for licensing of such activities in the Russian Federation. The activity of the Counterparty - the Cypriot company "QB Capital CY LTD" is illegal, as it violates the requirements for compulsory licensing in the Republic of Cyprus and the European Union. The Counterparty - Russian company QB Capital CY LTD is also responsible for the illegality and bad faith of the actions described in the section above. This follows, inter alia, from the fact that both Counterparties have the following indicia of affiliation: 1) Agreements on the provision of services of direct access to international stock markets No. 2004 - 15/IMR dated 03.02.2015 and No. 2070 - 15/IMR dated 24.02.2015 and related Agreements on the provision of "Trust Management" services (Counterparty: Russian company LLC IK QUBIEF) were signed by one and the same individual - Munaev Zelimkhan Visaitovich. At the same time, Munaev Zelimkhan Visaitovich is a member of the management (is the managing director) of the group of the company "QBEEF" and, according to the data of the Unified State Register of Legal Entities as of 04.12.2017, is a participant owning 6 % of the participation interest of the Limited Liability Company "QBEEF GROUP" (OGRN 1107746391532), which, according to the data of the Unified State Register of Legal Entities as of 04.12.2017, is the only participant of the Counterparty - the Russian company IK QUBIEF LLC; 2) Additional Agreement No. 1 to the Agreement on provision of services of direct access to international stock markets No. 2070 - 15/IMR dated 24.02.2015, as well as Additional Agreement No. 1 to the Agreement on rendering services of direct access to international stock markets No. 2004 - 15/IMR dated 03.02.2015 were signed on the part of the Counterparty - Cyprus company "QB Capital CY LTD" by Ms Elena Vyacheslavovna Gorobets. Gorobets Elena Vyacheslavovna, in turn, according to the data of the Unified State Register of Legal Entities as of 04.12.2017, is the General Director of Limited Liability Company "QB GROUP" (OGRN 1107746391532), which according to the data of the Unified State Register of Legal Entities as of 04.12.2017, is the only participant of the Counterparty - the Russian company IK QUBIEF LLC; 3) As follows from the Documents, in part, from the agreements signed by the Client and the Counterparties, as well as from the correspondence (cover letters/emails) when submitting reports of the Counterparty - the Cypriot company "QB Capital CY LTD", members of the management bodies of the company "QB Capital CY LTD" never contacted the Client. According to the information received from the Client, the whole negotiation process was conducted exclusively through the representatives of QB Capital CY LTD; 4) The similarity of the names of the companies - Counterparties testify to their affiliation, as the English abbreviation "QB" is pronounced (and in the Russian language is read) as "QUBI", which is the main element of the names of both the Counterparty - the Russian company LLC IK QUBIEF and its sole participant Limited Liability Company QUBI GROUP. Signs of bad faith of the Counterparties are also present in their actions, in particular, in the refusal of IK QUBIEF LLC to provide the Client with reports and information on nominee holders of securities, which would have allowed to double - check the reliability of the information indicated in the reports of the Counterparties about the securities declared by the company "QB Capital CY LTD" as acquired at the expense of the Client. According to the affidavit of the private bailiff, Mr. Giannakiss Ktorides, signed under oath on 3 November 2017, the Counterparty, the Cypriot company "QB Capital CY LTD" is not present at its official address, i.e. the bailiff was unable to find any officers or other representatives of this company, nor did he find any signs at all indicating the physical presence of this company at its official address. As a result, the bailiff was unable to serve on the Counterparty, the Cypriot company QB Capital CY LTD, the court documents for civil action No. 2242/2021, filed with the District Court of Nicosia. According to the letter of the Ministry of Energy, Trade, Industry and Tourism of the Republic of Cyprus dated 30 October 2017, the Counterparty - the Cypriot company "QB Capital CY LTD" did not file annual financial statements for the years 2014 - 2017, which is an indication that this Cypriot company was no longer carrying out financial and economic activities in February and March 2015, i.e. at the time when the representatives of LLC IK QUBIEF signed the relevant agreements with the Client on behalf of the Cypriot company "QB Capital CY LTD". Thus, the representatives of the Russian company QB - CYBIEF LLC misled the Client about the fact that he concludes a contract with a Cypriot company carrying out financial and economic activities, although there are indications (absence at the official address, failure to submit annual reports since 2014) that this organisation does not actually carry out financial and economic activities. The contractual structure that was offered to the Client by the representatives of IC QUBIEF LLC, the content of a number of provisions of the agreements and violation of a number of circumstances by IC QUBIEF LLC indicate the presence of signs of bad faith on the part of IC QUBIEF LLC. The Agreement on provision of "Trust Management" services in accordance with the Agreement on

provision of direct access services to international stock markets No. 2014 - 15/IMR dated 03.02.2015 (Account 002014), as well as the Agreement on provision of "Trust Management" services in accordance with the Agreement on provision of direct access services to international stock markets No. 2070 - 15/IMR dated 24.03.2015 (Account 002070) offered to the Client for signing, misled the Client, as the title referred to "trust management" services. At the same time, it does not follow from the content of the agreement that it meets the features of a trust management agreement, as provided for in Chapter 53 of the Civil Code of the Russian Federation, which regulates the issues of trust management of property, and, respectively, in relation to securities, falling under the regulation of the Federal Law dated 22.04.1996 No. 39 - FZ (ed. 25.11.2017) "On the Securities Market" and the control of the Central Bank of the Russian Federation in terms of securities management activities. Moreover, clause 3.2 of the Agreement directly indicates a different legal relationship of the parties, in particular, that "this Agreement in accordance with clause 5.7 of the Agreement is an Assignment Agreement concluded in accordance with the requirements of Chapter 49 of the Civil Code of the Russian Federation". At the same time, clause 5.5.7 of the Agreement on provision of direct access services to international stock markets No. 2014 - 15/IMR dated 03.02.2015 (Account 002014), as well as the Agreement on provision of direct access services to international stock markets No. 2070 - 15/IMR dated 24.03.2015 (Account 002070), provides for the Client's right to transfer its rights to manage the trading account (which, as will be further described in the next paragraph, the Client does not actually own) to a third party, and such transfer was to be made "in accordance with a trust management agreement executed in accordance with the requirements of the legislation of the country of residence of such third party". Thus, LLC IC QUBIEF concluded an Agreement with the Client, which by its nature does not comply with the terms of the Agreement and the intention of the Client, who believed that he was concluding a securities trust management agreement with a professional participant of the securities market, whose activities are regulated and supervised by the Central Bank of the Russian Federation. According to the definition in clause 2 of the Agreements concluded by the Client with the Counterparty - the Russian company LLC IC QUBIEF, the term "Trading Account" is defined as - an account, the owner of which (the Principal) has entered into a written confirmation of the right of another person (the Attorney) to manage funds on the account within the framework of a trading strategy for trading operations". However, as a result of this "granting" of an account, the Client in turn "agrees to have his trading account joined to QB Capital CY LTD's master accounts opened with brokers. Accordingly, even if the Counterparties had fulfilled all their obligations, the Client would not own his own trading account, but the securities would still be in the master accounts of the Counterparty - the Cyprus company QB Capital CY LTD. The Counterparty - the Russian company QB Capital CY LTD, using the above definition of the term "Trading Account" in its sample contract for the provision of "Trust Management" services, misled the Client as to the fact that he would be the owner of the trading account, that he will be the owner of trading accounts, although, in fact, according to the agreements with the Counterparty - the Cyprus company "QB Capital CY LTD", not the Client, but the Cyprus company "QB Capital CY LTD" is the owner of "master accounts", to which the Client's trading accounts are only "joined". Apparently, the norm contained in clause 2.2 of the agreements that "each account is insured by the Federal Investor Protection Corporation as part of the mandatory deposit insurance system based on the Securities Investor Protection Act of 1970" was intended to create an appearance of additional "comfort" for the Client. According to the information on the official website of the Federal Investor Protection Corporation (SECURITIES INVESTOR PROTECTION CORPORATION - SIPC), only deposits made by clients of SIPC member companies can be insured, and not deposits to the Client's account. At the same time, neither IK QUBIEF LLC nor the Cypriot company QB Capital CY LTD are specified in the list of SIPC participants posted on the official website of SIPC. In addition, in accordance with the "Trustee Services Agreement" under the Direct Access to International Stock Markets Agreement No. 2014 - 15/IMR dated 03.02.2015 (Account 002014), as well as in accordance with the Agreement on Provision of "Trust Management" Services in accordance with the Agreement on Provision of Direct Access to International Stock Markets No. 2070 - 15/IMR dated 24.03.2015 (Account 002070), the definition of "Trading Account (Principal's Account)" expressly provides that the account owner is the Client "who has confirmed the rights of another person (the Attorney) to manage the funds in the account...". According to the information received from the Client, no actions were taken by the Counterparty to "grant", "join" or simply open any accounts, and no additional documents related to these accounts were not provided or signed by the Client, which gives grounds to believe that, in fact, no accounts were ultimately owned or managed by the Client. The Company LLC IC QUBIEF has violated a number of obligations under the concluded agreements. In particular, the following obligations were

violated: - obligations of cl. 10.3 of the Agreement on providing the Client with monthly reports. According to the information received from the Client, the company "QUBIEF" LLC did not provide the Client with any reports; - the obligation of clause 8.3 of the Agreement on transfer of funds by the company "QUBIEF" LLC to the Client on condition of the Client's prior notification. The Client has repeatedly notified "QUBIEF" IK LLC about transfer of all its funds, at the same time, according to the information received from the Client, "QUBIEF" LLC has not fully fulfilled its obligations; - obligation of clause 12.1 of the Agreement on notification of the parties in case of change of any data of the parties. IK "QUBIEF" LLC did not notify the Client about the change of the company name from "Qubey Finance" LLC to IK "QUBIEF" LLC. All of the above examples clearly demonstrate that IK QUBIEF LLC acted in bad faith and unlawfully. Based on the provided information and Documents (in terms of agreements between Stepanov S.V., on the one hand, and the company IK QYUBIEF LLC and QB Capital CY LTD, on the other hand, as well as reports submitted to Stepanov S.V., within the framework of these agreements) it is impossible to establish a legal connection between Stepanov S.V. as a subject of law and the object of law - shares of the companies specified in the reports of the companies IK QUBIEF LLC and QB Capital CY LTD. Taking into account the legislation of the Russian Federation and the European Union in the field of securities and regulation of securities management services, in the legal relations between Stepanov S.V., on the one hand, and the companies of IC QUBIEF LLC and QB Capital CY LTD, on the other hand, there are signs that the companies of IC QUBIEF LLC and QB Capital CY LTD, when concluding agreements or fulfilling obligations under such agreements, acted in bad faith and unlawfully. In part: a) in accordance with the legislation of the Republic of Cyprus and the European Union, the company "QB Capital CY LTD" carries out its activities without the necessary licences (permits); b) there are reasons to believe that the contractual scheme used by the companies LLC IC "QBIEF" and "QB Capital CY LTD" was designed to circumvent the requirements for licensing of such activities in the Russian Federation and that such unfair actions were aimed at misleading Stepanov S. V. in the conclusion of the agreements.V. was designed to circumvent the licensing requirements for such activities in the Russian Federation and that such unfair actions were aimed at misleading Stepanov S. V. by representatives of QY LTD, d) there are signs of bad faith in the actions of QB Capital CY LTD in refusing to provide Stepanov S.V. with the reports stipulated by the Agreements between QB Capital CY LTD and Stepanov S.V.; e) there are signs of bad faith in the actions of QB Capital CY LTD, in part, information on nominal holders of securities, which would allow to double-check the reliability of the information indicated in the reports of "QB Capital CY LTD" company about the securities declared by "QB Capital CY LTD" company as acquired at the expense of Stepanov S.V.; e) the contractual structure proposed to Stepanov S.V. by the representatives of IK "QBIEF" LLC, e) the contractual structure offered to Stepanov S.V. by the representatives of "QBIEF" LLC, as well as the content of a number of provisions of the agreements testifies to the presence of signs of bad faith of the companies "QBIEF" LLC and "QB Capital CY LTD"; f) "QBIEF" LLC, using the definition of the term "Trading Account" in its sample agreement on the provision of "Trust Management" services, misled Stepanov S. V. with regard to the fact that the "QB Capital CY LTD" was not a trust management company.V. misled Stepanov S.V. about the fact that he would be the owner of trading accounts, although, in fact, according to the agreements of the Cyprus company "QB Capital CY LTD" is the owner of "master accounts", to which trading accounts of the Client are only joined; g) representatives of the company LLC IC "QBIEF" misled Stepanov S.V. misled Stepanov S.V. about the fact that he concludes an agreement with a Cypriot company carrying out financial and economic activities, although there are indications (absence at the official address, failure to submit annual reports since 2014) that this organisation, in fact, does not carry out financial and economic activities (and already at the time of signing agreements with Stepanov S. V. did not); g) the representatives of the company IK "QUBIEF" Ltd.h) according to the information on the official website of the Federal Corporation for the Protection of Rights of Interests (SECURITIES INVESTOR PROTECTION CORPORATION - SIPC), only deposits made by clients of SIPC member companies can be insured, and not deposits made by clients of foreign partners of SIPC member companies that are not SIPC members themselves. At the same time, neither IC QUBIEF LLC nor the Cypriot company QB Capital CY LTD are specified in the list of SIPC participants; and) no actions were taken by IC QUBIEF LLC and QB Capital CY LTD to "provide", "join" or open any accounts and no additional documents related to these accounts were provided to Stepanov S. provision of services of direct access to international stock markets concluded between QB Capital CY LTD and Sergey Vitalievich Stepanov and Agreements on provision of "Trust Management" services, concluded between QB Capital CY LTD and Sergey Vitalievich Stepanov, from which it follows that the trust management of funds, as well as the performance of duties under the agreement with Sergey Vitalievich Stepanov as a trustee on the part of QB Capital CY LTD should be considered as unsatisfactory. As a consequence, the violation of the provisions of the concluded agreements on the provision of "Trust Management" services between LLC "Qubey Finance" and Stepanov S.V., in terms of clause 1.2 of Annex No. 1 to the Agreement on the provision of "Trust Management" services in accordance with the Agreement on the provision of direct access to international stock markets No. 2004 - 15/IMR dated 03.02.2015 (Account 002004) and No. 2070 - 15/ IMR dated 24.03.2015 (Account 002070) (Investment Declaration): "Objectives of investment of funds: Achieving the greatest commercial efficiency in the utilisation of the Trustee's property";

Arkhangelsk region, Severodvinsk, Pobedy Avenue, 16). 16 Pobedy Avenue, Severodvinsk, Arkhangelsk region), in which the general director is the mother of the accused and the head of the criminal association Shpakov R.V. - Shpakova I.N., and the general contractor at all three sites was OOO SeverSpetsStroy (whose general director is the accused R.V. Shpakov himself). The materials of the criminal case have reliably established that part of the stolen money of citizens was used by the participants of the criminal association (criminal organisation) for the implementation of the above investment project;

(Vol. No. 277, pp. 95 - 204)

- other documents documents provided by the administration of Odintsovo City District of Moscow Region and Srednerusskiy Bank of Sberbank PJSC on the construction project located at the address: Moscow Region, Odintsovo District, v. Borodki, Parkovaya Street, 1, where the developer is Simon Jesso LLC. The materials of the criminal case have reliably established that part of the stolen money of citizens was used by the participants of the criminal association (criminal organisation) for the implementation of the above investment project. Thus, initially the participant and beneficiary of LLC "Simon Jesso" was R.V. Shpakov, who in 2014 sold part of the share to V.K. Arsenchuk, who is currently the general director of LLC "Simon Jesso" and the owner of 50% of the Company's share. Currently, the remaining 50 % of the share of Simon Jesso LLC belongs to Denis Vitalievich Sorokin (who is the sibling of Andrey Vitalievich Sorokin - the cohabitant of the accused Shpakov R.V.'s mother, I.N. Shpakova). Shpakov R.V. (through his mother Shpakova I.N.) sold to Sorokin D.V. in March 2021 the specified 50 % of the Company's share, at the same time, according to Sorokin D.V.'s version, in 2010 - 2011, he lent Shpakov R.V. money in the amount of 10,000,000, at the same time, Sorokin D.V. cannot document the fact of money transfer, after which in 2021, allegedly to repay the debt, Shpakov R.V. offered him to assign the specified share. At the same time, the general director of "Simon Jesso" LLC - Arsenchuk Valery Evgenyevich, who is a business partner of Shpakov R.V. and a co - founder of "Simon Jesso" LLC, does not know Sorokin D.V. and learnt about the transaction after it was signed. These circumstances, in conjunction with the documents obtained during the preliminary investigation, indicate the invalidity of the version of Sorokin D.V. and point to the fictitious nature of the transaction between Sorokin and Shpakov, who knew about the criminal prosecution against him under criminal case No. 12001450007000902, initiated on 25 September 2020. In other words, R.V. Shpakov purposefully re - registered the property to the persons under his control in order to avoid seizure of the property obtained as a result of criminal actions. The materials of the criminal case also establish that money was transferred to the settlement accounts of "Simon Jesso" LLC from the settlement accounts of various organisations controlled by the participants of the criminal association (criminal organisation) and its leader - Shpakov R.V. and used for embezzlement of funds of numerous citizens, including from the account of "M1 Invest" LLC (where the accused Shpakov R.V. is a participant), as well as from the account of the accused Shpakov R.V. himself, where the basis of the transfer was "payment/transfer". After that, the said funds were transferred to the address of the organisations involved in the construction of the housing estate located at the following address: Moscow region, Odintsovsky district, v. Borodki, Parkovaya street, уч. 1;

(Vol. No. 277, pp. 207 - 223, Vol. No. 278, pp. 2 - 67)

Thus, in the course of the preliminary investigation it was established that Q-BROKER LLC had a personal account B00004365 opened with the NCO JSC National Settlement Depository, which as of 31 May 2021 contained 336385, 24,249,244. There were 336385, 24 units (issuer - ZPIF of real estate "Rif Mixed Federal 2 qual"), which were further re - registered in various depositories, including the depositories of LLC Investment Company QBF and PJSC Bank FC Otkrytie, for the purpose of alienation of property in favour of third parties. It has been established that on the basis of the order for writing off the client (depositor) Tallerov Artem Olegovich (who is a controlled and trusted person of the participants of the criminal association (criminal organisation) headed by Shpakov R.V.) No. 1 dated 07 July 2021, securities of the real estate ZPIF "Rif Mixed Federal 2 qual" in the amount of 336385, 24 pieces were written off in JSC Otkritie Broker;

Also, on 28.11.2013, after signing the above - mentioned documents, within the framework of the previously concluded agreement and contract (agreement on direct access to the US securities market No. 1344 - 13/VR dated 28.11.2013), she handed over to Lepeshkin Dmitry cash in the amount of USD 18,000,

which at the exchange rate of the Central Bank of the Russian Federation as of 28.11.2013 amounted to 594,000 rubles. After the transfer of funds she was given a receipt dated 28.11.2013 on receipt of USD 18,000 to be credited to her account opened with the company "QB Capital CY LTD" (Nicosia, Cyprus) under the contract No. 1344 - 12/12BP dated 28.11.2013. After that her daughter A.E. Kozlovskaya on her (N.S. For this purpose she was issued a power of attorney for her daughter Kozlovskaya A.E., and her daughter started to deal with all questions and correspondence on withdrawal of her funds from the group of companies "QBF". She did not sign any documents on the transfer of contracts and accounts to other companies, and her daughter did not sign new contracts on her behalf, except for the order for withdrawal of funds dated 24.12.2018 with the company "White Lake Management". Till date, she has not been able to withdraw the monies invested in QBF Group of Companies even partially. In June 2021, she learnt from the media (official website of the Ministry of Internal Affairs of the Russian Federation) about the initiated criminal case against the founders of the company "QBF" (LLC "Investment Company QBF"). Thus, on 28.11.2013 she invested funds in the amount of USD 18,000, i.e. RUB 594,000, in the group of companies "QBF" (LLC "QBF Investment Company") for the purpose of receiving income. To date, the funds have not been returned to her either in full or in part. She considers that an offence has been committed against her, namely the theft of money by deception and breach of trust. She considers the amount of damage caused as significant;

- A.V. Polezhaev's testimony as a witness,

victim, according to which he has a close acquaintance Loginov Sergey (contract details 8 - 985 - 924 - 14 - 00), whom he has known for more than 17 years, was on friendly terms with him, as far as he knows he has his own business, which consisted in vehicle insurance. In 2012 he got acquainted with Vladimir Sergeevich Pakhomov, who works at QB Finance LLC (mobile phone 8 - 965 - 748 - 88 - 88). He got acquainted under the following circumstances: in 2012, he, Sergey Loginov and Vladimir Pakhomov met in a restaurant in Moscow. The meeting implied his acquaintance with Pakhomov V.S., as earlier Loginov S. had told him that he had an acquaintance who accepted cash as an investment. He was interested in this proposal, as he had free money at that time, Pakhomov V.S. promised about 2 - 3 per cent of the deposited amount monthly in cash. Also an important fact of his trust in Pakhomov V.S. was that earlier Loginov S., whom he had known for a long time, had also invested money. At the meeting Pakhomov V.S. seemed to him a businessman who inspired confidence. Pakhomov V.S. told him how his activity was organised, which consisted in

attracting people with free cash to invest in his business, namely by buying and selling securities and building apartment buildings. In April 2012, in the morning, he met with Pakhomov V.S. at the Hotel Ukraina, where he transferred cash in the amount of 400,000 US dollars, with the aim of obtaining benefits from the investment. After the cash transfer, he did not receive any documents from Pakhomov V.S. confirming the acceptance of the above amount from him. The agreement with Pakhomov V.S. was conditional. About three months later he received a phone call from Pakhomov V.S. asking him if he still had cash that he could invest. He replied that he had cash for such purposes. At the beginning of June 2012, V.S. Pakhomov came to the address: Moscow, Berezovy Roschchi Proezd, No. 10, (during this period he was renting accommodation at this address). At the meeting Pakhomov V.S. explained that it was necessary to invest more money in investments and to reach USD 1,000,000, after which his interest would increase (at the moment of transferring the money for the first time and subsequently he believed that Pakhomov V.S. was carrying out investment activities on his behalf and was really investing the money transferred by him in investments). As a result of this meeting, he handed over to Pakhomov V.S. cash in the amount of USD 200,000 (he could not specify the exact date of the cash transfer). It did not bother him that they did not draw up or sign any documentation, as he trusted him and they had a common acquaintance. In the period from June 2012 to December 2015, with certain periodicity Pakhomov V.S. made interest payments from the amount previously paid by him (at first, interest payments were made regularly, the amount of interest paid each time was different sometimes USD 10,000, sometimes USD 15,000, sometimes USD 50,000). After a year of interest payments, delays in interest payments of up to seven months began to occur. Thus, Pakhomov V.S. used to hand him money in cash without documentary proof. All his communication was with Pakhomov V.S., Sometimes the money was transferred by him personally, and sometimes by persons unknown to him, who are employees of LLC Qubey Finance, they transferred the money to him in different cities, namely St. Petersburg, Yekaterinburg, Moscow, where LLC Qubey Finance has opened additional branches, also several times he received money on his bank card from persons unknown to him, representing themselves as employees of LLC Qubey Finance, St. Petersburg branch (at the moment he cannot provide a statement, as a lot of time has passed). The total amount of interest paid to him is not more than USD 300,000. On 05 June 2012, he personally came to the office of Qubey Finance LLC, which was located in the building of the Moscow City complex at the following address: 8 Presnenskaya Naberezhnaya Street, Moscow, p. 1, 9th floor. 1, 9th floor. In this office he met Roman Shpakov and Zelimkhan Munayev. Pakhomov Vladimir introduced Munaev Zelimkhan to him as the commercial director of Qyubi Finance LLC, and Shpakov Roman as the deputy general director of Qyubi Finance LLC. Pakhomov Vladimir explained to him that the Cyprus company was an affiliated company of Qubey Finance LLC. While in this office, he signed the agreement on direct access to the US securities market No. 592 - 12/VR dated 05.06.2012 between him and the company QB Capital CY LTD, as well as the agreement on the provision of "Trust management services under the agreement on direct access to the US securities market No. 592 - 12/VR dated 05.06.2012. At the signing of these documents Pakhomov Vladimir Sergeevich was present, it was he who convinced him of the reliability of the transaction, he also guaranteed him the return of the full amount and the interest due to him. He also explained to him that in fact he had no risk of losing his money, as the funds were insured by the Federal Corporation for Protection of Rights of Interests under the mandatory deposit insurance system on the basis of clause 2.3 of the agreement. After the lapse of time he found out that there is no insurance. Roman Valeryevich Shpakov acts as the representative of QB Capital CY LTD under this agreement. On 10 February 2014 Pakhomov V.S. called him and offered to invest additional money in the business project in the amount of 1,050,000 Euros. He justified it by the fact that it is a new project, in which it is necessary to contribute more than 1 million dollars, it guarantees him a stable interest and profitability from the invested funds. After brief deliberation, he agreed with this proposal, Pakhomov V.S. informed him that the funds should be transferred to the settlement account of the Cyprus company, he further informed him of the number of the settlement account. So on 11.02.2014 he transferred funds in the amount of 1,050,000 Euros from his current account opened in a foreign bank in Germany, in Berlin, from account number 42100208900255970582 to the current account of the Cyprus company "QB Capital CY LTD". In 2016, he asked Pakhomov V.S. to employ his common - law spouse at QB Capital CY LTD as a manager. He knew that there was a branch in the city of Yekaterinburg, his wife at the time lived there, Pakhomov V.S. agreed and employed her. She worked for about two months at Kubi Finance LLC, after which she decided to resign because she was not satisfied with a job where she had to deceive and mislead people. Later, he was informed by his German colleagues that "QB Capital CY LTD" was liquidated, it does not conduct any financial and economic activity, also from the Republic of

Cyprus he was informed that "QB Capital CY LTD" on the territory of the Republic of Cyprus does not carry out its activities, and is currently liquidated. Around 2017 he learnt that he was not officially registered as an investor in "QB Capital CY LTD" and "QB Capital CY LTD". On 25 September 2015, according to V.S. Pakhomov, the terms of the previously valid agreement expired and he had to sign an Additional Agreement to the Agreement on the provision of "Trustee" services under the agreement on direct access to the US securities market No. 592 - 12/VR dated 25 September 2015. This agreement was signed between him and Qubey Finance LLC, the representative of Qubey Finance LLC was Pakhomov V.S., the General Director of the branch of Qubey Finance LLC, however, this additional agreement was valid until 2017. In total, he transferred to Pakhomov V.S. funds in the amount of EUR 1,050,000 and USD 600,000 as investments, and he received the promised interest on the deposited amounts from Pakhomov V.S. and unidentified persons who introduced themselves as employees of Qubey Finance LLC (approximately in the amount of USD 300,000). In 2019 (he cannot specify the exact month) he had a meeting in the building of the Moscow City complex, at the address: Moscow, Presnenskaya Naberezhnaya, 8, pp. 1 (on the ground floor in a coffee shop) between him, Munaev Z.V., Shpakov R.V., Pakhomov V.S. at this meeting it was decided to return to him money in the amount of 200 000 USD, for a period until 01 October 2019, until 01 November 2019 200 000 USD. Starting from 01 December 2019 at USD 15,000 each month for a total of USD 475,000, which was approximately 50 per cent of the total amount of money he had invested. He wrote a statement that he would have no claim after the above amount was transferred to him. Around October 2019, he received USD 200,000 from Shpakov R.V. He wrote a receipt for the money and gave it to Shpakov R.V. Later, he became aware of Aslambek, who was the brother of Munaev Zelimkhan, who said that he was related to Qubey Finance LLC and was the curator of this company. Aslambek then put forward the condition that he needed to transfer USD 200,000 to him as collateral for the project. He called Shpakov R.V. and asked why Munaev Aslambek demanded money from him, to which Shpakov Roman replied that Munaev Aslambek had the right to negotiate within the framework of the investment project, after which Shpakov Roman stopped contacting him. He repeatedly called the office of Qubey Finance LLC two times a day asking to be connected with Pakhomov V.S., or with Shpakov R.V., with any of the company's managers. The girl secretary informed him that she would pass on the information and he would definitely be contacted, but this did not happen. He repeatedly came to the office to talk to the managers - Pakhomov, Shpakov, but the guard did not let him in, referring to the lack of a pass and the absence of the management in the office. He asked Loginov to find Pakhomov V.S. to get in touch with him, Loginov said that he was afraid of Pakhomov V.S. and he would also refuse to return the money. He said that V.S. Pakhomov and R.V. Shpakov had acquaintances in law enforcement agencies and they would close all the issues. He would like to note that Pakhomov threatened him with physical violence after he went to the police. Thus, he believes that an offence, namely fraud, has been committed against him. In total, he had made deposits totalling 1,050,000 euros and 600,000 United States dollars to the company QBF LLC, which were subsequently stolen from him. He considers that he has suffered material damage in the above - mentioned amount, and considers the amount of damage caused to be significant;

according to which in 2013 his distant relative Yan Drachan got a job in the investment company LLC "QBF" (INN 7733673955) later renamed to LLC IC "QBF", part of the group of companies "QBF", in the sales department. In January 2014, he was invited to a meeting at the company's office at 64 Malohtinsky Ave. in St. Petersburg, lit. B, (BC "St. Petersburg Plaza"), to which he and his friend and colleague Anna Severilova attended. At the meeting on the company's side were Yan Drachan and Alexander (he does not remember his surname). Alexander, as a more senior and experienced employee, told them about the prospects of co - operation, as well as about the company and the options for investing money in order to receive income, told them that the company had existed since 2008, that during this time it had proved itself in the investment market, that through their company "QB CAPITAL CY LTD" and the company opened in Cyprus "QB CAPITAL CY LTD", it was possible to officially invest money in securities (shares) traded on the New York Stock Exchange. They were provided with photocopies of licences dated 24.12.2009, which were issued by the Federal Service for Financial Markets (FSFM of Russia). They checked the reviews about the company on the Internet, as well as data on the website of the Central Bank of Russia, where the information was confirmed - the licences were valid and the reviews were positive. All this was a decisive factor in choosing the company and confirming its reliability. They were also told at the meeting that the entry threshold to the company had been significantly reduced and was currently \$20,000, which was done to attract new clients. They were promised a profit of 20% per annum in dollars, with QBF's commission on Trust Management Agreements at 30% of the profit (the commission was later reduced to 27%). They told that there are three strategies to choose from: aggressive, weighted average, conservative. They recommended the weighted average strategy (with lower risks and average profitability). After the meeting, having looked at reviews about the company on the Internet and not finding any negative ones, we agreed to further co - operation. On 16.01.2014 on behalf of non - resident "QB Capital CY LTD" ("QB Capital CY LTD") entered into the Agreement on Direct Access to the US Securities Market No. 1426 - 14/ISR dated 16.01.2014, as well as on behalf of "QB Finance LLC" entered into the Agreement on Provision of "Trust Management" Services under the Agreement on Direct Access to the US Securities Market No. 1426 - 14/ISR dated 16.01.2014. The Trust Management Agreement was signed by Vladimir Sergeevich Pakhomov, General Director of the branch of LLC Qubey Finance SPB, acting on the basis of Power of Attorney No. 18 dated 01 October 2012, issued by Vladimir Georgievich Frolov, General Director. The legal information of the company, indicating in it - General Director: Frolov Vladimir Georgievich, Chief Accountant: Voronova Tatiana Petrovna and Commercial Director: Shpakov Roman Valerievich confirms this information. He (Bulin G.V.) by receipt, in cash, directly in the office of LLC "Kyubi Finance" at the address: St. Petersburg, Malohtinsky Ave. 64, lit. B, (BC "Saint - Petersburg Plaza") transferred funds in rubles for crediting to his dollar account (details of the dollar account are specified in the agreement) at the exchange rate of the Central Bank under the agreement with "QB CAPITAL CY LTD" dated 16.01.2014, on 23 January 2014 in the amount of 515,000 rubles and on 29 April 2014 in the amount of 300,000 rubles. When converted into US dollars, the total amount of cash transferred by him under the receipts is 23,533.40 (US dollars). The cash accepted from him is confirmed by receipts. The cash was accepted by the financial (later executive) director of the company "QB CAPITAL CY LTD" Modin Nikolay Vitalievich. Then monthly reports on his portfolio were sent to his e - mail address: gbulin@mail.ru from the company's e - mail addresses: reports@qbfin.ru; reports@qbcap.com, as well as, when the reports for some reason did not come in time or were delayed, they were sent by financial advisors: Jan Drachan from e - mail: Yan.Drachan@qbfin.ru, Gennady Vladimirovich Kisin from e - mail: gennadiy.kisin@qbfin.ru, Anton Porfiriev from e - mail: anton.porfiriev@qbfin.ru. In August 2014, Gennady Kisin offered to purchase a closed unit of the real estate investment fund "QBF REAL ESTATE". In 2015, in order to check the company for withdrawal of funds, he wrote a withdrawal order in the amount of USD 3,000, which at the exchange rate of the Central Bank of the Russian Federation as of 23.10.2015 is 188,366.4 rubles. The funds were transferred to his current account opened at the additional office of Avangard Bank, located at the address: St. Petersburg, Nauki Ave. 17, k. 1 (account No. 4081784020260000261). Later, in August 2018, he requested and withdrew another sum of USD 3,300, which at the maximum exchange rate of the Central Bank of the Russian Federation as of August 2018 is RUB 226,135.47, which he received at the company's office from Alexei Golubev. In 2016, his financial advisor Gennady Kisin suggested opening an Individual Investment Account (IIS), which he (Bulin G.V.) did through already QBF IK LLC (INN 7733673955) and ZENIT Bank. In 2018, his financial advisor at the time, Artyom Efremtsov (email address: artem.efremtsov@qbfin.ru)

invited him to his new office located at 11 Degtyarny Pereulok, St. Petersburg, "B", (BC "Nevskaya Ratusha"), 6th floor, where the St. Petersburg representative office of the financial group "QBF" had moved and insisted on re - registration of contracts for new companies - "White Lake Management Ltd" registered in the Cayman Islands, "Simtelligence Company Limited" registered in Hong Kong and LLC "VL Consulting". Saying that they would have problems withdrawing their money if they did not do so. Justifying it by the fact that under the conditions set by the Cypriot authorities to the companies from Russia, the rules on withdrawal of funds are tightened, which will violate the terms of the contracts and that it is difficult to withdraw funds, but it is easy to transfer shares to another company. Therefore, there will be no documents to withdraw funds from one company and transfer them to another. He was also assured that it was a mere formality, and taking advantage of his position as a financial advisor, continued to mislead him and involved him further in the implementation of the criminal scheme, as there were already courts with Cypriot offshore companies, and the company left Cyprus, which Artem could not have been unaware of. He said that the new companies were their affiliated companies, and that the general director had just now gone to Hong Kong to sort things out. Also, when signing agreements with VL Consulting Ltd and White Lake Management Ltd, he was offered to contribute additional money and participate in a pre - IPO investment round with SpaceX shares. He said he had no spare money and could take some of the money in his portfolio. In the end, he was forced to re - register for new contracts in 2019, saying that the company "QB CAPITAL CY LTD" in Cyprus was closing down. Artyom Efremtsov misled him as the company was already closed at that time. Reports started to come from the email address: reports@w - lake.com; reports@wl - mnt.com, and when they were delayed and missing from the mail, Artem Efremtsov artem.efremtsov@qbfin.ru. In December 2020, Artem Efremtsov resigned. He and Anna Severilova went to the company's office to meet with a new financial advisor, who turned out to be Dmitry Vladimirovich Moskaluk, Vice President of QBF Financial Group. At the same time he and Anna informed Dmitry Moskalyuk that they were withdrawing all cash from the main account, except for those in the pre - IPO "SpaceX" approximately 2/3 of the total amount according to the latest reports. Dmytro Moskalyuk tried for a long time to persuade them not to withdraw money and even to deposit more because, as he said, "now is the best period to deposit money". However, his arguments seemed unconvincing, even suspicious. In the end, he and Anna Severilova insisted on signing a withdrawal order. On 22.12.2020, Dmytro Moskaluk sent them a questionnaire and a list of documents to be collected to submit the order and withdraw the funds. The algorithm of actions and the package of documents from Dmitry Moskalyuk's letter is given below: 1. He submits a notice and requests a number for an order to sell off the assets in the account. 2. Within 5 days the number is sent and he prepares an order for asset sale. 3. He comes to the office and signs the sale order, he files it the same day. 4. The portfolio sale goes through (within 30 days - the time period is regulated in the contract). 5. They prepare the document package, the document package includes: a. A notarised English translation of the civil passport (spread with photo and all stamps) b. A colour, notarised copy (extract) of the foreign passport (photo spread) c. The questionnaire (in the attachment of the letter) you fill in as a WORD document and send it to him for checking, in fact the questionnaire is filled in with the data obtained from the whole package. d. 2NDFL certificates for the last year. e. A free - form recommendation from the bank about good relations with the bank in English or with a notarised translation into English. f. Colour scan of TIN. g. Utility bill (proof of residential address) receipt for payment of utility bills, and a recent payment of it in the bank from which the recommendation will be made, i.e. your name must be on the payment slip. h. Dollar account details from the bank from which the recommendation will be issued. 6. A liquidation balance sheet sent after the sale. 7. They meet and sign an application to send funds. 8. On the same day, he submits the signed application with the entire package of documents 9. The order with the documents goes through an internal check. 10. The payment is put for sending to the bank, they submit the documents and the order. 11. The bank checks the documents - sends the money. On 21.01.2021, he and Anna Severilova once again came to the office at 11 Degtyarny Pereulok 11, "B", (BC "Nevskaya Ratusha"), 6th floor, St. Petersburg, and signed the order for the sale of assets in the presence of Dmitry Moskalyuk. On 28.01.2021, he sent Dmitry Moskalyuk the completed questionnaire and the entire package of requested documents (electronically). On the same day Dmytro Moskaluk sent a reply email from dmitry.moskalyuk@qbf.world confirming that he had received the documents. Soon Dmytro Moskalyuk stopped answering emails and calls, both to his mobile phone and on request to his landline (to the QBF office) with a request to call him back. However, he met with him at the office and Dmytro Moskaluk said that his portfolio was being sold off. He did not receive monthly statements for April and March 2021. He met again in the office with Dmytro Moskalyuk who said that the reports were

not coming because the portfolio was being sold off and the liquidation balance sheet had not yet been formed. However, at the last meeting he and Anna Severilova had on 07.06.2021 (when she was able to catch Dmitry in the office of the company) he avoided direct answers. When asked why all the assets have not been sold yet, the terms expired on 21 March 2021, and the terms of the contract have been violated, Dmitry Moskalyuk began to say that nobody wants to invest their money, that they have a position in the portfolio, which has sagged by 20% since the purchase. Later it turned out that this position was bought into the portfolio after they informed Dmytro Moskalyuk about their intention to withdraw the money in December 2020. Because of which he assumes that this purchase was a well - planned action, in order not to fulfil the terms of the contract and ignoring the order to sell off the assets, Dmitry Moskaluk initially knew about the whole fraudulent scheme and that at the time of the cancellation of the contract with QB CAP Ltd, The Cyprus company "QB CAPITAL CY LTD" had not existed for a year already, and that the new contracts signed with "White Lake Management Ltd", "Simtelligence Company Limited" and "VL Consulting" Ltd were contracts with shell companies, deliberately misleading them, realising that no money would be withdrawn. At the same time he pretended to be active on the issue of withdrawal of their money. In June 2021, a report was sent to reports@wl - mnt.com, which showed that Dmytro Moskaluk (and the QBF company) had not performed any of the actions according to the algorithm sent to withdraw their funds. At the same time he actually made them pay for the preparation of some of the requested documents, namely: notarised translation into English of a civil passport (photo spread with all stamps); a colour notarised copy (extract) of a foreign passport (photo spread); a free - form recommendation from the bank about good relations with the bank in English or with a notarised translation into English. They also provided: 2NDFL certificates for the last year; colour scan of TIN. At the same last meeting Dmytro Moskaluk said that they had to sign one more document in which he would assume all costs and losses during the sale of assets. This document is not stipulated in the contract, but Dmytro Moskalyuk never provided him with the document. At the meeting Dmytro Moskaluk said that his printer was not working. He continued to confuse him and Anna Severilova by using his position as a financial advisor to mislead them that the money would be returned. In addition, at the meeting Dmitry Moskaluk changed his statements and proposals several times, and then he said that his company (QBF) has nothing to do with them and our assets, because QBF is just an intermediary, a representative of the fund in Russia, and the fund is not satisfied with their scandal, they will be contacted directly from "White Lake Management Ltd", in a month they will receive reports without QBF participation, all communications will be conducted directly, perhaps the fund, if it agrees with the financial advisors on certain conditions, advisors will still manage their clients. When he and Anna asked where he got this information, Dmitry Moskaluk said that this information is transmitted through internal closed communication. When he and Anna asked for contacts, Dmytro Moskalyuk replied that there had been searches and all computers and documentation had been confiscated, and that there was no communication now. He did not give them any contacts (e - mail, phone numbers, full names of people to communicate with). Then Dmytro Moskaluk said: "I have no time, he went to trade, maybe he will send in the evening the form of a new order for the sale of assets "at market price" to the e - mail with his personal". When he said that the money was handed over in your company's office, Dmytro Moskaluk replied, you should have looked at what you re - signed, referring to the new contracts with "WLM" and "VK - Consulting". Besides, Dmitry Moskalyuk never sent the forms and did not answer phone calls. At the same time, he and Anna learned about the initiation of criminal proceedings against unidentified persons from among the representatives of LLC IC QBEF on the grounds of an offence under Part 4, Article 159 of the Criminal Code of the Russian Federation. From what he made an assumption that Dmitry Moskalyuk, having a high position, being on good account in the company (according to all employees of "QBF" with whom he communicated) and possessing additional information, is a direct participant of the criminal scheme under criminal case No. 12101007754000065, besides, in 2014 Dmitry Moskalyuk already worked in "QBF" as a head of one of the sales departments, engaged in attracting new clients for "QB CAPITAL CY LTD". 01.07.2021, St. Petersburg representative office of QBF LLC moved out of the occupied office at the address: St. Petersburg, Degtyarny pereulok 11, "B", (BC "Nevskaya Ratusha"), 6th floor, our phone calls were not answered. Taking into account the fact that the deadline for returning the money to him had expired, there was no doubt that he had become a victim of fraudsters. To date, he has not been refunded the money paid to the "QBF" group of companies in the amount of 400,498.13 rubles. He considers that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely with the purpose of stealing his money by deceiving him. During the period of time from 16.01.2014 to 29.04.2014 the persons acting on behalf of

the group of companies "QBF" stole the money belonging to him in the total amount of 400 498,13 rubles. He assesses the amount of damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise this right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of interrogations of experts, and also to familiarise himself with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

The aforementioned person voiced a number of offers to invest in various stock exchange products. She was very persuasive and persistent, offered him to deposit funds as investments, guaranteed income from these investments. Since 28.02.2014 he received monthly reports on the state of his investment account to his e - mail, until September 2019 from the e - mail address: reports@qbfin.ru, reports@qbcap.com, however, for the reports on the state of his investment account, he tried to visit the office of the group of companies "QBF" at the address: Moscow, Presnenskaya Naberezhnaya St., 8, p. 1 reports@qbfin.ru , personally, having previously convened at the office of the group of companies "QBF". 1 , in person, having previously telephoned a financial advisor. Based on the data contained in the reports, he saw that the amount of the investment was growing. During the whole dialogue with Pavel Djimamuradov, he (P. Djimamuradov) explained that his (A.N. Petrov) funds were in safe hands, all invested funds were insured, risks were minimal, and he repeatedly offered him various products for investment. In the future, the funds were on his investment account, and he had no need to withdraw or withdraw the funds. Approximately in June 2016, it is difficult to name the exact date, he had a need to withdraw funds, in this regard, he informed his financial advisor Jimamuradov Pavel about his desire to withdraw funds from the account in the company "QBF". After that, his account № 40817840538254300139, opened in the branch of the additional office of "Sberbank", located at the address: Moscow, Saikina Street, 2, received funds of approximately 45,000 US dollars, the exact amount is difficult to name, (the bank statement can provide only for the last 5 years), which according to the official average monthly exchange rate of the Central Bank of the Russian Federation for June 2016 was 2,939,055.75 rubles (65.31235 rubles - 1 US dollar). To date, he has not been able to withdraw the remaining funds invested in the "QBF" group of companies. Around autumn 2020, he heard about a criminal case opened against the founders of QBF. After that, in July 2021, he applied to the Lefortovsky District Court of Moscow with a petition for recovery of funds from the company LLC "IC "QBF", 07.12.2021 his claim for recovery of funds was refused. Thus, in the period from 07.02 to 20.05.2014, his money in the amount of RUB 6,257,329.07 was stolen from him;

- The testimony of N.G. Sapozhkov, given by him as a witness and victim,

according to which he learned about the existence of the group of companies "QBF", which is engaged in successful investments and pays citizens a favourable interest on investment activities, from his acquaintances, according to which he learned about the middle of 2014. He had free savings and decided to make enquiries in the Internet about the group of companies "QBF". In the network - Internet he found a large number of positive reviews, in connection with which, he had even more interest in co - operation with the group of companies "QBF". One of his acquaintances, who is difficult to name, gave him the phone number of the head of the investment services department of "QB Finance" Kirill Sobolev (tel. 8 - 903 - 100 - 60 - 27). He contacted K. Sobolev and arranged a meeting with him at the main office of the "QBF" group of companies to discuss their possible co - operation in more detail. Thus, on 23.07.2014, at approximately 14:00, he arrived at the office located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor. Upon arrival at the office, he was met by K. Sobolev and escorted to a meeting room, where Sobolev K.'s supervisor - Deputy Director of QB Finance's Sales Department Yudin Maxim (tel. 8 - 903 - 100 - 24 - 68) - came later. During the meeting Sobolev K. and Yudin M. presented to him the investment products available in the organisation, ways of investing, mechanism of profit formation, order of reporting and informing the client, as well as in general the structure of the organisation, it was informed to him that the money will be invested in investment sites of foreign countries and for this reason the money is required in currency. Everything was presented in a colourful form, devoid of flaws, he was promised a high yield. He was also provided with the original licences of the Central Bank of the Russian Federation. At the end of the meeting he was offered to conclude an agreement to provide direct access to international stock markets. Yudin M. had already signed copies of documents with LLC "Kyubi Finance" represented by Munaev Zelimkhan Visaitovich, namely the agreement on provision of "Trust management" services No. 1721 - 14/IMR dated 23.07.2014, as well as the agreement on provision of services of direct access to international stock markets with "QB Capital CY LTD" No. 1721 - 14/IMR dated 23.07.2014 in the person of the representative by power of attorney Munaev Z.V. He gave his consent and signed the said documents, at the same time he took a pause to deposit funds. On 30.07.2014, at approximately 14:00, he again arrived at the office located at: Moscow, Presnenskaya Naberezhnaya, 8, bldg. 1, 9th floor. On arrival at the office, he was met by Mr K. Sobolev and escorted to a meeting room. He came to this meeting with cash on hand to transfer it for investment activities to the "QBF" group of companies within the framework of the agreements already concluded between them. Yudin M. was also present at the meeting. He handed Yudin M. USD 100,000 in cash, which at the exchange rate of the Central Bank of the Russian Federation as of 30.07.2014 was RUB 3,563,000. Yudin M. counted them on a money counting machine and left the meeting room. Some time later Yudin M. returned to the meeting room with a document in his hands, in which it is written that the company "QB Capital CY LTD" confirms receipt of funds in the amount of USD 100,000 from him. He (N.S. Sapozhkov) was not satisfied with this document and began to ask questions about the incorrect registration of the receipt of funds from him. In response to his questions, Yudin M. invited Munayev Z. to their meeting room, who confirmed the correctness of the actions of his employees. He was still not satisfied with this order of things, so he made a receipt on the above document with his own hand about the fact of his money deposit, but the above - mentioned citizens refused to sign it. Nevertheless, at the next meeting he was handed a receipt for the deposit of funds No. 3007SN, signed by Munaev Z.V. After he had invested funds in the group of companies "QBF", he started receiving reports to the e - mail address sapogkov_n@mail.ru, which were received until May 2021. These reports reflect the state of his investment portfolio. He was assigned a manager - Yudin M., then he was replaced by Gurevich Igor (tel. 8 - 903 - 100 - 46 - 33), they periodically called and communicated about the state of his investment portfolio. Also through communication by phone, he ordered to withdraw the "interest" received from investment activities to his foreign currency account opened with Avangard Bank. Thus, between November 2016 and August 2018, he received 2,687,966 roubles from the QBF group of companies. He received the funds both in cash and non - cash form. Twice during the entire time he received a call from Gurevich I. and invited him to the company's office for a meeting to sign additional documents. Taking into account the high level of his trust, as well as the situation with his investment portfolio reflected in the reports, he did not refuse Gurevich I. and arrived at the office of the company. Thus, on 04.06.2018, he arrived at the company's office at the address: Moscow, Presnenskaya Naberezhnaya, 8, bldg. 1, 9th floor, he was met by Gurevich I. and escorted to the meeting room. In the meeting room Gurevich I. informed him that in connection with the modification and development of the investment strategy of the QBF Group of

Companies he had to sign new documents of a technical nature. Thus, he signed a service agreement No. 1721 dated 04.06.2018 with "Simtelligence company Limited" represented by Korshunov D.A. Similarly, he signed a service agreement with LLC "VL - Consulting" (INN 7706463476) represented by Maricheva O.V., as well as trust management agreement No. D - 423227 - K with "White Lake Management Ltd" represented by Korshunov D.A. Payments were suspended at the end of August 2018, later he started asking questions and periodically called his financial advisor on this issue. Gurevich I. informed him about some reasons for which the payments were delayed. He was alarmed by all this, but decided to allow some more time for the QBF. Later, at the end of May, the beginning of June 2021, he learned from the media (the official website of the Ministry of Internal Affairs of the Russian Federation) that criminal cases had been opened and an investigation was underway. Taking into account the specifics of communication with managers, problems with attempts to withdraw funds, and also taking into account the fact that the money has not been returned in full, he has no doubts that he has become a victim of fraudsters. He believes that an offence has been committed against him, namely the theft of his funds in the amount of USD 100,000 through deceit and abuse of trust. He estimates the amount of damage caused to him as significant, namely 875,034 roubles;

At this meeting she was given printouts of advertising offers. Subsequently, all consultations on financial products were also conducted with her by Zaitsev Evgeny. On a monthly basis, she received reports on the investment portfolio on her e-mail address about the trading on the account. Based on the data sent to her, the investment amount was increasing. In June 2019, the financial advisor Abbas Abdukadyrov resigned and she asked for the contacts of a new financial advisor, she was informed in an email that Ruslan Sokolov was appointed as her financial advisor. In June 2019 she decided to completely withdraw all the funds from her investment account and in August 2019 Ruslan Sokolov sent her an order, with which she got acquainted and on 21.08.2019 in the office of the company "QBF" at the address: Moscow, Presnenskaya Naberezhnaya St., 8, p. 1, she signed this order. 1, she signed this order and handed it over to Artyom Tallerov. In October 2019, she wrote to Ruslan Sokolov to find out how things were with the withdrawal of her funds. On 30.10.2019 Ruslan Sokolov replied that he had made an enquiry about her portfolio. On 12.11.2019 she received a report on the portfolio, from which it was clear that it was not sold out. Further, she received an email from Ruslan Sokolov with an attached contract that needed to be re - signed. She did not re - sign this contract and further dialogue with the financial advisors from QBF ceased. In July 2020 she started again correspondence on withdrawal of funds from her account. She received a letter from Arthur Avanesyan on her mail that he is a financial advisor from "QBF" company. In June 2021, she tried to call the company, but to no avail, those who answered the phone could not explain anything clearly. - I. E. Polyakova's testimony , given to her as a witness, a victim,

according to which in 2014 Slobodov Alexander Arsenievich, who is her neighbour, told her about the group of companies "OVF", namely about the possibility of additional income by investing money in IRO - initial placement of securities on the stock exchange. She called the general telephone number of the "OVF" group of companies and was answered by a secretary whose details she did not remember. She left her contacts with the secretary. After that she was contacted by the manager of the group of companies "OVF" Gennady Vladimirovich (tel: 8 - 921 - 858 - 16 - 35), who immediately began to mislead her about allegedly financial products of the group of companies "OVF", about the system of participation in IRO allegedly with increased allocation. By his stories Gennady Vladimirovich convinced her that the group of companies "OVF" has a long and successful experience of work in Russia and abroad, has direct access to IRO, all necessary licences are available. Gennady convinced her that the reliability of work with the group of companies "OVF" is guaranteed by the legislation of the Russian Federation. Having trusted Gennady Vladimirovich, she agreed to deposit her money in the group of companies "OVF". She provided her e - mail address: ireyz52@mail.ru, to which the documents for signing the agreement and participation in investment projects were sent. On 13.10.2014 they entered into the Agreement on provision of services of direct access to international stock markets No. 1850 - 14/ISR dated 09.10.2014, and on behalf of QB Finance LLC the Agreement on provision of "Trust Management" services in accordance with the Agreement on provision of services of direct access to international stock markets No. 1850 - 14/ISR dated 09.10.2014. In the period from 13.10.2014 to 11.12.2014, being in the office of QBIF LLC located at the address: St. Petersburg, Malohtinsky pr., 64, lit. "B" (BC "Plaza SPb"), she handed over monetary funds to the employees of QBIF LLC, namely: 13.10.2014 in the amount of RUB 600,000, 27.10.2014 in the amount of USD 6,000, which at the exchange rate of the Central Bank of Russia as of 27.10.2014 is RUB 250,860.60, and EUR 6,000, which at the exchange rate of the Central Bank of Russia as of 27.10.2014 is RUB 317,439; 11.12.2014 in the amount of RUB 600,000. The total amount of deposited funds totalled RUB 1,768,299.60. In order to give the appearance of real investment of funds, Gennady Vladimirovich gave her 4 so - called "documents" in which the amount of deposited funds was indicated. After that, she started receiving monthly reports from the e - mail address: reports@w1 - mnt.com. containing information about the alleged presence of her funds on the account of the company "OVF". She believed her funds were invested. In October 2021, she decided to terminate all contracts with the group of companies "OVF" and take back her money, for this purpose she came to the above - mentioned office of IK QBF LLC. However, the office was closed and phones were not answered. At that time, she saw information in the media that criminal cases had been opened and investigations were underway against employees and managers of the OVF group of companies. This confirmed her thoughts that she had become a victim of fraudsters. To date, she has not received a refund of the money paid to the "OVF" group of companies in the amount of 6,000 US dollars, which at the exchange rate of the Central Bank of Russia as of 27.10.2014 amounts to 250,860.60 rubles, and 6,000 Euros, which at the exchange rate of the Central Bank of Russia as of 27.10.2014 amounts to 317,439 rubles and 1,200,000 rubles. She believes that the persons acting on behalf of the "OVF" group of companies initially did not intend to fulfil their obligations to her and acted solely for the purpose of stealing her money by deceiving her. The persons acting on behalf of the "OVF" group of companies stole her money in the total amount of 1,768,299.60 roubles. She considers the amount of damage caused to her as significant. She has been explained the right to file a civil action in the criminal case. She wishes to exercise this right and file a lawsuit. She has been explained the right to familiarise herself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of interrogations of experts, and also to familiarise herself with the materials of the criminal case in full or in part. She does not wish to exercise this right. She has not applied to the court with applications for recovery of money from the group of companies "IAB";

The remuneration for managing the funds was 30% of the profit earned. The following documents were provided as confirmation of the legitimacy and reliability of the company, additional guarantees: Order No. 24/2012 "On the establishment of a separate structural subdivision" dated 01.10.2012, three licences of a professional participant of the securities market of LLC "Kyubi Finance" (licences: series 01, No. 010595; series 01, No. 010596; series 01, No. 010597 without limitation of validity), risk insurance for 500.000 USD. Special emphasis was made on the fact that the company "Kubi Finance" is extremely reliable, has large partners, passes the checks of the Central Bank of the Russian Federation and at the same time offers an extremely profitable and securely insured trust management product with an affordable entry threshold (from 10,000 USD). 26.07.2013 in the office of LLC "Qubey Finance" (195112, St. Petersburg, Malohtinsky pr. 64, literature "B", BC "St. Petersburg Plaza"), they signed a set of Documents on trust management: - Agreement on direct access to the U.S. securities market № 1131 - 13/VR of 26.07.07.2013 (Agreement on direct access to the U/S/equities market No. 1131 - 13/BP 26.07.2013); - Agreement on provision of "Trust Management" services 10 111 (ten thousand one hundred and eleven) US dollars. The funds were transferred in the office of LLC "Kubi Finance" to the manager Alexander, who brought a receipt on receipt of funds on behalf of the financial director Modin Nikolay Vitalievich. The next replenishment of the account took place on 21 September 2013 by bank transfer without concealment of the current account, through the cash desk in the branch of PJSC "SberBank" located at the address: St. Petersburg, Novocherkasskiy prospect, 33, bldg. 3. The amount of the transfer was 480 000 (four hundred and eighty thousand) rubles, which amounted to 15 126 (fifteen thousand one hundred and twenty - six) US dollars at the exchange rate of the Central Bank as of 21.09.2013. In order to make the transfer, the manager of Qubey Finance LLC personally accompanied her to the bank branch to assist her in making the transfer. Approximately three months later, she received a phone call from another employee of Qubey Finance LLC, Sergey Tetyuev, who informed her that he would now be her financial advisor because Alexander had been fired for "leaking the client base to competitors". From 2014 until recently, she interacted only with Sergey Tetyuev as a representative of OVF and as a financial advisor. In order to get acquainted and discuss various issues, Sergey Tetyuev invited her to the office of Qubey Finance LLC. During the meeting Sergey actively promoted trust management, offered to increase the amount of funds under management, spoke about the complete reliability and high professionalism of the specialists of Qubey Finance LLC and guarantees of the result taking into account the chosen strategy. Besides, in 2014 there were two more cash deposits with receipt of receipts dated 10.02.2014 in the amount of 400 000 (four hundred thousand) rubles, signed by the Executive Director of QB Capital CY LTD Elena Gorobets and 16.12.21014 in the amount of 740 000 (seven hundred forty thousand) rubles, signed by the Financial Director Nikolay Vitalievich Modin - all employees of QB Capital CY LTD. At the official exchange rate on the date of deposit, these amounts totalled USD 11,189 (eleven thousand one hundred and eighty - nine) and USD 12,683 (twelve thousand six hundred and eighty - three) respectively. These deposits were made as a result of active campaigning by the financial advisor Sergey Tetyuev, who convinced not only of the reliability but also of the profitability of investments, taking into account the growth of the ruble - dollar exchange rate and the receipt of income in foreign

currency. Funds were transferred in the office of QB Finance LLC to the financial advisor Sergey Tetyuev, who in exchange provided receipts for receipt of funds from the specified employees of QB Capital CY LTD. She did not receive any documentary evidence that the money had been credited to her account at QB Capital CY LTD. The amount was reflected only in the reports sent out. It is possible that the money deposited by her was misappropriated by the persons indicated in the receipts, financial advisers or a group of persons. As it later turned out, no one could confirm the amounts of her assets in trust. However, in 2015 there was one withdrawal of funds in the amount of USD 5,000 (Inbound Swift Transfer dated 17.03.2015), which amounted to RUB 310,748 (three hundred ten thousand seven hundred and forty - eight) 50 kopecks (the official USD/RUB exchange rate as of 17 March 2015 was 62.1497). There were no other transactions under these agreements. Periodically (usually once a month), sometimes after a question to the financial advisor, reports were received by her. In them practically every month some portfolio of shares, financial result, for the period the size of commission was reflected. And the financial result was almost always positive and at about the same level (1.5% - 3% per month). Unexpectedly, in 2018, the financial advisor Sergey Tetyuev informed her about the need to reissue the contracts. As a justification, he said that this is due to tax legislation and for further work and cash refunds, new contracts need to be signed. All this is also reliable and profitable, the same analysts and traders are working, just the name is changed. At the same time trust management on international markets is still the direction of "OVF" activity. As a result, there was signed the Service Agreement No. 1131 dated 04.06.2018 between it and Limited Liability Company Simtelligence, the Service Agreement with Limited Liability Company "VL Consulting" dated 23.10.2019, Asset Management Agreement No. D - 191020 - J dated 23.10.2019, Trust Management Agreement No. D - 191020 - J dated 23.10.2019. When signing the agreements, the amounts that were transferred under the new Agreements from the accounts opened under the agreements between her, QB Capital and QB Finance LLC (QB Finance LLC was reorganised, legal successor of the rights and obligations of QBIF LLC) did not appear anywhere, i.e. the actual transfer of funds to her account was not confirmed by anything. It is possible that there was no such transfer and the money was withdrawn earlier or did not enter the trust management account at all. She only received reports in the form of files, which are not signed or confirmed by anyone. The re - signing of the contract and agreements look fictitious. The legal entities of the company, had the purpose to steal her funds or to hide fraudulent schemes and as a result not to return the invested funds, to avoid responsibility and to get out from under the control of the Central Bank of the Russian Federation. Sergey Tetyuev assured that it would only be more profitable, but no less reliable and convenient. Moreover, financial advisor Sergey Tetyuev claimed that it was OVF Group that had found the best way for the client to make a profit and minimise the burden. Other investment and brokerage companies, namely "BKS", did not find such solutions. At the same time, trust management has always been positioned by Sergey Tetyuev as a product of OVF and managed by OVF employees. Financial Advisor Sergey Tetyuev has worked in the group "OVF" for more than 8 years, holding various management positions. According to him, during his career, he was involved in training employees of all branches of OBF, headed the OBF office in Belgorod, and then, according to him, headed the OBF office in Kaliningrad (since about 2018). Most likely, he was aware of what was happening, but continued to assure reliability and persuade to sign new contracts and agreements. In August 2020, he claimed that the product was the best on the market and recommended not to withdraw funds and earn income (income on paper). In addition, the financial advisor Sergey Tetyuev regularly asked for contacts of acquaintances to also suggest that they invest in trust management from OVF. In March 2020, she decided to withdraw some funds from the trust management, but due to the crisis from OVF, the reports showed large minuses and Sergey Tetyuev persuaded her not to submit any withdrawal orders until the situation improved. In August 2020, she sent a request to the financial advisor Sergey Tetyuev asking him to confirm that she had assets in the amount indicated in the report. But in response she received a refusal with the reasoning that it is impossible - there are no personal accounts, there are some segregated accounts (confirmed by email correspondence). Moreover, the financial advisor Sergey Tetyuev continued to claim that the invested funds would bring income, although at that time the funds were not returned to the clients. Then she submitted a request (order) to withdraw USD 50,000 (fifty thousand). In response, the financial advisor Sergey Tetyuev sent a list of documents to prepare the withdrawal, and also sent a request for a "portfolio sale" (Notice of Asset Disposal dated 21.09.20 - signed at the OVF office in St. Petersburg). As a result, they received confirmation of the portfolio sale for USD 50,000. All documents for the withdrawal of funds were prepared, notarised, a 2NDFL certificate and her employment contract were provided, which confirmed the origin of the funds. In addition, an application for withdrawal of funds was

prepared. However, it was not possible to receive the funds. In November 2020, she was confirmed to sell off her assets. The financial advisor Sergey Tetyuev sent for filling and signing, the remaining documents. He also told her about the legal complexities and that she needed to wait. By that time she had already learnt that there were a large number of cases where people were not getting their money back for months or even years, there was no response to complaints to the Central Bank of the Russian Federation, and court proceedings had already started. The financial advisor argued that there are isolated cases related to incorrect documents, and so the funds are paid, perhaps with a slight delay. As a result, in January 2021, the financial advisor Sergey Tetyuev offered "the only option to return the funds" - through offsetting into units of the ZPIF "Skladskoy Federal" with the promise to further put in line for the realisation of this sought - after and profitable asset. Since she did not see any other ways to return the funds, and the ZPIF was managed by a management company with a licence from the Central Bank of the Russian Federation, she agreed to sign the documents and receive the units. At the same time, the value of the units at which they were to be delivered to her was about 2 times higher than the estimated value indicated on the management company's website. Financial advisor Sergey Tetyuev explained this as "tax optimisation" - the valuation of the fund's assets was deliberately understated in order not to pay high taxes. The full set of documents to be signed was presented to her only in the office of QBF LLC (address: St. Petersburg, Degtyarny per. 11 lit. B, pom.1 - H - "Nevskaya Ratusha"). The financial advisor Sergey Tetyuev did not warn that it would be an obscure scheme with some strange operations and counterparties. But since there were no other options, no possibilities to withdraw the funds, according to the financial advisor Sergey Tetyuev, she signed the documents in the hope of receiving at least shares. The set of documents included: 1. Set - off agreement between Olga Nikolaevna Shut and Lamera Holding Limited dated 17.04.2021 (it states that the company has debts to her, but such company is unknown to her); 2. Transfer Agreement between Olga Nikolaevna Shut and Lamera Holding Limited; 3. Subscription Agreement for Aurum Access Sarl (in English); 4. Subscription Agreement for Aurum Access Sarl (translation of the document from para. 3); 5. Netting Agreement between Shut Olga Nikolaevna and Lamera Holding Limited on 5 sheets in 1 copy; 6. Unit Purchase and Sale Agreement between Shut Olga Nikolaevna and Lamera Holding Limited; 7. Termination Agreement; 8. Service Agreement between Shut Olga Nikolaevna and Limited Liability Company Simtelligence dated 27.04.2021. According to the information of the financial advisor Sergey Tetyuev, the units have not been credited and all agreements, contracts have not been executed. As the shares have not been delivered and all agreements are null and void. The money is on the account. However, the money cannot be transferred due to legal nuances. From the moment of searches in May 2021 in the offices of OVF and further revocation of licences of QBIF LLC (02.06.2021) it became obvious that the funds will not be returned. From the moment of initiation of the refund process until the revocation of the licence of IC QBF LLC, the financial advisor Sergey Tetyuev assured that "everything will be fine" and maybe a little later, one way or another, but the funds will be returned to it. Since the revocation of the licence in June 2021, the financial advisor Sergey Tetyuev has been communicating only via WhatsApp messenger, with the main message: "No information yet; no options yet; Money is on the account, they can't transfer it". She believes the money has been stolen and all trustee - related activity is fictitious and unsupported. No contacts for communication with those who have her money in the account can be provided by the financial advisor Sergey Tetyuev. The only contact WLconsulting has in the form of an e - mail address, which he provided for communication with his "partner" (regionsupport@wl - consulting.ru), is invalid, and e - mails to it do not go through. At the same time, she continues to receive fake monthly statements for the cash balance, and the financial advisor suggested she apply for a sale of the portfolio balance. All negotiations, signing of documents, operations on transfer of cash for crediting to her trust management account took place only in the office of the group of companies "OVF" first at the address: 195112, St. Petersburg, Malohtinsky prospect 64, lit. "B", BC "St. Petersburg Plaza", then at the address: 191144, St. Petersburg, Degtyarny per. 11, lit. "B", room 1 - H. Nevskaya Ratusha" BC) and only with the employees of "OVF" (mainly Sergey Tetyuev, the financial advisor). All documents came from the email address of Sergey Tetyuev's financial advisor (Sergey.Tetuev@qbfin.ru, sergey.tetuev@qbf.world), periodically reports also came directly from the email addresses of Sergey Tetyuev's financial advisor. The initial contract was signed with QB Finance LLC and QB Capital CY LTD. Reports came from the following email addresses: reports@qbfin.ru and reports@qbcap.com. Further (since October 2019), the reports came from the email ([reports@wl - mnt.com](mailto:reports@wl-mnt.com)) or from the email of the financial advisor Sergey Tetyuev (sergey.tetuev@qbf.world). Believes that all agreements and contracts that were provided to her in order to obtain more favourable terms (according to the financial advisor) were fraudulent schemes and were intended to

conceal the embezzlement of her funds received in cash by the financial advisor and employees of QB Finance LLC. The financial advisor Sergey Tetyuev, who has (had) a certificate of a professional participant of the financial market, deliberately misled her when reissuing documents from QB Finance LLC (QBF LLC) and QB Capital to dubious companies, while pretending to be QBF group of companies with licences and reputation in the market. No funds have been transferred anywhere, and there is not a single reliable document, neither about crediting of funds to her trust management account, nor about further transfers within the framework of re - signed agreements. To date, she has not been returned the funds deposited in the cash desk of the group of companies "OVF", as she then naively believed for investment in the amount of 1 639 251,50 rubles. She believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to her and acted solely for the purpose of stealing money, having deceived her. During the period of time from 10.04.2014 to 16.12.2014, the persons acting on behalf of the "QBF" group of companies stole money belonging to her in the total amount of RUB 1,639,251.50. She considers the amount of damage caused to her as significant. She has been explained the right to file a civil action in the criminal case. She wishes to exercise this right and file a lawsuit. She has been explained the right to familiarise herself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of expert interrogations, and also to familiarise herself with the materials of the criminal case in full or in part. She does not wish to exercise this right. In addition, she has not applied to the court for recovery of money from the OVF group of companies;

A.A. Ptitsyn's Testimony

given as a witness and victim, according to which in December 2014, on the recommendation of an acquaintance, he went to the office of the "QBF" group of companies at 8 Presnenskaya Naberezhnaya St., p. 1, Moscow, where he met his financial advisor Adam Guchigov (tel. 8 - 926 - 430 - 12 - 90). 1, where he met his financial advisor Adam Guchigov (tel. 8 - 926 - 430 - 12 - 90). Guchigov A. offered him to invest in various stock exchange products, he was very persuasive and persistent, Adam offered him to deposit money as an investment and guaranteed a high return on these investments. On 26.12.2014, at about 14 hours, he arrived at the office of the group of companies "QBF", at the address of Moscow, Presnenskaya Naberezhnaya St., 8, p. 1, where he took part in a conversation with a representative of the group of companies "QBF". 1, where he took part in a conversation with a QBF employee. This conversation was an advertising campaign of the QBF group of companies. Guchigov A. was present at this conversation. He was given a number of offers to invest money by investing in securities. Adam Guchigov was persuasive and persistent, after which he agreed to participate in investing in securities on the Russian and international financial market. At this conversation he was given printouts of advertising offers. Further all consultations on financial products were conducted with him by Guchigov A. On 26.12.2014, at about 15:00, in the office of the "QBF" group of companies at the address: Moscow, Presnenskaya Naberezhnaya St., 8, p.1, he signed the agreement on provision of services of direct access to international stock markets No. 1969 - 14/IMR dated 26.12.2014 with the company "QB Capital CY LTD" and the agreement on provision of "Trust management" services, in accordance with the Agreement on provision of services of direct access to international stock markets No. 1969 - 14/IMR dated 26.12.2014 with the company "QBFfinance" LLC. Both documents on behalf of the companies were signed by Munaev Zelimkhan. He did not see Munaev 3. in person when signing the agreement. On the same day, immediately after signing the agreements, in the office of the company "QBF" he handed over to Guchigov A. cash in

the amount of 117,000 USD, which at the exchange rate of the Central Bank of the Russian Federation as of 26.12.2014 was 6,156,540 rubles. The cash was transferred under the agreement on direct access to the US securities market No. 1969 - 14/IMR dated 26.12.2014. After the transfer of funds, he was given a receipt dated 26.12.2014 on receipt of USD 117,000 to be credited to the account opened in the company "QB Capital CY LTD" (Nicosia, Cyprus), to the account under the agreement №1969 - 14/IMR dated 26.12.2014. The signatory in the receipt from the company "QB Capital CY LTD" was the executive director Gorobets E.V., except for this receipt no cash reporting documents on the acceptance of funds from him were not given to him. After the transfer of funds to the employee of the company "QBF" and their crediting to his investment account, he received monthly reports on trading on the account to his e - mail address, based on the data sent to him, he saw that the amount of investments was growing. Throughout the time of communication with A. Guchigov, he explained that his funds were in safe hands, all invested funds were insured, the risks were minimal, and repeatedly offered him various additional products for investment. In January 2020, Vladimir Maslennikov became his financial advisor and informed him that he needed to re - sign a number of documents. After familiarising himself with them, at QBF's office at 8 Presnenskaya Naberezhnaya St., p. 1, Moscow, he signed all the documents. 1, he signed all the documents, new contracts and notices. The contracts were re - signed on 28.01.2020 with the company with the company "White Lake Management" Trust Management Agreement No. D - 388562 - A and the company LLC "VL Consulting" application for accession No. 388562 - 01, as well as the definition of cancellation of the Agreement on trust management services of 26.12.12.2014 between QBF LLC, the definition on cancellation of the Agreement on provision of services of direct access to international stock markets No. 1969 - 14/IMR dated 26.12.2014, the agreement on provision of services No. 1969 dated 04.06.2018 was signed with Simtelligence Limited Liability Company. From 2016 and 2017 he withdrew funds, namely on 25.12.2016 in the amount of USD 8,000, which at the exchange rate of the Central Bank of the Russian Federation as of 25.12.2016 was 486,822.4 rubles, and on 25.12.2017 in the amount of USD 3,500, which at the exchange rate of the Central Bank of the Russian Federation as of 25.12.2017 was 204,103.2 rubles. From the words of Vladimir Maslennikov, he realised that the funds withdrawn by him were profits from his investments. In December 2019, he realised from the report on the state of his investment account that it had decreased. After consulting with Vladimir Maslennikov, the latter convinced him (A.A. Ptitsyn) that this situation on the stock market is temporary, in the near future investments will start to grow. After that he monitored his investment account by monthly reports sent to his mail. He did not plan to withdraw any funds. After the account status report was not received in March 2021, he tried to contact Vladimir Maslennikov, but he did not answer calls and messages in messengers. He tried to contact via contact phones in the office, but to no avail. In April 2021, he heard from the media (the official website of the Ministry of Internal Affairs of the Russian Federation) about a criminal case opened against the founders of QBF. To date, a significant part of the money he invested has not been returned to him. He believes that an offence has been committed against him, namely theft of money by deceit and abuse of trust. In total, he was robbed of money in the amount of 6,156,540 rubles, and the amount of damage caused, taking into account the allegedly paid interest", is 5,465,614.4 rubles, which is significant for him;

- Vedernikova V. V's testimony , given to her as a witness, a victim,

according to which in 2010 she met Andrey Polezhaev, the circumstances of her acquaintance she cannot remember now, he is her common - law spouse, they are not officially married, they have two minor children. They live together at the address: Moscow, Berezovaya Roshcha Proezd, 8, sq. 61. In March 2012, she met A.V. Polezhaev at the Novinsky Passage restaurant, where they spent an evening together. Later, a man previously unknown to her arrived, A.V. Polezhaev introduced him as a financial advisor of the company Qubey Finance LLC - Vladimir Sergeevich Pakhomov. They got acquainted, sat and talked about their personal lives, Pakhomov V.S. told about his activities in LLC "Kyubey Finance", where he was deputy general director. According to him, the company was engaged in attracting investments from both individuals and legal entities. He spoke extensively about the successful transactions he had concluded on behalf of the company. He offered her and A.V. Polezhaev to invest cash in Qubey Finance Ltd. Pakhomov V.S. promised to pay monthly interest on the amount of the invested cash. At that time he did not tell her what exactly the interest was. She and A.V. Polezhaev were interested in this investment idea and they decided to contribute cash to Qubey Finance LLC. Around 25 March 2012, A.V. Polezhaev called Pakhomov V.S. and informed him that she was ready to invest in the company, to which Pakhomov V.S. told A.V. Polezhaev that he was waiting for her in the office. A.V. Polezhaev negotiated with V.S. Pakhomov the amount they should invest, as far as she remembered, it was USD 17,000. On 27 March 2012, she arrived at the office of Qubey Finance LLC, located in BC "Moscow City" at 12 Presnenskaya Naberezhnaya Street, Moscow, on which floor the office was located, she does not remember. The office seemed large to her, with many employees. The company secretary met her and invited her to the meeting room, where Pakhomov V.S. came later. He had some documents in his hands, then he started to advertise the company and said that they had made the right choice to invest money in this way. Then he asked her for her passport, she in turn gave him her passport, he (V.S. Pakhomov.) went away for some time, about 20 minutes later he came to the meeting room with the Agreement on provision of "Trust Management" services within the framework of the agreement on direct access to the US securities market "539 - 12/VR dated 27 March 2012 and the agreement on direct access to the US securities market "539 - 12/VR dated 27 March 2012, where "QB Capital CY LTD)" represented by R.V. Shpakov, acting on the basis of the general power of attorney of QB Capital CY LTD and her. She was not interested in who Shpakov R.V. was. This agreement implied the definition of conditions under which the company would interact with the client on the US securities market. She familiarised herself with these documents and signed them on Pakhomov's instructions. Further, she gave Pakhomov V.S. the money in the amount of USD 17,000, and he in turn gave her a receipt stating that "QB Capital CY LTD" acknowledges receipt of the above amount of money to be credited to her account opened with the Cyprus Company under the agreement No. 539 - 12/VR dated 27 March 2012. Why the receipt states 28 March 2012 she cannot explain, she handed over the money on the day of signing the contracts. V.S. Pakhomov convinced her that everything would be in the best way, saying that the larger the amount on the account, the higher the interest would be. On 29 March 2012 V.S. Pakhomov called A.V. Polezhaev and offered to deposit more money to her brokerage account. They collegially agreed, A.V. Polezhaev gave her USD 15,000 and she went to the company's office, where she was met by V.S. Pakhomov and she gave him the above amount of money, and he in turn gave her a receipt of receipt of the above amount of money to "QB Capital CY LTD" to be credited to her account. Pakhomov V.S. persistently tried to gain their trust, constantly asked about their family income, about the availability of real estate, constantly travelled to the working objects of A.V. Polezhaev, allegedly under the pretext of buying some real estate. V.S. Pakhomov did not provide them with the number of their brokerage account, login and password for their personal account. Every month they (V.V. Vedernikova, A.V. Polezhaev) received e - mail reports on the state of her account and, accordingly, the funds on it. There were some credits, as far as she remembers about 500 US dollars per month. She did not withdraw any money from the account, she does not remember the total amount of money on the account, as it was constantly changing and she did not keep track of it. In April 2012, she learned from A.V. Polezhaev that he also decided to invest money in LLC "Kyubi Finance" in the amount of USD 600,000, as far as she remembers he met with V.S. Pakhomov and gave him cash, but A.V. Polezhaev explained to her that he did not sign any agreements, he did not give him any receipts from V.S. Pakhomov, but simply accepted the money and said that he would deposit it into some investment account. On 05 June 2012 she became aware that A.V. Polezhaev concluded a similar agreement and trust management agreement with "QB Capital CY LTD" represented by R.V. Shpakov and deposited funds from his current account opened in a German bank, as far as she remembers the

amount was 1,000,050 Euros. He also received some reports on the status of funds by e - mail. A.V. Polezhaev explained to her that he signed the documentation while in the office of Qubey Finance LLC, the contract and agreement were provided to him by Pakhomov V.S. In the winter of 2012, A.V. Polezhaev gave her 100,000 US dollars, which she decided to invest as well, and they went together with him (A.V. Polezhaev) to the office of Qubey Finance LLC, where they were met by Pakhomov V.S. and received 100,000 US dollars from us. Further, she received an e - mail message that USD 100,000 had been deposited into her account. On a monthly basis she received reports on the interest credited for the use of the funds. In 2014 she decided to withdraw the funds from her account, she called Pakhomov V.S. and said that she wanted her money back, for what reason she decided to return the money, she does not remember. Pakhomov V.S. said that it was currently impossible, that the money was at auction. In 2014, her mother Vedernikova S.F. gave her 1,000,000 roubles as a gift, and she decided to deposit the money into an account. Following the same algorithm, she brought the money to the office and handed it over to Pakhomov V.S., after which she received a notification that the money had been credited to the account. In 2014, she had a desire to buy a flat in Yekaterinburg, as she wanted to move to this city due to financial difficulties. For a long time they tried to withdraw funds from her account in order to purchase the property. They had a conflict with V.S. Pakhomov about the return of the money. They (Vedernikova V.V., Polezhaev A.V.) decided to go to the office and meet with Pakhomov V.S. and resolve the issue. When they arrived at the office, Pakhomov V.S. came out, got into the car and handed over to Polezhaev A.V. approximately 900,000 roubles. She resented this and demanded a larger amount, to which Pakhomov V.S. told us to be happy with this amount, Pakhomov V.S. threatened them that if they demanded money from him, they would lose all their money. In August 2015, she moved to live in Yekaterinburg, where she could not find a job for a long time, further they learnt that there was a branch of Qubey Finance LLC in Yekaterinburg, after which A.V. Polezhaev offered her a job at Qubey Finance LLC as a financial advisor, he had previously discussed this issue with V.S. Pakhomov, who promised to employ her. No labour contract was concluded, she had an internship. The company office was quite large. Wages were not paid. There were always about 7 - 8 people in the office. She was interviewed by Kirill Sobolev, the director of the office of Qubey Finance LLC. Sobolev provided her with a certain algorithm for talking ("match") with a potential client and convincing him to invest money in the company. Her job description included handling cold calls. She purchased a list of rich people's mobile phones on the Internet, whom she would then call and attract to the company. If someone responded to an offer, they would come to the office and Sobolev would already negotiate with them. During the time she worked there, she was unable to attract any clients. After working there for about a month, she began to realise that this activity of attracting clients. When communicating with the employees of the company, she realised that they did not understand the whole essence of the company's activities, namely that the money was mainly attracted from individuals, some interest was paid, but in the future the fate of the money remained unclear. She informed V.S. Pakhomov that she did not want to work here anymore, to which he reacted aggressively. Munaev Zelimkhan Visaitovich and Roman Valeryevich Shpakov were acquainted to her in absentia, she did not know them personally, she knew that they were managers of LLC "Kyubi Finance". Pakhomov V.S. promised to return the money to her, as she needed to buy housing, but later he ignored her. She was aware that Andrei also demanded that the money be returned to him, but he was also ignored. Around 2015, she received an account statement on her email, where she found that there were no funds in the account. She reported this to A.V. Polezhaev, to which he contacted V.S. Pakhomov, who in turn reported that her funds had been given to A.V. Polezhaev in the amount of USD 170,000. She was surprised by this fact, as she had not given such consent and had not signed any documents. After that she had a serious conflict with Pakhomov V.S., as she did not understand where her money had gone, Pakhomov V.S. threatened her that she would never receive any money at all. She did not fulfil any of the contracts and agreements she concluded with "QB Finance" and "QB Capital CY LTD", her obligations were not fulfilled, her funds were not insured, she was not given the key to the accounts and the opportunity to control transactions with her funds. No transactions were coordinated with her. Reports were sent to her on a monthly basis, showing the amount of money that was charged as interest. She characterizes the actions of Pakhomov V.S. as fraudulent, as he entered into their (Vedernikova V.V., Polezhaev A.V.) trust, then having taken possession of the funds, began to conduct the dialogue differently. He refused to return the money on demand. Apart from Pakhomov V.S., she did not negotiate with anyone from LLC "Kyubi Finance". Pakhomov V.S. worked in "Kyubi Finance" LLC, therefore, I can state that the company also has signs of fraud. She admits such facts that some individuals were officially registered by Qubey Finance LLC as investors, i.e. concluded contracts, agreements, entered

them into the client base, but there were also cases when they attracted investors, took money from them without concluding a contract and without receiving the money in any way, as in the case of A.V. Polezhaev this was also the case. She did not inquire whether she was a registered client of QB Capital CY LTD;

- Testimony of Tretiukhin A.N., given by him as a witness and victim,

according to which he, 29.04.2015 arrived at the office of the group of companies "QBF" at the address: Moscow, Presnenskaya Naberezhnaya St., 8, p. 1, where he took part in a conversation with an employee of "QBF". 1, where he took part in a conversation with a QBF employee. This conversation was an advertising campaign of the "QBF" group of companies. At this conversation Spinka Ruslan was present, who voiced a number of offers to invest money by investing in securities. Ruslan Spinka was persuasive and persistent, so he agreed to participate in investing in securities on the Russian and international financial markets. At this conversation he was given printouts of advertising offers. Later on, Ruslan Spinka conducted all consultations on financial products with him. On 29.04.2015, being in the office of Qubey Finance LLC, at the address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, he signed with the company "Qubey Finance". 1, he signed an agreement with QB Capital CY LTD ("QB Capital CY LTD") on the provision of services of direct access to international stock markets No. 2128 - 15/IMR dated 29.04.2015, he also signed an agreement on the provision of "Trust management" services in accordance with the agreement on the provision of services of direct access to international stock markets No. 2128 - 15/IMR dated 29.04.2015 with QB Finance. Within the framework of the concluded contract and agreement, he, being in the office of Qubey Finance LLC, at the address: Moscow, Presnenskaya Naberezhnaya 8, p. 1, realised the transfer of cash. 1, realised the transfer of cash as follows: 29.04.2015 in the amount of USD 14,000, which at the exchange rate of the Central Bank of Russia as of 29.04.2015 was RUB 732,200; 23.06.2015 in the amount of RUB 673,000. After replenishing his investment account, monthly statements came with the replenishment and increase of his investment portfolio. In October 2019, Ruslan Spinka, an employee of QBF, informed him that it was necessary to re - sign a number of documents and sent him a list of necessary documents for signing a new agreement. After familiarising himself with the documents, he came to QBF's office at 8 Presnenskaya Naberezhnaya St., bld. 1 and signed all the documents, new contracts and notices. The contracts were re - signed on 17.10.2019 with the company "White Lake Management" Trust Agreement No. D - 945933 - J, and the agreement with the company LLC "VL Consulting", application for accession No. 945933 - 01, as well as the definition of cancellation of the agreement on the provision of services of "Trust Management" dated 29.04.04.2015 between LLC "QBF", definition on cancellation of agreement on provision of services of direct access to international stock markets No. 2128 - 15/IMR dated 29.04.2015, signed agreement on provision of services No. 2128 dated 04.06.2018 with Limited Liability Company "Simtelligence". In June 2021, he heard from the media (official website of the Ministry of Internal Affairs of the Russian Federation) about a criminal case initiated against the founders of the company "QBEF" in relation to the embezzlement of funds of the company's clients, as well as the fact that the clients

could not withdraw the invested funds. The QBF employees could not clearly explain to him how he could withdraw the money he had invested. On this basis, he concluded that the money he had deposited had been stolen by QBF employees. Thus, in the period from 29.04. to 23.06.2015, he transferred funds in the amount of RUB 1,405,200 as an investment to the QBF group of companies. No refunds of the funds were made to him. He believes that an offence has been committed against him, namely theft of money by deceit and abuse of trust. He estimates the amount of damage caused as significant, namely, 1,405,200 roubles;

- E.O. Sazonov's Testimony

as a witness and victim, according to which he received a telephone call in July 2015. The caller introduced himself as a manager from the investment company "QBF" working on stock markets. The manager offered to visit their office located at: Moscow, Presnenskaya Naberezhnaya 8, p. 1, 9th floor ("Moscow"). 1, 9th floor ("Moscow City") to discuss the terms of a very favourable and reliable placement of funds. He had funds that he wanted to invest to receive income. On 02.08.2015 he visited the company's office. In the reception room of QBF he was met by the manager of the company Igor Gurevich (tel. 8 - 903 - 100 - 46 - 33) and escorted to one of the rooms of negotiations with clients. During their conversation Igor Gurevich persuaded him to make a decision to place funds with them, promised high profitability and high reliability of the placement. He was told that his funds would be in safe hands, the activity of Qubey Finance Ltd. was licensed by the Central Bank of the Russian Federation. Having given in to persuasions and promises of high and stable profitability, he visited the office of this company on 05.08.2015, in the first half of the day, but not later than 13:00. There he was given the documents to sign. On 05.08.2015 he, being in the office of LLC "Qubey Finance", located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, with the purpose of investing funds. 1, for the purpose of investing funds in securities with high yield, he signed an agreement on the provision of direct access to international stock markets No. 2267 - 15/IMR dated 05.08.2015 with QB Capital CY LTD ("QB Capital CY LTD"), and also signed an agreement on the provision of "Trust Management" services in accordance with the agreement on the provision of direct access to international stock markets No. 2267 - 15/IMR dated 05.08.2015 with QB Finance LLC. Both agreements were signed by Zelimkhan Visaitovich Munayev, Director of Sales Department. Here in the office Igor Gurevich introduced him to Munaev Zelimkhan Visaitovich. Munaev Z.V. assured him that their co-operation would be "mutually beneficial". Then, being in the office of Qubey Finance LLC, located at 8 Presnenskaya Naberezhnaya Naberezhnaya, bld. 1, Moscow, he made a transfer of cash to him. 1, made a cash transfer as follows: on 06.08.2015 in the amount of USD 80,000, which at the exchange rate of the Central Bank of the Russian Federation as of 06.08.2015 was RUB 5,017,600; on 06.08.2015 in the amount of EUR 11,220, which at the exchange rate of the Central Bank of the Russian Federation as of 06.08.2015 was RUB 764,530.8; on 02.10.2015 in the amount of RUB 3,100,000, to carry out trust management of this money. In return, Igor Gurevich gave him receipts to the cash receipt order (a total of 3 receipts were issued), but for some reason issued in the name of the Cypriot company "QB Capital CY ltd". At that moment, unfortunately, he did not ask himself how a foreign company not registered on the territory of the Russian Federation could issue cash receipts in accordance with the rules established exclusively for Russian legal entities under Russian law. From the moment his financial assets were placed with QBF LLC, he received a financial

report on the trust management of his financial assets by email on a regular basis, once a month. In September 2020, he decided to withdraw his invested funds from QBF Ltd. He repeatedly tried to call the company's office to organise contact with his attached financial advisor Igor Gurevich, but the secretaries in the office each time informed him that all managers were currently in negotiations and that he would definitely be contacted. A few weeks later he found Igor Gurevich's phone number in his old records (tel. 8 - 903 - 100 - 46 - 33) and called him. It turned out, in his (Gurevich's) words, that he had resigned from the company, and that his (Sazonov's) financial adviser was currently one Artur Avanesyan. After some time he managed to call Artur Avanesyan and arrange a visit to the office of QBF LLC. On 23.11.2020, having visited the office of the company and having met with Arthur Avanesyan, he declared his desire to initiate the withdrawal of his invested funds. Arthur informed him that they had reorganised their companies and therefore it was necessary to observe certain formalities in the form of re - signing a number of papers and agreements related to the trust management of the invested funds. In particular, on 23.11.2020 he re - signed the "Trust Management" agreement with "White Lake Management Ltd" No. D - 635201 - K and the agreement on provision of services of access to international stock markets. Artur Avanesyan tried to convince him of the inexpediency of withdrawing the invested funds, as well as the fact that the reorganisation of the company should result in a sharp increase in the efficiency of management and, as a consequence, the profitability of the portfolio. Nevertheless, he insisted on his wish to withdraw the invested funds. Then Artur Avanesyan informed him that within a few days he would send him an "asset realisation notice" to his e - mail, which he had to sign and send a scanned copy of in return. Artur Avanesyan also informed him that the date of signing this document should be the starting point for returning the funds to him. The company should return the funds within 30 working days. On 09.12.2020 he signed the document and sent a scanned copy to the company. On 01.02.2021 the thirty - day period for the return of funds expired, however, from the moment he placed his funds in the company QBF Ltd. until now he has never withdrawn the invested funds and nothing has been returned to him. His repeated phone calls to his financial advisor Arthur Avanesyan (tel. 8 - 964 - 530 - 33 - 27) did not answer and avoided talking and meeting with him. Only via WhatsApp messenger he periodically received replies that there was no time to contact him, either a meeting or a business trip. The office on each occasion promised to relay messages and information to him to contact him. In view of the above, he believes that a group of persons consisting of the above - mentioned Igor Gurevich, Munaev Zelimkhan, Artur Avanesyan and their unidentified accomplices from among the employees of the company "QBF" unlawfully, through deceit, appropriated the money belonging to him by right of ownership. In total, they transferred funds in the amount of 8,882,130.8 roubles as investments for income generation in the QBF group of companies. No refunds were made to him. He estimates the material damage caused to him in the amount of 8,882,130.8 roubles as significant;

- Testimony of N.A. Bubnov, given by him as a witness and victim,

according to which in the spring of 2015 he received an advertising call on his mobile phone number from the representative of the group of companies "QBF" Rustam Akhmedov with a proposal for cooperation, in particular investment in securities of stock markets of foreign countries. At first he did not give an unambiguous answer, but started to make enquiries in the Internet about the group of companies "QBF". Having studied information from various Internet resources, he decided to go to the company's office to confirm his interests. He contacted Rustam Akhmedov and made an appointment at the office. In mid - June 2015, but no later than the 20th of June, he arrived at the QBF office located at 8 Presnenskaya Naberezhnaya, 8, p.1, 9th floor, Moscow. During the meeting in the office he was contacted by a manager named Rustam Akhmedov together with his supervisor named Padalko Nikolay. During the meeting, the latter presented to him the investment products available in the organisation, the ways of investment, the mechanism of profit formation, the procedure of reporting and informing the client, as well as the structure of the organisation in general. He was informed that the money will be invested in investment platforms of foreign countries, and for this reason the money is required in currency. Everything was presented in a colourful way, devoid of flaws. He was promised a return of 10 to 30 per cent per annum. He was also provided with original licences from the Central Bank of the Russian Federation. In addition, it was explained to him that among other financial products, the group of companies "QBF" has ZPIF products related to the construction of residential real estate. As a result of the meeting, he finally got the impression that these people could be trusted with his assets. They agreed that within the next few days he would again come to the company's office to sign the relevant documents and also carry the amount of money to be invested. On 24.06.2015, at approximately 13:00, he arrived at the address: Moscow, Presnenskaya Naberezhnaya, 8, bldg. 1, 9th floor, where he was met by the same manager accompanied by his supervisor Padalko Nikolay and escorted to the meeting room. They already had in their hands the documents signed by the representatives of QBF. On 24.06.2015 he, being in the office of QBF company (QBF LLC), located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, with the purpose of investing money funds. 1, for the purpose of investing monetary funds in securities with high yield, signed an agreement on provision of services of direct access to international stock markets No. 2197 - 15/IMR dated 24.06.2015 with QB Capital CY LTD ("QB Capital CY LTD"), and also signed an agreement on provision of "Trust Management" services in accordance with the agreement on provision of services of direct access to international stock markets No. 2197 - 15/IMR dated 24.06.2015 with QB Finance LLC. Both the agreement and the contract were signed on behalf of the representative Munaev Z.V. Padalko N. also had Annex No. 2 to the agreement on provision of "Trust management" services to the agreement on provision of direct access to international stock markets, within the framework of which in clause 4 he wrote about his intention to allocate USD 6,000 from his invested funds for the purchase of units of ZPIF. Then, being in the office of Qubey Finance LLC, located at the address: 8 Presnenskaya Naberezhnaya Naberezhnaya, bld. 1, Moscow, he made a cash transfer of USD 6,000 of his invested funds to purchase units of the ZPIF. 1, realised the transfer of cash as follows: 24.06.2015 in the amount of USD 18,500, which at the exchange rate of the Central Bank of the Russian Federation as of 24.06.2015 was RUB 1,002,885; 13.10.2015 in the amount of USD 9,500, which at the exchange rate of the Central Bank of the Russian Federation as of 13.10.2015 was RUB 580,925. On 24.06.2015 he handed the money personally into the hands of Padalko N., Padalko N. left the meeting room with the money, then returned with a receipt in his hands, which he handed to him. The receipt states that on 24.06.2015 the representative of "QB Capital CY LTD" Gorobets E.V. accepted 18 500 USD from him. Neither Gorobets E.V. nor Munaev Z.V. he has never personally seen or communicated with. After he invested money in the group of companies "QBF", he started receiving reports to his e - mail address: nick1969@yandex.ru, which were received by him until 25.05.2021. These reports reflected the state of his investment portfolio, both from the position of shares and ZPIF. From time to time he received calls from the manager Akhmedov Rustam, who offered him to invest additional funds, as well as to consider purchasing additional financial products of the group of companies "QBF". On 13.10.2015, at approximately 12:00, he arrived at the company's office at the address: 8 Presnenskaya Naberezhnaya, 8, bldg. 1, 9th floor, Moscow, where he also handed over to Padalko N., who met him, USD 9,500 within the framework of the previously concluded agreements, as indicated above. In exchange for the transferred cash, Padalko N. handed him a receipt to the cash receipt order No. b/n dated 13.10.2015 in the amount of USD 9,500. The signatory of the said receipt is Gorobets E.V. Subsequently, he never thought about withdrawing the funds until 2021. During this whole period of time he communicated with financial advisors, after

Padalko N., he was replaced by Zaitseva Yulia. The change of financial advisors occurred in early 2018. Around the beginning of June 2018, he received a call on his mobile phone number from Zaitseva Y., who informed him that he needed to come to the company's office in order to re-sign documents in the part concerning the investment strategy. He was unable to come and asked to send a courier with the documents to his office for work. The courier brought documents dated 04.06.2018, specifically service agreement No. 2197 dated 04.06.2018 with "Simtelligence Company Limited". Under the said agreement, Yurmaster Ltd. acts as the agent. Also attached to the package of documents are definitions on cancellation of the agreement on provision of services of direct access to international stock markets No. 2197 - 15/IMR dated 24.06.2015 between him and QCCI (Formerly "QB Capital CY LTD"), as well as the definition on cancellation of the agreement on provision of services of "Trust Management" dated 24.06.2015 between him and "QBifef" LLC. According to the words of Zaitseva Y., signing of these documents is a technical necessity and is caused by some change of financial strategy of the group of companies "QBF", and it will not affect the state of his invested funds in any way. He signed these documents. Later, about a year later, at the request of Zaitseva Y., a courier again delivered documents to his office, in particular, the trust management agreement No. D - 392110 - J in his person and "White Lake management Ltd", as well as the service agreement with "VL Consulting" Ltd. According to the words of Zaitseva Y. this set of documents similarly corresponds to the documents of the previous year and it is connected exclusively with the investment strategy of the group of companies "QBF". In the future he again changed his financial advisor from Zaitseva Y. to Danilenko Maxim. In February 2021, for personal reasons, he had the need for a full withdrawal of funds. He contacted his financial advisor Danylenko Maxim and notified him that he was going to withdraw the funds, to which he was informed that he needed to notify the company in writing. In connection with the above, he visited the company and in person on 17.02.2021, approximately at 12:00 p.m., in the office at the address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, 9th floor, he wrote a notice to the company. 1, 9th floor, he wrote a notice of withdrawal. After submitting the notice of withdrawal, Danilenko M. informed him that the withdrawal would take from several months to a year, and this was due to the closure of the international direction of work in the group of companies "QBF". There is also a queue for payment of funds and he will have to wait. Also Danilenko M. offered him to convert the debt to him in the face of the group of companies into the rouble equivalent in the financial product ZPIF, which additionally alarmed him and he refused. After the above events he started to make additional enquiries about the QBF group of companies and from information on the Internet he learnt that they had problems with withdrawal of funds since 2018. His attempts to contact Danilenko M. already after the withdrawal application had been submitted were unsuccessful. In April 2021, Danilenko contacted him and provided him with a long, absurd list of documents required to be submitted to withdraw his funds. Later, in late May or early June 2021, he learned from the media, including official news from the Russian Ministry of Internal Affairs, that criminal proceedings had been opened and an investigation was underway. Thus, he had no doubt that he was a victim of fraudsters. So far his money has not been returned to him. In total, he transferred to the address of the group of companies "QBF" in the period from 24.06. to 13.10.2015 monetary funds in the amount of 1 583 810 rubles. No refunds were made to his address. He believes that an offence has been committed against him, namely the theft of his money by deceit and abuse of trust. He estimates the amount of damage caused to him as significant, namely 1,583,810 roubles. Explains that no securities, in particular units of ZPIF and others, were purchased in his name. He has not received any information or notifications from QBF employees about the existence of securities purchased in his name;

- The testimony of Khlopiev V.N., given by him as a witness and victim,

according to which approximately at the end of April 2015 he was contacted by a representative of the group of companies "QBF", Abdukadyrov Abbas, by mobile phone. During the telephone conversation Abdukadyrov Abbas told him that the group of companies "QBF" is engaged in investing in shares of foreign companies and offered him to invest in various exchange products. He (Abdukadyrov) was very persuasive and persistent, therefore he (Khlopiev) was interested in his proposal, but decided to think about it. On 28.04.2015 he received another call on his mobile phone from Abdukadyrov Abbas with a proposal to visit the office of the group of companies "QBF". On 28.04.2015, at about 11:00 a.m. he arrived at the office of "QBF" companies, located at the address Moscow, Presnenskaya Naberezhnaya St., 8, p. 1, where he personally met with his wife, 1, where he personally met his financial advisor Abdukadyrov Abbas (tel. 8 - 985 - 700 - 07 - 42) who repeatedly offered him to invest in various stock exchange products, he was very persuasive and persistent. Before he started investing through QBF Group of Companies, he made enquiries about the company through the internet and through acquaintances. All reviews about the company were positive, everyone said that they successfully invest and also successfully withdraw the invested money, there were no doubts about the honesty of the company at the time of investment, therefore, he decided to agree to the proposal of Abdukadyrov Abbas and 28.04.2015, approximately at 11:30 a.m., at this meeting he concluded the agreement on provision of services of direct access to international stock markets No. 2125 - 15/IMR dated 28.04.2015 between him and the company "QB CAPITAL CY LTD", as well as the agreement on provision of "Trust management" services in accordance with the agreement on provision of services of direct access to international stock markets No. 2125 - 15/IMR dated 28.04.2015. At the conclusion of the agreement the representatives of the group of the company "QB CAPITAL CY LTD" were the employees of "QBF", namely - Pavel Jimamuradov and Abdukadyrov Abbas (personal manager), Zelimkhan Munayev - the signatory from the side of "QB CAPITAL CY LTD", I have not seen him personally, he was not present at the meeting. Since May 2015, he started receiving monthly reports on the status of his investment account to his email, from the email address: reports@qbfin.ru, reports@qbcap.com, since September 2019 from reports@wl - mnt.com. Some time later, in December 2018, Bogdan Sirotiuk called him on his mobile phone and informed him that Ruslan Sokolov would now be his financial advisor, explaining that Abdukadirov Abbas was no longer in charge of financial matters and that Ruslan Sokolov would handle all matters. Subsequently, the funds were in his (Khlopiev's) investment account, however, Ruslan Sokolov did not send monthly reports on the status of the account, therefore, there was a need to withdraw or withdraw the funds. On 17.06.2019, at approximately 14:00 hours, he sent a notice to "KyBiEF Adviseri" LLC about the need to start the procedure of withdrawal of funds from account No. 2125 - 15/IMR dated 28.04.2015. After that, Ruslan Sokolov delayed the withdrawal of funds until December 2019 arguing that there were difficulties with the withdrawal through the Cayman Islands, later he said that it was necessary to collect a package of documents. After he collected the necessary documents and on 07.07.2020, approximately at 14:00, he (Sokolov) provided Ruslan Sokolov with the "Trust Management" agreement № D - 259031 - G dated 07.07.2020 "White Lake Management Ltd", which was signed by Korshunov D.A. with the imprint of the seal "WL", saying that he needed to sign it to be able to withdraw funds from the Cayman Islands. He signed the agreement. During 2019 - 2021 he tried to withdraw funds from his account and initially all negotiations with him were conducted by Sokolov Ruslan, after which he (Sokolov) informed him (Khlopiev) that the withdrawal of funds was handled by his Danelenko Maxim, who said that there were difficulties with the transfer, suggested him not to hurry with the withdrawal of funds, but he refused and said that he intended to withdraw his funds. Danelenko then told him that the funds could only be withdrawn through Meshkova Daria (tel. 8 - 903 - 153 - 17). He then met with Meshkova Daria, the exact date and time is difficult to name, in the afternoon, talking to her about withdrawing the funds. She offered him a withdrawal of USD 50,000 within 15 days and suggested that he sign "Appendix #1: Investment Objectives and Fees and Related Terms and Conditions of WL". He signed this attachment. Thereafter, she stopped contacting him. On 28.11.2018 he managed to withdraw USD 15,000, which at the exchange rate of the Central Bank of the Russian Federation as of 28.11.2018 was 1,001,700 rubles. Employees of the company "QBF", said that these were dividends. Approximately in May 2021, from the media (the official website of the Ministry of Internal Affairs of the Russian Federation), he heard about a criminal case initiated against the founders of the company "QBF". In total, they transferred 9,213,600 rubles to the "QBF" group of companies between 29.04. and 19.10.2015. Till now the full amount of money invested by him in the group of companies "QBF" has not been returned to him. Claims will be brought for the amount of damage caused to him. He considers that a crime has been committed against him, namely theft of his money by deceit and abuse of trust. I estimate the amount of damage caused to him as significant;

, according to which approximately in October 2015 he started looking for additional income by investing the money he had at that time. He found information on the Internet regarding the group of companies "QBF". LLC "IK "QBF" had 4 licences of the Central Bank of Russia, namely: licence for brokerage activities No. 045 - 12805 - 100000 dated 24.12.2009, licence for dealer activities No. 045 - 17X16010000 dated 24.12.2009, licence for securities management No. 045 - 12828 - 001000 dated 24.12.2009 and licence for depository activities No. 045 - 14078 - 000100 dated 08.08.2019. Having studied all the available information, on 29.10.2015 he called the group of companies "QBF" and with the manager of the organisation Ruslan Spinka agreed to arrive at the office of the organisation the next day to sign all the necessary documents. On 30.10.2015 he arrived at the office of QBF ("QBF") at the address: Moscow, Presnenskaya Naberezhnaya 8, p. 1, where he was met by the manager of the organisation. 1, where he was met by the manager of the organisation, who introduced himself by the name of Ruslan Spinka, with whom he further interacted and contacted (tel.8 - 967 - 186 - 60 - 39). He (Spinka) told him about the products in which he (Khlobyshev) was going to invest, was quite convincing, confidently told about the activities of the organisation. On 30.10.2015 he, being in the office of LLC "Qubey Finance", located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, with the purpose of investing funds. 1, for the purpose of investing cash in securities with high yield, he signed an agreement with QB Capital CY LTD ("QB Capital CY LTD") for the provision of services of direct access to international stock markets No. 2379 - 15/IMR, dated 29.10.2015 for some reason. He also signed an agreement on provision of "Trustee" services under the agreement on provision of direct access services to international stock markets No. 2379 - 15/IMR dated 29.10.2015 with Qubey Finance Ltd. represented by Zelimkhan Visaitovich Munaev, Director of Sales Department. Within the framework of the contract and agreement he made a cash deposit: being in the office of Qubey Finance LLC located at the following address: Moscow, Presnenskaya Naberezhnaya 8, p. 1, he handed over cash to the Director of Sales Department Munaev Zelimkhan Visaitovich. 1, he transferred cash to QBF employees as follows: 30.10.2015 in the amount of RUB 1,160,000, 30.10.2015 in the amount of USD 5,265, which at the exchange rate of the Central Bank of the Russian Federation as of 30.10.2015 was RUB 337,855.05, 30.10.2015 in the amount of EUR 3,045, which at the exchange rate of the Central Bank of the Russian Federation as of 30.10.2015 was RUB 213,576.3, 19.01.2016 in the amount of RUB 300,000, 28.01.2016 in the amount of RUB 200,000. In total, he transferred funds in the amount of RUB 2,211,431.35 to the QBF Group of Companies. When he had a need to withdraw funds, he sent a corresponding withdrawal order in the amount of RUB 150,000 on 14.06.2016. Thereafter, on 21.07.2016, he was paid the said amount of RUB 150,000 in cash at the office of QBF. On 25.07.2017, he sent a similar order for withdrawal of funds in the amount of RUB 120,000, after which he received the said amount of RUB 120,000 on 30.08.2017 at the office of QBF. On 01.07.2019, on the initiative of the investment company QBF, a new service agreement No. 794941 - 01 was concluded with him, where the company named "VL Consulting LLC" was already listed as the second party, as well as a "Trust Management" agreement No. B - 794941 - C, where the company named "White Lake Management LTD" was listed as the second party, which was explained by the transfer of the international jurisdiction of the company to the Cayman Islands. In November 2020, he expressed his wish to withdraw all his funds from the investment company. On 07.12.2020 he sent a notice to the investment company to realise the assets. On 24.12.2020, they were again sent a notice on the realisation of assets, but with copies of the requested documents (passport of the Russian Federation, foreign passport, certificate of no criminal record, income certificates, etc.). However, these notifications were not executed, and no more money was returned to him. To date, he has not received the funds from the investment company in full. In May 2021, he learnt from the mass media and official publications of the Russian Ministry of Internal Affairs that key employees of the OVF group of companies had been detained for alleged fraud, and that the Central Bank of the Russian Federation had initiated an audit of QBIF LLC. They transferred a total of RUB 2,211,431.35 in cash to QBF Group. Employees of QBF returned the funds in the amount of RUB 270,000 to him. The remaining withdrawal orders were not executed and the funds were not returned in full. Thus, he realised that he had been cheated out of his money. He believes that an offence has been committed against him, namely the theft of his

money by deceit and breach of trust in the amount of 2,211,431.35 roubles. He considers the amount of damage caused to him as significant;

according to which approximately in the period from 2012 to 2013, being a client of "Stolichnye Finansovykh Gruppe", he got acquainted with a manager named Andrey Korzh. He (Korzh) was his manager and financial advisor who managed his investment account. In 2016, Andrey Korzh resigned from Stolichnye Finansovye Gruppe and was employed by QBF Group. After the above events, Korzh Andrey got in touch with him and offered him to transfer his assets already to "QBF" group of companies. Taking into account the trustful relations with Korzh Andrey he agreed. Also for him a positive argument was the fact that the money will be invested in investment platforms of foreign companies. Everything was presented in a colourful way, devoid of flaws. As a result, they agreed to meet at the main office of "QBF". On 17.02.2016, at approximately 14:00, he arrived at the office located at: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor. Upon arrival, he was met by Korzh Andrey and escorted to a meeting room. Korzh Andrey had already signed copies of the documents in his hands, namely: agreement on the provision of services of direct access to international stock markets No. 2508 - 16/IMR dated 17.02.2016 between him (Eremin) and the company "QB Capital CY LTD" represented by Munaev Zelimkhan Visaitovich and the agreement on provision of "Trust Management" services, in accordance with the agreement on provision of services of direct access to international stock markets No. 2508 - 16/IMR dated 17.02.2016 (Account 002508) between him and the company "QB Finance" LLC represented by Munaev Zelimkhan Visaitovich. He reported that he had never seen Munaev Z.V. and had never communicated with him. Later, by the beginning of March 2016, Korzh Andrey prepared all the necessary documents for non - cash transfer of the funds belonging to him, which were on the foreign currency account opened in PJSC "Rosbank". Thus, on 09.03.2016 in the morning, approximately at 15:00, he met with Korzh Andrey, and they proceeded to the additional office № 9735 of the Moscow branch of JSCB "Rosbank" located at the following address: Moscow, Bolshaya Polyanka Street, 28, b. 1. While at the bank branch, Korzh Andrey personally handed over the documents prepared by him, as well as details for making the payment to the operating cash desk and thus made a cashless transfer from his (Eremin's) foreign currency current account No. 40817840097350000292, opened at the additional office No. 9735 of the Moscow branch of JSCB "Rosbank" located at: 28, Bolshaya Polyanka St., bldg. 1, Moscow, to the account "QB Capital CY" to "QB Capital CY LTD" account No. CY0501400101010101020011705019 opened with The Cyprus Development Bank Public Company Ltd - Nicosia, Cyprus. On that day he transferred a total of USD 182,274, which at the exchange rate of the Central Bank of the Russian Federation as of 09.03.2016 amounted to RUB 13,340,634.06. After he invested funds in the group of companies "QBF", he started receiving reports to his e - mail address eryomin@inbi.ras.ru. These reports reflected the state of his investment portfolio. After some time, he was contacted by Korzh Andrey and informed him that the group of companies "QBF" was in a state of restructuring,

in connection with which it was necessary to sign a new agreement with their current partners. Taking into account the trusting attitude, he agreed with Korzh Andrey and came on 04.06.2018, at about 14:00 hours to the office of the company "QBF", located at the address: Moscow, Presnenskaya naberezhnaya, 8, p.1, 9th floor, where he was also met by Korzh Andrey. He had in his hands an agreement for the provision of services No. 2508 dated 04.06.2018 between him and the company "Simtelligence" represented by Korshunov D.A., whom he had never seen. He signed this agreement. In the summer of 2019, for personal reasons, he had a need to withdraw some funds from the QBF group of companies, in connection with which he drew up an order and sent it to Korzh Andrey Vladimirovich to his email address, and also sent a copy to "Simtelligence company Limited". The process of withdrawal of funds took more than half a year. During all this time he repeatedly reminded and demanded from the group of companies "QBF" the withdrawal of funds, in particular, on these issues he communicated with Korzh Andrey. After some time, he was contacted by Korzh Andrey and informed him that the group of companies "QBF" was again in a state of restructuring, in connection with which it was necessary to sign a new agreement with their current partners. Taking into account the information received from Korzh Andrey regarding the invalidity of the previous agreements, he agreed with Korzh Andrey and arrived on 03.10.2019, at approximately 14:00 at the office of the company "QBF", located at the address: Moscow, Presnenskaya Naberezhnaya, 8, page 1, 9th floor, where he was also met by Korzh Andrey. He had already signed documents in his hands, namely: a service agreement (standard form of adhesion agreement) dated 03.10.2019 between him and the company VL - Consulting LLC (INN 7706463476) represented by. Maricheva O.V., as well as the "Trust Management" agreement No. D - 693229 - J between him and the company "White Lake Management Ltd" represented by Korshunov D.A. On the same day he signed these documents. Around mid - December 2019 (he finds it difficult to give a more precise date), Korzh Andrey invited him to the office of QBF at 8 Presnenskaya Naberezhnaya, 8, p.1, 9th floor, Moscow, to disburse the funds. Korzh Andrey gave him USD 30,000 in cash, which at the exchange rate of the Central Bank of the Russian Federation as of December 2019 was RUB 1,932,291. Immediately after receiving the first amount, he submitted a new withdrawal order and sent it to Korzh Andrey to his email address and sent a copy to Simtelligence company Limited. After almost a year of reminders and promises from Korzh Andrey, he managed to withdraw another USD 30 000, in connection with which on 27.10.2020 he received the funds at the cash desk of the additional office "Zyablikovo" located at the address: 16 Voronezhskaya St., Moscow. At the above address he received USD 30,000, which at the exchange rate of the Central Bank of the Russian Federation as of 27.10.2020 was RUB 2,293,329. Immediately after receiving the amount of money, as part of the second withdrawal of his assets from the "QBF" group of companies, he submitted an order to withdraw all the remaining money belonging to him. After a while, taking into account the fact that the money was never returned to him, he filed a statement of claim in the civil court. In total, he transferred 13,340,634.06 rubles to the "QBF" group of companies. Till now the full amount of money invested by him in the group of companies "QBF" has not been returned to him. Claims will be brought for the amount of damage caused to him. Considers that a crime has been committed against him, namely theft of his money by deceit and abuse of trust. , according to which in September 2016 he was invited to QBF for an interview for the vacancy of financial advisor (invited by Irina, +79218581604, +79211800268). At the interview he was told about the organisation and its projects, and a meeting was held with the financial advisor Gennady (+79218581635). The meeting took place in the office at 64B Maloochtensky Ave. in St. Petersburg. Soon Gennady left the company and another financial advisor Golubev Alexey (+79218581624) communicated with me and persuaded him to bring and invest in QBF his savings in the amount of 5 200 USD, which he did. On 19.10.2016 in the office of LLC "IK QBF", located at the address: St. Petersburg, Maloohitinsky pr., 64, lit.B (BC "Plaza SPb"), according to the exchange rate of the Central Bank of Russia as of 19.10.2016 was 327 028 rubles. Subsequently, Alexey Golubev (from his words) headed the new Kaliningrad office of QBF, and he passed it to the third financial advisor Artyom Efremtsov (+79990422832. +79218581623), with whom they continued to communicate until 2020. Approximately, in February 2020, being in the above - mentioned office of QBF group of companies, he asked to partially withdraw his invested funds. So from the company's cash desk he was given 700 US dollars, which at the maximum exchange rate of the Central Bank of the Russian Federation as of February 2020 was 46,893.63 rubles. In 2020 he was transferred to a new advisor Dmitry Moskaluk (+79218581623, +79650288888). At his first meeting with Dmitry, he voiced that he planned to withdraw all the money. Dmitry dissuaded him for a long time, but finally he realised that he could not change his mind and asked him to draw up documents for withdrawal. It took a lot of time and money to prepare the full set of documents, as it was necessary to make notarised documents, translations and bank certificates (the full list of documents is in the mail). When he had prepared the package of documents, Dmitry told him in the mail that the procedure of withdrawal of funds had changed and now it was necessary to prepare another package of documents (he sent it to him in the mail). He read the documents and realised that they were clearly fraudulent. In June 2021, at the request of "QBF" in the Internet he started to search for information and found information that it is a financial pyramid scheme and that a criminal case has been opened against the organisers and there are many deceived depositors. To date, he has not been returned his money deposited to the group of companies "QBF" in the amount of 280,134.37 rubles. He believes that an offence has been committed against him, namely theft of his money by deceit and abuse of trust. The sum of the damage caused to him estimates for himself as significant, namely 280 134,37 rubles (two hundred eighty thousand one hundred thirty - four rubles thirty - seven kopecks). Also considers that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money, having deceived him. The persons acting on behalf of the "QBF" group of companies stole money belonging to him in the total amount of 280,134.37 roubles. He considers the amount of damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise this right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of interrogations of experts, and also to familiarise himself with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

At the beginning of May 2016, he first came to the office of IK QBF LLC (formerly QBF LLC) at the following address: 8 Presnenskaya Naberezhnaya, bld. 1, Moscow, where he met with representatives of the company. 1, where he met with the company's representatives Aslan Daev, who introduced himself as the head of the department, and Vyacheslav Morozov, his personal consultant. In the office of the company he was offered to invest in the international stock market. On 30.05.2016, being in the office of LLC "IC QBF", located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, under the pretext of investing money on the international stock market. 1, under the pretext of investing funds in securities with high yield, he signed an agreement with the company "QB Capital CY LTD" ("QB Capital CY LTD") on the provision of services of direct access to international stock markets No. 2669 - 16/IMR dated 30.05.2016, as well as he signed an agreement on provision of "Trust Management" services in accordance with the agreement on provision of services of direct access to international stock markets No. 2669 - 16/IMR dated 30.05.2016 with "QBIF IK LLC". Further, being in the office of LLC IC QBF, located at the following address: Moscow, Presnenskaya Naberezhnaya 8, p. 1. 1, realised the transfer of cash as follows: 30.05.2016 in the amount of RUB 670,000; 26.07.2016 in the amount of RUB 800,000; 27.07.2016 in the amount of RUB 830,000; 10.11.2016 in the amount of RUB 570,000; 10.11.2016 in the amount of RUB 1,030,000. He did not meet Z.V. Munayev himself, he received the contracts with his signature and seals of the organisations. He was sure that his funds were used for investing in stock markets, as he periodically received reports from the company to his email, indicating the ways of investing, securities and profits. Subsequently, also in the office of the company at the invitation of V. Morozov, he renegotiated contracts with new companies: service agreement No. 2669 dated 04.06.2018 with the company "Sintelligence", (Hong Kong, People's Republic of China, under registration number 1570903, registered office at 148 - 156 Jeffy Road, Kam Fook Mansion, Flat D 19/F, Wan Chai, Hong Kong, People's Republic of China), represented by Dmitry Anatolievich Korshunov, acting on the basis of a power of attorney dated 01.04.2018. Trust management agreement No. D - 004876 - K dated 19.11.2019 with White Lake Management Ltd. registered in the Cayman Islands as an exempt company under the Cayman Islands Companies Law SAR. 22 (the Cayman Islands Companies Law CAP. 22) under registration number SE - 330557 and with its registered office at Suite 2206, Cassia Court, 72 Market Street, Camana Bay, P.O. Box 30869, Grand Cayman. Box 30869, Grand Cayman, KY1 - 1204, Cayman Islands, represented by Dmitry Anatolievich Korshunov. These agreements, as V. Morozov explained to him, enabled the new companies to manage his money. All these contracts and agreements were offered to him in the office of IK QBF LLC by employees of this company or companies belonging to the same group of affiliates, citizens of the Russian Federation, and were signed by him for the purpose of investing money and receiving income. All further interaction with the managers of this company was carried out exclusively by e - mail or by phone of Vyacheslav Morozov (tel. 8 - 964 - 530 - 31 - 00), vyacheslav.morozov@qbf.ru, vyacheslav.morozov@qbf.world. On a monthly basis, he received reports without EDS or other signatures to his email from the company addresses reports@qbcap.com, reports@qbf.ru, [reports@wl - mnt.com](#). In December 2017, he partially withdrew funds from his investment accounts in the amount of USD 1,100, which at the average monthly exchange rate of the Central Bank of Russia was RUB 65,224.28. He received the funds in hand at the company's office also from Morozov V.. In February 2021, Morozov V. informed him of the need to transfer funds from abroad to Russian accounts and suggested that he prepare the following documents: Notarised copy of a foreign passport, Notarised copy of an internal passport (with English translation), TIN, letter of recommendation from a bank, proof of source of income (KYC requirements). On 22.03.2021 Vyacheslav Morozov informed him that his portfolio was closed. He was waiting for the funds to be transferred to him, but no funds were transferred to him. He repeatedly contacted V. Morozov by phone in May 2021, the last communication took place in early June 2021. He (Morozov) has not contacted him further, he has no opportunity to contact the company, and the refund claim has not been fulfilled to date. He has reasons to believe that the actions of the persons who concluded contracts with him in the city of

Moscow. Moscow: Vyacheslav Morozov, Munaev Zelimkhan Visaitovich, Elena Vyacheslavovna Gorobets, Dmitry Anatolievich Korshunov, as well as the employees of the company and other persons forming one group with them, acting in concert and by prior collusion, constitute an offence under Article 159 of the Criminal Code of the Russian Federation, because the activities of this company and the group of persons acting on its behalf in attracting investments on behalf of the Cypriot company, as well as the trust management of these investments, are fictitious, do not contain real transactions and are aimed solely at taking money from investors. As it became known to him, by the time of conclusion of the agreement on rendering services of direct access to international stock markets with him in Moscow, the company "QB Capital CY LTD" (registration number HE221325, registered on 31.01.2008 at the address: 12 Kennedy Business Centre, P. C. 1087 Nicosia, P. C. 1087 Nicosia, Nicosia.C. 1087 Nicosia, Cyprus - Cyprus), later renamed to "QCCI LTD", did not carry out any real activity, was already in a pre - bankrupt state and was later liquidated due to its bankruptcy, date of liquidation 07.08.2018. At the same time, no information about the termination of the activities of the affiliated Cypriot structure was not provided to him by the employees of the company IK QBF LTD (or companies belonging to the same group of affiliated entities with it). Thus, in the office of "IC QB&EF" LLC he was offered to conclude knowingly invalid and unenforceable transactions with the companies "QB Capital CY LTD" (later renamed into "QCCI LTD"), the alleged "Trust Management" agreement also had no legal significance. All these papers were offered to him for signing solely for the purpose of illegal seizure of his money. The reports sent to him in 2016 - 2021 were fictitious, there are no documents confirming the transactions with shares and other investment instruments mentioned in the reports. In the period from 30.05. to 10.11.2016 he transferred to the group of companies "QBF" the funds belonging to him in the amount of 3 900 000 rubles. In December 2017, a part of the money in the amount of 65,224.28 rubles was returned to him. He assesses the amount of damage caused as significant;

- B.A. Yegudkin's testimony , given by him as a witness and victim,

according to which in August 2016 he was contacted by an employee of the company "QBF" Kisin Gennady Vladimirovich. He does not know how Kisin G.V. got his phone number. During the telephone conversation G.V. Kisin told about the possibility of additional income by investing the available funds, both in foreign currency and in rubles, in the company "QBF" for further financial operations on the international market. Then he was interested in the proposal and they agreed to meet. Having studied information about QBF in open sources, he found it attractive enough to try to work with it. The presence of 4 licences from the Central Bank of the Russian Federation was one of the most important points that determined the reliability of the company. The meeting took place in the company's office located at 64 Malohtinsky Ave., Lit. B (BC "Plaza SPb"), St. Petersburg. At the meeting G.V. Kisin told about the prospects of co - operation, told about the company itself and the options of investing money in order to get income. He showed colourful presentations, told that the company has been on the market for many years, that during this time it has shown itself well in the investment market, that with the help of the company "QBF" you can officially invest money in securities (shares) traded on the New York Stock Exchange. He was shown the licences issued by the Federal Service for Financial Markets (FSFM of Russia). He was promised high yield and profit of at least 20% per

annum in dollars, with "QBF" commission on Trust Management Agreements of 30% of the profit. Different strategies were shown. On a choice were offered: aggressive, average weighted and conservative. Everything sounded very convincing, so the proposal then he was very interested, he took a pause to study everything carefully, think about it and make an informed decision. At home he once again found, and carefully checked the reviews about the company in the network - Internet, as well as data on the website of the Central Bank of Russia, where the information was confirmed - the licences are valid, and the reviews about the company were extremely positive. All this was a decisive factor in terms of choosing the company and confirming its reliability. Further, all interactions with the company "QBF" took place through the financial advisor Golubev Alexey, who at that time was in the position of the head of the department. After initial consultations and assurances in words that there will be no problems with the withdrawal of funds, he decided to try to deposit the first amount and on 29 September 2016, on behalf of a non - resident "QB Capital CY LTD" ("QB Capital CY LTD") with me signed an Agreement on the provision of services of direct access to international stock markets № 2799 - 16/ISR dated 01.09.09.2016, as well as on behalf of LLC "IC QBF" Agreement on the provision of "Trust Management" services in accordance with the Agreement on the provision of services of direct access to international stock markets No. 2799 - 16/ISR dated 01.09.2016, at the same time in the office of the company he made a cash deposit in the amount of 1,980,000 rubles. After Golubev A. told him that normal profitability (in the amount of about USD 4,000 - 5,000 thousand per month) of annuity payments can be achieved when investing at least USD 200,000 thousand in the account. On 14.11.2016, being in the office of the company "QBF", he additionally transferred to Golubev A. cash funds, namely 8 400 000 rubles, and additionally concluded an agreement with a non - resident "QB Capital CY LTD" ("QB Capital CY LTD"). Agreement on provision of services of direct access to international stock markets No. 2918 - 16/ISR dated 14.11.2016, as well as on behalf of "QB Capital CY LTD" Agreement on provision of "Advisory Management" services in accordance with the Agreement on provision of services of direct access to international stock markets No. 2918 - 16/ISR dated 14.11.2016. Within the framework of which, on the same day, he additionally transferred to Golubev A. cash funds in the amount of 38,000 Euros, which at the exchange rate of the Central Bank of the Russian Federation as of 14.11.2016 is 2,702,761.40 rubles. All payment documents (receipts to PKOs) for all three amounts accepted from him in rubles and Euros on behalf of "QB Capital CY LTD" were signed by the Chief Accountant Gorobets E.V. Confirmation of acceptance of these amounts to the account of the company "QB Capital CY LTD" were signed by Vladimir Pakhomov. All agreements on behalf of "QB Capital CY LTD" and on behalf of "IC QBIF Ltd" were signed with him by the authorised person Tselenkova Evgeniya Yurievna, who personally witnessed each page of each agreement with him. They transferred funds to the company's accounts in the form of cash, in the company's office. A. Golubev personally accepted the money, and in exchange he was given receipts stamped "QB Capital CY LTD". He would like to note that since October 2016 he started to receive electronic reports on allegedly made transactions with securities to his e - mail. In addition, under the guise of payment of interest from investment activities, in the period from 05.07.2017 to 26.12.2019, he made withdrawals of funds. 05.07.2017 in the amount of USD 5,000, which at the exchange rate of the Central Bank of the Russian Federation as of 05.07.2017 amounted to RUB 296,147.5, 08.12.2017 in the amount of USD 5,000, which at the exchange rate of the Central Bank of the Russian Federation as of 08.12.2017 amounted to RUB 296,474, 22.06.06.2018 in the amount of USD 5,000, which at the exchange rate of the Central Bank of the Russian Federation as of 22.06.2018 amounted to RUB 318,936.5, 26.12.2019 in the amount of USD 15,000, which at the exchange rate of the Central Bank of the Russian Federation as of 26.12.2019 amounted to RUB 925,746. In June 2021, he learnt from the media, as well as official publications of the Ministry of Internal Affairs of Russia, that criminal proceedings had been initiated and key employees of QBF Group had been arrested for fraud. Given the fact that the deadline for returning his money had expired, there was no doubt that he had become a victim of fraud. To date, he has not been refunded his money deposited with the QBF Group of Companies in the amount of 11,245,457.40 kopecks. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. In the period from 29.09.2016 to 14.11.2016 the persons acting on behalf of the group of companies "QBF" stole his money in the total amount of 11 245 457,40 kopecks. He considers the amount of damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise this right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of expert interrogations, and also to familiarise

himself with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

- The testimony of O.B. Sasovskaya, given to her as a witness and victim,

according to which in June 2015 she received a call on her mobile number 8 - 926 - 180 - 04 - 43 from a man who introduced himself as Igor Gurevich, a representative of Qubey Finance LLC. On 22.09.2015 at 12:14 p.m. she arrived at the office of Qubey Finance LLC, located at 8 Presnenskaya Naberezhnaya St., page 1, Moscow, where Igor Gurevich arrived. 1, where Igor Gurevich voiced a number of proposals to invest money by investing in securities. At this meeting Igor Gurevich was persuasive and persistent, he also told her about the payment of increased interest, guaranteed the legality and security of her subsequent investments, and psychologically pressurised her. Thus, she agreed to participate in investing in securities. On 22.09.2015 she, being in the office of LLC "Qubey Finance", located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, with the purpose of investing money in securities. 1, with the purpose of investing funds in securities with high yield, she signed an agreement with QB Capital CY LTD ("QB Capital CY LTD") on the provision of services of direct access to international stock markets No. 2311 - 15/IMR, which was dated 08.09.2015 (the agreement was drawn up in advance, but she signed it only before depositing the funds), and she also signed an agreement on the provision of "Trustee" services under the agreement on the provision of direct access services to international stock markets No. 2311 - 15/IMR dated 08.09.2015 with Qubey Finance Ltd. On 10.06.2020 in the morning she called Igor Gurevich and informed him that she needed to withdraw the remaining amount. He replied that the assets had been transferred to other companies and that in order to withdraw the funds she needed to come to the office again and sign new contracts. I.O. Sazonova's Testimony

as a witness and victim, according to which in January 2016 she learnt about the existence of the financial company "QBF" (QBF) from her brother Sazonov Evgeny Olegovich. Her brother had by then invested a substantial amount of money in QBF as an investment. In early May 2016, but no later than the 15th, from her mobile phone, she called the "general" QBF reception phone and asked to be put through to one of the managers. She was connected to Yulia Zaitseva. During repeated telephone conversations, Yulia Zaitseva insisted that she enter into a contract with QBF and hand over her money to them to manage. Zaitseva told her about various investment options, strategies, returns, etc. On 11.05.2016 in the morning, but no later than 13:00, she, having given in to persuasions and promises of high returns, came to the office of QBF company, located at: Moscow, Presnenskaya Naberezhnaya 8, p. 1, 9th floor ("Moscow, Presnenskaya Naberezhnaya 8, p. 1, 9th floor"). 1, 9th floor ("Moscow City"). Zaitseva Y. gave her the documents already signed by QBF representatives for signing. On 11.05.2016 she, being in the office of the company, signed the documents handed over to her by Zaitseva Y., namely: agreement on provision of services of direct access to international stock markets No. 2626 - 16/IMR dated 11.05.2016 between me and the company "QB Capital CY Ltd" represented by Munaev Z.V., agreement on provision of "Trust management" in accordance with the agreement on provision of services of direct access to international stock markets No. 2626 - 16/IMR dated 11.05.2016 between me and "QB Capital CY Ltd" represented by Munaev Z.V. The agreement and the contract were already signed by Munaev Zelimkhan Visaitovich. She has never seen Munaev Z.V. himself. On 11.05.2016, i.e. on the same day, being in the office of LLC "IC QBF" at the address: Moscow, Presnenskaya Naberezhnaya 8, p. 1, she, within the framework of the concluded agreement and contract, was in the office of LLC "IC QBF". 1, she, within the framework of the concluded agreement and contract, handed over to Yulia Zaitseva for trust management of money belonging to her in the amount of USD 20,000, which at the exchange rate of the Central Bank of the Russian Federation as of 11.05.2016 amounted to RUB 1,326,600. Having accepted the money from her, Yulia Zaitseva gave her a receipt for a cash receipt for the amount of USD 20,000, and for some reason the receipt was dated 12 May 2016. Moreover, the receipt was for some reason in the name of a Cypriot company "QB Capital CY Ltd". At the time, she did not even ask herself how a foreign company not registered in the territory of the Russian Federation could issue cash receipts in accordance with the rules established exclusively for Russian legal entities under Russian law. All the more so because she had signed

the previously mentioned contract with OOO IK QBF. She believed that it was this company that would manage her money on trust. After she deposited her funds, she started receiving reports on the state of her investment portfolio to her email. Throughout 2016, Yulia Zaitseva constantly suggested that she transfer additional funds to QBF to invest them, as she convinced her, in new financial "products". In November 2016, Yulia Zaitseva persuaded her to invest an additional €20,000 in QBF. She was very persuasive and persistent, so she agreed. On 25.11.2016, in order to receive this amount, Yulia Zaitseva came to her personally. They met with her in the restaurant "The House" (now Larionov Grill&Bar) in the shopping centre "Aventura", located not far from her (Sazonova) house, at the following address: 1 "A", Severnoe Chertanovo, Moscow. On 25.11.2016 approximately at lunchtime, but no later than 15 hours 00 minutes. There she handed over to Yulia Zaitseva 20,000 euros under the concluded contract and agreement, which at the exchange rate of the Central Bank of the Russian Federation as of 25.11.2016 was 1,361,800 roubles. Yulia Zaitseva gave her a pre - prepared, signed receipt to the cash receipt order on behalf of the Cyprus company "QB Capital CY ltd", dated 25 November 2016. Also, on 25.11.2016, Yulia Zaitseva handed her an additional agreement to the previously signed contract, which she immediately signed. In June 2019, Yulia Zaitseva insisted that she cancelled the trust management agreement with the Russian company QBF and entered into a new agreement with the foreign company White Lake management Ltd. Yulia Zaitseva explained that this was a purely technical procedure, as White Lake management Ltd was part of the QBF group of companies, and it was all necessary for the most efficient work on international financial markets. As she did not understand anything in this, she, believing Yulia Zaitseva, signed a new contract with "White Lake management Ltd" the "Trust management" agreement No. D - 912660 - F dated 27.06.2019 with "White Lake management Ltd". In addition, she signed twice some agreements in which she accepted the obligation not to claim money from QBF during the next year. At the beginning of 2020, Yulia Zaitseva stopped communicating with her. "QBF provided her with a new manager, Daria Meshkova. In March 2020, she wrote a letter to Daria Meshkova in WhatsApp messenger in which she outlined her request to transfer money within QBF to other financial products providing higher returns. There was no response to this letter. Since the managers of QBF actually stopped contacting and communicating with her from about summer 2020, on 11.12.2020 she wrote an e - mail to Daria Meshkova demanding the return of all the funds previously transferred to QBF. She did not receive any response to this letter. On 17.12.2020 she wrote a second letter to Daria Meshkova demanding that she immediately return all the money to me. She did not receive a reply to this letter either. Through her brother and his manager at QBF, she told Daria Meshkova to get in touch immediately and to address her refund issue. Daria Meshkova, thereafter got in touch, phoned her and agreed a meeting for 21.12.2020. However, on 21.12.2020 the meeting broke down. From December 2020 to January 2021, she tried to call Daria Meshkova, but she did not contact her again and did not pick up the phone. Between December and January 2021, she called the QBF reception desk on the "general" phone and left requests with the receptionists for someone from the QBF managers to contact her to resolve the refund issue. On 02.02.2021 Daria Meshkova got in touch with her. She asked Daria to send her a withdrawal application to her email, after which Daria Meshkova disappeared again. On 10.02.2021 Daria Meshkova sent her a notice on WhatsApp about the realisation of assets, which she had to sign. This notification contained the following phrase: "The Client notifies the Company and the Executor of the planned withdrawal order". She refused to sign this notice, as she did not plan, but submitted an order for withdrawal of funds. Daria Meshkova refused to change this phrase or decipher it on the part of the Company. Thus, she transferred funds to QBF Group of Companies as an investment in the amount of 2,688,400 roubles. The QBF group of companies did not return the money, even partially, to her. She believes that a group of persons consisting of Yulia Zaitseva, Munaev Zelimkhan, Daria Meshkova and their unidentified accomplices from among the so - called employees of QBF unlawfully, by deception, misappropriated the money belonging to her in the amount of 20,000 (twenty thousand) US dollars and 20,000 (twenty thousand) euros, which at the exchange rate of the Central Bank of the Russian Federation as of the date of transfer amounted to 2,688,400 roubles. The amount of damage caused to her is 2,688,400 roubles, which is a significant loss for her;

- Dyachenko E.V.'s Testimony

given to her as a witness and victim, according to which in December 2016 her father Dyachenko Vladimir Vladimirovich told her about the company "QBF". About the possibility to invest available funds in this company to carry out financial operations on the international market. Then he gave her the contact of Bogdanov Kirill Yurievich (tel. 89218581628, tel. 89046441254). They agreed to meet at the company's office located at the following address: St. Petersburg, Malohtinsky Ave. 64B, 9th floor, where they met on 20.12.2016. 26.01.2017 in the office of the company "QBF" at the address: St. Petersburg, Malohtinsky pr, d. 64B, 9th floor, she concluded the "Trust Management" agreement No. 3025 - 17/18K. A few days later - on 31.01.2017, she deposited cash in the amount of 5000 000 (five million) rubles in the presence of her financial advisor Bogdanov K.Y., in the negotiation room. The money was accepted by an employee of the company "QBF". She received a receipt order. Subsequently, she regularly received reports indicating foreign companies where her funds were placed. The returns were as per the reports convincing. On 26.04.2018, she prepared a set of documents for withdrawal of funds in the amount of 3,921,000 (three million nine hundred and twenty - one thousand) rubles. In October 2018, the above amount was received on her current account opened in "Sberbank". From the remaining funds in the amount of 1079,000 (one million seventy nine thousand) rubles, the ZPIF "QVF" Regional Real Estate" was formed. At that time, according to Bogdanov K.Y., it was more expedient to withdraw funds from the ZPIF after the commissioning and revaluation of the Gribovsky les Residential Complex located in Odintsovo, Moscow region. She obeyed. In July 2021 she learnt from the media that criminal proceedings had been initiated against the employees and managers of the group of companies "OVR". Taking into account the fact that the deadline for refunding her money had expired, there was no doubt that she had become a victim of fraud. To date, she has not been refunded her money paid to the "OVR" group of companies in the amount of 1,079,000 (one million seventy - nine thousand) roubles. She believes that an offence has been committed against her, namely theft of money by deceit and breach of trust. She estimates the amount of damage caused to her as significant, namely 1,079,000 roubles (one million seventy - nine thousand roubles). She believes that the persons acting on behalf of the "QBF" group of companies did not initially intend to fulfil their obligations to her and acted solely for the purpose of stealing her money by deceiving her. Her right to file a civil action in the criminal case has been explained to her. She wishes to exercise this right and file a lawsuit. She has been given the right to familiarise herself with the composition of the investigation teams, the decisions to order forensic examinations, the expert reports, the records of expert interrogations, and the materials of the criminal case in full or in part. She does not wish to exercise this right. She has not applied to the court with applications for the recovery of money from the QBF group of companies;

Evidence and their summary, confirming the guilt of Pakhomov V.S. in committing an offence under part 4 of article 159 of the Criminal Code of the Russian Federation against Ermakov V.V.:

- Testimony of V.V. Ermakov, given by him as a witness and victim,

according to which in the winter of 2015, namely in early December, he received a call on his mobile phone number from an employee - manager of the group of companies "QBF", who introduced himself as George Tsomaya. George Tsomaya explained to him that he was a financial advisor of the QBF Group of Companies and offered him to invest his assets in the QBF Group of Companies. They communicated on the phone, Tsomaya George very colourfully and convincingly told him about the investment products available in the organisation "QBF", the ways of investment, the mechanisms of profit formation, the order of reporting and informing the client, as well as in general about the structure of the organisation. He was informed that the funds will be invested in investment platforms of foreign countries. Everything was presented in a colourful form, devoid of flaws, Tsomaya George promised him a return of 7 - 9% per annum. As a result of all this presentation, he informed Tsomaya Georgiy in the course of a telephone conversation that he was ready to invest in the group of companies "QBF". They agreed to meet at the main office of "QBF". On 24.12.2015 at approximately 13:00 he arrived at the office located at: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, 9th floor. Upon arrival, he was met by George Tsomaya and escorted to a meeting room. Tsomaya Georgiy had already prepared documents for him: the agreement on rendering services of direct access to international stock markets with "QB Capital CY LTD" № 2452 - 15/IMR dated 23.12.2015 already signed by the representative of the company Munaev Z.V., as well as the agreement on provision of "Trust Management" services in accordance with the agreement on provision of direct access services to international stock markets No. 2452 - 15/IMR dated 23.12.2015 (Account 002452) (INN/KPP 7733673955/770301001) with the company "QB Capital CY LTD" represented by Munaev Z.V., also already signed by Munaev Z.V. He did not wonder why the documents were dated on the 23rd, although he arrived on the 24th, nevertheless, he signed the above documents. After signing the above - mentioned documents, as he and Tsomaya Georgiy had agreed beforehand, he gave him cash in the framework of the agreements I had signed: USD 10,000, which at the exchange rate of the Central Bank of the Russian Federation as of 24.12.2015 was 709,300 roubles. Tsomaya Georgiy counted the money received from him and in return handed him a receipt for a cash receipt order for the amount of USD 10,000. The receipt had the signature of the chief accountant Gorobets E.V. and the stamp of "QB Capital CY LTD", this receipt was dated 24 December 2015, under the contract 2452 - 15/1MK dated 23.12.2015. After he invested the funds under the concluded contract and agreement for direct access services to international stock markets in "QBF" group of companies, he started receiving monthly reports to his email rbvjhf53@yandex.ru, which reflected the status of his investment portfolio. After some time his financial advisor changed from Tsomaya Georgiy to a citizen named Zaitsev, the name is difficult to give. In the course of telephone conversations with Zaitsev, the latter convinced him to invest additionally his funds. On 31.01.2017 at approximately 13:00, he arrived at the office located at the following address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor. Upon arrival he was met by Zaitsev and escorted to a meeting room. In the meeting room, he handed him USD 5,500, which at the exchange rate of the Central Bank of the Russian Federation as of 31.01.2017 was RUB 330,880. In return, he received a receipt for a cash receipt order in the amount of USD 5,500. In the receipt was the signature of the chief accountant Gorobets E.V. and the seal impression "QB Capital CY LTD", this receipt was dated 31 January 2017, under the contract 2452 - 15/1MK from 23.12.2015. Zaitsev also asked him to sign a new agreement on the provision of trust management services with "IK QB Capital CY LTD" (INN 77303673955), represented by no. I.A. Gusarenko. Zaitsev explained to him that this was part of the new investment strategy of QBF Group and the reorganisation of the companies. He signed the said agreement. Also later on 04.06.2018 he came to the head office at the request of Zaitsev to sign a service agreement No. 2452 dated 04.06.2018 with "Simtelligence Company Limited", the above agreement was also allegedly within the investment strategy of "QBF" group of companies. At the beginning of 2019,

he again has a change of financial advisor from Zaitsev to Soloviev Igor. In order to withdraw the funds he had invested in the "QBF" group of companies, on 03.04.2019 he applied for withdrawal and started the procedure of collecting documents for withdrawal. There was a huge list of documents which he collected by early 2020. On 23.09.2019 his new financial advisor was Tallerov Artem, who invited him to the office under the same pretext - to sign new documents related to the investment strategy of "QBF" group of companies. Thus, on 27.09.2019 at approximately 13.00 hours he arrived at the office located at: Moscow, Presnenskaya Naberezhnaya, 8 pg. 1, 9th floor. Upon arrival, he was met by Tallerov Artem and escorted to a meeting room. Tallerov A. had signed documents in his hands: a "Trust Management" agreement and No. D - 025407 - I dated 27.09.2019 on the part of "White Lake Management Ltd" represented by Korshunov D.A. and a service agreement dated 27.09.2019 represented by a certain Maricheva O.V. He signed the above documents in the hope of a faster withdrawal of funds. In December 2019, Danilenko Maxim (tel. 8 - 916 - 615 - 26 - 61) became his financial advisor. He had a lot of communication with Danilenko M., and the maximum outcome was the withdrawal of funds to him on 12.02.2021 in the amount of USD 2,000, which at the exchange rate of the Central Bank of the Russian Federation as of 21.02.2021 was 147,500 rubles. He failed to withdraw more money. Later, at the end of May, beginning of June 2021, he learned from the media, including official news of the Ministry of Internal Affairs of Russia, that criminal proceedings had been initiated and QBF was under investigation. Taking into account the specifics of communication with managers, the problems encountered when withdrawing funds, and also taking into account the fact that the money has not been returned to him in full, I have no doubt that he has become a victim of fraudsters. In total, he transferred 1,040,180 roubles to the "QBF" group of companies from 24.12.2015 to 31.01.2021. Until now, the full amount of the money he invested in the group of companies "QBF" has not been returned to him. Claims will be brought for the amount of damage caused to him. Considers that an offence has been committed against him, namely theft of his money by deceit and abuse of trust. He considers the amount of damage caused to him as significant;

- The testimony of V.Y. Cherkasov, given by him as a witness and victim,

according to which approximately in 2009 he met, being a client of PJSC "Sberbank of Russia", with a manager named Frolova Evgenia (t. 8 - 906 - 251 - 22 - 86). She was his manager who offered him investment products of the company where she worked. She was then employed by VTB PJSC, where she also recruited him as a client of the bank. He had personal savings by virtue of his managerial position in a group of companies involved in the supply of goods in the field of mechanical engineering. He invested his personal savings in the activities of the banks of which he was a client. Being in a trusting relationship with Frolova E., he listened to her advice and recommendations as a client money manager. Some time later Frolova E. resigned from PJSC "VTB" and was employed by QBF group of companies. After these events, Frolova E. contacted him and offered to transfer her assets to QBF group of companies. He agreed, after some time, because he had an opportunity to invest his personal funds and also because of his trust in Frolova E.. When they talked on the phone, Frolova E. told him very colourfully and convincingly about investment products

available in the organisation "QBF", ways of investment, mechanisms of profit formation, the order of reporting and informing the client. He was informed that the funds would be invested in investment sites of foreign countries. Everything was presented in a colourful way, devoid of flaws, Frolova E. promised him high profitability. As a result of all this presentation, he informed Frolova E. in a telephone conversation that he was ready to invest in QBF group of companies. They agreed to meet at the main office of "QBF" in St. Petersburg. So, on 21.07.2017 at approximately 13:00 he arrived at the office located at the address: St. Petersburg, Maloohhtinsky prospectus, d. 64. Upon arrival, he was met by Frolova E. and escorted to the meeting room. In the negotiation room they were waited for by her supervisor, aka the signatory of the documents - Alexei Sergeyevich Golubev. A.S. Golubev had already signed copies of documents with LLC IC "Qubeef" represented by the sales manager A.S. Golubev, namely the agreement on provision of "Trust Management" services No. 3315 - 17/IMR dated 21.07.2017, as well as the agreement on provision of services of direct Access to international stock markets with "QB Capital CY LTD" No. 3315 - 17/IMR 21.07.2017 in the person of the representative by power of attorney Golubev A.S. They once again discussed the principle of work of the group of companies and he signed. Having signed the said documents, Golubev A.S. invited a girl unknown to him, who went into the meeting room with a machine to recalculate the money. On the phone with Frolova E. he indicated that he would arrive with cash. Subsequently, he handed over the money to the girl in the amount of 70,000 US dollars for recalculation, which at the exchange rate of the Central Bank of Russia as of 21.07.2017 is 4,135,600 rubles. The girl counted the notes, took the entire amount and left the meeting room. After some time she returned to their meeting room and handed him a receipt to the cash receipt order, which contained the signature of the chief accountant of "QB Capital CY LTD" Gorobets E.V., as well as an impression of the seal of "QB Capital CY LTD". After he invested funds in "QBF" group of companies, he started receiving monthly reports on the status of his investment portfolio to his email address vc.mail@mail.ru. At the beginning of June 2018, he received a call on his mobile phone number from Frolova E., who explained that he needed to come to the office of the "QBF" group of companies to sign an additional set of documents. She explained that this was necessary due to a change in the investment strategy of the group of companies and that this action was inherently only formal in nature. He was satisfied with this information received from the reports, and also due to the trust he had in Frolova E., he agreed to come to the office to sign the documents without any unnecessary conversations. Thus, on 04.06.2018 at approximately 13:00 he arrived at the office located at the address: St. Petersburg, Maloohhtinsky Prospekt, d. 64, where he was also met by Frolova E., who took him to the meeting room, where he signed a service agreement No. 3315 dated 04.06.2018 with "Simtelligence Company Limited" in the person of a certain Korshunov D.A., whom he had never personally seen or communicated with in his life. Similarly, a year and a half later, in December 2019, he also received a call on my mobile phone number from Frolova E., who explained that he again needed to come to the office of the "QBF" group of companies to sign an additional set of documents. She similarly explained to him that it was necessary in connection with the next change of the investment strategy of the group of companies and that this action had only a formal meaning in its essence. He had no reason not to trust Frolova E. as far as the above information was concerned, and he agreed to come. Thus, on 18.12.2019 at approximately 13:00 he arrived at the office located at: St. Petersburg, Degtyarny pereulok, d. 11B, where he was also met by Frolova E., who took him to the meeting room, where he signed a service agreement dated 18.12.2019 with LLC "VL Consulting" in the person of a certain Maricheva O.V., which she already had in her hands, as well as a trust management agreement № D - 758514 - L with "White Lake Management LTD" in the person of the same Korshunov D.A. Additionally, I inform you that he has never seen or communicated with Korshunov D.A. and Maricheva O.V.. At the beginning of 2020 he had a need to withdraw his funds in full from the group of companies "QBF". He contacted Frolova E. by phone, to which she began to dissuade him, referring to the unfavourable situation on the financial markets, against the background of the pandemic and the global crisis in general. He agreed with Frolova E.'s arguments and postponed this conversation until autumn 2020. In the autumn of 2020, in October, he again addressed Frolova E., but in a more urgent form, saying that he was going to withdraw all the funds he owned from the group of companies "QBF". Frolova promised to prepare the necessary documents and call him back. She did not contact him for some time, and when he called her herself, she informed him that she had resigned and no longer worked in the "QBF" group of companies. After the conversation with Frolova E., he independently called the office on the general line and asked to be contacted by his current financial advisor. After some time he received a call on his mobile phone number from Dmitry Vladimirovich Moskalyuk (tel. 8 - 965 - 028 - 88 - 88), they chatted and he invited him to a meeting at the office of the company. He agreed and in the first days of

November 2020 he arrived at the office at the address: St. Petersburg, Degtyarny pereulok, d. 11Б. During the meeting Moskalyuk D.V. informed him that the scheme described in the documents he had signed would not work, he suggested that he open an account in a foreign jurisdiction, for which a large package of documents had to be collected. This package of documents included the most incredible certificates, copies of documents with their apostilisation. He collected these documents and at the end of December 2020 handed them over to the office, sending them from his email address. In February 2021 Moskalyuk D.V. informs him that the previously described scheme of withdrawal with opening an account abroad and collecting documents will not work. Therefore, D.V. Moskalyuk started to offer him as a refund of his money participation in a ZPIF, which is an illiquid asset on the balance sheet of the QBF group of companies. He, pursuing the purpose to return the money belonging to him, gave his consent to Moskaluk D.V. (in correspondence) and they agreed that within 3 months the ZPIF would be sold out and he would be reimbursed the money belonging to him. Later, at the end of May - beginning of June 2021, he learnt from mass media, including official news of the Ministry of Internal Affairs of Russia, that criminal cases had been opened and the investigation was underway. Taking into account the specifics of communication with managers, problems with withdrawal of funds, and also taking into account the fact that the money was not returned to him in full, he has no doubt that he became a victim of fraudsters. Until now, his money has not been returned to him, in total, he transferred 4,135,600 rubles to the address of the group of companies "QBF". He believes that an offence has been committed against him, namely the theft of his money by deceit and breach of trust. He considers the amount of damage caused to him as significant. Additionally, within the framework of the present interrogation he asks to attach to the materials of the criminal case the originals of the following documents: Agreement on provision of "Trust Management" services in accordance with the Agreement on provision of direct access services to international stock markets No. 3315 - 17/ISR dated 21.07.2017 (Account 003315) on 6 sheets; Annex No. 1 to the Agreement on provision of "Trust Management" services in accordance with the Agreement on provision of direct access services to international stock markets No. 3315 - 17/ISR dated 21.07.07.2017 (Account 003315) on 3 sheets; Annex No. 2 to the Agreement on Provision of Trustee Services in accordance with the Agreement on Provision of Direct Access to International Stock Markets No. 3315 - 17/ISR dated 21.07.07.2017 (Account 003315) on 3 sheets; Agreement on Provision of Direct Access to International Stock Markets Services No. 3315 - 17/ISR dated 21.07.2017 on 13 sheets; Client Questionnaire Agreement on Provision of Direct Access to International Stock Markets Services No. 3315 - 17/ISR dated 21.07.07.2017 on 1 sheet; copy of receipt to the cash receipt order dated 21.07.2017 in the amount of USD 70,000 on 1 sheet; trust management agreement No. D - 758514 - L on 9 sheets; asset management agreement no. - Mullo T.I.'s testimony , given by him as a witness and victim,

according to which in May 2016 he received a call on his subscriber phone number from the manager of the group of companies "QBF" Tetyuev Sergey Alexandrovich. In the course of the telephone conversation Tetyuev S.A. offered him

to invest money in the investment programmes of "QBF". He promised high returns and high interest on deposits. As a result, S.A. Tetyuev invited him to the company's office located at the address: 64, Maloohinsky Ave., Lit. B. The meeting with S.A. Tetyuev took place on 26.05.2016, where in the meeting room S.A. Tetyuev offered to invest through the provision of trust management services by "QBF". In the conversation Tetyuev S.A. repeatedly emphasised the reliability of the group of companies "QBF" and the stable percentage of income from investment. He assured him that the company has a long and successful experience of work in Russia and abroad, and also has all necessary licences. Tetyuev S.A. informed him that the reliability of work with the company is guaranteed by the legislation of the Russian Federation, due to the fact that he will cooperate directly with Russian organisations, namely: LLC IC "QBF" (INN 7733673955). After this his consent to participate in the cooperation, and under the pretext of their investment in securities with high yield on behalf of non - resident "QB Capital CY LTD" ("QB Capital CY LTD"), he concluded the Agreement on the provision of services of direct access to international stock markets No. 2660 - 16/ISR dated 26.05.05.2016, as well as on behalf of IC QBF LLC the Agreement on provision of "Trustee" services in accordance with the Agreement on provision of services of direct access to international stock markets No. 2660 - 16/ISR dated 26.05.2016. S.A. Tetyuev explained the presence of names of foreign companies in the documents by the fact that the optimal option of investing funds in currency, more precisely in US dollars. That the company IC QBF LLC will be responsible for the whole process, because according to clause 10.3 of the Agreement "The Attorney (IC QBF LLC) bears full financial responsibility to the Principal in the amount established in accordance with the Annexes of the Investment Declaration to this Agreement". On 08.06.2016 in the office of "QBF", he transferred the sum (in cash) in the amount of 670 000 (six hundred seventy thousand) rubles in the presence of Tetyuev S.A. to the cashier of the group of companies, about what he received a receipt from the executive director Gorobets E.V. The specified sum of money, according to the words of the employees of the company, was transferred into US dollars. Also, on 18.08.2016, a sum of money in the amount of 700,000 (seven hundred thousand) rubles was deposited to the same account, about which a receipt was received from the chief accountant Gorobets E.V. On 26.09.2016, a cash amount of 400,000 (four hundred thousand) rubles was deposited in the form of non - cash funds (cheque order dated 26.09.2016). On 10.08.2017 an agreement on provision of direct access services to international stock markets No. 3341 - 17/ISR and an agreement on provision of "Advisory Management" services under the said agreement were concluded. On the said day he made a cash deposit of 400,000 (four hundred thousand) rubles (cheque order dated 10.08.2017) in the form of non - cash funds and 1,800,000 (one million eight hundred thousand) rubles in cash in the company's office located in BC "Plaza SPb", about which he received a receipt from the chief accountant Gorobets E.V. Also on 14.08.2017 he paid RUB 1,800,000 (one million eight hundred thousand) in cash at the company's office located in BC "Plaza SPb", of which he received a receipt from the chief accountant E.V. Gorobets. On 29.09.2017 a determination on the cancellation of Agreement No. 1 was concluded. On 04.06.2018, a service agreement No. 2660 was concluded with Simtelligence (Hong Kong). On 05.09.2019, the parties signed a determination to terminate Agreement No. 1. In addition, on 05.09.2019 the Trust Management Agreement No. D - 699905 - I with "White Lake Management Ltd" and the Service Provision Agreement with "VL Consulting Ltd" and its agreements No. 1 (Service Provision Regulations), No. 2 (General Terms and Conditions of Investment Declarations), No. 3 (Standard Form), No. 4 (Standard Form) were concluded, No. 5 (risk notification), No. 6 (consent for processing and dissemination of personal data), No. 7 (application for joining the service provision agreement No. 699905 - 09), Additional Agreement No. 1 (Investment Declaration), Additional Agreement No. 2 (Investment Declaration). On 13.10.2021, Asset Disposition Notice 2110014 was signed. Monthly reports on the utilisation of his funds were sent to his email address. In October 2021 he learnt from Tetyuev S.A. and mass media, as well as official publications of the Ministry of Internal Affairs of Russia that criminal proceedings had been initiated and key employees of QBF Group of Companies had been arrested for fraud. According to information known to him, criminal proceedings have already been instituted against certain representatives of the QBF group of companies (QBF) for episodes of trust management (TM) and money transfer to offshore companies. Due to the massive non - payment to many other clients since the end of May 2021, as well as the criminal proceedings already underway, there is reason to believe that the withdrawal orders will not be honoured. QBF Group's representatives and financial advisor are unable to provide any substantive explanation of the situation. There is every reason to believe that instead of investing the money received from clients on the securities market, these funds were misused, and the reports provided to clients were "fake". He made withdrawals from 30.11.2017 to 16.04.2020 for a total amount of RUB 2,422,669.18. Taking into account the fact that the deadlines for returning the

money from him have expired, there is no doubt that he became a victim of fraudsters. To date, he has not been returned his money deposited to the "QBF" group of companies in the amount of 2,547,330.82 rubles. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. In the period from 08.06.2016 to 14.08.2017, the persons acting on behalf of the group of companies "QBF" stole money belonging to him in the total amount of 2 547 330,82 rubles. - The testimony of Maslov Y.V., given by him as a witness and victim,

according to which in the summer of 2017 he received a call from the manager of the group of companies "QBF" Frolova Evgenia (phone number +7 - 952 - 260 - 33 - 17, with whom he has known since 2000, previously she worked as a manager of Sberbank and VTB Bank. During the conversation Frolova E. told him that she was a financial advisor of the group of companies "QBF", and then began to mislead him about the allegedly high earnings from investments in the group of companies "QBF". Frolova E. convinced him that his money should not lie on the bank account, but should work in investments. With her stories Frolova E. convinced him to come to the office of the group of companies "QBF", to get more information. On 17.08.2017 he came to the office of the group of companies "QBF" at the address: St. Petersburg, Maloohinsky pr., 64B, he was met by Frolova E., who continued to persuade him in every possible way, persuade him to deposit money and mislead him about the legality of their activities, about the possibility of high earnings from investments and so on. He believed the words of Frolova E. and trusted her. 17.08.2017 being in the office of the group of companies "QBF" at the address: St. Petersburg, Maloohinsky Ave, 64B with the purpose, as he believed at that time, of investing money in securities, he concluded the Agreement on rendering services of direct access to international stock markets No. 3354 - 17/ISR dated 17.08.2017 with "QB Capital CY LTD" ("QB Capital CY LTD"), and also entered into a "Trustee Services Agreement" with "QBIF" LLC in accordance with the Direct Access to International Stock Markets Services Agreement No. 3354 - 17/ISR dated 17.08.2017. Having trusted the manager of the group of companies "QBF" Frolova E. and being in a state of delusion. 17.08.2017 being in the office of the group of companies "QBF" at the address: St. Petersburg, Maloohinsky prospect, 64B, in the presence of Frolova E., he deposited in the cash desk of the "QBF" group of companies his own funds in the amount of 300,000 (three hundred thousand) Euros, which at the exchange rate of the Central Bank of Russia as of 17.08.2017 was 20,998,740 rubles, as well as 400,000 (four hundred thousand) US dollars, which at the exchange rate of the Central Bank of Russia as of

17.08.2017 was 23,860,840 rubles and 6,000,000 (six million) rubles. The cash was accepted by the cashier of the group of companies "QBF" whose data he does not know. In order to mislead him and to make what was happening look like a legal activity, the cashier of the group of companies "QBF" gave him receipts for receipt orders: No. b/n dated 17.08.2017 for the amount of 300 000 (three hundred thousand) Euros, No. b/n dated 17.08.2017 for the amount of 400 000 (four hundred thousand) US dollars and No. b/n dated 17.08.2017 for the amount of 6 000 000 (six million) rubles. Later he became aware that Frolova E. received monetary remuneration in the amount of 1% to 3% of the money he deposited, thus Frolova E. was interested in fraud against him and received criminal profit for it. He believes that Frolova E. was aware of the criminal activities committed by the employees and managers of the QBF group of companies against citizens. Frolova E. received a share of the stolen money for her actions in attracting and deceiving citizens. In October 2018, he visited the office of the "QBF" group of companies 3 times at the address: St. Petersburg, Malohtinsky pr., 64B, where in the presence of Frolova E. the cashier of the "QBF" group of companies, whose data he does not know, gave him cash in the total amount of 250,000 (two hundred and fifty) thousand US dollars, which at the maximum exchange rate of the Central Bank of the Russian Federation for October 2018 is 16,742,125 rubles. Throughout the entire period of time Frolova E. constantly deceived him and supported the legend that his cash funds were invested in various financial projects of the group of companies "QBF", as he did not have special knowledge and skills in the field of investment he did not realise that Frolova E. was deceiving him and the investment was not carried out. On 20.06.2019 Frolova E. told him that he should sign the Trust Management Agreement No. D - 301232 - F dated 20.06.2019 with "White Lake Management Ltd." and the service agreement with "VL Consulting" Ltd. dated 20.06.2019. According to Frolova E., these documents allegedly replaced the previously concluded contracts and agreements (above). Since he trusted Frolova E. and did not know what was going on, he fulfilled her (Frolova E.) instructions. At the end of 2020 Frolova E. informed him that she had resigned from the group of companies "QBF" due to moving to another city. Naumova Tatiana Naumova, the financial manager of the "QBF" group of companies, was assigned to him for further support of his "investments". At the beginning of February 2021, he approached Naumova T. regarding the complete withdrawal of funds from the group of companies "QBF". Naumova T. began to deceive him about the terms of return of money, began to delay the terms and invent different reasons not to return the money. Since his money was not returned to him, he began to call Naumova T. on a regular basis and demand the return of his money. Naumova T. was joined by another employee of the "QBF" group of companies - the head of the investment department (as he introduced himself) Anton Porfiriev. Naumova T. together with Porfiriev A. continued to deceive him and mislead him in every possible way about the return of his money. At that moment he realised that he was a victim of fraudsters and was simply deceived in order to steal his money. At the end of April 2021 he was contacted by the financial advisor of the group of companies "QBF" Moskalyuk Dmitry, who also began to deceive him in every possible way about the return of his money, invented various reasons - falsehoods, for which he could not return his money. He realised that D. Moskalyuk is the same fraudster, who just fools him and is not going to return his money. He believes that Frolova E., Naumova T., Moskalyuk D. and Porfiriev A. deliberately deceived him, they did not actually make any promised investments and had no real opportunity to do so. By virtue of their official position and specialised knowledge Frolova E., Naumova T., Moskalyuk D. and Porfiriev A. could not have been unaware of the aforementioned facts of fraud. To date, he has not been returned his money deposited in the cash desk of the QBF group of companies, as he naively believed at the time for investment, in the amount of 34,117,455 roubles. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. On 17.08.2017, the persons acting on behalf of the "QBF" group of companies stole the money belonging to him in the total amount of 34,117,455 rubles. He considers the amount of damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise that right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of interrogations of experts, and also to familiarise himself with the materials of the criminal case in full or in part. He does not wish to exercise this right. He has not applied to the court with applications to recover money from the QBF Group of Companies;

A representative of the group of companies "QBF" Padalko Nikolai Sergeevich (89645303376) called him on his phone. Thereafter, the funds were on his investment account, the group of companies "QBF", sent monthly reports on the status of the account. In July 2019, he received a call from his financial advisor, Nikolay Padalko, informing him that due to "technical changes" in the group of companies "QBF", it was necessary to re - sign the contract with "White Lake", in order to optimise the work with securities. However, about a month later, his new financial adviser was Daria Meshkova (tel. 8 - 903 - 100 - 53 - 17). Tentatively in May 2021, he heard from the media (official website of the Ministry of Internal Affairs of the Russian Federation) about a criminal case against the founders of QBEF. In order to save his money in May 2021 he called Padalko Nikolay to find out what to do in this situation, to which he sent him a letter, which contained a list of documents, after the provision of which the group of companies "QBF" would accept to implement the order to withdraw funds. However, subsequently, the financial advisors of the group of companies "QBF" delayed the withdrawal of funds in every possible way, arguing that there was a bank check, asked whether he could confirm the ownership of the invested funds, said that there were difficulties with the withdrawal. On 02.03.2020 he repeatedly sent an order for withdrawal of funds to the group of companies "QBF", but no withdrawal of funds was made. On 23.03.2020 he once again sent an order for withdrawal of his invested funds to "QBF" group of companies, attaching documents according to the list provided by the employee of the group of companies necessary for withdrawal. However, even in this case the withdrawal of funds was not realised. He believes that an offence has been committed against him, namely theft of funds by deceit and abuse of trust, for a total amount of 1,175,030 rubles;

- The testimony of Gumenyuk D.V., given by him as a witness and victim,

according to which in the autumn of 2017 his girlfriend Fadina Diana Vasilyevna (8 - 911 - 900 - 87 - 90) got a job at the company QBF LLC. That's when she told him about the company's activities, that it had been on the market for several years and had offices in a number of regions. That the company was successfully engaged in financial management and had extensive experience in this area. Then she also arranged for him to meet with its head Pakhomov Grigory (8 - 950 - 009 - 30 - 66). On 13.09.2017 he came to the office of the company LLC IC QBF, located at the address: St. Petersburg, Malohtinsky pr., 64, lit. A, BC "St. Petersburg Plaza", where he met with Pakhomov G., who told him about the company's products, how it functions, told him about the possibility of additional income by investing money in IPO - initial public offering of securities on the stock exchange. Then he decided to invest his money and entered into the "Trustee Services Agreement" No. 3408 - 17/ISR (hereinafter referred to as the Agreement). The following documents were signed together with the Agreement: Appendix No. 1 to the Contract (Investment Declaration) dated 13.09.2017; Agreement on Provision of Direct Access to International Stock Markets Services No. 3408 - 17/ISR dated 13.09.2017. On 15.09.2017 he handed over money in the amount of USD 30,000 (thirty thousand) in the company's office located at the address : St. Petersburg, Malohtinsky pr. , 64, lit. A, BC "St. Petersburg Plaza". He handed over the money to the accountant in the presence of Pakhomov G., who gave him a receipt No. b/n dated 15.09.2017. In addition, on 04.10.2017, he handed over money in the amount of 20,000 (twenty thousand) US dollars in the company's office located at the address: St. Petersburg, Malohtinsky prospect, 64, lit. A, BC "St. Petersburg Plaza". He also handed the money to the accountant in the presence of Pakhomov G., who gave him a receipt No. b/n dated 04.10.2017. Since October 2017, he began to receive reports on the purchase and sale of shares of street companies to his mail. Around November 2017, he decided to withdraw the funds and wrote a withdrawal application for USD 20,000 (twenty thousand). Sometime, in early 2018, he received the said amount in cash. At the same time, more precisely in early 2018, Pakhomov G. began to ignore him and stopped answering his calls. He called the company's office, explained the situation and demanded the appointment of a new financial advisor. Some time later, he received a call from Artem Efremtsev (8 - 99 - 042 - 28 - 32) and, if he is not mistaken, set up a meeting in the new office at 11, lit. A, Degtyarny Lane, St. Petersburg, BC "Nevskaya Ratusha", where they met. He repeatedly tried to write an application for withdrawal of all the funds, to which Efremtsev A. each time found new arguments why he should not do it. That the international stock exchange was not the best situation, that there was a crisis, that there was a "drawdown". That it was not worth withdrawing funds, as he would suffer losses. According to his predictions, the situation was to improve after some time, thus he managed to dissuade him. In November 2019, Efremtsev A. called and invited him to the office to renegotiate the contract and agreement. He explained this by the fact that the company's system of work was changing. That the signing of a new contract is of a formal nature, associated with the peculiarity of their activities in the territory of the Russian Federation. He travelled to the company's office in the Nevskaya Ratusha BC, where they signed the new documents. After that, he received reports from Efremtsev A. for several months. When the reports stopped coming to his mailbox, he contacted the office, where it was explained to him that Efremtsev A. was no longer working. He again asked for a new financial adviser to be assigned to him. Then he was assigned Dmitry Moskalyuk (8 - 921 - 858 - 16 - 13, 8 - 965 - 028 - 88 - 88). On 30.03.2021 he met with Moskalyuk D. and said that he wanted them to sell off his securities portfolio, that he wanted to withdraw all his funds, to which Moskluk D. replied that it was problematic to withdraw the funds and that it was necessary to wait for some time, as there was a queue for withdrawal of funds. He also said that if he had acquaintances who wanted to invest in their products, they could be invited to the company and that this would help speed up the process of withdrawing his funds. He also offered to renegotiate the contract with the legal entity under their control, Logopark Raevskaya LLC (RIF Raevskaya), but he refused. Then Moskalyuk D. gave him a list of documents necessary for withdrawal of funds. When he collected the above documents and dialled Moskalyuk D. to make an appointment to hand them over to him, he stopped answering his calls. He was later contacted by a new financial advisor, Kuznetsov Sergey (8 - 965 - 0794 - 11 - 11 - 11), who then helped him collect the remaining documents and forwarded them to VL Consulting LLC for further withdrawal of funds. At that time the number of the notice of asset realisation SPB2104016 was assigned, which they signed on 16.04.2021. I would like to mention that he

received confirmation from VL Consulting LLC that after the sale of his portfolio, the final amount would be USD 30,371 (thirty thousand three hundred and seventy one). He requested that the said amount be sent to his foreign currency account, however, the funds have not been received to date. Given the fact that the deadline for the return of the money had expired, he had no doubt that he had fallen victim to fraudsters. To date, he has not been returned his funds deposited to the address of the group of companies "QBF" in the amount of 30 000 (thirty thousand) US dollars, which at the exchange rate of the Central Bank of Russia as of 15.09.2017 is 1 733 118 rubles. He believes that an offence has been committed against him, namely the theft of his funds by deception and breach of trust. The amount of damage caused to him estimates for himself as significant, namely 30 000 (thirty thousand) US dollars, which at the exchange rate of the Central Bank of Russia as of 15.09.2017 is 1 733 118 rubles. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. In the period from 15.09.2017 to 04.10.2017, the persons acting on behalf of the "QBF" group of companies stole money belonging to him in the total amount of 1,733,118 rubles. I estimate the amount of damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise this right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of expert interrogations and with the materials of the criminal case;

according to which he was a client of JSC "Bank Rossiya" in 2017. At that time, he got acquainted with the manager of this bank Ilya Shakhov (tel. 8 - 965 - 109 - 03 - 99). Later, Ilya Shakhov resigned from JSC "Bank Rossiya" and was employed as a financial manager at QBF Group. In early September 2017, Ilya Shakhov contacted him with a proposal for cooperation, in particular investment in securities of stock markets of foreign countries. He agreed to think about it and took a pause for reflection. Later, Shakhov Ilya contacted him again and they agreed to meet. During the meeting Ilya Shakhov very colourfully and convincingly told him about investment products available in the organisation "QBF", ways of investment, mechanisms of profit formation, the order of reporting and informing the client, as well as in general about the structure of the organisation. He was informed that the funds will be invested in investment platforms of foreign countries. Everything was presented in a colourful form, devoid of flaws, Shakhov Ilya promised him high returns. At the end of all this presentation he informed Shakhov Ilya that he was ready to invest in "QBF" group of companies. They agreed to meet at the main office of the company. So, on 11.10.2017 he arrived at the office located at: Moscow, Presnenskaya Naberezhnaya, 8, pp. 1, 9th floor. Upon arrival, he was met by Ilya Shakhov and escorted to a meeting room. Ilya Shakhov had already signed copies of documents in his hands, namely: agreement on provision of services of direct access to international stock markets No. 3663 - 17/IMR dated 11.10.2017

between him and the company "QCCI LTD" represented by Yudin Maxim Stanislavovich dated 11.10.2017 and the agreement on provision of "Trust Management" services in accordance with the agreement on provision of services, direct access to international stock markets No. 3663 - 17/IMR dated 11.10.2017 (Account 003663) between him and the company QCCI LTD represented by Yudin Maxim Stanislavovich Yudin. I signed the above documents. After signing these documents in the presence of Ilya Shakhov, he handed over the cash available to him at that time in the amount of 2,600,000 roubles. In return, he received a receipt for a cash receipt order b/n dated 11.10.2017 for the deposit of cash in the amount of RUB 2,600,000 under contract No. 3663 - 17/IMR dated 11.10.2017. The receipt bore the signature of the chief accountant Gorobets E.V. and the seal impression of "QB Capital CY LTD", this receipt was dated 11 October 2017. During the two years prior to signing the withdrawal application, he received monthly reports on the status of his brokerage account. The last report was in the amount of \$53,355.16. In early 2019, he received a call from Ilya Shakhov informing him that he had resigned. When asked about withdrawing money, he explained that it was unfavourable to withdraw money at the moment, that there would be a tangible loss, it should be done later, closer to the end of the year. Having called in advance, on 11.10.2019 he came to the office of the company "QBF" ("QBF") at the address: Moscow, Presnenskaya naberezhnaya, 8, p. 1, 9th floor and announced his desire to withdraw the money. He was introduced to a new financial adviser, Elena Iosifova (tel. 8 - 963 - 055 - 59 - 32; 8 - 967 - 047 - 17 - 96). She explained to him that in order to withdraw the money at the moment, a number of contracts and agreements had to be signed, some of them back - dated. This raised questions for him. He called Ilya Shakhov and asked for clarification. He (Shakhov) explained that there were a number of technical problems and convinced him that he needed to sign documents to withdraw the money. So he signed an agreement with the Company "Simtelligence" Ltd (Hong Kong) for the provision of services № 3663 which was dated 04 June 2018. The signatory of this agreement was Dmitry Anatolievich Korshunov. At the same time, he signed the determination on cancellation of the agreement on provision of services of direct access to international stock markets No. 3663 - 17/IMR dated 11.10.2017 with the company "QCCI LTD" (Cyprus). The signatory of this agreement was Gorobets E.V. On the same day he signed the definition on cancellation of the agreement on provision of "Trust Management" services between him and the company "QBCI LTD" dated 11.10.2019, the signatory of which was Buryakovsky Dmitry Henrikhovich and the definition on cancellation of the agreement on provision of services No. 3663 dated 04.06.2018 between him and the limited liability company "Simtelligence" dated 11.10.2019. Iosifova Elena explained that in order to start the withdrawal procedure, it is necessary to submit a notarised copy of his foreign passport, details of the account in currency in sberbank, a bank loyalty certificate in English, and a certificate of no criminal record. After collecting all these documents according to the sample application form sent to him, he emailed support@wl-mnt.com and sent to Helen.iosifova@mail.ru an executed application for withdrawal of funds in the amount of USD 53,355.16 (according to the last report received). The application was accompanied by copies of all the documents he had collected. On 06.12.2019, Elena Iosifova confirmed receipt of the full set of documents required to withdraw his funds and transfer them to his current account. However, after the agreed time period (two and a half months) he did not receive the promised funds. Regularly communicating on the phone, he heard various excuses that we are doing our best, but now there is a pandemic crisis, etc. In May 2020 he received a call from Andrei Korzh (tel. 8 965 - 411 - 72 - 25), who introduced himself as the head of the department where Elena Iosifova used to work. He informed him that she had resigned and further communication should now be made with him. However, he did not hear any specific dates on when he would receive the money. Regularly there were all sorts of excuses that they were doing everything possible and impossible in the process of communication. Having called once again in January 2021, Andrey Korzh invited him to his office located at: Moscow, Presnenskaya Naberezhnaya, 8, str. 1, 9th floor. At the meeting he introduced him to another financial adviser, Olga Bataeva (tel. 8 - 964 - 530 - 33 - 56). She informed him that they would be able to return his money to him only in 2022 if he signed the documents on transferring his cash assets to the warehouse - related ZPIF. Realising that he had long been implicated in QBF's fraudulent schemes, he refused to do so, demanding that his cash assets be returned to him. At the end of May 2021, he learned from the media and official publications of the Russian Ministry of Internal Affairs that criminal proceedings had been initiated and key employees of the QBF group of companies had been arrested for fraud. To date, his funds have not been returned to him. The actions of the employees of QBF companies caused him damage in the amount of 2,600,000 roubles. Claims will be brought for the amount of damage caused to him. He believes that an offence has been committed against him, namely the theft of his money by deceit and abuse of trust. He considers the amount of damage caused to him to be significant;

, according to which in August 2015 he received a call on his mobile number 8 - 916 - 608 - 73 - 50 from a man who introduced himself as a financial advisor of QBF group of companies, he cannot explain more precise data. The aforementioned man voiced a number of proposals to invest money by investing in securities. In September 2015, he came to the office of QBF Group at 8 Presnenskaya Naberezhnaya St., bld. 1, Moscow, where he took part in a conversation. 1, where he took part in a conversation with QBF employees. This conversation was an advertising campaign of the QBF group of companies. At this conversation he was approached by a man who introduced himself as Nikolay Padalko, he voiced a number of proposals to invest money by investing in securities. Nikolay Padalko was persuasive and persistent, so he agreed to participate in investing in securities on the Russian and international financial markets. At this conversation he was given printouts of advertising offers. Later on, Nikolay Padalko also conducted all consultations on financial products with him. On 09.10.2015 he, being in the office of Qubey Finance LLC, located at the following address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, with the purpose of investing funds. 1, with the purpose of investing funds in securities with high yield, he signed an agreement on provision of services of direct access to international stock markets No. 2348 - 15/IMR, dated 08.10.2015 with QB Capital CY LTD (QB Capital CY LTD), and also signed an agreement on provision of "Trust management" services in accordance with the agreement on provision of services of direct access to international stock markets No. 2348 - 15/IMR dated 08.10.2015 with QB Finance LLC. After that, being in the office of QBIF LLC located at the address: Moscow, Presnenskaya Naberezhnaya, 8, bld. 1, he transferred cash as follows: on 09.10.2015 in the amount of RUB 1,640,000 and USD 20,000, which at the exchange rate of the Central Bank of the Russian Federation as of 09.10.2015 was RUB 1,245,800; on 22.03.2016 in the amount of USD 30,000, which at the exchange rate of the Central Bank of the Russian Federation as of 22.03.2016 was RUB 2,064,300; on 26.09.2016 in the amount of USD 15,000, which at the exchange rate of the Central Bank of the Russian Federation as of 26.09.2016 was RUB 957,900. Also on 08.07.2016 he, being in the office of LLC IK QBF, located at the address: Moscow, Presnenskaya Naberezhnaya, 8, pg. 1, also with the purpose of investing funds in securities with high yield, he signed an agreement with the company "QB Capital CY LTD" ("QB Capital CY LTD") on rendering services of direct access to international stock markets No. 2709 - 16/IMR, dated 05.07.2016, as well as concluded an agreement on rendering services of "Consulting Management" within the framework of the agreement on rendering services of direct access to international stock markets No. 2709 - 16/IMR dated 05.07.2016. After that, being in the office of IK QBF LLC located at the following address: Moscow, Presnenskaya Naberezhnaya, 8, bld. 1, he transferred cash as follows: 08.07.2016 in the amount of USD 17,000, which at the exchange rate of the Central Bank of the Russian Federation as of 08.07.2016 was RUB 1,088,850; 16.10.2017 in the amount of USD 26,000, which at the exchange rate of the Central Bank of the Russian Federation as of 16.10.2017 was RUB 1,498,120. Clarifies that during the interrogation as a witness he was informed that on 11.07.2016 he contributed

USD 30,000 to the QBF group of companies in accordance with the concluded contracts. In reality, he mixed up the dates, and this amount he deposited not on 11.07.2016, but on 22.03.2016 under the agreement on provision of services of direct access to international stock markets No. 2348 - 15/IMR dated 08.10.2015, which is confirmed by the receipt to the cash receipt order. Throughout his communication with Nikolay Padalko explained that his funds were in safe hands, and repeatedly offered him various products for investment. Every month he received monthly reports on trading on his account to his e - mail address, and based on the data sent to him, the amount of his investment grew. In addition, part of the money he invested under the above agreements, according to his order, was transferred for the purchase of units of the Gribovsky les ZPIF. However, as he now realises, the reports sent to his email were falsified and did not correspond to reality. QBF employees did not provide him with any information (evidence) that any securities, including units of the ZPIF, had been purchased in his name, nor did they provide him with the securities themselves and documents on their purchase. The existence of ZPIF units was only on paper, in reports, and since they did not correspond to reality, he realised that he had been deceived. In March 2020 he heard from the mass media (official website of the Ministry of Internal Affairs of the Russian Federation) that a criminal case had been opened against the founders of QBEF and that QBEF clients had been unable to withdraw their invested funds for a long time under similar contracts and agreements. Taking into account the abovementioned, as well as the fact that up to now his money has not been returned to him, he considers that an offence has been committed against him, namely theft of money by deceit and abuse of trust. In total, he transferred money to the address of the group of companies "QBF" in the amount of 8 494 970 rubles in the period from 09.10.2015 to 16.10.2017. There were no refunds to his address. He believes that the actions of the employees of "QBF" caused him material damage in the amount of 8,494,970 rubles, the amount of damage caused is estimated as significant;

according to which, around the summer of 2017, he received information about the group of companies "QBF" from his acquaintance named Alexander, his surname is difficult to give, the phone number is not saved. According to Alexander, he himself was a client and had experience of successful co - operation with "QBF". He had personal savings and an interest to multiply his capital. He was interested in the received information and started to make enquiries for himself in the Internet. After he checked the available information, he decided to contact the employees of "QBF" for clarification, for which he called the general number and arranged a meeting with the manager at the main office of the company. Who exactly he spoke to he does not remember. On 18.09.2017, at about 12:00, he arrived at the office of the company "QBF", located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor. He was met at the entrance by a manager named Korzh Andrey, and it was with him that he communicated as his financial advisor until the beginning of 2020. In the office Korzh Andrey took him to the meeting room, where he was presented with the investment products available in the organisation, investment methods, profit generation

mechanism, the procedure of reporting and informing the client, as well as the structure of the organisation in general. He was informed that the funds will be invested in the investment platforms of foreign countries, and for this reason the funds are required in currency. Everything was presented in a colourful way, devoid of flaws. He was promised a high return on invested funds. Also Korzh Andrey presented him various investment strategies available in the group of companies "QBF", where for each of them special conditions were modelled, up to the minimum threshold of the amount of entry into the investment portfolio. Following the results of the meeting he finally got the impression that these people can be trusted with his assets, and he gave his consent to invest money in the group of companies "QBF", with the purpose of receiving income. Korzh Andrey had already prepared and signed documents on the part of "QBF" group of companies, namely: agreement on rendering services of direct access to international stock markets No. 3412 - 17/IMR dated 18.09.2017 between him and the company "QCCI LTD" represented by the representative by power of attorney Yudin M.S., as well as the agreement on the provision of "Trust Management" services with LLC IC "Qubief" (INN 7733673955) represented by the Director of Sales and Customer Service Department Yudin M.S. He has never seen or communicated with Yudin M.S.. As a result of the meeting, the above documents were signed on his part and it was agreed that he would come again within a few days with cash for its contribution to the company "QCCI Ltd". On 21.09.2017, at approximately 13:00 hours, he again arrived at the office of "QCCI Ltd" located at the address: Moscow, Presnenskaya Naberezhnaya, 8, pp. 1, 9th floor. He was also met by Andrey Korzh and escorted to a meeting room. In the meeting room there was a machine for recounting money. On this day 21.09.2017, he handed over to Korzh Andrey within the framework of the previously concluded agreement and contract the funds, namely: USD 10,000, which at the exchange rate of the Central Bank of the Russian Federation as of 21.09.2017 was RUB 581,300, as well as EUR 8,500, which at the exchange rate of the Central Bank of the Russian Federation as of 21.09.2017 was RUB 593,045. Korzh Andrey counted the money brought by him and left the meeting room with it. In return, he brought him two receipts to the cash receipt order for the amounts of: USD 10,000 and EUR 8,500. Everywhere in the receipts was the signature of the chief accountant Gorobets E.V. and the stamp of QCCI LTD, these receipts were dated 21 September 2017, under the contract No. 3412 - 17/ IMR dated 18.09.2017. On 27.10.2017 at approximately 13.00 hours, he again arrived at the office of the company "QBF", located at the address: Moscow, Presnenskaya Naberezhnaya, 8, pp. 1, 9th floor. He was also met by Andrey Korzh and escorted to a meeting room with a money changer inside. In the negotiation room, he handed over to Korzh Andrey another sum of USD 5,000, which at the exchange rate of the Central Bank of the Russian Federation as of 27.10.2017 was 288,850 rubles, as part of the previously concluded agreement and contract. Korzh Andrey counted the money brought by him and left the meeting room with it. In return, he brought him a receipt for a cash receipt order in the amount of USD 5,000. The receipt had the signature of the chief accountant Gorobets E.V. and the stamp of QCCI LTD, this receipt was dated 27 October 2017, under the contract No. 3412 - 17/ IMR dated 18.09.2017. He would like to inform that he has never seen or communicated with E.V. Gorobets in his life. After he invested funds in the group of companies "QBF", he started receiving reports to his e - mail address kale@mail.ru, which were received by him until May 2020. Said reports reflected the state of his investment portfolio. Around the beginning of June 2018, he received a call on his mobile phone number from Korzh Andrey, who informed him about the need to come to the office of the company "QBF" in order to re - sign the documents regarding the investment strategy. He agreed and on 04.06.2018 arrived at the office of the company "QBF" located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor. He was met by Korzh Andrey, escorted to the meeting room and provided documents for signature, namely: service agreement No. 3412 dated 04.06.2018 between him and "Simtelligence Company Limited" represented by Korshunov D.A. He immediately signed this agreement. According to the words of Korzh Andrey, signing of these documents is a technical necessity and is caused by some change of financial strategy of "QBF" group of companies, which will not affect the state of his invested money in any way. Later, about a year later, Korzh Andrey contacted him again and asked him to come to the office of the company "QBF" for another re - signing of documents related to the change of investment strategy. He agreed and on 05.09.2019 arrived at QBF's office located at: Moscow, Presnenskaya Naberezhnaya, 8, str. 1, 9th floor. He was met by Korzh Andrey and escorted to a meeting room. Korzh Andrey provided him with documents to sign, namely: the "Trust Management" agreement No. D - 499879 - I dated 05.09.2019 between him and the company "White Lake Management Ltd" represented by Korshunov D.A., as well as the service agreement (standard form of accession agreement) between him and the company "VL Consulting" LLC dated 05.09.2019. According to Korzh Andrey, signing of these documents is a technical necessity and is conditioned by

some change of financial strategy of the group of companies "QBF", which will not affect the state of his invested funds in any way. He agreed to sign the agreement with "White Lake Management Ltd" and signed it on the same day. However, he did not sign the contract with VL Consulting Ltd. The reason for his reluctance to do so he does not remember, but something made him very uncomfortable. In March 2020, for personal reasons he had a need for a full withdrawal of funds, in connection with which he tried, contacted his financial advisor Korzh Andrey, but failed. Through general telephone conversations he learnt that Korzh Andrei had allegedly transferred to another department of the company and a new financial advisor would be introduced to him. Some time later he was contacted by a certain Danilenko Maxim, his new financial advisor. He asked him to withdraw the funds and informed him that he was going to withdraw the funds. Danilenko replied that according to the regulations he had to notify the company in writing. In connection with the above, on 02.03.2020, approximately at 12:00 a.m., in the office of the company "QBF" located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, 9th floor, he wrote to Danilenko. 1, 9th floor, he wrote a notice of withdrawal, a copy of which he also has. After submitting the notice of withdrawal, Danilenko Maxim informed him that the withdrawal would take from several months to a year, that it was due to the closure of the international direction of work in the group of companies "QBF", there was a queue for the payment of funds and he would have to wait. Also Danilenko Maxim offered him to convert the debt to him in the face of the group of companies into the rouble equivalent in the financial product ZPIF. However, this offer further alarmed him and he refused. Maksim Danilenko also informed him that he had to collect a large list of documents for withdrawal of funds, which included very strange items, such as translation of passport into English, certificate of no criminal record, etc. As a result of the documents submitted by him for withdrawal of funds, the following funds were returned to him: 13.10.2020 in the amount of USD 4,000, which at the rate of the Central Bank of the Russian Federation was 308,095.6 rubles, 23.12.2020 in the amount of USD 3,000, which at the rate of the Central Bank of the Russian Federation was 226,049.4 rubles, 08.04.2021 in the amount of USD 2,000, which at the rate of the Central Bank of the Russian Federation as of 08.04.2021 was 155,546 rubles. Total amount of USD 9,000, which amounted to RUB 689,691. Later, at the end of May - beginning of June 2021, he learned from the media, including official news of the Ministry of Internal Affairs of Russia, that criminal cases had been opened and investigations were underway regarding the fraudulent actions of QBF with respect to the clients who had invested their money. Thus he had no doubts that he had become a victim of fraudsters. Until now his money has not been returned to him in full. In total, he transferred funds in the amount of 1,463,195 rubles to the "QBF" group of companies in the period from 21.09. to 27.10.2017. Until now, the full amount of the money he invested in the group of companies "QBF" has not been returned to him. Claims will be brought for the amount of damage caused to him. Considers that an offence has been committed against him, namely theft of his money by deceit and abuse of trust. He considers the amount of damage caused to him as significant;

, according to which in October 2017, he had free cash, and he was looking for additional income by investing his money. Thus, in October 2017, his acquaintance Galina Baranova advised him to invest his money in the group of companies "QBF". Making enquiries on the Internet, he saw information that LLC IC "QBF" (INN 7733673955) has 4 licences of the Central Bank of Russia, namely: licence for brokerage activities № 045 - 12805 - 100000 dated 24.12.2009, licence for dealer activity No. 045 - 12816010000 dated 24.12.2009, licence for securities management No. 045 - 12828 - 001000 dated 24.12.2009 and licence for depository activity No. 045 - 14078 - 000100 dated 08.08.2019. Having studied all the information available on the Internet, around the beginning of June 2017, he called the manager's phone number, which was given to him by his acquaintance Galina Baranova (tel. 8 - 985 - 250 - 21 - 04). Having called this number, he spoke to the manager of the organisation, who introduced himself as Anton Shkrut, who voiced a number of offers to invest money by investing in securities. In the conversation Anton Shkrut was persuasive and persistent, so he agreed to take part in investing in securities on international financial markets. On 04.06.2017, from the email anton.shkrut@qbf.ru he sent him a set of documents for review and information about available products to his email sz.stroimdom@yandex.ru. Having familiarised himself with the provided documents, he came to the office of the company. He arrived at the office of QBF Group at 8 Presnenskaya Naberezhnaya St., bldg. 1, Moscow, around August 2017. 1, approximately in August 2017, where he met personally with Anton Shkrut, who continued to convince him of the reliability of investing. He visited the organisation again at the end of September 2017, where they discussed the details of the contract and agreed on the amount of money to be deposited. On 21.11.2017 he, being in the office of LLC "IC QBF", located at the address: Moscow, Presnenskaya Naberezhnaya, 8, bld. 1, in order to invest cash in securities with high yield, I signed agreements with "QCCI LTD" company on providing services of direct access to international stock markets No. 4198 - 18/IMR dated 21.11.2017, and I also signed an assignment agreement No. 4198, dated 23 January 2018, with "QCBIF Advisor" LLC. On 21.11.2017, he handed over cash in the amount of USD 30,000, which at the exchange rate of the Central Bank of the Russian Federation as of 21.11.2017 amounted to RUB 1,778,100. In fact, he concluded all documents and transferred cash on 21.11.2017, however, the manager Anton Shkrut, asked him to sign a number of documents dated 23 January 2018, due to the specifics of the end of the year, a specific explanation as to why he (Shkrut) asked to do this, he currently does not remember. All documents were concluded between him and the signatory from the side of "QBF" Frolov Vladimirov Georgievich. From 21.11.2017, he received monthly reports on the status of the client's accounts on securities transactions and transactions related to them, as well as on futures transactions and transactions related to them, to his email. Around January 2020, Anton Shkrut, the manager of QBF, informed him that he was planning to resign from the organisation and in February 2020, he resigned permanently. Further, he was unable to reach the organisation for some time and in approximately February 2020 he contacted Vladimir Maslennikov (tel. 8 - 964 - 530 - 32 - 16), who introduced himself as the head of the department, to whom he informed that he wanted to issue an order to withdraw the full amount of funds. After that he (Maslennikov) informed him that further his manager would be Artur Hovhannisyan, whom he contacted by phone (8 - 964 - 530 - 33 - 27). On 28.02.2020 he sent a notarised notice of termination of the contract by post, but it was not until around May that he was able to get Artur Hovhannisyan to stamp the copy of the notice with a notarised receipt of my notice, but the contract was never terminated. During the period from May 2020 to September 2020 they repeatedly called Artur Hovhannisyan and he persistently convinced him that there was no need to withdraw the funds and the interest on the deposits would be paid later. On 14.09.2020, at Artur Hovhannisyan's request, he came to the office of the organisation and concluded the Trust Management Agreement No. D - 763143 - I dated 14.09.2020 between him and the group of companies "White Lake Management LTD" with D.A. Korshunov as a signatory. Artur Hovhannisyan explained the necessity of signing the agreement by moving the organisation of the top broker from the Cayman Islands to Hong Kong and after signing this agreement the payment of funds will start. He took these documents and came again on 03.12.2020 to the office of the organisation where he signed the "Trust Management" agreement No. D - 763143 - I dated 03.12.2020, the authorisation notice dated 03.12.2020, the application on joining and the investment declaration dated 03.12.2020. Despite repeated demands for payment of funds, no payment was made. On 29.01.2020 he was contacted by Trutnev Alexander and sent him a number of necessary documents that were needed to sign an agreement with "White Lake Management LTD" for the strategy "Golden Express". In May 2021, he learnt from the media, as well as official

publications of the Ministry of Internal Affairs of Russia, that key employees of the QBF group of companies had been detained for alleged fraud, and the Central Bank of the Russian Federation had initiated an audit of QBF LLC. He also wants to draw attention to the fact that in June 2021 on the company's website, on behalf of the General Director of LLC IC QBF Matyukhin S.A. was posted information that there is no connection between the detention of the company's employees and the current brokerage activities, that all the activities carried out by law enforcement officers are related to another division of the company and that this issue will not affect us in any way. According to his assumptions, the funds invested by him were not used for their intended purpose, but were used for withdrawal to offshore companies, as well as used to buy shares in construction funds. The reports sent did not correspond to reality in any way, it can be said that the reports were drawn. In September 2021 on the website of LLC "IK Qubief" appeared information about the temporary administration, their task was supposedly to sort out the situation and help clients to return their invested funds. In fact, there are no actions on the part of the temporary administration, on the contrary, they discourage people to apply to law enforcement authorities with applications. Out of all the money he deposited in the address of LLC "IC "Qubief" in the amount of 1,778,100 rubles nothing has been returned to him. No securities in his name have been registered in depositaries, and no documents confirming the purchase of securities have been issued. His demand to return the funds belonging to him has not been fulfilled. On 21.11.2017, he transferred to the QBF Group of Companies the funds belonging to him in the amount of RUB 1,778,100. He assesses the amount of damage caused as significant.

Thus, he believes that an offence, namely fraud, has been committed against him. The amount of damage caused to him as of the current date is 1,778,100 roubles;

- S.N. Lomov's Testimony

as a witness and victim, according to which he knows Daria Meshkova, who previously worked as a manager for servicing privileged clients, including him, at Raiffeisenbank. In November 2016, D. Meshkova invited him with an investment opportunity to an introductory meeting with Ruslan Spinka at the following address: 8 Presnenskaya Naberezhnaya Street, Moscow, bldg. 1, 9th floor. He arrived at the meeting on 12.12.2016 at approximately 12:00. At the meeting Ruslan Spinka described in detail the advantages of co - operation with IK QBF LLC and guaranteed full reliability. He claimed that QBIF LLC complied with all the laws of the Russian Federation, had all the necessary licences, and that his (Lomov's) money would be returned at his first request. Since it was about investing in US dollars, he recommended signing a contract with a foreign legal entity that would be able to buy and sell securities of foreign companies. He also promised that he (Lomov) would receive monthly reports and his money would be invested in reliable securities with high ratings. Having trusted Ruslan Spinka, he signed on 12.12.2016: an agreement for the provision of direct access services to international stock markets No. 2965 - 16/IMR dated 12.12.16 between him and the Cyprus company "QB Capital CY LTD". The signatory was Yudin Maxim Stanislavovich, the agreement on provision of "Trust Management" services in accordance with the agreement on provision of services of direct access to international stock markets No. 2965 - 16/IMR dated 12.12.2016 (Account 002965) between him and the company

QB Capital CY LTD. The signatory was Yudin Maxim Stanislavovich. The essence of the contract and agreement, as Ruslan Spinka explained to him, is as follows: he transfers funds to the Cyprus company, which, on behalf of IK QBF LLC, performs transactions with securities. After signing the contracts, he was to deposit the cash. As a result, he visited the office of the QBF Group of Companies at 8 Presnenskaya Naberezhnaya Embankment, bld. 1, Capital City Tower, 9th floor, seven times, each time handing over cash to employees of QBF IK LLC within the framework of concluded agreements and contracts. Thus, on 13.12.2016, he handed over USD 10,000, which at the exchange rate of the Central Bank of the Russian Federation as of 13.12.2016 amounted to RUB 615,800. Meshkova Daria and Spinka Ruslan were present at the meeting. In return, they handed him a receipt for a cash receipt order in the amount of: USD 10,000.00. In the receipt was the signature of the chief accountant Gorobets E.V. and the stamp of "QB Capital CY LTD", this receipt was dated 13 December 2016, under the contract № 2965 - 16/ IMR from 12.12.2016. On 27.12.2016 he handed over USD 10,000, which at the exchange rate of the Central Bank of the Russian Federation as of 27.12.2016 amounted to 609,100 rubles. Only Meshkova Daria was present at the meeting. In return, he was given a receipt to the cash receipt order for the amount of USD 10,000.00. In the receipt was the signature of the chief accountant Gorobets E.V. and the seal impression "QB Capital CY LTD", this receipt was dated 27 December 2016, under the contract № 2965 - 16/ IMR from 12.12.2016. On 03.02.2017 transferred 10,000 USD, which at the exchange rate of the Central Bank of the Russian Federation on 03.02.2017 was 599,900 rubles. Meshkova Daria and Spinka Ruslan were present at the meeting. In return, they handed him a receipt for a cash receipt order in the amount of USD 10,000.00. The receipt had the signature of the chief accountant Gorobets E.V. and the stamp of "QB Capital CY LTD", this receipt was dated 03 February 2017, under the contract No. 2965 - 16/ IMR dated 12.12.2016. On 10.03.2017 he handed over USD 10,000, which at the exchange rate of the Central Bank of the Russian Federation as of 10.03.2017 amounted to RUB 588,318. Meshkova Daria and Spinka Ruslan were present at the meeting. In return, they handed him a receipt for a cash receipt order in the amount of USD 10,000.00, the receipt had the signature of the chief accountant Gorobets E.V. and the stamp of "QB Capital CY LTD", this receipt was dated 10 March 2017, under the contract No. 2965 - 16 IMR dated 12.12.2016. On 11.04.2017 he handed over USD 10,000, which at the exchange rate of the Central Bank of the Russian Federation as of 11.04.2017 was 573,900 rubles. Meshkova Daria was present at the meeting. In return, he was given a receipt to the cash receipt order for the amount of: USD 10,000.00. In the receipt was the signature of the chief accountant Gorobets E.V. and the seal impression "QB Capital CY LTD", this receipt was dated 11 April 2017, under the contract № 2965 - 16/ IMR from 12.12.2016. On 29.05.2017 he handed over USD 9,000, which at the exchange rate of the Central Bank of the Russian Federation as of 29.05.2017 amounted to 510,840 rubles. Vladimir Maslennikov was present at the meeting. In return, he was given a receipt to the cash receipt order for the amount of: USD 9,000.00. In the receipt was the signature of the chief accountant Gorobets E.V. and the seal impression "QB Capital CY LTD", this receipt was dated 29 May 2017, under the contract № 2965 - 16/ IMR from 12.12.2016. On 20.06.2017 he handed over USD 1,900, which at the exchange rate of the Central Bank of the Russian Federation was 110,124 rubles. Meshkova Daria was present at the meeting. In return, he was given a receipt to the cash receipt order in the amount of: USD 1,900, 00. The receipt had the signature of the chief accountant Gorobets E.V. and the stamp of "QB Capital CY LTD", this receipt was dated 20 June 2017, under the contract No. 2965 - 16/ IMR dated 12.12.2016. On 2.12.2017, he transferred non - cash funds in the amount of USD 95,000 from his foreign currency settlement account No. 40817840040000131156 opened with PJSC Promsvyazbank, branch located at 21 Dolgorukovskaya Street, page 1, Moscow, to "QB Capital CY LTD" account No. 0127031002 opened with Alpen Baruch Bank Ltd, which amounted to RUB 5,626,850 at the exchange rate of the Central Bank of the Russian Federation as of 12.12.2017. The requisites for the above non - cash transfer were given to him by Ruslan Spinka. He and Spinka met every 3 months and Ruslan Spinka showed him reports on the "Trust Management" of his funds and convinced him that the assets were increasing in value and it was a great time to add funds. After 6 months Ruslan Spinka told him that it was urgent to sign a new contract as the Cyprus Company might have problems and might not be able to carry out operations. To his reluctance to sign a new contract, Ruslan Spinka claimed that there could be problems with the return of the funds. For this reason, on 04.06.2018, being in the office of the company LLC "IC QBF" at the address: Moscow, Presnenskaya naberezhnaya, 8, building 1, he was forced to sign a service agreement № 2965 dated 04.06.2018 with the company "Simtelligence", the essence of this agreement is the transfer of rights and obligations under the contract on access to the stock market and operations to the Hong Kong company "Simtelligence". The agreement had already been signed by a representative of Simtelligence, D.A. Korshunov, whom he had never seen. At the same

time, he asked to return some of his money, as he began to suspect that he had become a victim of fraud. However, Ruslan Spinka continued to stall, did not respond to calls and letters, but after 8 months Vladimir Maslennikov gave out part of the money: 07.03.2019 in the office of LLC IC QBF, located at the address Moscow, Presnenskaya Naberezhnaya 8, bldg. 1, 9th floor, Maslennikov handed him USD 10,000 (ten thousand), which at the exchange rate of the Central Bank of the Russian Federation as of 07.03.2019 amounted to RUB 658,430, in cash from dividends and coupons on assets in which his money was invested. Nevertheless, he asked Ruslan Spinka to return all his money, to which he replied that in order to return the funds, a new contract had to be signed, otherwise the money would not be returned. Thus, he was forced to sign new documents. On 05.12.2019 he, being in the office of the company LLC "IC QBF" at the address: Moscow, Presnenskaya naberezhnaya, 8, building 1, he signed the "Trust Management" agreement with "White Lake Management Ltd" №D - 872742 - L dated 5.12.2019. The company is registered in the Cayman Islands, but has a representative office at 8 Presnenskaya Embankment, building 1, Capital City Tower, Moscow. Dmitry Anatolievich Korshunov is again a signatory. He also signed a service agreement (standard form of accession) dated 05.12.2019 with VL Consulting LLC. In 2020, he tried to persuade the company LLC IK QBF represented by Ruslan Spink to return his money, but heard only excuses and references to the Coronavirus. In the autumn of 2020 Ruslan Spinka again assured him that as soon as he confirmed the origin of the money and provided notarised documents, the money would be returned to him. It took him 2 months to prepare the required set of documents and in November 2020 he provided them to Ruslan Spinka. In addition, in December 2020, he sent another application for the sale of all securities that Ruslan Spinka had assured him were included in his assets and asked for his money to be returned to him. After that, it became clear to him that the company QBIF LLC represented by Ruslan Spink was just stalling using various pretexts and was not going to give him his money. To date, the QBIF company represented by its employees refuses to return his money, does not answer letters, does not answer calls and does not do anything to return his money. He is sure that R.V. Spinka, D.A. Korshunov, S.A. Matyukhin and the shareholders of the company from the very beginning pursued the goal of embezzling his money. By deceit and threats they forced him to hand over the funds and then refused to give them back. They did nothing to give him the money and simply delayed the time. He was not provided with any information and supporting documents that securities, shares, bonds, units had been purchased in his name. There were no other refunds to him. Later, in the middle of 2021, I learnt from the media, including official news of the Russian Ministry of Internal Affairs, that criminal proceedings had been initiated and an investigation was underway. Taking into account the specifics of communication with managers, problems in withdrawing funds, and also taking into account the fact that the money was not returned to him in full, he had no doubts that he was a victim of fraudsters. To date, his money has not been returned to him in full. In total, he transferred 9,234,832 roubles to the QBF group of companies. The company has returned to him 658,430 roubles. Claims will be brought for the amount of damage caused to him. He believes that an offence has been committed against him, namely the theft of his money by deceit and breach of trust. He considers the amount of damage caused to him as significant;

- Testimony of V.V. Nemtsev, given by him as a witness and victim,

according to which in 2017 he learnt the company "QBF" from the Internet. At the same time he was contacted by the employee of the company Frolova Evgenia. During the telephone conversation, Frolova E. told about the possibility of additional income by investing available funds, both in foreign currency and in rubles, in the company "QBF" for further financial transactions in the international market. Then he was interested in the proposal and they agreed to meet in person. Having studied information about QBF in open sources, he found it attractive enough to try to work with it. The availability of licences from the Central Bank of the Russian Federation was one of the key points that determined for me the reliability of the company. The first meeting between Nemtsov V.V. and Frolova E. took place outside the company's office in some café, where exactly he does not remember. At the meeting Frolova E. told about the prospects of co - operation, told about the company itself and the options for investing money in order to receive income. She showed colourful presentations, told him that the company had been on the market for many years, that during this time it had shown itself well on the investment market, that with the help of the company "QBF" it was possible to officially invest money in securities (shares) traded on the New York Stock Exchange. He was shown the licences issued by the Federal Financial Markets Service. He was shown different strategies. Everything sounded very convincing, so the offer then interested him, he took a pause to study everything carefully, think it over and make an informed decision. At home he found and carefully checked the reviews about the company, as well as the data on the website of the Central Bank of Russia, where the information was confirmed - the licences were valid, and the reviews about the company were extremely positive. All this was a decisive factor in choosing the company and confirming its reliability. The next meeting took place in the company's office. So, no later than 17.08.2017, being at the address: St. Petersburg, Maloohhtinsky pr., 64, Lit. B, in accordance with his chosen strategies, under the pretext of investing his funds in securities with high yield, on behalf of a non - resident QB Capital CY LTD ("QB Capital CY LTD") concluded with him the Agreement on rendering services of direct access to international stock markets No. 3356 - 17/ISR dated 17.08.2017, and on behalf of QBF IC Ltd. entered into the Trustee Services Agreement in accordance with the Direct Access to International Stock Markets Services Agreement No. 3356 - 17/ISR dated 17.08.2017. During the period from 17.08.2017 to 14.12.2017, while being present at the office of QBF located at the above address, he handed over cash to the employees of the company viz: 17.08.2017 in the amount of USD 100,000, which at the exchange rate of the Central Bank of Russia as of 17.08.2017 amounted to RUB 5,965,210; 14.12.2017 in the amount of USD 10,000, which at the exchange rate of the Central Bank of Russia as of 14.12.2017 amounted to RUB 591,446. Since September 2017, he began to receive electronic reports on allegedly completed transactions with securities to his email address. He would like to note that he managed to partially return the money he had invested. So on 15.03.2018 in the cash desk of the office of the company "QBF", located at the address: St. Petersburg, Maloohhtinsky pr., 64, lit. B, he received funds in the amount of 2,200 US dollars, which at the rate of the Central Bank of the Russian Federation on 15.03.2018 amounted to 125,261.84 rubles, and on 04.12.2019 in the cash desk of the office of the company "QBF", located at the new address: St. Petersburg, Degtyarny per, 11, Lit. "B", he received cash in the amount of USD 11,600, which at the exchange rate of the Central Bank of the Russian Federation as of 04.12.2019 amounted to RUB 744,025.16. In September 2019, QBF notified him about the change of broker in another jurisdiction and offered to re - sign all the contracts for the change of broker and jurisdiction, without the possibility of choosing to stay with the previous contracts. He was re - signed the new contracts: 1) Trust Management Agreement No. D - 021509 - J with White Lake Management Ltd. registered in the Cayman Islands; 2) Service Agreement No. 3356 dated 04.06.2018 with Simtelligence registered in Hong Kong; 3). Service Agreement with VL Consulting LLC, being a representative office in Moscow No. 021509 - 09 dated 04.10.2019; 4) Determination on termination of the Agreement on provision of direct access services to international stock markets No. 3356 - 17/ISR dated 17.08.2017. 5) Determination on termination of the Agreement on provision of trust management services dated 17.08.2017 between QBF LLC and Vladimir Vladimirovich Nemtsev. In the summer of 2021 he had a change of financial advisor, it became Moskalyuk Dmitry Vladimirovich. He was the last person he had contact with. In response to his request to draw up documents for the return of funds Moskalyuk D.V. refused, referring to the fact that the police officers in May took away all the servers of the company and therefore it is impossible to withdraw funds. Since 06.07.2021 Dmitry Moskalyuk stopped answering

phone calls and e - mail appeals regarding the return of his funds. On 23.06.2021 and again on 12.07.2021, in accordance with the contract, he sent a message to the centralised e - mail of QBF company, with a request to sell the portfolio and withdraw all his funds: according to the company's report for the month of May 2021 the amount was 112.859,15 \$ (one hundred twelve thousand eight hundred and fifty nine US dollars and 15 cents), also in the message he asked to give him contacts of the company's employee in St. Petersburg, with whom he could interact on this issue. To date, no one has contacted him. He has still not received any written response to his request for a refund. All the contracts he signed stipulate that the money is refundable, i.e. the company undertakes to return the money within a specified period of time. According to the trust management agreement with White Lake Management Ltd No. D - 021509 - J clause. 9 "Cancellation", the withdrawal of funds is carried out within 30 days after receiving the notice. But at the present moment, he knows from numerous reviews on the Internet on the website banki.ru. that QBF company does not observe the terms and does not return the funds. In addition, in May 2021, in many business media (RBC, Kommersant, etc.), and on various channels, including federal, there was information that QBF used fraudulent schemes and worked as a pyramid scheme, and the shareholder of the company QBF Shpakov Roman Valeryevich fled abroad. Taking into account the fact that the terms of returning his money expired, there was no doubt that he became a victim of fraudsters. Up to the present time his money deposited to the address of the group of companies "QBF" in the amount of 5 687 369 roubles has not been returned to him. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. In the period from 17.08.2017 to 14.12.2017, the persons acting on behalf of the "QBF" group of companies stole his money in the total amount of 5,687,369 rubles. He considers the amount of damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise this right and file a lawsuit.

He has been given the right to familiarise himself with the composition of the investigative teams, with the decisions to order forensic examinations, with the conclusions of experts, with the transcripts of expert interrogations, and also to familiarise himself with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

- Testimony of A.G. Novitsky, given by him as a witness and victim,

according to which in November 2017, his mobile phone number received a call from an employee of the group of companies "QBF" Bogdanov Kirill (tel. 8 - 921 - 858 - 16 - 28) with an offer of additional income by allegedly investing in financial products of the group of companies "QBF". Bogdanov K. persuaded him to come to the office of "QBF" group of companies to get additional information. When he arrived at the office of the group of companies "QBF" at the address: St. Petersburg, Degtyarny per. 11 lit. B, room. 1 - H, BC "Nevskaya Ratusha", he was met by Bogdanov K.,

who began to persuade him in every possible way, persuade him to deposit money and mislead him about the legality of their activities, about the possibility of high earnings from investments and so on. He believed the words of Bogdanov K. and trusted him. 08.11.2017 being in the office of the group of companies "QBF" at the address: St. Petersburg, Degtyarny per. 11 lit. B, pom.1 - .H with the purpose, as he believed at that time, of investing funds in securities he concluded the Agreement on rendering services of direct access to international stock markets No. 4130 - 17/ISR dated 08.11.2017 with "QCCI LTD" ("QCCI LTD") and also entered into a Trustee Services Agreement with "QBIF IK LLC" pursuant to the Direct Access to International Stock Markets Services Agreement No. 4130 - 17/ISR dated 08.11.2017. Trusting the employee of the group of companies "QBF" Bogdanov K. and being in a state of delusion 07.12.2017 being in the office of the group of companies "QBF" at the address: St. Petersburg, Degtyarny per. 11 lit. B, room 1 - H, in the presence of Bogdanov K., he deposited in the cash desk of the group of companies "QBF" his own funds in the amount of 30 000 USD, which at the exchange rate of the Central Bank of Russia as of 07.12.2017 was 1 767 843 rubles. Some employee of "QBF" group of companies took the money from him (he does not remember the data of this employee). In order to mislead him and to make what was happening look like a legitimate activity, this employee of the group of companies "QBF" gave him a receipt to the receipt order No. b/n dated 07 December 2017. Trusting the employee of the group of companies "QBF" Bogdanov K. and being in a state of delusion on 14.12.2017 in the office of the group of companies "QBF" at the address: St. Petersburg, Degtyarny per. 11 lit. B, room 1 - H, in the presence of Bogdanov K., he deposited in the cash desk of the group of companies "QBF" his own money in the amount of 20 000 USD, which at the exchange rate of the Central Bank of Russia on 14.12.2017 was 1 182 892 rubles. Some employee of "QBF" group of companies took the money from him (he does not remember the data of this employee). In order to mislead him and make what was happening look like a legitimate activity, the said employee of the "QBF" group of companies gave him a receipt to the receipt order No. b/n dated 14 December 2017. Starting from December 2017, he started receiving reports on the alleged purchase of securities to his email. In January 2019, he approached Bogdanov K. about receiving his profits from the invested funds. Bogdanov K. told him that QBF Group could pay him \$2,700, which was allegedly the profit on the monies he had contributed. In order to convince him of the legality and profitability, thereby misleading him Bogdanov K. gave him USD 2,700 in hand, which at the maximum exchange rate of the Central Bank of the Russian Federation as of January 2019 was RUB 181,418.40. The transfer of funds was in the office of the QBF Group of Companies at the address: St. Petersburg, Degtyarny per. 11 lit. B, pom.1 - H. Around the end of 2020, he approached Bogdanov K. about a full refund of his money. Bogdanov K. began to deceive him about the terms of return of the money, began to delay the terms and come up with various reasons not to return the money. After that he began to demand from Bogdanov K. the return of his money on a regular basis, but he (Bogdanov K.) continued to deceive him and mislead him in every possible way about the return of his money. At that moment he realised that he had become a victim of fraudsters and was simply deceived to steal his money. At that time, he saw information in the media that criminal cases had been opened and investigations were underway against the employees and managers of the QBF group of companies. This confirmed his thoughts that he was a victim of fraudsters. To date, he has not been returned his money deposited in the cash desk of the "QBF" group of companies, as he then naively believed for investment, in the amount of 2,769,316.60 rubles. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. - Vavilova L.A.'s testimony, given to her as a witness and victim,

according to which, around the summer of 2017, her daughter Vavilova Elena Borisovna, after a sports training camp, after returning home, informed her that she met Padalko Nikol, and told her that he was a high - class specialist in investments and an employee of the group of companies "QBF". Also her daughter informed her that she had checked the information about the company "QBF". This company (QBF IK LLC) has licences from the Central Bank of Russia necessary for brokerage and other activities with securities, the company has a good reputation. She had personal savings and a desire to invest them for profit, but she herself had little understanding of brokerage activities. She decided to invest her money in QBF Group. Her daughter called Padalko N. and arranged a meeting, explaining in advance that they would come with the money. On 22.09.2017 at approximately 11:00 a.m., she and her daughter arrived at the office of LLC "IK "QBF", located at the following address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, 9th floor. 1, 9th floor. At the entrance they were met by Padalko N. and were taken to a meeting room where he presented them with the investment products available in the organisation, investment methods, profit generation mechanism, the procedure for reporting and informing the client, as well as the structure of the organisation in general. They were informed that the money will be invested in investment sites of foreign countries, and for this reason the money is required in currency. Everything was presented in a colourful way, devoid of flaws. They were promised high returns. Also Padalko N. presented them different investment strategies available in the group of companies "QBF", where for each of them special conditions were modelled, up to the minimum threshold of the amount of entry into the investment portfolio. At the end of the meeting they finally got the impression that these people can be trusted with their assets. She gave her consent to invest her money in the QBF group of companies. Padalko N. had documents already prepared and signed by the "QBF" group of companies. On 22.09.2017, being in the office of "QBF" LLC, she signed these documents, namely: agreement on provision of services of direct access to international stock markets № 3421 - 17/IMR from 21.09.2017, between her and the company "QCCI LTD" represented by the representative by power of attorney Yudin M.S. Agreement on provision of "Trust management" services in accordance with the agreement on provision of direct access to international stock markets No. 3421 - 17/IMR, dated 21.09.2017, between her and QCCI LTD represented by Yudin M.S. Yudin has never seen or communicated with Yudin M.S.. The existence of licences from the Central Bank gave her confidence in the safety of her investments and in the reliability of the company. She did not wonder why the agreement was executed on behalf of a foreign company. After the above events, on the same day, she brought the funds to be transferred to QBF Group of Companies. On 22.09.2017 she, being in the office of LLC "IK QBF", located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, handed over to Nikolay Padalko the funds under the concluded contract and agreement in the amount of USD 20,000, which at the exchange rate of the Central Bank of Russia as of 22.09.2017 amounted to RUB 1,164,400. Padalko N. counted the brought money and left the meeting room with it. In return, he brought a receipt to the cash receipt order b/n dated 22.09.2017 stating that 20,000 US dollars were accepted from Vavilova L.A., the reason - crediting in US dollars to the account under the contract No. 3421 - 17/IMR dated 21.09.2017. The receipt was issued on behalf of the company "QCCI Ltd", signed by the chief accountant Gorobets E.V., and the receipt has an imprint of the QCCI seal. Gorobets E.V. she has never seen. After they invested money in the "QBF" group of companies, she started receiving reports to her daughter's e - mail address elenavavilova@mail.ru, which she received until the beginning of summer 2021 and later. These reports reflected the status of her investment portfolio. Seeing the positive trend in the reports, she decided to add an additional \$12,000. In this regard, she and Padalko N. agreed to meet. On 26.01.2018, at approximately 11:00, she and her daughter arrived at the office of LLC "IC QBF", located at the address: Moscow,

Presnenskaya Naberezhnaya, 8, p. 1, 9th floor. They were also met at the entrance by Mr N. Padalko. During the meeting in the office, Padalko N. led them to a meeting room, where she handed over to Padalko N. cash in the amount of USD 12,000, which at the exchange rate of the Central Bank of the Russian Federation as of 26.01.2018 was RUB 671,160. Padalko N. counted the money brought to her and left the meeting room with it. In return, he brought her a receipt to the cash receipt order b/n dated 26.01.2018 stating that USD 12,000 was accepted from Vavilova L.A., the reason - crediting in USD to the account under the agreement No. 3421 - 17/IMR dated 21.09.2017. The receipt was issued on behalf of the company "QCCI Ltd", signed by the chief accountant Gorobets E.V., and also the receipt had an imprint of the QCCI seal. After the above events, her email continued to receive investment reports on the status of the portfolio. Around the beginning of June 2018, she received a call on her daughter's mobile phone number from Padalko N., who informed her about the need to come to the company's office in order to re - sign documents in the part concerning the investment strategy. On 04.06.2018 she and her daughter arrived at the office of IK QBF LLC at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor. N. Padalko met us, escorted us to the meeting room and provided us with documents to sign. On 04.06.2018, being in the office of IK QBF LLC, she signed the following documents provided by Padalko N.: service agreement No. 3421 dated 04.06.2018 between her and Simtelligence Company Limited. Within the framework of the said agreement, Yurmaster LLC acts as an agent. According to Padalko N., signing of these documents is a technical necessity and is conditioned by some change of financial strategy of the group of companies "QBF", which will not affect in any way the state of the money invested by her. Later, after about a little over a year, Padalko N. contacted them again and asked us to come to the office for another re - signing of documents related to the change of investment strategy. On 07.10.2019 she arrived at the office of IK QBF LLC at the address: 8 Presnenskaya Naberezhnaya Naberezhnaya, 8, p.1, 9th floor, Moscow. She was met by N. Padalko, escorted to the meeting room and provided documents for signing. On 07.10.2019 she, being in the office of IK QBF LLC, signed the documents presented to me, namely: trust management agreement No. D - 450603 - J dated 07.10.2019 between me and White Lake management Ltd, service agreement with VL Consulting LLC, other documents provided to her by Padalko N., these documents she attached to the protocol of interrogation. According to Padalko N. signing of these documents is a technical necessity and is conditioned by some change of financial strategy of the group of companies "QBF", which will not affect the state of her invested money. She signed these documents trusting Padalko Nikolay. At the end of May - beginning of June 2021, I learned from the media, including official news from the Russian Ministry of Internal Affairs, that criminal cases had been opened and investigations were underway regarding fraudulent actions against clients. Her daughter received a call from Padalko N. and informed her that all this was a provocation and external pressure on the company, in this connection she should persuade her to buy units of ZPIF also from the group of companies "QBF". After that they started to study information about the company QBF IK LLC and clients of QBF group of companies. Based on information from various sources, she realised that she had become a victim of fraudsters and Padalko N. together with other employees of "QBF" was deceiving them. In this regard, she submitted an application for withdrawal of funds dated 16.06.2021, as well as a notice of realisation of assets dated 16.06.2021, which were accepted by a QBF employee on 06.07.2021, but this application and notice were not executed, the funds were not returned to her even partially. Also later she became aware that the Central Bank of Russia revoked all available licences from the "QBF" group of companies. In total, she had transferred to the address of the "QBF" group of companies money in the amount of 1,835,560 roubles. No refunds have been made to her from the QBF Group of Companies. She believes that an offence has been committed against her, namely the theft of money belonging to her by deceit and breach of trust. The material damage caused to her in the amount of 1,835,560 roubles is significant for her. She specifies that in her earlier testimony as a witness, she had calculated some of the amounts incorrectly when converting from dollars to roubles;

- Testimony of N.S. Vetrova, given to her as a witness and victim,

according to which in 2017 she became aware of the existence of the investment financial group QBF, which offered clients asset management, brokerage and custody services, investment counselling, as well as structured products, investments in derivative financial instruments, both in foreign and domestic markets. QBF's branch office in St. Petersburg was located at 64, Malookhtensky Ave. in St. Petersburg, and its head office in Moscow at 8, Presnenskaya Pub. 1. The QBF representative with whom she had contact was Salimova Zarina, who held the position of sales manager. She had known Salimova Zarina previously when she worked at VTB Bank PJSC as a personal manager of the Privileges department. In the course of communication with Salimova Zarina the latter described to her the profitability she could get in currency, levelling currency risks, told her that they cooperate with well - known foreign brokerage houses such as Interactive Brokers, LEK Securities, R.J, O'Brien & Associates and others. Having been persuaded, she decided to start co - operation with the company in the direction of stock trading on foreign stock markets. She was provided with the Agreement for Direct Access Global Stock Market (Access Global Stock Market) No. 4236 - 17/ISR dated 15.11.2017 (Account 004236) with QCCI based in Cyprus. The subject matter of the Agreement is opening of trading account No. 004236 for her to make purchase and sale transactions of Securities, derivatives and other instruments; trust management agreement to the above Agreement dated 15.11.2017 with QCCI LLC represented by Golubev A.S. under which she entrusted the company to manage the assets on her account. On 15.02.2017, being in the QBF office located at the address: St. Petersburg, Maloochtensky Ave. 64, as an investment amount she gave Salimova Zarina 10 000 Euro, which at the exchange rate of the Central Bank of Russia as of 15.02.2018 was 712 329 rubles, in cash, and she gave her a signed receipt signed by the chief accountant Gorobets E.V. and stamped by QCCI LTD. Later, as instructed by the manager, she signed Service Agreement No. 4236 with Simtelligence Company Limited dated 04.06.2018. The subject matter of the agreement was as follows: consultancy assistance in providing information and details of trading activities. In 2019, its manager informed that there was a change of jurisdiction of domicile in Spain providing access to foreign markets and instead of QCCI it was necessary to enter into an agreement with WhiteLakeManagement, registered in the Cayman Islands. Considering that the change of company was a non - alternative option, she was forced to sign a Termination Agreement with QCCI Ltd., transfer of rights to YurMaster Ltd. and sign the Trust Deed No. D - 901087 - K dated 11.11.2019 with WLM Ltd. submitted to her, together with Annexes No. 1 and No. 2, which defined the investment strategy - Weighted Average and Asset Protection. The subject matter of the agreement was the same as the earlier agreement with QCCI Ltd. She also signed a Service Agreement (standard form of adhesion agreement) with VL - Consulting LLC dated 11.11.2019 with all annexes and additional agreements, under which she allegedly opened an account with the Company to store cash and securities, and VL - Consulting LLC advises her and provides services for delivery of her orders, documents to the Company. On behalf of LLC "VL - Consulting" the documents were signed by Maricheva O.V. She does not know anything about this company, she has never communicated with any of its representatives, she did not need any co - operation. Communication with this company was supposed to take place by means of telephone communication by number +13457691389, which she never called, e - mail info@w - lake.com.Чеpez. Some time ago she learnt about initiation of criminal proceedings and tried to withdraw funds from her brokerage accounts both foreign and Russian. However, her instruction was not executed and the company did not respond to her requests. Thus, she believes that a group of people, including Salimova Zarina, under the pretext of brokerage services, received money from her in the

amount of 712,329 rubles, but did not intend to fulfil their obligations and return the funds to her. She believes that by means of deceit and abuse of trust she was robbed of her money in the amount of 712,329 roubles. The damage caused to her is significant. To date, she has not received the return of her money deposited to the "QBF" group of companies in the amount of 712,329 roubles. She also considers that the persons acting on behalf of the "QBF" group of companies initially did not intend to fulfil their obligations to her and acted solely for the purpose of stealing her money, having deceived her. The persons acting on behalf of the "QBF" group of companies stole her money in the total amount of 712,329 roubles. She estimates the amount of damage caused to her as significant. She has been explained the right to file a civil action in the criminal case. She wishes to exercise this right and file a lawsuit. She has been explained the right to familiarise herself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of expert interrogations, and also to familiarise herself with the materials of the criminal case in full or in part. She does not wish to exercise this right. She has not applied to the court with applications to recover money from the "QBF" group of companies;

, according to which approximately in March 2018 from her acquaintance Spiridonov Oleg Gennadyevich she learnt about the activities of the group of companies "QBF". At that time Spiridonov O.G. was a client of the group of companies "QBF". Spiridonov O.G. introduced her to Alexey Sergeevich Golubev (tel.8 - 921 - 858 - 16 - 24), the financial advisor of the group of companies "QBF", who later became the head of the St. Petersburg branch of the group of companies "QBF". A.S. Golubev told her about all investment products of the group of companies "QBF", assured her of its financial stability and integrity, and also described all financial benefits that she would get by investing money in the group of companies "QBF". She believed A.S. Golubev's words and concluded the trust management agreement No. 4285 - 18/ISR dated 13.03.2008 with the company "QCCI LTD", which is a part of the group of companies "QBF". Besides, on 13.03.2018 being in the office of the group of companies "QBF" at the address: 68, Maloohinsky Ave., St. Petersburg, under the direction of the manager of the group of companies "QBF", whose data she does not know, she deposited her funds in the amount of 20 000 US dollars and 6 000 Euros in the cash desk of the group of companies "QBF", at the same time she was given 2 receipts to the natural cash order b/n. The funds were accepted by the cashier, whose data she does not know. On 04.06.2018 the agreement between her and "QCCI LTD" was cancelled and an agreement was concluded with the Limited Liability Company "Simitelligence" represented by Dmitry Anatolievich Korshunov. The signing of the agreement took place under the direction of Golubev A.S. In 2019, Golubev A.A. introduced her to Salimova Zarina Salimova (her tel. 8 - 953 - 148 - 18 - 59), the financial advisor of the QBF group of companies, telling her that she (Salimova 3.) would be her personal manager. In May 2020, Salimova 3. informed her that it was necessary to reissue the contract she had previously concluded with "QCCI LTD" to a new legal entity - the legal successor, which was the company "White Lake Management Ltd". Under the guidance of Salimova 3. she concluded with "White Lake Management Ltd" the trust management agreement No. D - 397016 - E dated 07.05.2020. Interaction with "White Lake Management Ltd" was carried out through Limited Liability Company "VL Consulting" OGRN 5187746009468. Since depositing money in the group of companies "QBF",

the Company "White Lake Management" sends her monthly reports on alleged investment activities. She received the last report for August on 20 September 2021. During the time that her money was held in "Trust" in the "QBF" group of companies, she managed to recover 1,500 Euros. In May 2021, she learned from Salimova 3. that QBF Group had some difficulties and their licence was being revoked. After that she decided to return her money, previously contributed to the group of companies "QBF", so on 29.07.2021 she sent Salimova 3. a notice to realise the assets under the international contract. Salimova S. and forwarded the notice to: regionsupport@wl - consulting.ru. According to the words of Salimova 3. to the specified e - mail address were sent applications of depositors, to return their money. She has not received a reply to her notice to date. To date, she has not been returned her money deposited to the address of the group of companies "QBF" in the amount of 20,000 US dollars and 4,500 Euros, which at the exchange rate of the Central Bank of Russia at the time of deposit is 1,432,309.55 rubles. She believes that an offence has been committed against her, namely the theft of her money by deceit and breach of trust. I estimate the amount of damage caused to her as significant, namely 1,432,309.55 (one million four hundred and thirty - two thousand three hundred and nine roubles and fifty - five kopecks) roubles. Considers that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to her and acted solely for the purpose of stealing her money, having deceived her. The persons acting on behalf of the "QBF" group of companies stole money belonging to her in the total amount of 1,432,309.55 roubles. She considers the amount of damage caused to her as significant. - The testimony of M.R. Batalova, given to her as a witness and victim,

according to which approximately from January 2017 on her subscriber phone number began to receive phone calls from employees of the group of companies "QBF". The calls were of an introductory and advertising nature, with the aim of attracting her as a client. Having made enquiries in the Internet, namely on the website of the group of companies "QBF", she paid attention to the fact that some employees of the group of companies "QBF" are former employees of the Central Bank of the Russian Federation, which inspired confidence in this organisation. Later, around July 2017, she was contacted by a manager of the "QBF" group of companies named Sirotyuk Bogdan (8 - 967 - 185 - 51 - 70), email address bogdan.sirotyuk@gbfin.ru), with whom she had an introductory conversation. The financial advisor assured her that the company had a long and successful track record in Russia and abroad. Also in open sources of the Internet she saw information that LLC "IK QBIF" (INN 7733673955) has 4 licences of the Central Bank of Russia, namely: licence for brokerage activities No. 045 - 12805 - 100000 dated 24.12.12.2009, licence for

dealer activity #045 - 12816010000 dated 24.12.2009, licence for securities management #045 - 12828 - 001000 dated 24.12.2009 and licence for depository activity #045 - 14078 - 000100 dated 08.08.2019. Later she met with him at my workplace, discussed various products that Bogdan offered her and agreed on the decision to open an IIS. She did not have any problems while maintaining the IIS with QBF, she does not have any complaints regarding the maintenance of the IIS. Then she decided to deposit funds in the QBF group of companies in another product, and QBF employees Sirotiuk Bogdan and Ruslan Spinka persuaded her to invest in international products. On 28.12.2017 she, being in the office of LLC "IC QBF", located at the address: Moscow, Presnenskaya naberezhnaya, 8, p.1, in order to invest funds in securities with high yield, signed an agreement on provision of services of direct access to international stock markets No. 4182 - 17/IIMR dated 11.11.2017 with QCCI LTD, and also signed an assignment agreement No. 4182 dated 28.12.2017 with QBIF Advisory LLC. Further, being in the office of LLC QB&EF Investment Company, located at the address: 8 Presnenskaya Naberezhnaya Embankment, bldg. 1, Moscow, she made a cash transfer as follows: 28.12.2017 in the amount of USD 20,000, which at the exchange rate of the Central Bank of the Russian Federation as of 28.12.2017 was RUB 1,149,000, 22.03.2018 in the amount of EUR 10,000, which at the exchange rate of the Central Bank of the Russian Federation as of 22.03.2018 was RUB 705,700. After depositing the funds into the account, she periodically, very rarely received reports on transactions and deals. During the entire period of co-operation she received only 4 reports. Around September 2021, she learnt that criminal proceedings had been initiated against the employees of QBF Group of Companies, in connection with which she called Ruslan Spinka, Senior Financial Advisor, to enquire about the situation. Spinka assured her that there was no reason to worry about the matter. However, she did not receive any clear explanations from QBF employees on how to withdraw the invested funds. In connection with the above, she believes that a crime has been committed against her by "QBF" employees, namely theft of her money by deceit and abuse of trust. In total, 1 854 700 roubles were transferred to her to the address of the group of companies "QBF". She did not manage to withdraw the invested money even partially. A.A. Romanovsky's testimony, given by him as a witness and victim,

according to which at the beginning of March 2018 someone from his acquaintances, he does not remember exactly who, advised him the group of companies "QBF" as a reliable financial structure, with the help of which it is possible to earn additional income from investing money. As he needed money for the operation he was interested in it. By phone he made an appointment at the office of "QBF", located at that time at the address: 64, Malohtinsky Prospekt, 64, Business Centre "Plaza", St. Petersburg. When he came to the office he was met by Grigory Gennadievich Pakhomov, a consultant of the "QBF" group of companies, who immediately started to persuade him to deposit money in the cash desk of the "QBF" group of companies. Pakhomov G.G. began to mislead him, told him about the financial products of "QBF", about the alleged reliability of the group of companies, about the presence of a licence of the Central Bank of the Russian Federation, etc., in general, convinced him in good faith, legality and reliability of the group of companies "QBF", as he is not well versed in investing he believed Pakhomov G.G. On 20 March 2018, being in the office of the group of companies "QBF" at the address: St. Petersburg, Malohtinsky Prospekt, 64, he was deceived

by the representative Pakhomov G.G. and under his accompaniment signed the following documents: Agreement with "QCCI LTD" ("QCCI LTD") on provision of services of direct access to international stock markets No. 4298 - 18/ISR dated 20.03.2018 for allegedly investing in securities with high yield and Agreement Order No. 4298 dated 20.03.2018 of "QBCI Advisery" LLC. On 20 March 2018, being in the office of the "QBF" group of companies at the address: 64, Malohtinsky Prospekt, St. Petersburg, he deposited USD 20,000 in cash, which at the exchange rate of the Central Bank of Russia as of 20.03.2018 amounts to RUB 1,151,042, in the cash desk of the "QBF" group of companies. The money was accepted by an employee of the "QBF" group of companies (he does not remember the data of this employee) in the presence of Pakhomov G.G. In order to mislead him and to give the appearance of legitimate activity, the said employee of the "QBF" group of companies gave him a receipt to the receipt order No. b/n dated 20 March 2018. On 24 March 2018, being in the office of the group of companies "QBF" at the address: St. Petersburg, Malohtinsky Prospekt, 64, he deposited USD 23,000 in cash, which at the exchange rate of the Central Bank of Russia as of 24.03.2018 is 1,313,465.60 rubles, in the cash desk of the group of companies "QBF". The money was accepted by an employee of the "QBF" group of companies (he does not remember the data of this employee) in the presence of Pakhomov G.G. In order to mislead him and to give the appearance of legal activity, the said employee of the "QBF" group of companies gave him a receipt to the receipt order No. b/n dated 24 March 2018. On 04 June 2018, being in the office of the group of companies "QBF" at the address: St. Petersburg, Malohtinsky Prospekt, 64, according to the conviction of Pakhomov G.G., he concluded a contract with QBF Advisery LLC, it was necessary according to the words of Pakhomov G.G., as QCCI LTD changed its location from Cyprus to Hong Kong. On 25 October 2019, being in the office of the group of companies "QBF" at the address: St. Petersburg, Degtyarny per. 11 lit. B, pom.1 - H, BC "Nevskaya Nevskaya".H, BC "Nevskaya Ratusha" according to the belief of Pakhomov G.G. he concluded the contract No. 387803 - 09 of rendering services with LLC "QBF Advisery". The contract contained the name of VL Consulting LLC TIN 7706463476. He did not go into the documents and circumstances, because he was deluded and did not realise that he was being deceived, he was under the control of Pakhomov G.G. In addition, an agreement to the Trust Management Agreement No. D - 387803 - J with "White Lake Management Ltd" was also signed. On or about 20 September 2020, he sent a notice to the QBF Group of Companies that he wanted to withdraw his funds in full. However, he received no response to his request. At the end of December 2020, Dmitry Vladimirovich Maskalyuk, the manager of the QBF Group of Companies, appointed him a meeting for 14 January 2021. On 14 January 2021 at the meeting D.V. Moskalyuk misled him and fraudulently persuaded him to postpone the withdrawal of funds for some time, motivated by the fall of the securities market. He believed D.V. Moskalyuk and did not demand the return of his money. In April and May 2021, he repeatedly tried to call Moskalyuk D.V. by phone in order to return to him the money deposited to the cash desk of the "QBF" group of companies. When he got through to Moskalyuk D.V. he (Moskalyuk D.V.) again began to deceive him and mislead him in every possible way about the return of money to him, invented different circumstances and reasons. At that moment he realised that he had become a victim of fraud and was simply deceived in order to steal his money. At that time, he saw information in the media that criminal cases had been opened and investigations were being conducted against the employees and managers of the "QBF" group of companies. This confirmed his thoughts that he was a victim of fraud. To date, he has not been returned his money deposited to the address of the group of companies "QBF" in the amount of 43 000 US dollars, which at the exchange rate of the Central Bank of Russia on the dates of deposit of funds on 20.03.2018 and 24.03.2018 is 2 464 507,60 Rubles. He believes that the persons acting on behalf of the "QBF" group of companies initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. In the period from 20.03.2018 to 24.03.2018, the persons acting on behalf of the "QBF" group of companies stole his money in the total amount of 2,464,507.60 rubles. He considers the amount of damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise this right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the protocols of interrogations of experts, as well as to familiarise himself with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

- Testimony of D.V. Erofeev, given by him as a witness and victim,

according to which approximately in early 2018 from his brother - in - law Bogdanov Kirill Yuryevich, he learnt about the financial company QBF. At that time Bogdanov K.Y. worked in this company as a financial advisor. At that time his money savings were on a deposit account in "Baltinvestbank". Bogdanov K.Y. told him about the activity of QBF company and a higher rate of return on the invested money than on the deposit in the bank. Therefore, he decided to invest his money in QBF company. 19.04.2018 in the office of QBF company at the address: St. Petersburg, Degtyarny per. 11, lit. B, pom.1 - H, BC "Nevskaya Ratusha" he signed the "Trust Management Agreement No. 4341 - 18/ISR dated 19.04.2018" between the company "QCCI LTD", and the company "QBF Advisory", and he (D.V. Erofeev) transferred funds in the amount of 2 500 000 rubles to Alexey Sergeevich Golubev (tel. 8 - 921 - 858 - 16 - 24), who acted on the basis of a power of attorney from the company "QCCI LTD" and represented himself as the head of the branch network QBF and the head of the back - office Marzenyuk Ekaterina (8 - 913 - 988 - 88 - 05), who in return handed him a cash receipt from the company "LTD QCCT". I would like to note that he was told that the management of the invested money will be carried out by the specialists of QBF company. A.S. Golubev informed him that the deposited funds would be used for transactions on purchase and sale of various financial instruments (shares, etc.) on international exchanges. He was directly assigned a financial advisor Bogdanov K.Y. Interaction with "QCCI LTD" was carried out within the framework of the assignment agreement No. 4341 dated 19.04.2018 concluded between him and QCCI LTD represented by Pakhomov Grigory Gennadyevich acting on the basis of a power of attorney. He has never personally communicated with G.G. Pakhomov. Also, when signing these documents, he was informed that in three months he could withdraw the profit received from the transactions on the purchase and sale of shares on the basis of his application, he could withdraw the entire amount of money deposited by him without commission in 12 months. Starting from May 2018, he started receiving reports on the purchase of securities on his account to his email Sistema220@gmail.com. I cannot confirm or deny the accuracy of these reports. According to these reports, he was making profit and there was a positive trend in his account. On 26.06.2020 he (D.V. Erofeev) sent a notification letter to the QBF company to the mailbox regionsupport@wl - consulting.ru about the start of the process of withdrawal of all deposited funds. On 17.09.2020 he was provided with a withdrawal order number. During September 2020, through their financial advisor Bogdanov K.Y., they prepared the requested set of documents for the refund, which included: Russian passport, foreign passport, notarised English translation of the Russian passport, notarised foreign passport, TIN, bank statement in English with confirmation of my registration, KYC - questionnaire in English. I note that when they started working, Golubev A.S. assured him that no documents would be taken from him when withdrawing funds, and that withdrawal of funds could also be done through the company's office at the above address. On 08.10.2020 a letter was sent with all requested documents and repeated withdrawal orders. In response to this letter, the company insisted on the need to sign the documents on the transfer of assets from Cyprus to "White Lake Management" (Cayman Islands) and Hong Kong "Simtelligence". And if such re - signing was not done, it would be impossible to realise a refund. These requirements were explained by QBF's policy. On 25.12.2020, an agreement for the transfer of assets from Cyprus to White Lake Management (Cayman Islands) and Hong Kong Simtelligence was

prepared for him, but he did not sign it. On 22.01.2021, a meeting was held in the office of QBF company with the representative of the company - Dmitry Moskaluk (8 - 965 - 028 - 88 - 88), who represented himself as a vice - president of QBF company. At this meeting the terms of withdrawal of funds till the end of April 2021 were outlined. On 25.01.2021, there was a second meeting at QBF with A.S. Golubev, where he also confirmed the withdrawal of funds by the end of April, with the signing of documents on the transfer of assets from Cyprus to "White Lake Management" (Cayman Islands) and Hong Kong "Simtelligence" and the availability of all other documents. Also, Golubev A. To speed up the process of withdrawal of funds he proposed to sign a document for the sale of assets at market value. According to him, it will speed up the process of selling off the securities. On 01.02.2021, he (D.V. Erofeev) signed the documents for the transfer of assets and was assigned a new contract number No. D - 461156 - L dated 25.12.2020. On behalf of the company "White Lake Management" the contract was signed by Korshunov D.A. He has not seen this person personally and has not communicated with him. Further, the whole set of documents required from him was sent to the company. On 08.02.2021, he sent an application to sell the portfolio at the market price, at which he was promised to sell it within 5 working days. On 09.03.2021, from the post office regionsupport@wl - consulting.ru came a notification about the sale of his portfolio with the final balance of 43 961,4 USD or 3 340 156 rubles at the Central Bank exchange rate of 75,98 rubles. At the same time he was told that he needed to update the documents that were prepared in autumn. On 15.04.2021 all requested documents were sent to QBF. However, a request for another certificate confirming his income came. Without this certificate they refused to accept the whole set of documents. On 30.04.2021, this certificate was sent. Thereafter there was no feedback from the company. He also did not receive any money. Around the same time, he learnt from the media about the criminal case opened against QBF employees and investigative actions being carried out, including in the St. Petersburg office. To date, he has not been returned his money deposited with the QBF group of companies in the amount of 2,500,000 roubles. He believes that the persons acting on behalf of the "QBF" group of companies initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. The persons acting on behalf of the "QBF" group of companies stole his money totalling 2,500,000 roubles. He considers the amount of damage caused to him to be significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise that right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the transcripts of expert interrogations, and with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

- M.I. Borzenkov's testimony as a victim,

according to which he is currently an individual entrepreneur, his line of business is wholesale and retail trade in household appliances and renting out real estate. Since 2008 and up to the present time his father I.A. Borzenkov has also been an individual entrepreneur. His line of business - renting out real estate, wholesale and retail sale of household appliances. He specified that he himself and his father, I.A. Borzenkov, had money savings, which they

placed in business projects, in real estate and on accounts of various banks. As the funds were released, they were channelled to his account opened with the Ekaterinburg branch of PJSC Gazprombank. In 2016, Khvostenko S.R. was a trustee of his father, Borzenkov I.A. As far as he remembers, at that time she was employed by Vash Accountant LLC. This company carried out accounting for a number of his father's organisations. S.R. Khvostenko's job duties included liaising with banks, financial analyses and so on. His father, I.A. Borzenkov, instructed S.R. Khvostenko to find an investment organisation in which to place (invest) funds in order to gain profit through trust management (he specified that neither he nor his father had previously cooperated with such organisations). As far as he knows S.R. Khvostenko considered several investment organisations and decided on QBF LLC. According to Khvostenko S.R., she had a preliminary meeting with K.S. Sobolev (neither he nor his father had previously met him), who was a representative of the Ekaterinburg branch of QBIF LLC, received from him draft agreements on the provision of direct access to international stock markets and agreements on the provision of trust management services, and checked whether QBIF LLC had a licence and other necessary documents. In early 2016, S.R. Khvostenko informed them that she had found QBF LLC, which would be engaged in trust management. His father instructed S.R. Khvostenko to organise a meeting with the managers of QBF LLC. In April 2016, his father I.A. Borzenkov met with K.S. Sobolev, a representative of the Ekaterinburg branch of LLC IC QBF. The meeting took place in the office of this company in the President BC at 1A Boris Yeltsin St., Ekaterinburg, office #1204. K.S. Sobolev told his father during the meeting that they co-operated with American brokers and the money invested by them would be insured. The conditions were slightly better than those of other investment companies. The documents submitted for examination, in the opinion of his father and Khvostenko S.R., were in order, and the presentation of their company did not resemble a company of swindlers at all. According to the words of K.S. Sobolev, their company makes its profit by investing money in foreign bonds, shares, etc., which they trade on the American securities market. Given that they trade on the foreign market, Sobolev said that the cash should be invested in US dollars and transferred to the Cyprus company QB CAPITAL CY LTD (later renamed "QCCI"), part of the holding company QB IC LLC. They travelled together with his father, I.A. Borzenkov, to the second meeting, also in April 2016, at the address: 1A Boris Yeltsin St., Ekaterinburg, office No. 1204, where they also discussed the terms of the "Agreement on the provision of direct access services to international stock markets", as well as the terms of the agreement on the provision of "Trust management" services concluded in accordance with the above Agreement. Prior to the conclusion of the agreements in the course of negotiations it was agreed that the payment for the trust management services of QBIF LLC shall be made only from the Principal's profit (success fee) and the procedure of tariff reduction was agreed upon in case the Principal increases the funds under the management of QBIF LLC and increases the terms of trust management. In addition, the terms of investment and the procedure for return of funds were agreed upon. The terms and conditions of the contracts and agreements generally corresponded to the oral agreements. They agreed to the scheme of work proposed by QBIF LLC, in particular by K.S. Sobolev, whereby their funds are transferred to the "master account" of the Cyprus company QB CAPITAL CY LTD (QCCI), after which their money, together with the funds of other Trustees, is placed in securities and managed by the Russian licensed company QBIF LLC. According to the words of the employees of LLC IC QBF (K.S. Sobolev), this scheme is related to the convenience of working on the New York Stock Exchange and reducing costs. He and his father, prior to the withdrawal problems (July 2019), had treated QBF IK LLC with full confidence and planned long-term investments. On 28 April 2016, he himself and his father, I.A. Borzenkov, again came to the above-mentioned office of IC QBF LLC, where he himself, as an individual, signed the "Agreement on provision of direct access services to international stock markets No. 2611 - 16/1EC 28.04.2016", as well as signed the Agreement on provision of "Trust Management" services, concluded in accordance with the above-mentioned Agreement. Subsequently, it signed several more Agreements and contracts on provision of trust management services. In total, under all contracts and agreements, he transferred to the accounts of the Cyprus company QB CAPITAL CY LTD (QCCI), USD 14,000,000. All contracts and agreements were signed in the office of QB CAPITAL CY LTD in Ekaterinburg in BC "President". All funds were transferred from his personal account opened with the Ekaterinburg branch of PJSC Gazprombank. All payments passed currency control, payment orders are available. All documents were submitted to the bank's employees, and the bank's employees did not have any questions. Control over trust management was carried out until May 2018 by S.R. Khvostenko, by receiving monthly reports to her email, later monthly reports from the side of LLC IC QBF began to come to his father, I.A. Borzenkov. Reports from the side of LLC IC QBF until September 2019 came from the email address: reports@qbcap.com, after that from the email address

adpeca:reports@wl - mnt.com. All reports came to his email address: iborz@yandex.ru. Neither he, his father, nor their proxies had independent access to the trading account (the account where the funds were placed). All operations on the accounts were carried out exclusively by employees of QBIF Ltd. No information on specific securities transactions, other than that contained in the reports, was provided to them. Since summer 2018, instead of K.S. Sobolev, communication with them began to be conducted by Alexey Golubev, who was in St. Petersburg and said that he was the head of the client network and explained that further communication would take place with him. From September 2018, his father made attempts to obtain interest on the concluded contracts. For this purpose, he negotiated with A. Golubev, and further in December 2018, his father submitted formal demands for interest payments totalling USD 1,805,000 to the office of QBIF LLC in Ekaterinburg. However, no money was received until March 2019. All negotiations were conducted by his father, as he himself entrusted his father to conduct all negotiations. In March - April 2019, his father, on his (Borzenkov M.I.) behalf, held meetings with the beneficiary of QBIF LLC Shlakov Roman Valeryevich in the office of QBIF LLC, in Moscow at the following address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1. 1. At the meeting it was agreed that by 01 July 2019 the entire interest amount of USD 1,805,000 will be transferred to his account, after which the parties will discuss further actions (reissuance of contracts, registration of the CIC by the Principal, terms of early termination of contracts). Shpakov R.V. assured his father that the agreements reached by him will be fulfilled. By 01 July 2019, \$250,000, in several transfers, instead of \$1,805,000, was deposited into his account. Golubev A. and Shpakov R.V. explained the reason for the delay by the difficulties of passing bank control and the holiday season. In June 2019, his father learnt through his acquaintances that it is possible to check the data on Cypriot legal entities in open sources. After that, his father independently found out through internet sites that the company QB CAPITAL CY LTD (QCCI), where the funds were transferred from his account, was liquidated. In order to establish the reasons of liquidation of the Cypriot company QB CAPITAL CY LTD (QCCI), his father turned to Golubev A., who answered him (Borzenkov M.I.) that "they had to leave Cyprus quickly" and QB CAPITAL CY LTD (QCCI) transferred all the obligations under its contracts to the Hong Kong company "Simtelligence", all the funds invested by him under the above contracts are fully preserved. After that Golubev A. suggested them to agree on this transfer first to the Russian company, under the contract of assignment of the right of claim, and then to the Hong Kong company. His father then realised that they were being tried to deceive them and take possession of the funds belonging to them by deception. In September 2019, R.V. Shpakov suggested to his father that he (M.I. Borzenkov) should enter into an interest - free foreign currency loan agreement and promised to transfer the remaining US\$1,413,000 within 2 weeks of signing. After payment of all monies, a set - off of counterclaims was planned. The loan agreement was signed by him (M.I. Borzenkov) at the end of September 2019 at the office of IK QBF LLC in Moscow. In October 2019, his father again held a meeting with R.V. Shpakov in an attempt to recover the invested funds. However, R.V. Shpakov did not return the money. At the moment, QBF IK LLC has sent on behalf of the Hong Kong company Simtelligence a total of US\$ 587,000,000 to him for "services". However, these amounts are not properly formalised and therefore cannot be considered a return of investment at this time, as there was and is no relationship properly formalised between himself and Hong Kong Simtelligence. In November 2019, on his behalf, his father prepared and sent to QBIF LLC at the address: 1A Boris Yeltsin St., Ekaterinburg, office #1204, letters of termination of the agreements on the provision of trust management services, the said letters were handed to the secretary of QBIF LLC on 14 November 2019. A little later, Orders for withdrawal of funds under all the contracts totalling \$17,700,572 were sent. The said Orders were also received by the employees of QBIF IC LLC. However, to date the funds have not been credited to his account. The employees of QBF LLC avoid communicating with him and his father, their letters and calls are not answered. On the part of QBF LLC, the communication with his father, I.A. Borzenkov, and their representatives was also conducted by lawyer Evgenia Rossieva and assistant to R.V. Shpakov. - Vlasov Pavel, who for many months assured him and his father that the funds would be returned to them, citing various problems. His father has a saved correspondence in messengers with R.V. Shpakov and P. Vlasov (printout attached). Approximately in February 2020, he entered into an assignment agreement with the Foreign Investors' Rights Protection Fund, according to which the right to claim the debt from LLC "IK QBF" in connection with the need to perform actions outside the Russian Federation. He added that since the documents on assignment of the right of claim with the Cyprus company QB CAPITAL CY LTD (QCCI) neither he nor his father, Borzenkov I.A., signed, the liquidation of the Cyprus company could only be done illegally with forged signatures, as it is impossible to legally liquidate a company with a debt to a client under Cyprus law. In addition, the e - mail of his father, Borzenkov I.A.,

until January 2021 came financial reports, which, according to financial experts, contain completely unreliable - invented information. Due to the failure of the company IK QBF LLC to return the money to him, the Russian Federation has not received due taxes in the amount of approximately 37,000,000 roubles. He is currently unable to repatriate the funds that he has withdrawn from the Russian Federation. He said that due to his studies in Canada, it was not possible for him to come to Russia frequently to participate in investigative activities. In this regard, he entrusts and fully trusts his father, I.A. Borzenkov, to represent his interests in law enforcement and other bodies during the investigation of this criminal case, or the lawyers and legal experts he will engage for this purpose. His father, I.A. Borzenkov, is fully aware of the circumstances of his relationship with representatives of QBF. He also issued a power of attorney to his father to represent him;

The documents submitted for examination, in their opinion (his and Khvostenko S.R.'s) were in order, and the presentation of their company did not resemble a company of fraudsters at all. According to the words of K.S. Sobolev, their company earns profit by placing money in foreign bonds, shares, etc., which they trade on the American securities market. Taking into account that they trade on the foreign market, the funds should be invested in US dollars and transferred to the Cyprus company "QCCI", which is part of the holding company of LLC "IC QBIF". He and his son, M.I. Borzenkov, also went to the second meeting in April 2016 at the office of QBIF LLC in Ekaterinburg at the following address: Boris Yeltsin Street, No. 1a, office No. 1204, Ekaterinburg, together with his son, M.I. Borzenkov, during which they also discussed the terms and conditions of the "Agreement on the Provision of Direct Access to International Stock Markets Services", as well as the terms and conditions of the agreement on the provision of "Trust Management" services concluded in accordance with the aforementioned Agreement. Prior to the conclusion of the agreements in the course of negotiations, it was agreed that the payment for the trust management services of QBIF LLC shall be made only from the Principal's profit (success fee) and the procedure of tariff reduction was agreed upon in case the Principal increases the funds under the management of QBIF LLC and increases the trust management terms. In addition, the terms of investment and the procedure for return of funds were agreed upon. The terms and conditions of the contracts and agreements generally corresponded to the oral agreements. The Trustor agreed to the scheme of work proposed by QBIF LLC, whereby the Trustor's funds are transferred to the master account of the Cyprus company QCCI, after which the Trustor's money, together with the funds of other Trustors, are placed in securities and managed by QBIF LLC, a Russian licensed company. According to the employees of QBIF LLC, this amount is related to the convenience of working on the New York Stock Exchange and reducing costs. The Trustee had, prior to the withdrawal problems (July 2019), treated QBIF LLC with complete confidence and planned a long-term investment. On 28 April 2016, he himself and his son, M.I. Borzenkov, again came to the above-mentioned office of QBIF LLC, where M.I. Borzenkov, as an individual, concluded the "Agreements on the provision of services of direct access to international stock markets No. 2611 - 16/1EC 28.04.2016", as well as the Agreements on the provision of services of "Trust Management" concluded in accordance with the above-mentioned Agreement. Subsequently, his son, M.I. Borzenkov, signed several more Agreements and contracts on the provision of trust management services. A total of USD 14,000,000 was transferred by M.I. Borzenkov to the accounts of the Cyprus Company under all the Agreements and Contracts. All contracts and agreements were signed in the office of QBIF LLC in Ekaterinburg, in BC "President". All funds were transferred from the account of M.I. Borzenkov opened in the Ekaterinburg branch of PJSC Gazprombank. All payments passed currency control, payment orders are available. All documents were submitted to the bank staff, the bank staff had no questions. Control over trust management was carried out until May 2018 by S.R. Khvostenko, later by him on monthly reports, which until September 2019 came from the electronic address: reports@qbcap.com, after from the electronic address: reports@wl-mnt.com. All reports were received by him at the email address: iborz@yandex.ru. Neither his son nor their proxies had independent access to the trading account (the account where the funds were placed). All operations on the accounts were to be carried out exclusively by the employees of QBIF Ltd. No information on specific securities transactions, other than that contained in the reports, was provided to them. From summer 2018, instead of K.S. Sobolev, communication with him started to be conducted by Alexey Golubev, who was in St. Petersburg and said that he was the head of the client network and explained that further communication would take place with him. From September 2018, he made attempts to receive interest on the concluded contracts. For this purpose, he negotiated with A. Golubev, and further, in December 2018, he submitted formal demands for interest payments totalling USD 1,805,000 to the office of QBIF LLC in Ekaterinburg. However, no money was received until March 2019. All negotiations were conducted by himself, as his son entrusted him to conduct all negotiations, while he himself was immersed in his studies. In March - April 2019, on behalf of his son, he held meetings with Roman Valeryevich Shpakov, the beneficiary of QBIF LLC, in the office of QBIF LLC, in Moscow, at the following address: Moscow, Presnenskaya Embankment, house No. 8, building 1. They reached an agreement that by 01 July 2019, the entire amount of interest in the amount of USD 1,805,000 would be transferred to the account of M.I. Borzenkov, after which the parties will discuss further actions (reissuance of contracts, registration of CIC by the Principal, terms of early termination of contracts). R.V. Shpakov assured him that the agreements they had reached would be fulfilled. By 01 July 2019, Borzenkov M.I. received \$250,000, in several transfers, instead of

\$1,805,000. Golubev A. and Shpakov R.V. attributed the reason for the delay to difficulties in passing bank control and the holiday season. In June 2019, he learnt through his acquaintances that it is possible to check the data on Cyprus legal entities in the public domain. After that, he independently found out through Internet sites that the company "QCCI", where the funds were transferred from the account of Borzenkov M.I., was liquidated. In order to establish the reasons for the liquidation of the Cyprus company "QCCI", he turned to Golubev A., who told him that "they had to leave Cyprus quickly" and "QCCI" transferred all the obligations under its contracts to the Hong Kong company "Simtelligence", all the funds invested by Borzenkov M.I. under the above contracts are fully preserved. After that Golubev A. proposed to him to agree this transfer first to the Russian company under the contract of assignment of the right of claim, and then to the Hong Kong company. Then he realised that Borzenkov M.I. and himself were trying to deceive and take possession of the funds belonging to them by deception. In September 2019, Shpakov R.V. suggested to him that Borzenkov M.I. should conclude an interest - free foreign currency loan agreement and promised to transfer the remaining USD 1,413,000 within 2 weeks after signing. After payment of all monies, a set - off of counterclaims was planned. The loan agreement was signed by Borzenkov M.I. at the end of September 2019 in the office of IK QBF LLC in Moscow. In October, he again held a meeting with R.V. Shpakov in an attempt to receive the funds. At the moment "IC QBF" has sent on behalf of the Hong Kong company "Simtelligence" to Borzenkov M.I. a total of 587,000 USD, for "services". However, these amounts are not duly formalised and therefore cannot be considered as a return of the invested funds at this time, as there was and is no duly formalised relationship between Borzenkov M.I. and Hong Kong Simtelligence. In November 2019, on behalf of M.I. Borzenkov, letters of termination of the three agreements on the provision of trust management services were prepared and sent to QBIF LLC at the address: Ekaterinburg, Boris Yeltsin Street, house No. 1a, office No. 1204. The said letters were handed to the secretary of QBIF LLC on 14 November 2019. A little later, the Orders for withdrawal of funds under all three contracts totalling \$17,700,572 were sent. The said Orders were also received by the employees of IK QBF LLC. However, to date the funds have not been transferred to Borzenkov M.I.'s account. Employees of the company LLC "IC QBF" evade communication with him and M.I. Borzenkov, their letters and calls are not answered. Around February 2020, M.I. Borzenkov concluded an assignment agreement with the Foreign Investors' Rights Protection Fund, according to which the right to claim the debt from LLC "IC QBF" in connection with the need for action outside the Russian Federation. He added that since neither he nor Borzenkov M.I. signed the documents on the assignment of the right of claim with the Cypriot company "QCCI", the liquidation of the Cypriot company could only be carried out illegally with forged signatures, as it is impossible to legally liquidate a company with a debt to a client under Cypriot law. In addition, until January 2021 he received financial reports by e - mail, which, in the opinion of all financial experts to whom he showed them, contain completely false, invented information. Due to the failure of the company IK QBF LLC to return the funds to Borzenkov M.I., the State of the Russian Federation did not receive due taxes in the amount of approximately 37,000,000 roubles. At present, M.I. Borzenkov has no possibility of repatriating the funds withdrawn from the Russian Federation. He (M.I. Borzenkov) also added that during meetings, transactions and other interactions between his son M.I. Borzenkov and employees of QBIF LLC, due to his (his son's) young age, he was almost always personally present. In rare cases, these interactions took place without his personal participation, but he (M.I. Borzenkov), nevertheless, was aware of them from M.I. Borzenkov's stories, knew their content and circumstances. From the moment of initiation of criminal proceedings on his son's statement, they periodically analysed the documents available and subsequently discovered in their possession, which they had not previously taken into account when testifying. He specified that on 28.04.2016 M.I. Borzenkov was invited to the office of LLC "Investment Company QBF", which was located at the following address: 1a Boris Yeltsin Street, Ekaterinburg. There, an employee of QBIF Investment Company LLC handed over to my son the Agreement on rendering services of direct access to international stock markets No. 2611 - 16/IER dated 28.04.2016, which he (my son) signed on the same day after familiarising himself with it. The agreement was on behalf of QB Capital CY LTD, a company registered in the Republic of Cyprus. On the same day on 28.04.2016, at the same office of "QB Investment Company CY LTD", immediately after signing the agreement, the son signed the Agreement for the provision of "Trust Management" services, concluded in accordance with the above mentioned Agreement No. 2611 - 16/IER dated 28.04.2016. In addition, between 28.04.2016 and 01.02.2017, at the insistence of one of the employees of QBIF Investment Company LLC, Borzenkov M.I. came to the office of QBIF Investment Company LLC located at: Ekaterinburg, ul. Ekaterinburg, Boris Yeltsin St., 1a, where he signed with "QB Capital CY LTD" the Agreement on provision of services of direct access

to international stock markets No. 2611 - 16/IER dated 01.02.2017. The agreement number was the same as that of the first agreement, except for the changed date. Executing the terms and conditions of the above agreements and the contract, M.I. Borzenkov from his account No. 40817840848010178524 opened in the Uralsky branch of JSC Gazprombank located at the address: Sverdlovsk region, Ekaterinburg, Lunacharskogo str. 134 - v, transferred funds to the accounts of "QB Capital CY LTD" in the following sequence, based on the dates and amounts of transfers: 06.05.2016 in the amount of USD 500,000; 23.05.2016 in the amount of USD 400,000; 10.06.2016 in the amount of USD 100,000; 26.08.2016 in the amount of USD 500,000; 08.09.2016 in the amount of USD 1,000,000. Evidence and their summary, confirming the guilt of Pakhomov V.S. in committing an offence under part 4 of article 159 of the Criminal Code of the Russian Federation against Baiguzina S.A.:

- another document - a statement by Baiguzina S.A., in which she asks to bring to criminal responsibility persons from among the employees, managers of the financial group "QBF" (LLC "Investment Company QBF"), who stole her money under the guise of carrying out brokerage activities;

(Vol. No. 33, pp. 70,74)

- Testimony of Baiguzina S.A., given to her as a witness and victim, according to which in November 2017, her mobile phone received a call from Oleg Vladimirovich Golovnenko, who was previously known to her as a manager of such banks as "SBERBANK First" and "VTB Private banking". Golovnenko O.V. informed her that he was now the vice - president of QBF Management Company and offered to come to the company's office, which was located in BC "SPB PLAZA" (64 B Malohtinsky Ave., St. Petersburg), to discuss investment opportunities. As Golovnenko O.V. proved to be a competent and responsible employee of the above - mentioned banks, she came to talk to him at the company's office, where he suggested investing through trust management services provided by QBF. During the conversation O.V. Golovnenko repeatedly emphasised the reliability of the "QBF" group of companies and the stable percentage of income from investment. He assured her that the company has a long and successful experience of work in Russia and abroad, and also has all necessary licences. Golovnenko O.V. informed her that the reliability of work with the company is guaranteed by the legislation of the Russian Federation, due to the fact that she will cooperate directly with Russian organisations, namely: LLC IC "QBF" (INN 7733673955). After giving her consent to participate in the cooperation, the documents were prepared, which she signed on 27.11.2017 in the office of the company "QBF" in the presence of Vice - President Golovnenko O.V. The documents included: Agreement on the provision of services of direct access to international stock markets No. 4126 - 17/ISR dated 08.11.2017 - with the Cypriot company "QCCI LTD", Client Questionnaire, Agreement on provision of "Trust Management" services dated 08.11.2017 - with IC QBF LLC (hereinafter referred to as Agreement 1), Appendix No. 1 to Agreement 1 (investment declaration for weighted average investment strategy), Appendix No. 2 to Agreement 1 (investment declaration for conservative investment strategy). When asked why a foreign company was present in the documents, she was assured that it was the best option for investing in US dollars and that QBF Ltd. would be responsible for the whole process, as according to clause 10.6 of the Agreement "The Attorney (QBF Ltd.) shall bear full financial responsibility to the Principal (i.e. her) in the amount of the sum determined in accordance with the Annexes of the Investment Declaration to this Agreement". On the same day on 27.11.2017 in the office of "QBF" at the meeting on signing documents she handed over the sum (in cash) in the amount of 30,000 (thirty thousand) US dollars, which at the exchange rate of the Central Bank of Russia as of 27.11.2017 is 1,755,954 rubles, for which she received a Cash Receipt Order dated 27.11.2017. In April 2018, the mobile phone of her husband Baiguzin Evgeny Yakovlevich began to receive calls from Golovnenko O.V. with urgent recommendations to increase the amount of money invested in view of the collapse in the international financial market of shares/bonds in order to profitably acquire monetary securities (shares/bonds). On 24.04.2018 in the office of QBF company in the presence of Golovnenko O.V. was transferred another sum of money (cash) in the amount of 50 000 (fifty thousand) US dollars, which at the exchange rate of the Central Bank of Russia as of 24.04.2018 is 3 088 275 rubles, for which she received a Cash Receipt Order dated 24.04.2018. At the beginning of 2020, she decided to gradually withdraw the funds, about which she informed the financial advisor (hereinafter referred to as FS). Due to the departure of Golovnenko O.V. from the company, at that time she had another FS - Efremtsov Artyom. For several months he persuaded her to delay the withdrawal of funds. As a result, only on 05.06.2020 an order for withdrawal of funds in the amount of 12 000 (twelve thousand) US dollars was sent to the e - mail of the company's FS, which at the maximum exchange rate of the Central Bank of Russia for July 2020 is 880 359,60 rubles. In July 2020, the above amount was received by her in cash in the presence of Artyom Efremtsov in the new office of the company (BC "Nevskaya Ratusha", Degtyarny per. 11 lit. B, St. Petersburg). She wrote a receipt as a document confirming receipt of the said amount. Artem Efremtsov further informed her that she had to urgently "re - sign" all contracts due to the impossibility of further work with the Cypriot company "QCCI LTD", otherwise the QBF company would not guarantee the withdrawal of funds. At the same time he pointed out that almost all clients under such contracts have already passed the procedure of signing new documents. The signing of new contracts and new agreements was, according to the financial advisor, a prerequisite for further work with my securities portfolio. On 03.08.2020 she signed the following agreements: - Trust management agreement No. D - 963729 - H dated 03.08.2020 (in Russian and English) - with "White Lake Management Ltd.", Cayman Islands, notification of authorisation and statement of accession to the Service Agreement of LLC "VL Consulting" No. 963729 - 09 dated 03.08.2020 (hereinafter referred to as Contract 2), additional agreement No. 1 to Contract 2 (investment declaration for balanced investment strategy), additional agreement No. 2 to Contract 2 (investment declaration for conservative investment strategy), service

agreement No. 4126 dated 04/06/2018 - with "Simtelligence Company Limited. At the same time, it was asked why the latter agreement has an earlier date that does not correspond to the date of signing the document. To which she did not receive any specific reply. On 09.04.2021 she sent another notification for withdrawal of funds in the amount of 25 000 (twenty five thousand) US dollars to the email of the financial advisor. I should note that her new financial advisor was Tetyuev Sergey Alexandrovich. Further for two and a half months she could not get any information about the withdrawal of the above amount. During this time she provided all the documents according to the list, received by Tetyuev S.A. to her e - mail, namely: extract from the foreign passport certified by a notary; copy of the passport of the Russian Federation, translated into English and notarised; dollar details of the bank; reference (characteristic) from the bank in English; document confirming the origin of funds, translated into English. And only on 24 June Tetyuev S.A. reported the amount after the sale of all her assets - 73 (59.1 (Seventy three thousand five hundred and fifty nine) US dollars and 10 cents. Since the portfolio of assets according to Tetyuev S.A. was completely sold out, she filled in all the necessary documents for withdrawal of this very amount, and not the amount stated earlier. Further, S.A. Tetyuev sent her the documents to be signed: the control questionnaire "Know Your Client" for "White Lake Management", application for transfer of funds No. SPB2104008 dated 30.06.2021. On 02.07.2021 these documents with her signature were sent to the e - mail of Tetyuev S.A. During July and August she repeatedly sent requests (to the e - mail of Tetyuev S.A. - sergey.tetyuev@gbf.worid and to the mail regionsupport@wl - consulting.ru) with the question about the date of transfer of funds to her account in the bank. At the same time the representatives of "QBF" redirected her to my financial advisor, claiming that he had all the information. As a result, S.A. Tetyuev informed her that the money could not be transferred due to legal difficulties. The total amount of funds she invested for investment is 80,000 (eighty thousand) US dollars. The total amount of her withdrawn funds is 12,000 (twelve thousand) US dollars. Her remaining funds of USD 68,000 (sixty - eight thousand), in terms of RUB 3,964,319.40 as of the date of deposit, are on the side of QBIF IK LLC and/or QCCI LTD and/or VL Consulting LLC and/or White Lake Management Ltd. and/or Simtelligence Company Limited and/or their counterparties unknown to her. It is not possible to trace the movement of her funds, as she received information about her investment portfolio only from the reports sent to her e - mail. The last two reports on her investment portfolio are dated 10.03.2021 and 16.04.2021. In June 2021, she learnt from the media, as well as official publications of the Ministry of Internal Affairs of Russia, that criminal proceedings had been initiated and key employees of QBF Group had been arrested for fraud. According to her knowledge, criminal cases have already been opened against some representatives of QBF Group of Companies (QBF) for episodes of Trust Management (TM) and money diversion to offshore. Due to massive non - payments to many other clients since the end of May 2021, as well as the failure to recover monies following the sale of its portfolio of assets, as well as the criminal cases already pending, there is reason to believe that the withdrawal orders will not be honoured. The representatives of QBF Group and the financial adviser are unable to explain the situation in substance. There is every reason to believe that instead of investing the money received from clients on the securities market, these funds were misused, and the reports provided to clients were "fake". The reports showed a clear tendency to reduce the amount of the investment portfolio after the withdrawal orders were given. At the same time, the withdrawal of funds was delayed. Her financial advisors were/are: Oleg Vladimirovich Golovnenko, tel. +79112328954, Artyom Efremtsov, tel. +79218581623, Sergey Alexandrovich Tetyuev, tel. +79119683368. Till now her money, deposited in the cash desk of the group of companies "QBF", as she naively believed at that time for investment, in the amount of 3 964 319,40 has not been returned to her. She believes that the persons acting on behalf of the "QBF" group of companies initially did not intend to fulfil their obligations to her and acted solely for the purpose of stealing her money by deceiving her. In the period from 08.11.2017 to 31.07.2020, the persons acting on behalf of the "QBF" group of companies stole her money in the total amount of 3,964,319.40 rubles. She considers the amount of damage caused to her as significant. She has been explained the right to file a civil action in the criminal case. She wishes to exercise this right and file a lawsuit. She has been explained the right to familiarise herself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of expert interrogations, and also to familiarise herself with the materials of the criminal case in full or in part. She does not wish to exercise this right. She has not applied to the court with applications for the recovery of funds from the "QBF" group of companies.

- The testimony of G.V. Levina, given to her as a witness and victim,

according to which from 2015 to spring 2018 she was a client of the financial group "BKS", she had personal savings invested and her financial adviser was Alexander Gaponov (8 - 926 - 171 - 86 - 96). In the spring of 2018, A. Gaponov resigned from BKS and took a job as a financial manager at QBF Group. In turn, he approached her as his old client and offered to transfer her assets from "BCS" to "QBF" on more interesting terms. She agreed to think about it and took a pause for reflection. From 16.05.2018 to 18.05.2018 she came for a consultation with A. Gaponov at the following address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, 9th floor. 1, 9th floor. During the meeting at the office, A. Gaponov presented the investment products available in the organisation, investment methods, profit generation mechanism, reporting and client information procedures, as well as the structure of the organisation in general. She was informed that the funds will be invested in investment platforms of foreign countries. As a result of the meeting, she finally got the impression that A. Gaponov offers a really reasonable and profitable way of investing her money and they agreed to meet on Tuesday of the next week, namely on 22.05.2018. On 22.05.2018 she, being in the office of LLC "IC QBF", located at the address: Moscow, Presnenskaya Naberezhnaya, 8, pp. 1, in order to invest cash in securities with high yield, she signed an agreement on providing services of direct access to international stock markets No. 4374 - 18/IMR dated 22.05.2018 with QCCI LTD, and also signed an assignment agreement No. 4374 dated 22.05.2018 with QBCI Advisery LLC. On 22.05.2018, being in the office of QB&EF Investment Company LLC, located at the following address: Moscow, Presnenskaya Naberezhnaya 8, p. 1, she made a cash transfer to the company. 1, she made a cash transfer in the amount of USD 20,000, which at the exchange rate of the Central Bank of the Russian Federation as of 22.05.2018 was RUB 1,250,600. After she invested cash in the "QBF" group of companies, she started receiving reports to her email address gallevina@yandex.ru. The said reports reflected the state of my investment portfolio. A few days after signing the documents and transferring the money, she received a call from Gaponov A. and invited her to the office of the company to sign an additional set of documents. On 04.06.2018 she came to the company's office at the address: 8 Presnenskaya Naberezhnaya Embankment, 8, bldg. 1, 9th floor, Moscow, where she signed a service agreement No. 4374 with "Simtelligence Company Limited" represented by Korshunov D.A. Gaponov A. informed her that this was a certain "technical" moment related to the change of the financial strategy of the "QBF" group of companies. Being in friendly, even trusting relations with Gaponov A., she agreed and signed the above mentioned document, without really looking into the essence. Some time later, A. Gaponov resigned from the "QBF" group of companies, which came as a surprise to her, and she was appointed a new financial advisor Balayan Ara (8 - 903 - 289 - 69 - 57). Ara would occasionally call her and offer her various financial products, but she would not agree to anything else. One day, in September 2019, Balayan A. invited her to the company's office for another re - signing of documents, all for the same reasons. So, on 18.09.2019 she arrived at the address: Moscow, Presnenskaya Naberezhnaya, 8, bldg. 1, 9th floor, she was met by Balayan A. and provided her with the following documents to sign: service agreement with VL Consulting LLC and trust management agreement No. D - 719710 - I with White Lake Management Ltd. A. Balyan informed her that this was also necessary in the interests of QBF's investment strategy. She agreed and signed the said documents. On 09.04.2021, she applied to QBF Group for

withdrawal of funds. Balayan A. informed her that she had to prepare a huge list of documents that were allegedly needed by the foreign partners of "QBF" for withdrawal of funds. On 21.05.2021 she brought these documents and gave them to Balayan A. to work on. At the end of May 2021 she learned from mass media that a criminal case was opened, investigative actions were carried out, that the group of companies "QBF" is a pyramid scheme. Till now her money has not been returned to her, in total 1 250 600 roubles have been transferred to the address of the group of companies "QBF". She considers the amount of damage caused to her as significant.

- Testimony of Naumova E.G., given to her as a witness and victim, according to which in the middle of 2018 she had an interest to invest personal funds in the group of companies "QBF" at the example of her husband. Her spouse's financial advisor was Zorin Artem. It was to Zorin A. that she turned for counselling. They talked about the forthcoming transaction in general details over the phone in advance and agreed to meet at the head office of the company. On 20.06.2018, at about 13:00, she arrived at the office of the company "QBF" at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor, where they were met by Zorin A. together with his manager Spinka Ruslan and led them to a meeting room with a cash desk. During the meeting Zorin A. together with Spinka R. presented to her the investment products available in the organisation, the ways of investment, the mechanism of profit formation, the procedure of reporting and informing the client, as well as the structure of the organisation in general. It was explained to her that the money will be invested in the investment platforms of foreign countries and for this reason the money is required in currency. Everything was presented in a colourful way, devoid of flaws. She was promised returns of 15% to 20% per annum. It was also explained to her that the company IK QBF LLC had licences from the Central Bank of the Russian Federation to carry out activities with securities, which gave her confidence that this company could be entrusted with her money to receive income from brokerage activities. Zorin A. and Spinka R. had documents already signed by QBF Group of Companies. On 20.06.2018 she, being in the office of "QBF", signed these documents given to her by Zorin and Spinka, namely: - Direct Access to International Stock Markets Service Agreement No. 4411 - 18/IMR between her and "QCCI LTD". The agreement was already dated 19.06.2018. At present this agreement is lost, it is not possible to provide a copy of it, as well as the assignment agreement No. 4411, dated 19.06.2018, between her and "QCCI LTD" represented by General Director Vladimir Georgievich Frolov, with annexes, service agreement No. 4411 dated 20.06.2018 with "Simtelligence Company Limited" represented by Korshunov D.A. She believed that she concluded a trust management agreement with "IC QBF LLC", as she was in the office of this company, communicated with its representatives, and did not pay attention to the fact that the agreements were signed on behalf of other companies. After signing the above documents, on the same day, 20.06.2018, she, being in the office of the company "QBF", within the framework of the concluded agreements and contracts, personally handed over to Spinka R. the money in the amount of 1,900,000 rubles. Spinka R. counted the money on a counting machine and then left the meeting room with the money. He then returned with a receipt for the cash receipt order in hand, which he handed to her. The receipt states that on 20.06.2018 the

representative of the company "QCCI LTD" Gorobets E.V. accepted 1,900,000 rubles from her. Neither Gorobets E.V., nor Korshunov D.A., nor Frolov V.G. she has never personally seen or communicated with. She would like to add that she did not really look into the documents she signed, as her family had previously cooperated with "QBF" and they trusted the financial advisors. After she invested in the QBF Group of Companies, she started receiving reports to her e-mail address kleopatra9@yandex.ru, which she received until January 2021. These reports reflected the state of her investment portfolio. During the whole time she repeatedly changed her financial advisors, after Zorin A. appeared Laipanov Egor, followed by Danilenko Maxim. All this time these persons were subordinates of Spinka R. It should also be noted that she twice applied for withdrawal of funds and she was indeed withdrawn small amounts: 04.04.2019 she was paid USD 1,500, which at the exchange rate of the Central Bank of the Russian Federation on the date of issue was 97,740 rubles (USD exchange rate as of 04.04.2019 was 65.16 rubles); 21.10.2019 she was paid USD 1,200, which at the exchange rate of the Central Bank of the Russian Federation on the date of issue was 76,740 rubles (USD exchange rate as of 21.10.2019 was 63.95 rubles). In total, she was refunded cash in the total amount of 174,480 rubles. On 24.12.2019, at the personal request of Spinka R., she came to the office of the company "QBF" at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor, in order to re-sign the documents, as Spinka informed her. On 24.12.2019, she signed the following documents handed over to her by Spinka R.: "Trust Management" agreement No. D - 004031 - L between her and the company "White Lake Management Ltd" represented by the same Korshunov D.A., the agreement is dated 23.12.2019, service agreement between her and LLC "VL Consulting" (standard form of accession agreement) represented by Maricheva O.V., dated 23.12.2019, as well as some other documents handed over to her by Spinka R. (these documents are attached to the present interrogation protocol). The said documents she signed as she trusted Spinka R. and due to the fact that Spinka R. said that infrastructural changes were taking place in the group of companies and it was just necessary to re-sign the documents as a formality. According to Spinka R., the quality of work and safety of her invested money will not be affected. At the beginning of July 2020, for personal reasons, she had the need to withdraw her funds from the "QBF" group of companies in full. In this connection, on 13.07.2020 she came to the main office of the company "QBF" at the address: Moscow, Presnenskaya naberezhnaya, 8, page 1, 9th floor, where she submitted an application for withdrawal of funds. To date, the funds under this application have not been returned to her, not even partial amounts for withdrawal have not been provided. On all questions regarding such a long delay in withdrawal of funds, Spinka R. referred to the most conceivable and unthinkable reasons, asked to collect an insane list of documents and other excuses. They even filed available claims, but to no avail. Later, in late May - early June 2021, she learned from the media, including the official news of the Russian Ministry of Internal Affairs, that criminal cases had been opened and an investigation was underway. Taking into account the specifics of communication with managers, problems in withdrawing funds, and the fact that the money was not returned to her in full, she had no doubt that she had been a victim of fraudsters. To date, her money has not been fully returned to her. A total of 1,900,000 roubles was transferred to the QBF group of companies. The money in the amount of 174,480 roubles has been returned to her. The QBF Group of Companies has not returned to her money in the amount of 1,725,520 roubles. She believes that an offence has been committed against her, namely the theft of her money by deception and breach of trust in the amount of 1,900,000 roubles. She considers the amount of damage caused to her as significant;

Danilov A.V.'s Testimony

as a witness and victim, according to which in April 2016, his mobile phone number received a call from Bogdanov Kirill Bogdanov (tel. 8 - 921 - 858 - 16 - 28), an employee of the company "QBF", with an offer of cooperation by investing in their products. He was interested and on 11 May 2016 he came to their office located at the address: St. Petersburg, Malohtinsky pr, 64B, 9th floor. There he listened to the proposal of Bogdanov K., after which he concluded with non - resident "QB Capital CY LTD" ("QB Capital CY LTD") the Agreement on provision of services of direct access to international stock markets No. 2623 - 16/ISR dated 11.05.2016, as well as on behalf of "IC QB&Ef" LLC the Agreement on provision of "Trust management" services in accordance with the Agreement on provision of services of direct access to international stock markets No. 2623 - 16/ISR dated 11.05.2016. At that time, he did not have extra cash, so he started co - operating with "QBF" only in June 2017. In the period from 07.06.2017 to 26.06.2018, being in the office of LLC "IK "QBF", located at the address: St. Petersburg, Malohtinsky pr, 64, lit. B (BC Plaza SPb), he handed over cash to an employee of LLC IC QBF, namely: 07.06.2017 in the amount of RUB 600,000; 28.08.2017 in the amount of RUB 2,100,000; 21.12.2017 in the amount of RUB 1,655,000; 26.06.2018 in the amount of RUB 630,000. Starting from July 2017, he began to receive reports on the purchase of securities on his account. The reliability of this data he cannot confirm or deny. At the end of 2018, through his financial advisor Bogdanov K., he applied for a withdrawal of funds in the amount of 11,479 (eleven thousand four hundred and seventy - nine) US dollars. In early 2019, he received the above amount from the hands of Martsenyuk E. at the company's office. In June 2020, Bogdanov K. called him and asked him to re - sign the contract concluded between me and the company "QBF". He gave the reason for the re - signing as "change of jurisdiction and legislation". Thus, on 25 June 2020 in the already new office of the company, located at the address: Degtyarny pereulok. 11 lit.B, pom.1 - H, BC "Nevskaya Ratusha" was re - signed the contract with the company "LLC QCCI" to "White Lake Management" (Cayman Islands) Hong Kong "Simtelligence". On 24 November 2020, he was sent a notification letter to the mailbox of "QBF" regionsupport@wl - consulting.ru requesting a withdrawal of US\$20,000 (twenty thousand). On 30 December 2020, he received a notification from regionsupport@wl - consulting.ru that there was a sale of a block of shares for the above amount, i.e. for the USD 20,000 (twenty thousand) he requested. On 07 April 2021 in the office of the company Moskaluk Dmitriy handed him 5 000 (five thousand) US dollars, i.e. a quarter of the previously requested amount. In return, he signed a receipt for this money. He was promised to pay the rest of the sum within two months, i.e. by the end of May. On 11 March 2021 he sent a notification letter to the mailbox of the company "QBF" regionsupport@wl - consulting.ru with a request to withdraw funds from "White Lake Management" (Cayman Islands) to the Russian jurisdiction to the warehouse real estate funds "RIF" in the amount of 6 327 012 (six million three hundred twenty seven thousand twelve) rubles. On 28 April 2021, the sale of this package was completed, but neither the transfer to the Russian jurisdiction nor the transfer of funds took place. At that time, he saw information in the media that criminal cases had been opened and investigations were underway against employees and managers of the QBF Group. This confirmed his thoughts that he had become a victim of fraudsters. To date, he has not been returned his money deposited in the cash desk of the "QBF" group of companies, as he naively believed at the time for investment, in the amount of 3,831,802.03 rubles. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. In the period from 07.06.2017 to 26.06.2018, the persons acting on behalf of the "QBF" group of companies stole money belonging to him in the total amount of 3,831,802.03 rubles. He considers the amount of damage caused to him as significant. He has been explained the right to file a civil action within the framework of the criminal case. He wishes to exercise this right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigation teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the protocols of interrogations of experts, as well as to familiarise himself with the materials of the criminal case in full or in part. He does not wish to exercise this right. He has not applied to the court for the recovery of money from the group of companies;

When she arrived at the office of the group of companies "QBF" at the address: St. Petersburg, Maloohinsky prospect, 64B, she was met by Bogdanov K., who began to convince her in every possible way, persuade her to deposit money and mislead her about the legality of their activity, about the possibility of high earnings from investments and so on. In order to mislead her and give the appearance of legitimate activity Golubev A.S. gave her a receipt to the receipt order No. b/n dated 29 June 2018. Starting from January 2018, she received reports allegedly on the purchase of securities with her invested funds. In April 2019, she approached Bogdanov K. about receiving her profits from her invested monies. Bogdanov K. said that QBF Group could pay her USD 1,250 (one thousand two hundred and fifty), which was allegedly received as profit from the monies she had contributed. On 21.04.2019 in order to convince her of the legality and profitability, thus misleading her, Bogdanov K. gave her 250 (one thousand two hundred and fifty) US dollars in hand, which at the exchange rate of the Central Bank of Russia as of 21.04.2019 is 79 950,25 rubles. After that she began to demand from Bogdanov K. the return of her money on a regular basis, but he (Bogdanov K.) continued to deceive her and mislead her in every possible way about the return of her money. By telling her about the possibility of earning money Chernyshova N.A. persuaded her to come to the office of the group of companies "QBF" to get additional information. When she arrived at the office of the group of companies "QBF" at the address: St. Petersburg, Malohtinsky prospect, 64B, business centre "Plaza" she was met by Chernyshova N.A., who began to persuade her in every possible way, persuade her to deposit money and mislead her about the legality of their activities, about the possibility of high earnings from investments and so on. She believed the words of Chernyshova N.A. and trusted her. 28.12.2017 in the office of the group of companies "QBF" at the address: Saint - Petersburg, Malohtinsky pr, 64B, with the purpose, as she believed at that time, of investing money in securities, she concluded the Agreement on rendering services of direct access to international stock markets No. 4186 - 17/ISR

Having trusted the employee of the group of companies "QBF" Chernyshova N.A. and being in a state of delusion, on 28.12.2017 being in the office of the group of companies "QBF" at the address: St. Petersburg, Maloohhtinsky prospect, 64B, in the presence of Chernyshova N.A., she deposited in the cash desk of the group of companies "QBF" her own funds in the amount of 600 000 rubles. The money was taken from her by an employee of the "QBF" group of companies, whose details she does not know. In order to do so, the said employee of the group of companies "QBF" gave her a receipt to the receipt order No. b/n dated 28 December 2017 for 600,000 rubles. Having trusted the employee of the group of companies "QBF" Chernyshova N.A. and being in a state of delusion. 04.07.2018 being in the office of the group of companies "QBF" at the address: St. Petersburg, Maloohhtinsky pr., 64B, in the presence of N.A. The money was taken from her by an employee of the "QBF" group of companies, whose details she does not know. In order to mislead her and make what was happening look like a legitimate activity, the said employee of the "QBF" group of companies gave her a receipt to the receipt order No. b/n dated 04 July 2018 for 630,000 rubles. In May 2021, she approached Chernyshova N.A. regarding the full return of her funds to her. Chernyshova N.A. began to deceive her about the terms of returning the money, began to delay the terms and come up with various reasons not to return the money. Since nothing happened after her demand for the return of the money - she did not get the money back, she started to demand from Chernyshova N.A. the return of her money on a regular basis, but she (Chernyshova N.A.) stopped answering her calls and sms messages. At the end of June 2021, she went to the office of the "QBF" group of companies at the address: St. Petersburg, Degtyarny pereulok, ul. 11, lit. B, in order to investigate what was going on. She found that the office of the group of companies "QBF" was missing, at the entrance of the business centre she was told that the group of companies "QBF" had moved out in an unknown direction. At that moment she realised that she had become a victim of fraudsters and was simply deceived in order to steal her money. She began to look for information in the media, where she read that criminal cases had been opened and investigations were underway against the employees and managers of the "QBF" group of companies. This confirmed her thoughts that she was a victim of fraudsters. To date, her money deposited in the cash desk of the "QBF" group of companies, as she naively believed at the time for investment, in the amount of 1,230,000 roubles has not been returned to her. She believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to her and acted with the sole purpose of stealing her money by deceiving her. In the period from 28.12.2017 to 04.07.2018, the persons acting on behalf of the "QBF" group of companies stole her money in the total amount of 1,230,000 rubles. , according to which approximately in 2017 he found information on the Internet regarding the group of companies "QBF". He was interested in the published materials, in particular investments in securities of stock markets of foreign countries. He called the general telephone number and left his contacts there. Later he was contacted by a manager of the "QBF" group of companies named Sirotyuk Bogdan with a proposal for co-operation, in particular investments in securities of stock markets of the Russian Federation and foreign countries. At first he did not give an unambiguous answer, but began to make enquiries in the Internet about the group of companies "QBF". Having studied the information from various Internet resources he decided to go to the meeting to confirm his interests. He contacted the manager named Sirotyuk B. and they agreed on a meeting. Thus, from 15 to 20.10.2017 he came twice to the office located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor. Upon arrival, he was met by Sirotyuk B. and escorted to a meeting room. B. Sirotyuk presented to him the investment products available in the organisation, the methods of investment, the mechanism of profit formation, the procedure of reporting and informing the client, as well as the structure of the organisation in general. He was informed that the funds would be invested in investment platforms of foreign countries. As a result of the above meetings, as well as relying on the entreaties and stories of Sirotyuk B., he informed that he was ready to invest in the group of companies "QBF". On 24.10.2017 he, being in the office of LLC "IK "QBF", located at the address: Moscow, Presnenskaya naberezhnaya, 8, bld. 1, for the purpose of investing funds in securities, he signed an agreement with QCCI LTD ("QCCI LTD") on the provision of services of direct access to international stock markets No. 3994 - 17/IMR dated 24.10.2017, and also signed an agreement on the provision of "Trust management" services in accordance with the agreement on the provision of services of direct access to international stock markets No. 3994 - 17/IMR dated 24.10.2017 with IC QBiEf LLC. After that, he, being in the office of IK QBF LLC, located at the address: Moscow, Presnenskaya Naberezhnaya 8, p. 1, realised the transfer of cash as follows: 30.10.2017 in the amount of RUB 500,000; 31.10.2017 in the amount of RUB 300,000; 25.07.2018 in the amount of RUB 1,000,000. After he invested funds in the "QBF" group of companies, he started receiving reports to his email address volodimir.drobinyandex.ru, which are still being received. These reports reflect the state of his investment portfolio. Periodically, he received calls from Sirotyuk B., who offered him to invest additional funds, as well as to think about purchasing additional financial products of the group of companies "QBF". At the beginning of June 2018, he was contacted by Sirotyuk B. and asked to come to the office of the company to sign technical documents. So, on 04.06.2018 at about 14:00 he arrived at the company's office at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor, where he was also met by Sirotyuk B. and escorted to the meeting room. Later, Spinka R. came as usual and informed him that due to the modification and development of the investment strategy of the QBF Group of Companies he had to sign new documents of technical nature. So he signed service agreement No. 3994 dated 04.06.2018 with "Simtelligence company Limited". At the end of 2020 he had a change of financial advisor, he became Danilenko Maxim. At the beginning of April 2021, he was again contacted by Danilenko M. and asked to come to the company's office to sign technical documents. Thus, on 16.04.2021, at approximately 15:00, he arrived at the company's office at 8 Presnenskaya Naberezhnaya Street, bldg. 1, 9th floor, Moscow, where he was met by Danilenko M. and escorted to a meeting room. Danilenko M. informed him that the return of funds from trading account No. 3994 - 17/IMR was possible only after signing a new "Trust Management" agreement with White Lake Management Ltd. So he signed the "Trust Management" agreement No. D - 946255 - D with "White Lake Management Ltd." represented by D.A. Korshunov, an application on joining the service agreement No. 946255 - 01 dated 16.04.2021. Later, in late May, early June 2021, he learned from the media, including official news of the Russian Ministry of Internal Affairs, that criminal proceedings had been initiated and an investigation was underway. In addition, he contacted M. Danilenko and he confirmed the above information to him. Taking into account the specifics of communication with managers, problems with withdrawal of funds, as well as the fact that the money was not returned to him, he had no doubts that he had become a victim of fraudsters. In the period from 30.10.2017 to 25.07.2018 he transferred to the group of companies "QBF" the money belonging to him in the amount of 1 800 000 rubles. There were no returns of the funds to him. He estimates the amount of damage caused in the amount of RUB 1,800,000 as significant;

, according to which in July 2017 he received an advertising call on his mobile phone number from a representative of the group of companies "QBF" named Leonid Sukharev with a proposal for cooperation, in particular investments in securities of stock markets of foreign countries. At first he did not give an unambiguous answer, but began to make enquiries for himself on the Internet about the QBF group of companies. In April 2016, his mobile phone received a call from a manager of the "QBF" group of companies, who introduced himself as Andrei Yeshkeev. The conversation was of an advertising and introductory nature, during which Andrei explained that QBF was an investment company that had a long and successful track record in Russia and abroad. All necessary licences are available, and he also informed him that the reliability of work with QBF Group is guaranteed by the legislation of the Russian Federation, due to the fact that he will cooperate directly with a Russian organisation, namely, with QBF IK LLC. Moreover, in open sources of the Internet he saw information that LLC "IK QBF" has 4 licences of the Central Bank of Russia, namely: the licence for brokerage activities №045 - 12805 - 100000 from 24.12.12.2009, licence for dealer activity #045 - 12816010000 dated 24.12.2009, licence for securities management #045 - 12828 - 001000 dated 24.12.2009 and licence for depository activity #045 - 14078 - 000100 dated 08.08.2019. During the conversation, Andrey Yeshkeev offered to invest in various exchange products, was very convincing and persistent. At the end of the conversation, Andrey invited him to the office of 2IC QBF LLC, located at: Moscow, 8 Presnenskaya Naberezhnaya St., p. 1. 1. At the beginning of May 2016, he arrived at the office of QBF Group, located at 8 Presnenskaya Naberezhnaya St., p. 1, Moscow, where he took part in a conversation. 1, where he took part in a conversation with QBF employees (Andrey Eshkeev and another employee, whose details he found difficult to give). The conversation was mostly conducted by Andrey Yeshkeev, who voiced a number of proposals on investing money by investing in securities, derivatives and other instruments. The employees of the group of companies "QBF" were persuasive and persistent, in connection with which, among other things, he agreed to participate in investing in securities. At this conversation he was given printouts of advertising offers. On 24.05.2016 he, being in the office of LLC "IC QBF", located at the address: Moscow, Presnenskaya naberezhnaya, 8, p. 1, with the purpose of investing funds in securities. 1, for the purpose of investing funds in securities with high yield, signed with QB Capital CY LTD ("QB Capital CY LTD") an agreement on providing services of direct access to international stock markets No. 2650 - 16/IMR dated 23.05.05.2016 and also signed an agreement for providing "Trustee" services under Direct Access to International Stock Markets Services Agreement No. 2650 - 16/IMR dated 23.05.2016 with QCB Capital CYF Ltd. Afterwards, on different dates, being in the office of "IC QBF" LLC, located at the address: Moscow, Presnenskaya Naberezhnaya 8, p. 1. 1, within the framework of the concluded contract and agreement, he transferred cash and made transfers as follows: On 24.05.2016 he made a bank transfer of funds from his current account No. 40817810201000936854 opened with JSC Raiffeisenbank at the address: Moscow, Kutuzovsky pr. 34, page 14, to the settlement account "QB Capital CY LTD" ("QB Capital CY LTD") No. CY2401400101010101150011705010 opened with "The Cyprus Development Bank" (Cyprus Development Bank, Republic of Cyprus) in the amount of RUB 1,000,000; At the office of QBF he handed over the cash to the employees of

QBF: 28.10.10.2016 in the amount of RUB 1,000,000 and USD 4,000, which at the exchange rate of the Central Bank of the Russian Federation as of 28.10.2016 was RUB 252,160, 23.01.2017 in the amount of EUR 10,000, which at the exchange rate of the Central Bank of the Russian Federation as of 23.01.2017 was RUB 637,300, 28.03.2017 in the amount of USD 19,000, which at the exchange rate of the Central Bank of the Russian Federation as of 28.03.2017 was RUB 1,083,380, 28.07.2017 in the amount of EUR 32,000, which at the exchange rate of the Central Bank of the Russian Federation as of 28.03.2017 was RUB 2,228,480, 28.06.2018 in the amount of USD 8,000, which at the exchange rate of the Central Bank of the Russian Federation as of 28.06.2018 was RUB 505,120 and EUR 13,450, which at the exchange rate of the Central Bank of the Russian Federation as of 28.06.2018 was RUB 989,920, 31.07.2018 in the amount of RUB 80,000 and EUR 4,500, which at the exchange rate of the Central Bank of the Russian Federation as of 31.07.2018 was RUB 329,400. After depositing the funds, he was given receipts for cash receipts signed by Gorobets, but he has not seen the person by the name of Gorobets, he is not familiar with him. Around the end of 2018 he changed his financial advisor to Ara Balayan, due to the fact that Abdukadyrov Abas transferred to work in JSC "BCS Bank". On 24.07.2020 he was invited to the office of the organisation by Ara Balayan and Artur Aganisyan, who introduced himself as a lawyer of "QBF" group of companies. Upon arrival, the above mentioned persons explained to him that it was necessary to sign a new package of documents, namely: Trust Management Agreement No. D - 657758 - G dated 24.07.2020 with "White Lake Management Ltd." represented by D.A. Korshunov, its annexes, additional agreement, authorisation notice, application for accession, investment declarations. He signed the said documents. Throughout his communication with the financial advisors, they explained to him that the money he had invested was in safe hands, and repeatedly offered him various products for investment. Reports were sent to him monthly to his email address: valeriy.kilo48@mail.ru. Around the end of 2021, he learnt from the media and official publications of the Russian Ministry of Internal Affairs that criminal proceedings had been initiated and key employees of QBF Group had been arrested for fraud. The QBF employees did not explain anything clearly to him about this fact, as well as about the ways and possibilities of withdrawal of funds. Taking into account the above - mentioned, as well as the fact that to date the funds have not been returned to him, he believes that the money he invested has been stolen. An offence has been committed against him, namely embezzlement of funds through deceit and breach of trust. According to the reports submitted to him, the money in the amount of 8,105,760 roubles was spent on the purchase of structural products. However, these funds were not returned to him. In total, between 24.05.2016 and 31.07.2018, he transferred to the "QBF" group of companies as an investment in the amount of RUB 8,105,760. There were no returns of the funds to him. - V. E. Emirgamzaev's testimony, given by him as a witness and victim,

according to which in 2014, on the recommendation of his acquaintance, he went to the office of the "QBF" group of companies at 8 Presnenskaya Naberezhnaya St., page 1, Moscow, where he met his financial advisor Pavel Dzhimamuradov (8 - 967 - 047 - 34 - 26, 8 - 915 - 245 - 27 - 22 - 22), who offered to invest in various stock exchanges and products. 1, where he met his financial advisor Pavel Jimamuradov (8 - 967 - 047 - 34 - 26, 8 - 915 - 245 - 27 - 22), who offered to invest in various stock exchange products, he was very persuasive and persistent. Due to the fact

that his acquaintance, who recommended the company "QBF", had successfully invested since 2013, and also successfully withdrew the invested funds, there were no doubts about the honesty of the company at the time of investment. Pavel offered him to visit the office of the group of companies "QBF" in order to sign contracts and deposit money as investments, and he also guaranteed the income from these investments. After that, he arrived at the office of the group of companies "QBF" at the address of Moscow, Presnenskaya Naberezhnaya St., 8, p. 1, where Pavel Jimamura arrived at the office of the group of companies "QBF". 1, where Pavel Dzhimamuradov made a number of offers to invest money by investing in securities. At this meeting Pavel was persuasive and persistent, so he agreed to participate in investing in securities on international financial markets. Later on, all consultations on financial products were conducted with him by Vladimir Maslenikov. On 07.08.2014 he, being in the office of LLC "Qubey Finance", located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, with the purpose of further investment of money. 1, with the purpose of further investing monetary funds in securities with high yield, he signed an agreement on provision of services of direct access to international stock markets No. 1753 - 14/IMR dated 07.08.2014 with QB Capital CY LTD ("QB Capital CY LTD"), and also signed an agreement on provision of "Trust management" services in accordance with the agreement on provision of services of direct access to international stock markets No. 1753 - 14/IMR dated 07.08.2014 with QB Finance LLC. He decided to deposit funds under the concluded contract and agreement only in 2017. Further, he, being in the office of QBIF LLC, located at the address: Moscow, Presnenskaya Naberezhnaya 8, pg. 1, made a cash transfer as follows: 03.04.2017 in the amount of 100,000 rubles, 03.04.2017 in the amount of 8,200 US dollars, which at the exchange rate of the Central Bank of the Russian Federation as of 03.04.2017 was 458,872 rubles. 07.04.2017 in the amount of RUB 500,000, 11.07.2017 in the amount of USD 600, which at the exchange rate of the Central Bank of the Russian Federation as of 11.07.2017 was RUB 36,180, 11.07.2017 in the amount of RUB 390,000, 25.12.2017 in the amount of RUB 400,000, 13.04.2018 in the amount of RUB 100,000, 13.04.2018 in the amount of RUB 1,000,000, 13.04.2018 in the amount of USD 6,500, which at the exchange rate of the Central Bank of the Russian Federation as of 13.04.2018 was RUB 403,455, 30.05.2018 in the amount of USD 600, which at the exchange rate of the Central Bank of the Russian Federation as of 30.05.2018 was RUB 37,584, 30.05.2018 in the amount of RUB 1,775,000, 18.07.2018 in the amount of RUB 1,700,000, 02.08.2018 in the amount of RUB 600,000. After each cash deposit, he was given receipts to cash receipts for the respective amounts. I would like to clarify that in the receipt dated 02.08.2018, when he deposited 600,000 rubles, the basis is "crediting in rubles under the contract No. 3121 - 17/IMR dated 03.04.2017", which does not correspond to reality and is apparently a technical error of the QBF employee who issued this receipt. The money was deposited on 02.08.2018 under contract No. 1753 - 14/IMR dated 07.08.2014. After he invested the funds in QBF Group of Companies, he started receiving reports on his email address. The said reports reflected the status of his investment portfolio. Thereafter, the funds were in his investment account, he had no need to withdraw or withdraw the funds until 2019. In early 2019 until January 2021, he began correspondence and negotiations to withdraw funds from his account. He negotiated with Vladimir Maslennikov who initially suggested not to withdraw the funds, arguing that now the markets will grow and he (Emirgamzaev) will get additional benefit, later he said that it is better not to withdraw the funds because now there are delays in withdrawal from the Hong Kong stock exchange, but he (Emirgamzaev) insisted on withdrawing his funds. In order to withdraw his funds, he was given a list of necessary documents to submit to the QBF office at 8 Presnenskaya Naberezhnaya St., p. 1, Moscow. 1 to withdraw funds from the foreign exchange. From 2019 to 2021 he tried to withdraw funds from his account and initially all negotiations with him were conducted by Vladimir Maslenikov, after which he informed him (Emirgamzaev) that his assistant Olga Bataeva (8 - 964 - 530 - 33 - 56) was in charge of withdrawing funds and offered him to transfer his investments to ZPIF instead of withdrawing them, but he refused and informed Olga Bataeva that he intended to withdraw his funds. Olga Bataeva repeatedly offered him to think about it and informed him that the funds would probably be withdrawn within a year or more. To date, he has not been able to withdraw the funds invested in the QBF group of companies, even partially. Approximately in May 2021, he heard from the media (the official website of the Ministry of Internal Affairs of the Russian Federation) about a criminal case initiated against the founders of QBF. To date, the money has not been returned to him, Vilen Eduardovich Emirgamzaev. He estimates the amount of damage caused as significant, namely 7,501,091 roubles;

O.A. Kosorukov's testimony , given by him as a witness and victim,

He was interested in the information regarding investment in the Gribovsky Les housing estate under construction. After the telephone conversation on 20.08.2017, approximately at 11:00 a.m., he arrived at the office of the "QBF" group of companies, at the address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, where the first meeting with him took place. 1, where the first meeting with his financial advisor Ahat Gibatov (8 - 915 - 395 - 80 - 48, 8 - 903 - 100 - 47 - 60) took place. After concluding the agreement, during another conversation, the financial advisor Ahat Gibatov offered to invest according to the strategy prepared by QBIF IK. He also explained that his funds would be invested within the framework of the concluded "Trust Management" agreement in international stock market products. Further, he, being in the office of IK QBF LLC, located at 8 Presnenskaya Naberezhnaya Naberezhnaya Street, bld. 1, Moscow, carried out the transfer of cash. 1, realised the transfer of cash as follows: 29.08.2017 in the amount of RUB 1,200,000, 17.08.2018 in the amount of RUB 620,000. After investing the cash, he started receiving monthly reports on the status of his investment account to his email, from the email address: reports@qbfin.ru. After each deposit of funds, he received receipts for cash receipts for the respective amounts from the employees of QBF Group. On 26.03.2018, in order to check the reliability of the QBF group of companies, he decided to withdraw part of his invested funds in the amount of USD 500, in this connection, on 26.03.2018, being in the office of the "QBF" group of companies, at the address: Moscow, Presnenskaya naberezhnaya, 8, p. 1, he informed Ahat Gibatov about his intention to withdraw funds from his account in the amount of USD 500, after which Ahat Gibatov took him to the meeting room of the office of the "QBF" group of companies, at the address: 8, page 1, Presnenskaya Embankment, Presnenskaya Embankment,

Salimova 3. told him about the possibility of earning money by depositing money in trust management of the group of the company "QBF". During the conversation Salimova 3. convinced and assured him of the reliability of the "QBF" group of companies, motivated, among other things, by the fact that "QBF" has a licence from the Central Bank of the Russian Federation, so the depositors' funds are reliably protected. Before concluding the contract, he met Salimova 3. once at the office of the QBF Group of Companies at 68 Malohtinsky Prospekt, 68, Plaza Business Centre, St. Petersburg. The funds were accepted by the cashier, whose data he does not know. After that, throughout the whole period he received monthly reports from "QBF" from the electronic box: reports@qbcap.com to the box Lvolegl971@gmail.com. The reports contained information about the status of investment products of "QBF" group of companies, in which he had invested his money. He did not receive any funds from QBF Group of Companies, under the said agreement. In May 2019, Salimova 3. called him and offered to deposit additional funds in a new investment product of the "QBF" group of companies - Depository". Salimova 3. explained that "Depository" was a set of shares of the Russian securities market located within the Russian Federation, which QBF Group would purchase with his money. The money was taken from him by some employee of the group of companies "QBF" he doesn't remember the data of this employee. In order to mislead him and make what was happening look like a legitimate activity, the said employee of the "QBF" group of companies issued a receipt to the receipt order No. b/n dated 10 October 2018. In June 2020, Efremtsov A. contacted him and convinced him to conclude a new contract with the group of companies "QBF", according to Efremtsov A. it was necessary to do so because the group of companies "QBF" changed the form of activity. He did not understand what this meant, but as he trusted (Efremtsov A. he fulfilled his instruction. Thus, on 13 December 2019, being in the office of the group company "QBF" at the address: Degtyarny per. 11 lit. B, pom.1 - H, BC "Nevskaya Ratusha", under the guidance and accompaniment of Efremtsov A., he concluded a contract with "White Lake Management" (Cayman Islands) and Simtelligence". In November 2020, he wanted to withdraw his funds from the group by QBF. In the office of the group by "QBF" at 11 Lit. B, Degtyarny per. 11, pom.1 - H, he submitted a written application with a demand for the return of his funds. Mr Efremtsov A. accepted his application, but demanded that he provide a large number of documents that were allegedly necessary for the withdrawal of funds. He collected all the documents indicated by Efremtsov A. and came again to the office of the group by the company "QBF", where he was met by Efremtsov A., who informed him that he was being dismissed from the group by the company "QBF" and further the vice - president of the group by the company "QBF" Moskalyuk Dmitry Vladimirovich would work with him. He gave the collected documents to D.V. Moskalyuk, who also began to deceive him about the terms and possibility of withdrawal of money, invented various excuses and delayed the time of return of money to him. D.V. Moskalyuk assured him that the money would be transferred to his foreign currency account within a month. After a month the money was not received. After that he began to demand the return of his money on a regular basis, but D.V. Moskalyuk continued to deceive him and mislead him in every possible way about the return of his money, inventing different circumstances and reasons. At that moment he realised that he had become a victim of "fraudsters and I was simply deceived to steal his money. At that time, he saw information in the media that criminal cases had been opened and investigations were underway against employees and managers of the QBF group of companies. This confirmed his thoughts that he was a victim of fraudsters. To date, his money deposited in the cash desk of the "QBF" group of companies, as he naively believed at the time for investment, in the amount of 1,980,000 roubles has not been returned to him. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. In the period from 14.06.2017 to 10.10.2018, the persons acting on behalf of the QBF Group of Companies stole his money in the total amount of RUB 1,980,000. He estimates the amount of damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise that right and file a lawsuit. He has been given the right to familiarise himself with the composition of the investigative teams, with the decisions to order forensic examinations, with the conclusions of experts, with the transcripts of expert interrogations and with the materials of the criminal case in full or in part. He does not wish to

exercise this right. In the summer of 2021, the exact date he does not remember, he applied to the Presnensky District Court of Moscow with a claim for recovery of funds from the QBF group of companies;

(Vol. No. 39, pp. 112 - 114, 156 - 159)

(Vol. No. 39, pp. 117 - 151)

Evidence and their summary, confirming the guilt of Pakhomov V.S. in committing an offence under part 4 of article 159 of the Criminal Code of the Russian Federation against Voropaev A.V.:

(Vol. No. 39, pp. 172, 173)

- Testimony of Voropaev A.V., given by him as a witness and victim,

according to which, at the end of 2017, his acquaintance Salimova Zarina offered him the possibility of imaginary earnings, which consisted in the fact that he would transfer a certain amount of money in trust management to the organisation QBF, licensed by the Central Bank, on the terms of monthly payment of fixed interest. Since he had known Salimova Zarina for a long time, he knew that she worked in a financial institution and was engaged in financial management, he did not have any suspicions about her proposal. However, fearing possible risks, having received information from Salimova Z. about possible conditions of investment, the name of the organisation and the identity of its managers, he spent several months checking the reliability of the organisation, searching for and reading customer reviews. During this whole period of time Salimova Z. continued to constantly tell me about the benefits of offers, invited me to seminars, where representatives of the organisation continued to persuade me to transfer funds to the trust management of the company. In October 2018, as he now understands, having succumbed to beautiful stories about rapid and obligatory earnings, he decided to transfer a certain amount of his personal funds to the organisation LLC "IK QBF". Thus, on 22.10.2018, being in the office of the branch of LLC IC QBF at the address: Malohtinsky prospect, d. 64B in St. Petersburg, he concluded an agreement with LLC "QBIF Adviszeri", as he was told, a subsidiary of LLC "IC QBIF" and an agreement with "QCCI LTD" registration number NOT 221325, on the basis of which he transferred his funds into trust management, with the possibility of selling the portfolio within 30 working days and transfer to my account within 5 working days. At the moment of signing the contract and agreement, the documents were already signed and stamped by QBF company. He was not suspicious of this fact, as he understood that the management of the company was not in St. Petersburg, and believed that this was a developed procedure for concluding and signing such documents. After he signed the contract and agreement, on the same day, 22.10.2018, also being in the office premises at the address: St. Petersburg, Malohtinsky pr. 64, lit. B (BC SPb"), he handed over to the cashier money in the amount of 1 950 000 rubles belonging to him personally, Salimova Zarina accompanied him at all stages. In turn, she handed him a receipt for the receipt order for the said amount as proof of payment under the contract. He noted that he communicated with Salimova Zarina, who positioned herself as a senior financial advisor, later she got the position of Vice - President of the company and Gevorg Shakespearevich Gevorgyan, Head of Investment Services Department. Throughout the entire co - operation, he regularly received information from Salimova and Gevorgyan about the successful investment of his funds in certain shares, however, the monthly reports sent to him contained information about the lack of efficiency in the use of his funds and negative financial results. At the same time Salimova and Gevorgyan explained this fact to him by saying that the securities market had collapsed, and this drop in the performance of her "portfolio" was temporary and it would become more efficient in the future.

He could not verify Salimova's and Gevorgyan's words in any way, as well as the data indicated in the reports and the validity of the investment of his funds in certain shares, and therefore, fearing the loss of his funds, he decided to withdraw his funds from the trust management of the company. On 24.09.2019, he requested for documents to withdraw his funds, but after talks with Zarina in early May 2019, she persuaded him to wait and give them a chance to rehabilitate. He agreed. On 18.02.2020, he wrote an application for withdrawal, which he sent via email to Salimova Z., who acknowledged receipt of his application and acceptance of it. On 19.03.2020 he received a notification from Salimova Z. that the stock market has corrected by 30% and he will suffer even greater financial losses when withdrawing funds. In the course of communication Salimova Z. continued to convince him in the unfavourable withdrawal of funds, in the need to continue cooperation, promising in the future, when the market recovers, accelerated withdrawal of funds or introduction of a new strategy of earning. Salimova Z.'s explanations sounded plausible and tempting to him, promising the least loss of his invested funds, and therefore he agreed. On 19.11.2020 he again wrote an application for withdrawal, which he also sent by e - mail to Salimova Z. However, on far - fetched pretexts, the accelerated withdrawal of his funds was not carried out. He never received the funds. At the beginning of April 2021, during a personal meeting with Gevorg Gevorgyan and Zarina Salimova, the latter informed him that the withdrawal of funds was suspended because the licence of the foreign company was being checked. At the end of May 2021 Zarina Salimova informed him that the money would arrive in the second week of June, however, at the beginning of June he learnt from Salimova that the Moscow office of the company was searched and all activities were suspended. At the beginning of July he was offered other ways to withdraw his invested funds, such as: purchase of RIF ZPIFs, at a price 2 times higher than the one stated in the report of this ZPIF, purchase of some securities with additional payment from his side. Thus, he believes that a group of people, including Salimova and Gevorgyan, under the pretext of brokerage services, received money from him in the amount of 1,950,000 rubles, but they did not intend to fulfil their obligations and return the money to him. He believes that by means of deceit and abuse of trust he was robbed of his money in the amount of 1,950,000 roubles. The damage caused to him is significant. To date, he has not been returned his monetary funds deposited to the "QBF" group of companies in the amount of 1,950,000 roubles. I also believe that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. The persons acting on behalf of the "QBF" group of companies stole money belonging to him in the total amount of 1,950,000 roubles. He considers the amount of damage caused to him to be significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise that right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the transcripts of expert interrogations and with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

- Testimony of S.M. Kishilov, given by him as a witness and victim,

according to which in July 2017 he received an advertising call on my mobile phone number from a representative of the group of companies "QBF" named Leonid Sukharev with a proposal for cooperation, in particular investments in securities of stock markets of foreign countries. At first he did not give an unambiguous answer, but began to make enquiries for himself on the Internet about the group of companies "QBF". Later, in December 2017, he contacted the manager Sukharev L. and we agreed to meet. Also in December 2017, he met with Sukharev L. in the cafe "Ruccola" located at the following address: Moscow, Klimentovskiy pereulok str. 10, page 2. Sukharev L. presented to him the investment products available in the organisation, the ways of investment, the mechanism of profit formation, the order of reporting and informing the client, as well as in general the structure of the organisation. He was informed that the funds will be invested in investment sites of foreign countries. Everything was presented in a colourful form, devoid of flaws, he was promised a yield of 10 to 30% per annum. At first he did not give an unambiguous answer, but began to make enquiries in the Internet about the group of companies "QBF". Having studied the information from various Internet resources, he again contacted the manager named Sukharev L. and they agreed to meet in the office of the company. So on 21.02.2018 he, being in the office of LLC "IK "QBF", located at the address: Moscow, Presnenskaya naberezhnaya, 8, pg. 1, with the purpose of investing funds in securities with high yield, signed with the company "QCCI LTD" agreements on rendering services of direct access to international stock markets No. 4251 - 18/IMR, dated 16.11.2017, as well as concluded an assignment agreement No. 4251 dated 21.02.2018 on behalf of QCBIF Advisory LLC. Also being in the office of LLC QB&EF Investment Company, located at the address: Moscow, Presnenskaya Naberezhnaya 8, pg. 1, he handed over cash as follows: 21.02.2018 in the amount of USD 22,000, which at the exchange rate of the Central Bank of the Russian Federation as of 21.02.2018 was RUB 1,243,440; 21.06.2018 in the amount of RUB 700,000; 21.06.2018 in the amount of USD 18,000, which at the exchange rate of the Central Bank of the Russian Federation as of 21.06.2018 was RUB 1,145,160; 28.10.2018 in the amount of USD 22,000, which at the exchange rate of the Central Bank of the Russian Federation as of 28.10.2018 was RUB 1,443,860. For all deposits, he was given receipts for cash receipts No. b/n for the respective amount. The signatory of all receipts was Gorobets E.V. After he invested funds in the group of companies "QBF", he started receiving reports to his e - mail address airsam@yandex.ru. These reports reflected the state of his investment portfolio. Periodically he received calls from Sukharev L., who offered him to invest additional funds, as well as to think about purchasing additional financial products of the group of companies "QBF". Later in 2019, he had a change of financial advisor, and Padalko Nikolai (8 - 964 - 530 - 33 - 76) became his financial advisor. In May 2019, he was contacted by Padalko N. and informed him that due to the modification and development of the investment strategy of the "QBF" group of companies he needed to sign new documents of technical nature. So, on 26.09.2019 Padalko N. came to his house at the address: Reutov, Nosovikhinskoye shosse, 27, where in the underground car park he signed the following documents: "Trust management" agreement No. D - 212164 - N with "White Lake Management LTD" represented by D.A. Korshunov, service agreement with "VL Consulting" LLC, service agreement No. 4251 dated 04.06.2018 with "Sintelligence company Limited" represented by Korshunov D.A. Some time later, his financial advisor changed again and he was assigned Danilenko Maxim (8 - 903 - 289 - 76 - 41) as his financial advisor. In September 2020, he had a need to withdraw the funds in full, which he notified Danilenko M., whereupon he wrote an official letter and collected the entire requested package of documents to withdraw the funds previously provided to him by Danilenko M. Later, in late May, early June 2021, he learned from the media, including official news of the Russian Ministry of Internal Affairs, that criminal proceedings had been initiated and an investigation was underway. Taking into account the specifics of communication with managers, problems with withdrawal of funds, as well as the fact that the money was not returned to him in full, he had no doubts that he had become a victim of fraudsters. To date, his money has not been returned to him. He considers that an offence has been committed against him, namely the theft of his money by deceit and abuse of trust. In the period from 21.02.2018 to 28.10.2018 he transferred to the group of companies "QBF" the money belonging to him in the amount of 4 532 460 rubles. He assesses the amount of damage caused as significant;

- I.L. Bogomolov's testimony as a witness and victim,

according to which he was a client of PJSC Promsvyazbank from 2013 to 2017. He had personal savings invested in this organisation, and his financial advisor was Igor Soloviev. In 2017, Igor Soloviev resigned from PJSC Promsvyazbank and was employed as a financial manager at QBF Group. In March 2018, he (Soloviev) approached him (Bogomolov) as his old client and offered to transfer his assets from PJSC Promsvyazbank to QBF on more interesting terms. He agreed to think about it and took a pause for reflection. Later, Solovyov contacted him again. In the course of communication Soloviev Igor very colourfully and convincingly told him about investment products available in the organisation "QBF", ways of investment, mechanisms of profit formation, the order of reporting and informing the client, as well as in general about the structure of the organisation. He was informed that the funds will be invested in investment platforms of foreign countries. Everything was presented in a colourful way, devoid of flaws, and he was promised high returns. Based on the results of their communication, as well as relying on entreaties and stories Solovyev Igor informed during a telephone conversation that he was ready to invest in the group of companies "QBF". On 01.06.2018 he arrived at the office of the "QBF" group of companies at the address: Moscow, Presnenskaya naberezhnaya, 8, bldg. 1, 9th floor, where he was met by Solovyev Igor and escorted to the meeting room. He had in his hands the documents already signed by the representative: agreement on the provision of services of direct access to international stock markets No. 4388 - 18/IMR dated 30.05.2018 between him and the company "QCCI LTD" represented by Gorobets Elena Vyacheslavovna (in the agreement the date of signature of Gorobets E.V. was dated 30.05.2018), as well as the assignment agreement No. 4388 dated 30.05.2018 between him and the company QCCI LLC (INN 7703426941) represented by the general director Frolov V.G., the agreement was already signed by Frolov V.G. on 01.06.2018. Thus, on 01.06.2018, he signed the above agreement and the assignment agreement. After signing the above documents, Solovyev Igor escorted him to an additional room, where there was, according to Solovyev Igor's words, his manager - Anna Sidorova. In the said room, he handed over to Anna Sidorova the money belonging to him in cash, namely 2,840,000 roubles, as well as 4,590 US dollars, which at the exchange rate of the Central Bank of Russia as of 01.06.2018 is 284,671.8 roubles. In return, he was given two receipts for a cash receipt order for the amounts of: RUB 2,840,000 and USD 4,590. Everywhere in the receipts was the signature of the chief accountant Gorobets E.V. and the seal impression "QB Capital CY LTD", these receipts were dated 01.06.2018, under the contract No. 4388 - 18/ IMR dated 30.05.2018. After he invested the funds in "QBF" group of companies, he started receiving reports on his email address yorki56@yandex.ru. The said reports reflect the status of his investment portfolio. On 30.10.2018 on the recommendation of Soloviev Igor he came to the office of the group of companies "QBF" located at the address: Moscow, Presnenskaya naberezhnaya, 8, page 1, 9th floor and made an additional deposit of 1 970 000 rubles, which he handed over to an employee of "QBF". In return, he was given one receipt for a cash receipt order in the amount of 1,970,000 roubles. The receipt bore the signature of the chief accountant Gorobets E.V. and the stamp of "QB Capital CY LTD", this receipt was dated 30.10.2018, under the contract No. 4388 - 18/IMR dated 30.05.2018. On 30.10.2019 he came to the office of the company "QBF" located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor and wrote an application for a refund of all funds from all strategies under his contract. His portfolio was sold out and sent the last report on 11.01.2020 with the amount to be refunded 78,566.85 USD. Also on 30.10.2019 Soloviev Igor convinced him that to accelerate the withdrawal of funds it is

required to sign a service agreement No. 4388 dated 04.06.2018 between him and "Simtelligence Company Limited". He signed this agreement on 30.10.2019. However, the monies were neither fully nor partially returned to him. At the end of May 2021, he became aware from the media that a criminal case has been opened, investigative actions have been carried out, that the group of companies "QBF" is a pyramid scheme. Till now his money has not been returned to him, in total he transferred 5 094 671,8 roubles to the address of the group of companies "QBF". Claims will be brought for the amount of damage caused to him. He believes that an offence has been committed against him, namely the theft of his money by deceit and breach of trust. He considers the amount of damage caused to him as significant;

- Testimony of Kosovskiy B.G., given by him as a witness and victim,

according to which, on 30.10.2018 from his acquaintance Igor Gurevich (89031004633) he learnt about the existence of the group of companies "QBF". During a telephone conversation with Igor Gurevich, he (Igor Gurevich) proposed to meet in the office of the group of companies "QBF" at the address Moscow, Presnenskaya Naberezhnaya St., 8, p. 1 at about 15:00. 1 at approximately 15:00. At the meeting, Igor Gurevich told him again that the QBF group of companies was engaged in investing in shares of foreign companies, offered to invest in various stock exchange products, he was very persuasive and persistent, therefore he was interested in Igor Gurevich's proposal. Before starting to invest through the group of companies "QBF", he did not start to make enquiries about the company, as he knew Igor Gurevich's financial advisor for more than 20 years, so he did not doubt the honesty of his words about the success and honesty of the group of companies "QBF". On 30.10.2018 at exactly unspecified time, he, being in the office of LLC "IK QBF", located at the address: Moscow, Presnenskaya naberezhnaya, 8, pp. 1, under the pretext of investing funds in securities with high yields, he signed agreements with the company "QCCI LTD" on the provision of services of direct access to international stock markets No. 4639 - 18/IMR dated 30.10.2018. He also entered into an assignment agreement No. 4639 dated 30.10.2018 with QCCI ADVISORY LTD. At the same time, he had no relevant knowledge of the securities market and no experience in investment activities, he believed that he had entered into a securities trust management agreement with a professional participant of the securities market, QBF Investment Company LLC. On 30.10.2018, he made a cash transfer of USD 24,000, which at the exchange rate of the Central Bank of the Russian Federation as of 30.10.2018 was RUB 1,579,440. In February 2020, he had a need to withdraw some of his invested funds in the "QBF" group of companies, whereupon he wrote an application for withdrawal of funds under the agreement No. 4639 dated 30.10.2018 on 16.03.2020, for withdrawal of USD 10,000, whereupon the financial advisor Igor Gurevich accepted the application from him and said that it takes 3 to 6 months to process this procedure. On 26.06.2020, at approximately 15:00, he arrived at the office of QBF Group of Companies at 8 Presnenskaya Naberezhnaya St., p. 1, Moscow, where his financial advisor was present. 1, where his financial advisor Igor Gurevich introduced him to Maxim Danilenko (89032897641, 89653915547) and told him that Maxim Danilenko would be his

financial advisor, arguing that Igor Gurevich himself was leaving QBF Group. At the same meeting Maksim Danilenko, in order to accelerate the withdrawal of funds from his account, offered to sign new documents with the company "White Lake Management Ltd.", after which he signed a Service Agreement with LLC "VL Consulting" and a "Trust Management" agreement № D - 000618 - F with the company "White Lake Management Ltd.". He also wrote a statement on the sale of the securities portfolio and full withdrawal of funds. After signing all the documents, the funds invested by him in the group of companies "QBF", still could not be withdrawn, financial advisor Danilenko Maxim at several meetings in the office of the Company QBF assured him that the process of selling the portfolio is very long and complicated. Arguing that the money had left, but came back, or the account was blocked. He made all possible excuses to just stall the time and that the money could be returned to me only after the sale of the securities portfolio. On 02.10.2020 he received a notification - report on the sale of assets, the free cash balance on the account was 25 545, 84 USD. From that day he started to actively call Danilenko Maxim on the issue of returning the funds. But from that moment Danilenko Maxim said that he was on a business trip, then began to say that he was on sick leave, later he said that he was on holiday. Then at the end of 2020, he stopped contacting us altogether. In January 2021, a new financial advisor Olga Dataeva (89645303356) got in touch with him and from the very first words she said that she did not receive any money from him and would just inform him about the state of affairs and that it would take 2 to 3 years to return his money. Seeing the uselessness of these negotiations, he asked to organise a meeting with the management of "QBF", as he is not satisfied with the position of Dataeva, after which the excuses that the management is on a business trip, busy working schedule and others started again. At the beginning of April 2021, Dataeva called him and said that she had agreed his meeting with the management, which was scheduled for 15.04.2021. In the conversation, he told Dataeva that he was not coming to the meeting to negotiate but to receive his money and asked her to bring this to the management's attention. On 15.04.2021 a meeting was held with Vladimir Maslennikov (89645303216), head of the Investment Services Support Department, where he (Maslennikov) returned to him 5000 USD (385,828.5 rubles at the Central Bank exchange rate as of 15.04.2021, 77.1657 rubles per 1 USD). During the meeting Vladimir Maslennikov assured him that the rest of the money would be returned to him on 15.06.2021, asking him not to send the statement he had written to the authorities. At the beginning of June 2021 he heard from the mass media (official website of the Ministry of Internal Affairs of the Russian Federation) about a criminal case initiated against the founders of the company QBEF. The meeting on 15.06.2021 appointed by Vladimir Maslennikov, who promised to return the money invested by him, did not take place due to the events with the company "QBF" that took place at the beginning of June. Till now the money invested by him in "QBF" group of companies has not been returned to him in full volume. In total, he transferred 1,579,440 roubles to the "QBF" group of companies. He believes that an offence has been committed against him, namely theft of his money by deceit and abuse of trust. He considers the amount of damage caused to him as significant;

- I.L. Semenov's testimony as a witness and victim,

according to which, he, Igor Leonidovich Semenov, at the end of October, but no later than 30.10.2018, at approximately 13:00 hours, together with his sister Ludmila Leonidovna Semenova in the office of QBF, located at the

address: Moscow, Presnenskaya Naberezhnaya 8, p. 1 (Moscow City) met with Andrei Korzh and Elena Iosifova, who introduced themselves as employees of QBF Investment Company ("QBF") to negotiate his investment. 1 (Moscow City), met Andrei Korzh and Elena Iosifova, who introduced themselves as employees of QBF Investment Company ("QBF") to negotiate the investment of his funds through trust management under a contract with QBF Investment Company ("QBF"). According to the information on <https://gbfin.ru>, QBF had licences from the Central Bank of the Republic of Belarus for investment activities. Korzh A. convinced them that they should not worry about the safety of his (Semyonov's) money, because QBF always fulfils its obligations and puts the client's interests first (a literal phrase he heard many times). Korzh A. and Iosifova E. have the QBF logo on their business cards, the same as on <https://qbfin.ru>. Korzh A.'s job title on the business card is Head of Department; Information Services. Iosifova E.'s job title listed on the business card is Financial Advisor. Korzh A. offered various investment instruments on behalf of QBF ("QBF"), which were printed on the letterheads of QBF IK LLC (INN: 7733673955; OGRN: 5087746335551). Korzh A. explained to him that all operations would be carried out under the control of QBF ("QBF") and that all their clients' accounts were insured with Alliance Insurance Group. After such assurances, he agreed to transfer his funds to them for management. Thus, on 06.11.2018, at approximately 13:00, he together with his sister Semenova L.L. arrived at the office of "QBF" at the address: Moscow, Presnenskaya Naberezhnaya 8, p. 1 (Moscow City), where they were given the opportunity to manage their funds. 1 (Moscow City), where they were met by Korzh A. and Iosifova E., who subsequently provided him with a set of documents, including the assignment agreement No. 4648 dated 06.11.2018 concluded between him and QBF Advisery represented by attorney Frolov V.G., service agreement No. 4648 - 18/IMR dated 06.11.2018 between him and "QCCI Ltd" (Cyprus) represented by Gorobets E.V. These agreements and other accompanying documents were signed by him in the office of QBF Company at 8 Presnenskaya Naberezhnaya Naberezhnaya, bldg. 1, Moscow (Moscow City International Business Centre) in the presence of Korzh A. and Iosifova E. and his sister Semenova L. He wants to clarify that the contracts brought to him for signature were already signed on the part of the above companies. I note that on every page of the assignment agreement No. 4648 dated 06.11.2018 between him and QBF Advisery, the logo of QBF ("QBF") was present. On the same day 06.11.2018 he handed over cash (in rubles) in the amount of 2 000 000 (two million) rubles to Korzh A. who gave him a stub of the cash receipt order from the company "QCCI Ltd", in which there is an imprint of the seal of blue colour "QCCI LTD" and the signature of the chief accountant Gorobets E.V. Regarding the Cyprus company "QCCI Ltd" (Cyprus), with which he was actually forced to conclude a contract, he would like to explain the following. QBCI employees assured him that this company was a subsidiary of QBCI, i.e. it was part of the QBCI group and therefore had the right to engage in financial activities in Cyprus. As he subsequently found out, the company in question did not have any licences and permits to engage in financial activities in the Republic of Cyprus. Additionally, he explains that Korzh A. recommended that he hand over the money in cash to minimise transaction costs. After he handed over his money, he was sent monthly reports by e - mail. The information came from the QBF server (gbcap.ru). From 01.09.2019 he started receiving reports from another server, namely wl - mnt.com. To my questions about the content of the reports he did not receive any clear answer, the content of the reports raises suspicions about the reality of investment transactions. In January 2020, at a meeting with Korzh A. and Iosifova E. at the office of QBF Company, my sister Semenova L. and I announced that we had decided to return our funds transferred to QBF Company ("QBF"). QBF ("QBF") in trust. Korzh A. informed that in order to return his monetary funds it is necessary to renegotiate the contracts previously concluded on 06.11.2018. When asked about the reason for renegotiating the contracts, Korj A. informed him that his funds were transferred to another company, for his own good, as the legislation in Cyprus had changed. Korzh A. assured him that his funds would be immediately returned to him after the conclusion of a new contract with "White Lake Management", the execution of the notice and the withdrawal order. On 05.02.2020, Korzh A. and Iosifova E. provided a new set of documents, including the "Trust Management" agreement dated 05.02.2020 between him and "White Lake Management Ltd", and the agreement with "VL Consulting" LLC dated 05.02.2020, which were signed by him at the QBF office in the presence of Korzh A. and Iosifova E., and his sister Semenova L. As previously, on 06.11.2018, on the part of the above companies, the contracts that were brought to him for signature were already signed. In March 2020 in a telephone conversation Korzh A. informed that due to the collapse in the stock markets he was recommended to postpone the withdrawal of his funds for several months. On 11.04.2013 he submitted an order to sell 100% of his portfolio of shares, which were allegedly on his account. On 10.06.2021 he received confirmation that the sale had been completed. The deadline for the sale, which is 30 working days, was

violated. On 31.07.2021 he submitted an application for withdrawal of funds. On 09.11.2020 he submitted a package of documents (notarised translation of his Russian passport, certificate from the bank, his questionnaire and certificate of no criminal record). On his questions about the terms of withdrawal of his funds Korzh A. evaded a specific answer, his request for a meeting with the management of the company "QBF" Korzh A. ignored. At present, Korzh A. has stopped responding to his requests and calls and has stopped contacting him. He also wants to additionally show about the fact that he has not received any notifications, as well as documents for review, confirming the acquisition of shares within his investment portfolio, and has not seen them. He has only received reports provided by mail. He believes that QBF is not a financial market participant, but only serves as a cover, a screen for fraudulent actions aimed at embezzlement of funds of citizens of the Russian Federation and their illegal withdrawal abroad. These actions, in his opinion, were committed by a group of QBF employees, including but not limited to Korzh Andrey and Iosifova Elena and other persons. It was these persons who, in his opinion, committed the unlawful misappropriation (embezzlement) of funds belonging to him in the amount of 2,000,000 (Two million) roubles;

- Testimony of L.L. Semenova, given to her as a witness and victim,

according to which, she, Ludmila Leonidovna Semenova, in October 2018 from her old acquaintance Svetlana Anokhina (8 - 903 216 - 12 - 08), learnt that "IC QBF" ("QBF") offers to carry out trust management of funds, profitably investing them in various instruments, including in the stock market. Anokhina S. argued that money should be entrusted to "professionals" and gave her the contact details of Iosifova E., an employee of this company. At the end of October, but no later than 30.10.2018, at approximately 13.00 hours, in the office of QBF company, located at the address: Moscow, Presnenskaya Naberezhnaya 8, pg. 1 (Moscow City), she and her brother Semyonov Igor Leonidovich met Andrei Korzh and Elena Iosifova, who introduced themselves as employees of QBF. The business cards of Korzh A. and Iosifova E. bear the logo of QBF, the same logo that appears on the website <https://qbfin.ru>. Korzh A.'s job title on the business card is Head of Information Services. The position of Iosifova E. indicated on the business card is Financial Advisor. - Financial Advisor. Korzh A. and Iosifova E. offered, on behalf of QBF, various investment instruments, which were printed on the letterheads of QBF LLC (INN 7733673955; OGRN 5087746335551). Korzh A. and Iosifova E. explained to her that all transactions would be carried out under the control of their company, which was licensed in the Russian Federation, and that all of their clients' accounts were insured with Alliance Insurance Group. After such assurances, she agreed to hand over her tender funds to them for management. Thus, on 06.11.2018, at about 13:00, in the office of QBF, located at the following address: Moscow, Presnenskaya naberezhnaya 8, pg. 1 Moscow City) Korzh A. and Iosifova E. provided her with a set of documents, including: assignment agreement No. 4647 dated 06.11.2018 between her and QBF Advisery, represented by Frolov V.G., service agreement No. 4647 - 18/IMR dated 06.11.2018 between her and QCCI Ltd (Cyprus), also represented by Frolov V.G.,

however, the said document contains an identical signature in the receipts to the arrival orders signed by a certain Gorobets E.V. This agreement and other accompanying documents were signed by her in the office of QCCI Ltd. at 8 Presnenskaya Naberezhnaya Naberezhnaya, bldg. 1, Moscow. (MIBC "Moscow City") in the presence of Korzh A. and Iosifova E. and her brother Semyonov I. Wants to clarify that the contracts that were brought to her for signature were already signed by the above companies. Notes that the logo of QBF ("QBF") is present on each page of the assignment agreement No. 4647 dated 06.11.2018. Thus, on 06.11.2018 she handed over the cash (in rubles) to Korzh A., who gave her the stub of the cash receipt slip of the company "QCCI Ltd" (Cyprus). On the following day 07.11.2018, she brought cash in the amount of 5,000 (five thousand) US dollars to Korzh A. at the office of "QCCI Ltd", which at the exchange rate of the Central Bank of the Russian Federation as of 07.11.2018 is equivalent to 329,950 rubles. In total, she handed over cash in the amount of RUB 2,029,950 to QBeeF employees. Regarding the Cyprus company "QCCI Ltd" (Cyprus) with which she was actually forced to conclude a contract, she would like to clarify the following. QCCI employees assured her that this company was a subsidiary of QCCI, i.e. it was part of the QCCI group and therefore had the right to engage in financial activities in Cyprus. As she subsequently found out, the company in question did not have any licences or permits to engage in financial activities in the Republic of Cyprus. She further explains that Korzh A. recommended that she hand over the money in cash to minimise transaction costs. After she handed over her money, she was sent monthly reports by e - mail. The information came from the QBcap server (qbcap.ru). From 01.09.2019 she started receiving reports from another server, namely wl - mnt.com. In January 2020, at a meeting with Korzh A. and Iosifova E. at the QBF office, she and her brother Semyonov Igor announced that they had decided to return their money transferred to QBF ("QBF") for trust management. Korzh A. informed that in order to return her monies it was necessary to renegotiate the contracts previously concluded on 06.11.2018. When asked about the reason for renegotiating the contracts, Korzh A. advised that her funds had been transferred to another company. Korzh A. assured that there was no need to worry about the safety of her funds, as the company "QBF" ("QBF") always fulfils its obligations and puts the interests of the client above all else (a verbatim phrase she had heard many times). Korzh A. promised her to immediately return the funds after concluding a new contract with "White Lake Management Ltd.", executing a notice and withdrawal order. Andrey Korzh claimed that the new contract was a successor to the previous contract. On 05.02.2020 Korzh A. and Iosifova E. provided a new set of documents, including the trust management agreement No. D - 168597 - B dated 05.02.2020 between me and "White Lake Management Ltd" and the agreement with "VL Consulting" Ltd. dated 05.02.2020, which were signed by her at the QBF office in the presence of Korzh A. and Iosifova E., as well as her brother Semenov I. In March 2020 in a telephone conversation Korzh A. informed her that due to the collapse of the stock markets she was recommended to postpone the withdrawal of her funds for several months. On 23.09.2020 she received an order to sell 100% of her portfolio (shares allegedly on her account). As per the terms of the agreement, the sale of her portfolio was to be completed within 30 working days. To date, she has not received any response about the sale. On her behalf, her brother has been asking Korzh A. on a weekly basis since 15.11.2010 by phone and via WhatsApp "When can she get the money?". Korzh A. replied that he would look into it. Since mid - December Korzh A. stopped answering her questions. On 11.12.2020 she sent a letter to Stanislav Anatolievich Matyukhin, General Director of QBIF LLC (the letter is attached). On 15.01.2021 she received a reply (the reply is attached), from which it follows that the companies with which she concluded contracts on 06.11.2018 and 05.02.2020 are not related to QBF, and Korzh A. and Iosifova E. do not work for QBF. She also wants to say additionally about the fact that she has neither received nor seen any notifications or documents confirming the acquisition of shares within her investment portfolio. She has only received reports provided by mail. She believes that QBF is not a participant of the financial market, but only serves as a cover, a screen for fraudulent actions aimed at embezzlement of funds of citizens of the Russian Federation and their illegal withdrawal abroad. These actions, in her opinion, were committed by a group of QBF employees, including, but not limited to, Andrey Korzh and Elena Iosifova and other persons. - Bolshov M.A.'s testimony as a witness and victim,

according to which, around the end of 2014, he received a call on his mobile phone number from the manager of the "QBF" group of companies (he found it difficult to give his name). On the phone they discussed investing his personal funds in the group of companies. After some time, they agreed to meet at the main office at the address: 8 Presnenskaya Naberezhnaya Naberezhnaya, bldg. 1, 9th floor, Moscow. On 08.12.2014, it is difficult to give the exact time due to the age of the events, he arrived at the office of the QBF group of companies located at 8 Presnenskaya Embankment, page 1, Presnenskaya Embankment, Moscow. There I signed the documents provided to him by QBF employees, namely: Agreement on provision of services of direct access to international stock markets No. 1931 - 14/IMR dated 08.12.2014 between him and QB Capital CY LTD. currently he does not have this document, he cannot provide it, agreement on provision of "Trust management" services, in accordance with the agreement on provision of services of direct access to international stock markets No. 1931 - 14/IMR dated 08.12.2014 between him and the company "QBF" LLC represented by the Director of Sales Department Munaev Z.V. Within the framework of the documents concluded with him (Agreement and Contract), he deposited funds to the address of the group of companies "QBF", part of which, according to the Annex to the above - mentioned agreement signed by him, is directed to real estate funds. He received reports on the status of his investment portfolio to his e - mail mbolshov@mail.ru. Several years later and after his request for withdrawal of funds in full from 08.02.2017, he was problematically, through a bunch of negotiations, but still withdrew the funds, including earned interest, within a year. Some part of the funds (he admits) that could have remained in the units of the ZPIF, however, taking into account the funds withdrawn by him, taking into account the profit, what part of the funds remained not withdrawn by him, he does not know exactly. Besides, as he realised later, the reports sent to his e - mail contained unreliable information and did not correspond to reality. He had no claims against the QBF group of companies with regard to his investment of the above - mentioned funds. He did not retain the documents confirming the deposit and withdrawal of funds in this part. After some time, the manager of the group of companies "QBF" Iosifova Elena called him on his mobile phone number and offered him to participate in the investment activity again. Iosifova E. insisted and informed him that at present the group of companies "QBF" has got a reliable investor - partner and withdrawal of money is guaranteed within a calendar month. He was also provided with this information by Iosifova E.'s manager, Korzh Andrey. Eventually they agreed that he would come to the company's office, sign documents and immediately deposit cash. On 13.12.2018, at approximately 14:00, he arrived at the office of the "QBF" group of companies at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor. He was met at the entrance by Andrey Korzh. During the meeting in the office, Korzh A. led him to the meeting room, where he presented the investment products available in the organisation, the ways of investing, the mechanism of profit formation, the procedure of reporting and informing the client, as well as the structure of the organisation in general. He was informed that the money will be invested in investment sites of foreign countries and for this reason the money is required in currency. Everything was presented in a colourful way, devoid of flaws, and he was promised high returns. And Korzh additionally informed him that the withdrawal of money is now taking place within one month. As a result of the meeting he finally got the impression that the group of companies "QBF" could be trusted with his assets, and he gave his consent to invest the money. Korzh A. had already prepared and signed documents on the part of "QBF" group of companies, namely: an additional agreement to the agreement on the provision of "Trust Management" services No. 1931 - 147/IMR dated 08.12.2014 between him and "QBF" LLC. During the meeting held on 13.12.2018, he signed the said document. On 13.12.2018 he, being in the office of the "QBF" group of companies at the address: Moscow, Presnenskaya

Naberezhnaya, 8, pp. 1, handed over cash in the amount of USD 25,000, which at the exchange rate of the Central Bank of the Russian Federation as of 13.12.2018 was RUB 1,660,500. He handed the cash to Korzh A., he counted it on a note counting machine and handed him a receipt to the QCCI Ltd cash receipt order for the amount of USD 25,000, where the signatory of the receipt is Gorobets E.V., and there is also an imprint of the QCCI Ltd seal. He has never seen or communicated with E.V. Gorobets. His email address mbolshov@mail.ru continued to receive reports on the status of his investment portfolio. In the summer of 2019, for personal reasons, he had a need for a full withdrawal of funds, in connection with which he contacted his financial advisor Korzh A. and applied for a withdrawal. He notified Korzh A. that he was going to withdraw the funds, to which Korzh A. informed him that he needed to notify the company in writing. In connection with the above, he visited the company on 18.06.2020, approximately at 12:00 a.m., in the office at the address: Moscow, Presnenskaya Naberezhnaya, 8, bldg. 1, 9th floor, where he wrote a notice of withdrawal of funds. After submitting the withdrawal notice, Korzh A. informed him that he needed to collect a large list of documents to withdraw the funds, which included very strange items, such as an English translation of his passport, a certificate of no criminal record, etc., including that he was a bona fide client of Sberbank of Russia PJSC. He informed Korzh A. in a straightforward manner that he would not provide a notarised copy of his passport for reasons of his own security and that it was nonsense. After this conversation Korzh A. stopped contacting him, began to avoid personal meetings and communication. All communication, or rather delaying the withdrawal of his money from the group of companies "QBF", was closed on correspondence. Later, at the end of May - beginning of June 2021, he learned from the media, including the official news of the Ministry of Internal Affairs of Russia, that criminal proceedings had been initiated and an investigation was underway. Taking into account the above, as well as the impossibility of withdrawal of the invested funds and delaying this process by QBF employees by all means, he had no doubts that he had become a victim of fraudsters. In total, he transferred money in the amount of 1,660,500 rubles to the address of "QBF" group of companies on 13.12.2018. He considers that an offence has been committed against him, namely the theft of his money by deceit and breach of trust in the amount of 1 660 500. He considers the amount of damage caused to him as significant;

- Testimony of Dianov E.G., given by him as a witness and victim,

according to which, he, Dianov Evgeny Gennadyevich, approximately in early autumn 2018, from his acquaintance Kudoyarov Timur (8 - 919 - 998 - 5661), with whom he previously worked in PJSC Gazprom Neft, heard several times about the possibility of entrusting the management of his money to the company QBF. Timur Kudoyarov repeatedly told him in telephone conversations and during a personal meeting held in September 2018 in a café near Paveletskaya metro station how he had profitably invested his family money by entrusting it to QBF for trust management. Timur Kudoyarov told him at a personal meeting that Grigor Yerkikyan, an employee of QBF, suggested him to transfer the money to the trust management of QBF. According to Timur Kudoyarov, he knew Grigor Yerkikyan

as an employee of VTB Bank. Being a client of VTB Bank, Kudoyarov co-operated with Erzikyan during the period when Grigor Erzikyan was managing clients' money in VTB Bank on trust. Timur Kudoyarov spoke highly of QBF and personally of Grigor Yerkikian, who, having become an employee of QBF, was also a personal financial adviser to Kudoyarov's mother. After listening carefully to Timur Kudoyarov, whom he knew well and trusted, he decided to contact Grigor Yerkikian and discuss with him the possibility of transferring his money to QBF's trust management. Around the end of November 2018, he called Grigor Yerkikian, introduced himself to him, and said that he had received information about him and QBF from their mutual acquaintance Timur Kudoyarov. He would like to explain that he called Grigor Yerkikian on one of his two telephone numbers: +7(916)727 - 3909 and +7(903)100 - 4760, which he had previously received from Timur Kudoyarov. During the telephone conversation with Grigor Yerkikian, the latter invited him to a meeting at the QBF office to discuss in detail the conditions of possible management of my funds. Grigor Yerkikian invited him to the QBF office located at 8 Presnenskaya Naberezhnaya Embankment, p. 1, 9th floor (Moscow City). He came to the QBF office at the above address three times during the week from 3 to 7.12.2018. At the first meeting, which took place on 03.12.2018, he was met only by Grigor Yerkikian, an employee of QBF Company, who introduced himself as a financial advisor of QBF. At the second meeting (05.12.2018), in addition to Grigor Yerkikian, Nikolay Padalko (8 - 954 - 530 - 3376), who introduced himself as the Director of Sales and Customer Service of QBF, was also present. At the third meeting (07.12.2018), in addition to Grigor Yerkikian, Alexey Golubev (8 - 921 - 858 - 1624), who introduced himself as Regional Director, was also present. During all three meetings, he was offered different options for trust management, and the terms of such trust management were described in general terms. Also at these three meetings, Messrs G. Erzikyan, N. Padalko and A. Golubev convinced him of the absolute reliability and safety of working with QBF, as well as of the high returns he could expect from the management. According to G. Yerkikian, N. Padalko and A. Golubev, the high returns were expected because QBF employees intended to invest his money in securities on the U.S. market, which, they said, would guarantee the high returns from managing his money. After the first three meetings held in the week between 03 and 07 December 2018 at QBF's office, he began to be contacted by telephone and email several times a week (sometimes several times in one day) by G. G. Yerkikian and N. Padalko, who always appeared to be employees of QBF. These persons began to offer him for signing various variants of contracts for the management of his money and to voice various strategies of trust management of his funds. They also discussed the terms of the contracts with him. As a result of such powerful psychological processing G. Yerkikian and N. Padalko persuaded him to transfer the money belonging to him in the amount of 68,000,000 rubles to QBF Company for trust management. At the same time, it was Grigor Yerkikian, who represented himself as his financial advisor and adviser to QBF, who sent letters with evidence of historically high financial returns on QBF's trust management. Grigor Yerkikian also sent him the text of the contract and convinced him of the favourable offshore jurisdiction of the Cayman Islands. It was Grigor Yerkikian who persuaded him to conclude a contract for the management of his money with a certain company "White Lake Management Ltd", assuring him that this company was a subdivision of QBF and his money would be in safe hands. According to Grigor Yerkikian, the necessity to conclude a contract with this company from the Cayman Islands was caused by the fact that out of all the companies of QBF group, only this company can work on the American stock market, as only this company has all the necessary permits and licences of the American regulators. He would like to clarify that at that moment he was under dense psychological pressure from G. Yerkikian and N. Padalko, who were "processing" him almost on a daily basis and inducing him to transfer money to the company controlled by QBF as soon as possible. It is these circumstances that he explains that he agreed to sign an agreement with some company that supposedly had permits to work on the American stock market and at the same time he did not receive any reliable and legally obtained documents from the persons who "processed" him, which really testify that the company White Lake Management Ltd. that G. Yerkikian and N. Padalko persistently offered him really works on the American financial market, is known on this market, really has all the necessary licences and permits, etc. In order to demonstrate loyalty and put his vigilance to sleep, QBF sent him by email (and through G. Yerkikian) an invitation to a festive dinner with Zelimkhan Munayev, Managing Partner of QBF Financial Company, in honor of his (Dianov's) birthday (26.12.2018), which he (Yerkikian) cancelled immediately after he transferred funds. As he understands now, continuing to psychologically process him, for the purpose of further illegal seizure of my money, G. Yerkikian and N. Padalko offered him, in addition to concluding a money management agreement with an unknown Cayman Islands one - day firm, to transfer money not directly to this firm, but to its payment agent - a certain company "Sintelligence Company

Limited". This company, according to Grigor Yerkizyan, is the payment agent not only of "White Lake Management Ltd", but also of the whole group of companies "QBF". Since it is Simtelligence Company Limited that has a ruble account and can accept money from QBF clients in rubles. As a result, as a result of powerful psychological treatment by Grigor Yerkizyan and Nikolay Padalko, these persons persuaded him to give (transfer) his funds in the amount of RUB 68,000,000 to an unknown company White Lake Management Ltd (Cayman Islands), which has the signs of a one - day company, and not directly, but to the account of Simtelligence Company Limited No. 1570033649480158 opened with Ameriabank CJSC (Yerevan, Armenia). This transaction was made on 28.12.2018 (payment order attached). Having succumbed to such psychological treatment and pressure, believing Grigor Yerkizyan and Nikolay Padalko, who constantly assured him of the reliability and legality of the trust management of his money, at the same time constantly slipping him some documents, which according to them were supposed to testify that it was impossible to formalise the trust management of his money in any other way, given the fact that according to these persons, his money would be invested by them in the purchase of securities on the American fund. He 25.12.2018 in the office of QBF company, located at the address: Moscow, Presnenskaya Naberezhnaya 8, str. 1, 9th floor (Moscow City), signed a trust management agreement for his money with White Lake Management Ltd and transferred USD 1 (one) million in rubles at the exchange rate of the Central Bank of the Russian Federation to Simtelligence Company Limited account No. 1570033649480158 opened with Ameriabank CJSC Yerevan Armenia, as instructed by Grigor Yerkizyan. At the same time, the agreement itself was dated retroactively (10.12.2018) and contained not original but facsimile signatures. He also explains that he made the transfer from Sberbank branch No. 9038/01833, located at the address: 5, Soymonovskiy proezd, Moscow. The following employees of PJSC Sberbank worked with him at this branch: Maria Serebryakova (Deputy Head of the additional office, tel. +7 - 916 - 683 - 9962) and Eldar Balkarov (Client Manager, tel. +7 - 929 - 509 - 9323). Grigor Yerkizyan insisted on performing all transfer operations from this particular Sberbank branch, saying that he always works with this branch and has acquaintances there. He explains that Grigor Yerkizyan brought him the agreement on trust management of his money with the company "White Lake Management Ltd" (No. 4696 - 18IMR dated 10.12.2018), ready and signed by this company. In the same agreement, "Simtelligence Company Limited" is also indicated as a paying agent. The invoice issued to "Simtelligence Company Limited" for the interbank transfer and the agency agreement between "Simtelligence Company Limited" and "White Lake Management Ltd" on 24.12.2018 was also sent to him by Grigor Yerkizyan. In response to his question who exactly signed these documents, Grigor Yerkizyan told him that he should not worry, everything was done legally and signed by authorised persons, in confirmation of which Grigor Yerkizyan showed me some powers of attorney for the right to sign the contracts. In addition, on 27.12.2018 Grigor Yerkizyan sent him an official letter to his email for the bank confirming that "White Lake Management Ltd" and "Simtelligence Company Limited" are duly established and registered companies, as well as the fact that "these companies are under common control of the same individual (shareholder and director)". Having trusted Grigor Yerkizyan, he, obeying his instructions, transferred money to the account indicated by him and signed, practically without reading, the contract offered to him and signed in advance by someone else. After that, for a year and a half Grigor Yerkizyan, presenting himself as his financial advisor and a full - time employee of QBF, regularly assured him that his money was competently invested and in safe hands. In January 2020, having previously seen a lot of feedback from QBF clients on the Internet about difficulties with withdrawal of funds and possible fraudulent actions on the part of the company, he asked his financial advisor Grigor Yerkizyan at a personal meeting at the QBF office to conclude a contract with him in the Russian jurisdiction as soon as possible. Having promised to conclude such an agreement with him within a month, such an agreement was never concluded by Grigor Yerkizyan under various pretexts. During this period, from January to May 2020, numerous correspondence and telephone conversations took place with the employees of QBF: Ruslan Spinka, Director of Sales and Customer Service (8 - 967 - 186 - 6039) and Evgenia Rossieva, Legal Consultant (8 - 985 - 173 - 4321). On 22.07.2020 at a personal meeting with Grigor Yerkizyan and Ruslan Spinka in the office of QBF company, he, having failed to receive the promised income from money management, having started to realise that it was urgent to take money from possible fraudsters, gave an order to sell the portfolio of shares, in which Grigor Yerkizyan assured that his money was invested. In September 2020 Grigor Yerkizyan showed him financial (payment) documents allegedly confirming the sale of the share portfolio and the availability of money from this sale. After that he demanded from Grigor Yerkizyan to immediately return his money, previously transferred to QBF, to his account indicated by him to Grigor Yerkizyan. For three months, from the end of September 2020 to the end of December 2020, Grigor Yerkizyan delayed the return of his money under various

pretexts. Each time we talked to him, he told him another apparently false story explaining and justifying that once again the money could not be returned to him. After he started to insistently demand the return of the entire amount of money previously transferred to QBF, Grigor Yerkizyan in telephone conversations began to constantly say that the money is not returned to him because the head and actual beneficiary of QBF Roman Valerievich Shpakov (tel. +7 - 905 - 735 - 55 - 88) believes that he does not need to return the money, and no one will return the money to him without his decision. Also Grigor Yerkizyan told him that he should communicate with Vladimir Alexandrovich Maslennikov - Vice President of QBF (8 - 991 - 709 - 0687 and 8 - 964 - 530 - 3216) on the issue of returning the money. In the period from November to December 2020, he repeatedly asked and demanded in telephone conversations and by correspondence from Maslennikov V.A. and Shpakov R.V. to return the money previously transferred to him. In response, he first heard promises to return the money by the end of 2020 (from Shpakov R.V. at a personal meeting on 04.12.2020), and during the last communication with Maslennikov V.A. he was offered to take 100 000 (one hundred thousand) US dollars and to sign documents waiving the requirements to return the rest of the amount, i.e. to voluntarily, in writing, give up his own money. Maslennikov V.A. responded to such an offer with a categorical refusal and demanded that he immediately give him all his money. Maslennikov told him that he would not receive his money, in any case, in the near future. And R.V. Shpakov wrote to him in correspondence that he was misbehaving, and at a personal chance meeting on 28.12.2020 in the building of the QBF office he informed him that he did not want to meet and communicate with him anymore. During the face - to - face meeting held on 28.12.2020 between him (Dianov), Grigor Yerkizyan and V.A. Maslennikov, which took place in the office of the company "QBF", located on the 9th floor of the office building at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, (MIBC "Moscow City"), Grigor Yerkizyan and V.A. Maslennikov once again offered him to take from them 100,000 (one hundred thousand) US dollars instead of the 68,000,000 roubles he had previously received from him, which is about 1 (one) million US dollars. He once again categorically refused such fraudulent offer and demanded to immediately return to him the entire amount of money he had previously received from him. Grigor Yerkizyan and V.A. Maslennikov responded by saying that they would not return the money they had previously received from him. He would like to clarify that on 30.12.2020 and 14.01.2021 he sent official demands to the QBF company and directly to the above - mentioned persons to return the money. In these letters, he had mentioned the specific bank account to which the refund should be made. He did not receive any response to his letters, except for the receipt of two transfers, namely USD 6,150 on 06.05.2019, which at the exchange rate of the Central Bank is RUB 397,290, and USD 3,045 on 18.09.2020, which at the exchange rate of the Central Bank is RUB 228,679. At the same time, he continued to receive calls from Maslennikov V.A., who, as he is sure, realising his earlier criminal intent, in order to divert his attention and prevent him from contacting law enforcement agencies, continued to deceive him and offered to wait a little longer for the return of the money. As he has already indicated above, the illegally received from him and embezzled funds, according to the pre - existing intention of the group of persons indicated by him, were immediately, that is, in December 2018, transferred abroad, to the accounts of the company controlled by them, which has the signs of a one - day firm. Moreover, they were withdrawn under fictitious documents, as there was no real trust management of his money and initially was not supposed, but it was supposed to steal his money by deception and withdraw it abroad under fictitious documents. He would like to clarify that a group of persons consisting of the above - mentioned G.R. Erzikyan, V.A. Maslennikov, R.V. Spink, Z. Munayev, N. Padalko, A. Golubev, E. Rossieva, as well as Andrei Korzh and Elena Iosifova unlawfully misappropriated the money of dozens of citizens of the Russian Federation through deceit. Some of the defrauded citizens were interviewed by his lawyer during the preparation of the present application. Minutes of their interviews are attached to the present application. Thus, he believes that a group of persons consisting of G. R. Erzikyan, V. A. Maslennikov, R. V. Spink, Z. Munayev, N. Padalko, A. Golubev, E. Rossieva and other unidentified co - conspirators, led by R. V. Shpakov, by means of deceit, stole money belonging to him in the amount of 67,374,031 roubles, and subsequently, using fictitious documents not reflecting the facts of real economic activity, illegally transferred them outside the Russian Federation, i.e. committed offences under part 4 of article 159 and part 3 of article 193.1 of the Criminal Code of the Russian Federation;

- A.V. Gubanov's testimony as a witness and victim,

according to which, he learned about the company "QBF" from his brother Dmitry Gubanov and further met the company for the first time at a joint meeting, which they came to together with his brother Dmitry in late September 2018. At the meeting on the QBF side were Zarina Salimova (hereinafter my financial advisor) and the senior management of the company (Gevorg Gevorgyan and Alexey Golubev). At this meeting they were told in detail about the company, its capabilities, asked about our goals, investment wishes and the amounts to be invested. We were promised a high yield and he was offered to invest the available funds in roubles in the company "QBF" to carry out financial operations on the international market. He was immediately warned that the roubles would be converted into currency as the company operates on foreign markets. He was interested in the offer. Having studied information about QBF in open sources, he found it attractive enough to try to work with it. The presence of 4 licences of the Central Bank of the Russian Federation was one of the most important moments that determined the reliability of the company. 09.10.2018 - under the pretext of investing his funds in high yield securities on behalf of a non - resident, "QCCI LTD" ("QCCI LTD") on 09.10.2018 concluded by "QBF" the Agreement on provision of services of direct access to international stock markets No. 4590 - 18/ISR dated 08.10.2018, as well as on behalf of "QBF Advisor" LLC the Assignment Agreement No. 4590 dated 08.10.2018. 09.10.2018 - The first payment was made to QBF in the amount of R5,000,000 (five million). The funds were brought in cash and transferred to the company "QBF" at the company's cash desk located at the address: Degtyarny per. 11B in the Nevskaya Ratusha business centre. As stated by the financial advisor and in accordance with the terms described in the agreement, these funds were to be converted into dollars at the current exchange rate and sent to the foreign company "QCCI LTD", which is a part of QBF, within the framework of which investments are made on the international market. In this company "QCCI LTD" was to open his trading account (attached to the master account of the company) into which these funds were to be credited. Judging from the investment reports which he further started receiving from "QBF", the said amount appeared in his trading account. On 22.11.2018 - a second payment was made to "QBF" in the amount of 5,000,000 (five million) roubles. The funds were brought in cash and transferred to the company "QBF" at the cash desk of the company at the above address. These funds after conversion into dollars at the current exchange rate for that day were to be credited to his previously opened trading account in the company "QCCI LTD" and used for investment (expansion of the investment portfolio). Judging by the investment reports provided further, this amount appeared on his trading account. On 22.11.2018 an additional agreement No. 3 to the Assignment Agreement No. 4590 dated 08.10.2018 (investment declaration) was also signed. On 30.01.2019, the Direct Access to International Stock Markets Service Agreement No. 4757 - 19/ISR dated 30.01.2019 was signed with the company "QCCI LTD". On 31.01.2019 a service agreement No. 4590 dated 31.01.2019 was signed with VLM Limited Liability Company registered in the Cayman Islands, as well as a determination on termination of the agreement on provision of services of direct access to international stock markets No. 4590 - 18/ISR dated 08.10.2018, as well as a determination on termination of the Assignment Agreement dated 08.10.2018 between QBF Advisery LLC and Alexey Vyacheslavovich Gubanov. Copies of these documents are attached. On 05.02.2019 the third payment was made to "QBF" company in the amount of 5 000 000 (five million) rubles. The money was brought in cash and handed over to QBF Company at the company's cash desk at the above address. On 28.08.2019, he signed Trust Deed No. D 605269 - N with White Lake Management Ltd. as well as Service Agreement with VL Consulting Ltd. as well as Additional Agreement No. 1, 2, 3 to Service Agreement No. 605269 - 09 dated 28.08.2019. Copies of the said documents are attached. The total amount of money transferred to the company "QBF" (in three payments in cash in the office of the company) was 15 000 000 (fifteen million) rubles. During all this

time "QBF" company regularly (once a month) sent investment reports to the mail, in which it was visible, in which assets the funds were invested, what profit (or loss) on these or those positions and in general what indicators on my investment portfolio per month. Also during the whole time about 10 meetings were held in the office of the company "QBF" at the address: Degtyarny per. 11B in the Business Centre "Nevskaya Ratusha" with his financial advisor (Zarina Salimova) and the top management of the company (Gevorg Shakespevich Gevorgyan and Alexey Golubev). At these meetings, sometimes they reviewed his investment reports, sometimes they proposed various investment ideas, explained the structure and principles of the company's work, and offered to contribute additional funds to increase the size of the investment portfolio and the profits from it. For a long time he did not make any attempt to withdraw funds from the company, but gradually he started to see losses in the investment reports sent to him and that the total amount he had contributed was already starting to decrease a lot, not making a profit for many months in a row. Therefore, by May 2021, he decided to withdraw all the funds he had previously contributed from QBF. In May 2021, he scheduled a meeting with his financial advisor (Zarina Salimova) to announce his decision to withdraw the funds and to learn about the sequence of actions required to do so. He was given a list of documents that needed to be collected in order to be able to make the withdrawal of funds from White Lake and return them to the Russian Federation. He began to collect these documents. Then, in June 2021, he learnt from the media about the searches conducted at QBF in Moscow and St. Petersburg. He tried to find out the details of the situation from his financial advisor, to which he received information that indeed the servers of the company "QBF" were seized and therefore there are difficulties with the work of the company, but that it is temporary and most likely everything will soon get better. And that the procedure of withdrawal of funds from White Lake can be continued, as it is another jurisdiction (Cayman Islands) and everything works there. Further, on 16.06.2021 he signed the Notice of Asset Disposal, from the moment of signing of which the sale of his investment portfolio was to start, in order to get out of the assets again into cash (dollars) on his trading account, which can be further received back. The sale of the portfolio from the moment of signing the application should have taken 30 - 40 days according to the assurances of the company "QBF", after which he would have to sign the final application with the balance on the account and from this moment in 1 - 3 months he could already receive funds in the territory of the Russian Federation. The company "QBF" initially assured him that the withdrawn funds could be received back in cash in the office of their company at the address: Degtyarny per. 11B in the Nevskaya Ratusha Business Centre. Further it became clear that they no longer issue cash refunds, and they began to say that the refunds could only be transferred to a personal current account in a Russian bank. Further "QBF" informed that the transfer to the bank account is also impossible, and it is possible to return the money only through the redemption of some shares in warehouse real estate (REF), about which a detailed commercial offer was sent to the mail. QBF further informed him that the purchase of units and return of capital in this way was also not possible due to some internal reasons. As a result, 30 - 40 days after signing the Notice of Disposal of Assets (dated 16.06.2021), he still has not received any document for the sale of these assets and the document for reconciliation of the final balance before withdrawal of funds. He is still receiving investment reports from White Lake in the mail, as if he still has all the assets in his account in the form of previously purchased securities. He has also not received his funds, the return of which was requested from QBF, by any of the methods offered by them, although the deadlines for the return procedure have already passed, as stated and described in the contract with QBF. He has tried writing directly to White Lake's email to get information on when the assets will be realised in accordance with the signed notice, and to inquire about withdrawals from them directly. I have not received any answer from them till now. Gevorg Gevorgyan and Alexey Golubev, whose contact details he had, have also stopped contacting him to comment on the situation. His financial advisor - Zarina Salimova was in touch with him and tried to help him as much as possible in the situation, but as he understood, the top management also stopped informing her and she had no answers to many questions. She advised him to address to the investigator in Moscow on this case and gave him his phone number, as she also felt deceived by the "QBF" company, which apparently misled her as an employee all this time. Taking into account the fact that the terms of returning the money to him expired, there was no doubt that he became a victim of swindlers. Up to the present time he has not been returned his money deposited to the "QBF" group of companies in the amount of 15 000 000 (fifteen million) roubles. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. In the period from 09.10.2018 to 05.02.2019 the persons acting on behalf of the "QBF" group of companies stole money belonging to him in the total amount of 15 000 000 rubles. He

estimates the amount of damage caused to him as significant. He has been explained the right to file a civil suit in the criminal case. He wishes to exercise this right and file a suit. He has been given the right to familiarise himself with the composition of the investigation teams, the decisions to order forensic examinations, the expert reports, the records of expert interrogations, and the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

- Testimony of Vorobyeva - Desyatovskaya N.N., given to her as a witness and victim,

according to which, in February 2019, her father Vorobyeva - Desyatovsky Nikolay Vladimirovich Vorobyeva - Desyatovsky, born 29.03.1954, was contacted by the employee of "QBF" Moroz Alexander (tel. 8 903 095 24 26) with a proposal to invest money in the products of the company "QBF". My father was promised a high rate of return by investing his available funds, both in roubles and in foreign currency, in QBF to carry out financial transactions on the international market. He was warned that roubles would be converted into currency as the company operated on foreign markets. The father was interested in the proposal. Having studied information about QBF in open sources, he found it attractive enough to try to work with it. The presence of 4 licences of the Central Bank of the Russian Federation was one of the most important moments that determined the reliability of the company. She would like to note that at that time her father was practically incapacitated due to brain oncology, moreover, after a week he underwent surgery. At that time, namely on 19.02.2019 employees of the company "QBF" specially came to his work in the company "Polymetal International", from where they took him away, took him to the office of PJSC "Sberbank", located at the address: St. Petersburg, Krasny Tekstilshchik St., 2, where her father withdrew funds in the amount of 4 500 000 (four million five hundred thousand) rubles. After that he was taken to the office of the company "QBF", located at the address: Degtyarny per. 11 lit. B, pom.1 - H, BC "Nevskaya Ratusha", where the father under the pretext of investing funds in securities with high yield on behalf of non - resident "QCCI LTD" ("QCCI LTD") concluded the Agreement on rendering services of direct access to international stock markets No. 4779 - 19/ISR dated 19.02.2019, as well as on behalf of "QBF Advisor" LLC the Assignment Agreement No. 4779 dated 19.02.2019. At the same time, the father handed over cash amounting to 4,500,000 (four million five hundred thousand) rubles at the office of QBF. On 14.03.2019, she and her father went to the office of the "QBF" company to sign a power of attorney to manage all of her father's assets in her name (Direct Access to International Stock Markets Service Agreement No. 4779 - 19/ISR dated 19.02.2019). As Moroz A. explained to her at the time, this agreement authorised her to fully manage all of her father's assets even without inheriting them in the event of his death. Starting from March 2019, her personal email (vorde_n@mail.ru) began to receive reports on transactions on the purchase of securities in her account. The credibility of these reports she cannot confirm or deny. From 17.04.2019 Moroz A. began to schedule periodic meetings in the office of the company to discuss strategies and possible additional investment of funds. He came to the office on 10.10.2019, 29.03.2020, 09.12.2020. Since March 2021, Dmitry Vladimirovich Moskalyuk, Client

Relationship Director (tel. 8 921 858 16 13, 8 965 028 88 88), started communicating with her and started offering to invest in ZPIFs. On 30.01.2021 her notary Goltsov I.M. sent a request for information to LLC "Investment Company QBF" for registration of a certificate of inheritance. She would like to note that Moroz A. himself gave her the details for sending the request. On 18.02.2021 she received a reply from the General Director S.A. Matyukhin that no contracts or agreements had been concluded between QBIF and her father. No money or other property had been transferred to QBF by her father. When she asked Moroz A. Moroz himself for an explanation of this answer, she was contacted by Moskaluk D.V. and explained that the contract had been signed with the now defunct company QBF Advisory. According to him, the company has ceased to exist since 2019. D.V. Moskalyuk could not give any answer as to why this happened and why no one had informed her. Also Moskalyuk D.V. said that the company's assets were transferred from Cyprus offshore to offshore in the Cayman Islands. On 17.05.2021 she issued a certificate of inheritance of property located outside the Russian Federation (78AV0303774), of which she notified QBF. In June 2021, she was contacted by D.V. Moskalyuk and asked to send colour scans of the entire package of documents confirming her relationship with the company and a colour scan of her birth certificate. On 17.06.2021 she sent the above documents to D.V. Moskaluk by post. Since that moment the communication with him has been interrupted. Taking into account the fact that the deadline for refunding her money has expired, there is no doubt that she became a victim of fraudsters. Up to the present time her money deposited to the address of the group of companies "QBF" in the amount of 4 500 000 roubles has not been returned to her. She believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to her and acted solely for the purpose of stealing her money by deceiving her. On 19.02.2019, the persons acting on behalf of the "QBF" group of companies stole the money belonging to her father at that time, and currently to her, in the total amount of 4 500 000 rubles. She considers the amount of damage caused to her as significant. The right to file a civil action in the criminal case has been explained to her. She wishes to exercise that right and file a lawsuit. She has been explained the right to familiarise herself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of expert interrogations, and also to familiarise herself with the materials of the criminal case in full or in part. She does not wish to exercise this right. She has not applied to the court with applications for the recovery of funds from the "QBF" group of companies;

- K.G. Galachyan's testimony as a witness and victim,

according to which, in autumn 2018, he received an advertising call on his mobile phone number from the representative of the group of companies "QBF" Tallerov Artem (8 - 967 - 047 - 32 - 81) with an offer of cooperation. In particular, he offered investments in securities of stock markets of foreign countries. At first he did not give an unambiguous answer, but started to make enquiries in the Internet about the group of companies "QBF". Having studied information from various Internet resources, he decided to go to a meeting to confirm his interests. He contacted the manager Tallerov Artem and they agreed on a meeting. He met with Tallerov Artem several times in a

restaurant located at the address: 6 Bolshaya Sadovaya Street, page 2, Moscow. Tallerov very colourfully and convincingly told him about the investment products available in the organisation "QBF", the ways of investing, the mechanisms of profit formation, the order of reporting and informing the client, as well as in general about the structure of the organisation. He was informed that the funds would be invested in investment platforms of foreign countries. He was promised high profitability. As a result of the mentioned meetings, relying on persuasions and stories of Artem Tallerov, as well as on the information received in the Internet, he informed that he was ready to invest in the group of companies "QBF". They agreed to meet at the main office of the company "QBF". On 28.12.2018 he arrived at the office of the company "QBF", located at the address: Moscow, Presnenskaya Naberezhnaya, 8, page 1, 9th floor, where he was met by Tallerov Artem and escorted to the meeting room. He (Tallerov) had documents already signed by the representatives of the relevant companies. On 28.12.2018 he, being in the office of LLC "IC QBF", located at the address: Moscow, Presnenskaya naberezhnaya, 8, pg. 1, in order to invest cash in securities with high yield, he signed a trust management agreement No. 4734 - 18/IMR dated 28.12.2018 with White Lake Management Ltd ("White Lake Management Ltd") and also signed an assignment agreement No. 4734 dated 28.12.2018 with QBIF Advisery LLC. Within the framework of the concluded agreements, on 25.02.2019, he transferred funds from his settlement account No. 40817840833004011279 opened in the Nikitsky additional office of PJSC VTB Bank located at 33 Bolshaya Nikitskaya St., p. 33, str. 1, to the "White Lake Management Ltd" settlement account No. 100 - 298633 - 1 opened with "Global Fidelity Bank" ("Global Fidelity Bank", Cayman Islands) in the amount of USD 20,000, which at the exchange rate of the Central Bank of Russia as of 25.02.2019 amounts to RUB 1,310,200. After he invested funds in the "QBF" group of companies, he started receiving reports to his e - mail address kim.ghalachyan@gmail.com. The said reports reflected the state of his investment portfolio. Periodically he received calls from Tallerov Artem, who offered him to invest additional funds, as well as to think about purchasing additional financial products of the group of companies "QBF". In February 2021, he changed his financial advisor to Vyacheslav Morozov (8 - 964 - 530 - 31 - 00). In February 2021, for personal reasons, he needed to make a full withdrawal of his funds and therefore contacted his financial advisor, Vyacheslav Morozov, and notified him that he was going to make a withdrawal. Morozov V. replied that he needed to notify the company in writing and also needed to collect a large list of documents for withdrawal of funds, which included very strange items, such as translation of passport into English, certificate of no criminal record, etc. In connection with the above, on 08.02.2021 he sent a notice of withdrawal, after which Morozov Vyacheslav informed him that the withdrawal would take several weeks. On 10.03.2021 he received a report on the trading account operation, after which he was contacted by Morozov Vyacheslav and informed that in order to withdraw the funds he had to fill in a questionnaire ("KYC"). After he filled in the said questionnaire, he was again contacted by Morozov Vyacheslav and informed him that the withdrawal mechanism had been agreed with the management of the company, and also explained to him that in order to carry out the withdrawal operation it was necessary to sign an assignment agreement. To this end, on 25.05.2021, Morozov Vyacheslav came to his office located at 2 Letnikovskaya St., page 4, Moscow and provided him with the above - mentioned assignment agreement dated 25.05.2021 between him and KG LLC, which was signed by him. In early June 2021, he learned from the media, including official news of the Russian Ministry of Internal Affairs, that criminal proceedings had been initiated and an investigation was underway. Later, he contacted Vyacheslav Morozov on this fact, to which the latter explained to him that he would be paid the money within the framework of the assignment agreement signed by him on 25.05.2021, after which Vyacheslav Morozov stopped contacting him. To date, his funds have not been returned to him, including under the withdrawal order sent by him. Proceeding from this, as well as from the delaying by managers and other representatives of the company "QBF" of the terms of withdrawal of funds under various pretexts, he believes that fraud has been committed against him, his money has been stolen fraudulently. In total, he transferred 20,000 US dollars to the address of the group of companies "QBF", which at the exchange rate of the Central Bank of Russia as of 25.02.2019 is 1,310,200 rubles. There were no refunds to his address. Adds that initially, when writing the statement, he mistakenly indicated the amount of material damage caused to me, as he incorrectly made the calculation at that time. The claim will be filed for the amount of the damage caused to him. The amount of damage caused is 1,310,200 roubles. I assess the material damage caused to him as significant;

- E.F. Chekmareva's testimony as a witness and victim,

according to which, at the end of February 2019, on the recommendation of an acquaintance, she went to the office of QBF Group of Companies at 8 Presnenskaya Naberezhnaya St., p. 1, Moscow, where she met her financial advisor Nikita Novazhilov (tel. 8 - 911 - 727 - 37 - 84 and Ruslan Spinka (tel. 8 - 967 - 186 - 60 - 39). 1, where she met her financial advisor Nikita Novazhilov (tel. 8 - 911 - 727 - 37 - 84) and Ruslan Spinka (tel. 8 - 967 - 186 - 60 - 39), who offered to invest in various stock exchange products, they were very persuasive and persistent, they offered her to deposit funds as investments, they guaranteed income from these investments. 28.02.2019, being in the office of LLC "IC QBF", located at the address: Moscow, Presnenskaya naberezhnaya, 8, pg. 1, in order to invest funds in securities with high yield, she signed trust management agreements No. 4796 - 19/ISR dated 28.02.2019 with White Lake Management Ltd ("White Lake Management Ltd"), and also concluded a service agreement (standard form of adhesion agreement) dated 28.02.2019 with VL Consulting LLC. On 15.03.2019, she transferred funds in the amount of USD 57,207.68, which at the exchange rate of the Central Bank of Russia as of 15.03.2019 amounts to 3,741,382.27 rubles, from her current account No. 40817840706600001246, opened in the office of JSC "Credit Europe Bank", located at the address: 2 Kievsky Vokzal Square, Moscow, to account No. 30114840600010008156, opened in "CITIBANK N.A.". (CITIBANK N.A. (USA) for further crediting to an account in the name of White Lake Management Ltd.) At the conclusion of the contract, the representatives of the group of the company "QBF" were the employees of "QBF", namely Ruslan Spinka, Korshunov D.A., Korshunov D.A., WL - a signatory from the side of WL Managment, who was not present at the meeting. After signing the documents to her, the manager Ruslan Spinka took them somewhere and then brought them back, already signed by Korshunov D.A. She never saw Korshunov D.A.. In the future the funds were in her investment account, she had no need to withdraw or withdraw the funds. On 19.08.2019 her financial advisor Nikita Novozhilov informed her that he was leaving the company "QBF", and also recommended her to start withdrawing the invested funds from this company, due to the existing concerns that the group of companies "QBF" may not behave correctly towards the investors. In this connection, she sent an order to withdraw funds from her account in the group of companies "QBF", to which the representatives of the company "QBF" demanded a list of documents, which she collected and submitted to the company "QBF", after which she was informed that the accompanying manager was Artem Efremtsov (tel. 8 - 921 - 858 - 16 - 23), however, when it came to withdrawal of funds, he resigned. She was told by the QBF group of companies that they would assign her a new manager. Thus, in her attempts to withdraw funds from her account, she constantly changed managers, namely: Evgeniya Frolova, Ruslan Sokolov, Maxim Danelenko, who also could not help with the withdrawal of funds, and on the contrary, there was a feeling that the representatives of the group of companies "QBF" deliberately delay the withdrawal of funds by all means. So far she has not been able to withdraw the funds invested in the group of companies "QBF", even partially. In May 2021 she heard from the mass media (official website of the Ministry of Internal Affairs of the Russian Federation) about a criminal case initiated against the founders of the company "QBF". To date, no funds have been returned to her. In total, 57,207.68 US dollars were transferred to her to the address of the "QBF" group of companies, which at the exchange rate of the Central Bank of Russia as of 15.03.2019 amounts to 3,741,382.27 rubles. She estimates the amount of damage caused as significant, namely 3,741,502.41 rubles;

- Testimony of M.A. Birnov, given by him as a witness and victim,

according to which, in February 2018, he received a recommendation from his former personal manager of Sberbank PJSC Loginova Maria (8 - 968 - 639 - 33 - 57), who transferred to work in QBF Advisor LLC (INN 7703426941) to apply to the office of this organisation located at: Moscow, Presnenskaya Naberezhnaya St., 8, p. 1. 1. Maria explained that QBF is an investment company which has a long and successful experience of work in Russia and abroad, all necessary licences are available, she also informed him that the reliability of work with QBF group of companies is guaranteed by the legislation of the Russian Federation, due to the fact that he will cooperate directly with the Russian organisation, namely: "IC QBF" LLC. Moreover, in open sources of the Internet he saw information that LLC "IK "QBF" has 4 licences of the Central Bank of Russia, namely: licence for brokerage activities №045 - 12805 - 100000 from 24.12.2009, licence for dealer activity #045 - 12816010000 dated 24.12.2009, licence for securities management #045 - 12828 - 001000 dated 24.12.2009 and licence for depository activity #045 - 14078 - 000100 dated 08.08.2019. During the conversation Loginova Maria offered to invest in various exchange products, was very convincing and persistent. Taking into account these arguments, he decided to invest the money belonging to him in the group of companies "QBF". On 29.03.2018, he came to the office of LLC IC QBF, located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, with the purpose of investing his funds in QBF Group of Companies. 1, with the purpose of investing funds in international stock markets, he concluded an agreement on provision of direct access services to international stock markets No. 4317 - 18/IMR dated 29.03.2018 with QCCI LTD and an assignment agreement No. 4317 dated 29.03.2018 with QBCI Advisery LLC. Within the framework of the said agreements, he, being in the office of LLC QB&E EQE, located at the address: Moscow, Presnenskaya Naberezhnaya, 8, pp. 1, handed over cash to the representatives of QBF Group, namely: 29.03.2018 in the amount of RUB 1,500,000; 09.04.2018 in the amount of RUB 1,000,000; 11.12.2018 in the amount of RUB 1,500,000; 17.12.2018 in the amount of RUB 500,000; 05.06.2019 in the amount of RUB 1,000,000 and USD 5,000, which at the exchange rate of the Central Bank of the Russian Federation is RUB 325,800. On 02.03.2020 at about 19:00, he arrived at the office of QBF Group, located at the following address: Moscow, 8 Presnenskaya Naberezhnaya St., p. 1, where he met Rusla Rusla. 1, where he met Ruslan Spinka and Egor Laipanov. During the meeting, they explained to him that he needed to sign two new agreements (a service agreement with VL Consulting and a trust management agreement with White Lake Management Ltd.) due to the fact that the agent with whom QBF Group was co - operating had changed. He agreed and signed a service agreement with "VL Consulting" represented by N.S. Padalko dated 02.03.2020, a notice of authorisation, consent to the processing of personal data, an application for joining the service agreement No. 211058 - 01 dated 02.03.2020, as well as a "Trust Management" agreement No. D - 211058 - C dated 02.03.2020 with "White Lake Management Ltd." represented by D.A. Korshunov and five annexes thereto. Around June 2020, someone from the QBF Group of Companies (who exactly, he cannot explain at the moment) invited him to the office of the QBF Group of Companies

located at 8 Presnenskaya Naberezhnaya St., p. 1, Moscow. 1. Once there, he was introduced to my new financial advisor, Meshkova Daria (8 - 903 - 100 - 53 - 17). Throughout his interactions with the financial advisors, they explained to him that the money he had invested was in safe hands, and repeatedly offered him various products for investment. Reports were sent to him on a monthly basis to his email address: mark.birnov@gmail.com. On 31.03.2021, in order to withdraw his invested money, he sent a notice for realisation of assets. However, there was no result, no receipt of funds to him. Daria herself also stopped contacting him. Around May - June 2021, he was contacted by Abdukadyrov Abbas (8 - 903 - 100 - 64 - 11), who explained that at the moment no funds were temporarily allocated for withdrawal. A little later, he learnt from the mass media, as well as official publications of the Ministry of Internal Affairs of Russia, that criminal proceedings had been initiated and key employees of the "QBF" group of companies had been arrested for fraud. At present, his demand for the return of his money has not been fulfilled. In total, he transferred to the address of the group of companies "QBF" money in the amount of 5,825,800 rubles. To date, the money has not been returned to him either in full or in part. He considers the amount of damage caused in the amount of 5,825,800 roubles to be significant;

- The testimony of Potapov A.V., given by him as a witness and victim,

according to which, approximately in the middle of 2019, he received a call from his long - time acquaintance Vadim Sergeevich Romanovich, who previously worked in PJSC "Alfa - Bank", and told him about the possibility of earning money by depositing funds in the company LLC IK QBF, which is part of the group of companies "QBF". During the conversation Romanovich V.S. convinced him of the reliability of the QBF group of companies, motivating him, among other things, by the fact that QBF had a licence from the Central Bank of the Russian Federation, so depositors' funds were reliably protected. He had known Romanovich V.S. for a long time, he was a service manager in the credit institution where he kept his savings - PJSC "Alfa - Bank", so he trusted him. After working at Alfa - Bank PJSC, V.S. Romanovich got a job at QBF and was a manager there. He trusted Romanovich V.S. and decided to deposit his money in "QBF", for which purpose on 25.07.2019 he visited the office of LLC IC "QBF" at the address: 11 Degtyarny per. 11, lit. B (BC "Nevskaya Ratusha"), St. Petersburg. In the office he was met by Romanovich V.S., under whose guidance on the same day he concluded Trust Management Agreement No. D - 442209 - G dated 25.07.2019 with White Lake Management Ltd and Service Agreement No. 442209 dated 25.07.2019 with VL Consulting LLC. Afterwards, being in the same office (address: St. Petersburg, Degtyarny per., 11 lit. B) he deposited cash belonging to her in the amount of USD 15,700, which at the exchange rate of the Central Bank of Russia as of 26.07.2019 is 991,568.04 rubles, and EUR 12,900, which at the exchange rate of the Central Bank of Russia as of 26.07.2019 is 906,792.6 rubles, in the cash desk of the "QBF" group of companies, and she was given a receipt to the cash receipt order. The funds were accepted by the cashier, whose details he does not know. All the documents and receipts for accepting the money had been provided to him earlier, no other documents had been saved. After he invested in the QBF Group of Companies, he received reports to his e - mail address anatolii70650@yandex.ru, which were received until June - July 2021. Said

reports reflected the status of its investment portfolio with continued investment results. Around December 2019, he tried to call Romanovich V.S., however, he did not answer him, his phone was switched off. Subsequently, a girl called Baghdasaryan Mari called him back, introduced herself as the manager of QBF Group of Companies and told him that V.S. Romanovich was no longer working. In June 2021, he learned from a former employee of the "QBF" group of companies, Sergey Kuznetsov, that the organisation would most likely no longer work and advised him to contact lawyers in order to get his money back. He wrote down the contact phone number of Sergey Kuznetsov at the first interview with V.S. Romanovich, S. Kuznetsov was the deputy head of the branch, as I understood from Romanovich's words. Due to the fact that the deadline for returning the money has expired, he has no opinion that he was a victim of fraud. He believes that the above - mentioned reports that came to my e - mail from the "QBF" group of companies are naive, nobody managed my money and it was stolen. The reports were made to mislead me. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. Thus, on 26.07.2019 the persons acting on behalf of the "QBF" group of companies stole his money in the total amount of 1,898,360.64 rubles. He assesses the damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise this right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of expert interrogations, and also to familiarise himself with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" companies;

- Testimony of Bosak L.V., given to her as a witness and victim,

according to which, she first learnt about QBF company from Fedotova Lidia, (+79118326826, +79215639353), former manager of "City Bank", where she was previously served. This is how they met around 2015 - 2016. In mid - 2018, they met Fedotova L by chance, as they lived in the same neighbourhood. The conversation gradually turned to discussing finances and Lydia informed her that she worked for a company called "QBF". She offered her to place funds with them in the company. During the time she had been working at City Bank, she had grown accustomed to trusting Lydia and agreed to her proposal, which did not look fraudulent as it did not offer fabulous profits, but offered a return of 5 - 10% per annum in currency, which was just right. On 28 June 2018, she came to the office of the company "QBF", located at the address: St. Petersburg, Malohtinsky pr., 64, lit. B (BC "Plaza SPb"), as agreed with Fedotova Lidia, where she introduced him to a man and introduced him as the head of the subdivision of the company "QBF" (whose data she cannot remember), who explained to her the terms of investing money. She had a question why the investment agreement should be signed with a company registered in Cyprus, to which the head of the company "QBF" explained to her that it was a normal practice and everything was absolutely legal. He convinced her that the

company has a long and successful experience of work in Russia and abroad, and also has all the necessary licences. Fedotova Lydia and Pakhomov Grigory Gennadyevich, convinced her that the reliability of work with the company is guaranteed by the legislation of the Russian Federation, due to the fact that she will cooperate directly with the Russian organisation LLC QBF. Immediately after the conversation with the head of the office of "QBF" Pakhomov G.G. and the consent given to her, so on behalf of non - resident "QCCI LTD" ("QCCI LTD") with her was concluded the Agreement on rendering services of direct access to international stock markets No. 4431 - 18/ISR dated 28.06.2018, as well as on behalf of "QBF Advisery" LLC the Order Agreement No. 4431 dated 28.06.2018. On the same day - 28.06.2018 in the above - mentioned office of "QBF" company, she handed over the sum (in cash) in the amount of USD 30,000 (thirty thousand), which at the exchange rate of the Central Bank of Russia as of 28.06.2018 amounted to RUB 1,894,077 and received a cash receipt order b/n dated 28.06.2018. Lidia Fedotova was appointed as her financial advisor. On a monthly basis, she started receiving reports containing information about the shares allegedly purchased with her money. She later realised that no shares had actually been acquired and the reports were produced to give the appearance of some kind of activity. From time to time they met with Lidia at the company's office to discuss further strategy. After about a year, Lydia referred her as a client to another financial advisor - Mary Bagdasarian (+79215709698, +79816995578) and the work continued in the same vein - reports, discussions, meetings in the office once a quarter. 29.07.2019 Mary Baghdasarian invited her to the office to re - sign the contract, due to the change of offshore from Cyprus to Cayman Islands. They explained it as purely technical problems and Cyprus imposing some restrictions. At the same time, she did not explain to her that she was signing the contract with another company LLC "VL "Consulting" TIN 7706463476. On 29.07.2019 in the office of the company "QBF", located already at the new address: St. Petersburg, Degtyarny pereulok, d. 11, lit. B (BC "Nevskaya Ratusha") she signed a new contract with LLC "VL "Consulting" INN 7706463476, as well as the following annexes to the contract and documents: Regulations on rendering services of LLC "VL "Consulting" TIN 7706463476 (Annex 1); general terms and conditions of investment declarations (Annex 2); notification on authorisation (Annex 3); notification on withdrawal of funds (Annex 4); notification on risks (Annex 5); consent to processing of personal data (Annex 6); application on joining (Annex 7), and she also signed: trust management agreement No. D - 995387 - G with "White Lake Management Ltd" dated 29.07.2019 with annexes: investment objectives (annex 1); investment objectives (annex 2); cash payments (annex 3); investment objectives (annex 4); similar agreement with annexes in English; investment declaration (additional agreement No. 1) to the service agreement No. 995387 - 09 dated 29.07.07.2019; investment declaration (additional agreement no. 2) to service agreement no. 995387 - 09 dated 29.07.2019 investment declaration (additional agreement no. 3) to service agreement no. 995387 - 09 dated 29.07.2019. After signing the above documents, on 31 July 2019, she additionally deposited another USD 10,000 (ten thousand) (in cash), which at the exchange rate of the Central Bank of the Russian Federation as of 31.07.2019 was RUB 633,791. The funds were intended for the purchase of shares in SpaceX. She was issued a cash receipt order b/n dated 31.07.2019 for the said cash deposit. In March 2020, she wrote an application for withdrawal of funds, as she saw a fall in the exchange rate according to the report and decided to receive the balance. However, they sent her a letter in response to the application saying that the market is unstable at the moment and they advise her to wait until things calm down. Mary Bagdasarian's manager told her the same thing and she put the application on hold. About a couple of months later she accidentally read on the Internet that "QBF" is an unscrupulous company, like a pyramid scheme, then, in the same chat room they refuted it, because they returned the money, i.e. there was no clear information on this issue. She called Lydia and met with her to ask her directly. Lydia dissuaded her by telling her that QBF had been in the market for 14 years and there were no problems with withdrawals or anything else. Mary, a little later, also told her that she was just doing a withdrawal for a client and everything was fine. This reassured her because she trusted these managers, but in the summer of 2021 Mary invited her to her office and told her that the company was under criminal investigation and the money was lost. Earlier, when discussing the international market strategy, it always sounded as if my FS was in charge of capital flows, Mary said let's sell some shares, let's buy some shares, she also said that she was in charge of withdrawals, but later she changed her position and started saying that she had nothing to do with withdrawals and all questions should be addressed to VL Consulting Ltd. On 22 October 2021, she sent an application for withdrawal of funds to the e - mail address regionsupport@wl - innt.com (WL Consulting contact e - mail), but there was no response. Further, she wrote repeated applications to this address and to the address of this company listed on the foreign website (25 October and 09 November 2021), also without response. From this she can conclude that the company is hiding from

its customers and is not going to fulfil its obligations under the contract. Considering all the above, she is left with no doubt that she has been a victim of fraudsters. To date, she has not been returned her money deposited to the "QBF" group of companies in the amount of 2,527,868 roubles. She believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to her and acted solely for the purpose of stealing her money by deceiving her. In the period from 28.06.2018 to 31.07.2019, the persons acting on behalf of the "QBF" group of companies stole money belonging to her in the total amount of 2,527,868 rubles. She considers the amount of damage caused to her as significant. She has been explained the right to file a civil action in the criminal case. She wishes to exercise this right and file a lawsuit. She has been explained the right to familiarise herself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of expert interrogations, and also to familiarise herself with the materials of the criminal case in full or in part. She does not wish to exercise this right. She has not applied to the court with applications for the recovery of funds from the "QBF" group of companies;

- Testimony of Paramonov S.V., given by him as a witness and victim,

according to which, approximately in 2015 - 2016, being a client of Raiffeisen Bank, he got acquainted with a manager named Meshkova Daria. She counselled him on the bank's investment products. Some time later, Meshkova D. resigned from Raiffeisen Bank and was employed by QBF Group. After these events, Meshkova D. contacted him and suggested that he transfer his assets to QBF Group. He did not agree immediately, they met several times in early 2017, in particular in January at his work office at 9 Zemlyanoy Val Street, Moscow. Together with Meshkova D., her supervisor Spinka Ruslan came to visit. During meetings with him Spinka R. mainly communicated with him, he very colourfully and convincingly told him about investment products available in the organisation "QBF", ways of investment, mechanisms of profit formation, the order of reporting and informing the client, as well as in general about the structure of the organisation. He was informed that the funds will be invested in investment platforms of foreign countries. Everything was presented in a colourful way, devoid of flaws. Spinka promised him high returns. As a result of the above meeting, and relying on Spinka's entreaties and stories, R. told Meshkova D. in a telephone conversation that he was ready to invest in the QBF group of companies. They agreed to meet at the head office of "QBF". 02.03.2017 he, being in the office of LLC "IK "QBF", located at the address: Moscow, Presnenskaya naberezhnaya, 8, pg. 1, for the purpose of investing cash in securities with high yield, he signed an agreement with QB Capital CY LTD ("QB Capital CY LTD") for the provision of services of direct access to international stock markets No. 3065 - 17/IMR dated 02.03.2017. He also signed an agreement for the provision of "Trustee" services under the Direct Access to International Stock Markets Services Agreement No. 3065 - 17/IMR dated 02.03.2017 with QBF IC Ltd. At the same time, he had no relevant knowledge of the securities market and no experience in investment activities. He believed that he had concluded a securities trust management agreement with a professional participant of the

securities market with IC QBF LLC. Further, in the office of QBIF, located at the following address: 8 Presnenskaya Naberezhnaya Embankment, bld. 1, Moscow, he made a transfer of cash to QBIF. 1, made cash transfers as follows: 02.03.2017 in the amount of RUB 1,000,000; 22.06.2017 in the amount of RUB 300,000; 19.12.2017 in the amount of RUB 500,000; 31.01.2018 in the amount of 3,900 Euros, which at the exchange rate of the Central Bank of the Russian Federation as of 31.01.2018 was RUB 271,206; 28.06.2018 in the amount of RUB 650,000. Some time later, on 01.08.2019, he, being in the office of IK QBF LLC, located at the address: Moscow, Presnenskaya Naberezhnaya, 8, pp. 1, signed the documents offered to him by the employees: service agreement No. D - 055920 - H dated 01.08.2019 with WLM Ltd ("WLM LTD") and service agreement (standard form of accession agreement) dated 01.08.2019 with WL Consulting LLC. Further, he, being in the office of LLC IC QBF, located at the address: Moscow, Presnenskaya Naberezhnaya, 8, pp. 1, on 01.08.2019, within the framework of the concluded agreement, he made a transfer of cash, in the amount of 650,000 rubles. At the beginning of September 2019, he had a need to withdraw the cash in full, of which he notified his financial advisor, at that time Laipanov E., of the need. After that, he wrote an official letter and collected all the requested package of documents for the withdrawal of funds previously provided to him by Laipanov E. Slowly, through protracted negotiations, he was withdrawn in 7 instalments of RUB 1,521,100 a year later, namely: 25.09.2020 - 385 500 rubles, 10.11.2020 - 384 500 rubles, 23.12.2020 - 225 900 rubles, 02.03.2021 - 148 000 rubles, 30.03.2021 - 151 600 rubles, 22.04.2021 - 115 200 rubles, 21.05.2021 - 110 400 rubles. He did not receive any more money. Later, at the end of May - beginning of June 2021, he learned from the media, including official news of the Ministry of Internal Affairs of Russia, that criminal cases had been opened and an investigation was underway. In addition, he contacted Meshkova D. and she confirmed the above information to him. Taking into account the specifics of communication with managers, problems in withdrawing money, and the fact that the money was not returned to him in full, he had no doubts that he had become a victim of fraudsters. Thus, in the period from 02.03.2017 to 01.08.2019, he transferred funds in the amount of 3,371,206 rubles to QBF Group for investment. QBF employees returned to him the funds in the amount of RUB 1,521,100. The rest of the money has not been returned to him. I believe that an offence has been committed against him, namely the theft of his money by deceit and breach of trust in the amount of RUB 3,371,206. I consider the amount of damage caused to him as significant;

- Testimony of Grif S.V., given to her as a witness and victim,

according to which, she first learnt about the company "QBF" from a man named "Vadim Romanovich", (+79218581604, +79215593966), a former manager of PJSC "Alfa - Bank", where they met in early 2019. In early August 2019, "Vadim Romanovich" called her on her mobile phone and informed her that he had resigned from the bank and was currently working in the company "QBF", which is engaged in investment activities, offered her to place funds with them in the company. During the time she had been working with Alfa - Bank PJSC, she got used to trusting "Vadim Romanovich" and agreed to his proposal, which did not look fraudulent as it did not offer fabulous profits, but

offered an income of 5 - 13% per annum in rubles, which was more than in the bank. On 20 August 2019, she came to the office of "QBF" company located at 11 Degtyarny per., lit. "B", St. Petersburg, as agreed with "Vadim Romanovich", where he introduced her to a man and introduced him as Anton Porfiriev (tel. +79214282351), deputy head of the investment services department of "QBF" company's division, who explained to her the terms and conditions of investing money. She had a question why it was necessary to sign the investment agreement with a company registered in Cyprus, to which A. Porfiriev explained to her that it was a normal practice and everything was absolutely legal. He convinced her that the company had a long and successful experience in Russia and abroad and had all the necessary licences. Immediately after that a service contract No. 169322 - 09 dated 20.08.2019 between her and "VL Consulting" LLC INN 7706463476, for the purchase of securities on the international market, as well as signed the following annexes to the agreement: regulations on the provision of services by "VL Consulting" LLC INN 7706463476 (Annex 1); general terms and conditions of investment declarations (Annex 2); notification of authorisation (Annex 3); notification of withdrawal of funds (Annex 4); notification of risks (Annex 5); consent to the processing of personal data (Annex 6); application for accession (Annex 7). On the same day on 20.08.2019 at the above office, she handed over the amount (in cash) of 2,000,000 (two million) rubles and by verbal agreement the funds were converted into US dollars, which amounted to 30,097 (thirty thousand ninety - seven) US dollars, received a cash receipt order dated 20.08.2019. On 27.08.2019 in the same office she deposited another 1,000,000 roubles in cash, received a cash receipt order the funds were also converted into US dollars amounting to 1,5024 (fifteen thousand twenty - four) US dollars. Her financial adviser was identified as "Vadim Romanovich". She received monthly reports on the progress of the securities transactions and met with him periodically at QBF's office to discuss further strategy. Around spring 2020, "Vadim Romanovich" referred her as a client to another financial advisor, Mary Bagdasarian (+79816995578) and the work continued in the same vein - reports, discussions, and quarterly meetings in the office. In the spring of 2020 she tried to withdraw funds, but she was dissuaded by Mary Baghdasaryan. On 22.07.2021 she received a message from Mary Baghdasaryan in messenger "WhatsApp", which informed her that she was ending her working activity in the company "QBF" on 30.07.2021, on questions related to the company, she should call 8 - 916 - 783 - 22 - 06. But the said telephone was not active. From this she can conclude that the company is hiding from its customers and is not going to fulfil its obligations under the contract. To date, she has not been returned her money deposited to the group of companies "QBF" (VL Consulting) in the amount of 3 000 000 (three million) rubles. She believes that the persons acting on behalf of the "QBF" group of companies did not intend to fulfil their obligations to her from the outset and acted with the sole purpose of stealing her money by deceiving her. The persons acting on behalf of the "QBF" group of companies stole money belonging to her in the total amount of 3,000,000 roubles. She considers the amount of damage caused to her as significant. She has been explained the right to file a civil suit in the criminal case, and wishes to exercise this right and file a suit. She has been given the right to familiarise herself with the composition of the investigation teams, the decisions to order forensic examinations, the expert reports and the transcripts of expert interrogations, as well as the materials of the criminal case in full or in part. She does not wish to exercise this right;

- R.V. Andreev's testimony as a witness and victim,

according to which, in 2012, Irshat Izmailov (8 - 903 - 100 - 58 - 95), an employee of QBF Finance LLC, called him on his mobile phone and offered to come to the office of QBF Group of Companies at 8 Presnenskaya Naberezhnaya St., bldg. 1, Moscow, where he met his financial advisor Irshat Izmailov, who offered to invest in various exchange products. 1, where he met his financial advisor, Irshat Izmaylov, who suggested investing in various exchange-traded products. Izmailov was very persuasive and persistent. What attracted him at that moment was, as it seemed to him, the transparent mechanism of earning money by the company "QBF Finance" Ltd. and high (30%) percentage of the client's profit. On 03.08.2012 he arrived at about 18:00 at the office of the group of companies "QBF" at the address: Moscow, Presnenskaya Naberezhnaya St., 8, p. 1, where Irshat Izmay arrived at the office of the group of companies "QBF". 1, where Irshat Izmailov voiced a number of proposals to invest money by investing in securities. At this meeting Irshat was persuasive and persistent, so he agreed to participate in investing in securities on international financial markets. Later on, Irshat Izmaylov conducted all consultations on financial products with him. On 03.08.2012 he signed an agreement on direct access to the US securities market with the company "QB Capital CY LTD" № 648 - 12/VR dated 03.08.2012, and also on this day he signed an agreement with the company "QBF Finance" LLC on the provision of "Trust Management" services № 648 - 12/VR dated 03.08.2012. The signing of the agreement and the contract took place at approximately 18:30 on the territory of the office of the "QBF" group of companies at 8 Presnenskaya Naberezhnaya St., p. 1, Moscow. 1. At the conclusion of the agreement the representatives of the group of companies "QB Capital CY LTD" were the employees of "QBF", namely Irshat Izmailov - personal manager. He brought him the agreement on direct access to the US securities market with the company "QB Capital CY LTD" № 648 - 12/VR dated 03.08.2012, as well as the agreement with the company "QBF Finance" Ltd. on the provision of "Trust Management" services № 648 - 12/VR dated 03.08.2012, already signed by the representative of the company "QBF" and imprinted with a blue seal. On 03.09.2012 at approximately 18:00 he replenished his investment account in the company "QBF" by bank transfer through the personal cabinet of OJSC "JSCB "Avangard" from his bank account No. 4081784000000022944 to the account of the bank "Piraeus Bank" "Piraeus Bank", Republic of Cyprus CY17008001700000000000000000688040) in the amount of USD 10,000, i.e. 324,171 rubles at the exchange rate of the Central Bank of the Russian Federation as of 03.09.2012 at the price of 32.4171 rubles per 1 USD. These funds were transferred under the agreement on direct access to the US securities market No. 648 - 12/VR dated 03.08.2012. After making the bank transfer, he sent Irshat Izmailov a transfer order No. 2 dated 03.09.2012 from OJSC AKB Avangard Bank to confirm the transfer. The specified bank account in JSCB Avangard OJSC was previously opened by him in the bank branch at the following address: 24 Sadovnicheskaya St., page 6, Moscow. 6. After replenishing the investment account of the company "QBF", in a month he started to receive monthly electronic reports, which showed positive dynamics. It should be noted that the reports showed the real value of real companies, so they did not arouse any suspicions. On 14.12.2012, approximately at 18:00, he again replenished his investment account in the company "QBF", by bank transfer through the personal cabinet of JSC "AKB".Avangard" from his bank account number 4081784000000022944 to the account of the bank "Piraeus Bank" ("Piraeus Bank", Republic of Cyprus CY 17008001700000000000688040) in the amount of 7 000 USD, that is 215 254 rubles at the exchange rate of the Central Bank of the Russian Federation as of 12.12.2012 at the price of 30.7506 rubles per 1 USD. The funds were also transferred under the agreement on direct access to the US securities market No. 648 - 12/BP dated 3.08.2012. After making the bank transfer, he sent Irshat Izmailov a transfer order No. 4 dated 14.12.2012 from JSCB Avangard to confirm the transfer. Approximately in February 2013, he received a call from a QBF employee, Maxim Yudin, informing him that Irshat Izmailov had left for another company and now he, Maxim Yudin, had been appointed as his financial advisor. On 14.08.2013 at approximately 18:00, at the office of the "QBF" group of companies, at the address: 8 Presnenskaya Naberezhnaya St., page 1, Moscow, he deposited 170,000 in cash. 1, he made a cash deposit of RUB 170,000, which was accepted by Maksim Yudin under the Direct Access to the US Securities Market Agreement No. 648 - 12/VR dated 03.08.2012. Maxim Yudin did not give him any supporting documents for the cash deposit after the transfer of the funds. Earlier, when questioned as a witness, he stated that on 14.08.2013 he had deposited 300,000 roubles in cash, and he was unknowingly mistaken about the amount of the deposited sum. Later, when reviewing the reports from QBF in his possession, he found out that he had deposited cash in the amount of RUB 170,000. On 26.02.2016, at approximately 18:00, he arrived at the office of the "QBF" group of companies at 8 Presnenskaya

Naberezhnaya St., page 1, Moscow, where he made a cash deposit of RUB 8,000. 1, where he made a cash deposit of USD 8,000, i.e. RUB 611,143 at the exchange rate of the Central Bank of the Russian Federation as of 26.02.2016 at the price of RUB 76.3929 per USD 1, which was accepted by Yulia Zaitseva in the presence of Yudin Maxim. The deposit was made by him under the agreement on direct access to the US securities market No. 648 - 12/VR dated 03.08.2012. He was given a receipt to the cash receipt order by Zaitseva Yu. In September 2019, Yulia Zaitseva, who was his financial advisor at the time, informed him about the need to change the Management Company, assuring him that it was nothing more than a formality caused by better tax preferences in the Cayman Islands than in Cyprus, and also assured him that major Russian companies also had representatives in the Caymans. He was unaware of the possible consequences, so he agreed, after which Yulia Zaitseva sent a package of documents for review, and on 24.09.2019 he arrived at the office of the "QBF" group of companies, at the address: Moscow, Presnenskaya Naberezhnaya St., 8, p. 1, where he signed the following documents. 1, where he signed the following documents: service agreement No. 648 dated 04.06.2018 with the company "Simtelligence company Limited", i.e. the date specified "retroactively", cancellation of the agreement on provision of services of direct access to international stock markets No. 648 - 12/BP dated 03.08.2012 with the company "QB Capital CY LTD", concluded on 29.09.2017, cancellation of the trust management agreement No. 648 - 12/BP dated 24.09.09.2019, service agreement No. 334275 - 01 dated 24.09.2019 with VL Consulting Ltd, trust management agreement No. D - 334275 - I dated 24.09.2019 with White Lake Management Ltd and English, order dated 25.09.09.2019 for transfer between trading accounts by agreement No. 648 - 12/VR dated 03.08.2012 with QBF Ltd and agreement No. D - 334275 - I dated 24.09.2019 with VL Consulting Ltd (change of Management Company). In addition, on 02.10.2019 in the office of QBF Group, at the address: Moscow, Presnenskaya Naberezhnaya St., 8, pg. 1, Yulia Zaitseva persuaded him to sign another contract D - 067774 - J dated 01.10.2019 with White Lake Management Ltd for the Golden Express strategy and a service agreement with WLM Ltd. Under this agreement, he deposited R650,000 in cash at the office of "QBF" located at the above address. At the same time, as he later noticed, the cheque issued to him showed a different amount - 500,000 rubles, and the data of the person who paid - Kolesnikov Nikolay, the contract - "D - 067774 - J dated 01.10.2019", which he signed. In February 2021, he sent a withdrawal notice to QBF IC and contacted Daria Meshkova, his regular financial advisor, to arrange an office visit. In March 2021 he visited the office of IC "RWR", signed the withdrawal order (in one copy, which remained with the financial advisor), and Daria after some time sent a list of additional documents required for the withdrawal. After that, he tried unsuccessfully to contact Daria for almost 2 months, but she did not answer, and the office assured him that she would call him back soon. In December 2015, the exact date he cannot remember, he managed to withdraw only part of the funds in the amount of USD 20,000, which at the maximum exchange rate for December 2015 (USD 1 = 72, 8827 rubles) corresponds to 1,457,654 rubles. The rest of the funds invested in the QBF group of companies have not been returned to him to date. Approximately in July 2021, he heard from the media (official website of the Ministry of Internal Affairs of the Russian Federation) about a criminal case initiated against the founders of the company "QBF". He believes that an offence has been committed against him, namely embezzlement of funds through deceit and abuse of trust. All payments made by him were made at the insistence of the employees of the company "QBF" and their words in order to increase the volume of investments and, accordingly, to get more profit. At the same time, the withdrawal of funds was always accompanied by, as he now realises, far - fetched and unjustified administrative barriers. And partial return of the invested funds, in his opinion, was only creating a semblance of the company's work and inducing clients to make additional payments. Thus, the employees of "QBF" group of companies stole his money in the amount of 1,970,568 rubles, and the amount of damage caused to him is 512,914 rubles, which is significant for him;

- Testimony of Ivanov K.A., given by him as a witness and victim,

according to which, approximately in 2016 he had a salary account in the bank "VTB", the manager of this bank Salimova Zarina worked with him on the salary project, her tel.: 8 - 921 - 570 - 99 - 08, 8 - 953 - 148 - 18 - 59. During the time he worked with Salimova Zarina, he developed a trusting relationship with her. Around November 2017, Salimova Zarina called him and informed him that she had resigned from the bank and was now working in the QBF group of companies. Salimova Zarina told him about the possibility of earning additional income by depositing money into the trust management of the "QBF" group of companies, namely "QCCI LTD". During the conversation Salimova Zarina convinced him in the reliability of the group of companies "QBF", motivated, among other things, by the fact that "QBF" has a licence of the Central Bank of the Russian Federation, so the depositors' funds are reliably protected. He met with Salimova Zarina several times, during the meetings she told him about investment products of "QBF" group of companies and persuaded him to conclude a contract. He believed Salimova Zarina and decided to deposit his money in "QBF", for which purpose he visited the office of the group of companies "QBF" at the following address: St. Petersburg, Maloostinsky Ave, 64, Lit. B. In the office he was met by Salimova Zarina under the direction of whom on behalf of non - resident "QCCI LTD" ("QCCI LTD") concluded with him the Agreement on rendering services of direct access to international stock markets No. 4199 - 17/ISR dated 13.11.2017 and also on behalf of QCBF Ltd. entered into a Trust Deed in accordance with the Direct Access to International Stock Markets Services Agreement No. 4199 - 17/ISR dated 13.11.2017. On 23.01.2018 in the office of the company located at the above address, under the direction of Salimova Zarina, he handed over his funds in the amount of 2,500,000 rubles to the cash desk, at the same time he was given a receipt for acceptance of funds with the seal of "QCCI LTD". The money was accepted by the cashier, whose details he does not know. 29.01.2019 in the office of the company located at the new address: St. Petersburg, Degtyarny pereulok, v. 11, lit. 11, lit. B (BC "Nevskaya Ratusha"), under the direction of Salimova Zarina, he also transferred his funds in the amount of 2 050 000 rubles to the cash desk, and he was given a receipt for the receipt of funds with the seal "QCCI LTD". The money was accepted by the cashier, whose details he does not know. 29.08.2019 Salimova Zarina invited him to the office of the company in order to renegotiate the agreements on the money he had previously deposited to the company "QBF". From the words of Salimova Zarina to continue co - operation with the group of companies "QBF" it was necessary to renegotiate the agreements. Thus, under the direction of Salimova Zarina with him on behalf of non - resident "White Lake Management Ltd" ("White Lake Management Ltd") was concluded Trust Management Agreement No. D - 417040 - H dated 29.08.2019, as well as on behalf of LLC "VL Consulting" Service Agreement (standard form of accession agreement) dated 29.08.2019. On 29.08.2019 in the office of the company "QBF", also under the direction of Salimova Zarina, he transferred to the cash desk of the company his funds in the amount of 25 000 Euros, which at the exchange rate of the Central Bank of the Russian Federation on 28.10.2019, was 1 777 985 rubles, and he was given a receipt for the receipt of funds with the stamp "WLM". The funds were accepted by the cashier, whose data he does not know. Throughout the whole period he received monthly reports from "QBF" from the e - mail box: reports@qbcap.com to his e - mail box kirill965@gmail.com. The reports contained information about the status of investment products of "QBF" group of companies, in which he invested his money. On 03.06.2021 he wrote an application to withdraw all his funds from "White Lake Management Ltd." and sent it to Salimova Zarina by email. Salimova Zarina told him that in order to withdraw his money he had to provide her with a large number of documents. On 14.07.2021, Salimova Zarina called him and arranged a meeting. He met with Salimova Zarina on Maly Prospect of Vasilevsky Island, he does not remember the exact address, the meeting took place in the street. During the meeting, Salimova Zarina told him that the QBF group of companies had started having problems, their licence had been revoked, their accounts had been

frozen, etc. Salimova Zarina offered him to withdraw the money through a scheme he did not understand, with the crediting of "ZPIV" units. This scheme he refused on the grounds of distrust. At the end of June 2021, he learned from the media, including official news from the Russian Ministry of Internal Affairs, that criminal cases had been opened and investigations were underway against employees and managers of the QBF group of companies. Given the fact that the deadlines for repayment of his money had expired, there was no doubt that he was a victim of fraudsters. He believes that the above - mentioned reports sent to his e - mail from "QBF" group of companies are fictitious, his money was not managed by anyone, and it was stolen. The reports were made to mislead him. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. In the period from 23.01.2018 to 28.10.2019, the persons acting on behalf of the "QBF" group of companies stole money belonging to him in the total amount of RUB 6,327,985. He considers the amount of damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise this right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of expert interrogations, and also to familiarise himself with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

- Testimony of Petrov P.E., given by him as a witness and victim,

according to which, in the middle of November 2018, an employee of the company "QBF" Lidia Fedotova (tel. 8 - 911 - 832 - 68 - 26) called his personal phone number with offers to invest available funds, both in foreign currency and in rubles, in their company LLC "IC QBF", a member of the group of companies "QBF", to make financial investments in the international market. He was interested in the proposal and they agreed to meet at the company's office, which was located at 11 Lit. B Degtyarny per. in St. Petersburg, BC Nevskaya Ratusha. There he met Anton Porfiriev (tel. 8 - 921 - 428 - 23 - 51), Deputy Head of the Investment Services Department of QBIF LLC. He was informed that the money will be invested in investment sites of both Russian and foreign countries. Everything was presented in a colourful way, devoid of flaws, and he was promised high returns (from 8% to 10% per annum). As a result of this meeting, as well as relying on Porfiriev A.'s entreaties and stories, he said that he was ready to invest in the group of companies "QBF". They agreed to meet at the head office of the company in a few weeks. He trusted the mentioned employees and decided to deposit his money in "QBF", for which purpose on 23.01.2019 he visited the office of LLC "IC "QBF" at the address: St. Petersburg, Degtyarny per. 11, lit. B (BC "Nevskaya Ratusha"). In the office he was met by A. Porfiriev, under whose guidance on the same day he entered into Trust Management Agreement No. 4747 - 19/ISR dated 23.01.2019 with White Lake Management Ltd and Assignment Agreement No. 4747 dated 23.01.2019 with QBef Advisery LLC. Then, approximately one week later on 30.01.2019, he transferred funds in the amount of USD 45,000

from his current account No. 40817840508060000842 opened by ALFA - BANK JSC, located at the address: Saint Petersburg, Polikarpova Alley, to Simtelligence Company Limited current account No. 1570033649480101 opened with AMERIABANK, which amounted to RUB 2,985,354 at the exchange rate of the Central Bank of Russia on 30.01.2019. After he invested funds in "QBF" group of companies, he started receiving reports to the e - mail address optsportslll@gmail.com, which were received until the beginning of 2020. The said reports reflected the status of his investment portfolio with positive results from the investment. Also about once a month they met with Porfiriev A., who told him about the growth of my investment portfolio. After some time he had an opportunity to additionally invest the available funds, for which purpose on 15.11.2019 from his current account № 40817840508060000842, opened by JSC "ALFA - BANK", located at the address: St. Petersburg, Polikarpova Alley, 2, he transferred to the current account "Simtelligence Company Limited" №1570033649480101, opened in "AMERIABANK" funds in the amount of USD 15 000, which at the exchange rate of the Central Bank of Russia on 15.11.2019 amounted to 938 316 rubles. On 03.02.2020im was submitted an order to withdraw funds in the amount of 10 000 (ten thousand) USD from his investment account. In response, he was asked for a large package of documents, which he provided to the company's employees in full. On 19.03.2020 he registered a withdrawal order No. SPB2003017. The transaction was supposed to take place within 90 days from the moment the number was assigned. However, the funds were not received on his account. A. Porfiriev stopped answering his calls. He could not get through to the company's office either. In May 2021, he read in the media about a criminal case brought against the managers of the company "QBF". All the documents and receipts for the transfer of funds had been provided to him earlier, and no other documents had been retained. Due to the fact that the deadline for refunding the money has expired, I have no doubt that he was a victim of fraudsters. He believes that the above - mentioned reports sent to his e - mail from the "QBF" group of companies are fictitious, his money was not managed by anyone, and it was stolen. The reports were made to mislead him. He considers that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely with the purpose to steal his money, having deceived him. Thus, in the period from 30.01.2019 to 15.11.2019 the persons acting on behalf of the "QBF" group of companies stole his money in the total amount of 3 923 670 rubles. He assesses the damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise this right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of expert interrogations, and also to familiarise himself with the materials of the criminal case in full or in part. - Testimony of T.V. Baskova, given to her as a witness and victim,

according to which, 27.07.2017 she was sold a flat belonging to her by right of ownership at the address: Moscow region, Reutov, Novosovikhinskoye shosse, 27, sq. 756, in connection with which she had free cash in a large amount. Just at that time she started receiving calls to her mobile phone number from representatives of the group of companies "QBF", in particular a manager named Sukharev Leonid with a proposal for cooperation, in particular investments in securities of stock markets of foreign countries. At first she did not give an unambiguous answer, but began to make enquiries on the Internet about the group of companies "QBF". Having studied information from various Internet resources, she called Leonid Sukharev back and made an appointment at the main office of the company. On 01.08.2017 at approximately 19:00 she arrived at the office of the "QBF" group of companies located at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor. During the meeting in the office she was contacted by the manager Sukharev Leonid together with his manager named Padalko Nikolay. During the meeting, the latter presented to her the investment products available in the organisation, the ways of investment, the mechanism of profit formation, the procedure of reporting and informing the client, as well as the structure of the organisation in general. She was informed that the funds will be invested in investment sites of foreign countries. Everything was presented in a colourful way, devoid of flaws, she was promised a return of 15 to 20% per annum. She was also provided with original licences from the Central Bank of the Russian Federation. At the end of the meeting, she finally got the impression that these people could be trusted with her assets. I decided to sign the necessary contracts and put my available funds into investments. Padalko and Sukharev already had the contracts with my data and signed by the representatives of the organisations: Agreement on provision of services of direct access to international stock markets No. 3332 - 17/IMR dated 01.08.2017 with QB Capital Cy LTD represented by Yudin Maxim Stanislavovich (already signed by Yudin M.S.), as well as Agreement on provision of "Trust Management" services with QBIF LLC (INN 7733673955) represented by Yudin M.S., Director of Sales and Customer Service Department (signed by Yudin M.S.). On 01.08.2017 she signed the said documents and they agreed that on 14.08.2017 she would come with cash for deposit. So, on 14.08.2017 at about 19:00 she arrived at the same office at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor, she was met by Sukharev Leonid and escorted to the meeting room, where Padalko Nikolay was waiting for them. She handed them cash in the amount of 4,220,000 roubles, in return they gave me three receipts for a cash receipt for the sums of: RUB 2,400,000, RUB 1,800,000 and RUB 20,000. Everywhere in the receipts was the signature of the chief accountant Gorobets E.V. and the stamp of QB Capital CY LTD, these receipts were dated 14.08.2017, under the contract No. 3332 - 17/ IMR dated 01.08.2017. Why money was accepted from her with such split amounts, she does not know. After she invested money in "QBF" group of companies, she started receiving reports to her e - mail address: tatabask@yandex.ru, which were received by her till 30.04.2021. These reports reflect the state of her investment portfolio. Periodically she received calls from the manager Sukharev Leonid, who offered her to invest additional funds, and also to think over acquisition of additional financial products of group of companies "QBF". However, Sukharev Leonid soon resigned and moved to work elsewhere, Padalko Nikolay began to contact her directly, but after some time Meshkova Daria became her financial advisor. On 20.01.2018, she applied for the first time for a withdrawal of USD 3,000. The withdrawal process turned out to be very difficult and rather long, nevertheless, on 04.06.2018 she was invited to the office to withdraw the funds. At the meeting in the office on 04.06.2018 at the address: Moscow, Presnenskaya Naberezhnaya, 8, bldg. 1, 9th floor, she was met by Padalko Nikolay and handed over to her USD 3,000, which at the Central Bank (CB) exchange rate as of 04.06.2018 amounts to RUB 189,407.7. At the same time, she was urged to sign new documents allegedly on the transfer of her invested funds to another company "Simtelligence company LTD". She was told that the signing of the said document was conditioned by the new investment strategy of "QBF" group of companies. On 04.06.2018, she signed Service Agreement No. 3332 dated 04.06.2018 with "Simtelligence company LTD". On 15.01.2019, she submitted a new application for withdrawal of already USD 6,000. It also took several months to withdraw the funds, and on 29.05.2019 she was invited by Padalko Nikolay also to the office of the company at the address: Moscow, Presnenskaya Naberezhnaya, 8, p.1, 9th floor. During the meeting on 29.05.2019, Padalko Nikolay gave her USD 6,000, which at the Central Bank exchange rate as of 29.05.2019 is 387,236.4 rubles. At the same time, she was also obliged to sign new documents, this time the "Trust Management" agreement No. D - 939415 - E dated 29.05.2019 between me and the company White Lake Management ltd represented by Korshunov D.A. (already signed by Korshunov D.A.) and

the Service Agreement (standard form of adhesion agreement) dated 29.05.2019, between me and the company VL Consulting LLC (INN 7706463476). The explanations were still of the same nature. A couple of months later, in August 2019 she again decided to withdraw the funds, but this time in full. Padalko Nikolay talked her out of it. This was the case several times. Moreover, Padalko Nikolai persuaded her to invest more in "QBF" and she signed on 28.11.2019 Service Agreement No. 682385 - K between me and WLM Ltd, under this agreement she deposited USD 5,400, in cash, which at the Central Bank exchange rate as of 28.11.2019 is 345,438 rubles. However, on 23.03.2021, she filed a notice with QBF Group of Companies to withdraw the entire amount. Her current financial advisor Meshkova D. informed her with a list of documents for withdrawal of funds. She collected all the documents and handed them over to Meshkova D., the latter in turn notified her on 21.04.2021 that the documents had been submitted for processing. At the end of May 2021, Meshkova Daria called her on her mobile phone and informed her that a criminal case had been opened, investigative actions had been carried out, and that the group of companies "QBF" was a pyramid scheme. She made enquiries on the Internet and the above information was confirmed, as well as her inner fears. On 10.06.2021 she applied to the Department of Internal Affairs of the Department of Internal Affairs for ZAO of the Main Department of the Ministry of Internal Affairs of Russia for Moscow with a statement about fraudulent actions on the part of unidentified persons from among the employees and managers of the group of companies "QBF". Later in June 2021, her financial advisor Padalko Nikolay contacted her with a proposal to close the existing debts of QBF to her. She was interested in this proposal and they agreed to meet. On 06.07.2021 at 14.00 she arrived at the address: Moscow, Presnenskaya naberezhnaya 8, st. 1, 9th floor, she was met by Padalko Nikolay and escorted to the meeting room. Padalko Nikolai suggested that she transfer the debt she owed to him to a unit investment fund. After giving her consent, Padalko Nikolay provided her with the following documents for her signature: Netting agreement with Lamera Holdings Limited dated 06.11.2021, investment units purchase and sale agreement dated 06.07.2021, between her and Lamera Holdings Limited, assignment agreement No. 3332 dated 29.10.2020, between her and Lamera Holdings Limited. After signing the above agreements to her, Padalko Nikolay also persistently persuaded her to sign confirmations of absence of claims against "VL Consulting" LLC dated 06.07.2021, IK QBF LLC dated 06.07.2021, QCCI LTD (formerly QB Capital CY Ltd) dated 06.07.2021. She has signed the above documents. On 29.07.2021 she was again contacted by Padalko Nikolay and informed her that to date the units have not been transferred. To date, she is not the owner of these shares. I believe that she was induced to sign the documents on the transfer of the shares in order to prevent her from filing a criminal complaint with law enforcement authorities. In total, she transferred 4,565,438 roubles to the "QBF" group of companies between 14.08.2017 and 28.11.2019. Until now, the full amount of the money invested by her in the group of companies "QBF" has not been returned to her. Claims will be brought for the amount of damage caused to her. Believes that a crime has been committed against her, namely theft of her money by deceit and abuse of trust. The amount of damage caused to her assesses it as significant for herself;

- Testimony of Mishin I.Y., given by him as a witness and victim,

according to which, he first learnt about the company "QBF" from his father Mishin Yuri Alekseevich (+79112268209), who in July 2018 introduced him to the representative of the company "QBF", Porfiriev Anton Olegovich (+79112262120), the meeting was held in the office of the company at the address: Degtyarny pereulok, v. 11, lit. B (BC "Nevskaya Ratusha"). 11, lit. B (BC "Nevskaya Ratusha"), Porfiriev A.O. immediately introduced himself as his future personal financial advisor and colourfully told about financial strategies in investment activities, as well as about the prospects of cooperation with the company. He told about the company itself and the options of investing money in order to receive income. He showed beautiful presentations, told that the company has been on the market for many years, that during this time it has shown itself well in the investment market, that with the help of the company "QBF" you can officially invest money in securities (shares) traded on the New York Stock Exchange. He was shown the licences issued by the Federal Service for Financial Markets. A.O. Porfiriev showed different strategies. As he remembers now, there were aggressive, moderate and conservative strategies to choose from. Everything sounded very convincing, so he was very interested in the proposal at that time. Having analysed the proposed strategies on the spot, he chose the "moderate" strategy with an income of 10% to 15% per annum. On the same day, on behalf of non - resident "QCCI LTD" ("QCCI LTD") concluded with him the Agreement on rendering services of direct access to international stock markets No. 4496 - 18/ISR dated 14.08.2018, as well as on behalf of "QBF Advisor" LLC the Order Agreement No. 4496 dated 14.08.2018. Thus, during the period from 16.11.2018 to 31.11.2019, he transferred cash through his father A.O. Porfiriev, viz: 16.11.2018 in the amount of USD 10,000, which at the exchange rate of the Central Bank of the Russian Federation as of 16.11.2018 was RUB 666,159; in January 2019 in the amount of USD 5,474, which at the maximum exchange rate of the Central Bank of the Russian Federation as of January 2019 was RUB 367,809.01; in November 2019 in the amount of USD 8,500, which at the maximum exchange rate of the Central Bank of the Russian Federation as of November 2019 was RUB 545,785.85. The father transferred all the funds to A.O. Porfiriev while in the office of the company "QBF", located at the address: St. Petersburg, Degtyarny per. 11, lit. B (BC "Nevskaya Ratusha"), in cash. He would like to note that no receipts for the second and third refill were given to his father, as well as to him. According to the words of A.O. Porfiriev, these cash deposits will be reflected in the reports provided by the company on a monthly basis, which came to his e - mail and that in this regard there is no need for a physical receipt. Wants to note that from the beginning of 2019, he started receiving electronic reports on alleged securities transactions to his email address. Around the end of 2019, the reports began to arrive less and less frequently. At some point Porfiriev A.O. started sending them personally from his corporate email (anton.porfiriev@qbf.world). In the spring of 2020 he received a call from A.O. Porfiriev informing him that it was necessary to re - sign the assignment agreement due to a change in the company's policy, but the re - signing never took place, meetings were constantly postponed. Therefore, at the beginning of 2021 he came to the office of "QBF" and wrote an application for the complete withdrawal of his funds, as well as all accumulated interest, this application was made by A.O. Porfiriev on his work computer and did not give him any confirmation on paper. According to the contract, the withdrawal procedure could take about 3 months. In spring 2021, A.O. Porfiriev stopped answering phone calls, and from the Internet he learnt about the problems in the company "QBF", the investors were advised to apply to the police. As early as June 2021, he learnt from the media, as well as official publications of the Russian Ministry of Internal Affairs that criminal proceedings had been initiated and key employees of the QBF group of companies had been arrested for fraud. Given the fact that the deadline for returning his money had expired, there was no doubt that he had become a victim of fraud. Up to the present time his money deposited to the address of the group of companies "QBF" in the amount of 1 575 753,86 roubles has not been returned to him. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. In the period from 16.11.2018 to 31.11.2019, the persons acting on behalf of the "QBF" group of companies stole money belonging to him in the total amount of 1,575,753.86 rubles. He considers the amount of damage caused to him as significant. He has been explained the right to file a civil suit in the criminal case. He wishes to exercise this right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the protocols of interrogations of experts, as well as to

familiarise himself with the materials of the criminal case in full or in part. He does not wish to exercise this right. He has not applied to the court with applications for the recovery of money from the QBF Group;

- Testimony of A.V. Nazarenkov, given by him as a witness and victim,

according to which, in October 2019, his acquaintance Aminov Rafail Ravilyevich introduced him to the manager of the group of companies "QBF" Gulyaeva Xenia. The meeting took place in the office of the said company at the address: Degtyarny pereulok, d. 11, lit. B (BC "Nevskaya Ratusha"), Gulyaeva Ksenia immediately introduced herself as his future personal financial advisor and colourfully told him about financial strategies in investment activities, as well as the prospects of cooperation with the company. She told him about the company itself and the options for investing money in order to receive income. She showed beautiful presentations, told him that the company has been on the market for many years, that during this time it has shown itself well in the investment market, that with the help of the company "QBF" you can officially invest money in securities traded on the international stock exchange. He was shown the licences issued by the Federal Financial Markets Service and told about different strategies. As he remembers now, there were aggressive, moderate and conservative strategies to choose from. For the sake of persuasiveness Gulyaeva Ksenia also introduced him to her colleague - Deputy Head of Investment Services Department of "QBF" Group of Companies Anton Porfiriev. The two of them (Gulyaeva K. and Porfiriev A.) persuaded him to invest in the products of the group of companies "QBF". On 19.12.2019, being in the office of the company "QBF" at the above address, under the direction of Gulyaeva K. and Porfiriev A. with him on behalf of LLC "VL Consulting" on 19.12.2019 concluded the Service Agreement standard form of accession agreement dated 17.12.2019, as well as trust management agreement № D - 779786 - L with a non - resident "White Lake Management Ltd" ("White Lake Management Ltd") dated 17.12.2019. Further, on the same day, he deposited his cash in the amount of USD 2,600, which at the exchange rate of the Central Bank of Russia as of 19.12.2019 amounted to RUB 162,716.06 and EUR 47,000, which at the exchange rate of the Central Bank of Russia as of 19.12.2019 amounted to RUB 3,275,547.50. He does not remember the details of the cashier who accepted the above amount from him. After that, he received periodic calls from Gulyaeva Ksenia and offered to deposit additional funds to the address of the group of companies "QBF" for additional investment. He refused her offers. He wants to note that from that time on his e - mail: nazarenkov@composite.ru every month began to receive electronic reports containing information about the shares allegedly purchased with his money. Later he realised that no shares were actually purchased, and the reports were made to give the appearance of some activity. In May 2021, he learnt from his acquaintances that QBF Group was under investigation. He called Xenia Gulyaeva, who confirmed the information about the existence of a criminal case and recommended to contact the investigator. After that, in May 2021, he applied to withdraw his funds. He never received a reply to the application. After calling Gulyaeva K., he was asked to fill in a new application form for withdrawal of funds. He did so, having filled in this form and sent it to the e - mail of the group of companies "QBF" regionsupport@wl - consulting.m. In response, afterwards, he only received a letter that he had USD 48,201.53 on his balance. Where this money is, what account it is in, and whether it even exists, he does not know. To date, the funds have not been returned to him. Gulyaeva K. is dragging out the time in every possible way and evades answering the

question about the return of his money. Taking into account all of the above, he has no doubt that he has become a victim of fraudsters. To date, he has not been returned his money deposited to the "QBF" group of companies in the amount of 3,438,263.56 roubles. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. On 19.12.2019, the persons acting on behalf of the "QBF" group of companies stole money belonging to him in the total amount of RUB 3,438,263.56. I estimate the amount of damage caused to him as significant. He has been explained the right to file a civil suit in the criminal case. He wishes to exercise this right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of interrogations of experts, and also to familiarise himself with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

- The testimony of Burmistrov V.N., given by him as a witness and victim,

according to which, in 2019, his acquaintance Belsky Evgeny introduced him to the manager of the group of companies "QBF" Vasilieva Nadezhda Anatolievna, informing him that Vasilieva N.A. previously worked in a bank, and at that time (his acquaintance) was engaged in investments in the group of companies "QBF". N.A. Vasilieva presented him with the financial products of the QBF group of companies and assured him that the company had a long and successful experience in Russia and abroad, with all the necessary licences in place. N.A. Vasilieva informed him that reliability of work with them is guaranteed by the legislation of the Russian Federation, due to the fact that he will cooperate directly with a Russian organisation, namely: LLC IC "QBF" INN 7733673955. At the same time, as a method of investment he was offered to conclude an asset management agreement within a foreign jurisdiction with the company "White Lake Management Ltd." and operating in the Russian Federation through LLC "VL Consulting". On 23.12.2019 he arrived at the office of QBF Group of Companies at 11 Degtyarny per. 11, Lit. B, 6th floor, St. Petersburg to sign the agreement. Under the guidance and persuasion of N.A. Vasilieva, he signed a trust management agreement No. D - 899182 - L with White Lake Management Ltd. Also while in the office, he signed a service agreement with VL Consulting Ltd. and a service agreement No. 899182 - L with VLM Limited Liability Company. Under the direction of N.A. Vasilieva, he signed an application for accession to the agreement on trust management of securities and means of investment in securities No. DU - F - 1713/IIIS with IK QBF LLC and an application for accession to the agreement on trust management of securities and means of investment in securities No. DU - F - 1714 with IK QBF LLC. Under the agreement No. DU - F - 1713/IIIS, he deposited RUB 300,000 on 24.12.2019 with IK QBF LLC and another RUB 100,000 on 25.12.2019, and under the agreement No. DU - F - 1714, he deposited RUB 600,000 in March 2020 with IK QBF LLC. He transferred the funds from his account opened with PJSC "RGS Bank". A couple of days later, on 25.12.2019, he, being in the above - mentioned office, at the address: St. Petersburg, Degtyarny per. 11, lit. B, under

the contract № D - 899182 - L with "White Lake Management Ltd." transferred funds in the amount of 2 550 000 rubles to the group of companies "QBF", the funds he handed over personally to Vasilieva N.A., and the manager of the group of companies "QBF" Porfiriev Anton was also present. After signing the above documents, his email address received regular reports from reports@wl - mnt.com informing him of alleged changes in the value of the securities in his investment portfolio. Around December 2020, he wanted to withdraw his money from the QBF Group of Companies and informed N.A. Vasilieva about it, to which the latter started to persuade him not to withdraw his money. In March 2021, he actively insisted on withdrawing his money from the QBF Group of Companies, but N.A. Vasilieva kept coming up with various reasons not to return his money. In April 2021, he wrote an application to the QBF Group of Companies for the return of his money, but received no response. In May 2021, he learned from the media, as well as official publications of the Ministry of Internal Affairs of Russia, that QBF Group had had its licences revoked. He called N.A. Vasilieva, who confirmed the difficult situation of the QBF group of companies and recommended that he withdraw his money. To date, he has not been returned his money deposited with the "QBF" group of companies in the amount of RUB 3,550,000, RUB 2,550,000 under contract No. D - 899182 - L with "White Lake Management Ltd", RUB 400,000 under contract No. DU - F - 1713/IIS, RUB 600,000 under contract No. DU - F - 1714. He believes that an offence has been committed against him, namely the theft of his money by deceit and abuse of trust. He estimates the amount of damage caused to him as significant, namely 3,550,000 (three million five hundred and fifty thousand) roubles. Also considers that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. The persons acting on behalf of the "QBF" group of companies stole money belonging to him in the total amount of 3,550,000 roubles. I consider the amount of the damage caused to him to be significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise this right and file a lawsuit. He has been given the right to familiarise himself with the composition of the investigative teams, the decisions on the appointment of expert reports, the records of expert interrogations, and the materials of the criminal case in full or in part. He does not wish to exercise this right. He has not applied to the court with applications for recovery of money from the "QBF" group of companies;

- The testimony of Mishin Y.A., given by him as a witness and victim,

according to which, in about 2010, he met Porfiriev A.O. Then, buying a car brand Hundai Santa Fe, he applied for a loan to VTB Bank. The bank manager proved to be a competent and qualified consultant. He quickly helped him to apply for a car loan. This is how he got acquainted with A.O. Porfiriev. Subsequently he also repeatedly turned to him for consultations on deposits and other products of VTB Bank. These were always professional financial advisory services. Not being an expert in financial matters, for several years, he turned for help exclusively to A.O. Porfiriev. Having become a VIP - client of VTB Bank, he fully trusted him with the management of his funds. At some point, Mr Porfiriev transferred from VTB Bank to QBF. Having resigned from VTB Bank, A.O. Porfiriev, while maintaining good relations, repeatedly invited him to meet at the company's office and offered him various opportunities to withdraw all assets from VTB Bank and invest them in "QBF" securities. In the spring of 2017, after another call from A.O. Porfiriev, he agreed to come for an introductory meeting at the office of QBF, located at 64, Lit. B, Maloohtinsky Ave,

St. Petersburg, where he was shown the successful activities of the company. During the meeting the atmosphere in the office, as it seemed to him at the time, really confirmed the success of the work. Everything was supported by colourful presentations, various video clips. There were talks about the planned increase of the scope of activity and expansion of the volume, and special attention was paid to the absolute transparency and hundred per cent guarantees of all transactions concluded in "QBF". To confirm the success and reliability of the company "QBF", Porfiriev A.O. presented the licences issued by the Federal Service for Financial Markets and the Central Bank of the Russian Federation, and also announced the company's plans for expansion and moving to an office with more opportunities for meetings with a large number of clients at the address: St. Petersburg, Degtyarny pereulok, ul. 11, Lit. B (BC "Nevskaya Ratusha"). So on 31.10.2017, being in the office of the company "QBF", located at the above address, under the direction of Porfiriev A.O. on behalf of non - resident "QCCI LTD" ("QCCI LTD") with him was concluded Agreement on provision of services of direct access to international stock markets No. 4108 - 17/ISR dated 31.10.2017, and on behalf of QBIF Ltd. the Trustee Services Agreement pursuant to the Direct Access to International Stock Markets Services Agreement No. 4108 - 17/ISR dated 31.10.2017. On the same day, he handed over to A.O. Porfiriev cash in the amount of RUB 590,000. In return, a receipt order b/n was received. Starting from the next month, he started receiving reports on allegedly made transactions with securities to his email. Planning to form a potential income for retirement, he began to deposit free money to the company "QBF" with a certain periodicity. During this period he made additional deposits: 12.02.2018 in the amount of RUB 540,000; in January 2019 in the amount of USD 9,900, which at the maximum exchange rate of the Central Bank of Russia for January 2019 was RUB 665,200.80; in February 2019 in the amount of USD 11,500, which at the maximum exchange rate of the Central Bank of Russia for February 2019 was RUB 767,100.60; in March 2019 in the amount of USD 3,000, which at the maximum exchange rate of the Central Bank of Russia for March 2019 was RUB 198,228.90; in April 2019 in the amount of USD 14,000, which at the maximum exchange rate of the Central Bank of Russia for April 2019 was RUB 916,616.40; in July 2019 in the amount of USD 9,900, which at the maximum exchange rate of the Central Bank of Russia for July 2019 was RUB 632,312.01. They met regularly with A.O. Porfiriev at the office of QBF. The occasions for the meetings were various: signing, re - signing of various documents, additional agreements and so on. The wording each time was: "for reliability" and "greater assurance" of financial operations. And, since the degree of trust in this person was high, the documents were signed by him automatically and unconditionally. This was accompanied by A.O. Porfiriev's words: "Yuri Alekseevich, all this is a pure formality, don't pay attention, everything is reliable!". After Porfiriev A.O. rechecked everything independently. Thus 03.10.2019, being in the office of LLC "IC "QBF", located at the address: St. Petersburg, Degtyarny per., 11, lit.B (BC "Nevskaya Ratusha"), with him on behalf of non - resident "White Lake Management Ltd" ("White Lake Management Ltd") concluded a trust management agreement No. D - 048711 - J dated 03.10.2019, as well as on behalf of LLC "VL Consulting" a Service Agreement (standard form of accession agreement) dated 03.10.2019. In December 2019, while in the office at the above address, he additionally handed over to the employees of the company cash in the amount of USD 10,145 and USD 9,000, which at the maximum exchange rate of the Central Bank of the Russian Federation as at December 2019 amounted to RUB 1,233,123.71. He would like to note that under the guise of paying interest from investment activities, the stolen funds were partially returned to him, namely: in June 2018 in the amount of USD 700, which at the maximum exchange rate of the Central Bank of the Russian Federation as at June 2018 was 44,847.81 rubles; in November 2019 in the amount of USD 4,400, which at the maximum exchange rate of the Central Bank of the Russian Federation as at November 2019 was 282,524.44 rubles; in November 2020 in the amount of USD 14,000, which at the maximum exchange rate of the Central Bank of the Russian Federation as at November 2020 was 1,128,048.60 rubles. However, in 2020 and especially in 2021, delays in the submission of reports began, and for some months they were not submitted at all. A.O. Porfiriev commented on this by failures in the general electronic information system, accompanying these delays or lack of reports by the fact that in the electronic form, accessible only to him, the reports are visible and everything is in order there. And he sent several reports personally from his email account. In March 2020, a letter from A.O. Porfiriev was sent to his e - mail address, where he once again reassured him about the reliability of the company "QBF", and in confirmation referred to a large number of "fake" articles, which were commissioned by competitors. Such conversations took place constantly during his statements about his desire to withdraw funds from the company. When he retired in September 2020, he decided to withdraw the deposited funds from QBF. Alas, nothing has come of this to date. All notices were sent by mail to A.O. Porfiriev or delivered by him personally to the company office, and since May 2021 A.O. Porfiriev

often did not respond to his phone calls and messages, and if he did respond, he refused to communicate and meet in person, citing his excessive workload. On 27 November 2021, after another unsuccessful attempt to call A.O. Porfiriev, he wrote in a text message to him: "See you in court". A.O. Porfiriev called him back in half an hour, explaining that everything happening with "QBF" was due to temporary difficulties and advised him to prepare another notification on the realisation of assets and send it to the e - mail address where the reports come from. Considering the fact that the deadline for the return of his money had expired, there was no doubt that he had fallen victim to fraudsters. To date, his money deposited to the "QBF" group of companies in the amount of 4,087,161.57 roubles has not been returned to him. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. In the period from 31.10.2017 to 31.12.2019, the persons acting on behalf of the "QBF" group of companies stole money belonging to him in the total amount of 4,087,161.57 rubles. He considers the amount of damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise that right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the protocols of interrogations of experts, as well as to familiarise himself with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

, according to which, previously he was a client of the bank "Vostochny", where he kept his savings. At the beginning of 2020 he received a phone call from Kuznetsov Sergey (tel. 8 - 921 - 564 - 87 - 86), who introduced himself as the head of one of the departments of the company "QBF", according to him, previously he (Kuznetsov S.) was an employee of the bank "Vostochny", where he (Mazitov V.G.) was served. During the telephone conversation Kuznetsov S. told about the possibility of additional earnings by investing available funds, both in foreign currency and in rubles, in the company "QBF" for further financial operations on domestic and international markets. Then he was interested in the proposal and they agreed on a personal meeting. The meeting took place in the company's office located at 11B Degtyarny per. in St. Petersburg (BC Nevskaya Ratusha). Some time later (he does not remember the exact date) he came there with his wife, where they met Kuznetsov S. At the meeting he told about the prospects of co - operation, told about the company itself and the options for investing money to generate income. He showed colourful presentations, told them that the company has existed since 2008, that during this time it has shown itself well on the investment market, that with the help of the company "QBF" it is possible to officially invest money in securities (shares) traded on the New York Stock Exchange. They were shown licences issued by the Federal Service for Financial Markets (FSFM of Russia). They were promised a high yield and profit of at least 20% per annum in dollars, with the commission of "QBF" on Trust Management Agreements of 30% of the profit. Different strategies were shown. On a choice were offered: aggressive, average weighted and conservative. Everything sounded very convincing, so the proposal then they were very interested, they took a pause to study everything carefully, think about it and make an informed decision. At home they found and carefully checked the reviews about the company on the Internet, as well

as data on the website of the Central Bank of Russia, where the information was confirmed - the licence is valid, the reviews about the company were exclusively positive. All this was a decisive factor in terms of choosing the company and confirming its reliability. On 03.02.2020 in the office of the company on behalf of non - resident "White Lake Management Ltd" ("White Lake Management Ltd") the Trust Management Agreement No. D - 830245 - B dated 03.02.2020 was concluded with him, on behalf of non - resident "WLM" ("WLM") the Service Agreement No. 830245 - B dated 03.02.2020 was concluded, and also on behalf of LLC "VL Consulting" the Service Agreement (standard form of accession agreement) dated 03.02.2020 was concluded. The documents were signed by D.A. Korshunov. This person is not known to him. At the same time, in a separate cash room, they were handed over cash in the amount of 65,000 USD, which at the exchange rate of the Central Bank of Russia as of 03.02.2020 was 4,104,002.50 rubles. The money was accepted by an employee, Ekaterina Martsenyuk, who in return handed him a receipt order b/n. Starting from February 2020, he started to receive reports on transactions on the purchase of securities on his account. He cannot confirm or deny the reliability of these reports. In February 2021, he decided to withdraw the funds in full, then he called Kuznetsov S. and told about his intention. Kuznetsov S. tried for a long time to persuade him not to withdraw the money and even to deposit more, because, as he said, "now is the best period for depositing money, not for withdrawal". However, his arguments seemed unconvincing. In the end, he insisted on signing an order to withdraw the money. Kuznetsov S. warned that it would take about two or even three months to withdraw the money. In order to speed up the process, he offered to transfer the invested funds, or rather to purchase the assets of the RIF Skladskoy Federal 1 real estate ZPIF. He trusted and came to the office of the company, where he concluded a new contract (unit sale and purchase agreement dated 26.04.2021). In the spring of 2021 he learnt from the media that the company "White Lake Management Ltd.", aka "QBF", became bankrupt and its founder went on the run. S. Kuznetsov answered his calls, but to all his questions he just shrugged his shoulders and said that, unfortunately, he did not know anything about the prospects of the company. That he himself was in the same deplorable situation as he was. Considering the fact that the deadline for refunding his money had expired, there was no doubt that he was a victim of fraud. To date, he has not been returned his money deposited to the "QBF" group of companies in the amount of 4,104,002.50 roubles. He considers that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. , according to which, in the period 2017 - 2018, he was a client of JSC "Alfa Bank". He was accompanied by the personal manager of the bank Budarin Nikita. At the end of 2018, Budarin Nikita resigned from the bank and was employed by QBF Group. He then got in touch with him and suggested that he transfer his assets to the QBF Group of

Companies. He independently studied the information available on the Internet regarding the investment activities of the "QBF" group of companies and became interested in them. He repeatedly came to the office of the company "QBF" located at the address: Moscow, Presnenskaya Naberezhnaya, 8, st.1, 9th floor. In the course of the interaction, he purchased investment products, invested his personal funds and subsequently withdrew them without experiencing any particular problems. In the first half of 2019, Nikita Budarin resigned from QBF Group for reasons unknown to him, after which his manager, Andrey Korzh, became his financial advisor. In the autumn of 2019, he was approached by Korzh Andrey with an offer to invest in the QBF Group of Companies on promising investment strategies. It was communicated to him that the funds would be invested in investment platforms of foreign countries. Everything was presented in a colourful way, devoid of flaws. Korzh Andrey promised him stable profitability. Taking into account the existing positive experience of interaction with Budarin Nikita, he agreed to the proposal of Korzh Andrei and arranged a meeting with him in the office of the company "QBF", at the same time saying in advance that he would come with cash. On 28.11.2019, at approximately 12:00, he arrived at the office of the "QBF" group of companies, located at the address: Moscow, Presnenskaya Naberezhnaya 8, page 1, 9th floor. Upon arrival, he was met by Korzh Andrey and escorted to a meeting room. Korzh Andrey had already signed copies of the documents with VL Consulting LLC represented by Maricheva O.V., namely the service agreement dated 27.11.2019, the trust management agreement No. D - 284592 - K dated 27.11.2019 with White Lake Manadement Ltd represented by Korshunov D.A., service agreement No. 284592 - K with "WLM Ltd" represented by Korshunov D.A., as well as service agreement No. 284592 - K with "WLM Ltd" represented by Korshunov D.A. He would like to inform that he has never seen Korshunov D.A. and Maricheva O.V. and has never communicated with them. Having signed the above documents, he gave Korzh Andrey 15,000 US dollars, which at the exchange rate of the Central Bank of Russia as of 28.11.2019 was 959,550 rubles. Korzh Andrey took the money, counted it on a counting machine, went to a neighbouring room and later returned with a receipt with a facsimile of Korshunov D.A.'s signature (the same in the contract) and a stamp "WLM CR - 347210", which he gave to him. After he had invested money in the group of companies "QBF", he started to receive monthly reports on the state of his investment portfolio to his e - mail address gidrostanok@gmail.com. After a couple of months Korzh Andrey got in touch with him again and offered to invest an additional amount of money under another conservative investment strategy. Taking into account the positive dynamics of the state of affairs, based on the reports received to his e - mail, he agreed and arranged a meeting with Korzh Andrey at the head office. So on 06.02.2020, at about 12:30 he arrived at the office of the "QBF" group of companies at the address: Moscow, Presnenskaya Naberezhnaya, 8, bldg. 1, 9th floor. On arrival he was met by Andrey Korzh and escorted to a meeting room. In the meeting room, he gave Korzh Andrey 30,000 US dollars, which at the exchange rate of the Central Bank of the Russian Federation as of 06.02.2020 was 1,895,100 rubles. Korzh Andrei took the money, counted it on a counting machine, went to a neighbouring room and later returned with a receipt with a facsimile signature of Korshunov D.A. (the same in the contract) and a stamp "WLM CR - 347210", which he gave to him. In late May - early June 2021, he learned from the media, including official news from the Russian Ministry of Internal Affairs, that criminal proceedings had been initiated and an investigation was underway. In connection with the above events, he became concerned about the safety of his funds and on 03.06.2021 submitted an application for withdrawal of funds. At the same time, he repeatedly communicated and met with Korzh Andrey in order to communicate with him about the difficulties he had encountered. Korzh Andrey told him the most incredible reasons for the lack of possibility to withdraw funds from the group of companies "QBF". He had a clear impression that there was no intention to return his money. In total, he transferred 2,854,650 roubles to the "QBF" group of companies in the period from 28.11.2019 to 06.02.2020. Till date, the funds have not been returned to him. Claims will be brought for the amount of damage caused to him. Believes that an offence has been committed against him, namely theft of his money by deceit and breach of trust. He considers the amount of damage caused to him as significant;

, according to which, in the spring of 2019, the former manager of JSC "Alfa - Bank", where he was previously serviced, Anastasia (tel. 89117694950) told him about the investment company "QBF". She also introduced him to QBF manager Daniil Vetrov (tel. 89218891089). In order to obtain high returns, he offered to invest his available cash in roubles in QBF to carry out financial transactions on the international market. He was immediately warned that roubles would be converted into currency as they were operating on foreign markets. He was interested in the offer. Having studied information about "QBF" company in open sources, he found it attractive enough to try to work with it. The presence of 4 licences of the Central Bank of the Russian Federation was one of the most important moments that determined the reliability of the company. In the future, all interactions with QBF took place through the financial advisor Daniil Vetrov, who at that time got the position of a senior manager for St. Petersburg. According to Vetrov D., Anastasia also started working for QBF. It should be noted that Vetrov D. himself is ready to co - operate with the investigative authorities. According to him, he agrees to confirm the facts stated below and to be confronted. After initial consultations and assurances in words that the company is reliable and there are no problems with the withdrawal of funds, he decided to try to withdraw the first amount. So on 31.05.2019 under the pretext of investing funds in securities with high yield on behalf of a non - resident "White Lake Management Ltd" ("White Lake Management Ltd") concluded with him Trust Management Agreement No. D - 416912 - E dated 31.05.2019, as well as on behalf of LLC "VL Consulting" Service Agreement (standard form of adhesion agreement) dated 31.05.2019. Thereafter, he was asked to sign additional adhesion agreements with Lamera Holding and WhiteLake Management. Funds to the company's accounts were delivered to them in the form of cash, in the company's office (BC Nevskaya Ratusha, Degtyarny per. 11B). The money was accepted by the cashier, and in exchange he was given receipts with the White Lake stamp. The explanation of the difference was as follows: White Lake is an affiliated company and a direct participant of investments in the Cayman Islands. Thus in the period of time from 31.05.2019 to 10.02.2020, being in the office of the company QBF, located at the address: St. Petersburg, Degtyarny per. 11, lit.B (BC "Nevskaya Ratusha"), he handed over to the employees monetary funds, namely: 31.05.2019 in the amount of RUB 1,700,000; 13.06.2019 in the amount of RUB 1,600,000; 04.07.2019 in the amount of RUB 4,500,000; 01.08.2019 in the amount of RUB 6,000,000; 31.10.2019 in the amount of RUB 600,000; 10.02.2020 in the amount of RUB 13,000,000. The total amount of funds transferred to them for investment is 27,400,000 roubles (twenty seven million four hundred thousand roubles). In January 2021, when attempting to withdraw funds from the account, he was informed that QBF had frozen accounts in the Cayman Islands and that it was impossible to withdraw funds directly. He was offered the following scheme of withdrawal of funds from abroad: a certain company Aurum in Luxembourg provides a promissory note for the amount of debt of "QBF", and this promissory note is exchanged under an assignment agreement for units of ZPIF QBF Reef Warehouse Federal. Thus, the money "arrives" to the foreign accounts of "QBF" (and in fact is already there), and it has units in the Russian Federation. The price of a unit was determined at 600,000 roubles. Later, the price in open sources was determined at 325,000 rubles per unit. In order for this scheme to work, he was asked to have his passport translated into English by a translation agency and provide this data to QBF, which he did. In order to accrue units, he opened an account with a depository (certificate attached). In addition, he was actually forced to sign documents stating that he had no claims against "VL Consulting" under the threat of non - return of funds. Given that he had been consistently denied withdrawals for several months at that point, he was forced to agree. In June 2021, he learnt from the media and official publications of the Russian Ministry of Internal Affairs that criminal proceedings had been initiated and key employees of QBF Group had been arrested for fraud. According to the information known to him, criminal cases have already been opened against some representatives of the QBF group of companies (QBF) on episodes of Trust Management (TM) and money diversion to offshore: case No. 12101007754000065, case No. 12001450007000902.

Despite the scheme and amount of withdrawal agreed with QBF, the funds were not received. There were different explanations, starting from seizure of servers by investigative bodies, ending with frozen accounts of "QBF" and impossibility to accrue shares. All official representatives of "QBF" group of companies took a formal position and did not answer questions on the merits, thus covering the recently working scheme and connections between affiliated groups of "QBF" companies. There is every reason to believe that instead of investing the funds received from clients to participate in investment products, these funds were withdrawn to various surrogate products abroad, as well as invested in development projects of the beneficiaries, which knowingly could not generate returns comparable to participation in investments in securities. And in order not to pay this yield to the client, the client's portfolio was artificially driven into negative yield. This scheme could have been a real financial fraud, which ended in the complete misappropriation of the transferred funds. Taking into account the fact that the deadline for returning the money to him had expired, there was no doubt that he had become a victim of fraud. Up to now he has not been returned his money deposited to the address of the group of companies "QBF" in the amount of 27 400 000 (twenty seven million four hundred thousand) roubles. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. In the period from 31.05.2019 to 10.02.2020, the persons acting on behalf of the "QBF" group of companies stole his money in the total amount of 27,400,000 rubles. He estimates the amount of damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise that right and file a lawsuit. He has been given the right to familiarise himself with the composition of the investigative teams, with the decisions to order forensic examinations, with the conclusions of experts, with the transcripts of expert interrogations and with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

- Testimony of Troshkova M.S., given to her as a witness and victim,

according to which, in the period from 30 January to 5 February 2019, her mobile phone number received a call from an employee of the group of companies "QBF" Salimova Zarina with an offer of additional income by allegedly investing in financial products of the group of companies "QBF". Salimova Zarina persuaded her to meet with her to get additional information. On 18.02.2019 the meeting with Salimova Zarina took place in her car in the immediate vicinity of the metro station "Grazhdansky Prospekt", which is located at the address: St. Petersburg, Kalininsky district, Grazhdansky Ave. 116, κ. 1, where Salimova Zarina told her about all investment products of the group of companies "QBF", assured her of its financial stability and integrity, and also described all financial benefits that she would receive by investing money in the group of companies "QBF". She believed the words of Salimova Zarina and concluded with the company "White Lake Management Ltd", which is a part of the group of companies "QBF", the contract of trust management № D - 617579 - B from 18.02.2020, by means of electronic document management. She deposited funds on 18, 19, 20 and 21 February 2019 (4 payments of RUB 250,000 each) by non - cash transfers from her current account No. 40817810615064000405 opened with PJSC VTB Bank, branch No. 7806 in St. Petersburg. The total amount of the transferred funds totalled RUB 1,000,000. Having trusted the employee of the group of companies

"QBF" Salimova Zarina and being in a state of delusion on 18.02.2020 in the office of the group of companies "QBF" at the address: St. Petersburg, Degtyarny pereulok, d. 11, Lit. B, under the direction of the manager of the group of companies "QBF" Salimova Zarina, she deposited the money belonging to her in the amount of 10 000 Euro, which at the exchange rate of the Central Bank of Russia as of 18.02.2020 was 686 201 rubles, she was given 1 receipt to the cash register of the group of companies b/n. The cash was accepted by a cashier, who was not presented to her. From the moment of depositing money into the group of companies "QBF", the company "White Lake Management" sent her monthly reports on alleged investment activities. She received the last report on 4 February 2022. During the time her money was held in "trust" at QBF Group, she did not withdraw or receive any funds. In November 2021, she learned from the media that QBF Group had some difficulties and their licence was being withdrawn. At the end of December 2021, she was contacted by Salimova Zarina with a proposal to transfer ruble - denominated securities held by QBF Group to the investment programme of PJSC FC Otkritie in the city of St. Petersburg. She responded to the proposal by agreeing to it. In the first half of January 2022, the securities in the amount of RUB 1,000,000 were transferred to the investment programme of PJSC FC Otkritie, thus she believes that the funds in the amount of RUB 1,000,000 have been returned to her (attached to the interrogation: the order on the return of property on 1 sheet). To date, she has not been returned her funds deposited to the "QBF" group of companies in the amount of 10,000 Euros, at the exchange rate of the Central Bank of Russia as of 18.02.2020 was 686,201 rubles. She believes that an offence has been committed against her, namely the theft of her money by deceit and breach of trust. She estimates the amount of damage caused to her as significant, namely 10 000 Euro, at the rate of the Central Bank of Russia as of 18.02.2020 was 686 201 rubles. The right to file a civil action in the criminal case has been explained to her. She wishes to exercise this right and file a lawsuit. She has been explained the right to familiarise herself with the composition of the investigation teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the protocols of interrogation of experts, as well as to familiarise herself with the materials of the criminal case in full or in part. according to which, in 2014 from her friend Kvitko Elizaveta Petrovna, born on 22.10.1994 (or 1993), who previously worked as a manager in the group of companies "QBF", she learnt about the activities of the group of companies "QBF". E.P. Kvitko told her about the possibility of earning money by investing in the "QBF" group of companies. She trusted E.P. Kvitko because she was her friend. E.P. Kvitko worked in "QBF" group of companies for about 2 months. In July 2014, she went to the office of the "QBF" group of companies at the address: 68, Maloohhtinsky Ave., St. Petersburg, Business Centre "Plaza", the manager of the "QBF" group of companies, Dmitry Moskalyuk, worked with her and prepared all the documents necessary for signing the contract. She concluded a contract with some organisation from the group of companies "QBF", which one she does not remember. As part of the contract, while in the office of the QBF group of companies at 68 Maloohhtinsky Prospekt, 68, Plaza Business Centre, St. Petersburg, she deposited her cash in the amount of approximately 800,000 roubles in the cash desk. In October 2014, she filed an

application to withdraw her funds from the QBF Group. At the end of December 2014, she received her cash in full. At the beginning of 2019, she entered into an agreement with the "QBF" group of companies, under which she deposited her cash in the amount of 350,000 roubles in the cash desk of this group of companies. On 28.02.2020, being in the office of "QBF" at 11 Degtyarny Lane, Lit. B, 6th floor, office 601, St. Petersburg, under the supervision of Efremtsev A., she signed the following documents: trust management agreement No. D738025 - B with "White Lake Management Ltd", service agreement No. 738025 - B with limited liability company "VLM", service agreement with LLC "VL Consulting". She did not read these documents because she did not assume that she could be deceived. A. Efremtsev explained to her that there were certain risks of losing the invested money, which could be up to 30% of the invested amount. She trusted A. Efremtsev and deposited her money in the group of companies "QBF". On 28.02.2020, she went to the office of "QBF" at the address: St. Petersburg, 11, Degtyarny per. Degtyarny, 11, lit. B, 6th floor, office 601, under the escort of the manager of the group of companies "QBF" Efremtsev Artyom, she carried to the cash desk of the group of companies "QBF" her money in the amount of 13 700 Euros, which at the rate of the Central Bank of Russia as of 28.02.2020 was 981 547,46 rubles and 14 300 US dollars, which at the rate of the Central Bank of Russia as of 28.02.2020 was 938 218,71 rubles. Who was the cashier, she does not remember. In March 2021, she applied to the "QBF" group of companies with an application for the return of her money. She applied to Efremtsev A., but he told her that he had resigned from the group of companies "QBF", but at the same time he said that he would deal with the issue of returning her money, as she was his client. Efremtsev A. told her that it would take up to 3 months to return the money and gave her a list of documents to be submitted to the "QBF" group of companies to return the money. She submitted all the necessary documents to Efremtsev A., but the money was not returned to her. In May 2021, Efremtsev A. told her that a criminal case had been opened against the QBF Group of Companies. Efremtsev A. told her to contact Moskaluk D., who in turn told her that by the end of September 2021 there would be some kind of restructuring and she would receive the money after selling the portfolio of shares allegedly bought with her money. At the end of September 2021 the money was not returned to her, Moskalyuk D. constantly drags out the time, does not say anything concrete about the return of funds. After that, she realised that she had been misled and deceived, and the money she had paid into the cash desk of the QBF group of companies had been stolen. Till now her money deposited to the address of the group of companies "QBF" in the amount of 13 700 Euro and 14 300 US dollars, i.e. 1 919 766,17 roubles has not been returned to her. She believes that an offence has been committed against her, namely the theft of her money by deceit and abuse of trust. She estimates the amount of damage caused to her as significant, namely 13,700 Euros and 14,300 US dollars, which at the exchange rate of the Central Bank of the Russian Federation at the time of depositing the money amounted to 1,919,766.17 roubles. To date, she has not been returned her money deposited in the address of the group of companies "QBF" in the amount of 13 700 Euros and 14 300 US dollars, which at the exchange rate of the Central Bank of Russia at the time of deposit of funds amounted to 1 919 766,17 rubles. - Testimony of I.A. Podgornaya, given to her as a witness and victim

, according to which, in March 2020 in the Internet she found an announcement about the group of companies "QBF", which spoke about the possibility of additional income by investing money in IPO - initial public offering of securities on the stock exchange. After making enquiries on the Internet, namely on the website of the QBF group of companies, as well as in other sources, she decided to contact the head office for counselling. She called the general phone number of the group of companies "QBF", she was answered by a secretary, whose data she does not remember. She left her contacts with the secretary. After that she was contacted by the manager of the group of companies "QBF" Artyom Efremtsov (tel.: 8 - 921 - 858 - 16 - 23), who immediately began to mislead her about the alleged financial products of the group of companies "QBF", about the system of participation in the IPO allegedly increased allocation. By his stories Efremtsov A. convinced her that the group of companies "QBF" has a long and successful experience of work in Russia and abroad, has direct access to IPO, all necessary licences are available. A. Efremtsov convinced her that the reliability of working with QBF Group was guaranteed by the legislation of the Russian Federation. Efremtsov A. told her that his manager was Dmitry Vladimirovich Moskalyuka, who is the vice - president of "QBF" companies. Trusting Efremtsov A. she agreed to contribute her money to the group of companies "QBF". She provided Efremtsov A. with her e - mail address: lrenpodg@yandex.ru, to which she received documents for signing the agreement and participation in investment projects. On 21 April 2020, being in the office of the "QBF" group of companies at the address: St. Petersburg, Degtyarny pereulok, ul. 11, lit. B, she signed a contract with the above legal entity. She cannot give the number of the contract, because this contract was taken away from her by Efremtsov A., when she renegotiated the contract with another legal entity, according to Efremtsov A., a subsidiary of QBF LLC. On 21 April 2020, being in the office of LLC IC QBF at the address: St. Petersburg, Degtyarny pereulok, d. 11, Lit. B she handed over to Efremtsov A. her cash in the amount of 3,900,000 roubles and 38,500 Euros, which at the exchange rate of the Central Bank of Russia as of 21.04.2020 amounted to 3,122,423.15 roubles. In order to give the appearance of real investment of funds, A. Efremtsov gave her two so - called "documents" with the title "CONFIRMATION RECEIPT", which indicated the amount of the deposited funds. Thereafter, monthly reports from the e - mail address reports@wl - mnt.com. were sent to her aforementioned e - mail account, containing information about the alleged presence of her funds in the QBF account. She believed that her funds were invested. In June 2020, Efremtsov A. told her that she needed to renegotiate the contract with QBF IK LLC for other QBF subsidiaries. She travelled to the aforementioned office of QBF IK LLC, where she signed agreements with the affiliated companies, namely: Trust Management Agreement No. D - 110500 - D dated 21.04.2020; on behalf of non - resident "WLM" ("WLM") Service Agreement No. D - 110500 - D dated 21.04.2020; on behalf of WL Consulting LLC entered into a Service Agreement (standard form of affiliation agreement) with her dated 21.04.2020. In August 2020 she decided to terminate all contracts with the group of companies "QBF" and take her money, for which purpose she came to the above mentioned office of LLC IC "QBF". There she was met by Efremtsov A., who persuaded her in every possible way not to terminate the contracts, motivated by the fact that the value of her investment portfolio at that time was lower than the purchase price, and when selling it she would partially lose her money. Despite his persuasions, she wrote an application for cancellation of the contracts. According to the terms of the contracts, her money was to be returned to her within 3 months from the date of the application. After 3 months the money was not returned to her, so she called "QBF", she was answered by Moskalyuk D.V. who said that Efremtsov A. was fired from their company and he (Moskalyuk D.V.) would work with her. D.V. Moskalyuk, as well as A. Efremtsev, began to deceive and mislead her in every possible way regarding the return of her money. D.V. Moskalyuk said that his application for cancellation of contracts and withdrawal from participation in the activities of "QBF" was allegedly lost and she had to write this application again. She once again

wrote an application for cancellation of contracts with "QBF" companies. After another 3 months the money was not returned to her. At that moment she realised that she had become a victim of fraudsters. Throughout the whole time Moskalyuk D.V. was inventing various reasons not to return her money, constantly stalling time, misleading her. During that period of time, she saw information in the media that criminal cases had been opened and investigations were being conducted against employees and managers of the QBF group of companies. This confirmed his thoughts that she was a victim of fraud. To date, her money deposited to the "QBF" group of companies in the amount of 43,000 US dollars, which at the exchange rate of the Central Bank of Russia on the dates of depositing the money on 20.03.2018 and 24.03.2018 amounted to 2,464,507.60 rubles, has not been returned to her. She believes that the persons acting on behalf of the "QBF" group of companies initially did not intend to fulfil their obligations to her and acted solely for the purpose of stealing her money by deceiving her. On 21.04.2020 the persons acting on behalf of "QBF" group of companies stole her money in the total amount of 7 022 423,15 rubles. She considers the amount of damage caused to her as significant. She has been explained the right to file a civil action in the criminal case. She wishes to exercise this right and file a lawsuit. She has been explained the right to familiarise herself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of interrogations of experts, and also to familiarise herself with the materials of the criminal case in full or in part. She does not wish to exercise this right. He did not apply to the court with applications for the recovery of funds from the "QBF";

- The testimony of Kovin A.P., given by him as a witness and victim,

according to which, in April 2019, he found information about the group of companies "QBF" in the Internet. He was interested in the published materials in the part concerning participation in IPO. IPO is a primary market with subsequent circulation of securities on the stock exchange. Having made enquiries in the network - Internet, namely on a site of group of companies "QBF", and also in other sources he has decided to call to the main office for consultation. He called the general telephone number and left his contacts there. Later he was contacted by a manager of the QBF Group of Companies named Zarina Salimova (tel. 8 - 953 - 148 - 18 - 59), who presented him the financial products of the QBF Group of Companies and the system of participation in the IPO. Earlier Salimova Zarina was familiar to him from her work in the bank PJSC "VTB Bank", where she was his manager and with her he had good trusting relations. In the course of telephone conversations Salimova Zarina very colourfully and convincingly told him about investment products available in the organisation "QBF", ways of investment, mechanisms of profit formation, the order of reporting and informing the client, as well as in general about the structure of the organisation. He was informed that the funds would be invested in investment platforms of foreign countries. Everything was presented in a colourful way, devoid of flaws, and he was promised a high yield (not less than 10% per annum). As a result of the above meeting, as well as relying on the entreaties and stories of Salimova Zarina during a telephone conversation, he informed her that he was ready to invest in the group of companies "QBF". They agreed to meet at the main office of the company. On 28 May 2019 at about 14:00 he arrived at the office of the company "QBF" at the address: St. Petersburg, Degtyarny per. 11 (BC "Nevskaya Ratusha"). Upon arrival he was met by Salimova Zarina and escorted to the meeting room, she already had signed copies of documents with LLC "VL Consulting"

represented by Maricheva O.V. Service agreement (standard form of accession agreement) dated 28.05.2019, "White Lake Management Ltd." represented by Korshunov D.A. service agreement № 192630 - E dated 28.05.2019 and trust management agreement № D - 192630 - E dated 28.05.2019. Also, Salimova Zarina provided him with the following documents for signature: authorisation notice dated 28.05.2019 (Annex No. 3 to Service Agreement No. 192630 - 09 dated 28.05.2019), risk notice (Annex No. 5 to Service Agreement No. 192630 - 09 dated 28.05.2019), consent to the processing, use and dissemination of personal data (Annex No. 6 to the service contract No. 192630 - 09 dated 28.05.2019), statement of adherence to the service contract (Annex No. 7 to the service contract No. 192630 - 09 dated 28.05.2019). Neither Maricheva O.V. nor Korshunov D.A. are personally known to him, he has never communicated with them, he has never seen them. Having signed the above documents, Salimova Zarina led him to the neighbouring cashier's office, where he handed over cash to the cashier (no name) in the amount of 300,000 Euros. Having counted the amount of money he had given her, the cashier gave him a "confirmation receipt" for the said amount, which bore the signature of a person unknown to him and the imprint of the "WLM" stamp. After he had invested in the QBF Group, he received reports to his e - mail address kovin@mail.ru, which were sent until the end of 2021. These reports reflected the status of his investment portfolio. Periodically, he received calls from Salimova Zarina, who offered him to invest additional funds, as well as to think about purchasing additional financial products of the group of companies "QBF". The cashier gave him two "confirmation receipts" for these amounts, bearing the signature of a person unknown to him and the stamp of "WLM". After depositing the funds, Salimova Zarina provided him with an investment declaration (additional agreement to the service agreement No. 192630 - 09 dated 28.05.2019). In total, during the whole period of co - operation with QBIF LLC he signed 3 agreements for the purchase of structured products (participation in IPOs). After he invested in the group of companies of IC QBF LLC, he started receiving reports to his e - mail address in the format of an "Excel - table", which reflected the list of transactions he had made, the state of his investment portfolio and the balance of funds. He also checked the values in the reports against the quotes on the stock exchange, so he had no doubts about the safety of his funds. At the end of May 2021, he learnt from the mass media and official publications of the Ministry of Internal Affairs of Russia that criminal proceedings had been initiated and key employees of QBF Group had been arrested for fraud. In this connection, on 20.05.2020, in order to preserve the funds belonging to him 1 400 000 (one million four hundred thousand) rubles, through official communication channels (e - mail orders@qbfin.ru), he sent to LLC "IK QBF" a client's order for withdrawal (recall) of funds in the amount of free balance. according to which, in 2017, he learnt from the Internet about the possibility of earning money by investing in financial products of the group of companies "QBF". He was interested in this information, so he called the phone number indicated on the Internet site of the group of companies "QBF". During the conversation, the manager of the group of companies "QBF", whose data he does not remember at present, misled him about allegedly high earnings from investments in the group of companies "QBF", and for obtaining additional information invited him to come to the office of the group of companies "QBF", 64B, where he was met by the above - mentioned manager of the group of companies "QBF", who continued to persuade and persuade him in every possible way to deposit money, to mislead him about the legality of their activities, about the possibility of high earnings from investments and so on. He believed the words of this manager of "QBF" group of companies and trusted him. 11.11.2017 being in the office of the group of companies "QBF" at the address: St. Petersburg, Malohtinsky Ave, 64B with the purpose, as he believed at that time, of investing money in securities, he concluded the Agreement on rendering services of direct access to international stock markets No. 4170 - 17/ISR dated 11.11.2017 with "QCCI LTD" ("QCCI LTD"), and also entered into a "Trustee Services Agreement" with "QBIF" LLC pursuant to the Direct Access to International Stock Markets Services Agreement No. 4170 - 17/ISR dated 11.11.2017. Having trusted the manager of the group of companies "QBF" and being in a state of delusion on 11.11.2017 being in the office of the group of companies "QBF" at the address: St. Petersburg, Malohtinsky prospect, 64B, in the presence of the manager of the group of companies "QBF", he deposited his own funds in the amount of 593 000 rubles in the cash desk of the group of companies "QBF". The cashier of the group of companies "QBF" whose data he does not know took the money from him. In order to mislead him and give the appearance of legitimate activity, the cashier of the group of companies "QBF" gave him a receipt to the receipt order No. b/n dated 11.11.2017 in the amount of 593,000 rubles. About one month after that he received a call from the manager of the group of companies "QBF" Efremtsev Artem, who informed him that he was assigned to him (Mudrogin A.V.) and was his personal financial adviser from the group of companies "QBF". Around February 2020, he wanted to check the mechanism of withdrawal of funds from the group of companies "QBF", for which he applied for withdrawal of 40,000 rubles. Approximately one month later, in March 2020, Efremtsev A. invited him to his office to give him the funds. In March 2020, the exact date he does not remember, in the office of the "QBF" group of companies at the address: St. Petersburg, Degtyarny per. 11 lit. B, room 1 - H, Efremtsev A. gave him 40,000 rubles in hand to convince him of the legality and profitability of investing, thereby further misleading him. On 25.06.2020, being in a state of delusion, in the office of the group of companies "QBF" at the address: St. Petersburg, Degtyarny per. 11 lit. B, room 1 - N, in the presence of Efremtsev A., he deposited his own money in the amount of 350 000 rubles

in the cash desk of the group of companies "QBF". The cashier of the "QBF" group of companies whose data he does not know took the money from him. In order to mislead him and to make what was happening look like a legal activity, the cashier of the group of companies "QBF" gave him a receipt to the receipt order No. b/n dated 25.06.2020 in the amount of 350 000 rubles. In January 2021, he received a call from the manager of the group of companies "QBF" Tetyuev Sergey, who informed him that he was his new financial advisor from the group of companies "QBF". Tetyuev S. also misled him about the activities of the group of companies "QBF", about his investments, that everything was in order with his money and that his invested money was yielding a return. In May 2021, he saw information in the media that criminal cases had been opened and investigations were underway against employees and managers of the QBF Group of Companies. He immediately contacted Tetyuev S. about what was going on, to which Tetyuev S. began to deceive him that the criminal case was initiated against some other company "QBF". At the end of May 2021, he approached Tetyuev S. about a full refund of his money, to which Tetyuev S. demanded that he provide a large number of documents allegedly necessary for the refund. He collected these documents for about one month, after which he provided them to Tetyuev S., but the money was not returned to him. At that moment he realised that he had become a victim of fraudsters and had simply been deceived in order to steal his money. To date, he has not been returned his money deposited in the cash desk of the QBF group of companies, as he naively believed at the time for investment, in the amount of 903,000 roubles. He believes that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. In the period from 11.11.2017 to 25.06.2020, the persons acting on behalf of the "QBF" group of companies stole money belonging to him in the total amount of 903,000 rubles. He considers the amount of damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise that right and file a lawsuit. He has been given the right to familiarise himself with the composition of the investigative teams, with the decisions to order forensic examinations, with the conclusions of experts, with the transcripts of expert interrogations and with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

- A.V. Rucheev's testimony as a witness and victim,

according to which, since 2019 he has contractual relations with Freedom Finance. He has a brokerage services agreement with this company, according to which "Freedom Finance" carries out operations with securities within the framework of existing contractual relations. In 2020, the employees of the organisation where he worked received a call from a representative of the investment company "QBF" (QBF Investment Company LLC) and offered similar services from their organisation, but on more favourable terms. He explains that this company is widely known among persons engaged in investment activities, everyone calls this company "QBF" both among themselves and in various chat rooms. He considered this option, but in order to decide whether to start a relationship with this company, his condition was to meet with its direct manager. In May 2020, in agreement with the company's employees, he came to the office of QBO Investment Company QBF, located at the address: Moscow, Presnenskaya Naberezhnaya, 9th floor, Moscow City complex. An employee of QQB Investment Company LLC named Stella (Ermolenko Stella Rochelevna, phone number 8 - 987 - 835 - 44 - 44) organised his entry to the company's office. Stella escorted him to the office to the head of the organisation, who turned out to be Roman Valeryevich Shpakov (the

phone number he used to communicate with him was 8 - 905 - 735 - 55 - 88). Shpakov introduced himself as the head and principal owner of QBF. During the conversation, Shpakov explained that QBF IK LLC was engaged in absolutely legal "white" activities. Shpakov presented him the company's financial products and explained that QBIF LLC provides, among other things, brokerage services. The company has two main options for working with securities on the stock markets, namely: one option - conclusion of trust management agreements, and the second option - concerning participation in IPO, signing an accession agreement, according to which the client himself can choose which agreements to conclude and which securities to purchase. He had a large amount of money that he wanted to invest in securities. The first option with signing a trust management agreement was not suitable for him, as in this option the broker decides which securities to purchase, and they are not placed at the client's disposal, but are included in the general pool on the brokerage account of the company. Under the second option, the purchase of securities is controlled by the client, at the client's request, and the purchased securities are credited to a personalised account in a depository, and they must be registered in the client's name, according to the law. Explains more: IPO (Initial Public Offering) or Initial Public Offering is the first public sale of shares of a company (joint stock company) to an unlimited number of persons through the stock exchange. There is a public calendar of these offerings, approximately one year in advance, and, according to this calendar, it is possible to choose securities of interest. Within the framework of the agreement concluded between the Client and the Broker, the Client can send a request to buy shares of a certain company. The Broker, in its turn, sends the order to the underwriter, who conducts the placement of this company, and on the day of trading the Client is notified by what percentage the order is executed, i.e. the Client becomes the owner of the shares a few hours before the public offering. Further, the Broker's duty is to transfer these purchased securities to the Client's brokerage account, whereby the securities are transferred from the Broker's own brokerage account held with the Depository to the Client's personalised account opened with the same Depository on the basis of internal payment documents drawn up by the Broker. Upon transfer, the Depository shall register the securities in the Client's name. R.V. Shpakov assured him that the activities of the company LLC IC QBF are legal, the company has the necessary licences of the Central Bank of the Russian Federation, namely, the licence of a professional participant of the securities market for securities management activities No. 045 - 12828 - 001000 dated 24.12.2009 and brokerage services activities on the basis of the licence of a professional participant of the securities market for brokerage activities No. 045 - 12805 - 100000 dated 24.12.2009. During their (A.V. Rucheev and R.V. Shpakov) communication, he (R.V. Shpakov) emphasised that the company's work in accordance with Russian law and the existence of licences from the Central Bank of the Russian Federation guaranteed absolute reliability. Shpakov also explained to him that the company has a direct access to IPO, has been working on the Russian and foreign market for a long time, and the conditions of work with LLC "IC QBF" for clients are more favourable than with "Freedom Finance", namely less commission for the client, as well as increased allocation, compared to "Freedom Finance" at that time. Allocation is, simply put, the percentage of fulfilment of a bid to purchase securities at their initial offering. Demand in such cases always exceeds supply, so the bids to purchase securities at their initial offering are not fully satisfied. While talking to Shpakov, he asked him a number of questions concerning the company's work: he was interested in the number of clients, which directly indicates the company's reliability and credibility, as well as other aspects of the company's business. Shpakov and QBF staff showed him their information base on the computer, according to which the number of clients exceeded 1,000; he was introduced to the company's financial analysts. In general, after talking to Shpakov and visiting the office of QBIF LLC, he got the impression that QBIF LLC was a truly legitimate and reliable company. After visiting the company's office, he checked the information provided by Shpakov, namely the existence of licences of QBIF LLC issued by the Central Bank of Russia: it turned out that the information was true and the company actually had the above licences. In addition, Shpakov explained during the interview that QBIF LLC was working with the National Settlement Depository. He checked this information as well, and it also turned out to be true. The said depository confirmed the existence of contractual relations with the company. Besides, he studied all the news background about the company QBIF LLC in the public sources of information available to him, and it seemed very favourable: favourable conditions for clients, large number of clients, impressive office, absence of negative feedback from clients. Taking into account all of the above, he decided to conclude an agreement with QBIF LLC. About a week and a half after he met Shpakov and visited the office of QBIF LLC, he decided to sign an agreement with QBIF LLC to carry out brokerage activities. He called Roman Shpakov and informed him of his intention to start co - operation. An employee of his organisation

contacted Stella Ermolenko, a representative of QBIF LLC, regarding technical issues of concluding contracts; she was appointed as his personal financial consultant. The employees of IC QBIF LLC sent to the specially created e - mail Sambazis@mail.ru the contract - Agreement on rendering brokerage services (contract of adhesion) of Limited Liability Company Investment Company QBIF LLC dated 15.05.2020, Regulations on rendering brokerage services of IC QBIF LLC (general, similar to the one posted on the website of the organisation), as well as other documents. On 20.05.2020 he, being in the office of JSC GC Osnova at the address: Moscow, 132 Bolshaya Semyonovskaya str. 7, signed the following documents: - Application on joining for individuals dated 20.05.2020 (accession to the Agreement on rendering brokerage services of IC QBF LLC with all Appendices thereto); - An application form of a registered individual; - Application for complex service. On the same day, 20.05.2020, an employee of JSC GC Osnova took the above documents signed by him to the office of IC QB&EF LLC, after which he returned with one copy of the Application for Adhesion with an official mark of the employee of IC QB&EF LLC Koloskov A.S. on acceptance of the Application, which indicated the number FB - 502 of 20.05.2020 assigned to the Agreement. As part of the execution of the said Agreement, he made 4 transfers of funds from account No. 40818810538048350189, opened in his name in the branch of PJSC "Sberbank" at the address: Moscow, Romanov pereulok, d. 4 (branch No. 9038/01872), to the account No. 40701810700003010998 of LLC IC QBF (INN 7733673955), beneficiary bank: NSD, Moscow: 1) on 02.06.2020 in the amount of 100,000,000 (one hundred million) roubles; 2) on 08.06.2020 in the amount of 50,000,000 (fifty million) roubles; 3) on 16.06.2020 in the amount of 25,000,000 (twenty - five million) roubles; 4) on 29.06.2020 in the amount of 20,000,000 (twenty million) roubles. In total, he transferred 195,000,000 (one hundred and ninety - five million) roubles to the account of IK QBF LLC under the concluded agreement on provision of brokerage services. This amount includes the Security Payment. Thereafter, within the framework of the instructions given by him, LLC IC QBF carried out the purchase of securities (ostensibly carried out; as he later learnt, no securities were registered in his name and therefore not purchased). The e - mail Sambazis@mail.ru received monthly reports from QBIF Ltd. on transactions and account status (Report on the status of the client's accounts for securities transactions and transactions related to them, as well as for futures transactions and operations). Approximately once a quarter, he would call Shpakov and drive to the office of QBIF LLC to make sure that the company was stable. Shpakov assured him that there was nothing to worry about, everything in the company was going well according to plan. He trusted his words, as well as the reports sent to him. However, then came the information that everything was not going smoothly in QBIF Ltd. He called Roman Shpakov and asked him questions about the company's activities, to which Shpakov assured him that everything was fine and that the rumours about problems at QBIF LLC and possible revocation of the licence were only rumours. Despite Shpakov's assurances, he prepared and sent two applications for withdrawal of funds, namely: 06.06.2021 - client's order for withdrawal of 55,000,000 rubles, and 02 .07. 2021 - client's order for withdrawal of 50,000,000 rubles. According to the reports of IC QBF LLC, the total amount of RUB 105,000,000 was in the form of free cash; the rest of the invested money was placed in securities, the procedure for receiving cash from these securities provides for their sale, which was not planned by the client at that time. According to the law, the application should be executed by the Broker within two weeks, but the applications were not executed, no money was transferred to him for withdrawal according to these applications. Then he called Shpakov and during the telephone conversation asked him to transfer his securities from his brokerage account in the National Settlement Depository to his brokerage account in Sberbank PJSC. Shpakov replied that there were no securities on his brokerage account in the depository, as the scheme of activity of LLC IC QBF was such that the company itself did not purchase securities and did not place them on clients' brokerage accounts, but transferred the funds sent by the client to LLC IC QBF within the framework of concluded contracts to the account of a non - resident of the Russian Federation. Shpakov did not explain to him the name of the company or its location. He (Shpakov) assured him (Rucheev) that he would return all the money to him and he could not worry about anything. This "scheme of activity" voiced by Shpakov does not comply with Russian law and is therefore criminal. If he had known earlier about this "scheme of operation" of QBIF LLC, he would never have placed his funds through this company. After talking to Shpakov, he checked his words: indeed, there were no securities on his account at the National Settlement Depository, nor on the account of QBIF LLC. On the basis of this information it turns out that the reports sent to him by IC QBF LLC about the state of his account and information about the placement of securities were falsified, and the money that he sent to IC QBF LLC to carry out brokerage activities under the concluded agreement was stolen by Roman Valeryevich Shpakov and employees of IC QBF LLC, i.e. fraudulent actions were committed

against him. After that he repeatedly called Shpakov R.V. about the return of the money belonging to him. Roman explained to him that he had no assets left on the territory of the Russian Federation, but that he had assets abroad and that he would find an opportunity to settle accounts with him at the expense of the funds abroad. Thus, he transferred funds totalling RUB 195,000,000 to LLC IK QBF. On 19.03.2021 he submitted an order to withdraw (withdraw) funds in the amount of 25,000,000 (twenty - five million) roubles. In pursuance of this order, on 23.03.2021, LLC IK QBF transferred funds in the amount of 25,000,000 (twenty - five million) rubles to his account No. 40818810538048350189 opened with PJSC Sberbank. According to the latest official report on the status of its accounts provided by IC QBF LLC, as of 12.07.2021, the market value of its portfolio (includes unallocated cash as well as purchased securities) is 268,546,723.67 rubles;

- Testimony of I.V. Donskoy, given by him as a witness and victim,

according to which, in early 2020, he learnt about the company "QBF" from his acquaintance Boris Anatolievich Egudkin. He (B.A. Yegudkin) told about his personal positive experience of investing available funds in the company to carry out financial transactions on the international market. He (I.V. Donskoy) was interested in this information and after some time, on the recommendation of B.A. Yegudkin, he was contacted by the representative of the company Alexander Moroz. He invited him to the office of the company "QBF", located at the address: Degtyarny per. 11 lit. B, pom.1 - H, BC "Nevskaya Ratusha". On 08.07.2020 their (Moroz and Donskoy I.V.) first meeting took place. In the office of the company he was shown colourful presentations and was promised to receive high returns by investing available funds, both in rubles and in currency in the company "QBF" for financial operations on the international market. He was immediately warned that rubles would be converted into currency, as the company operates on foreign markets. He was interested in the offer. Having previously studied information about QBF in open sources of the Internet, he found many positive reviews and found the company attractive enough to try to work with it. Availability of licences of the Central Bank of the Russian Federation was one of the most important moments that determined the reliability of the company. On 08.07.2020, under the pretext of investing his funds in securities with high yield on behalf of a non - resident "White Lake Management Ltd" ("White Lake Management Ltd"), he entered into Trust Management Agreement No. D - 101936 - G dated 08.07.2020, as well as Service Agreement 101936 - 09 dated 08.07.2020 on behalf of LLC "VL Consulting". After the conclusion of the contract, Alexander Moroz became his financial advisor. At the same time, he handed over funds in the amount of USD 20,000, which at the exchange rate of the Central Bank of Russia as of 08.07.2020 amounted to RUB 1,443,438 at the QBF office. The funds were handed over in cash in the presence of Moroz A. to the cashier of the group of companies, about which a receipt order was received. On 09.07.2021 he (Donskoy I.V.) notified Alexander Moroz of his desire to terminate the contract and take back the funds he had invested. Alexander replied that at that time withdrawal of funds was a very bad decision due to the decline in the market value of shares, that at that time, he would lose a lot of money when selling off his portfolio of assets. He (Moroz A.) suggested to wait two months until more favourable conditions. His speech sounded convincing and he agreed to the proposal. After some time, the unexpected happened, Moroz A. blocked his phone number for unknown reasons and stopped answering his calls. He would like to note that starting from July 2020, his personal email started

to receive reports on transactions on the purchase of securities on his account. He cannot confirm or deny the accuracy of these reports. In August 2021, he contacted Dmitry Vladimirovich Moskaluk, who had previously been Oleksandr Moroz's superior. He explained to him the current situation and expressed his dissatisfaction regarding his (Donskoy I.V.) strange communication with Moroz A. Then Moskalyuk D. explained that there were problems with the withdrawal of funds and the return would be made by purchasing bonds with promissory notes. He promised to give him more detailed information later, approximately by the end of September 2021. After this conversation Moskalyuk D. as well as Moroz A. stopped answering his calls. Later, he learnt from the media that the management of the company "QBF" was accused of major fraud and creating a pyramid scheme. Taking into account the fact that the deadline for returning his money expired, there was no doubt that he had become a victim of fraudsters. To date, his money deposited with the QBF group of companies in the amount of 1,443,438 roubles has not been returned to him. He considers that the persons acting on behalf of the group of companies "QBF" initially did not intend to fulfil their obligations to him and acted solely for the purpose of stealing his money by deceiving him. On 08.07.2020 the persons acting on behalf of the "QBF" group of companies stole the money belonging to him in the total amount of 1 443 438 rubles. He considers the amount of damage caused to him as significant. He has been explained the right to file a civil action in the criminal case. He wishes to exercise this right and file a lawsuit. He has been explained the right to familiarise himself with the composition of the investigative teams, with the decisions on the appointment of forensic examinations, with the conclusions of experts, with the records of expert interrogations, and also to familiarise himself with the materials of the criminal case in full or in part. He does not wish to exercise this right. He did not apply to the court with applications for recovery of money from the "QBF" group of companies;

according to which, in April 2020, he found in the Internet information about the group of companies "QBF". The new and attractive product offered by the representatives of the group of companies QBF was "Participation in IRO". He was interested in the published materials, as far as participation in IPO was concerned. IPO is the entry of private companies to the stock exchange by initial public offering (sale) of their securities. Having made enquiries on the Internet, namely through a telegram channel, he received the contact details of the financial adviser Alexey Murashev (tel. 8 - 903 - 100 - 36 - 31). After some time, approximately in May 2020, he called the financial advisor of QBF group of companies Alexey Murashev, with whom he had a conversation of introductory advertising character, during which Alexey Murashev assured him that the company "QBF" has a long and successful experience of work in Russia and abroad, has a direct access to IPO, all necessary licences are available, the financial advisor Alexey Murashev informed him that the reliability of work with the group of companies "QBF" is guaranteed by the legislation of the Russian Federation, in view of the fact that he will cooperate directly with the Russian Federation. Moreover, in open sources of the Internet he saw information that LLC "IK QBF" has 4 licences of the Central Bank of Russia, namely: the licence for brokerage activities № 045 - 12805 - 100000 dated 24.12.2009, licence for dealer activity No. 045 - 12816010000 dated 24.12.2009, licence for securities management No. 045 - 12828 - 001000 dated 24.12.2009 and licence for depository activity No. 045 - 14078 - 000100 dated 08.08.2019. On 08.06.2020 he decided to agree to Alexey's proposal

and sent him his e - mail address: ln20mn - @mail.ru, as well as copies of his documents. After he agreed to participate in the cooperation, on 08.06.2020, being in contact with the financial advisor, he signed a brokerage services agreement (accession agreement) with IK QBEEF LLC, an application for individuals to the Brokerage Services Agreement No. FB - 547 dated 08.06.2020 and to the Depository Agreement b/n, a notice of opening a client account and other documents. On the same day, he sent the documents via courier delivery service to the address of the office of QBF Group of Companies located at: Moscow, Presnenskaya Naberezhnaya, 8, p. 1, for the purpose of entering into futures transactions. 1, for the purpose of entering into fixed - term transactions for the purchase of financial products (option contracts). After that, between 17.06.2020 and 08.07.2020, he transferred funds from his current account No. 40817810306180024189 opened with JSC Alfa - Bank, located at the address: Moscow, Bagrationovsky proezd, ul. 3, to IC QBF LLC's settlement account No. 40701810700003010998 opened with NSD, located at 12 Spartakovskaya Street, Moscow, under Brokerage Services Agreement No. FB - 547 dated 08.06.2020, namely: 17.06.2020 in the amount of RUB 2,800,000; 08.07.2020 in the amount of RUB 3,400,000, totalling RUB 6,200,000. After he (Nosenko M.N.) transferred the funds, he sent the payment order to Alexei on "WhatsApp", about two days later, he (Alexei) confirmed that the funds had been received. Later, after the funds were deposited to the account of IK QBF LLC, he (Nosenko M.N.) started receiving offers from Alexey Murashev's financial advisor to participate in specific IPOs. In case he agreed to participate in the IPO, Alexey Murashev sent him the client's orders prepared for his request to purchase/change/cancel the structured product purchase agreement. During the entire period of co - operation with IK QBF LLC, he signed a total of 52 agreements for the purchase of structured products (participation in IPOs). After he invested in the group of companies of IK QBF LLC, he started to receive reports to his e - mail address, which reflected the list of his transactions, the state of his investment portfolio and cash balance. He also checked the values in the reports against the quotations on the stock exchange, so he had no doubts about the safety of his funds. Around May 2021, he learnt from the mass media and official publications of the Ministry of Internal Affairs of Russia that criminal proceedings had been initiated and key employees of QBF Group had been arrested for fraud. In order to save the money belonging to him, on 06.06.2021 he sent an order for withdrawal of funds on the free balance on the brokerage account in the amount of 2 900 000 rubles and part of closing of options, also on 15.06.2021 he sent orders for closing of all available options, however, no proceeds were made to his current account, after that, on 09.07.2021 he again submitted an order for closing of all available options, however, no proceeds were made to his current account until now. The representatives of QBF Group are unable to explain the situation in substance. At present, his demand for the return of the money belonging to him has not been fulfilled. In total, he transferred to the "QBF" group of companies money in the amount of 6,200,000 roubles, which has not been returned to him in full or in part. He believes that an offence has been committed against him, namely the theft of his money by deception and breach of trust in the amount of 6,200,000 roubles. He considers the amount of damage caused to him to be significant;

, according to which, from his acquaintances he learnt about the company "QBF" (LLC "IC QBF") and attended in May 2020 the presentation of this company at the address: Moscow Presnenskaya naberezhnaya, 8, p.1, which was held by

Javad Isaev and Murashov Alexey. After the presentation, in May 2020, he researched information on the Internet regarding the group of companies of QBIF LLC. He was interested in the published materials regarding participation in the IPO. He found out that IPO is a primary market with subsequent circulation of securities on the stock exchange. Having made enquiries on the Internet, namely on the website of the group of companies LLC "IC QBF", as well as in other sources, he decided to call the head office and consult. He called the general telephone number of the company IK QBF Ltd. and left his contacts there. Later, around 09.07.2020, he was contacted by a manager of the group of companies LLC "IC QBF" named Murashov Alexey (tel. 8 - 903 - 100 - 36 - 31), who presented him the financial products of the group of companies LLC "IC QBF", the system of participation in an IPO with increased allocation, Murashov Alexey was very persuasive and persistent. Allocation is the percentage of securities from the bid that the client can count on on the day of the IPO sale. Murashov Aleksey assured him that the company has a long and successful experience of work in Russia and abroad, has direct access to IPO, all necessary licences are available, financial advisor Murashev Aleksey, informed him that the reliability of work with the group of company LLC "IC QBF" is guaranteed by the legislation of the Russian Federation, due to the fact that he will cooperate directly with Russian organisations, namely: LLC "IC "QBF" (INN 7733673955) and LLC "Q.broker" (INN 9703003668). Having studied the documents provided to him, he signed them remotely, having previously agreed to the electronic document flow. At the time of signing the documents, he was at the address: Moscow, 3 Paveletsky Proezd 3, 3, sq. 43, tentatively signed the documents at 12:00. The list of documents sent to him by Murashov Alexey to his e - mail is: Agreement on electronic document flow, questionnaire of a registered individual, application for individuals to join the Brokerage Services Agreement No. FB - 728 of 10.07.2020. The details for the transfer to QBF IK LLC were provided to him by Murashov Alexei to the e - mail address: mkmkmm@mail.ru. After he had transferred the funds, he informed Alexei Murashov via WhatsApp messenger that he had made the transfer in order to confirm it. Later, he began to receive offers from Alexey Murashev's financial advisor to participate in specific IROs. If he agreed to participate in an IPO, Alexey Murashev would send him client orders for the purchase/amendment/cancellation of the structured product purchase agreement executed in accordance with his application. He signed and sent them to the company's e - mail orders@abfin.ru. In total, during the whole period of cooperation with QBIF LLC he signed 50 agreements for the purchase of structured products (participation in IPOs). After he invested in the group of companies of QBIF LLC, he began to receive reports to his e - mail address in the format of an Excel - table, which reflected the list of transactions made by me, the state of the investment portfolio and the balance of funds. He also checked the values in the reports with the quotes on the stock exchange, so he had no doubts about the safety of his funds. At the end of May 2021, he learned from the mass media and official publications of the Russian Ministry of Internal Affairs that criminal proceedings had been initiated and key employees of the group of companies of QBIF LLC had been arrested for fraud. - A. A. Batuev's Testimony as a witness and victim,

according to which, approximately at the end of July 2020, he found information about the group of companies "QBF" in the Internet. He was interested in the published materials in the part concerning participation in IPO. He knows that IPO is a primary market with subsequent circulation of securities on the stock exchange. Having studied all the available information concerning the activity of the group of companies "QBF" in the network - Internet, namely on the site of the group of companies "QBF", and also in other sources, after that he left his contact information on the site of "QBF". Some time later he received a call from Natalia Chernysheva (8 - 921 - 858 - 16 - 58, 8 - 921 - 873 - 50 - 24), who introduced herself as the manager of the group of companies "QBF" and presented him the financial products of the group of companies "QBF", the system of participation in IPO with increased allocation, and Natalia Chernysheva was very persuasive and persistent. He learnt that allocation is the percentage of securities from the bid that a client can expect to receive on the day of the IPO sale. Natalia Chernysheva assured him that the company has a long and successful experience in Russia and abroad, has direct access to IPOs, all necessary licences are available, the financial advisor Natalia Chernysheva, informed him that the reliability of work with the group of companies "QBF" is guaranteed by the legislation of the Russian Federation, due to the fact that he will cooperate directly with Russian organisations, namely: LLC IC "QBF" (INN 7733673955) and LLC "Q.Broker" (INN 9703003668). On 03.08.2020 he decided to agree to Natalia Chernysheva's proposal, in this regard, he registered an account on the website: qbfm.ru, and also provided Natalia Chernysheva with his e - mail address: antbatuev@mail.ru. to which documents for signing and participation in the IPO were sent. After that, he remotely signed the documents sent to his e - mail by Natalia Chernysheva using an electronic signature. When signing the documents, he was at the address: Moscow, Energeticheskaya Street, 16, bldg. 1, sq. 13, tentatively signed the documents at 12 o'clock 00 minutes, namely: application for brokerage services, agreement on electronic document flow, questionnaire of a registered individual, application on joining for individuals to the Brokerage Services Agreement No. BO - F - N - 0 - 00102 dated 03.08.2020. He also wants to clarify that the details for the transfer of funds to the account of the company LLC IC QBF were provided to him by Natalia Chernysheva. After the first deposit of funds to the account of QBF LLC, he began to receive offers from Natalia Chernysheva to participate in specific

IPOs. In case he agreed to participate in the IPO, Natalia Chernysheva sent him client orders prepared for his application to purchase/change/cancel the structured product purchase agreement. He signed and sent them to the company's e - mail orders@qbfm.ru. In total, during the whole period of co - operation with QBIF LLC, he signed 50 agreements for the purchase of structured products (participation in IPOs). After he invested in the group of companies of IK QBF LLC, he started receiving reports to his e - mail address, which reflected the list of transactions he had made, the state of his investment portfolio and the balance of funds. He also checked the values in the reports with the quotations on the stock exchange, so he had no doubts about the safety of his funds. At the end of April 2021, he submitted withdrawal requests for all of his structured products and also sent an order to withdraw the free balance from the master agreement. The deadline for execution of all the orders was 08.07.2021. Till date he has not been able to withdraw the funds invested in QBF Group in full. Thus, he believes that an offence, namely fraud, has been committed against him. In addition, the company cannot provide evidence of real participation in the IPO. In total, he made a cash deposit of 5,250,000 roubles to the company QBF LLC, which was subsequently stolen from him. according to which, approximately in September 2020, on his phone number 8 - 914 - 706 - 20 - 49, which is registered in his name, called Builov Nikita Olegovich, from the number 89099356990, 89639900700, who introduced himself as a senior financial advisor of LLC IC QBF. He was not previously acquainted with this citizen, during the conversation he introduced himself as a former employee of IK Friedem Finens LLC, where he had a brokerage portfolio. Builov N.O. offered him participation in initial public offerings on the American stock market. The initial payment was about 4,000,000 roubles. During the conversation he (N.O. Builov) demonstrated high competence in the matter, in order to demonstrate the success of the work of IK QBF LLC, he (N.O. Builov) sent a summary table with the results of the proposed product to his (N.V. Drapeza) e - mail nikolav.drapeza@amail.com from the e - mail address: nikita.builov@abf.world. He was interested in the proposed results and therefore decided to conclude a contract for brokerage services in the amount of 4,000,000 roubles. The contract was signed and sent by e - mail. He did not see Builov N.O. personally. He (N.O. Builov) offered to meet him in Moscow, but he had no opportunity to meet him. The funds were to be transferred not directly to IK QBF LLC, but to the account of NSD, the national settlement depository, which has the status of a neutral depository of the Russian Federation. This added confidence in the stability of the company. On 09.10.2020, he (N.V. Drapeza) and IK QBF LLC entered into brokerage services agreement No. BO - F - 11 - 0 - 00565. He transferred funds from the settlement account No. 40817810204080000716 opened in the branch of JSC

"Alfa - Bank" at the address: 19, Admiral Fokin St., Vladivostok. Thus, on 22.10.2022 he, being most likely at the address: Vladivostok, Admiral Kuznetsova St., Vladivostok. Admiral Kuznetsova 78, sq. 132, Vladivostok, more precisely he cannot say more precisely, as a long time has passed, he transferred funds in the amount of RUB 300,000 from the above mentioned settlement account to the settlement account of NSD. Also on 23.10.2020 he, being most likely located at the address: 78, Admiral Kuznetsov Street, Vladivostok, sq. 132, he cannot say more precisely, as a long time has passed, transferred funds in the amount of RUB 300,000 from the above - mentioned current account to NSD's current account. Given that it was not possible to transfer an amount exceeding RUB 300,000 via mobile banking, he went to an Alfa Bank branch and transferred RUB 3,400,000 to NSD's account. After that, he was sent a package of documents required to participate in the product, and daily reports were sent to his e - mail, with positive dynamics. For about 6 months, at the time of crediting the funds, there were no problems with IK QBF LLC. After about 6 months, Builov N.O. started to contact rarely, moreover, the figures in the daily report stopped changing. Within two weeks N.O. Builov commented on the constancy of the figures with failures in computers and technical problems. After two weeks of communication with Builov N.O. he decided to withdraw part of the portfolio, which was available for withdrawal, he asked Builov N.O. to prepare an application for withdrawal, but during the conversation he delayed it in every possible way, motivated by technical failure, his illness and the workload of the central office, the documents were not sent to him. After that, he was offered to fill in the documents himself. The form of documents was sent to his e - mail box, he prepared it and sent it, but after a week the money in the amount of about 600,000 roubles had not been received. Builov N.O. delayed the withdrawal of funds, each time giving different reasons. Around May 2021, he saw an article published on the Forbs website, in which it was stated that searches were being conducted at IK QBF LLC in connection with the failure to return the funds. He tried to contact Builov N.O., who said that everything was fine in the company. Builov N.O. informed him that he was leaving IK QBF LLC, he was not provided with a new agent. He called the phone number listed on the website (he does not remember the phone number), where the office manager told him that he would be contacted. However, no one contacted him for about two weeks, in connection with which he wrote letters to the General Director of LLC "IC QBF" and to the e - mail of LLC "IC QBF". Also at that time he applied to the Central Bank, with a request to influence "IC QBF" LLC and return the funds, to which he was told that they had revoked the licence of "IC QBF" LLC, and also recommended to apply to the court, as they are not a party to the dispute. In June 2021, he was approached by Alexey Chentsov, who introduced himself as the head of the client department of IK QBF LLC, and offered to settle the matter by waiving his claims against IK QBF LLC and handing over the funds in the amount of RUB 5,800,000 in their accounts. He refused to do so. Knowing that OOO "IK QBF" owned real estate, he offered to return the funds to him in the form of real estate. OOO IK QBF offered to pay him 50% of the 5,800,000 roubles, and the other 50% was to be repaid with real estate. He did not agree to participate in this scheme, as he was convinced of the fraudulent actions of the management of this company. After that, he said that he would turn to law enforcement authorities, Alexey began to say that his money was frozen on the accounts of IK QBF LLC, said that he was going to resign, and then stopped contacting him. In August 2021, knowing that a criminal case was being investigated by the Investigation Department, he filed a criminal complaint, to which he enclosed copies of documents, including a copy of the brokerage services agreement No. BO - F - N - 0 - 00565. Also, his wife Drapeza Maria Igorevna, 12.08.1984, invested in LLC "IC QBF" in the amount of 4,000,000 roubles, who has now left for permanent residence in Kaliningrad, where she lives at the address: 168 Gorky St., sq. 105. In the near future, he is also going to leave for permanent residence in Kaliningrad, where he will live at the same address. He explains that he personally supervised the fulfilment of obligations under the contract, his wife learnt about all the problems from his words. The situation with the money she deposited was the same as with his. All documents confirming the transfer of funds, correspondence with the Central Bank, IK QBF LLC, and the agreement were submitted with his criminal complaint. The reports were sent from the e - mail address client@qbf.in.ni. Applications for withdrawal of funds and participation in products were sent to the e - mail address orders@qbf.in.ru. Alexey Chentsov's email address is alckscy.chencov@qbf.world. Thus, the actions of the employees of IK QBF LLC caused him material damage in the amount of 4,000,000 roubles;

In addition, he was interested in the published materials regarding participation in IPO. After some time, he received a call on his mobile phone 8 - 964 - 589 - 58 - 07 from a girl who introduced herself as Natalia Chernysheva, who explained that she was a financial advisor of the group of companies "QBF". Allocation is the percentage of securities from the bid that an investor can count on on the day of the IPO. Financial Advisor Natalia Chernysheva assured him that the company has a long and successful track record and has a direct access to the IPO. Also, Natalia Chernysheva explained that investing through them will be safe, as the company has all the necessary licences from the Central Bank of the Russian Federation to conduct such activities, also Natalia Chernysheva informed him that the reliability of work with the company "QBF" is guaranteed by the legislation of the Russian Federation, due to the fact that he will cooperate directly with Russian organisations, namely: with LLC IC "QBF" (INN 7733673955). After listening to all the arguments of the financial advisor Natalia Chernysheva, he decided to agree to participate in the IPO through the broker "QBF". In addition, she explained that he had to sign the following documents: application for joining, questionnaire of a registered individual, application for comprehensive service, notification of opening an account and other documents. After that, he provided his personal data to the financial advisor Natalia Chernysheva, namely: Full name, contact phone number, passport details, bank details, email address skormilits@Qmail.com.
